AGENDA
PLANNING AND ZONING COMMISSION WORK SESSION
City Hall, 385 South Goliad, Rockwall, Texas
Council Chambers
January 10, 2017
6:00 P.M.

CALL TO ORDER

CONSENT AGENDA

1. **Approval of Minutes** for the *December 13, 2016* Planning and Zoning Commission meeting.

2. **P2016-053** **(Korey)**
   Discuss and consider a request by Chase Finch of Corwin Engineering, Inc. on behalf of John Arnold of BH Balance I LLC for the approval of a final plat for Breezy Hill, Phase VI containing 77 single-family residential lots on 31.254-acre portion of a larger 61.528-acre tract of land identified as Tract 7 of the J. Strickland Survey, Abstract No. 187, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 74 (PD-74) for Single Family 10 (SF-10) District land uses, generally located northeast of the intersection of N. John King Boulevard and Life Springs Drive, and take any action necessary.

3. **P2016-054** **(Korey)**
   Discuss and consider a request by Chase Finch of Corwin Engineering, Inc. on behalf of John Arnold of BH 60's POD, LTD for the approval of a preliminary plat for Breezy Hill, Phase X containing 79 single-family residential lots on 19.784-acre portion of a larger 29.181-acre tract of land identified as Tract 7-05 of the J. Strickland Survey, Abstract No. 187; the J. Simmons Survey, Abstract No. 190; and the T. R. Bailey Survey, Abstract No. 30, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 74 (PD-74) for Single Family 10 (SF-10) District land uses, situated with the SH-205 By-Pass Overlay (SH-205 BY-OV) District, generally located northeast of the intersection of N. John King Boulevard and FM-552, and take any action necessary.

APPOINTMENTS

4. Appointment with Architectural Review Board representative to receive the Board's recommendations and comments for items on the agenda requiring architectural review.

PUBLIC HEARING ITEMS

5. **Z2016-033** **(Korey)**
   Hold a public hearing to discuss and consider a request by Himmat Chuhan on behalf of the owner Pastem Corporation for the approval of a Specific Use Permit (SUP) for the purpose of allowing a residence hotel in a Commercial (C) District that exceeds 36-feet in height in the Scenic Overlay (SOV) District for a 1.74-acre parcel of land identified as Lot 1, Block A, Comfort Inn & Suites Rockwall Towne Centre Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within IH-30 Overlay (IH-30 OV) and Scenic Overlay (SOV) Districts, addressed as 700 E. IH-30, and take any action necessary.

6. **Z2016-041** **(Ryan)**
   Hold a public hearing to discuss and consider a request by Tony Austin of TAC, Inc. on behalf of the owner Cameron & Cameron for the approval of a zoning change from an Agricultural (AG) and Commercial (C) District to a Planned Development District for a multi-family apartment complex on a 12.59-acre tract of land identified as Tract 8 of the B. J. T. Lewis Survey, Abstract No. 255, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) and Commercial (C) District, situated within the SH-205 Overlay (SH-205 OV) District, located on the west side of T. L. Townsend Drive south of Justin Road, and take any action necessary.

7. **Z2016-044** **(David)**
   Hold a public hearing to discuss and consider a request by Robert Miklos of Miklos Law, PLLC on behalf of Hacienda Car Wash, Inc. for the approval of a Specific Use Permit (SUP) for a carwash within the Scenic Overlay (SOV) District on a 2.008-acre tract of land being identified as Lots 1 & 2-01, Block A, the Woods at Rockwall Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the Scenic Overlay (SOV) District, located south of the intersection of W. Yellow Jacket Lane and Ridge Road [*FM-740*], and take any action necessary.

8. **Z2016-045** **(Korey)**
   Hold a public hearing to discuss and consider a request by Tom Kirkland of TEKMAK Development Company on behalf of Randall Noe of Rockwall Rental Properties, LP for the approval of a Specific Use Permit (SUP) for a Hotel, Residence in a Commercial (C) District on an approximately 3.0-acre tract of land be a portion of a larger 8.613-acre tract of land Tract 4 of the J. D. McFarland Survey, Abstract No. 145, and Lot 1, Block B, Goldencrest Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, situated north of the intersection of Greencrest Boulevard and the IH-30 Frontage Road, and take any action necessary.

9. **Z2016-046** **(David)**
   Hold a public hearing to discuss and consider a request by Sarah Williamson of Kimley-Horn and Associates on behalf of Stone Creek SF LTD & Stone Creek Balance LTD for the approval of a PD Development Plan for a grocery store on 7.46-acre identified as a portion of as a portion of a larger 164.812-acre tract of land identified as Tract 3 of the S. King Survey, Abstract No. 131, City of Rockwall, Rockwall County, Texas, being zoned Planned Development District 70 (PD-70), situated within the North SH-205 Overlay (N-SH205 OV) District, generally located at the northeast corner of the intersection of E. Quail Run Road and N. Goliad Street [N. SH-205], and take any action necessary.

ACTION ITEMS

10. **MIS2017-001** **(Ryan)**
    Discuss and consider the approval of a special request by Michael Hunter of the North Texas Community Development Corporation for a waiver to building setback requirements for the purpose of constructing a duplex on a 0.09-acre parcel of land identified as Lot 1B, Block H, Sanger Addition, City of Rockwall, Rockwall County, Texas, being zoned Multi-Family 14 (MF-14) District, situated within the Southside Residential Neighborhood Overlay (SRO) District, addressed as 504 Ross Street, and take any action necessary.

11. **SP2016-032** **(Korey)**
    Discuss and consider a request by John Wardell of Lake Pointe Church for the approval of a site plan for a worship and education building for an existing church on a 2.55-acre portion of a larger 34.46-acre parcel of land identified as Lot 1, Block A, Lake Pointe Baptist Church Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, located east of the intersection of FM-740 and the IH-30 Frontage Road, and take any action necessary.

12. **SP2016-034** **(David)**
    Discuss and consider a request by Sarah Williamson of Kimley-Horn and Associates on behalf of Stone Creek SF LTD & Stone Creek Balance LTD for the approval of a PD site plan for a grocery store on 7.46-acre identified as a portion of a larger 164.812-acre tract of land identified as Tract 3 of the S. King Survey, Abstract No. 131, City of Rockwall, Rockwall County, Texas, being zoned Planned Development District 70 (PD-70), situated within the North SH-205 Overlay (N-SH205 OV) District, generally located at the northeast corner of the intersection of E. Quail Run Road and N. Goliad Street [N. SH-205], and take any action necessary.

13. **SP2016-036** **(David)**
    Discuss and consider a request by Cameron Slown of F. C. Cuny on behalf of the owner N & H Legacy for the approval of a site plan for a multi-tenant retail building on a 2.22-acre portion of land being identified as Lots 8 & 11, Block 1, Alliance Addition, Phase 2, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 57 (PD-57) for Commercial (C) District land uses, situated at the southeast corner of the intersection of Andrews Drive and Horizon Road (FM-3097), and take any action necessary.

14. **SP2017-001** **(Korey)**
    Discuss and consider a request by Jeffery Dolian, PE of Kimley-Horn and Associates, Inc. on behalf of Eames Gilmore, Sr. of the Target Corporation for the approval of an amended site plan to change the exterior façade of an existing retail building situated on a 10.37-acre parcel of land identified as Lot 2, Block A, Steger Towne Crossing, Phase 1, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the Scenic Overlay (SOV) District, addressed as 850 Steger Towne Drive, and take any action necessary.

15. SP2017-002 (David)

Discuss and consider a request by Greg Wallis of Mershawn Architects on behalf of Kris Sharp for the approval of an amended site plan for the addition of a warehouse building on an existing facility situated on a 1.095-acre parcel of land identified as Lot 4, Block A, Sharp Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 46 (PD-46), situated within the SH-276 Overlay (SH-276 OV) District, located on the south side of Springer Road, east of the intersection of Springer Road and Corporate Crossing [FM-3549], and take any action necessary.

DISCUSSION ITEMS

16. Director's Report of post Council meeting outcomes of Planning & Zoning cases **(Ryan)**.

- ✓ MIS2016-011: Masonry Exception for 102 N. Taylor Street [*Approved*]
- ✓ Z2016-033: SUP for a Residence Hotel at 700 E. IH-30 (*1st Reading*) [*Remanded back to P&Z*]
- ✓ Z2016-038: SUP for an Accessory Building at 1950 Copper Ridge Circle (*2nd Reading*) [*Approved*]
- ✓ Z2016-039: Amendment to PD-65 (*2nd Reading*) [*Approved*]
- ✓ Z2016-040: Amendment to PD-68 (*1st Reading*) [*Approved*]

ADJOURNMENT

This facility is wheelchair accessible and accessible parking spaces are available. Request for accommodations or interpretive services must be made 48 hours prior to this meeting. Please contact the City Secretary's Office at (972) 772-6406 for further information.

I, Laura Morales, Planning & Zoning Coordinator of the City of Rockwall, Texas, do hereby certify that this Agenda was posted at City Hall, in a place readily accessible to the general public at all times, on the 6th day of January, 2017 at 5:00 p.m., and remained so posted for at least 72 continuous hours preceding the scheduled time of said meeting.

AGENDA
ARCHITECTURAL REVIEW BOARD MEETING
City Hall, 385 South Goliad, Rockwall, Texas
Council Chambers Conference Room
January 10, 2017
4:00 P.M.

ACTION ITEMS

1. **SP2016-032** **(Korey)**
   Discuss and consider a request by John Wardell of Lake Pointe Church for the approval of a site plan for a worship and education building for an existing church on a 2.55-acre portion of a larger 34.46-acre parcel of land identified as Lot 1, Block A, Lake Pointe Baptist Church Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, located east of the intersection of FM-740 and the IH-30 Frontage Road, and take any action necessary.

2. **SP2016-034** **(David)**
   Discuss and consider a request by Sarah Williamson of Kimley-Horn and Associates on behalf of Stone Creek SF LTD & Stone Creek Balance LTD for the approval of a PD site plan for a grocery store on 7.46-acre identified as a portion of a larger 164.812-acre tract of land identified as Tract 3 of the S. King Survey, Abstract No. 131, City of Rockwall, Rockwall County, Texas, being zoned Planned Development District 70 (PD-70), situated within the North SH-205 Overlay (N-SH205 OV) District, generally located at the northeast corner of the intersection of E. Quail Run Road and N. Goliad Street [N. SH-205], and take any action necessary.

3. **SP2016-036** **(David)**
   Discuss and consider a request by Cameron Slown of F. C. Cuny on behalf of the owner N & H Legacy for the approval of a site plan for a multi-tenant retail building on a 2.22-acre portion of land being identified as Lots 8 & 11, Block 1, Alliance Addition, Phase 2, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 57 (PD-57) for Commercial (C) District land uses, situated at the southeast corner of the intersection of Andrews Drive and Horizon Road (FM-3097), and take any action necessary.

MINUTES

PLANNING AND ZONING COMMISSION WORK SESSION

City Hall, 385 South Goliad, Rockwall, Texas
Council Chambers
December 13, 2016
6:00 P.M.

I. CALL TO ORDER

Chairman Renfro called the meeting to order at 6:00 p.m. The Commissioners present at the meeting were, Patrick Trowbridge, Tracey Logan, Annie Fishman, and Johnny Lyons. Absent were Commissioner Mark Moeller and Sandra Whitley. Staff members present were Planning Director, Ryan Miller, Senior Planner, David Gonzales, Planner, Korey Brooks, Planning Coordinator, Laura Morales, Assistant City Engineer, Amy Williams, Civil Engineer, Jeremy White and Fire Marshall, Ariana Hargrove.

II. CONSENT AGENDA

1. Approval of Minutes for the November 15, 2016 Planning and Zoning Commission meeting.

2. SP2016-025

Discuss and consider a request by Christopher Orr of Arcadia Lakes of Somerset Holdings, LLC for the approval of a site plan for Phase 1 of the Somerset Park Subdivision, containing 144 single-family residential lots on a 56.276-acre tract of land being a portion of a larger 139.354-acre tract of land identified as Tracts 1 & 7 of the A. Johnson Survey, Abstract No. 123, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 63 (PD-63) for Single Family 10 (SF-10) District land uses, situated within the SH-205 Overlay (SH-205 OV) District, located at the northeast corner of the Intersection of FM-549 and S. Goliad Street (SH-205), and take any action necessary.

3. MIS2016-012

Discuss and consider a request by John Arnold of BH Balance I LLC for the approval of a tree mitigation plan for Breezy Hill, Phase VI being 79 single-family residential lots on 32.020-acre portion of a larger 61.528-acre tract of land identified as Tract 7 of the J. Strickland Survey, Abstract No. 187, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 74 (PD-74) for Single Family 10 (SF-10) District land uses, generally located northeast of the intersection of N. John King Boulevard and Life Springs Drive, and take any action necessary.

Commissioner Fishman made a motion to approve the consent agenda. Commissioner Lyons seconded the motion, which passed by a vote of 5-0, with Commissioners Whitley and Moeller absent.

III. APPOINTMENTS

4. Appointment with Architectural Review Board representative to receive the Board's recommendations and comments for items on the agenda requiring architectural review.

Architectural Review Board representative gave brief explanation of agenda items that were discussed at the ARB meeting.

IV. PUBLIC HEARING ITEMS

5. Z2016-038

Hold a public hearing to discuss and consider a request by Michael Scott for the approval of a Specific Use Permit (SUP) to allow for an accessory building that does not meet the minimum requirements as stipulated by Article IV, Permissible Uses, of the Unified Development Code for a 1.4947-acre parcel of land identified as Lot 16, Block B, Sterling Farms Addition, City of Rockwall, Rockwall County, Texas, zoned Single Family Estate 1.5 (SFE-1.5) District, addressed as 1950 Copper Ridge Circle, and take any action necessary.

Senior Planner, David Gonzales, gave brief explanation of request stating that the applicant Michael Scott is requesting the approval of a Specific Use Permit to allow for an accessory building that does not meet the minimum requirements stipulated by the Unified Development Code. Specifically, the applicant is proposing to construct a metal building that will be 30-feet by 40-feet, or approximately 1,200 sq. ft. in area. And according to the UDC, in an SFE/1.5 District, a property can have a maximum of two accessory structures as long as each structure does not exceed 625 sq. ft. or a single accessory building no larger than 1,250 sq. ft. and 15-feet in height, or less, provided the exterior materials contains the same materials as found on the main structure. In this case the main structure is brick and the proposed accessory building will be 100% metal panel.

Mr. Gonzales added that the accessory building does conform to the size and height requirements of the UDC. The applicant has also included a letter indicating the removal of an existing accessory building located in the rear yard, this will bring the property into compliance with the UDC's requirements regarding the number of accessory structures to be located on one SFE/1.5 lot. This will be added as a condition of approval. Additionally, the accessory building will be located behind the main structure and should not be visible from the street. A request for an SUP is a discretionary decision for the Planning and Zoning Commission and the City Council.

Mr. Gonzales further stated that on November 29, 2016, staff mailed 35 notices to property owners and occupants within 500-feet of the subject property and also notified the Loveland Farms and Timber Creek Estates HOAs, which are the only HOA's/Neighborhood Organizations that are within 1,500-feet of the subject property. Additionally, staff posted a sign on the subject property as required by the UDC. Staff received one notice in favor of the request.

Chairman Renfro opened the public hearing and asked the applicant to come forward.

Michael Scott
1950 Copper Ridge Circle
Rockwall, TX

Mr. Scott came forward and stated he is requesting approval of the accessory building and did not have much more to add from what Mr. Gonzales stated.

Chairman Renfro asked for questions for the applicant from the Commission.

Commissioner Trowbridge asked if there would be a business ran out of the building. Mr. Scott stated there would not.

Chairman Renfro asked if anyone wished to speak to come forward and do so, there being no one indicating such closed the public hearing and brought the item back for discussion.

Commissioner Trowbridge made a motion to approve Z2016-038 with staff recommendations. Commissioner Fishman seconded the motion which passed by a vote of 5-0, with Commissioners Whitley and Moeller absent.

6. Z2016-039

Hold a public hearing to discuss and consider a request by Worth Williams of Moore Worth Investments, LLC on behalf of the owner Mark S. Kelldorf of Arkoma Development, LLC for the approval of an amendment to Planned Development District 65 (PD-65) being a 49.35-acre tract of land situated within the S. King Survey, Abstract No. 131 and the J. B. Jones Survey, Abstract No. 124, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 65 (PD-65), situated within the North SH-205 Overlay (N. SH-205 OV) District, located on the west side of N. Goliad Street [*N. SH-205*] and N. Lakeshore Drive, and take any action necessary.

Planning Director, Ryan Miller, provided a parcel map of subject property and gave brief explanation of request stating that the subject property is all of Planned Development 65 which is zoned for General Retail and Assisted Living Uses and was approved in 2006. At the time of approval the applicant incorporated a concept plan that laid out a development for the area, specifically it broke it up into five parcels. The original plan showed that parcels 3, 4 and 5 which were adjacent to 205 would have General Retail Commercial type uses and parcels 1A and 1B

would be a church which is closest to the neighborhood, and then an Assisted Living Facility on Parcel 3. At that time the PD allowed for a retail store with gasoline sales limited to six dispensers on Parcel 4 which is currently where the Walgreens and Urgent Care Center are located. The PD was amended in 2008 to change the height permitted for Parcels 3, 4 and 5 from 28 feet to 36 feet and moved the gas station from Parcel 4 to Parcel 5 which is currently the portion at the southwest corner of North Lakeshore and SH-205. An application was received from the applicant requesting to amend the PD again. The applicant is first requesting to remove some standards out of the Planned Development District. When the PD was originally approved in 2006, staff was in the process of ratifying the North SH-205 Overlay District, and the standards that were eventually approved and currently regulate property within that Overlay District were incorporated into the Planned Development District Ordinance; however no section was approved that would allow Council to grant a variance, making the standards obligatory for development moving forward. What the applicant would like to do is remove those standards in order to allow Council to grant variances to the Overlay District Standards, the standards however would still be in effect because the properties are in the Overlay District themselves, and all that is being requested is for the ability for future development to come through and request variances to things such as the pitched roof requirement for properties under 6,000 square feet, the minimum masonry requirements most things that have come before the Commission in previous cases. The second request the applicant is asking for is to move the gas station entitlement. Originally the gas station entitlement was on Parcel 4 that was then moved to Parcel 5, and now the applicant is requesting to move that entitlement to Parcel 3, which is the area that includes the Children's Lighthouse. This request would not leave the gas station on Parcel 5, it would remove it therefore not increasing the entitlement it would simply shift it from Parcel 5 to Parcel 3.

Mr. Miller went on to state that this request does not have an effect on the Comprehensive Plan and therefore does not change the conformity of the request; however it is a discretionary decision for both the Planning and Zoning Commission as well as City Council.

Mr. Miller further stated that on November 23 staff mailed 36 notices to all properties within 500 feet of the subject property. At the time the packets were sent staff has received 3 notices and 6 emails in opposition of the request since that time staff has received several others which were placed before the Commission for review. The majority of the opposition appears to be to the gas station changing location.

Chairman Renfro asked the Commission for questions for staff.

Commissioner Trowbridge asked for clarification if by removing the variances from the PD, would they still be subject to the SH-205 Overlay restrictions. Mr. Miller stated that was correct.

Chairman Renfro opened the public hearing and asked the applicant to come forward.

Worth Williams
7700 Eastern Avenue
Dallas, TX

Mr. Williams came forward and stated he was primarily present on behalf of Chic-fila-A, Starbucks, and 7-11 all buildings are less than 6,000 square foot buildings and want to be consistent and in conformity with other architecture in the area, they would like to have the pitched roof provision waived. As far as moving the pumps from Parcel 5 to Parcel 3 that is the request from 7-11 due to it being a commercial corridor and they would not asking for any additional uses aside from what is already provided under the zoning.

Chairman Renfro asked if 7-11 offered any insight as to why they wanted to relocate the gas station from Parcel 5 to Parcel 3. Mr. Williams stated they are considering Parcel 3 because there is not enough room on Parcel 5 because of Chick-fila-A, Starbucks and two other retail centers they are proposing.

Commissioner Lyons asked if it would be possible for 7-11 to ask Chick-fil-A and Starbucks to switch places if the wanted the gas station on Parcel 5 or is that they just simply want it on Parcel 3. Mr. Williams stated they have already made commitments on Parcel 5 to those other retailers and there is not enough room to accommodate them there.

Chairman Lyons expressed concern of not having the gas station on a hard corner due to traffic issues it may pose.

Chairman Renfro opened the public hearing and asked for anyone who wished to speak to come forward and do so.

Michael Hunter
220 W. Quail Run Road
Rockwall, TX

Mr. Hunter came forward and stated he resides behind where the 7-11 is being proposed to be built. He was involved in the creation of the PD representing the surrounding neighborhoods and there was a reason why it was made with a hard and fast rule at the time on not allowing changes. At the time it was created that it was agreed upon to put a filling station where the Walgreens is currently is because it would be on a hard corner and would have access to two thoroughfares and at that time there was no indication there would be any other filing stations near the community. When it was changed to Parcel 5 it would still be meet the hard corner criteria. Mr. Hunter generally went on to express his opposition to the request not so much for the variance they are asking on the pitch roof but for changing the location of the gas station because of the traffic problems it will cause to the surrounding communities.

Bob Wacker
806 Mira Mar Drive
Rockwall, TX

Mr. Wacker came forward and stated his opposition of the request with the concern that 60 foot buildings would be allowed as well as lighting that is not currently allowed and mainly that the Architectural Review Board would no longer be involved in development coming in.

Mr. Miller clarified that those requirements would not be removed they would still be subject to all of the requirements that are contained in the Overlay District.

Mr. Wacker went on to state he lives in Stone Creek Estates and there is a floodplain and is concerned what impact that would have. He is also concerned with the traffic problem adding the gas station will have.

Mary Puckett
1605 Plumber Drive
Rockwall, TX

Ms. Puckett came forward and stated her opposition of the request; she believes building a gas station next to a daycare would not work. She agrees with the previous speakers points of opposition as well and urged the Commission to vote against the request.

Gary Jackson
1885 Creekside Drive
Rockwall, TX

Mr. Jackson came forward and stated he is in opposition of the request agreeing with the reasons the previous speakers gave.

Chairman Renfro asked if there was anyone else who wished to speak to come forward and do so, there being no one indicating such; Chairman Renfro asked the applicant to come forward to offer any rebuttal.

Mr. Williams came forward and stated concerning the question of the floodplain situation, there is approximately 2.56 acres of gross land area on Parcel 3 of which they are proposing to develop approximately 1.5 acres. The detention that has been created, is on lot 2 Block A, is a retention pond that is servicing not only Parcel 3 but the Children's Lighthouse as well therefore that issue has been addressed. Mr. Williams went on to state it is a Commercial corridor and unfortunately there is a lot of traffic, but TXDOT will be widening SH-205 ultimately and 7-11 feels that there is a need to service the community from this location and that is the reason for the request.

Chairman Renfro closed the public hearing and brought the item back to the Commission for discussion.

Commissioner Lyons asked staff what the rule was for how far a school could be away from an underground storage tank for a fuel facility. Mr. Miller stated there was no proximity requirement. Commissioner Lyons asked if alcohol sales would be permitted due to the proximity of the daycare. Mr. Miller stated that the daycare does not currently meet the States requirement for a private school which is to have an enrollment of 100 kids with a defined curriculum ; however they are constructing just north of them a private school that has not received a Certificate of Occupancy and would depend on when the 7-11 came in.

Commissioner Logan asked if the plan was still to widen SH-205 or were there other options. Assistant City Engineer, Amy Williams, stated other options are still being looked at however SH-205 will eventually have to be widened whether the State or City do it that is still being discussed.

Commissioner Trowbridge asked staff if when making a motion could the two requests be considered separately. Mr. Miller stated the Commission could approve the removal of the Overlay District requirements without approving the gas station. Commissioner Trowbridge added that it appeared from the residents comments there did not seem to be as much opposition regarding the architectural requirements as there was to having the Parcels for the gas station moved.

Commissioner Trowbridge made a motion to approve item Z2016-039 in regards to only the standards that are repeated in the Overlay District, but not approving the moving of the gas station from Parcel 5 to Parcel 3. Commissioner Lyons seconded the motion, which passed by a vote of 5-0, with Commissioner Whitley and Moeller absent.

7. Z2016-040

Hold a public hearing to discuss and consider a request by Dub Douphrate of Douphrate & Associates, Inc. on behalf of the owner East Shore Joint Venture for the approval of an amendment to allow 47 single-family homes in Planned Development District 68 (PD-68) being a 25.45-acre tract of land identified as Lots 1-7, Block A, Eastshore Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 68 (PD-68), situated within the SH-205 Overlay (SH-205 OV) District, located on the east side of S. Goliad Street [*S. SH-205*] north of the intersection of S. Goliad Street and Justin Road, and take any action necessary.

Planning Director, Ryan Miller, gave brief explanation of request stating the subject property is Planned Development District 68 which was originally approved in 2006 and included entitlements for an Assisted Living Facility, an Independent Active Senior Living Community, an office/commercial/medical development, and four retail pad sites. Mr. Miller provided a slide that showed the concept plan that was originally approved which showed the four retail sites and an acre and a half of park and detention area. Also in 2006 a site plan was approved which allowed for a 141 unit age restricted senior living facility, and age restricted implies 55 years or older.

Mr. Miller went on to state the applicants request only deals with about 14 ½ acres of the total Planned Development District; however they are amending the PD as a whole. The applicant is proposing 46 lot single family residential development that is age restricted; the 46 lots will be a minimum of 65x82 feet and will incorporate dwellings that are a minimum of 1300 square feet with a minimum lot size 5, 330 square feet. The design that the applicant is looking at is a one story house that incorporates a tandem garage, which means from the front of the house it will look like a one stall garage however the garage will be 46 feet deep allowing cars to park in a forward to back format as opposed to the typical two car garage which is a side to side format. The other aspect to the development is that all exterior areas will be maintained by the HOA, the idea being to provide a retirement community. The applicant has submitted proposed building elevations depicting four product types all of which will be single story homes. The exteriors will be a combination of brick and stone and will contain 100% masonry materials. Of the four building elevations, the applicant has stated that four variations of each building elevation exist. This creates 16 different possibilities of housing design which will meet the City's minimum anti-monotony restrictions contained in the Unified Development Code. There is a slight issue with the garage, the Comprehensive Plan, Unified Development Code, and Engineering Standards of Design require alley served developments, however there has not been an alley served

development approved since 2007-2008. The Unified Development Code also allows J-swing or recessed garages, recessed being behind the front façade of the home twenty feet. In this case the applicant is proposing a narrow wide lot which makes it difficult for him to recess the garage since it is 46 feet long; therefore what the applicant is requesting to be approved through the Planned Development District is a flat front or a garage that extends 5 feet beyond the front façade towards the street.

Mr. Miller further noted that staff made a couple of recommendations to the applicant concerning the Comprehensive Plan, but the request does meet the majority of the guidelines and policies of the Comprehensive Plan; in addition, the Future Land Use Map contained within the Comprehensive Plan, designates the subject property for commercial land uses and since the applicant is proposing a development that would require a 3.6 units per gross acre that is considered a High Density Residential development which according to the Comprehensive Plan should be used as transitional uses from Commercial uses or where it serves as a logical extension of an existing high density development. In this case to the east is Evergreen which is currently 21 ½ units per acre; therefore if the Commission chooses to recommend approval to the City Council, staff has included a condition of approval that would recommend making the change from a Commercial designation to a High Density Residential designation.

Mr. Miller further noted that staff mailed 76 notices to property owners and residents within 500-feet of the subject property and also emailed the Waterstone Homeowner's Association. Of the notices sent out staff received 1 notification in opposition to the request.

Chairman Renfro opened up the public hearing asked the applicant to come forward.

Dub Douphrate
Douphrate & Associates
2235 Ridge Road Suite 200
Rockwall, TX

Mr. Doupbhrate came forward and stated he is representing his client Mr. Bill Haney with Fireside Custom Homes and both he and Mr. Haney are available to answer any questions regarding the housing.

Chairman Renfro opened the public hearing and asked anyone who wished to speak concerning the case to come forward and do so. There being no one indicating such, Chairman Renfro closed the public hearing and brought the item back to the Commission for discussion.

Commissioner Logan asked how the senior citizen designation would be maintained. Mr. Miller stated it would not be maintained by the City, it would be inserted by the applicant into the zoning ordinance, but it is staffs understanding that it will be enforced through the deed restriction established on the property which are the private covenants of the property owner and the owner of the land that is selling it.

Commissioner Logan asked how that could be subject to change that. Mr. Miller stated it would be difficult to change without changing the deed restrictions on the property itself which would probably take the entire neighborhood agreeing to any change in the documentation.

Chairman Renfro asked if in the Comprehensive Plan this request which is a high density buffer, is it one of the best transitions to have rather than commercial, does this meet the criteria of the Comprehensive Plan. Mr. Miller stated anything over 3 units per acre is considered high density in the current Comprehensive Plan.

Chairman Renfro asked for anyone who wished to speak to come forward and do so, there being no one indicating such, Chairman Renfro closed the public hearing and brought the item back to the Commission for discussion or action.

Commissioner Trowbridge made a motion to approve the Z2016-040 with staff recommendations. Commissioner Fishman seconded the motion which passed with a vote of 4-0 with Commissioner Lyons dissenting and Commissioners Moeller and Whitley absent.

8. Z2016-041

Hold a public hearing to discuss and consider a request by Tony Austin of TAC, Inc. on behalf of the owner Cameron & Cameron for the approval of a zoning change from an Agricultural (AG) and Commercial (C) District to a Planned Development District for a multi-family apartment complex on a 12.59-acre tract of land identified as Tract 8 of the B. J. T. Lewis Survey, Abstract No. 255, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) and Commercial (C) District, situated within the SH-205 Overlay (SH-205 OV) District, located on the west side of T. L. Townsend Drive south of Justin Road, and take any action necessary.

Planning Director, Ryan Miller, provided the Commission a memo from the applicant asking to postpone the case to the January 10th Planning and Zoning Commission meeting due to an unexpected family emergency.

Mr. Miller further stated that because it was an advertised public hearing, the Commission would have to take action to accept the postponement.

Chairman Renfro made a motion to accept the applicant's request to postpone. Commissioner Lyons seconded the motion which passed by a vote of 5-0, with Commissioners Moeller and Whitley absent.

9. Z2016-042

Hold a public hearing to discuss and consider a request by Fred Hazel of Davis Development on behalf of Jim Kirby of Rockway Partners, LLC for the approval of a zoning change from a Commercial (C) District to a Planned Development District for a multi-family apartment complex on a 17.60-acre tract of land identified as Lots 6-11, Block A, La Jolla Pointe Addition, Phase 2, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, located east of the intersection of Laguna Drive and La Jolla Pointe Drive, and take any action necessary.

Planning Director, Ryan Miller, gave a background of the case stating that earlier this year there was an application to rezone this 17 ½ acre tract of land from a Commercial District to a Planned Development District for a multi- family apartment complex that consisted of 272 units. That request was denied by the Planning and Zoning Commission on April 12th and the applicant was granted a withdrawal by City Council on April 18th since no action was taken on the case the applicant was permitted to resubmit an application requesting the same thing that was requested on March 11th. The subject property was annexed into the City in 1960 and was platted in 2003 and then replatted in 2007 in its current configuration. Mr. Miller provided in a power pointe that showed that there is an area that is currently public right of way which was dedicated as part of the 2007 replat and should the case be approved that right of way will have to be abandoned and will have to be purchased by the applicant. The applicant has resubmitted the Concept Plan shows that the applicant is proposing a 272 unit apartment complex that will consist of eight buildings that will range in height from 3 to 4 stories and contain 24 to 36 units in each building and will also have an amenity center that will have an exterior pool adjacent to it.

Mr. Miller went on to state that the 272 units will consist of units that range in size from 667 square feet to 1,445 square feet and have an average size of 1,032 square feet. The applicant is requesting 15.45 units per acre which is a gross density that exceeds the current High Density Residential District which is the Multi-Family 14 District which allows for 14 units per acre. In this case the applicant is requesting a Planned Development District which allows both Planning and Zoning and City Council to consider densities higher than Multi-Family 14 District. As part of the request that was submitted on March 11th staff asked the applicant to perform a traffic impact analysis which was provided.

Mr. Miller further stated that looking at the Future Land Use Map, contained within the Comprehensive Plan; it designates the subject property for Commercial land uses. The proposed development would require this designation to be changed to a High Density Residential designation, which according to the Comprehensive Plan is defined as any use that exceeds three units per acre. In addition, the Comprehensive Plan states that high density residential should be used as a transitional use from commercial use, or where it will serve as a logical extension of an existing high density development. In this case, the proposed subject property and zoning change does appear to conform to the majority of the Comprehensive

Plan's policies and guidelines with regard to High Density Residential designation. The density being proposed and any change to the Future Land Use Map is a discretionary decision for the City Council. Should the City Council approve the applicant's request, staff has included a condition of approval that would amend the Future Land Use Map to reflect the proposed change in land use from a Commercial designation to a High Density Residential designation.

Mr. Miller added that On November 23, 2016 and on December 2, 2016 for the purpose of correcting the caption in the original notice, staff mailed 95 notices to property owners and residents within 500-feet of the subject property and also emailed notices to the Lakeside Village and Turtle Cove Homeowner's Associations, which are the only HOA's located within 1,500 feet of the subject property. Of the 95 notices sent out staff did receive 1 notice in support of the request, 11 owner notices in opposition, 131 on non-City forms in opposition, 119 emails in opposition and two letters in opposition of the request.

Mr. Miller advised the Commission the applicant was present and both he and staff were available for questions.

Chairman Renfro asked for questions for staff.

Commissioner Logan asked what the previous vote the Commission took on the original submittal. Mr. Miller stated that vote had been 6-1 to recommend the request be denied.

Chairman Renfro opened the public hearing and asked the applicant and any representatives to come forward.

Sal Villasana
809 Village Green Drive
Rockwall, TX

Mr. Villasana stated he is the representative for the land owners and advised the Commission that present were the property owner, Gene Babb with Davis Development and David English who is the real estate broker. He went on to introduce the property owners Mr. John Hammerback and Jim Kirby.

John Hammerback
(No address given)

Mr. Hamberback came forward and stated he is the general partner for Rockway Partners and the property was purchased from a previous developer in 2002 and it came with a pre-approved engineering that that previous developer had intended to do. At that time they came to the City with that engineering and worked with the City because they did not feel that the retention ponds were big enough or that the streets were quite big enough to fit their needs and ended up modifying the retention ponds almost double to comply with the City's issue and created what at the time was a 100 year flood plan for those retention ponds. Mr. Hammerback further stated that they built Laguna Point and La Jolla Drive that were not there at the time and where Ridge Road was accessed there used to be a car wash which they bought and tore down to come up with a more comprehensive entry to the property that was initially a small boulevard area to allow an in and out access. When that was done, they knew at that time that a traffic light would have to be put there, it was never envisioned to have access to the property through Lakeshore Drive. Mr. Hammerback went on to state that ten years ago before the recession they had a signed contract with a regional developer for a Sam's Wholesale, that contract fell through. He explained that one of the reasons the signs and website were put up was to try to illustrate to the people in the area the difference between what a commercial development in that property could mean versus a high end multi-family residential.

Gene Babb
1220 Blue Bell Court
Celina, TX

Mr. Babb came forward and gave brief explanation of request and provided a slide show that provided background information about the company and about the proposal. He stated the company is based in Georgia and are vertically integrated; they are the construction company, manager as well as the developer. The equity comes from one source and that would be from Mr.

Davis. The slide show provided pictures of developments they have built including one in Fairview that will be very similar to the proposed request due to the topography of that one being very similar to the subject property. Mr. Babb stated they met with Turtle Cove and Lakeside Village and they understand their concerns but added that there is not much that could be done about the traffic concerns, feels that traffic is an issue in all areas. The standards that will be placed on this development will be unequal to any other product or project in Rockwall and they feel this proposal would be a great fit to the community.

Chairman Renfro asked if there were any questions from the Commission.

Commissioner Trowbridge asked if there were any changes done to the proposal from the original submittal. Mr. Babb stated there were not, when they were before the Commission during the last proposal there were no real requests to make any material changes, the common denominator was the traffic issue but if the traffic study showed a traffic light would help they would be more than willing to assist with that.

Chairman Renfro asked the applicant concerning traffic what have they found from their other similar developments what impact has it been on traffic with these projects versus what could go in there. Mr. Babb stated that any use will generate traffic, but the traffic studies tell that multi-family will generate less traffic than a retail or a commercial use.

Mr. Babb added that he felt a concern surrounding residents have was if the property were to be sold could it be possible it may become Section 8 Housing and that could not because there are laws in place to prevent that.

Mr. Villanueva came forward and added that they met with both Lakeside Village and Turtle Cove Homeowners Association and the main concern they expressed was the traffic matter. But they believe a commercial office, which is allowed by right, would generate double the daily traffic as opposed to what a multi-family use would generate and that is why they are respectfully asking that the request be approved.

Chairman Renfro opened the public hearing and asked anyone who wished to speak to come forward and do so.

Sally Meek
939 Briarbrook
Rockwall, TX

Ms. Meek came forward and stated her opposition of the request for the reason that she believes it is contrary to the public interest of the citizens of Rockwall; the rational is that conversion from commercial to residential forever precludes the collection of sales tax from businesses that would likely build on that land and from living in the neighborhood she would like to see retail. She strongly recommends the request be denied by the Commission.

Tom Galli
645 Stafford Circle
Rockwall, TX

Mr. Galli came forward and expressed his strong opposition to the request. He spoke of conflicting information Davis Development provided which does not go with the City's Comprehensive Plan and urged the Commission to vote against approval.

Nick Hastings
664 Turtle Cove
Rockwall, TX

Mr. Hastings came forward and stated his opposition to the request. He is an army officer serving with the Texas Army National Guard and as such he works with topographical maps. The City's Comprehensive Plan cautions against the developing of high building footprints and large parking areas in areas of land with steep or rolling topography, such as what the subject property is. He feels the topography of this land is not suitable for a massive high density apartment complex and urged the Commission to vote against approval.

Barry Clinger
608 Cliffview Court
Rockwall, TX

Mr. Clinger came forward expressed his opposition of the request. He feels child safety and welfare concerns will be created by this development with 153 multi bedroom units proposed which suggests children would reside there. The sleep slopes are not suitable for outdoor play areas and noted that there is no oriented park in the development. His concern is stemmed from the high compact nature of the high density development because much of the 17 plus acres of the land is unusable because of the steep slopes and the existing rain water detention ponds. He believes this development belongs somewhere else and strongly recommends the Commission not approve the request.

Mary Puckett
1605 Plummer Drive
Rockwall, TX

Ms. Puckett came forward and stated she is in opposition of the request.

Dick Clark
2917 Saratoga Drive
Rockwall, TX

Mr. Clark came forward and stated his opposition of the request due to the increased traffic, drainage issues, lowering property values, and the impact it will have on the schools. He urged the Commission to vote against the proposal.

David Lindsay
931 Lexington Drive
Rockwall, TX

Mr. Lindsay came forward and stated his opposition of the request. He spoke of how the Davis Developments architectural design is all very similar and this proposal will not be unique to Rockwall. He also spoke of concern with the development being built and then sold the consequence that will bring. He urged the Commission to not approve the request.

Brett Garfield
677 Channel Ridge
Rockwall, TX

Mr. Garfield came forward and stated his opposition to the request. He is concerned with what social economic effect a multi-family will bring to the area. He is also concerned with the impact it will have on traffic. He urged the Commission to vote against the proposal

David Nelson
3104 Lakeside Drive
Rockwall, TX

Mr. Nelson came forward and stated his strong opposition to the request. He is concerned with the amount of traffic it will cause.

Pam Griffin
3324 Augusta Blvd.
Rockwall, TX

Ms. Griffin came forward and stated her opposition of the request. She is a former educator and feels the schools are already over- crowded and adding multi-family will only add to that issue. She is also concerned with the property values will be impacted in a negative way. She is a former board member of the HOA of Lakeside Village and has seen that there is a problem with trespassing on their amenities she is concerned with an apartment complex right next door it will add to the problem. She strongly urged the Commission to vote against the proposal.

Kristen Minth
3406 Lakeside Drive
Rockwall, TX

Ms. Minth came forward and stated her strong opposition to the request. She spoke on behalf of residents of Lakeside Village who share many of the same concerns previous residents spoke about. She urged the Commission to not approve.

Eric Johnson
2025 Pontchatrain
Rockwall, TX

Mr. Johnson came forward and stated his opposition of the request. His concern is with the major impact this development will have on traffic. He asked the Commission to please vote no.

John McCutcheon
1817 Bayhill Drive
Rockwall, TX

Mr. McCutcheon came forward and stated his opposition to the request. He served as a Commissioner on the Planning and Zoning Commission when the original submittal came before the Commission and at that time voted against the proposal and since that time they have not changed anything or added anything to the proposal to change his mind and therefore the vote should remain not to approve the request.

Chairman Renfro asked the applicant to come forward for rebuttal.

Mr. Babb came forward and stated there were no material changes because at the initial request there were no comments as to changes being needed, they were not asked to make any changes to the product. He added that as a developer there was never any promise that they would be building a bridge or an onramp, it was brought to their attention that an onramp would be built at some point in time, but it was not something they committed to do.

Mr. Hammerback came forward and stated they are currently in negotiations with a 50,000 square foot box type development although there is not a signed contract at this time he wanted to make the residents aware that it may be something that will be developed in the near future.

Mr. Villasana came forward and addressed the concern of the overcrowding of the schools adding that several of the schools are not currently at capacity. He asked the Commission to weigh the options and added that they feel this development is the best use for this land, respectfully asked the Commission to approve.

Chairman Renfro closed the public hearing and brought the item back to the Commission for discussion.

Chairman Renfro asked concerning the allotted number of units that are in process in PD32. Mr. Miller stated there are 1161 units entitled in PD32 consisting of about 78 acres. Chairman Renfro asked what the Comprehensive Plan says concerning rooftops versus apartment rooftops. Mr. Miller stated that is not currently addressed in the Comprehensive Plan.

Commissioner Trowbridge expressed concern with adding more multi-family when there has been approval for units that have already been allotted for, feels that although the site may be ideal for this type of development it is not suited for Rockwall.

Commissioner Lyons expressed that his position has not changed from the previous request when he voted against the request.

Commissioner Fishman stated her position has not changed since the previous request which was against, feels the responsibility of the Commission is to listen to the residents.

Chairman Renfro added that the property is currently commercial and asked staff to give examples of what Commercial by right uses could be allowed. Mr. Miller stated any type of commercial retail use.

General discussion took place concerning what uses would be allowed by right to give the residents an idea of what could be allowed with the current zoning.

Commissioner Lyons made a motion to deny Z2016-042. Commissioner Trowbridge seconded the motion which passed by a vote of 5-0, with Commissioners Moeller and Whitley absent.

Chairman Renfro called a recess at 8:25 p.m.

Chairman Renfro called the meeting back to order at 8:39 p.m.

V. ACTION ITEMS

10. SP2016-026

Discuss and consider a request by Tim Seymore of Seymore Custom Homes, LLC on behalf of Tim & Ray Seymore for the approval of a site plan for the construction of a commercial/industrial building on an existing 1.5-acre commercial/industrial facility identified as Tract 2-20 of the J. R. Johnson Survey, Abstract No. 128, City of Rockwall, Rockwall County, Texas, zoned Heavy Commercial (HC) District, addressed as 242 National Drive, and take any action necessary.

Senior Planner, David Gonzales, gave brief explanation of request stating the applicant is looking to expand his operation by adding a 4,900 square foot building that will serve as an additional building for office space and storage space and the reason why the request is before the Commission is because the building will consist of 100% metal exterior, thereby not meeting the exterior material requirements of the Unified Development Code which calls for 90% masonry and stone.

Mr. Gonzales went on to state that the applicant will be extending the use of a septic system for the entire site, which includes the new building; however, Rockwall's County Health Coordinator, Ron Merritt, has indicated there would be no issue with both buildings using the same system as long as the buildings were not sold separately or the property not being subdivided and this has been added as a condition of approval and will be added as a note on the final plat.

Mr. Gonzales advised the Commission the applicant was present and he and staff were available for questions.

Chairman Renfro asked the Commission for any questions.

Commissioner Logan asked if there was currently City sewer available in that area and if there is not when would that be put in. Mr. Gonzales stated currently there is no City sewer and there is no estimated date as to when that will happen.

Commissioner Trowbridge made a motion to approve SP2016-026 with staff recommendations. Commissioner Fishman seconded the motion which passed by a vote of 5-0, with Commissioners Whitley and Moeller absent.

11. SP2016-027

Discuss and consider a request by William Baker of Jones Baker on behalf of Elias Pope of 8020 Restaurants, LLC for the approval of amended site plan for a restaurant on a 0.90-acre parcel of land identified as Lot 3, Block A, Harbor District Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), situated within the IH-30 Overlay (IH-30 OV) District, located at the southeast corner of the IH-30 Frontage Road and Sunset Ridge Drive, and take any action necessary.

Senior Planner, David Gonzales, gave brief explanation of request stating that on July 20, 2015; a site plan was approved showing the proposed layout of a 6,800 SF restaurant on a 0.90-acre parcel of land. At that time, the applicant was granted variances to the masonry and stone requirements. The purpose of this application is to amend the building elevations for this site. It should be noted that the changes the applicant is requesting does not increase the variances that were originally approved in July of 2015; therefore, the prior approval is considered to remain in effect. The Architectural Review Board took a look at the site plan on November 29th and expressed concern with the changes made from the originally approved 2015 elevations, and more specifically with the north and east elevations as being to monochromatic and

requested to see more detail with the overall appearance of these two elevations. To address these concerns the ARB recommended that the applicant extend the lateral wood screen wall elements through the entire north elevation and include additional contrasting elements on both elevations. The applicant has since made the changes that ARB recommended.

Chairman Renfro made motion to approve SP2016-027 with staff recommendations. Commissioner Lyons seconded the motion which passed by a vote of 5-0, with Commissioners Whitley and Moeller absent.

12. SP2016-028

Discuss and consider a request by Rick Bates of RLK Engineering, Inc. on behalf of James Watson of the Rockwall Independent School District (RISD) for the approval of a site plan for a public school on a 18.407-acre tract of land identified as Rockwall School Addition No. 1, City of Rockwall, Rockwall County, Texas, zoned Single Family 7 (SF-7) District, addressed as 901 Nash Street, and take any action necessary.

Senior Planner, David Gonzales, gave brief explanation of request stating the reason it is before the Commission is due to the location of the dumpster, in looking at the site plan they have the dumpster that is located at the front of the building and the Unified Development Code requires that it be located towards the back to be able to have access, however, being where the location of that is, what they have done is reorient the dumpster in a 45 degree angle to have less visibility from the street. That will take approval of the Planning and Zoning Commission.

Mr. Gonzales further noted that three trees that they are removing on the site that are elms within a detention area require P&Z approval in order to be removed.

Chairman Renfro asked if there was anything that could be mitigated without removing the trees. Mr. Gonzales stated that they have satisfied the mitigation by 135 inches that they removed and they are providing 136 inches aside from those three trees that require P&Z approval for removal.

Commissioner Lyons asked if by the trees being in the detention area, what makes them need to be removed. Mr. Gonzales stated they will be within a detention pond and probably would not survive in the detention area.

Commissioner Lyons made a motion to approve SP2016-028 with staff recommendations. Commissioner Trowbridge seconded the vote, which passed by a vote of 5-0, with Commissioners Moeller and Whitley absent.

13. SP2016-029

Discuss and consider a request by Robert A, Howman of Glenn Engineering Corp. on behalf of James Watson of the Rockwall Independent School District (RISD) for the approval of a site plan for a public school on a 24.209-acre portion of a larger 173.0-acre tract of land identified as Tract 7-1 of the W. H. Baird Survey, Abstract No. 25, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the SH-205 Bypass Corridor Overlay (205 BY-OV) District, located directly east of the intersection of John King Boulevard and Trail View Drive, and take any action necessary.

Senior Planner, David Gonzales, gave brief explanation of request stating that the applicant is requesting approval of a site plan for the purpose of constructing a two-story, 150,848 sq. ft. public school facility, a College and Career Academy. The CCA will be located on a 24.209-acre portion of a larger 173.0-acre tract of land zoned Agricultural District. A Specific Use Permit to allow for the public school was approved by the City Council on December 6, 2016. The submitted site plan, building elevations, landscape plan, and photometric plan are in substantial compliance and conform to the technical requirements contained within the Unified Development Code, with the exception of the elevations which ARB was unable to make a recommendation to forward to the Commission this evening however the what applicant will be seeking at this time for this property is variances to the stone requirements on the north elevation as well as to the secondary material requirements.

Mr. Gonzales stated the applicant was present and he as and staff were available for questions.

Commissioner Trowbridge asked what the fire coverage variance was. Mr. Gonzales stated what the applicant is requesting is to extend the fire lane and they have indicated the building will be fully sprinkled. Fire Marshall, Arianna Hargrove, added that there is not a waiver, the fire codes have changed recently going from the 2009 to the 2015 when that was done some of the amendments changed, what the school is asking is to be able to utilize the fire code as written.

No further discussion took place concerning this agenda item.

Commissioner Trowbridge made a motion to approve SP2016-029 with staff recommendations. Commissioner Lyons seconded the motion which passed by a vote of 5-0, with Commissioners Moeller and Whitley absent.

14. SP2016-030

Discuss and consider a request by Jason Lentz of Atticus Rockwall, LLC for the approval of a site plan for a 228 unit, condo development situated on a 2.87-acre portion of a larger 6.915-acre tract of land identified as Lots 3A, 4A & 5A, Isaac Brown Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), situated within the Interior Subdistrict, located adjacent to Summer Lee Drive southwest of the intersection of Horizon Road [FM-3097] and Summer Lee Drive, and take any action necessary.

Senior Planner, David Gonzales, gave a brief explanation of the request stating that he applicant is requesting approval for a site plan of a 228-unit condominium development on the 2.87-acre tract of land being a portion of a larger 6.915-acre tract of land and is situated within the Interior Sub-district, located adjacent to Summer Lee Drive southwest of the intersection of Horizon Road and Summer Lee Drive, and is zoned Planned Development District 32.

Mr. Gonzales further stated that the applicant has provided a treescape plan indicating a total of 3,561 caliper inches of trees will be removed from the subject property and will require mitigation. Cedar and Hackberry trees that are 11 inches dbh or larger, shall be replaced at 50 percent of the total caliper inches being removed; however, Cedar and Hackberry trees that are less than 11 inches dbh shall not be considered a protected tree. Also being removed from the site are 126 feature trees that are considered to be protected and those trees may not be removed without the approval of the Planning and Zoning Commission. Feature trees are mitigated on an inch-for-inch basis. It should be noted that credit is being applied to the mitigation balance for a 36-inch pecan that is being saved. Taking into account the protected and feature trees being removed, the amount of landscaping to be installed, and the credit applied being for the saved tree, the total mitigation due for the site is 2,529 caliper inches. The total mitigation balance due has been added as a condition of approval. The applicant will go before the Parks Board for their review of the hardscape plan and that will take place December 14th.

Mr. Gonzales went on to discuss the building elevations stating that in the packets prepared for the Commission a side by side comparison of elevations was provided of what was brought before the ARB two weeks ago and ARB's recommendation. Mr. Gonzales provided picture of the two options the applicant has brought forward. Option 2 has a roof element as opposed to the option 1 which is a flat roof. ARB took a look at the changes and they made a recommendation of approval for option 2 which is the one with the roof element, however Mr. Lentz has indicated they want to come forward to P&Z and provide some options that they were not able to provide to ARB.

Mr. Gonzales advised the Commission the applicant was present and he as well as staff were available for questions.

Jason Lentz
5339 Alpha
Dallas, TX

Mr. Lentz came forward and stated they are seeking site plan approval and discussed elevation options. The ARB met and did approve one of the options but they want to get thoughts from the Commission on the alternate elevation option which they have provided. He introduced Michael Smith who is on the architecture team to further elaborate.

Michael Smith
5339 Alpha Road
Dallas, TX

Mr. Smith came forward and provided a rendering of the option that they have which is just the roof element. He stated the option that they prefer is the flat roof compared to the option that the ARB recommended which has the pitched roof. He stated there are two main reasons they prefer the flat roof, the first being that in their opinion with the pitched roof it looks like a more massive apartment building and that is not the look they are looking to achieve. What they are going for as far as what their inspiration for the project is the city of Florence in Italy and their desire is to have a Tuscan look. Although they prefer that option they will move forward with whichever the Commission chooses, they are just seeking approval.

Chairman Renfro noted that the Architectural Review Board had the opportunity to review both renderings and chose the one with the softer roof line and asked staff what was approved thru the PD 32 concerning roof lines. Mr. Miller explained that what originally came through with the PD Development Plan incorporated a sloped roof and that sloped roof would meet what was approved with PD Development Plan more so than the flat roof, however what the applicant is requesting is for the Commission to look at it and determine if it generally conforms to what was approved.

Chairman Renfro commented that the area of expertise falls on the Architectural Review Board and if they reviewed both options and made their recommendation, would it at this point be a matter of preference.

General discussion took place between the Commission concerning how each option would be a better fit as well as cost involved between the two.

Commissioner Lyons made a motion to approve SP2016-030 with staff recommendations and incorporating the flat roof (option 1). Commissioner Fishman seconded the motion which passed by a vote of 4-1 with Chairman Renfro dissenting and Commissioners Moeller and Whitley absent.

15. SP2016-031
Discuss and consider a request by Jason Lentz of Atticus Rockwall, LLC for the approval of a site plan for 36 townhomes on a 4.03-acre portion of a larger 6.915-acre tract of land identified as Lots 3A, 4A & 5A, Isaac Brown Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), situated within the Residential Subdistrict and within the Scenic Overlay (SOV) District, located north of the intersection of Ridge Road [FM-740] and Glen Hill Way, and take any action necessary.

Senior Planner, David Gonzales, stated this project ties in with the item the agenda item that was just discussed (SP2016-030) the only difference being that these will be townhomes. There will be 36 townhomes directly behind where the condominiums will be. As with the previous case they do meet all the criteria within the Planned Development that they are required to, other than ARB reviewing on a side by side basis and in this case looking at the stone that was presented at the previous ARB meeting two weeks ago. However the applicant forwarded changes today and now is in compliance with the ordinance and ARB did approve unanimously.

Mr. Gonzales advised the Commission the applicant was present and he as well as staff was available for questions.

Michael Smith
5339 Alpha Road
Dallas, TX

Mr. Smith came forward and stated as they were going thru the design on the condominiums they felt they needed to fit with that product and it will be a for sale product and felt it needed to be as nice as possible and fit in with the whole Master Plan Development and respectfully are requesting approval.

Chairman Renfro asked the Commission for any questions, discussion or action.

Commissioner Lyons made a motion to approve SP2016-031 with staff recommendations. Commissioner Fishman seconded the motion which passed by a vote of 5-0, with Commissioners Whitley and Moeller absent.

I. DISCUSSION ITEMS

16. Director's Report of post Council meeting outcomes of Planning & Zoning cases.

- ✓ P2016-050: Lots 3 & 4, Block A, Walker Addition [*Approved*]
- ✓ P2016-051: Lots 4 & 5, Block A, Platinum Storage Addition [*Approved*]
- ✓ MIS2016-010: Masonry Exception for 306 Harborview Drive [*Approved*]
- ✓ Z2016-034: NWC of FM-549 & SH-205 (AG to C) (*2nd Reading*) [*Approved; General Retail (GR) District*]
- ✓ Z2016-035: SUP for the CCA (*2nd Reading*) [*Approved*]
- ✓ Z2016-036: Amendment to PD-79 (*1st Reading*) [*Denied*]
- ✓ Z2016-037: The RISE (AG to C) (*2nd Reading*) [*Approved*]

Planning Director, Ryan Miller, **provided a brief update about the outcome of the above referenced case at the City Council meeting. No discussion took place concerning this agenda item.**

ADJOURNMENT

Chairman Renfro adjourned the meeting at 9:21 p.m.

PASSED AND APPROVED BY THE PLANNING & ZONING COMMISSION OF THE CITY OF ROCKWALL, Texas, this _____ day of _____, 2016.

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 01/10/2017

APPLICANT: Chase Finch; *Corwin Engineering, Inc*.

AGENDA ITEM: **P2016-053**; *Breezy Hill, Phase VI*

SUMMARY:

Discuss and consider a request by Chase Finch of Corwin Engineering, Inc. on behalf of John Arnold of BH Balance I LLC for the approval of a final plat for Breezy Hill, Phase VI containing 77 single-family residential lots on 31.254-acre portion of a larger 61.528-acre tract of land identified as Tract 7 of the J. Strickland Survey, Abstract No. 187, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 74 (PD-74) for Single Family 10 (SF-10) District land uses, generally located northeast of the intersection of N. John King Boulevard and Life Springs Drive, and take any action necessary.

PLAT INFORMATION:

☑ The Breezy Hill Subdivision is a master planned community that will provide approximately 405-acres of residential and commercial development. The residential subdivision will be composed of 776 single-family lots on ~385-acres of land, and to be broken down per the lot mix indicated in Planned Development District 74 (PD-74). The lot mix in this Planned Development District is as follows.

Lot Types	*A*	*B*	*C*	*D*	*E*
Typical Lot Frontage (Feet)	*60*	*70*	*80*	*100*	*60*
Typical Lot Depth (Feet)	*120*	*120*	*125*	*200*	*120*
Minimum Lot Size (Sq. Ft.)	*7,200*	*8,400*	*10,000*	*20,000*	*7,200*
Number of Units	*186*	*117*	*326*	*107*	*40*
Dwelling Unit %	*23.97%*	*15.08%*	*42.01%*	*13.79%*	*5.15%*

☑ The purpose of this request is to *final plat* Phase VI of the Breezy Hill Subdivision for the purpose of laying out 77 of the 776 lots. The 77 proposed lots will be constructed to the Type 'B' [*42 lots*], 'C' [*15 lots*], and 'D' [*20 lots*] standards (*all standards are displayed in the above table*) and be situated on approximately 61.528-acres. All of the lots will be subject to PD-74 District and the 205 By-Pass Overlay (205 BY-OV) District Standards.

☑ The proposed *final plat* generally conforms to the revised concept plan approved by the City Council on July 7, 2014 under *Case No. Z2014-007* [Ordinance No 14-26].

☑ On January 4, 2017 the Parks Board reviewed the *Final Plat* and made a recommendation to approve the plat with the following conditions:

1) The developer is to pay the pro-rata equipment fees required in the amount of $16,478 [i.e. 77 Lots @ $214.00 Per Lot].

2) The developer shall reflect only the disturbed area necessary for the drainage channel on the drainage easement boundaries within the dedicated park area south of Phase VI.

☑ The Surveyor has completed the majority of the technical revisions requested by staff, and this plat, conforming to the requirements for *Final Plats* as stated in the Subdivision Ordinance in the Municipal Code of Ordinances, is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

☑ Conditional approval of this *final plat* by the City Council shall constitute approval subject to the conditions stipulated in the *Recommendation* section below.

RECOMMENDATIONS

If the Planning & Zoning Commission and City Council choose to approve the Final Plat for Breezy Hill Phase VI, staff would recommend the following conditions of approval:

1) The Final Plat shall conform to all requirements stipulated by the Planning, Engineering and Fire Departments;

2) The development shall adhere to the recommendations of the Park Board as noted in this report;

3) The applicant will need to submit a treescape plan;

4) The development will need to have an approved *site plan* before any building permits will be released; and,

5) Any construction resulting from the approval of this Final Plat shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

P2016-053 Breezy Hill Phase VI Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 This is a request by Chase Finch of Corwin Engineering, Inc. on behalf of John Arnold of BH Balance I LLC for the approval of a final plat for Breezy Hill, Phase VI containing 77 single-family residential lots on 31.254-acre portion of a larger 61.528-acre tract of land identified as Tract 7 of the J. Strickland Survey, Abstract No. 187, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 74 (PD-74) for Single Family 10 (SF-10) District land uses, generally located northeast of the intersection of N. John King Boulevard and Life Springs Drive,

I.2 For questions or comments concerning this case, please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.

M.3 For reference, include the case number (P2016-053) in the lower right hand corner of all pages on future submittals.

M.4 There are two lots (i.e Lot 1 Block M and Lot 11 Block L) that were on the preliminary plat that are not on the finat plat. Will these be platted with the next phase?

I.5 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested by January 3, 2017 The Park Board Meeting is January 3, 2017. The Planning & Zoning Worksession date for this case will be December 27, 2016. The Planning and Zoning Meeting for this case is January 10, 2017.

I.6 The City Council meeting date and subsequent approval for this plat is January 27, 2017.

LEGAL DESCRIPTION

BEING, a tract of land situated in the J. Strickland Survey, Abstract No. 187 in the City of Rockwall, Rockwall County, Texas, being out of Tract 1, as described in Clerks File No. 20130000498889 in the Deed Records of Rockwall County, Texas and a 39.298 acre tract, as described in Clerks File No. 20130000498882 in said Deed Records and being more particularly described as follows:

BEGINNING, at an "x" cut set at the northwest corner of Breezy Hill Phase 4, an addition to the City of Rockwall, Texas, as described in Cab. I, Pgs. 155-156, in the Plat Records of Rockwall County, Texas, also being in the east line of a 31.012 acre tract, as described in Doc. No. 2012-474555, in said Deed Records same being in the west line of said Tract 1;

THENCE, North 00° 06'14" East, along the west line of said Tract 1 and the east line of said 31.012 acre tract, for a distance 1109.66 feet, to a 5/8 inch iron rod found the northwest corner of said Tract 1 and the northeast corner of said 31.012 acre tract;

THENCE, South 88° 00'26" East, along the north line of said Tract 1, for a distance of 755.13 feet, to a 1/2 inch iron rod found;

THENCE, South 89° 39'37" East, continuing along said north line, for a distance of 274.64 feet, to a 1/2 inch iron rod set with a yellow cap stamped "Corwin Eng. Inc.";

THENCE, South 00° 20'10" West, departing said north line, for a distance of 125.00 feet, to a 1/2 inch iron rod set with a yellow cap stamped "Corwin Eng. Inc.";

THENCE, South 89° 39'50" East, for a distance of 1.14 feet, to a 1/2 inch iron rod set with a yellow cap stamped "Corwin Eng. Inc.";

THENCE, South 00° 20'10" West, for a distance of 175.00 feet, to a 1/2 inch iron rod set with a yellow cap stamped "Corwin Eng. Inc.";

THENCE, South 89° 39'50" East, for a distance of 642.40 feet, to a 1/2 inch iron rod set with a yellow cap stamped "Corwin Eng. Inc.";

THENCE, South 00° 21'41" West, for a distance of 553.78 feet, to a 1/2 inch iron rod set with a yellow cap stamped "Corwin Eng. Inc.", being on a curve to the right, having a radius of 1550.00 feet, a central angle of 12° 23'27" and a tangent of 168.26 feet;

THENCE, along said curve at 36.22 feet, passing the northwest corner of a 6.705 acre tract, as described in Clerks File No. 20150000004156, in said Deed Records, at 56.23 feet, passing the southwest corner of said 6.705 acre tract and at 72.50 feet, passing a north line of said 39.298 acre tract, for a total arc distance of 335.20 feet Chord Bearing South 06° 31'54" West - 334.55 feet), to a 1/2 inch iron rod set with a yellow cap stamped "Corwin Eng. Inc.", in the north line of a 25.598 acre tract, as described in Clerks File No. 2015000004838, in said Deed Records and being in the south line of said 39.298 acre tract;

THENCE, North 77° 16'23" West, continuing along said north and south lines, for a distance of 181.76 feet, to a 1/2 inch iron rod set with a yellow cap stamped "Corwin Eng. Inc.", at the northwest corner of said 25.598 acre tract also being the southwest corner of said 39.298 acre tract same being in the east line of a 10.758 acre tract, as described in Clerks File No. 20150000004156, in said Deed Records;

THENCE, North 09° 26'51" East, along the east line of said 10.758 acre tract, for a distance of 235.35 feet, to a 1/2 inch iron rod set with a yellow cap stamped "Corwin Eng. Inc.";

THENCE, South 89° 39'50" East, continuing along said east line, for a distance of 125.11 feet, to a 1/2 inch iron rod set with a yellow cap stamped "Corwin Eng. Inc.", on a non-tangent curve to the left, having a radius of 1500.00 feet, a central angle of 00° 57'20", and a tangent of 12.51 feet;

THENCE, continuing along said east line and with said curve to the left for an arc distance of 25.01 feet (Chord Bearing North 02° 11'51" East - 25.01 feet), to a 1/2 inch iron rod set with a yellow cap stamped "Corwin Eng. Inc.", at the northeast corner of said 10.758 acre tract;

THENCE, North 89° 39'50" West, along the north line of said 10.758 acre tract, for a distance of 788.48 feet, to a 1/2 inch iron rod set with a yellow cap stamped "Corwin Eng. Inc.";

THENCE, North 00° 20'10" East, continuing along said north line of said 10.758 acre tract, for a distance of 126.71 feet, to a 1/2 inch iron rod set with a yellow cap stamped "Corwin Eng. Inc.", on a non-tangent curve to the right, having a radius of 275.00 feet, a central angle of 60° 02'01", and a tangent of 158.88 feet;

THENCE, continuing along said north line and with said curve to the right for an arc distance of 288.14 feet (Chord Bearing North 53° 15'32" West - 275.14 feet), to a 1/2 inch iron rod set with a yellow cap stamped "Corwin Eng. Inc.";

THENCE, North 89° 39'50" West, continuing along said north line, for a distance of 161.39 feet, to a 1/2 inch iron rod set with a yellow cap stamped "Corwin Eng. Inc.", at the northwest corner of said 10.758 acre tract;

THENCE, South 00° 13'32" West, along the west line of said 10.758 acre tract, for a distance of 546.82 feet, to a 1/2 inch iron rod set with a yellow cap stamped "Corwin Eng. Inc.", in the north line of said Breezy Hill Phase 4, being on a curve to the left, having a radius of 1252.00 feet, a central angle of 09° 07'03", and a tangent of 99.83 feet;

THENCE, along the north line of said Breezy Hill Phase 4 and with said curve to the left for an arc distance of 199.23 feet (Chord Bearing North 82° 57'10" West - 199.02 feet), to a 1/2 inch iron found with a yellow cap stamped "Corwin Eng. Inc.";

THENCE, North 00° 06'14" East, continuing along said north line, for a distance of 36.78 feet, to a 1/2 inch iron rod set with a yellow cap stamped "Corwin Eng. Inc.";

THENCE, North 89° 53'46" West, continuing along said north line, for a distance of 250.00 feet, to the POINT OF BEGINNING and containing 31.254 acres of land.

SURVEYOR CERTIFICATE

I, WARREN L. CORWIN, do hereby certify that the plat shown hereon accurately represents the results of an on-the-ground survey made under my direction and supervision and all corners are as shown thereon and there are no encroachments, conflicts, protrusions or visible utilities on the ground except as shown and said plat has been prepared in accordance with the platting rules and regulations of the City Plan Commission of the City of Rockwall, Texas.

OWNER'S CERTIFICATE

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:
STATE OF TEXAS
COUNTY OF ROCKWALL
We the undersigned owner"s" of the land shown on this plat, and designated herein as the BREEZY HILL PHASE VI, subdivision to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. We further certify that all other parties who have a mortgage or lien interest in the BREEZY HILL PHASE VI, subdivision have been notified and signed this plat.

We understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. We also understand the following:

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

We further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the Subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; we, our successors and assigns hereby waive any claim, damage, or cause of action that we may have as a result of the dedication of exactions made herein.

CASE #XXXX

DECEMBER 2016 SCALE 1" = 100'

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 01/10/2017

APPLICANT: Chase Finch; *Corwin Engineering, Inc*.

AGENDA ITEM: **P2016-054**; *Breezy Hill, Phase X*

SUMMARY:

Discuss and consider a request by Chase Finch of Corwin Engineering, Inc. on behalf of John Arnold of BH 60's POD, LTD for the approval of a preliminary plat for Breezy Hill, Phase X containing 79 single-family residential lots on 19.784-acre portion of a larger 29.181-acre tract of land identified as Tract 7-05 of the J. Strickland Survey, Abstract No. 187; the J. Simmons Survey, Abstract No. 190; and the T. R. Bailey Survey, Abstract No. 30, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 74 (PD-74) for Single Family 10 (SF-10) District land uses, situated with the SH-205 By-Pass Overlay (SH-205 BY-OV) District, generally located northeast of the intersection of N. John King Boulevard and FM-552, and take any action necessary.

PLAT INFORMATION:

☑ The Breezy Hill Subdivision is a master planned community that will provide approximately 405-acres of residential and commercial development. The residential subdivision will be composed of 776 single-family lots on ~385-acres of land, and to be broken down per the lot mix indicated in Planned Development District 74 (PD-74). The lot mix in this Planned Development District is as follows.

Lot Types	*A*	*B*	*C*	*D*	*E*
Typical Lot Frontage (Feet)	*60*	*70*	*80*	*100*	*60*
Typical Lot Depth (Feet)	*120*	*120*	*125*	*200*	*120*
Minimum Lot Size (Sq. Ft.)	*7,200*	*8,400*	*10,000*	*20,000*	*7,200*
Number of Units	*186*	*117*	*326*	*107*	*40*
Dwelling Unit %	*23.97%*	*15.08%*	*42.01%*	*13.79%*	*5.15%*

☑ The purpose of this request is to *preliminary plat* Phase X of the Breezy Hill Subdivision for the purpose of laying out 79 of the 776 lots. The 79 proposed lots will be constructed to the Type 'A' [*39 lots*] and 'E' [*40 lots*] standards (*all standards are displayed in the above table*) and be situated on approximately 19.784-acres. All of the lots will be subject to PD-74 District and the 205 By-Pass Overlay (205 BY-OV) District Standards. In addition to the preliminary plat, the applicant submitted a preliminary water, sanitary sewer, and storm water plans establishing that the developer can provide adequate utilities to the proposed phase.

☑ The proposed *preliminary plat* generally conforms to the revised concept plan approved by the City Council on July 7, 2014 under *Case No. Z2014-007* [Ordinance No 14-26].

☑ On January 4, 2017 the Parks Board reviewed the *preliminary plat* and made a recommendation to approve the plat with the following conditions:

1) The developer is to pay the pro-rata equipment fees required in the amount of $16,906 [i.e. 79 Lots @ $214.00 Per Lot].

2) The developer shall continue the ten (10) foot concrete trail portion that is adjacent to John King Blvd. within Phase X.

☑ The Surveyor has completed the majority of the technical revisions requested by staff, and this plat, conforming to the requirements for *Preliminary Plats* as stated in the Subdivision Ordinance in the Municipal Code of Ordinances, is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

☑ Conditional approval of this *preliminary plat* by the City Council shall constitute approval subject to the conditions stipulated in the *Recommendation* section below.

RECOMMENDATIONS

If the Planning & Zoning Commission and City Council choose to approve the preliminary plat for Breezy Hill, Phase X, staff would recommend the following conditions of approval:

1) The Preliminary Plat shall conform to all requirements stipulated by the Planning, Engineering and Fire Departments;

2) The development shall adhere to the recommendations of the Park Board as noted in this report;

3) The applicant will need to submit a treescape plan;

4) The development will need to have an approved *site plan* before any building permits will be released; and,

5) Any construction resulting from the approval of this Preliminary Plat shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

CASE #P2016-XXX

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 01/10/2017

APPLICANT: Hammat Chauhan; *Best Western Plus, Rockwall Inn and Suites*

AGENDA ITEM: **Z2016-033**; Hotel on Vigor Way

SUMMARY:

Hold a public hearing and consider a request by Hammat Chauhan of Best Western Plus, Rockwall Inn and Suites, on behalf of the owner Pastem Corporation for the approval of a Specific Use Permit (SUP) for the purpose of allowing a residence hotel in a Commercial (C) District that exceeds 36-feet in height in the Scenic Overlay (SOV) District for a 1.74-acre parcel of land identified as Lot 1, Block A, Comfort Inn & Suites Rockwall Towne Centre Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within IH-30 Overlay (IH-30 OV) and Scenic Overlay (SOV) Districts, addressed as 700 E. IH-30, and take any action necessary.

PURPOSE AND CHARACTERISTICS OF THE REQUEST:

The applicant is requesting the approval of a Specific Use Permit (SUP) to allow a residence hotel on a 1.74-acre parcel of land located north of IH-30 on Vigor Way. This property is currently zoned Commercial (C) District. According to the Section 1, *Land Use Table*, of Article IV, *Permissible Uses*, of the Unified Development Code (UDC) a *hotel, residence* requires an SUP in a Commercial (C) District.

On August 4, 2008, the City Council approved an SUP [*Ordinance No. 08-37*] to allow for a hotel in a Commercial (C) District. At that time, the ordinance restricted *hotel, residence* on the subject property. Additionally, the ordinance required that the building elevations *strictly adhere* to the elevations contained in the ordinance. Also, the ordinance required that the building be limited to a maximum of 58-feet in height. Since this original approval, the applicant has requested to change the SUP to allow a *residence hotel* with the provision that four (4) of the suites be residence suites. In addition, the applicant is proposing new building elevations, which would be required to generally conform to the building elevations in the attached ordinance at the time of site plan. The hotel will also be limited 65-feet in height.

With the exception of the proposed residence suites, the applicant's request conforms to all applicable requirements; however, granting a Specific Use Permit (SUP) is a discretionary act to the City Council. If approved, the applicant will be required to submit a site plan and replat conforming to all applicable requirements. Additionally, this SUP shall supersede all requirements stipulated in Ordinance No. 08-37. Contained in the attached packet is a copy of the applicant's letter, a concept plan, and draft ordinance.

On November 21, 2016, and on December 19, 2016, City Council made motions to approve the applicant's request to postpone the public hearing. Since then, the applicant has made changes to the building elevations. Due to these changes, City Council continued the public hearing and remanded the case back to the Planning and Zoning Commission on January 3, 2017. Additionally, the applicant has also made changes to the height of the building and is requesting that the building be 60-feet in height instead of 65-feet in height.

ADJACENT LAND USES AND ACCESS:

The land uses adjacent to the subject property are all follows:

North: Directly north of the subject property there are two restaurants (i.e. Popeyes and Culvers). Beyond that is Ridge Road which is identified as an *M4D (major collector, four [4] lane divided highway)* in the City's *Master Thoroughfare Plan*. This area is zoned Commercial (C) District.

South: Directly south of the subject property is a restaurant (*i.e. Denny's*), an automotive shop (*i.e. Valvoline Oil Change*), and a tire shop (*i.e. Goodyear*). Beyond this is IH-30. This area is zoned Commercial (C) District.

East: Directly east of the subject property is Vigor Way, which is a private road. Beyond this street is a shopping center (*i.e. Rockwall Towne Centre*), which is zoned Commercial (C) District.

West: Directly west of the subject property there are two (2) restaurants (i.e. Wendy's and McDonalds), a shopping center (i.e. Rockwall Towne Centre), and a gas station (i.e. Chevron). Beyond this is Ridge Road which is identified as an M4D (major collector, four [4] lane, divided highway] on the City's *Master Thoroughfare Plan*. This area is zoned Commercial (C) District.

NOTIFICATION:

On October, 27, 2016, staff sent 35 notices to property owners/residents within 500-feet of the subject property. Staff also mailed notices to the Lakeside Village and Turtle Cove HOA's, which are the only HOA's/Neighborhood associations that are within 1,500-feet and participating in the notification program. Additionally, staff posted a sign on the subject property as required by the Unified Development Code (UDC). At the time this report was drafted, staff has received one (1) notice in opposition of the request.

RECOMMENDATIONS:

Should the Planning and Zoning Commission and City Council choose to approve the SUP request, staff would offer the following conditions of approval:

1) The building shall generally conform to the site plan and building elevations, depicted in Exhibit 'A' and Exhibit 'B' of the attached ordinance.

2) The hotel shall be limited to four (4) residence suites. The remaining rooms shall be typical hotel rooms (i.e. not contain kitchen facilities).

3) The building shall be no more than 60-feet in height.

4) Any construction or building necessary to complete this request must conform to the requirements set forth by the UDC, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

Z2016-033 SUP: Hotel on Vigor Way Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 Hold a public hearing and consider a request by Philip Craddock of Craddock Architecture, PLLC on behalf of the owner Pastem Corporation for the approval of a Specific Use Permit (SUP) for the purpose of allowing a hotel in a Commercial (C) District that exceeds 36-feet in height in the Scenic Overlay (SOV) District for a 1.74-acre parcel of land identified as Lot 1, Block A, Comfort Inn & Suites Rockwall Towne Centre Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within IH-30 Overlay (IH-30 OV) and Scenic Overlay (SOV) Districts, addressed as 700 E. IH-30, and take any action necessary.
I.2 For questions or comments concerning this case, please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.
M.3 For reference, include the case number (Z2016-033) in the lower right hand corner of all pages on future submittals.
M.4 Please provide North, East, South, and West Elevations
M.5 The original SUP states that a “Residence Hotel” is prohibited. Please provide a unit mix of suites vs. non suites.
I.6 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, The Planning & Zoning Worksession date for this case will be October 25, 2016. The Planning and Zoning Meeting for this case is November 15, 2016.
I.7 The City Council meeting date and subsequent approval for this SUP is November 21, 2016 [1st Reading] and December 5, 2016 [2nd Reading].

To whom it may concern:

Per your participation in the Neighborhood Notification Program, you are receiving this notification to inform your organization and residents of a request for a zoning change that lies within 1,500 feet of the boundaries of your neighborhood or subdivision. As the primary contact for the organization, you are encouraged to share this information with the residents of your subdivision. Please find attached a map detailing the location of the subject property requesting the zoning change in relation to your subdivision boundaries. Additionally, below is a summary of the zoning request that will also be published in the Rockwall Herald Banner on ***November 4, 2016***. The Planning and Zoning Commission will hold a public hearing on ***Tuesday, 11/15/2016 at 6:00 p.m.***, and the City Council will hold a public hearing on ***Monday, 11/21/2016 at 6:00 p.m***. These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street. If you have any questions or comments regarding this request, the contact information for the Planning Department is listed below. Additional information can also be found at https://sites.google.com/site/rockwallplanning/development-cases

NOTICE OF PUBLIC HEARING
CITY OF ROCKWALL, PLANNING & ZONING DEPARTMENT

PHONE: (972) 771-7745
EMAIL: PLANNING@ROCKWALL.COM

To Whom It May Concern:

You are hereby notified that the City of Rockwall Planning and Zoning Commission and City Council will consider the following application:

Case No. Z2016-033: Residence Hotel on Vigor Way

Hold a public hearing and consider a request by Philip Craddock of Craddock Architecture, PLLC on behalf of the owner Pastem Corporation for the approval of a Specific Use Permit (SUP) for the purpose of allowing a residence hotel in a Commercial (C) District that exceeds 36-feet in height in the Scenic Overlay (SOV) District for a 1.74-acre parcel of land identified as Lot 1, Block A, Comfort Inn & Suites Rockwall Towne Centre Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within IH-30 Overlay (IH-30 OV) and Scenic Overlay (SOV) Districts, addressed as 700 E. IH-30, and take any action necessary.

For the purpose of considering the effects of such a request, the Planning and Zoning Commission will hold a public hearing on **Tuesday, 11/15/2016 at 6:00 p.m.**, and the City Council will hold a public hearing on **Monday, 11/21/2016 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

Korey Brooks
Rockwall Planning and Zoning Dept.
385 S. Goliad Street
Rockwall, TX 75087

You may also email your comments to the Planning Department at planning@rockwall.com. If you choose to email the Planning Department please include your name and address for identification purposes.

Your comments must be received by **11/21/2016** to ensure they are included in the information provided to the City Council.

Sincerely,

Ryan Miller, AICP
Director of Planning & Zoning

CITY OF ROCKWALL

ORDINANCE NO. 16-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT (SUP) TO ALLOW FOR A HOTEL IN A COMMERCIAL (C) DISTRICT AND TO ALLOW FOR A STRUCTURE THAT EXCEEDS 36-FEET IN HEIGHT WITHIN THE SCENIC OVERLAY (SOV) DISTRICT, ON A 1.783-ACRE PARCEL OF LAND BEING IDENTIFIED AS LOT 8, BLOCK A, ROCKWALL TOWNE CENTER, PHASE 4, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE

WHEREAS, the City has received a request from Himmat Chauhan of Best Western Plus, Rockwall Inn & Suites, on behalf of the owner Pastem Corporation for the approval of a Specific Use Permit (SUP) to allow for a *Hotel* in a Commercial (C) District and to allow for a structure that exceeds 36-feet in height within the Scenic Overlay (SOV) District on a 1.783-acre parcel of land being described as Lot 8, Block A, Rockwall Towne Center, Phase 4, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the Scenic Overlay (SOV) and the IH-30 Overlay (IH-30 OV) Districts, addressed as 700 E. IH-30, which herein after shall be referred to as the *Subject Property* and incorporated reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Unified Development Code [*Ordinance No. 04-38*] and Specific Use Permit (SUP) No. S-55 [*Ordinance No. 08-37*] of the City of Rockwall should be amended as follows:

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Rockwall, Texas;

Section 1. That the approval of this ordinance shall supersede all requirements stipulated in *Ordinance No. 08-37*;

Section 2. That the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit (SUP) allowing a *hotel* within a Commercial (C) District as stipulated by Article IV, *Permissible Uses*, of the Unified Development Code [*Ordinance No. 04-38*] and to allow for a structure that exceeds 36-feet in height within the Scenic Overlay (SOV) District as stipulated by Article V, *District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*], on the *Subject Property*; and

Section 3. That the Specific Use Permit (SUP) shall be subject to the conditions set forth in *Section 4.5, Commercial District; Section 6.6, IH-30 Overlay (IH-30 OV) District; and Section 6.8,*

DRAFT ORDINANCE 03.08.17

Scenic Overlay (SOV) District, of Article V, District Development Standards, Unified Development Code [*Ordinance No. 04-38*] as heretofore amended and as may be amended in the future, and shall be subject to the additional following additions:

1) The building shall generally conform to the site plan and building elevations, depicted in Exhibit 'A' and Exhibit 'B' of the attached ordinance.

2) The hotel shall be limited to four (4) residence suites. The remaining rooms shall be typical hotel rooms (i.e. not contain kitchen facilities).

3) The building shall be no more than 60-feet in height.

4) Freestanding signage associated with this development shall be limited to a monument sign (i.e. no pole sign shall be allowed).

5) Any construction or building necessary to complete this request must conform to the requirements set forth by the UDC, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

Section 4. That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

Section 5. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict

Section 6. Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of TWO THOUSAND DOLLARS ($2,000.00) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

Section 7. If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

Section 8. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides;

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 6TH DAY OF FEBRUARY, 2017.

CITY OF ROCKWALL, TEXAS
MEMORANDUM

TO: Planning and Zoning Commission

FROM: Ryan Miller, *Director of Planning and Zoning*

DATE: January 10, 2017

SUBJECT: Z2016-041; *Rockwall Lofts (AG to PD)*

On January 6, 2017, the applicant, Tony Austin of TAC, Inc., requested to withdraw *Case No. Z2016-041*. According to Section 5, *Application Withdrawal*, of the Article II, *Authority and Administrative Procedures*, of the Unified Development Code (UDC), any case that has been published in the paper and notifications of a public hearing sent out must be placed on the public hearing agenda and acted upon by the applicable body.

From: Tony Austin
To: Miller, Ryan
Subject: Rockwall Lofts/Cameron property
Date: Friday, January 06, 2017 10:01:49 AM

Ryan-

Please let this letter serve as formal notice to inform the City of Rockwall that we would like to withdraw the above referenced zoning case from any further consideration at this time.

We sincerely appreciate all of your hard work and assistance in this case and I apologize for any inconvenience that our decision to withdraw may cause you or other city officials.

Respectfully,

Tony

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 01/10/2017

APPLICANT: Robert Miklos

AGENDA ITEM: **Z2016-044**; *Sonny's Carwash*

SUMMARY:

Hold a public hearing to discuss and consider a request by Robert Miklos of Miklos Law, PLLC on behalf of Hacienda Car Wash, Inc. for the approval of a Specific Use Permit (SUP) for a carwash within the Scenic Overlay (SOV) District on a 2.008-acre tract of land being identified as Lots 1 & 2-01, Block A, the Woods at Rockwall Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the Scenic Overlay (SOV) District, located south of the intersection of W. Yellow Jacket Lane and Ridge Road [*FM-740*], and take any action necessary.

PURPOSE AND CHARACTERISTICS OF THE REQUEST:

The applicant Robert Miklos of Miklos Law, PLLC on behalf of Hacienda Car Wash, Inc. is requesting a Specific Use Permit (SUP) for the purpose of constructing a full service carwash on a 2.008-tract of land zoned Commercial (C) District. Typically, a *carwash/auto detail* within a Commercial (C) District is a use permitted *by-right*; however, in this case the property is located within the Scenic (*SOV*) Overlay District. According to the SOV, under Section 6.8.C, *Special Use Standards*, of Article V, *District Development Standards*, of the Unified Development Code (UDC), "…the following uses may be considered on a case-by-case basis only and shall require a specific use permit … (*2*) Car wash (*all types*), subject to the conditions of Article IV, *Permissible Uses,* [*of the UDC*]." In addition, the standards for carwash/auto detail stated in Sec. 2.1.8 of Article IV of the UDC stipulates that, "(t)he following standards apply to any freestanding or accessory carwash or auto detail use:

1) Entrances and exists to the car wash shall not directly face any public street. On corner sites, car wash entrances or exits shall not open toward the street with the highest traffic volume, or as determined by the director of planning.

2) The car wash shall be set back a minimum of 50-feet from any street frontage."

In this case, the proposed carwash tunnel will be situated approximately 170-feet from Ridge Road and the entrance to the carwash will not face Ridge Road. The applicant's request conforms to all applicable requirements regarding a Specific Use Permit (SUP); however, granting an SUP remains a discretionary act of the City Council. If approved the applicant will be required to submit a site plan and replat the lot. Contained in the attached packet is a copy of the applicant's letter, a concept plan, and draft ordinance.

ADJACENT LAND USES AND ACCESS:

The land uses adjacent to the subject property are as follows:

North: Directly north of the subject property and across Ridge Road [*FM-740*] is a 2.4-acre vacant tract of land zoned Commercial (C) District.

South: Directly south of the subject property is Wal-Mart, which sits on a 25.93-acre tract of land, and zoned Commercial (C) District.

East: Directly east of the subject property is a vacant tract of land zoned Commercial (C) District. This site has an approved SUP and a Site Plan for a RaceTrac convenience store and fuel center.

West: Directly west of the subject property is Big D Tire which is zoned Commercial (C) District.

NOTIFICATION:

On December 27, 2016, staff mailed 43 notices to property owners and residents within 500-feet of the subject property. Staff also emailed a notice to the Turtle Cove Homeowner's Association (*HOA*), which is the only HOA located within 1,500-feet of the subject property participating in the notification program. Additionally, staff posted a sign on the *subject property*, and advertised the public hearings in the Rockwall Harold Banner as required by the Unified Development Code (UDC). At the time this case memo was drafted staff has not received any responses to the applicant's request.

RECOMMENDATIONS:

If the Planning and Zoning Commission chooses to approve the applicant's request for a Specific Use Permit (SUP) to allow a *Carwash* on the subject property then staff would recommend the following conditions of approval:

1) The applicant shall be responsible for maintaining compliance with the operational conditions contained in the SUP ordinance and summarized as follows:

    (a) The development of this property shall generally conform to the *Concept Plan* depicted in *Exhibit 'B'* of the SUP ordinance; and,
    (b) The carwash shall be setback a minimum of 50-feet from Ridge Road.

2) The applicant shall comply with all Planning, Engineering and Fire comments prior to the approval of a site plan; and,

3) Any construction or building necessary to complete this request must conform to the requirements set forth by the UDC, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

Hold a public hearing to discuss and consider a request by Robert Miklos of Miklos Law, PLLC on behalf of Hacienda Car Wash, Inc. for the approval of a Specific Use Permit (SUP) for a carwash within the Scenic Overlay (SOV) District on a 2.008-acre tract of land being identified as Lots 1 & 2-01, Block A, the Woods at Rockwall Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the Scenic Overlay (SOV) District, located south of the intersection of W. Yellow Jacket Lane and Ridge Road [FM-740], and take any action necessary.

PLANNING COMMENTS - DAVID GONZALES - 12.21.2016

The following staff comments are to be addressed and resubmitted no later than Tuesday, January 3, 2017. Please provide three (3) copies and one PDF version for a subsequent review by staff:

• On all future plan submittals please include the Case Number (Z2016-044) in the lower right hand corner.

Planning Staff General Comments/Conditions of SUP:

1. According to Section 6.8, Scenic Overlay (SOV) District, of Article V, District Development Standards, of the Unified Development Code, development of a car wash within the SOV District requires the approval of a Specific Use Permit, which shall be considered on a case-by-case basis by the City Council and shall include the following conditions:
A) According to Article IV, Permissible Uses, of the Unified Development Code, the car wash/auto detail land use is subject to the following standards:
1. Entrances and exits to the car wash shall not directly face any public street. On corner sites, car wash entrances or exits shall not open toward the street with the highest traffic volume, or as determined by the Director of Planning.
2. The car wash shall be set back a minimum of 50-feet from any street frontage.

2. The development must meet all Fire Department, Building Inspections, and Engineering standards.
3. If the SUP is approved, submittal and approval of a site plan, engineeringplans, plat and building plans are required prior to issuance of a C.O.
4. If approved, the development shall generally conform the the Concept Plan as depicted in the SUP ordinance.
4. The City Council reserves the right to review the Specific Use Permit granted herein upon the expiration of one (1) year from the date hereof.
5. Any construction or building allowed by this request must conform to the requirements set forth by the Unified Development Code, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

* The following are scheduled meeting dates that you and/or your representative(s) should attend regarding the zoning matter. Mostimportantly, be sure that you and/or your representative(s) are present for both Public Hearings as per the scheduled dates below. If you have any quesitons regarding this case, please feel free to contact David Gonzales,AICP with the Planning Department at 972-771-7745 or e-mail at dgonzales@rockwall.com.

Meeting Dates to Attend:

Planning - Work Session: December 27, 2016 (6:00 p.m.) [The applicant to present case to P&Z]
Planning - Public Hearing: January 10, 2017 (6:00 p.m.) [The applicant/representative required to be present for the public hearing process]

City Council - Public Hearing: January 17, 2016 (1st Reading of Ordinance) [6:00 p.m.]
City Council - February 6, 2016 [If approved during 1st reading of ordinance (2nd Reading of Ordinance)] [6:00 p.m.]

LETTER OF EXPLANATION

Hacienda Car Wash, Inc.
Request SUP for a Car Wash
At 2119 Ridge Road, Rockwall, Texas 75087
North of Highway 67, West of I-30 and South of W. Yellow Jacket Road

Pneuma Ventures, Inc. has authorized Hacienda Car Wash, Inc. to request a Specific Use Permit ("SUP") for a Car Wash on the property which is currently zoned as a Commercial zoning district. A Car Wash is currently not allowed by right in this Commercial zoning district as it is located in the Scenic Overlay District. A Car Wash is allowed by SUP in the commercial zoning district within the Scenic Overlay District. The size of the area of request is approximately 2.008 acres.

NOTICE OF PUBLIC HEARING
CITY OF ROCKWALL, PLANNING & ZONING DEPARTMENT

PHONE: (972) 771-7745
EMAIL: PLANNING@ROCKWALL.COM

To Whom It May Concern:

You are hereby notified that the City of Rockwall Planning and Zoning Commission and City Council will consider the following application:

Case No. Z2016-044: SUP for a Carwash

Hold a public hearing to discuss and consider a request by Robert Miklos of Miklos Law, PLLC on behalf of Hacienda Car Wash, Inc. for the approval of a Specific Use Permit (SUP) for a carwash within the Scenic Overlay (SOV) District on a 2.008-acre tract of land being identified as Lots 1 & 2-01, Block A, the Woods at Rockwall Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the Scenic Overlay (SOV) District, located south of the intersection of W. Yellow Jacket Lane and Ridge Road [FM-740], and take any action necessary.

For the purpose of considering the effects of such a request, the Planning and Zoning Commission will hold a public hearing on **Tuesday, 1/10/2017 at 6:00 p.m.,** and the City Council will hold a public hearing on **Tuesday, 1/17/2017 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

David Gonzales
Rockwall Planning and Zoning Dept.
385 S. Goliad Street
Rockwall, TX 75087

You may also email your comments to the Planning Department at planning@rockwall.com. If you choose to email the Planning Department please include your name and address for identification purposes.

Your comments must be received by **1/17/2017** to ensure they are included in the information provided to the City Council.

Sincerely,

Ryan Miller, AICP
Director of Planning & Zoning

CITY OF ROCKWALL

ORDINANCE NO. 17-XX

SPECIFIC USE PERMIT NO. S-1XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT (SUP) FOR A CAR WASH WITHIN THE SCENIC OVERLAY (SOV) DISTRICT, FOR A 2.008-ACRE TRACT OF LAND IDENTIFIED AS LOTS 1 & 2-01, BLOCK A, THE WOODS AT ROCKWALL ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; AND MORE SPECIFICALLY DESCRIBED IN EXHIBIT 'A' OF THIS ORDINANCE, PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OR FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, a request has been made by Robert Miklos of Miklos Law, PLLC on behalf of the Hacienda Car Wash for the approval of a Specific Use Permit (SUP) to allow a *car wash* on a 2.008-acre tract of land identified as Lot 1 & 2-01, Block A, The Woods at Rockwall Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the Scenic Overlay (SOV) District, and more specifically described in *Exhibit 'A'* of this ordinance, which herein after shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall should be amended as follows:

NOW AND THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

SECTION 1. That the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit (SUP) allowing for a *car wash* within the Scenic Overlay (SOV) District as stipulated by Section 6.8, *Scenic Overlay (SOV) District*, of Article V, *District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*] on the *Subject Property*; and

SECTION 2. That the *Subject Property* shall be developed and/or used only in the manner and for the purposes described in this Specific Use Permit (SUP) ordinance, and as stipulated by Section 6.8, *Scenic Overlay (SOV) District*, Section 4.1, *General Commercial District Standards*, and Section 4.5, *Commercial (C) District*, of Article V, *District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*] as heretofore amended, as amended herein by granting of this zoning change, and as may be amended in the future, and shall be subject to the additional following conditions and compliance standards:

DRAFT ORDINANCE 01.10.2017

2.1 Operational Conditions

The following conditions pertain to the operation of a *car wash* on the *Subject Property*, and conformance to these operational conditions are required for continued operations:

1) The development of this property shall generally conform to the *Concept Plan* depicted in *Exhibit 'B'* of this ordinance; and,

2) The c*ar wash* shall be setback a minimum of 50-feet from Ridge Road.

SECTION 3. That the official zoning map of the City of Rockwall be corrected to reflect the changes described herein.

SECTION 4. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict.

SECTION 5. Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *TWO THOUSAND DOLLARS* ($2,000.00) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

SECTION 6. If any section of provision of this ordinance or the application of that section or provision to any person, firm, cooperation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have to adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

SECTION 7. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 6TH DAY OF FEBRUARY, 2017.

Jim Pruitt, *Mayor*

ATTEST:

Kristy Ashberry, *City Secretary*

APPROVED AS TO FORM:

Frank J. Garza, *City Attorney*

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 01/10/2017

APPLICANT: Tom Kirkland; *TEKMAK Development Company*

AGENDA ITEM: **Z2016-045**; Towneplace Suites

SUMMARY:

Hold a public hearing to discuss and consider a request by Tom Kirkland of TEKMAK Development Company on behalf of Randall Noe of Rockwall Rental Properties, LP for the approval of a Specific Use Permit (SUP) for a Hotel, Residence in a Commercial (C) District on an approximately 3.0-acre tract of land be a portion of a larger 8.613-acre tract of land Tract 4 of the J. D. McFarland Survey, Abstract No. 145, and Lot 1, Block B, Goldencrest Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, situated north of the intersection of Greencrest Boulevard and the IH-30 Frontage Road, and take any action necessary.

PURPOSE AND CHARACTERISTICS OF THE REQUEST:

The applicant is requesting the approval of a Specific Use Permit (SUP) to allow a residence hotel on an 8.613-acre tract of land located north of the intersection of Greencrest Boulevard and the IH-30 Frontage Road. This property is currently zoned Commercial (C) District. According to the Section 1, *Land Use Table*, of Article IV, *Permissible Uses*, of the Unified Development Code (UDC) a *hotel, residence* requires an SUP in a Commercial (C) District.

With the exception of the proposed residence suites, the applicant's request conforms to all applicable requirements; however, granting a Specific Use Permit (SUP) is a discretionary act to the City Council. If approved, the applicant will be required to submit a site plan and final plat conforming to all applicable requirements.

ADJACENT LAND USES AND ACCESS:

The land uses adjacent to the subject property are all follows:

North: Directly north of the subject property there is a high school (Rockwall High School). Beyond that is W. Yellow Jacket Lane which is identified as an *M4D (major collector, four [4] lane divided highway)* in the City's *Master Thoroughfare Plan*. This area is zoned Commercial (C) District.

South: Directly south of the subject property is IH-30. This area is zoned Commercial (C) District.

East: Directly east of the subject property is vacant land. Beyond this is a car dealership (i.e. Heritage Buick GMC). This area is zoned Commercial (C) District.

West: Directly west of the subject property is Greencrest Boulevard which is identified as a Minor Collector on the City's *Master Thoroughfare Plan*. Beyond this is a strip center and a Wal-Mart store. This area is zoned Commercial (C) District.

NOTIFICATION:

On December, 27, 2016, staff sent 9 notices to property owners/residents within 500-feet of the subject property. Staff also mailed notices to the Turtle Cove and Flagstone Estates HOA's, which are the only HOA's/Neighborhood associations that are within 1,500-feet and participating in the notification program. Additionally, staff posted a sign on the subject property as required by the Unified Development Code (UDC). At the time this report was drafted, staff has received one (1) notice in support of the request.

RECOMMENDATIONS:

Should the Planning and Zoning Commission and City Council choose to approve the SUP request, staff would offer the following conditions of approval:

1) The applicant shall be responsible for maintaining compliance with the operational conditions contained in the SUP ordinance and summarized as follows.

    a. All development shall generally conform to the site plan and building elevations contained in the SUP ordinance;

    b. The building shall not exceed 60-feet in height;

2) Any construction or building necessary to complete this request must conform to the requements set forth by the UDC, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

Z2016-045 SUP for Residence Hotel:
Please address the following comments (M= Mandatory Comments; I = Informational Comments)

I.1 This is a request by Tom Kirkland of TEKMAK Development Company on behalf of Randall Noe of Rockwall Rental Properties, LP for the approval of a Specific Use Permit (SUP) for a Hotel, Residence in a Commercial (C) District on a 2.3-acre tract of land be a portion of a larger 8.613-acre tract of land Tract 4 of the J. D. McFarland Survey, Abstract No. 145, and Lot 1, Block B, Goldencrest Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, situated north of the intersection of Greencrest Boulevard and the IH-30 Frontage Road, and take any action necessary.
I.2 For questions or comments concerning this case please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.
M.3 For reference, include the case number (Z2016-045) in the lower right hand corner of all pages on future submittals.
I.4 Since a portion of the rooms will have kitchen facilities, this will be considered a "residence hotel"
M.5 Please provide North, East, South, and West Elevations.
I.6 Exterior renderings are not required but highly recommended.
I.7 The Planning and Zoning Worksession is December 27, 2016. The Planning and Zoning Meeting is January 10, 2017.
I.8 The projected City Council meeting dates for this case will be January 17, 2017 [1st Reading] & February 6, 2017 [2nd Reading].

CITY OF ROCKWALL

ORDINANCE NO. 17-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT (SUP) TO ALLOW FOR A RESIDENCE HOTEL IN A COMMERCIAL (C) DISTRICT WITHIN THE IH-30 OVERLAY (IH-30 OV) DISTRICT, ON A 3.0-ACRE PORTION OF A LARGER 8.613-ACRE TRACT OF LAND BEING IDENTIFIED AS TRACT 4 OF THE J. D. MCFARLAND SURVEY, ABSTRACT NO. 145, AND LOT 1, BLOCK B, GOLDENCREST ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE

WHEREAS, the City has received a request from Tom Kirkland of TEKMAK Development on behalf of the owner Randall Noe of Rockwall Rental Properties for the approval of a Specific Use Permit (SUP) to allow for a *Residence Hotel* in a Commercial (C) District on a 3-acre tract of land of a larger 8.613-acre tract of land being described as tract 4 of the J.D. McFarland Survey Abstract No. 145 and Lot 1, Block B, Goldencrest Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, which herein after shall be referred to as the *Subject Property* and incorporated reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall should be amended as follows:

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Rockwall, Texas;

Section 1. That the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit (SUP) allowing a *residence hotel* within a Commercial (C) District as stipulated by Article IV, *Permissible Uses*, of the Unified Development Code [*Ordinance No. 04-38*] on the *Subject Property*; and

Section 2. That the Specific Use Permit (SUP) shall be subject to the conditions set forth in *Section 4.5, Commercial District; Section 6.6, IH-30 Overlay (IH-30 OV) District of Article V, District Development Standards,* Unified Development Code [*Ordinance No. 04-38*] as heretofore amended and as may be amended in the future, and shall be subject to the additional following additions:

1) The building shall generally conform to the concept plan and building elevations, depicted in Exhibit 'A' and Exhibit 'B' of this ordinance.

2) The building shall not exceed 57-feet in height;

DRAFT ORDINANCE 04.06.17

3) Any construction or building necessary to complete this request must conform to the requements set forth by the UDC, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

Section 3. That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

Section 4. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict

Section 5. Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of TWO THOUSAND DOLLARS ($2,000.00) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

Section 6. If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

Section 7. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides;

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 6TH DAY OF FEBRUARY, 2017.

CITY OF ROCKWALL
PLANNING AND ZONING MEMO

AGENDA DATE: 01/10/2017

APPLICANT: Sarah Williamson *of Kimley-Horn and Associates*

AGENDA ITEM: **Z2016-046**; *PD Development Plan*

SUMMARY:

Hold a public hearing to discuss and consider a request by Sarah Williamson of Kimley-Horn and Associates on behalf of Stone Creek SF LTD & Stone Creek Balance LTD for the approval of a PD Development Plan for a grocery store on 7.46-acre identified as a portion of as a portion of a larger 164.812-acre tract of land identified as Tract 3 of the S. King Survey, Abstract No. 131, City of Rockwall, Rockwall County, Texas, being zoned Planned Development District 70 (PD-70), situated within the North SH-205 Overlay (N-SH205 OV) District, generally located at the northeast corner of the intersection of E. Quail Run Road and N. Goliad Street [N. SH-205], and take any action necessary.

BACKGROUND:

On October 19, 2009, the City Council passed Ordinance No. 09-44 [Planned Development District 70 (PD-70)], which amended the concept plan and development standards for the approximate 395.075-acre tract of land commonly referred to as PD-70, or the Stone Creek Addition. The amendment to the PD concept plan and PD development standards designated an approximately seven (7)-acre area as "Retail" (*the subject property*) and required the approval of a PD Development Plan for this retail addition. Additionally on August 15, 2011, the City Council passed Ordinance No. 11-35 (PD-70), which amended Ordinance No. 09-44 in order to reconfigure and enlarge the "Retail" area from approximate seven (7)-acres to 8.402-acres; however, the development of the property shall continue to be governed by the PD Development standards established in Ordinance No. 09-44. Key characteristics built into the PD concept plan include the integration of adjacent uses such as pedestrian walkways, landscape buffers, and other urban design elements rather than the separation of uses by screening walls. The purpose of these requirements was to create compatibility with the surrounding neighborhoods.

The applicant Sarah Williamson is requesting approval of a *PD Development Plan* for a proposed 35,962 SF grocery store on a 7.46-acre tract of land being as a portion of a larger 164.812-acre tract of land identified as Tract 3 of the S. King Survey, Abstract No. 131 and zoned Planned Development District 70 (PD-70). The *subject property* is situated within the North SH-205 Overlay (*N-SH205 OV*) District and is generally located at the northwest corner of the intersection of E. Quail Run Road and N. Goliad Street [N. SH-205]. It should be noted that a PD site plan [SP*2016-034*] has been submitted concurrently with this request. Prior to the approval of the PD Site Plan, the PD Development Plan will require approval.

STAFF ANALYSIS:

According to Ordinance No. 09-44, the proposed *grocery store* is permitted by-right pending the maximum building area does not exceed 80,000 sq. ft. The ordinance also requires the design of the retail area to be pedestrian oriented and easily accessible to the adjacent residential

neighborhoods, integrating the design with the adjacent uses and not separating them by screening walls or other physical barriers. The design should also incorporate urban design elements with landscape buffers to create compatibility with the surrounding neighborhoods. It should be noted that a floodplain traverses through the western portion of the development and continues along the northern boundary of the *subject property*. This natural barrier separates the development from Stone Creek, Phase IV and prevents pedestrian accessibility to that area. The PD Concept Plan provides for a five (5) foot sidewalk connecting to the existing sidewalk along Quail Run Road. This path will allow pedestrians to access the property. The PD Concept Plan indicates this area to be landscaped and includes a sitting area that can be used for pedestrian activities. The concept plan also depicts the use of landscaping elements in lieu of screening walls as required by PD-70. Additionally, the PD concept plan indicates eastern red cedar trees will be planted along the northern property line, which will limit visibility of the development from the homes in Stone Creek, Phase IV. In addition, the concept plan indicates the loading dock and dumpster enclosure will be orientated facing Quail Run Road and only minimal landscaping will provide to screening to this area. The applicant intends to demonstrate that this areas' visibility is limited based on its topography and location. This will require approval by the City Council to allow the orientation facing onto the public street.

Considering the intent of PD-70 (*i.e. the creation of pedestrian oriented characteristics*) the proposed PD concept plan appears to conform to the intent of the ordinance with respect to creating a pedestrian oriented environment. It should be noted that the City Council retains discretionary approval of the *PD Development Plan*--with regard to the screening and pedestrian elements--for the purpose of ensuring the proposed request does not have a negative impact on the adjacent subdivisions.

NOTIFICATION:

On December 27, 2016, staff mailed 54 notices to property owners and residents within 500-feet of the subject property. Staff also emailed notices to the Stone Creek, Quail Run, Lakeview Summit and Random Oaks/Shores Homeowner's Associations (HOA), which are the only HOA's located within 1,500 feet of the subject property participating in the notification program. Additionally, staff posted a sign on the property along N. Goliad Street as required by the Unified Development Code (UDC). At the time this case memo was drafted, staff has received six (6) responses opposed to the applicants' request; however, the majority of the opposition appears to be opposed to the grocery store use and not the elements being addressed in this *PD Development Plan*.

RECOMMENDATIONS:

If the Planning and Zoning Commission recommends approval of the applicant's request for a *PD Development Plan* then staff would propose the following conditions of approval:

1) Development of this property shall generally conform to the *PD Development Ordinance*; and,

2) That any construction resulting from the approval of this *zoning request* shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING COMMENTS - DAVID GONZALES - 01.05.2017

All staff comments are to be addressed and resubmitted for a final review by staff:

Planning Department General Comments are as follows:

1. PD-70 requries a PD Development Plan to be approved prior to PD site plan approval.

Please addressthe following Planning Comments for the Concept Plan submitted:

1. Add the following to the PD Concept Plan: a) the landscape planning elements and b) screening of the loading dock and dumpster area with increased vegetation/berm elements.
2. Provide a line-of-sight study indicating proper screeing of the loading dock and dumpster area in relation to the height of the vegetation as screening.

The following are scheduled meeting dates that you and/or your representative(s) should attend regarding the PD Site Plan. If you have any quesitons regarding this case, please feel free to contact David Gonzales, AICP with thePlanning Department at 972-771-7745.

Meeting Dates to Attend:

Architectural ReviewBoard: January 10, 2017 (5:00 p.m.) [applicant to receive recommendations from ARB]

Planning - Public Hearing: January 10, 2017 (6:00p.m.) [P&Z to take action (i.e. approve, approve with conditions, etc.)

City Council - Pulblic Hearing: January 17, 2016 (6:00 p.m.) [1st Reading of PD Ordinance]

City Council - Pulblic Hearing: February 6, 2016 (6:00 p.m.) [2nd Reading of PD Ordinance]

To Whom It May Concern:

You are hereby notified that the City of Rockwall Planning and Zoning Commission and City Council will consider the following application:

Case No. Z2016-046: PD Development Plan - LIDL

Hold a public hearing to discuss and consider a request by Sarah Williamson of Kimley-Horn and Associates on behalf of Stone Creek SF LTD & Stone Creek Balance LTD for the approval of a PD Development Plan for a grocery store on 7.46-acre identified as a portion of as a portion of a larger 164.812-acre tract of land identified as Tract 3 of the S. King Survey, Abstract No. 131, City of Rockwall, Rockwall County, Texas, being zoned Planned Development District 70 (PD-70), situated within the North SH-205 Overlay (N-SH205 OV) District, generally located at the northeast corner of the intersection of E. Quail Run Road and N. Goliad Street [N. SH-205], and take any action necessary.

For the purpose of considering the effects of such a request, the Planning and Zoning Commission will hold a public hearing on **Tuesday, 1/10/2017 at 6:00 p.m.,** and the City Council will hold a public hearing on **Tuesday, 1/17/2017 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

Subject: Case Number: Z2016-046..Case Name: PD Development Plan (Grocery Store)...Zoning: Planned Development 70..NE Corner of E. Quail Run Road& N. Goliad St.

I am opposed to the request for the reasons listed below:

1. There are already too many grocery stores within this area....Kroger's, Tom Thumb, 7-11 convenience store, Sonic, Wal-Mart, Walgreens, and CVS (that sell food products). There is also likely to be something like this venue added to the site of land across from Kroger's, that is vacant at the present time. We have also been told that an Aldi's store is to be built in the vacant land next to Nebbie Williams Elementary School.
2. Will this facility sell alcoholic products or gasoline across from the Light House Child Care facility?
3. The traffic that will be added to this now over crowded, dangerous, area is also disturbing as the number of collisions has already increased, according to one of the managers at the Walgreen's store.
4.The map shows this shaded, blue striped area to be North of the CVS store in a area that has three stock tanks to hold or detain all of the water that was generated BEFORE the nearly 9 acre detention pond was built behind the Fire Station in the new Stone Creek Subdivision. All of this eventually flows under S6tate 205. There are Federally protected Beavers located in the area in question. I am sure the State and Federal authorities would be concerned if this habitat was destroyed or altered.
5. Common sense would dictate that this is a totally unacceptable project in its present, proposed, location for all the reasons I have stated above and probably a few more that I have not injected into this e mail.

Dear Planning & Zoning Department,

I would like to express my opposition to the proposed use of this site as a "Grocery Store." Kroger has recently opened a large store directly across the street, and it is within a mile of the previously existing Tom Thumb. I fail to see the need to put another one in this location. With a high concentration of grocery stores, the probability of at least one failing is high. An example is the cluster of three stores across the lake in Rowlett. The site has awkward access and there are terrain challenges that would require extensive site preparation. I would like to think that there are better options available for the use of this piece of property.

Regards,
Douglas B. Nurmi

Subject: PD Development Plan - LIDL

Please note my exception to additional development in the form of yet another grocery store in the Quail Run/N. Goliad area. This continued development; i.e. Kroger, Chick Fil A, Starbucks, and now LIDL, grossly outweighs the areas' ability to withstand the extensive additional traffic. Frankly, Chick Fil A was bad enough but to add a Starbucks? Is it even possible to come up with any properties that would cause more of a traffic tie-up than the combination of these two stores? It boggles the mind what the plan might be. Now the addition of not one, but two grocery stores? I am baffled. Assuming that the goal is to cover every possible area of green with a tax paying business of some kind; surely it is possible to bring in a business that is not based purely on customers repeatedly coming in and out of the area? Again, the infrastructure of the area is not sufficient to sustain the kind, or rate, of development that is being continuously proposed.

Thank you for your consideration in this matter.

Bobbi White

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 01/10/2017

APPLICANT: Michael Hunter, *North Texas Community Development Corporation*

AGENDA ITEM: **MIS2017-001**; *Special Request for 504 Ross Street*

SUMMARY:

Discuss and consider the approval of a special request by Michael Hunter of the North Texas Community Development Corporation for a waiver to building setback requirements for the purpose of constructing a duplex on a 0.09-acre parcel of land identified as Lot 1B, Block H, Sanger Addition, City of Rockwall, Rockwall County, Texas, being zoned Multi-Family 14 (MF-14) District, situated within the Southside Residential Neighborhood Overlay (SRO) District, addressed as 504 Ross Street, and take any action necessary.

BACKGROUND:

Michael Hunter of the North Texas Community Development Corporation has submitted a special request concerning the property at the corner of the intersection of Peters Colony and Ross Street (*i.e. 504 Ross Street*). The property is zoned Multi-Family 14 (MF-14) District and is located within the Southside Residential Neighborhood Overlay (SRO) District. On October 5, 2015, the City Council approved a special request for the subject property, which reduced the side yard setback adjacent to Ross Street from 20-feet to ten (10) feet. The purpose of this request was to allow a two (2) story duplex to be constructed on the subject property. Also requested on October 5, 2015 was an exception to the masonry requirements for the purpose of allowing 100% HardiePlank lap-siding. This request failed due to lack of a motion by the City Council.

PURPOSE OF REQUEST:

Mr. Hunter has submitted a letter to staff requesting that the City Council approve an additional variance of five (5) inches adjacent to the property line fronting on to Ross Street. This will reduce this building setback to 9'-7". According to the letter submitted by Mr. Hunter the additional five (5) inches is needed to support the stone veneer. The original house plans submitted by the applicant showed 100% HardiePlank lap-siding and did not account for the changes that were required due to the failure of the masonry exception. As was talked about in the previous case, the subject property is only 40-feet wide. Typically, properties require a minimum of 50-feet of street frontage; however, the subject property being annexed prior to 1959 and being platted prior to 1983 is consider to be a *Lot of Record*, "…or a parcel of land not a part of an urban or town lot subdivision, the deed of which has been recorded in the office of the county clerk of Rockwall County prior to the adoption date of the ordinance [*1983*] from which this [*the*] Unified Development Code (UDC) is derived which has not been divided since recording." Section 6.4, *Southside Residential Neighborhood Overly (SRO) District*, of Article V, *District Development Standards*, of the Unified Development Code (UDC) grants the City Council the ability to consider special requests within the district -- *including the ability to vary setbacks* -- "…in [the] furtherance of neighborhood preservation and enhancement …" This is a discretionary decision for the City Council.

RECOMMENDATIONS:

If the Planning & Zoning Commission and City Council choose to approve the applicant's request staff would recommend the following conditions:

1) Any construction or building allowed by this request must conform to the requirements set forth by the Unified Development Code, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

North East Texas Community Development Corporation

787 Hail Drive
Rockwall, TX 75032
(972) 722-7316; (844) 432-2493 - Fax

Date: December 29, 2016

Mr. Ryan Miller
Director, Planning and Zoning Department
City of Rockwall
385 South Goliad Street
Rockwall, Texas 75087

Mr. Miller:

Please consider this letter as our official request for a variance in North set back requirements in connection with the proposed construction of a duplex to be built on and located at 504 East Ross Street in the Southside Neighborhood Overlay District.

When we submitted the original request for a variance in the North and South setback requirements to 10 feet each, I was under the mistaken understanding that the setback was measured from the edge of the property line to the closest edge of the building foundation. I have since learned differently. Additionally, both the architect and foundation engineering firm increased the width of the foundation by 5 inches to accommodate the required stone veneer.

That being said, the current project as designed extends into the North side setback by approximately 5 inches on the due to the stone veneer requirement.

In order to fit the building on the site as currently designed with the current set-back requirements, the building foundation width would have to be reduced by 5 inches. Reducing the width of the building by 5 inches would equate to reducing the living space in the building by 43 square feet. Because the building is so compact to begin with, it would be very difficult to carve 43 square feet out of the current design and still have a workable duplex with two three bedroom units.

In order to make the building as designed fit on the lot, we respectfully request the City Council to consider approving a variance reducing North side setback by 5 inches.

Thank you for considering our request.

Sincerely
Michael Hunter
Executive Director

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 01/10/2016

APPLICANT: John Wardell; *Lake Point Church*

AGENDA ITEM: **SP2016-032;** Lake Point Baptist Church

SUMMARY:

Discuss and consider a request by John Wardell of Lake Point Church for the approval of a site plan for a worship and education building for an existing church on a 2.55-acre portion of a larger 34.46-acre parcel of land identified as Lot 1, Block A, Lake Pointe Baptist Church Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, located east of the intersection of FM-740 and the IH-30 Frontage Road, and take any action necessary.

PURPOSE:

The applicant is requesting approval of a Site Plan for the purpose of constructing a 44,873 sq. ft. *worship and education* building for an existing church. The proposed building is situated 2.55-acre portion of a larger 34.46-acre parcel of land [*Lot 1, Block A, Lake Point Baptist Church Addition*] and is zoned Commercial (C) District. The site is located east of the intersection of FM-740 and the IH-30 Frontage Road and is addressed as 695 E. Interstate 30. According to Article IV, *Permissible Uses*, of the Unified Development Code (UDC) the proposed use is permitted by right in a Commercial (C) District. The proposed worship and education building will be located behind an existing 2-story parking garage and will not have visibility from IH-30 or Ralph Hall Parkway. With the exception of the requested variances the submitted site plan and building elevations conform to the technical requirements contained within the Unified Development Code (UDC) for properties located in the IH-30 Overlay (IH-30 OV) District and zoned for Commercial (C) District land uses.

VARIANCES:

According to Section 6.6b, *IH-30 Overlay (IH-30 OV) District,* of Article V, *District Development Standards*, of the Unified Development Code, secondary materials used on a façade of a building (e.g. aluminum, metal, EIFS, cast stone, and cultured stone) shall comprise less than ten (10) percent of an elevation area. In this case, the applicant is requesting a variance to the secondary materials standards and is proposing between 15% to 79% secondary materials per façade. A breakdown of secondary materials per façade is depicted in the *Table A*.

Table A: Secondary Materials Per Façade

Elevation	Material	Surface Area (Sq. Ft.)	% of Façade	Elevation	Material	Surface Area (Sq. Ft.)	% of Façade
North	Total Façade	6,765		West	Total Façade	8,219	
	Aluminum	410	6		Aluminum	129	1.5
	Cast Stone	504	7		Cast Stone	194	1.5
	EIFS	4,929	73		EIFS	6,470	79
	Stone Veneer	13	<1		Stone Veneer	966	12
	Storefront	906	13		Storefront	460	6

Elevation	Material	Surface Area (Sq. Ft.)	% of Façade	Elevation	Material	Surface Area (Sq. Ft.)	% of Façade
East	Total Façade	8,323		South	Total Façade	7,303	
	Aluminum	745	9		Aluminum	367	5
	Cast Stone	1,507	18		Cast Stone	1,099	15
	Concrete	103	1		EIFS	3,353	46
	EIFS	3,903	47		Steel Cross	52	<1
	Stone Veneer	1,259	15		Stone Veneer	1,806	25
	Storefront	806	10		Storefront	626	8.6

RECOMMENDATIONS:

If the Planning & Zoning Commission chooses to approve the applicant's request then staff would recommend the following conditions of approval:

1) All technical comments provided by the Planning, Engineering and Fire Department must be addressed prior to the submittal of a building permit;

2) Any construction or building necessary to complete this Site Plan request must conform to the requirements set forth by the UDC, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

(12/23/2016 9:10 AM KB)
SP2016-032 (Lake Point Baptist Church): Please address the following comments (M= Mandatory Comments; I = Informational Comments)

I.1 This is a request by John Wardell of Lake Pointe Church for the approval of a site plan for a worship and education building for an existing church on a 2.55-acre portion of a larger 34.46-acre parcel of land identified as Lot 1, Block A, Lake Pointe Baptist Church Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, located east of the intersection of FM-740 and the IH-30 Frontage Road.
I.2 For questions or comments concerning this case please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.
M.3 For reference, include the case number (SP2016-032) in the lower right hand corner of all pages on future submittals.
I.4 This property is located in the IH 30 (IH-30 OV) District and is subject to stricter architectural/site design standards. Each exterior wall shall consist of 90% masonry including a minimum 20% natural or quarried stone. Cast stone and aluminum are considered to be secondary materials. Any secondary materials over 10% per façade will require a variance. Also the stone veneer may require a variance as well.
M.5 Site Plan. Please remove interior from the building footprint on the site plan.
M.6 Site Plan. Please provide color building elevations. Renderings are also very helpful.
~~M.7 Photometric. Please provide a Photometric Plan with cut sheets.~~
M.8 Building Elevations. Please provide a spec on stone used in elevation.
M.9 Building Elevations. Please provide height of the HVAC screening.
I.10 The Architectural Review Board (ARB) meeting for this case will be held on December 27, 2016.
I.11 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested. Revisions for this case will be due on January 3, 2017; however, it is encouraged for applicants to submit revisions as soon a possible to give staff ample time to review the case prior to the January 10, 2017 Planning & Zoning Meeting. The Planning & Zoning Work Session meeting will be held on December 27, 2016.
I.12 If necessary the projected City Council meeting date for this case will be January 17, 2017.

Re: Lake Pointe Church New Worship / Education Building – Site Plan Application Submittal

Ryan,

For the Photometric Plan, the exterior light intensity will not exceed 0.2 of one foot candle at the property line of a non-residential property. In addition, lighting in parking areas will not exceed an average of 1.5 foot candles at ground level and the pole height will be no higher than 30 feet.

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 01/10/2017

APPLICANT: Sarah Williams *of Kimley-Horn and Associates*

AGENDA ITEM: **SP2016-034**; *PD Site Plan for Grocery Store.*

SUMMARY:

Discuss and consider a request by Sarah Williamson of Kimley-Horn and Associates on behalf of Stone Creek SF LTD & Stone Creek Balance LTD for the approval of a PD site plan for a grocery store on 7.46-acre identified as a portion of as a portion of a larger 164.812-acre tract of land identified as Tract 3 of the S. King Survey, Abstract No. 131, City of Rockwall, Rockwall County, Texas, being zoned Planned Development District 70 (PD-70), situated within the North SH-205 Overlay (N-SH205 OV) District, generally located at the northeast corner of the intersection of E. Quail Run Road and N. Goliad Street [N. SH-205], and take any action necessary.

PURPOSE:

An application for a PD Site Plan has been submitted for approval of a 35,962 SF grocery store on a 7.46-acre tract of land identified as a portion of a larger 164.812-acre tract of land identified as Tract 3 of the S. King Survey, Abstract No. 131 and zoned Planned Development District 70 (PD-70). The subject property is situated within the North SH-205 Overlay (*N-SH205 OV*) District and is generally located at the northwest corner of the intersection of E. Quail Run Road and N. Goliad Street [N. SH-205]. A PD Development Plan [*Z2016-046*] has been submitted concurrently with this request; however, the PD Development Plan must be approved prior to approval of this PD site plan. This has been added as a condition of approval.

With the exception of the variance and exception requests, the submitted site plan, building elevations, photometric, treescape and landscape plans, conform to the technical requirements contained within the Unified Development Code (UDC) and Planned Development District 70 (PD-70), with the exception of the items listed in the *Recommendations* section of this case memo. A summary of the density and dimensional requirements is as follows:

Ordinance Provisions	*Zoning District Standards*	*Conformance to the Standards*
Minimum Lot Area	*6,000-SF*	*7.46-Acres; In Conformance*
Minimum Lot frontage	*60-Feet*	*x>60-Feet; In Conformance*
Minimum Lot Depth	*100-Feet*	*x>100-Feet; In Conformance*
Minimum Front Yard Setback	*15-Feet*	*x>15-Feet; In Conformance*
Minimum Rear Yard Setback	*10-Feet*	*x>10-Feet; In Conformance*
Minimum Side Yard Setback	*10-Feet*	*x>10-Feet; In Conformance*
Maximum Building Height	*36-Ft w/o SUP*	*28.4-ft; Approved with SUP*
Max Building/Lot Coverage	*40%*	*X<40%; In Conformance*
Minimum Masonry Requirement	*90%*	*>90%; In Conformance*
Minimum Stone Requirement (SH205 OV)	*20% ea facade*	*x=0%; Variance Requested*
Minimum Number of Parking Spaces	*144*	*194 Provided; In Conformance*

TREESCAPE PLAN:

The applicant has provided a treescape plan indicating a total of 428 caliper inches being removed from the site. As a note, Cedar and Hackberry trees that are 11 inches dbh or larger, shall be replaced at 50 percent of the total caliper inches being removed; however, Cedar and Hackberry trees that are less than 11 inches dbh shall not be considered a protected tree. Also being removed from the site are feature trees (any pecan, elm, or oak) that are considered to be protected and require approval by the Planning and Zoning Commission. Replacement of hardwood trees requires replacement on an inch-for-inch basis. The applicant's landscape plan depicts the provision of 56, three (3) inch caliper trees leaving a mitigation balance of 260 caliper inches.

In order to satisfy the tree mitigation balance of 428 caliper inches, the applicant may choose one of the following:

a) provide additional trees on site,
b) provide the Parks Department with any number of trees (minimum 3 caliper inch) that totals the mitigation balance due,
c) provide a maximum 20% of the mitigation inches in cash at $125 per caliper inch to be paid to the City's Tree Fund with the remaining balance provide in trees to the Parks Department, or
d) Request an alternative tree mitigation plan to be approved by the City Council.

VARIANCE AND EXCEPTION REQUESTS:

The applicant is requesting the following variances and exceptions to the N. SH-205 OV and the *Unified Development Code* (UDC) for the sections outlined below. As a note, a variance request to the UDC requires passage of a simple majority vote by the City Council for approval; however, a variance to the *N. SH-205 OV District* requires passage by a ¾ majority vote of those City Council members present. The requests are as follows:

1. Art. V, Sec. 6.11.C.1a of the N. SH-205 OV requires each exterior wall to consist of 90% masonry materials, including 20% natural or quarried stone on walls which are visible from a public street or open space. The elevations as presented do not provide stone and does not meet this requirement. *Approval of the variance requested to the N. SH-205 OV requires passage by a 3/4 majority vote of City Council.*

2. Art. V, Sec. 6.11.C.5 of the N. SH-205 BY OV requires all buildings to be architecturally finished on all four sides with the same materials, detailing, and features. The east elevation does not meet this requirement. *Approval of the variance requested to the N. SH-205 OV requires passage by a 3/4 majority vote of City Council.*

3. Art. V, Sec. 4.1. of the UDC requires horizontal and vertical articulation. The building elevations on the north, south, and west do not meet the minimum requirements establish by the General Commercial District Standards for articulation. *Approval of exceptions to the horizontal and vertical articulation standards of the UDC requires a simple majority vote of City Council for approval.*

The approval of variances and exceptions are a discretionary decision for the Planning and Zoning Commission and City Council.

ARCHITECTURAL REVIEW BOARD (ARB):

On December 27, 2016, the Architectural Review Board (ARB) did not meet due to the lack of a quorum. The ARB is scheduled to meet on January 10, 2017 and should provide a recommendation to the Planning and Zoning Commission at this meeting.

RECOMMENDATIONS:

The site plan submitted by the applicant meets all the technical criteria stipulated by the N SH-205 OV and the UDC with the exception of the requested variances. Should the Planning and Zoning Commission choose to approve the applicant's request, then the following conditions of approval should be considered with this case:

1) All staff comments provided by the Planning, Engineering and Fire Department must be addressed prior to the submittal of a building permit;

2) The approval of this PD Site Plan shall constitute conditional approval until the approval of Case No. Z2016-044 (*i.e. the PD Development Plan*).

3) Development of this property shall generally conform to the *PD Development Plan* as approved by Case No. Z2016-044;

4) Any construction or building necessary to complete this PD Site Plan request must conform to the requirements set forth by the UDC, the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING COMMENTS - DAVID GONZALES - 01.05.2017

All staff comments are to be addressed and resubmitted for a final review by staff. Please provide three large folded copies [24" X 36" FOLDED] and one PDF version:

Planning Department General Comments are as follows:

1. PD-70 requries a PD Development Plan to be approved prior to PD site plan approval. However, the PD allows for concurrently submittal of both plans.
2. Adherence to Engineering and Fire Department standards shall be required.
3. Submittal and approval of a Civil Engineering Plans and Final Plat prior to issuance of a Certificate of Occupancy (CO). Plat mylars are to be submitted prior to issuance of building permit.
4. All exterior signage requires submittal and approval of a separate building permit through the building inspections department.

VARIANCES and EXCEPTIONS FOR CITY COUNCIL TO CONSIDER:

** 1. Art V, Sec. 6.11.C.1a of the N SH-205 OV requires each exterior wall to consist of 90% masonry materials,..., including 20% natural or quarried stone on walls which are visible from a public street or open space. The elevations as presented do not provide stone and does not meet this requirement.
** 2. Art V, Sec. 6.11.C.5 of the N SH-205 BY OV requires all buildings shall be architecturally finished on all four sides with the same materials, detailing, and features. The esat elevation does not meet this requirement.

** Approval of the variance requested to the N SH-205 OV requires passage by a 3/4 majority vote ofCity Council.

EXCEPTION FOR CITY COUNCIL TO CONSIDER:
****1. ArtV, Sec. 4.1. of the UDC - Exception to the Horizontal & Vertical Articulation Standards - the buildings north, south, and west elevations as submitted are not meeting the minimum requirements establish by the General Commercial District Standards for articulation.

**** Approval of the exceptions to the horizontal and vertical articulation standards of the UDC requires passage by a simple majority vote of City Council.

Please addressthe following Planning Comments for each plan submitted:

Site Plan:
1. Truck loading dock and dumpster are not to face a public street. Requires approval by the Planning and Zoning Commission and City Council.

Building Elevations:
1. Variance's and Exception to the N SH-205 OV as stated above requires approvals as noted by the City Council (of those Council members present).
2. Provide a materials samples board for the ARB review.

Landscape Plan:
1. Meets intent of UDC as revised.

Photometric Plan:

Type of Review / Notes	Contact	Sent	Due	Received	Elapsed	Status	Remarks
1. Meets intent of UDC as revised. The following are scheduled meeting dates that you and/or your representative(s) should attend regarding the PD Site Plan. If you have any quesitons regarding this case, please feel free to contact David Gonzales, AICP with thePlanning Department at 972-771-7745. Meeting Dates to Attend: Architectural Review Board: January 10, 2017 (5:00 p.m.) [applicant to receive recommendations from ARB] Planning - Action: January 10, 2017 (6:00p.m.) [P&Z to take action (i.e. approve, approve with conditions, etc.) City Council - Action: January 17, 2016 (6:00 p.m.) [FOR VARIANCE & EXCEPTION REQUEST ONLY]							
PLANNING	David Gonzales	12/16/2016	12/23/2016	12/20/2016	4	COMMENTS	See comments

Discuss and consider a request by Sarah Williamson of Kimley-Horn and Associates on behalf of Stone Creek SF LTD & Stone Creek Balance LTD for the approval of a site plan for a grocery store on 7.46-acre identified as a portion of as a portion of a larger 164.812-acre tract of land identified as Tract 3 of the S. King Survey, Abstract No. 131, City of Rockwall, Rockwall County, Texas, being zoned Planned Development District 70 (PD-70), situated within the North SH-205 Overlay (N-SH205 OV) District, generally located at the northeast corner of the intersection of E. Quail Run Road and N. Goliad Street [N. SH-205], and take any action necessary.

PLANNING COMMENTS - DAVID GONZALES - 12.21.2016

All staff comments are to be addressed and resubmitted by Tuesday, January 3, 2017. Please provide three large copies [24" X 36" FOLDED] and one PDF version for a subsequent review by staff:

Planning Department General Comments to be addressed are as follows:

1. PD-70 requries a PD Development Plan to be approved prior to PD site plan approval. However, the PD allows for concurrently submittal of both plans.
2. Adherence to Engineering and Fire Department standards shall be required.
3. Label revised site plan documents with "Case No. SP2016-034" at the lower right corner of each plan.
4. Submittal and approval of a Civil Engineering Plans and Final Plat prior to issuance of a Certificate of Occupancy (CO). Plat mylars are to be submitted prior to issuance of building permit.
5. All exterior signage requires submittal and approval of a separate building permit through the building inspections department.

VARIANCES and EXCEPTIONS FOR CITY COUNCIL TO CONSIDER:

** 1. Art V, Sec. 6.11.C.1a of the N SH-205 OV requires each exterior wall to consist of 90% masonry materials,..., including 20% natural or quarried stone on walls which are visible from a public street or open space. The elevations as presented do not provide stone and does not meet this requirement.
** 2. Art V, Sec. 6.11.C.1a of the N SH-205 OV requires each exterior wall to consist of 90% masonry materials,..., and limits stucco to 50 percent of the buildings exterior finish. Also, stucco may not be located in the first four feet above grade where visible from a street or public area. The elevations indicate stucco exceeding 50% of the required masonry standard for the east and north elevations. Also, stucco is present at grade on the east elevation.
** 3. Art V, Sec. 6.11.C.5 of the N SH-205 BY OV requires all buildings shall be architecturally finished on all four sides with the same materials, detailing, and features. The esat elevation does not meet this requirement.

** Approval of the variance requested to the N SH-205 OV requires passage by a 3/4 majority vote of City Council.

EXCEPTION FOR CITY COUNCIL TO CONSIDER:
****1. ArtV, Sec. 4.1. of the UDC - Exception to the Horizontal & Vertical Articulation Standards - the buildings north, south, and west elevations as submitted are not meeting the minimum requirements establish by the General Commercial District Standards for articulation.

**** Approval of the exceptions to the horizontal and vertical articulation standards of the UDC requires passage by a simple majority vote of City Council.

Please addressthe following Planning Comments for each plan submitted:

Site Plan:
1. Relabel title as "PD Site Plan"

2. Provide PD Development Plan elements on site plan (e.g. pedestrian orientation & accessibility, walking path, proposed access points to the site, tree & floodplain preservation, etc.)
3. Indicate and label firelane and access as: "24-ft Firelane (minimum), Utility, and Public Access Easement" or as appropriate.
4. Truck loading dock and dumpster are not to face a public street. Requires approval by the Planning and Zoning Commission.

Building Elevations:
1. Variance's and Exception to the N SH-205 OV as stated above requires approvals as noted by the City Council (of those Council members present).
2. PD-70 does not allow for outside storage, display or merchandising unless specifically shown and approved on the PD Site Plan. The cart storage area is considered outside storage and requires approval by the Planning and Zoning Commission.
3. RTU's are to be visually screened from right-of-ways and adjacent properties at the property line. Dash-in RTU's.
4. What is "R-1" TPO Roof - is this an actually roof (parrapet, mansard style) or an extension of the elevations wall? What materials are being used? What does the 39.39% represent in the materials legend?
5. Provide a materials samples board for the ARB review.

Landscape Plan:
1. Provide Sod in area's labeled as "seed" and remove the label "seed". Disturbed area's require erosion control prior to release of CO (see Engineerings standards of design).
2. Correct "Planting Notes" #9 by removing the words "grass seeding" from the statement.

Photometric Plan:
1. The lighting pole standards are not to exceed a maximum overall heightof 20-ft (includes pole, base, or combination thereof) per the PD Ord. standards. Provide detail for pole standard. 2. Provide cut sheets for all exterior lighting fixtures.

The following are scheduled meeting dates that you and/or your representative(s) should attend regarding the PD Site Plan. If you have any quesitons regarding this case, please feel free to contact David Gonzales, AICP with thePlanning Department at 972-771-7745.

Meeting Dates to Attend:

Architectural Review Board: December 27, 2016 (5:00 p.m.) [applicant to receive recommendations from ARB]

Planning - Work Session: December 27, 2016 (6:00p.m.) [applicant to present case to P&Z for discussion].

Planning - Action: January 10, 2017 (6:00p.m.) [P&Z to take action (i.e. approve, approve with conditions, etc.)

City Council - Action: January 17, 2016 (6:00 p.m.) [FOR VARIANCE & EXCEPTION REQUEST ONLY]

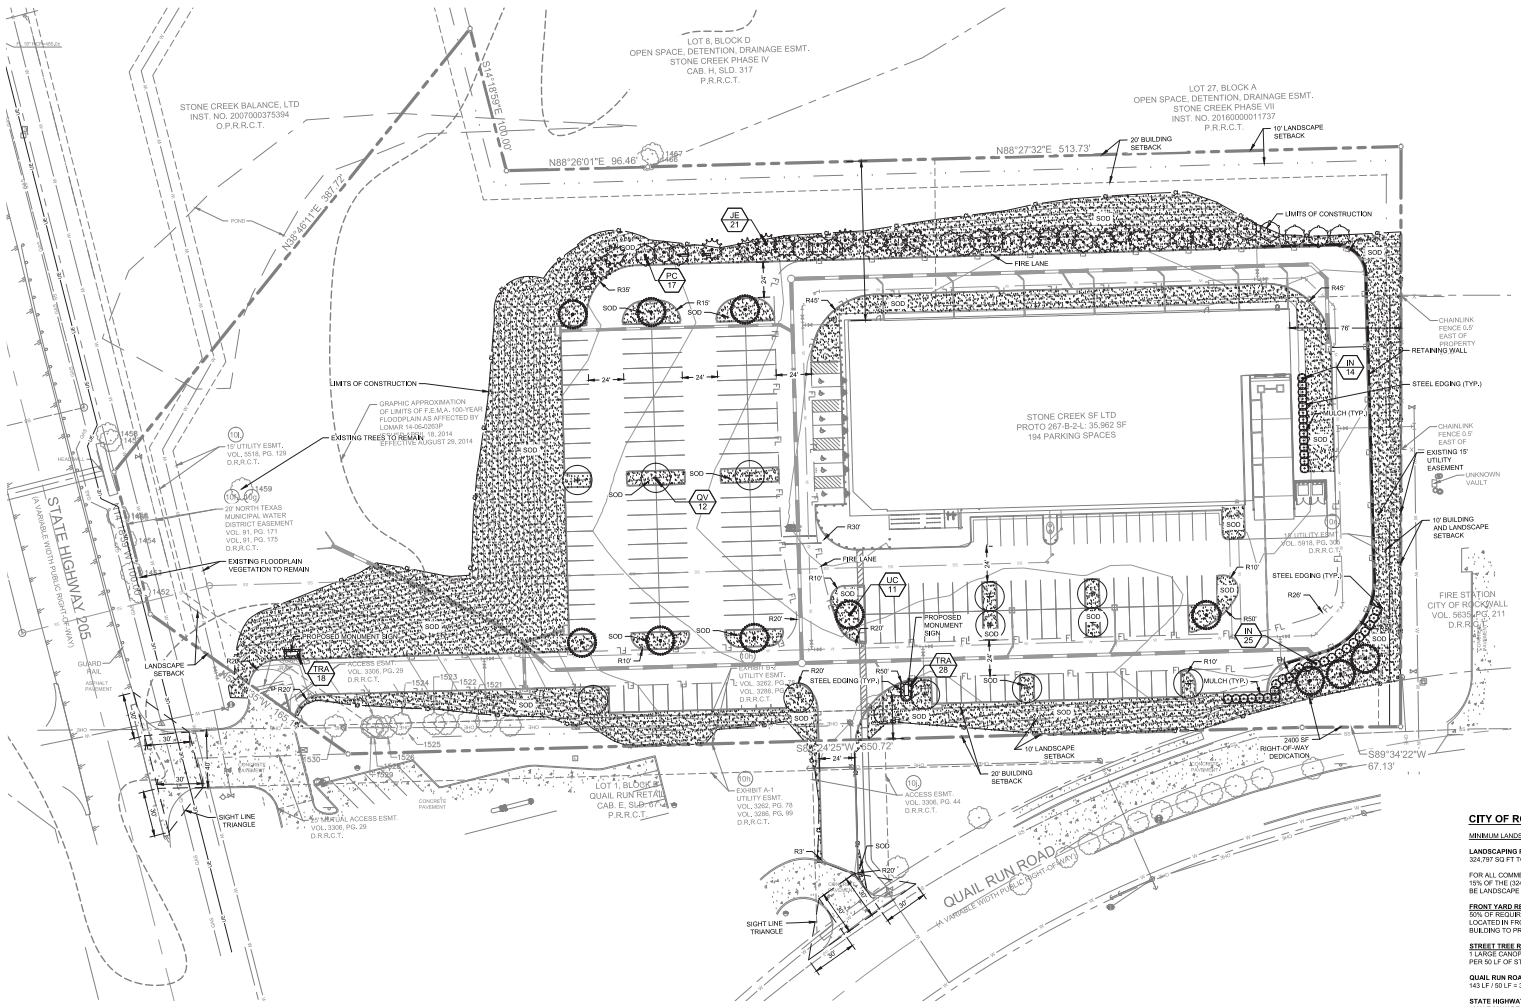
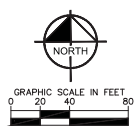
THIS DOCUMENT, TOGETHER WITH THE CONCEPTS AND DESIGNS PRESENTED HEREIN, AS AN INSTRUMENT OF SERVICE, IS INTENDED ONLY FOR THE SPECIFIC PURPOSE AND CLIENT FOR WHICH IT WAS PREPARED. REUSE OF AND IMPROPER RELIANCE ON THIS DOCUMENT WITHOUT WRITTEN AUTHORIZATION AND ADAPTATION BY KIMLEY-HORN AND ASSOCIATES, INC. SHALL BE WITHOUT LIABILITY TO KIMLEY-HORN AND ASSOCIATES, INC.





PLANTING NOTES

1. ALL PLANT MATERIAL SHALL BE INSTALLED ACCORDING TO SOUND NURSERY PRACTICES AND SHALL MEET ALL STANDARDS AS STATED IN THE LATEST EDITION OF "AMERICAN STANDARD FOR NURSERY STOCK" BY THE AMERICAN ASSOCIATION OF NURSERYMEN.
2. NO SUBSTITUTIONS IN PLANT MATERIALS SHALL BE MADE WITHOUT WRITTEN AUTHORIZATION FROM OWNER OR LANDSCAPE ARCHITECT, IN THE EVENT OF DISCREPANCIES BETWEEN THE DRAWING AND THE PLANT LIST, THE DRAWING SHALL PREVAIL.
3. LOCATE ALL UTILITIES PRIOR TO ANY DIGGING OPERATIONS. CONTRACTOR SHALL BE RESPONSIBLE FOR ALL DAMAGES TO EXISTING UTILITIES INCURRED BY HIS WORK.
4. REFERENCE IRRIGATION PLAN FOR BED IRRIGATION INFORMATION.
5. STAKING AND GUYING ALTERNATIVES: METHODS INDICATED IN DRAWING DETAILS ARE PREFERRED. CONTRACTOR MAY SUGGEST ALTERNATE METHODS, ASSUMING FULL RESPONSIBILITY FOR THEIR IMPLEMENTATION. CONTRACTOR SHALL REPLACE, PLANT, OR UPRIGHT ANY TREES BLOWN OVER OR DAMAGED DUE TO INADEQUATE STAKING AT NO ADDITIONAL COST TO THE OWNER.
6. PLANTS MASSED IN BEDS SHALL BE ARRANGED USING TRIANGULAR SPACING.
7. PROVIDE A STEEL EDGE OR CONCRETE MOW STRIP BETWEEN ALL PLANTING BEDS AND LAWN AREAS. REFERENCE SITE PLAN.
8. ALL PLANTING BEDS TO BE TOP DRESSED WITH A MINIMUM OF 3" SHREDDED HARDWOOD MULCH.
9. PROVIDE BERMUDA SOD FOR PROPOSED LAWN AREAS, TO ALL EDGES OF PAVEMENT, AND/OR LIMITS OF DISTURBANCE OUTSIDE R.O.W. OR PROPOSED LANDSCAPE EASEMENT.
10. THE CONTRACTOR SHALL BE RESPONSIBLE FOR THE MAINTENANCE OF ALL LANDSCAPING UNTIL FINAL ACCEPTANCE. ALL REQUIRED LANDSCAPING SHALL BE MAINTAINED IN A NEAT AND ORDERLY MANNER AT ALL TIMES. THE WORK SHALL INCLUDE, BUT NOT TO BE LIMITED TO, MOWING, EDGING, PRUNING, FERTILIZING, WATERING, WEEDING, AND OTHER SUCH ACTIVITIES COMMON TO THE MAINTENANCE OF LANDSCAPING. ALL PLANT MATERIALS SHALL BE MAINTAINED IN A HEALTHY AND GROWING CONDITION AS IS APPROPRIATE FOR THE SEASON OF THE YEAR. PLANT MATERIAL THAT DIES SHALL BE REPLACED WITH THE PLANT MATERIAL OF SIMILAR SIZE AND VARIETY.
11. CONTRACTOR SHALL WARRANTY PLANT MATERIAL TO REMAIN ALIVE AND HEALTHY FOR A PERIOD OF ONE YEAR AFTER FINAL ACCEPTANCE. WARRANTY SHALL NOT INCLUDE DAMAGE FOR LOSS OF PLANT MATERIAL DUE TO NATURAL CAUSES, ACTS OF VANDALISM OR NEGLIGENCE ON THE PART OF THE OWNER.
12. ALL DISTURBED AREAS WITHIN LIMITS OF CONSTRUCTION NOT CALLED TO BE SODDED, SHALL BE REESTABLISHED WITH BERMUDA SOD.
13. ALL LANDSCAPE BED AREAS TO BE PREPARED USING "READY TO PLANT BEDDING MIX" BY SOIL BUILDING SOLUTIONS (OR APPROVED EQUAL). INSTALL TO DEPTHS PER PLANTING DETAILS (12" DEPTH MIN.) FINISHED GRADES OF PLANTING BEDS TO BE 2" BELOW FINISHED GRADE OF ADJACENT PAVING OR AS SHOWN ON GRADING PLAN.
14. ALL SOD AREAS TO RECEIVE 4" DEPTH (MIN) TOPSOIL PRIOR TO INSTALLATION. ALL PLANTING AREAS TO RECEIVE 24" DEPTH (MIN) OF TOPSOIL. TOPSOIL SHALL BE NATURAL FRIABLE, FERTILE, pH RANGE OF 6.0-6.5, AND FREE OF TRASH, DEBRIS, STONES, WEEDS, AND TWIGS/BRANCHES.

NOTE: PLANT QUANTITIES ARE PROVIDED FOR CONVENIENCE ONLY. IN THE CASE OF A DISCREPANCY, THE DRAWING SHALL TAKE PRECEDENCE.

NOTE: PLANTS ARE SPECIFIED BY HEIGHT AND SPREAD, NOT CONTAINER SIZE. ALL PLANTINGS ARE EXPECTED TO MEET ALL SPECIFICATIONS PROVIDED.

NOTE: IRRIGATION WILL MEET REQUIREMENTS OF UDC.

N.T.S.

GENERAL LANDSCAPE SPECIFICATIONS AND NOTES

A. SCOPE OF WORK

1. THE WORK CONSISTS OF FURNISHING ALL LABOR, MATERIALS, EQUIPMENT, TOOLS, TRANSPORTATION, AND ANY OTHER APPURTENANCES NECESSARY FOR THE COMPLETION OF THIS PROJECT AS SHOWN ON THE DRAWINGS, AS INCLUDED IN THE PLANT LIST, AND AS HEREIN SPECIFIED.

2. WORK SHALL INCLUDE MAINTENANCE AND WATERING OF ALL PLANTING AREAS OF THIS CONTRACT UNTIL CERTIFICATION OF ACCEPTABILITY BY THE OWNER.

B. PROTECTION OF EXISTING STRUCTURES

ALL EXISTING BUILDINGS, WALKS, WALLS, PAVING, PIPING, AND OTHER ITEMS OF CONSTRUCTION AND PLANTING ALREADY COMPLETED OR ESTABLISHED SHALL BE PROTECTED FROM DAMAGE BY THE CONTRACTOR UNLESS OTHERWISE SPECIFIED. ALL DAMAGE RESULTING FROM NEGLIGENCE SHALL BE REPAIRED OR REPLACED TO THE SATISFACTION OF THE OWNER.

C. PROTECTION OF EXISTING PLANT MATERIALS OUTSIDE LIMIT OF WORK

THE CONTRACTOR SHALL BE RESPONSIBLE FOR ALL UNAUTHORIZED CUTTING OR DAMAGE TO TREES AND SHRUBS EXISTING OR OTHERWISE, CAUSED BY CARELESS OPERATION OF EQUIPMENT, STOCKPILING OF MATERIALS, ETC. THIS SHALL INCLUDE COMPACTION BY DRIVING OR PARKING INSIDE THE DRIPLINE OR THE SPILLING OF OIL, GASOLINE, OR OTHER DELETERIOUS MATERIALS WITHIN THE DRIPLINE. NO MATERIALS SHALL BE BURIED SHALL THE HEAT WILL DAMAGE ANY PLANT, TREES KILLED OR DAMAGED SO THAT THEY ARE MISSHAPEN AND/ OR UNSIGHTLY SHALL BE REPLACED AT THE COST TO THE CONTRACTOR OF ONE HUNDRED DOLLARS ($100) PER CALIPER INCH ON AN ESCALATING SCALE WHICH ADDS AN ADDITIONAL TWENTY (20) PER CENT PER INCH OVER FOUR (4) INCHES CALIPER AS FIXED AND AGREED LIQUIDATED DAMAGES. CALIPER SHALL BE MEASURED SIX (6) INCHES ABOVE GROUND LEVEL FOR TREES UP TO AND INCLUDING FOUR (4) INCHES IN CALIPER AND TWELVE (12) INCHES ABOVE GROUND LEVEL FOR TREES OVER FOUR (4) INCHES IN CALIPER.

D. MATERIALS

1. GENERAL

SAMPLES OF MATERIALS AS LISTED BELOW SHALL BE SUBMITTED FOR APPROVAL, ON THE SITE OR AS OTHERWISE DETERMINED BY THE OWNER. UPON APPROVAL OF SAMPLES, DELIVERY OF MATERIALS MAY BEGIN.

MATERIALS	SAMPLES
MULCH	ONE (1) CUBIC FOOT
TOPSOIL	ONE (1) CUBIC YARD
PLANTS	ONE (1) OF EACH VARIETY

2. PLANT MATERIALS

A. PLANT SPECIES AND SIZE SHALL CONFORM TO THOSE INDICATED ON THE DRAWINGS. NOMENCLATURE SHALL CONFORM TO STANDARDIZED PLANT NAMES, 1942 EDITION. ALL NURSERY STOCK SHALL BE IN ACCORDANCE WITH GRADES AND STANDARDS AS STATED IN THE LATEST EDITION OF "AMERICAN STANDARD FOR NURSERY STOCK" BY THE AMERICAN ASSOCIATION OF NURSERYMEN. ALL PLANTS SHALL BE FRESHLY DUG, SOUND, HEALTHY, VIGOROUS, WELL-BRANCHED AND FREE OF DISEASE AND INSECTS, INSECT EGGS AND LARVAE AND SHALL HAVE ADEQUATE ROOT SYSTEMS. TREES FOR PLANTING IN ROWS SHALL BE UNIFORM IN SIZE AND SHAPE. ALL MATERIALS SHALL BE SUBJECT TO APPROVAL BY THE OWNER, WHERE ANY NOT SPECIFICALLY ARE OMITTED FROM THE PLANT LIST, THE PLANTS FURNISHED SHALL BE NORMAL FOR THE VARIETY. PLANTS SHALL BE PRUNED PRIOR TO DELIVERY ONLY UPON THE APPROVAL OF THE OWNER.

B. MEASUREMENTS: THE HEIGHT AND/OR WIDTH OF TREES SHALL BE MEASURED FROM THE GROUND OR ACROSS THE NORMAL SPREAD OF THE TOP OF THE PLANTS IN THEIR NORMAL POSITION. THIS MEASUREMENT SHALL NOT INCLUDE THE IMMEDIATE TERMINAL GROWTH. PLANTS LARGER IN SIZE THAN THOSE SPECIFIED IN THE PLANT LIST MAY BE USED IF APPROVED BY THE OWNER, IF THE USE OF LARGER PLANTS IS APPROVED, THE BALL OF EARTH OR SPREAD OF ROOTS SHALL BE INCREASED IN PROPORTION TO THE SIZE OF THE PLANT.

C. INSPECTION: PLANTS SHALL BE SUBJECT TO INSPECTION AND APPROVAL AT THE PLACE OF GROWTH, OR UPON DELIVERY TO THE SITE, AS DETERMINED BY THE OWNER, FOR QUALITY, SIZE, AND VARIETY. SUCH APPROVAL SHALL NOT IMPAIR THE RIGHT OF INSPECTION AND REJECTION AT THE SITE DURING THE PROGRESS OF THE WORK OR AFTER COMPLETION FOR SIZE AND CONDITION OF BALLS OR ROOTS, LATENT DEFECTS OR INJURIES. REJECTED PLANTS SHALL BE REMOVED IMMEDIATELY FROM THE SITE. NOTICE REQUESTING INSPECTION SHALL BE SUBMITTED IN WRITING BY THE CONTRACTOR AT LEAST ONE (1) WEEK PRIOR TO ANTICIPATED DATE.

E. TOPSOIL

1. ASTM D5268, NATURAL, FRIABLE, FERTILE, FINE LOAMY SOIL POSSESSING CHARACTERISTICS OF REPRESENTATIVE TOPSOIL IN THE VICINITY THAT PRODUCES HEAVY GROWTH. TOPSOIL SHALL HAVE A PH RANGE OF 6.0 TO 7.4 PERCENT, FREE FROM SUBSOIL, OBJECTIONABLE WEEDS, LITTER, SODS, STIFF CLAY, STONES LARGER THAN 1-INCH IN DIAMETER, STUMPS, ROOTS, TRASH, HERBICIDES, TOXIC SUBSTANCES, OR ANY OTHER MATERIAL WHICH WOULD BE DETRIMENTAL TO PLANT GROWTH OR HINDER PLANTING OPERATIONS. TOP SOIL SHALL CONTAIN A MINIMUM OF THREE PERCENT ORGANIC MATERIAL.

2. SALVAGED OR EXISTING TOPSOIL: REUSE SUITABLE TOPSOIL STOCKPILED ONSITE OR EXISTING TOPSOIL UNDISTURBED BY GRADING OR EXCAVATIONS. REMOVE TOPSOIL OF ROOTS, PLANTS, SODS, STONES, CLAY LUMPS, AND OTHER EXTRANEOUS MATERIALS HARMFUL TO PLANT GROWTH.

3. VERIFY AMOUNT OF SUITABLE TOPSOIL STOCKPILED BY ANY, AND SUPPLY ADDITIONAL IMPORTED TOPSOIL AS NEEDED. FOUR (4) INCHES OF TOPSOIL TO BE PROVIDED FOR ALL TURF AREAS. TWENTY FOUR (24) INCHES OF TOPSOIL TO BE PROVIDED FOR ALL PLANTING BEDS.

4. IMPORTED TOPSOIL: SUPPLEMENT SALVAGED TOPSOIL WITH IMPORTED TOPSOIL FROM OFF-SITE SOURCES WHEN EXISTING QUANTITIES ARE INSUFFICIENT.

1. OBTAIN TOPSOIL OBTAINED FROM NATURALLY WELL-DRAINED SITES WHERE TOPSOIL OCCURS AT LEAST 6 INCHES DEEP. DO NOT OBTAIN FROM AGRICULTURAL LAND, BOGS, OR MARSHES.

2. VERIFY BORROW AND DISPOSAL SITES ARE PERMITTED AS REQUIRED BY STATE AND LOCAL REGULATIONS. OBTAIN WRITTEN CONFIRMATION FROM PROPERLY MAINTAINED AND ACTIVE.

3. OBTAIN PERMITS REQUIRED BY STATE AND LOCAL REGULATIONS FOR TRANSPORTING TOPSOIL. PERMITS SHALL BE CURRENT AND ACTIVE.

5. AMEND EXISTING AND IMPORTED TOPSOIL AS INDICATED BELOW.

F. ORGANIC SOIL AMENDMENTS

1. MANURE: WELL-ROTTED, UNLEACHED, STABLE OR CATTLE MANURE CONTAINING NOT MORE THAN 25 PERCENT BY VOLUME OF STRAW, SAWDUST, OR OTHER BEDDING MATERIALS; FREE OF TOXIC SUBSTANCES, STONES, STICKS, SOD, WEED SEED, AND MATERIAL HARMFUL TO PLANT GROWTH.

3. BACK TO NATURE COTTON BURR COMPOST OR APPROVED EQUIVALENT.

3. COMPOST: DECOMPOSED ORGANIC MATERIAL, INCLUDING LEAF LITTER, MANURE, SAWDUST, PLANT TRIMMINGS AND/OR HAY, MIXED WITH SOIL.

4. PECAN HULLS: COMPOSTED PECAN HULLS FOR LOCAL SOURCE.

5. BIOSOLIDS: USE GRADE 1 CONTAINING LOWER PATHOGEN LEVELS.

6. WORM CASTINGS: EARTHWORMS.

G. INORGANIC SOIL AMENDMENTS

1. LIME: ASTM C602, CLASS O AGRICULTURAL LIMESTONE CONTAINING A MINIMUM OF 80 PERCENT CALCIUM CARBONATE EQUIVALENT WITH A MINIMUM OF 95 PERCENT PASSING NO. 8 SIEVE AND MINIMUM OF 55 PERCENT PASSING NO. 60 SIEVE.

2. SULFUR: GRANULAR, BIODEGRADABLE, CONTAINING A MINIMUM OF 90 PERCENT SULFUR, WITH A MINIMUM OF 99 PERCENT PASSING NO. 6 SIEVE AND A MAXIMUM OF 10 PERCENT PASSING NO. 40 SIEVE.

3. IRON SULFATE: GRANULATED FERROUS SULFATE CONTAINING A MINIMUM OF 20 PERCENT IRON AND 10 PERCENT SULFUR.

4. AGRICULTURAL GYPSUM: FINELY GROUND, CONTAINING A MINIMUM OF 90 PERCENT CALCIUM SULFATE.

5. SAND: CLEAN, WASHED, NATURAL OR MANUFACTURED, FREE OF TOXIC MATERIALS.

H. PLANTING SOIL MIX

1. PLANTING MEDIUM CONTAINING 75 PERCENT SPECIFIED TOPSOIL, MIXED WITH 15 PERCENT ORGANIC SOIL AMENDMENTS AND 10 PERCENT SHARP WASHED SAND. INSTALL TO DEPTHS PER PLANTING DETAILS (12" MIN.) FINISHED GRADES OF PLANTING BEDS TO BE 2" BELOW FINISHED GRADE OF ADJACENT PAVING OR AS SHOWN ON GRADING PLAN.

2. SOD/SEED AREA TOPSOIL

ALL SOD AREAS TO RECEIVE 4" DEPTH (MIN) TOPSOIL. PRIOR TO INSTALLATION, TOPSOIL SHALL BE NATURAL, FRIABLE, FERTILE, PH RANGE OF 6.0-6.5 WITH 25% (MIN) ORGANIC MATERIAL AND FREE OF TRASH, DEBRIS, STONES, WEEDS, AND TWIGS/BRANCHES. THE PARTICLE SIZES SHALL BE SUCH THAT 95.5% OF THE TOPSOIL WILL PASS THROUGH A 1/2 INCH SCREEN, AND 99% MORE SHALL PASS THROUGH A 3/4 INCH SCREEN. TOPSOIL SHALL BE RE-DISTRIBUTED BY OWNER/LANDSCAPE ARCHITECT PRIOR TO INSTALLATION, CONTRACTOR TO SUBMIT SAMPLES IN 1 GAL (MIN.) CONTAINER.

I. WATER

WATER NECESSARY FOR PLANTING AND MAINTENANCE SHALL BE OF SATISFACTORY QUALITY TO SUSTAIN AN ADEQUATE GROWTH OF PLANTS AND SHALL NOT CONTAIN HARMFUL, NATURAL OR MAN-MADE ELEMENTS DETRIMENTAL TO PLANTS. WATER MEETING THE ABOVE STANDARD SHALL BE OBTAINED ON THE SITE FROM THE OWNER. IF AVAILABLE, AND THE CONTRACTOR SHALL BE RESPONSIBLE TO MAKE ARRANGEMENTS FOR ITS USE BY HIS TANKS, HOSES, SPRINKLERS, ETC., IF SUCH WATER IS NOT AVAILABLE AT THE SITE, THE CONTRACTOR SHALL PROVIDE SUCH SATISFACTORY WATER FROM SOURCES OFF THE SITE AT NO ADDITIONAL COST TO THE OWNER.

J. COMMERCIAL FERTILIZER

COMMERCIAL FERTILIZER SHALL BE A COMPLETE FORMULA IT SHALL BE UNIFORM IN COMPOSITION, DRY AND FREE FLOWING. THIS FERTILIZER SHALL BE DELIVERED TO THE SITE IN THE ORIGINAL UNOPENED CONTAINERS, EACH BEARING THE MANUFACTURER'S GUARANTEED STATEMENT OF ANALYSIS.

FIFTY PERCENT (50%) OF THE NITROGEN SHALL BE DERIVED FROM NATURAL ORGANIC SOURCES. THE FOLLOWING FERTILIZERS SHALL BE USED AND APPLIED AT RATES AS SUGGESTED BY MANUFACTURER'S SPECIFICATIONS:

1. SHRUBS AND TREES - MILORGANITE, OR APPROVED EQUAL
2. ANNUALS AND GROUNDCOVERS - OSMOCOTE/SIERRA BLEND 14-14-14
3. SOD - 5-5-5 FERTILIZER

IN ADDITION TO SURFACE APPLIED FERTILIZERS, ALL CONTAINER GROWN AND FIELD GROWN PLANT MATERIAL SHALL RECEIVE WATERFORM PLANTING TABLETS (21 GRAM OR EQUAL). THESE TABLETS SHALL BE PLACED AT A DEPTH OF ROOT BALL AT THE RATE AS SPECIFIED BY MANUFACTURERS.

K. MULCH

MULCH MATERIAL SHALL BE MOISTENED AT THE TIME OF APPLICATION TO PREVENT WIND DISPLACEMENT, AND APPLIED AT A DEPTH OF 3 INCHES. SEE PLANT LIST FOR TYPE OF MATERIAL AND GRADE.

L. DIGGING AND HANDLING

1. PROTECT ROOTS OR BALLS OF PLANTS AT ALL TIMES FROM SUN AND DRYING WINDS. WATER AND SPRAYING, AS NECESSARY UNTIL PLANTING. PLANT MATERIALS SHALL BE ADEQUATELY PACKED TO PREVENT BREAKAGE AND DRYING DUT DURING TRANSIT. TREES TRANSPORTED MORE THAN TEN (10) MILES OR WHICH ARE NOT PLANTED WITHIN THREE (3) DAYS OF DELIVERY TO SITE SHALL BE SPRAYED WITH AN ANTITRANSPIRANT PRODUCT (WILTPRUF OR EQUAL) TO MINIMIZE TRANSPIRATIONAL WATER LOSS.

2. BALLED AND BURLAPPED PLANTS (B&B) SHALL BE DUG WITH FIRM, NATURAL BALLS OF SOIL OF SUFFICIENT SIZE TO ENCOMPASS THE FIBROUS AND FEEDING ROOTS OF THE PLANTS. NO PLANTS MOVED WITH A BALL SHALL BE PLANTED IF THE BALL IS CRACKED OR BROKEN, PLANTS BALLED AND BURLAPPED OR CONTAINER GROWN SHALL NOT BE HANDLED BY STEMS.

3. PLANTS MARKED "BR" IN THE PLANT LIST SHALL BE DUG WITH BARE ROOTS. THE ROOTS SHALL NOT BE CUT WITHIN THE MINIMUM SPREAD SPECIFIED IN THE PLANT LIST. CARE SHALL BE EXERCISED THAT THE ROOTS DO NOT DRY OUT IN MOVING AND PRIOR TO PLANTING.

4. PROTECTION OF PALMS (IF APPLICABLE): ONLY A MINIMUM OF FRONDS SHALL BE REMOVED FROM THE CROWN OF THE PALM TREES TO FACILITATE MOVING AND HANDLING. CLEAR TRUNK (CT) SHALL BE AS SPECIFIED AFTER THE MINIMUM OF FRONDS HAVE BEEN REMOVED. ALL PALMS SHALL BE BRACED PER DETAIL.

5. EXCAVATION OF TREE PITS SHALL BE DONE USING EXTREME CARE TO AVOID DAMAGE TO SURFACE AND SUBSURFACE ELEMENTS SUCH AS UTILITIES OR HARDSCAPE ELEMENTS, FOOTERS AND PREPARED SUB-BASES.

M. CONTAINER GROWN STOCK

1. ALL CONTAINER GROWN MATERIAL SHALL BE HEALTHY, VIGOROUS, WELL-ROOTED PLANTS AND ESTABLISHED IN THE CONTAINER IN WHICH THEY ARE SOLD. THE PLANTS SHALL HAVE TOPS WHICH ARE OF GOOD QUALITY AND ARE IN A HEALTHY GROWING CONDITION.

2. AN ESTABLISHED CONTAINER GROWN PLANT SHALL BE TRANSPLANTED INTO A CONTAINER AND GROWN IN THAT CONTAINER SUFFICIENTLY LONG FOR THE NEW FIBROUS ROOTS TO HAVE DEVELOPED SO THAT THE ROOT MASS WILL RETAIN ITS SHAPE AND HOLD TOGETHER WHEN REMOVED FROM THE CONTAINER. CONTAINER GROWN STOCK SHALL NOT BE HANDLED BY THEIR STEMS.

3. PLANT ROOTS BOUND IN CONTAINERS SHALL NOT BE ACCEPTABLE.

4. SUBSTITUTION OF NON-CONTAINER GROWN MATERIAL FOR MATERIAL EXPLICITLY SPECIFIED TO BE CONTAINER GROWN WILL NOT BE PERMITTED UNLESS WRITTEN APPROVAL IS OBTAINED FROM THE OWNER AND LANDSCAPE ARCHITECT.

N. COLLECTED STOCK

WHEN THE USE OF COLLECTED STOCK IS PERMITTED AS INDICATED ON THE PLANT LIST SCHEDULE, THE MINIMUM SIZES OF ROOTBALLS SHALL BE EQUAL TO THAT SPECIFIED FOR THE NEXT LARGER SIZE OF NURSERY GROWN STOCK OF THE SAME VARIETY.

O. NATIVE STOCK

PLANTS COLLECTED FROM WILD OR NATIVE STANDS SHALL BE CONSIDERED NURSERY GROWN WHEN THEY HAVE BEEN SUCCESSFULLY REESTABLISHED IN A NURSERY ROW AND GROWN UNDER REGULAR NURSERY CULTURAL PRACTICES FOR A MINIMUM OF TWO (2) GROWING SEASONS AND HAVE ATTAINED ADEQUATE ROOT AND TOP GROWTH TO INDICATE FULL RECOVERY FROM TRANSPLANTING INTO THE NURSERY ROW.

P. MATERIALS LIST

QUANTITIES NECESSARY TO COMPLETE THE WORK ON THE DRAWINGS SHALL BE FURNISHED BY THE CONTRACTOR; QUANTITY ESTIMATES HAVE BEEN MADE CAREFULLY, BUT THE LANDSCAPE ARCHITECT OR OWNER ASSUMES NO LIABILITY FOR OMISSIONS OR ERRORS. SHOULD A DISCREPANCY OCCUR BETWEEN THE BIDDERS TAKE OFF AND THE PLANT LIST QUANTITY, THE LANDSCAPE ARCHITECT SHALL BE NOTIFIED FOR CLARIFICATION PRIOR TO THE SUBMISSIONS OF BIDS. ALL DIMENSIONS AND/OR SIZES SPECIFIED SHALL BE THE MINIMUM ACCEPTABLE SIZE

Q. FINE GRADING

1. FINE GRADING UNDER THIS CONTRACT SHALL CONSIST OF FINAL FINISHED GRADING OF LAWN AND PLANTING AREAS THAT HAVE BEEN ROUGH GRADED BY OTHERS. BERMING AS SHOWN ON THE DRAWINGS SHALL BE THE RESPONSIBILITY OF THE LANDSCAPE CONTRACTOR, UNLESS OTHERWISE NOTED.

2. THE LANDSCAPE CONTRACTOR SHALL FINE GRADE THE LAWN AND PLANTING AREAS TO BRING THE ROUGH GRADE UP TO FINAL FINISHED GRADE ALLOWING FOR THICKNESS OF SOD AND/OR MULCH DEPTH. THIS CONTRACTOR SHALL FINE GRADE BY HAND AND/OR WITH ALL EQUIPMENT NECESSARY INCLUDING A GRADING TRACTOR WITH STRAIGHT-END LOADER FOR TRANSPORTING SOIL WITHIN THE SITE.

3. ALL PLANTING AREAS SHALL BE GRADED AND MAINTAINED TO ALLOW FREE FLOW OF SURFACE WATER. AREAS ADJACENT TO BUILDINGS SHALL SLOPE AWAY FROM THE BUILDINGS.

R. PLANTING PROCEDURES

1. CLEANING UP BEFORE COMMENCING WORK: THE CONTRACTOR SHALL CLEAN UP WORK AND SURROUNDING AREAS OF ALL RUBBISH OR CONSTRUCTION MATERIALS, BALL WRAPPING, CEMENT, AND TOXIC MATERIAL SHALL BE REMOVED FROM THE SURFACE OF ALL PLANT BEDS. THESE MATERIALS SHALL NOT BE MIXED WITH THE SOIL. SHOULD THE CONTRACTOR FIND SUCH SOIL CONDITIONS BENEATH THE SOIL WHICH WILL IN ANY WAY ADVERSELY AFFECT THE PLANT GROWTH, HE SHALL IMMEDIATELY CALL IT TO THE ATTENTION OF THE LANDSCAPE ARCHITECT OR OWNER AND SHALL FAILURE TO DO SO BEFORE PLANTING SHALL MAKE THE CORRECTIVE MEASURES THE RESPONSIBILITY OF THE CONTRACTOR.

2. VERIFY LOCATIONS OF ALL UTILITIES, CONDUITS, SUPPLY LINES AND CABLES, INCLUDING BUT NOT LIMITED TO: ELECTRIC, GAS, TELEPHONE, CABLE TV, WATER, SANITARY SEWER, STORMWATER LINES, CABLE AND TELEPHONE. PROPERLY MAINTAIN AND PROTECT EXISTING UTILITIES.

3. SUBGRADE EXCAVATION: SITE CONTRACTOR IS RESPONSIBLE TO REMOVE ALL EXISTING AND IMPORTED LIVEROCK AND LIVEROCK SUB-BASE FROM ALL LANDSCAPE PLANTING AREAS TO A MINIMUM DEPTH OF 36". SITE CONTRACTOR IS RESPONSIBLE TO BACKFILL THESE PLANTING AREAS TO ROUGH FINISHED GRADE WITH CLEAN SOIL FROM ONSITE EXCAVATION, TOPSOIL OF ROOTS, PLANTS, SODS, STONES, CLAY LUMPS, AND OTHER EXTRANEOUS MATERIALS HARMFUL TO PLANT GROWTH. LIVEROCK OR OTHER ADVERSE CONDITIONS OCCUR IN PLANTED AREAS AFTER 36" DEEP EXCAVATION BY SITE CONTRACTOR, AND POSTING DRAINAGE CAN NOT BE ACHIEVED, LANDSCAPE CONTRACTOR SHALL UTILIZE PLANTING DETAIL THAT ADDRESSES POOR DRAINAGE.

4. FURNISH NURSERY'S CERTIFICATE OF COMPLIANCE WITH ALL REQUIREMENTS AS HEREIN SPECIFIED AND REQUIRED. INSPECT AND SELECT PLANT MATERIALS BEFORE PLANTS ARE DUG AT NURSERY OR GROWING SITE.

5. GENERAL COMPLY WITH APPLICABLE FEDERAL, STATE, COUNTY, AND LOCAL REGULATIONS GOVERNING LANDSCAPE MATERIALS AND WORK. CONFORM TO ACCEPTED HORTICULTURAL PRACTICES AS USED IN THE TRADE. PLANTS SHALL BE PROTECTED UPON ARRIVAL AT THE SITE BY BEING THOROUGHLY WATERED AND PROPERLY MAINTAINED UNTIL PLANTED. PLANTS SHALL NOT REMAIN UNPROTECTED FOR A PERIOD EXCEEDING TWENTY-FOUR (24) HOURS. AT ALL TIMES WORKMANLIKE METHODS SUSTAINED IN GOOD HORTICULTURAL PRACTICE SHALL BE EXERCISED.

6. THE WORK SHALL BE COORDINATED WITH OTHER TRADES TO PREVENT CONFLICTS. COORDINATE THE PLANTING WITH THE IRRIGATION WORK TO ASSURE AVAILABILITY OF WATER AND PROPER LOCATION OF IRRIGATION ITEMS AND PLANTS.

7. ALL PLANTING PITS SHALL BE EXCAVATED TO SIZE AND DEPTH IN ACCORDANCE WITH THE USA STANDARD FOR NURSERY STOCK 260.1, UNLESS SHOWN OTHERWISE ON THE DRAWINGS, AND BACKFILLED WITH THE PREPARED PLANTING SOIL AS SPECIFIED HEREIN BEFORE (SECTION E). TEST ALL TREE PITS WITH WATER BEFORE PLANTING TO ASSURE PROPER DRAINAGE PERCOLATION IS AVAILABLE. NO ALLOWANCE WILL BE MADE FOR LOST PLANTS DUE TO IMPROPER DRAINAGE. IF POOR DRAINAGE EXISTS UTILIZE PLANTING DETAIL THAT ADDRESSES THIS CONDITION, TREES SHALL BE SET PLUMB AND HELD IN POSITION UNTIL THE PLANTING MIXTURE HAS BEEN FLUSHED INTO PLACE WITH A SLOW, FULL HOSE STREAM. ALL PLANTING SHALL BE PERFORMED BY PERSONNEL FAMILIAR WITH PLANTING PROCEDURE AND UNDER THE SUPERVISION OF A QUALIFIED PLANTING FOREMAN. PROPER "LETTING IN" SHALL BE ASSURED TO ELIMINATE AIR POCKETS AROUND THE ROOTS, "JET STICK" OR EQUAL IS RECOMMENDED.

8. TAKE ALL NECESSARY PRECAUTIONS TO AVOID DAMAGE TO BUILDINGS AND BUILDING STRUCTURES WHILE INSTALLING TREES.

9. SOIL MIXTURE SHALL BE AS SPECIFIED IN SECTION E OF THESE SPECIFICATIONS. IN ADDITION EACH PLANTING PIT SHALL RECEIVE 21-GRAM "AGRIFORM" PLANTING TABLETS PER MANUFACTURER'S SPECIFICATIONS OR AS FOLLOWS:

- TWO (2) TABLETS PER 1 GAL PLANT
- THREE (3) TABLETS PER 3 GAL PLANT
- FOUR (4) TABLETS PER 15 GAL PLANT
- LARGER MATERIAL - TWO (2) TABLETS PER 1/2" OF TRUNK CALIPER

10. TREES AND SHRUBS SHALL BE SET STRAIGHT AND AT SUCH A LEVEL THAT AFTER SETTLEMENT, THE PLANT CROWN WILL STAND ONE (1) TO TWO (2) INCHES ABOVE GRADE. EACH PLANT SHALL BE SET IN THE CENTER OF THE PIT. PLANTING SOIL MIXTURE SHALL BE BACKFILLED AND THOROUGHLY TAMPED AROUND THE BALL AND SHALL BE SETTLED BY WATER AFTER TAMPING.

11. FILL HOLE WITH SOIL MIXTURE, MAKING CERTAIN ALL SOIL IS SATURATED, TO DO THIS, FILL HOLE WITH WATER AND ALLOW TO SOAK MINIMUM TWENTY (20) MINUTES. STIRRING IF NECESSARY TO GET SOIL THOROUGHLY WET, PACK LIGHTLY WITH FEET, ADD MORE WET SOIL MIXTURE, DO NOT COVER TOP OF BALL WITH SOIL MIXTURE. ONLY WITH MULCH. ALL BURLAP, ROPE, WIRES, ETC., SHALL BE REMOVED FROM THE SIDES AND TOPS OF BALLS, BUT NO BURLAP SHALL BE PULLED FROM UNDERNEATH.

12. PRUNING: EACH TREE SHALL BE PRUNED TO PRESERVE THE NATURAL CHARACTER OF THE PLANT AS SHOWN ON THE DRAWINGS. ALL SOFT WOOD OR SUCKER GROWTH AND ALL BROKEN OR BADLY DAMAGED BRANCHES SHALL BE REMOVED WITH A CLEAN CUT.

13. SHRUBS AND GROUND COVER PLANTS SHALL BE EVENLY SPACED IN ACCORDANCE WITH THE DRAWINGS AND AS INDICATED ON THE PLANT LIST. CULTIVATE ALL PLANTING AREAS TO A MINIMUM DEPTH OF 6", REMOVE AND DISPOSE ALL DEBRIS. "TILL INTO TOP 4" OF THE PLANTING SOIL MIX AS SPECIFIED IN SECTION E. THOROUGHLY WATER ALL PLANTS AFTER INSTALLATION.

14. TREE GUYING AND BRACING SHALL BE INSTALLED BY THE LANDSCAPE CONTRACTOR IN ACCORDANCE WITH THE PLANS TO ENSURE STABILITY AND MAINTAIN TREES IN AN UPRIGHT POSITION. IF THE LANDSCAPE CONTRACTOR AND OWNER DECIDE TO WAIVE THE TREE GUYING AND BRACING, THE OWNER SHALL NOTIFY THE LANDSCAPE ARCHITECT IN WRITING OF THEIR INTENTIONS AND AGREE TO HOLD HARMLESS THE LANDSCAPE ARCHITECT IN THE EVENT ANY TREES FALL DOWN AND DAMAGE PERSON OR PROPERTY.

15. MULCHING: PROVIDE A THREE (3) INCH MINIMUM LAYER OF SPECIFIED MULCH OVER THE ENTIRE AREA OF EACH SHRUB BED, GROUND COVER AND VINE BED AND TREE PIT.

16. HERBICIDE WEED CONTROL: ALL PLANT BEDS SHALL BE KEPT FREE OF NOXIOUS WEEDS UNTIL FINAL ACCEPTANCE OF WORK. IF SPECIFIED BY THE OWNER, "ROUND-UP" SHALL BE APPLIED FOR WEED CONTROL BY QUALIFIED PERSONNEL TO ALL PLANTING AREAS IN SPOT APPLICATIONS PER MANUFACTURER'S PRECAUTIONS AND SPECIFICATIONS, PRIOR TO FINAL INSPECTION. TREAT ALL PLANTING BEDS WITH AN APPROVED PRE-EMERGENT HERBICIDE AT AN APPLICATION RATE RECOMMENDED BY THE MANUFACTURER.

S. LAWN SODDING

1. THE WORK CONSISTS OF LAWN BED PREPARATION, SOIL PREPARATION, AND SODDING COMPLETE. IN STRICT ACCORDANCE WITH THE SPECIFICATIONS AND THE AFFILIATED DRAWINGS TO PRODUCE A GRASS LAWN ACCEPTABLE TO THE OWNER.

2. LAWN BED PREPARATION: ALL AREAS THAT ARE TO BE SODDED SHALL BE CLEARED OF ANY ROUGH GRASS, WEEDS, AND DEBRIS, AND THE GROUND BROUGHT TO AN EVEN GRADE. THE WHOLE SURFACE SHALL BE ROLLED WITH A ROLLER WEIGHING NOT MORE THAN ONE-HUNDRED (100) POUNDS PER FOOT OF WIDTH, DURING THE ROLLING, ALL DEPRESSIONS CAUSED BY SETTLEMENT OF ROLLING SHALL BE FILLED WITH ADDITIONAL SOIL, AND THE SURFACE SHALL BE REPAIRED AND ROLLED UNTIL PRESENTING A SMOOTH AND EVEN FINISH THAT IS UP TO THE REQUIRED GRADE.

3. SOIL PREPARATION: PREPARE LOOSE BED FOUR (4) INCHES DEEP. APPLY FERTILIZER AT RATE OF TWENTY (20) POUNDS PER ONE THOUSAND (1000) SQUARE FEET. APPLICATION SHALL BE UNIFORM UTILIZING APPROVED MECHANICAL SPREADERS. MIX FERTILIZER THOROUGHLY WITH THE SOIL TO A DEPTH OF THREE (3) INCHES, HAND RAKE UNTIL ALL BUMPS AND DEPRESSIONS ARE REMOVED. WET PREPARED AREA THOROUGHLY.

4. SODDING

A. THE CONTRACTOR SHALL SOD ALL AREAS THAT ARE NOT PAVED OR PLANTED AS DESIGNATED ON THE DRAWINGS WITHIN THE CONTRACT LIMITS, UNLESS SPECIFICALLY NOTED OTHERWISE.

B. THE SOD SHALL BE CERTIFIED TO MEET THE STATE PLANT BOARD SPECIFICATIONS, ABSOLUTELY TRUE TO VARIETAL TYPE, AND FREE FROM WEEDS, FUNGUS, INSECTS AND DISEASE OF ANY KIND.

C. SOD PANELS SHALL BE LAID TIGHTLY TOGETHER SO AS TO MAKE A SOLID SODDED LAWN AREA. SOD SHALL BE LAID UNIFORMLY AGAINST THE EDGES OF ALL CURBS AND OTHER HARDSCAPE ELEMENTS, PAVED AND PLANTED AREAS, ADJACENT TO BUILDINGS. A FOUR INCH MULCH STRIP SHALL BE PROVIDED, IMMEDIATELY FOLLOWING SOD LAYING. THE LAWN AREAS SHALL BE ROLLED WITH A LAWN ROLLER CUSTOMARILY USED FOR SUCH PURPOSES, AND THEN THOROUGHLY IRRIGATED. IF, IN THE OPINION OF THE OWNER, TOP-DRESSING IS NECESS

Type:

Qty:

Notes:

Philips Gardco LED wall sconce 121 offers distinction through its styling, powerful optical design, array of distributions, and impressive selection of control possiblilities. Designed to add an element of style to your application by pairing straight lines with rounded edges, the form of the 121 is timeless, yet contemporary, and will complement a wide assortment of architectural styles and designs, while delivering high light levels and functional distributions. 121 sconces are available in Type 2, 3, and 4 distributions, and provide output of up to 10,103 lumens. Energy saving control options help to increase energy savings and offer California Title 24 compliance. Emergency Battery Backup option available for path-of-egress and is integral to the luminaire.

LLCR3-(F)	#3 lens - specify finish in place of (F)

Wireless controls remote controller accessory

Wireless controls system offers a remote radio/sensor module that allows connectivity to Wireless system gateway. Remote module can be mounted to wall or pole with j-box supplied. May be specified by choosing one of two different lenses to accommodate a variety of mounting heights/sensor detection ranges. Must specify option DD on luminaires that are planned to be used with remote mount controllers. See page 4 for Wireless Controls details.

1. Contact outdoorlighting.applications@philips.com for details on cool or warm white color temperatures.
2. Wattage and lumen output may vary by +/- 8% due to LED manufacturer forward volt specification and ambient temperature. Wattage shown is average for 120V through 277V input. Actual wattage may vary by an additional +/- 10% due to actual input voltage.
3. Lumen values based on photometric tests performed in compliance with IESNA LM-79.
4. For emergency EBPC option, publish values are based on initial lumens.

Luminaire options

DD: 0-10V dimming driver with leads supplied through back of luminaire (for secondary dimming controls by others).

Dynadimmer Automatic Profile Dimming: Automatic dimming profiles (CS50/CM50/CE50) offer safety, median, or economy settings, for shorter or longer duration. Dimming profiles provide flexibility towards energy savings goals while optimizing light levels during specific dark hours. 50% dimming is standard. DA50 offers 50% instantaneous dimming all night (during all dark hours). 75% and 25% dimming is also available if different light levels are required (contact Technical Support for details).

Profile	Dimming		
	Schedule	Duration	Level
Economy	9 PM - 6 AM	9 hours	50%
Median	10 PM - 6 AM	8 hours	50%
Safety	11 PM - 6 AM	7 hours	50%
Reactive 50	all night	dynamic	

IMRI2, IMRI3: Infrared Motion Response Integral (IMRI). IMRI module is mounted integral to the luminaire door and is available with two different sensor lens types to accommodate various mounting heights and occupancy detection ranges (see charts for approximate detection patterns). Motion response for option IMRI is set/operates in the following fashion: The motion sensor is set to a constant 25%. When motion is detected by the PIR sensor, the luminaire returns to 100% light output. Dimming on low is factory set to 25% with 5 minute default in "full power" prior to dimming back to low. When no motion is detected for 5 minutes, the motion response system reduces the wattage by 75%, to 25% of the normal constant wattage reducing the light level. IMRI can also be specified with automatic profile dimming for the added benefit of a combined dimming profile with sensor detection, where the PIR sensor will override the dimming profile when occupancy is detected. Passive infrared (PIR) motion sensor, WattStopper FSP-211, equipped with lens choice specified. Available in 120V or 277V input only. Motion sensor off state power is 0.0 watts. The FSP-211 can also be reprogrammed with WattStopper's FS1R-100 remote programming tool accessory.

DCC: Dual Circuit Control permits separate switching of 32L models only, where a quantity of (2) 16 LED modules are controlled independently by use of two sets of leads, one for each module.

Wireless Controls: Controller radio/sensor module attached to luminaire (included with LLC2 and LLC3 option) and includes radio, photocell and motion sensor. Also available with remote pod accessory where pod is mounted separate from luminaire to pole or wall (see accessories and Wireless Controls information page 4).

F1: Fusing Single (for 120, 277 or 347VAC)

F2: Fusing Double (for 208, 240 or 480VAC)

F3: Fusing Canadian Double Pull (for 208, 240 or 480VAC)

EBPC: Emergency battery pack is cold weather rated down to -20C (-4F) and integral to the luminaire , allowing for a consistent look between emergency and non-emergency sconces. A separate surface mount accessory box is not required. Dual light engines (32L) are wired in parallel, both operating in emergency mode to meet various redundancy lamp requirements. Also available with single light engine (16L). Secondary driver with relay immediately detects AC power loss and powers luminaire for a minimum of 90 minutes from the time power is lost.

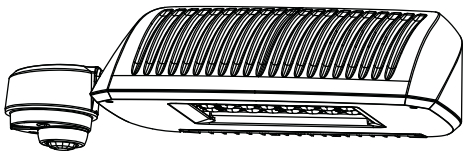
121 LED wall sconce

Wall mount

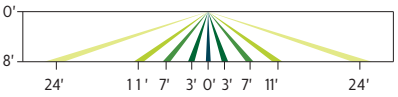
Infrared Motion Response and Wireless Controls Sensor Coverage Patterns

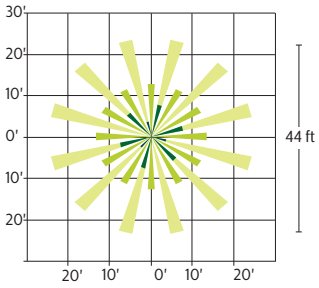
LLC2/3 Luminaire Mounted Controller

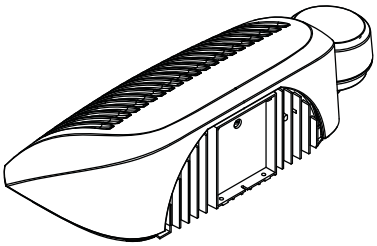
Controller attached to luminaire and Includes radio, photocell and motion sensor with #2 or #3 lens for 8-20' mounting heights.



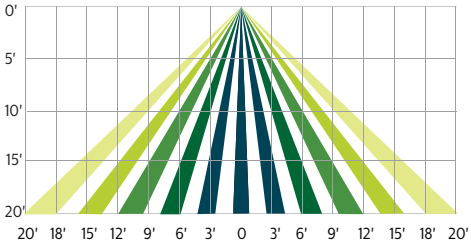
IMRI2/LLC2/LLCR2

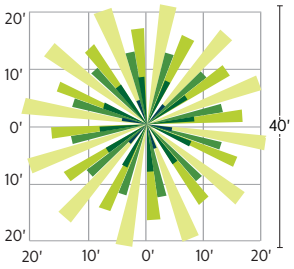






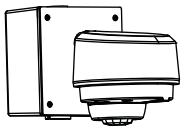
IMRI3/LLC3/LLCR3



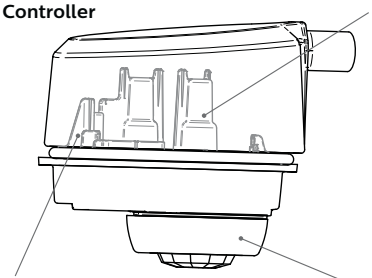


Remote Mount Wireless Controller

Used to extend the communication on site, to extend motion response and add other luminaires that are not pole mounted. Consult factory for more information.



Controller



Wireless Radio

- 1.8 Watts max (no load draw)
- Operating voltage 120-277 VAC RMS
- Communicates using the ZigBee protocol
- Carries out dimming commands from Gateway
- Reports ambient light readings to 1500 Ft-Cd
- Transmission Systems Operating within the band 2400-2483.5Mhz
- ROHS Compliant

Photocell

- Ambient light photocell on every wireless radio that averages the light levels of up to 5 controllers for an accurate reading and optimal light harvesting activity.
- Reports ambient light readings to 1500 Fc.

Motion Response

- Detects motion through passive infrared sensing technology with three different lens configurations
- Motion sensor coverage can be adjusted from a narrow to a wide detection range, which helps reduce false triggers to further increase energy savings.
- Sensing profiles can be updated to adapt to activity levels in the environment, such as occupancy level, wind, and mounting height

Luminaire Configuration Information – Sconce with wireless controls

Gateway

Overview: The gateway opens up communication with the wireless radios installed on equipped luminaires (or pole), allowing you to control your fixtures straight from the web. One gateway can communicate with up to 800 fixtures. Typically one unit is required per parking lot.

Installation: Gateway has 4 blind threaded holes on the back side that accept 10-32 screws. Mount spacing is 10.41" across and 14.19" vertical.

Requirements: The gateway must be mounted in a secure on-site location. The gateway requires 120V. Distance of gateway to the first radio varies upon application; contact factory. Strong internet connection required.

Specifications:

- High density RF Mesh coordinator
- Ethernet or wireless internet connection to server
- Proprietor of software "rules of operation"
- Watertight Ethernet connections
- Highly protected, long life ac/dc power supply
- Single board, ARM compliant 520Mhz Intel computer.
- Operating Temperature -20°C to 55°C
- Tamper proof housing

121 LED wall sconce

Wall mount

Specifications

Housing

Main body cast housing and back plate made of a low copper die cast Aluminum alloy for a high resistance to corrosion, 0.100" (2.5mm) minimum thickness. Hinged door allows access to driver and LED compartment.

Mounting

Mounting is completed through integral back plate that features a separate recessed feature for hook and lock quick mount plate that secures with two set screws from bottom of luminaire. Mounting plate is located in the center of the luminaire width and 3.5" above the luminaire bottom (lens down position). Luminaire ships fully assembled, ready to install.

Light Engine

Composed of 4 main components: Heat Sink / LED Module / Optical System / Driver. Electrical components are RoHS compliant. IP66 sealed light engines. LEDs tested by ISO 17025-2005 accredited lab in accordance with IESNA LM-80 guidelines extrapolations in accordance with IESNA TM-21. Metal core board ensures greater heat transfer and longer lifespan.

Heat Sink

Integral door/heat sink design made of low copper die cast Aluminum alloy for a high resistance to corrosion.

LED Module

Composed of high performance white LEDs. Color temperature as per ANSI/NEMA bin Neutral White, 4000K nominal (+/- 275K), CRI 70 Min. Available in other color temperatures including Cool White, 5700K and Warm White, 3000K.

Hardware

All exposed screws are stainless and/or corrosion resistant and captive.

Optical System

The advanced LED optical systems provide IES Types 2, 3, 4. Composed of high performance UV stabilized optical grade polymer refractor lenses to achieve desired distribution optimized to get maximum spacing, target lumens and a superior lighting uniformity. System is rated IP66. Performance shall be tested per LM-63, LM-79 and TM-15 (IESNA) certifying its photometric performance. Dark sky compliant with 0% uplight and U0 per IESNA TM-15.

Driver

High power factor of 90% min. Electronic driver, operating range 50/60 Hz. Auto adjusting universal voltage input from 120 to 277 VAC or 347 to 480 VAC rated for both application line to line or line to neutral, Class I, THD of 20% max. The current supplying the LEDs will be reduced by the driver if the driver experiences internal overheating as a protection to the LEDs and the electrical components. Output is protected from short circuits, voltage overload and current overload. Automatic recovery after correction. Standard built in driver surge protection of 2.5kV (min).

Surge Protection

Each luminaire is provided as standard with surge protector (Philips designed SP1) tested in accordance with ANSI/IEEE C62.45 per ANSI/IEEE C62.41.2 Scenario I Category C High Exposure 10kV/5kA waveforms for Line Ground, Line Neutral and Neutral Ground, and in accordance with U.S. DOE (Department of Energy) MSSLC (Municipal Solid State Street Lighting Consortium) Model Specification for LED Roadway Luminaires Appendix D Electrical Immunity High Test Level 10kV / 5kA.

LED Performance

Predicted lumen depreciation data[1]				
Ambient Temperature (°C)	Driver mA	Calculated L_{70} hours[1,2]	L_{70} per TM-21[2,3]	Lumen Maintenance % @ 60,000 hours
25°C	up to 1200 mA	>100,000	>42,000	88%

1. Predicted performance derived from LED manufacturer's data and engineering design estimates, based on IESNA LM-80 methodology. Actual experience may vary due to field application conditions.
2. L_{70} is the predicted time when LED performance depreciates to 70% of initial lumen output.
3. Calculated per IESNA TM21-11. Published L_{70} hours limited to 6 times actual LED test hours.
4. 32L rated for 30°C at 1000mA.

Wiring (supplied by others)

Splices must be made in the junction box.

Finish

Five standard colors offered in textured black, white, bronze, dark gray and medium gray. Color in accordance with the AAMA 2604 standard. Application of polyester powder coat paint 2.5 mils minimum. The thermosetting resins provides a discoloration resistant finish in accordance with the ASTM D2244 standard, as well as luster retention in keeping with the ASTM D523 standard and humidity proof in accordance with the ASTM D2247 standard. RAL and custom color matching available.

LED Products Manufacturing Standard

The electronic components sensitive to electrostatic discharge (ESD) such as light emitting diodes (LEDs) are assembled in compliance with EC61340-5-1 and ANSI/ESD S20.20 standards so as to eliminate ESD events that could decrease the useful life of the product.

LED Useful Life

Luminaire Useful Life accounts for LED lumen maintenance. Refer to IES files for energy consumption and delivered lumens for each option. Based on ISTMT in situ thermal testing in accordance with UL1598 and UL8750, LED LM-80/TM-21, expected to reach 100,000 + hours with >L70 lumen maintenance @ 25°C.

Certifications and Compliance

cULus Listed for Canada and USA suitable for wet locations when mounted downward facing. cULus Listed for Canada and USA suitable for damp locations when inverted upward facing when mounted in covered ceiling application. Emergency Battery Pack option is tested and listed to UL924 and CSA C22.2 No. 141-10 DesignLights Consortium qualified on models as listed on DLC QPL. Luminaire is rated for operation in ambient temperature of -40°C (-40°F) up to +40°C (+104°F)[4].

Limited Warranty

5-year limited warranty. See philips.com/warranties for details and restrictions.
Visit our eCatalog or contact your local sales representative for more information.

Notes:

Philips Gardco EcoForm LED luminaire combines economy with performance. Capable of delivering up to 20,000 lumens or more in a compact, low profile housing, EcoForm offers a new level of customer value. EcoForm features an innovative retrofit arm kit, simplifying site conversions to LED by eliminating the need to drill additional holes in most existing poles. Integral control systems, including motion response and wireless controls are available for further energy savings during off peak hours.

1. Available in 120V–277V Voltages only (UNV, 120, 208, 240 & 277).
2. MR50 and APD-MRO luminaires require one motion sensor per pole, ordered separately. See page 2 for Accessories. Available in 120V or 277V only.
3. ECF-MRI requires outboarded sensor when used with Terminal Block (TB) Option.
4. LLC2/LLC3/LLC4 Wireless Controls are not configurable with PC/PCB/PCR5/PCR7 Options. See page 6-7 for more info.
5. Contact factory for lead times on warm white.
6. Not configurable with Type 5 (5) Optics.
7. Not configurable with 120-277V (UNV) Voltage. Voltage must be specified.
8. Not configurable with 480V (480) Voltage.
9. Works with 3-pin or 5-pin NEMA photocell/ dimming device.
10. If ordered with DIM, APD, MRI, MR50, APD-MRI, APD-MRO, dimming will not be connected to NEMA receptacle.
11. Works with 3-pin or 5-pin NEMA photocell/dimming device and auxiliary connections are not connected (for future use only).
12. Not configurable with 3@120 (3@120) Mounting.
13. No adaptor required for 4" round poles. RPAs provided with Black Paint standard.

ECF EcoForm LED luminaire

EcoForm Accessories (order separately)

FS1R-100

MR hand held programmer

For use with 'MRI' motion response when field programming is required. If desired, only one is needed per job.

MS-A-120V

120V Input Area Motion Sensor

For MR50 (Motion Response) or APD-MRO (Automatic Profile Dimming with Motion Response Override)

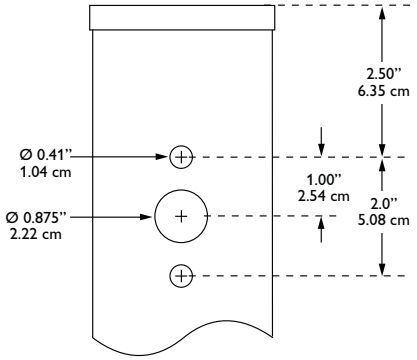
MS-A-277V

277V Input Area Motion Sensor

For MR50 (Motion Response) or APD-MRO (Automatic Profile Dimming with Motion Response Override)

Note: Motion Sensors are ordered separately, with one (1) motion sensor required per pole location for MR50 or APD-MRO luminaires. See Luminaire Configuration Information on page 5 for more details. Area motion sensor color is Arctic White. MRI and APD-MRI luminaires include an integral motion sensor.

EcoForm Drill Template (standard arm mount)



EcoForm Wireless Controls Accessories (for wall or pole mount)[1,2,3,4]

LLCR2-(F)

Standalone wall or pole wireless controller with #2 Lens.

LLCR3-(F)

Standalone wall or pole wireless controller with #3 Lens.

LLCR4-(F)

Standalone wall or pole wireless controller with #4 Lens.

1. When using the wireless remote accessory option (LLCR-F) in a pole mount application, specify pole option (CL=Coupling Internal Thread, 3/4" size)
2. 120-277V only.
3. Must specify finish (F=Specify matching finish)
4. Luminaire configuration must include 0-10V Dimming 'ECF-DIM' option when Wireless Controls Accessories are specified

ECF EcoForm LED luminaire

Luminaire Configuration Information

ECF

Philips Gardco EcoForm LED standard luminaire providing constant wattage and constant light output when power to the luminaire is energized.

ECF-DIM

Philips Gardco EcoForm LED luminaire provided with 0-10V dimming for connection to a control system provided by others.

ECF-APD

Philips Gardco EcoForm LED luminaire with Automatic Profile Dimming. Luminaire is provided with a Philips DynaDimmer module, programmed to go to 50% power, 50% light output two (2) hours prior to night time mid-point and remain at 50% for six (6) hours after night time mid-point. Mid-point is continuously recalculated by the Philips DynaDimmer module based on the average mid-point of the last two full night cycles. Short duration cycles, and power interruptions are ignored and do not affect the determination of mid-point.

ECF-APD is available in 120V–277V input only.

ECF-APD Dimming Profile:

100%	2 hours	6 hours	100%
	50%	50%	

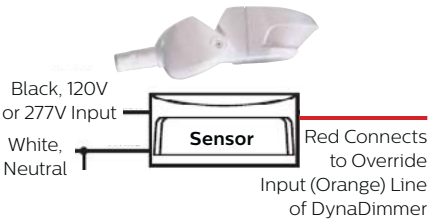
Power On **Mid Point** **Power Off**

ECF-MR50

Philips Gardco EcoForm LED luminaire with motion response, providing a 50% power reduction on low and a commensurate reduction in light output. The power and light output reduction is accomplished utilizing the Philips DynaDimmer module, programmed for a constant 50% power. Power supplied by the motion sensor connected to the override line on the DynaDimmer takes the luminaire to high setting, 100% power and light output, when motion is detected. The luminaire remains on high until no motion is detected for the motion sensor duration period, after which the luminaire returns to low. Duration period is factory set at 15 minutes, and is field adjustable from 5 minutes up to 15 minutes.

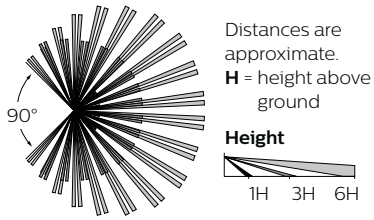
ECF-MR50 is available in 120V–277V input only to the luminaire. Motion sensors require single voltage 120V or 277V input.

The Area PIR motion sensor is the WattStopper EW-200-120-W (120V Input - MSA-120V) or the WattStopper EW-200-277-W (277V Input - MSA-277V.) One motion sensor per pole is required and is ordered separately. Area sensors require single voltage 120V or 277V input.



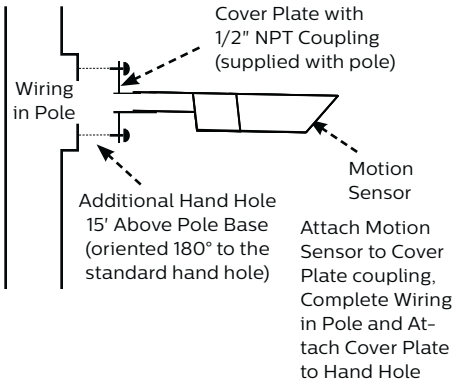
The area motion detector provides coverage equal to up to 6 times the sensor height above ground, 270° from the front-center of the sensor.

Area PIR Motion Sensor Coverage Pattern:



Motion response requires that the pole include an additional hand hole 15 feet above the pole base, normally oriented 180° to the standard hand hole. For Philips Gardco poles, order the pole with the Motion Sensor Mounting (MSM) option which includes the hand hole and a special hand hole cover plate for the sensor with a 1/2" NPT receptacle centered on the hand hole cover plate into which the motion sensor mounts. Once the motion sensor is connected to the hand hole cover plate, then wiring connections are completed in the pole. The plate (complete with motion sensor attached and wired) is then mounted to the hand hole. If poles are supplied by others, the customer is responsible for providing suitable mounting accommodations for the motion sensor in the pole.

Mounting to a Philips Gardco Pole:



ECF-APD-MRO

Philips Gardco EcoForm LED luminaire with Automatic Profile Dimming, with Motion Response Override. The ECF-APD-MRO combines the benefits of both automatic profile dimming and motion response, using the Philips DynaDimmer module. The luminaire will dim to 50% power, 50% light output, per the dimming profile shown for the ECF-APD. If motion is detected during the time that the luminaire is operating at 50%, the luminaire returns to 100% power and light output. The luminaire remains on high until no motion is detected for the duration period, after which the luminaire returns to low. Duration period is factory set at 15 minutes, and is field adjustable from 5 minutes up to 15 minutes.

Notes:

ECF-APD-MRO is available in 120V through 277V input only to luminaire. The motion sensor requires either 120V or 277V input to the motion sensor.

The ECF-APD-MRO has the same pole requirements and utilizes the same motion sensors as the ECF-MR50. The motion sensor mounts and wires identically as well. The ECF-APD-MRO utilizes the identical dimming profile as shown for the ECF-APD.

By combining the benefits of automatic profile dimming and motion response, the ECF-APD-MRO assures maximum energy savings, and insures that adequate light is present if motion is detected.

All motion sensors utilized consume 0.0 watts in the off state.

Luminaire Configuration Information (Continued)

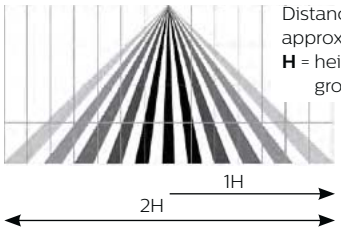
ECF-MRI

Luminaires with Motion Response include a LED driver and an integral programmable motion sensor. The motion sensor is set to a constant 50%. When motion is detected, the luminaire goes to 100%. The luminaire remains on high until no motion is detected for the motion sensor duration period, after which the luminaire returns to low. Duration period is factory set at 5 minutes. Available with 120V or 277V only.

Luminaires include a passive infrared (PIR) motion sensor, WattStopper® FSP-211 equipped with an FSP-L3 lens, capable of detecting motion within 20 feet of the sensor, 180° around the luminaire, when placed at a 20 foot mounting height, or mounted on a wall. Available in 120V or 277V input only. Motion sensor off state power is 0.0 watts.

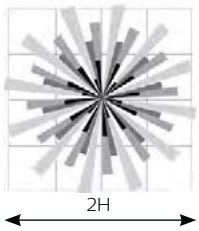
The approximate motion sensor coverage pattern is as shown below.

Side Coverage Pattern



Distances are approximate.
H = height above ground

Top Coverage Pattern



ECF-APD-MRI

Luminaires with Automatic Profile Dimming and Motion Response Override combine the benefits of both automatic profile dimming and motion response. APD-MRI luminaires utilize Philips DynaDimmer. The luminaire will dim to 50% power, 50% light output, per the dimming profile shown for APD luminaires (see page 4). If motion is detected during the time that the luminaire is operating at 50%, the luminaire goes to 100% power and light output. The luminaire remains on high until no motion is detected for the duration period, after which the luminaire returns to low. Duration period is factory set at 5 minutes.

APD-MRI luminaires are available with 120V or 277V input voltages only.

APD-MRI luminaires use the identical motion sensor as MRI luminaires. See motion sensor details for ECF-MRI.

FS1R-100 Wireless Remote Programming Tool

The FS1R-100 Remote Programming Tool accessory permits adjustment of ECF-MRI and ECF-APD-MRI sensor settings, including duration and dimming level on low, without the need to connect any wires to the luminaire.

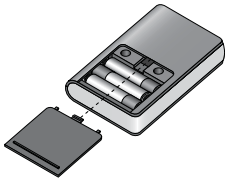
The FS1R-100 Wireless IR Programming Tool is a handheld tool for setup and testing of WattStopper FSP-211. It provides wireless access to the FSP-211 sensors for setup and parameter changes.

The FS1R-100 display shows menus and prompts to lead you through each process. The navigation pad provides a familiar way to navigate through the customization fields.

Within a certain mounting height of the sensor, the FS1R-100 allows modification of the system without requiring ladders or tools simply with a touch of a few buttons.

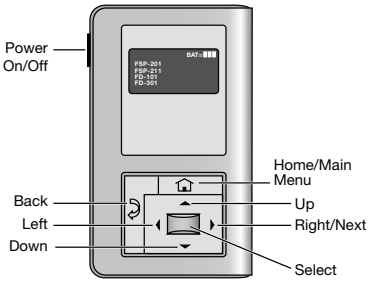
The FS1R-100 IR transceiver allows bi-directional communication between the FSP-211 and the FS1R-100 programming tool . Simple menu screens let you see the current status of the system and make changes. It can change FSP-211 sensor parameters such as high/low mode, sensitivity, time delay, cut off and more. With the FS1R-100 you can also establish and store FSP-211 parameter profiles.

The FS1R-100 operates on three standard 1.5V AAA Alkaline batteries or three rechargeable AAA NiMH batteries. The battery status displays in the upper right corner of the display. Three bars next to BAT= indicates a full battery charge. A warning appears on the display when the battery level falls below a minimum acceptable level. To conserve battery power, the FS1R-100 automatically shuts off 10 minutes after the last key press.



You navigate from one field to another using (up) or (down) arrow keys. The active field is indicated by flashing (alternates between yellow text on black background and black text on yellow background.)

Once active, use the Select button to move to a menu or function within the active field. Value fields are used to adjust parameter settings. They are shown in “less-than/greater-than” symbols: <value>. Once active, change them using (left) and (right) arrow keys. In general the up key increments and the down key decrements a value. Selections wrap-around if you continue to press the key beyond maximum or minimum values. Moving away from the value field overwrites the original value. The Home button takes you to the main menu. The Back button can be thought of as an undo function. It takes you back one screen. Changes that were in process prior to pressing the key are lost.More information on the FS1R-100 Remote Programming Tool is available at wattstopper.com.

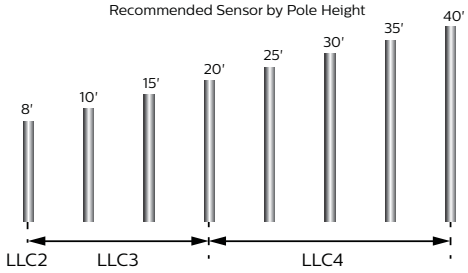


ECF EcoForm LED luminaire

Luminaire Configuration Information – EcoForm with wireless controls

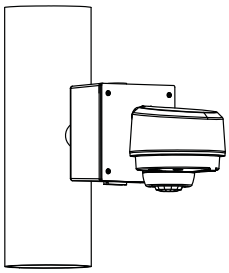
ECF-LLC2/3/4 Luminaire Mounted Controller

Wireless controller attached to luminaire and Includes radio, photocell and motion sensor with #2, 3, or 4 lens for 8-40' mounting heights.



LLCR2/3/4 Pole Mounted Controller

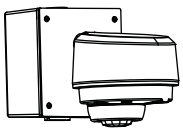
In this configuration, the wireless controller will be mounted to the pole at a fifteen foot mounting height. The number of luminaires on each pole, as well as the specific wattage chosen, will determine how many controllers will be required.



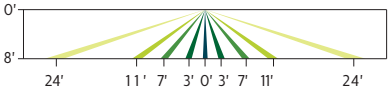
When using the wireless remote accessory option (LLCR-F) in a pole mount application, specify pole option (CL=Coupling Internal Thread, 3/4" size). Confirm required orientation of luminaire and wireless controller. Indicate height above pole base and orientation to handhold. Recommended min pole height is 18ft, with option (CL) 15ft above pole base. Other heights are possible when choosing the appropriate sensor lens type. See pole specification sheets for more information.

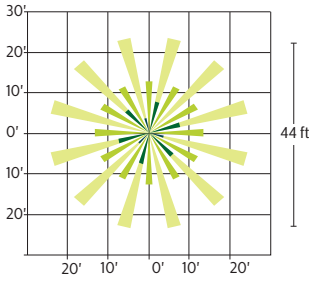
Remote Mount Wireless Controller

Used to extend the communication on site, to extend motion response and add other luminaires that are not pole mounted. Consult factory for more information.

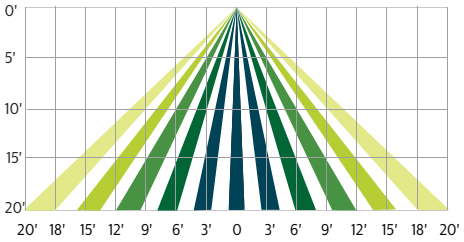


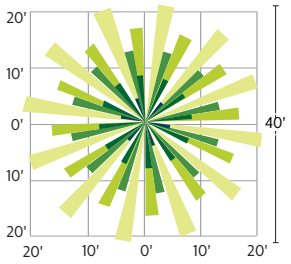
LLC2/LLCR2 (for pole or remote mount only)



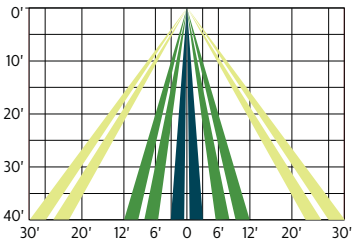


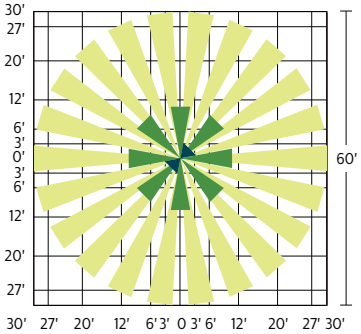
LLC3/LLCR3 (for luminaire, pole, or remote mount)



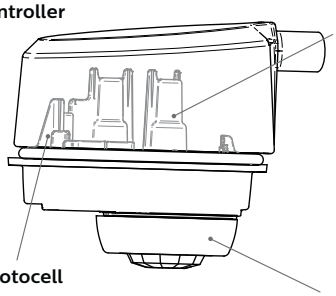


LLC4/LLCR4 (for luminaire, pole, or remote mount)





Controller



Photocell

- Ambient light photocell on every wireless radio that averages the light levels of up to 5 controllers for an accurate reading and optimal light harvesting activity.
- Reports ambient light readings to 1500 Fc.

Wireless Radio

- 1.8 Watts max (no load draw)
- Operating voltage 120-277 VAC RMS
- Communicates using the ZigBee protocol
- Carries out dimming commands from Gateway
- Reports ambient light readings to 1500 Ft-Cd
- Transmission Systems Operating within the band 2400-2483.5Mhz
- ROHS Compliant

Motion Response

- Detects motion through passive infrared sensing technology with three different lens configurations
- Motion sensor coverage can be adjusted from a narrow to a wide detection range, which helps reduce false triggers to further increase energy savings.
- Sensing profiles can be updated to adapt to activity levels in the environment, such as occupancy level, wind, and mounting height

ECF EcoForm LED luminaire

Luminaire Configuration Information (EcoForm with wireless controls)

Gateway

Overview: One gateway is included with the wireless controls system. The gateway opens up communication with the wireless radios installed with the EcoForm luminaires (or pole), allowing you to control your fixtures straight from the web. One gateway can communicate with up to 800 fixtures. Typically one unit is required per parking lot.

Installation: Gateway has 4 blind threaded holes on the back side that accept 10-32 screws. Mount spacing is 10.41" across and 14.19" vertical.

Requirements: The gateway must be mounted in a secure on-site location. The gateway requires 120V. Distance of gateway to the first radio varies upon application; contact factory. Strong internet connection required.

Specifications:

- High density RF Mesh coordinator
- Ethernet or wireless internet connection to server
- Proprietor of software "rules of operation"
- Watertight Ethernet connections
- Highly protected, long life ac/dc power supply
- Single board, ARM compliant 520Mhz Intel computer.
- Operating Temperature -20°C to 55°C
- Tamper proof housing

ECF EcoForm LED luminaire

Specifications

Housing

One piece die cast aluminum housing with integral arm and separate,self retained hinged, one piece die cast door frame.

IP Rating

LED light engine rated IP66.

Vibration Resistance

EcoForm with Standard Arm carries a 3G vibration rating that conforms to standards set forth by ANSI C136.31. Testing includes vibration to 3G acceleration in three axes, all performed on the same luminaire.

Electrical

Driver efficiency (>90% standard). 120-480V available (restrictions apply). Open/short circuit protection. Optional 0-10V dimming to 10% power. RoHS compliant. Surge protector standard. 10KA per ANSI/IEEE C62.41.2.

LED Board and Array

32, 48, or 64 LEDs. Color temperatures: 3000K, 4000K, 5700K +/- 250K. Minimum CRI of 70. Aluminum metal clad board. RoHS compliant.

LED Thermal Management

The housing design allows the one piece housing to provide excellent thermal management critical to long LED system life.

Energy Saving Benefits

System efficacy up to 95 lms/W with significant energy savings over Pulse Start Metal Halide luminaires. Optional control options provide added energy savings during unoccupied periods.

LED Performance

Predicted Lumen Depreciation Data[1]

Ambient Temperature °C	Driver (mA)	Calculated L_{70} Hours[1,2]	L_{70} Per TM-21[2,3]	Lumen Maintenance % @ 60,000 hours
Up to 40 °C	Up to 1050 mA	> 350,000 hours	> 60,000 hours	97%

1. Predicted performance derived from LED manufacturer's data and engineering design estimates, based on IESNA LM-80 methodology. Actual experience may vary due to field application conditions.
2. L70 is the predicted time when LED performance depreciates to 70% of initial lumen output.
3. Calculated per IESNA TM21-11. Published L70 hours limited to 6 times actual LED test hours.

Wireless Controls

The wireless controls system includes: gateway, controller (with wireless radio, motion response, and photocell), and commissioning/ training. This intelligent web-based system operates through a high density mesh (HDM) wireless technology. Wireless radios with motion response and photocell sensors are integrated with PureForm luminaires, and enable the fixtures to communicate via the ZigBee protocol. The gateway is a mini computer that connects to the internet, and is located in a secure location. The central database channels communication to and from the gateway, allowing data to be viewed or managed through the web-based graphical user interface (GUI). See wireless controls pages 6-7 for details and technical information.

Motion Sensors

ECF-MR50, ECF-APD-MRO, ECF-MRI, ECF-APD-MRI luminaires may be specified for additional energy savings during unoccupied periods. See pages 4-6 for complete details.

Optical Systems

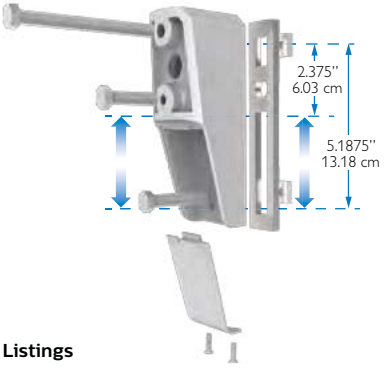
Type 2, 3, 4, and 5 distributions available. Internal Shield option mounts to LED optics and is available with Type 2, 3, and 4 distributions to control backlight.

Mounting

Standard luminaire arm mounts to 4" round poles. Square pole adapter included with every luminaire. Round Pole Adapter (RPA) required for 3-3.9" poles.

Retrofit Arm Mount

EcoForm features an innovative retrofit arm kit. When specified with the retrofit arm (RAM) option, EcoForm seamlessly simplifies site conversions to LED by eliminating the need for additional pole drilling on most existing poles. RAM will be boxed separately.



Listings

ETL/cETL listed to the UL 1598 standard, suitable for Wet Locations. Suitable for use in ambients from -40° to 40°C (-40° to 104°F). The quality systems of this facility have been registered by UL to the ISO 9001 series standards. All EcoForm luminaires equipped with NW and CW are DesignLights Consortium® qualified.

Finish

Each standard color luminaire receives a fade and abrasion resistant, electrostatically applied, thermally cured, triglycidal isocyanurate (TGIC) textured polyester powdercoat finish. Standard colors include bronze (BRP), black (BLP), white (WP), and natural aluminum (NP). Consult factory for specs on optional or custom colors.

Warranty

EcoForm luminaires feature a 5 year limited warranty. Philips Gardco LED luminaires with LED arrays feature a 5 year limited warranty covering the LED arrays. LED Drivers also carry a 5 year limited warranty. Motion sensors are covered by warranty for 5 years by the motion sensor manufacturer.

Poles

5" / 6" Straight Square Steel

The Philips Gardco SSS straight steel pole consists of a one-piece square fabricated steel lighting standard. The carbon steel base plate is secured to the shaft with a continuous circumferential weld providing excellent strength and integrity. The poles are finished with an electrostatically applied, thermally cured TGIC polyester powdercoat. All poles include anchor bolts, full base cover, hand hole, ground lug and top cap.

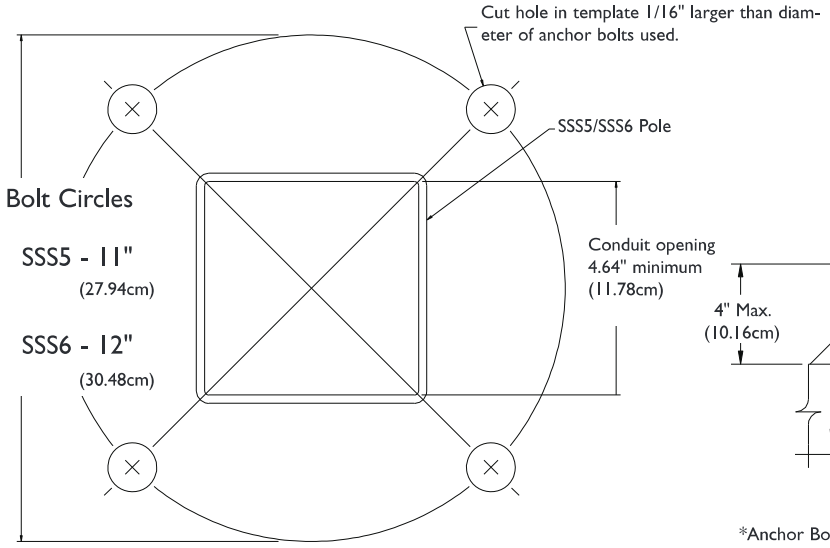
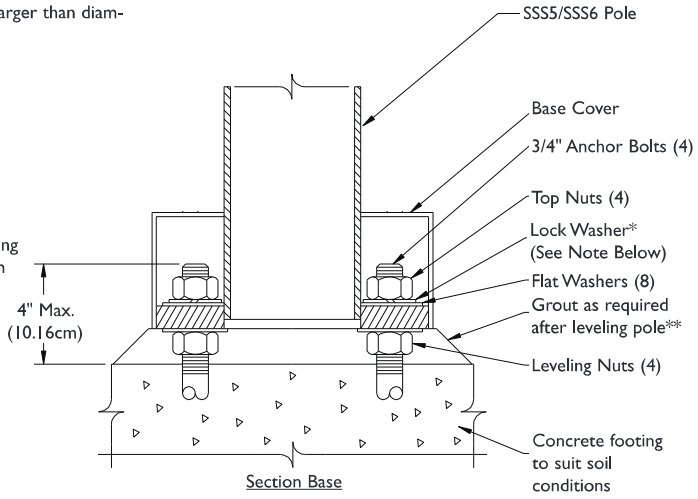
1. **Warning:** Additional wind loading, in terms of EPA, from banners, cameras, floodlights and other accessories attached to the pole, must be added to the luminaire(s) EPA before selecting the pole with the appropriate wind load capability.
2. Factory supplied template must be used when setting anchor bolts. Philips Gardco will not honor any claim for incorrect anchorage placement resulting from failure to use factory supplied templates.

DIMENSIONS



NOTE: Factory supplied template must be used when setting anchor bolts. Philips Gardco will not honor any claim for incorrect anchorage placement from failure to use factory supplied templates.



*Anchor Bolt Lock Washers are not normally required and are not included in standard anchor bolt sets. They are available upon request at additional cost.
**** Grouting should include a drainage slot or tube (by others) to permit water to drain from the base of the pole. Failure to provide drainage may weaken the pole base structure over time and may result in pole base failure, for which Philips Gardco is not responsible.**

PHILIPS
GARDCO

SPECIFICATIONS

POLE SHAFT: The pole shaft is fabricated from a single-piece of 11 ga (.1196") or 7 ga (.1793") commercial carbon steel. The formed steel plate is longitudinally welded providing minimum yield strength of 46 KSI.

ANCHOR BASE: The pole anchor base is fabricated from A-36 structural quality carbon steel with a minimum yield strength of 36 KSI. The base plate telescopes the pole shaft and is circumferentially welded on both top and bottom.

ANCHOR BOLTS: Anchor bolts are fabricated from a commercial quality hot rolled carbon steel bar that meets or exceeds a minimum guaranteed yield strength of 50,000 psi. Bolts have an "L" bend on one end and threaded on the opposite end. Anchor bolts are galvanized a minimum of 12" on the threaded end. Four (4) properly sized bolts, each furnished with two (2) regular hex nuts and two (2) flat washers, are provided per pole, unless otherwise specified.

BASE COVER: A two-piece base cover completely conceals the entire base plate and anchorage.

HAND HOLE: The reinforced hand hole has a nominal rectangular 2" X 4" inside opening in the pole shaft. Included is a cover plate with attachment screws. The hand hole is located 18" above the base and 180° clockwise with respect to the luminaire arm when viewed from the top of the pole for one arm. For two arms the hand hole is located directly under one arm.

POLE TOP CAP: Each pole assembly is provided with a removable pole top cap.

FINISH: Poles are available with a bronze, natural, white or black electrostatically applied, thermally cured TGIC polyester powdercoat finish.

STOCK POLES: Poles provided from stock under the Quick Ship program are drilled for four (4) luminaires at 90° with three (3) hole sets plugged.

GENERAL POLE INFORMATION

DESIGN: The poles as charted are designed to withstand dead loads and predicted dynamic loads developed by variable wind speeds with an additional 30% gust factor under the following conditions:

The charted weights include luminaire(s) and/or mounting bracket(s).

The wind velocities are based on 10 mph increments from 80 mph through 100 mph. Poles to be located in areas of known abnormal conditions may require special consideration. For example: coastal areas, airports and areas of special winds.

Poles are designed for ground mounted applications. Poles mounted on structures (such as buildings and bridges) may also necessitate special consideration requiring Philips Gardco's recommendation.

Height correction factors and drag coefficients are applied to the entire structure. An appropriate safety factor is maintained based on the minimum yield strength of the material incorporated in the pole.

WARNING: This design information is intended as a general guideline only. The customer is solely responsible for proper selection of pole, luminaire, accessory and foundation under the given site conditions and intended usage. The addition of any items to the pole, in addition to the luminaire, will dramatically impact the EPA load on that pole. It is strongly recommended that a qualified professional be consulted to analyze the loads given the user's specific needs to ensure proper selection of the pole, luminaire, accessories, and foundation. Philips Gardco assumes no responsibility for such proper analysis or product selections. **Failure to insure proper site analysis, pole selection, loads and installation can result in pole failure, leading to serious injury or property damage.**

GENERAL INFORMATION: Mounting height is the vertical distance from the base of the lighting pole to the center of the luminaire arm at the point of luminaire attachment. Twin arms as charted are oriented at 180° with respect to each other. For applications of two (2) arms at 90° or other multiple arm applications, consult the factory.

WARRANTY: Philips Gardco poles feature a 1 year limited warranty. See Warranty Information on www.sitelighting.com for complete details and exclusions.

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 01/10/2017

APPLICANT: Cameron Sloan *of F. C. Cuny*

AGENDA ITEM: **SP2016-036**; Alliance Addition; *Office Building*

Discuss and consider a request by Cameron Slown of F. C. Cuny on behalf of the owner N & H Legacy for the approval of a site plan for a multi-tenant retail building on a 2.22-acre portion of land being identified as Lots 8 & 11, Block 1, Alliance Addition, Phase 2, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 57 (PD-57) for Commercial (C) District land uses, situated at the southeast corner of the intersection of Andrews Drive and Horizon Road (FM-3097), and take any action necessary.

PURPOSE:

Cameron Slown of F. C. Cuny Corp. has submitted an application for site plan approval of a 21,200 sq. ft. multi-tenant retail building. The proposed building will be situated within the Alliance Addition Development on a 2.22-acre portion of land identified as Lots 8 & 11, Block 1, Alliance Addition, Phase 2. The property is generally located at the southeast corner of the intersection of Andrews Drive and Horizon Road (*FM-3097*) and is zoned Planned Development No. 57 (PD-57) District.

DENSITY AND DIMENSIONAL REQUIREMENTS:

The proposed multi-tenant retail building is permitted *by right* on the *subject property*. Based on the proposed use (*i.e. retail facility*), the site requires a minimum of eighty-five (85) parking spaces. The site plan indicates approximately eighty-nine (89) parking spaces for the site, which will exceed the minimum standards by four (4) parking spaces for the proposed development. The site will have two (2) points of access available from Alliance Drive and Andrews Drive, which are *24-ft Firelane, Public Access, and Utility Easements.*

The submitted site plan, building elevations and landscape plans are in substantial compliance and conform to the technical requirements contained within the Unified Development Code (UDC); however, a photometric plan must be submitted and approved meeting the standards established in *Art. VII, Environmental Performance, Sec. 3 Outdoor Lighting for Nonresidential Properties* prior to release of a Certificate of Occupancy (*CO*). This has been added as a condition of approval. With the exception of the photometric plan and the conditions as listed in the *Project Plan Review* as attached to this report, the site plan meets the intent of the UDC.

Ordinance Provisions	*Zoning District Standards*	*Conformance to the Standards*
Minimum Lot Area	*10,000 Sq. Ft.*	*2.22-Acres; In Conformance*
Minimum Lot frontage	*60-Feet*[1]	*x>60-Feet; In Conformance*
Minimum Lot Depth	*100-Feet*	*x>100-Feet; In Conformance*
Minimum Front Yard Setback	*15-Feet*	*x>15-Feet; In Conformance*

Ordinance Provisions	*Zoning District Standards*	*Conformance to the Standards*
Minimum Rear Yard Setback	*10-Feet[2]*	*x>10-Feet; In Conformance*
Minimum Side Yard Setback	*10-Feet[3]*	*x>10-Feet; In Conformance*
Maximum Building Height	*60-Ft w/o SUP*	*27' 0"; In Conformance*
Max Building/Lot Coverage	*60%*	*<60%; In Conformance*
Minimum Masonry Requirement	*90%*	*>90%; In Conformance*
Floor Area Ratio	*4:1*	*x<4:1; In Conformance*
Minimum Number of Parking Spaces	*85*	*89 Provided; In Conformance*
Minimum Stone Requirement (SH276 OV)	*20% ea facade*	*x>20%; In Conformance*
Minimum Landscaping Percentage	*15%*	*x>15%; In Conformance*
Maximum Impervious Coverage	*85 to 90%*	*<85%; In Conformance*

NOTES:
1. Minimum site frontage when not adjacent to IH-30 .
2. Without fire retardant wall, or alley: ten feet, or as required by building and/or fire codes.
3. a. Without fire retardant wall: ten feet, or as required by building and/or fire codes, b. With fire retardant wall: zero feet.

ARCHITECTURAL REVIEW BOARD:

On December 27, 2016, the Architectural Review Board (ARB) did not meet due to the lack of a quorum. The ARB is scheduled to meet on January 10, 2017 and should provide a recommendation to the Planning and Zoning Commission at this meeting.

RECOMMENDATIONS:

The site plan submitted by the applicant meets all the technical criteria stipulated by the Unified Development Code (UDC) with the exception of the items listed above. Should the Planning and Zoning Commission choose to approve the applicant's request, then the following conditions of approval should be adopted with this case:

1) All staff comments provided by the Planning, Engineering and Fire Department must be addressed prior to the submittal of a building permit.

2) The submittal and approval of a photometric plan meeting the standards as established under the Unified Development Code (UDC), *Art. VII, Environmental Performance, Sec. 3 Outdoor Lighting for Nonresidential Properties* prior to release of a Certificate of Occupancy (*CO*).

3) Any construction or building necessary to complete this Site Plan request must conform to the requirements set forth by the UDC, the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING COMMENTS - DAVID GONZALES - 01.05.2017 Planning Department General Comments to be addressed are as follows: 1. Adherence to Engineering and Fire Department standards shall be required. 2. Submittal and approval of a Civil Engineering Plans and Final Plat prior to issuance of a Certificate of Occupancy (CO). Plat mylars are to be submitted prior to issuance of building permit. Please addressthe following Planning Comments for each plan submitted: Building Elevations: 1. Requires a recommendation from ARB and approval by the Planning and Zoning Commission. 2. Provide a materials samples board for the ARB to review. Photometric Plan: 1. Provide a photometric plan in compliance with UDC and PD-57. As a note, PD-57 requires lighting pole standards not to exceed a maximum overall heightof 20-ft (includes pole, base, or combination thereof). Provide detail. 2. Provide cut sheets for all exterior lighting fixtures. 3. Will be added as a condition of approval. The following are scheduled meeting dates that you and/or your representative(s) should attend regarding the Site Plan. If you have any quesitons regarding this case, please feel free to contact David Gonzales, AICP with the Planning Department at 972-771-7745. Meeting Dates to Attend: Architectural Review Board: January 10, 2017 (5:00 p.m.) [applicant to receive recommendations from ARB] Planning - Action: January 10, 2017 (6:00p.m.) [P&Z to take action (i.e. approve, approve with conditions, etc.)

Discuss and consider a request by Cameron Slown of F. C. Cuny on behalf of the owner N & H Legacy for the approval of a site plan for a mutli-tenant retail building on a 2.22-acre portion of land being identified as Lots 8 & 11, Block 1, Alliance Addition, Phase 2, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 57 (PD-57) for Commercial (C) District land uses, situated at the southeast corner of the intersection of Andrews Drive and Horizon Road (FM-3097), and take any action necessary.

PLANNING COMMENTS - DAVID GONZALES - 12.21.2016

All staff comments are to be addressed and resubmitted by Tuesday, January 3, 2017. Please provide three large copies [24" X 36" FOLDED] and one PDF version for a subsequent review by staff:

Planning Department General Comments to be addressed are as follows:

1. Adherence to Engineering and Fire Department standards shall be required.
2. Label revised site plan documents with "Case No. SP2016-036" at the lower right corner of each plan.
3. Submittal and approval of a Civil Engineering Plans and Final Plat prior to issuance of a Certificate of Occupancy (CO). Plat mylars are to be submitted prior to issuance of building permit.

Please addressthe following Planning Comments for each plan submitted:

Site Plan:
1. Indicate and label public street names for Alliance Dr. & Andrews Dr.
2. All drive-throughs require a minimum stacking of six (6) vehicles per UDC. Indicate and label as such.
3. Use a gray scale line to represent private sewer & water lines.
4. Need floor plan and/or indicate on site plan the use and area for each to determine the appropriate amount of parking spaces requried.

Building Elevations:
1. Requires a recommendation from ARB and approval by the Planning and Zoning Commission.

Landscape Plan:
1. PD-57 requires a minimum of 4 accent trees per 100 linear feet of frontage to be located in a 15-ft landscape buffer along FM-3097. None indicated on plan; requires a minimum of 10 accent trees.
2. Indicate and label public street names for Alliance Dr. & Andrews Dr.

Photometric Plan:
1. Provide a photometric plan in compliance with UDC and PD-57. As a note, PD-57 requires lighting pole standards not to exceed a maximum overall heightof 20-ft (includes pole, base, or combination thereof). Provide detail.
2. Provide cut sheets for all exterior lighting fixtures.

The following are scheduled meeting dates that you and/or your representative(s) should attend regarding the Site Plan. If you have any quesitons regarding this case, please feel free to contact David Gonzales, AICP with the Planning Department at 972-771-7745.

Meeting Dates to Attend:

Type of Review / Notes	Contact	Sent	Due	Received	Elapsed	Status	Remarks
Architectural Review Board: December 27, 2016 (5:00 p.m.) [applicant to receive recommendations from ARB]							
Planning - Work Session: December 27, 2016 (6:00p.m.) [applicant to present case to P&Z for discussion].							
Planning - Action: January 10, 2017 (6:00p.m.) [P&Z to take action (i.e. approve, approve with conditions, etc.)

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 01/10/2017

APPLICANT: Jeffery Dolian; *Kimley-Horn and Associates, Inc.*

AGENDA ITEM: **SP2017-001;** Target

SUMMARY:

Discuss and consider a request by Jeffery Dolian, PE of Kimley-Horn and Associates, Inc. on behalf of Eames Gilmore, Sr. of the Target Corporation for the approval of an amended site plan to change the exterior façade of an existing retail building situated on a 10.37-acre parcel of land identified as Lot 2, Block A, Steger Towne Crossing, Phase 1, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the Scenic Overlay (SOV) District, addressed as 850 Steger Towne Drive, and take any action necessary.

PURPOSE:

The applicant is requesting approval of an Amended Site Plan for the purpose of remodeling the building façade on an existing Target store. The Target store is situated on an approximately 10.37-acre parcel of land [*Lot 2, Block A, Steger Towne Crossing, Phase 1*], is zoned Commercial (C) District and is within the Scenic Overlay (SOV) District. The site is addressed as 850 Steger Towne Drive.

BUILDING ELEVATION:

On June 17, 1996, the City Council approved a Site Plan for the Target store. At that time, the West Elevation [i.e. front elevation] consisted of masonry [i.e. CMU] and did not require any variances. Since the approval of the original site plan, the applicant is proposing to remodel the front façade of the building to include metal panels over the front entrance as well as on the southwest corner of the building.

VARIANCE:

According to Section 6.8D, *Scenic Overlay (SOV) District*, of Article V, *District Development Standards*, of the Unified Development Code (UDC), secondary materials [*i.e. metal paneling*] used on the façade of the building must be less than 10% of the elevation area. In this case, the applicant is proposing to utilize 17% metal paneling on the West Elevation. The UDC states that corporate identities that conflict with the building design criteria shall be reviewed as a variance by the Planning and Zoning Commission and the City Council.

RECOMMENDATIONS:

If the Planning & Zoning Commission chooses to approve the applicant's request then staff would recommend the following conditions of approval:

1) All technical comments provided by the Planning, Engineering and Fire Department must be addressed prior to the submittal of a building permit;

2) Any construction or building necessary to complete this site plan request must conform to the requirements set forth by the UDC, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other

applicable regulatory requirements administered and/or enforced by the state and federal government.

Rockwall, Texas 75087

RE: *Target (T-1065) Refresh*

Kimley-Horn and Associates, Inc. serves as the engineering consultant for Target, who is planning an exterior remodel of their existing store at 850 Steger Towne Road in Rockwall.

Target is proposing to refresh the Rockwall store with façade and signage improvements. The sign improvements include a new "Order Pickup" sign and two new Target bullseyes. The existing bullseye and the "Target" letters will be removed at this time. In addition to the wall signs, Target is proposing to re-face the existing free standing multi-tenant signs. It is my understanding the sign improvements meet the City's Sign Ordinance and will not require a sign variance.

Target is also proposing to add red metal paneling to the west and south elevations. The City's code requires a maximum of 10% for all secondary material for each façade. The proposed elevations for the remodel currently show 17% metal and 83% concrete at the store front (west elevation).

The red metal paneling will enhance the store, create a more cohesive color pallet, and improve the overall appearance of the shopping center by providing a better contrast between the white bullseye and the underlying façade. The proposed metal panel is a high quality, durable material that will add an interesting accent to an otherwise rather plain, concrete façade. The intent of the improvements is to provide a more contemporary appearance for the exterior of the store. Limiting the amount of metal paneling will decrease the visibility of the Target bullseyes, reduce the ability to identify the main entrance, and result in a loss of consistency across the store front.

It is our understanding that the proposed façade improvements will need to be reviewed and approved by the Architectural Review Board (ARB), Planning and Zoning (P&Z), and City Council. We respectively request to be on your January 10th ARB and P&Z agendas and January 13th City Council agenda.

Thank you for your review and consideration of this request. If you have any questions or require any additional information, please feel free to contact me at 972-770-1363 or jeffrey.dolian@kimley-horn.com.

Sincerely,

Jeffrey W. Dolian, P.E.
Kimley-Horn and Associates, Inc.

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 01/10/2017

APPLICANT: Greg Wallis *of Mershawn Architects*

AGENDA ITEM: **SP2017-002**; *Sharp Warehouse*

SUMMARY:

Discuss and consider a request by Greg Wallis of Mershawn Architects on behalf of Kris Sharp for the approval of an amended site plan for the addition of a warehouse building on an existing facility situated on a 1.095-acre parcel of land identified as Lot 4, Block A, Sharp Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 46 (PD-46), situated within the SH-276 Overlay (SH-276 OV) District, located on the south side of Springer Road, east of the intersection of Springer Road and Corporate Crossing [FM-3549], and take any action necessary.

PURPOSE:

The applicant is requesting approval of a site plan for the purpose of constructing a 4,996 sq. ft. building that will serve as an additional facility (*for office and warehouse purposes*) to an existing ~4,996 sq. ft. building. An amendment to the site plan is required due to the proposed building exceeding 50% of the size of the existing building. The applicant is proposing the new facility to be constructed as a mirror image of the existing facility. Due to the limited visibility from Springer Road, the applicant will require approval of a variance to the roof design standards and an exception to the vertical and horizontal articulation standards as outlined in this report. The proposed building is to be located on a 1.095-acre parcel of land that will front Springer Road. The lot is zoned PD-46 and is within the SH-276 Overlay (*SH-276 OV*) District.

DENSITY AND DIMENSIONAL REQUIREMENTS:

The proposed office/warehouse facility is permitted by right on the subject property. The site has a total of 15 existing parking spaces with one (1) point of access available from Springer Road, which is a 24-ft Firelane and Public Access Easement. Based on the parking standards, the existing parking is considered to be sufficient for the proposed expansion.

Aside from the variance and exception requests and the conditions as listed in the *Recommendations* section of this report, the submitted site plan, building elevations, treescape plan, and landscape plan are in substantial compliance with the technical requirements contained within the Unified Development Code (UDC).

Ordinance Provisions	*Zoning District Standards*	*Conformance to the Standards*
Minimum Lot Area	*10,000 Sq. Ft.*	*1.095-Acres; In Conformance*
Minimum Lot frontage	*60-Feet[1]*	*x>60-Feet; In Conformance*
Minimum Lot Depth	*100-Feet*	*x>100-Feet; In Conformance*
Minimum Front Yard Setback	*15-Feet*	*x>15-Feet; In Conformance*
Minimum Rear Yard Setback	*10-Feet[2]*	*x>10-Feet; In Conformance*
Minimum Side Yard Setback	*10-Feet[3]*	*x>10-Feet; In Conformance*
Maximum Building Height	*60-Ft w/o SUP*	*20' 0"; In Conformance*

Ordinance Provisions	*Zoning District Standards*	*Conformance to the Standards*
Max Building/Lot Coverage	*60%*	*<60%; In Conformance*
Minimum Masonry Requirement	*90%*	*>90%; In Conformance*
Floor Area Ratio	*4:1*	*x<4:1; In Conformance*
Minimum Number of Parking Spaces	*13*	*15 Provided; In Conformance*
Minimum Stone Requirement (SH276 OV)	*20% ea facade*	*x<20%; Variance Request*
Minimum Landscaping Percentage	*15%*	*x>15%; In Conformance*
Maximum Impervious Coverage	*85 to 90%*	*<85%; In Conformance*

NOTES:
1. Minimum site frontage when not adjacent to IH-30 .
2. Without fire retardant wall, or alley: ten feet, or as required by building and/or fire codes.
3. a. Without fire retardant wall: ten feet, or as required by building and/or fire codes, b. With fire retardant wall: zero feet.

TREESCAPE / LANDSCAPE PLAN:

Although the property is within the SH-276 OV, it fronts Springer Road and therefore is not subject to the landscape standards established for this overlay district; however, the applicant has provided trees in the 10-ft landscape buffer as part of the previous site plan approval (*SP2014-017*). In addition, a treescape plan was approved on December 29, 2015 (*MIS2015-010*) for the removal of various trees on site; however, the treescape plan submitted indicates an eight (8) caliper inch Elm tree that was not identified with the original treescape plan. This is considered to be a feature tree (any oak, pecan, or elm) and requires approval from the Planning and Zoning Commission before being removed. The tree also requires an inch-for-inch mitigation. This will leave a mitigation balance due of eight (8) inches. In order to satisfy the mitigation balance, the applicant can provide two (2) or three (3) (*minimum three (3) caliper inch*) canopy trees on site.

VARIANCE AND EXCEPTION REQUEST(S):

The applicant is requesting variances and an exception to the Unified Development Code (*UDC*) for the sections outlined below.

1) The SH-276 OV District requires that all buildings less than 6,000 sq. ft. incorporate a pitched roof. The proposed warehouse building is designed utilizing a flat roof. *In accordance with Sec. 6.14, SH-276 OV District, of the UDC approval of this variance will require a three-quarter majority vote of those city council members present with a minimum of four affirmative votes.*

2) The SH-276 OV District requires each exterior wall to be constructed of 90% masonry materials (*i.e. brick, stone, etc.*) including a *minimum of 20% natural or quarried stone* when visible from a public street or open space. The applicant is proposing to incorporate stone on the north elevation only. In accordance with *Section 6.14.C. Architectural Standards*, of *Article V, District Development Standards*, of the UDC, a *variance to allow for not meeting the minimum stone standard requires a ¾ majority vote by the City Council for approval.*

3) The General Commercial district standards require a minimum horizontal and vertical articulation that the current building design is not meeting along the east and west building elevations. *Per the requirements of the UDC a simple majority vote will be required to approve this variance.*

Staff would point out that the majority of the existing buildings surrounding the proposed property are also metal buildings, many of which existed prior to annexation of the area. The proposed 4,996 sq. ft. building is generally screened from SH-276 traffic by several of the surrounding buildings and is only visible along Springer Road. Staff will also mention that the existing building was granted the same variances and exception requests in 2014. However,

the proposed variances and exception remain a discretionary action for the Planning and Zoning Commission and City Council.

RECOMMENDATIONS:

The site plan submitted by the applicant meets all the technical criteria stipulated by the Unified Development Code (UDC) with the exception of the items listed above. Should the Planning and Zoning Commission choose to approve the applicant's request and recommend approval of the requested variances and exception to the City Council, then staff would offer the following conditions of approval:

1) All staff comments provided by the Planning, Engineering and Fire Department must be addressed prior to the submittal of a building permit.

2) Any construction or building necessary to complete this site plan request must conform to the requirements set forth by the UDC, the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

Discuss and consider a request by Greg Wallis of Mershawn Architects on behalf of Kris Sharp for the approval of an amended site plan for the addition of a warehouse building on an existing facility situated on a 1.095-acre parcel of land identified as Lot 4, Block A, Sharp Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 46 (PD-46), situated within the SH-276 Overlay (SH-276 OV) District, located on the south side of Springer Road, east of the intersection of Springer Road and Corporate Crossing [FM-3549], and take any action necessary.

PLANNING COMMENTS - DAVID GONZALES - 01.04.2017

All staff comments are to be addressed and resubmitted by Tuesday, January 17, 2017. Please provide three large copies [24" X 36" FOLDED] and one PDF version for a subsequent review by staff:

Planning Department General Comments to be addressed are as follows:

1. Adherence to Engineering and Fire Department standards shall be required.
2. Re-label revised site plan documents with "Case No. SP2017-002" at the lower right corner of each plan.
3. All exterior signage requires submittal and approval of a separate building permit through the building inspections department.

VARIANCEs AND EXCEPTION FOR CITY COUNCIL TO CONSIDER:

1. Art. V, Sec. 6.14.2 of the SH-276 OV district requires that all buildings less than 6,000 sq. ft. incorporate a pitched roof. The proposed warehouse building is designed utilizing a flat roof. **Approval of a variancel requires passage by a three-quarter majority vote of those City Council members present with a minimum of four affirmative votes.

2. The SH-276 OV district requires each exterior wall to be constructed of 90% masonry materials (i.e. brick, stone, etc.) including a minimum of 20% natural or quarried stone when visible from a public street or open space. The applicant is proposing to incorporate stone on the north elevation only. In accordance with Section 6.14.C. Architectural Standards, of Article V, District Development Standards, of the UDC, a variance to allow for not meeting the minimum stone standard requires a ¾ majority vote by the City Council for approval.

3. Art V, Sec. 4.1. of the UDC - Exception to the Horizontal & Vertical Articulation Standards - the buildings east and west elevations as submitted are not meeting the minimum requirements establish by the General Commercial District Standards for articulation. ** Approval of the exceptions to the horizontal and vertical articulation standards of the UDC requires passage by a simple majority vote of City Council.

Please address the following Planning Comments for each plan submitted:

Site Plan:
1. Dumpster enclosure walls are required to be at least 8-ft in height with materials matching the primary structure and an opaque gate with a self latching mechnism. Provide detail.

Building Elevations:
1. Variance's and Exception to the SH-276 OV and the UDC as stated above require approval of those members present of the City Council.
2. RTU's and ground mounted HVAC units are to be visually screened from right-of-ways and adjacent properties at the property line. Dash-in RTU's or draw in HVAC's indicating units as screened.
3. Provide a materials sample board for ARB review.

Landscpae Plan:
1. Meets or exceeds the requirements of the UDC as submitted.

Photometric Plan:
1. Provide cut sheets for all exterior lighting fixtures.
2. Will there be any light poles added to the site? If so, provide a photometric plan and pole detail with the maximum height not exceeding 20-ft (including base).

The following are scheduled meeting dates that you and/or your representative(s) should attend regarding the PD Site Plan. If you have any quesitons regarding this case, please feel free to contact David Gonzales, AICP with thePlanning Department at 972-771-7745.

Meeting Dates to Attend:

Architectural Review Board: January 10, 2017 (5:00 p.m.) [applicant to receive recommendations from ARB]

Planning - Action: January 10, 2017 (6:00p.m.) [P&Z to take action (i.e. approve, approve with conditions, etc.)

City Council - Action: January 17, 2016 (6:00 p.m.) [FOR VARIANCE & EXCEPTION REQUEST ONLY]

AGENDA
PLANNING AND ZONING COMMISSION WORK SESSION
City Hall, 385 South Goliad, Rockwall, Texas
Council Chambers
January 31, 2017
6:00 P.M.

CALL TO ORDER

CONSENT AGENDA

1. **Approval of Minutes** for the *December 27, 2017* Planning and Zoning Commission meeting.

2. **Approval of Minutes** for the *January 10, 2017* Planning and Zoning Commission meeting.

3. **P2017-001** **(Korey)**
   Discuss and consider a request by Vinod Sharma of Little Genius of Texas, LLC for the approval of a final plat of Lot 1, Block A, Montessori School Addition being a of 2.288-acre tract of land identified as Tract 2-3 of the W. T. DeWeese Survey, Abstract No. 71, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 70 (PD-70) for Genera Retail (GR) District land uses, located at the southeast corner of FM-552 and Stone Creek Drive, and take any action necessary.

4. **P2017-002** **(David)**
   Discuss and consider a request by Clay Cristy of ClayMoore Engineering on behalf of CN Rockwall Investors, LLC for the approval of a replat for Lot 3, Block A, Briscoe/Hillcrest Addition being a 1.1084-acre tract of land currently identified as Lots 1 & 2, Block A, Briscoe/Hillcrest Addition and Tract 41-2 of the E. Teal Survey, Abstract No. 207, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), situated within the Summit Office Subdistrict and the IH-30 Overlay (IH-30 OV) District, located at the southwest corner of Horizon Road [*FM3097*] and the IH-30 frontage road, and take any action necessary.

5. **P2017-004** **(David)**
   Discuss and consider a request by Maria Bonilla of Winklemann & Associates on behalf of Jim Ziegler of PegasusAblon for the approval of a replat for Lots 8 & 9, Block A, The Harbor-Rockwall Addition being a 19.013-acre tract of land currently identified as Lots 5 & 7, Block A, The Harbor-Rockwall Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 7 (PD-7) and Planned Development District 32 (PD-32), situated within the IH-30 Overlay (IH-30 OV) District, located at the southwest corner of the intersection of Summer Lee Drive and Lakefront Trail, and take any action necessary.

6. **P2017-005** **(David)**
   Discuss and consider a request by Sarah Williamson of Kimley-Horn and Associates on behalf of Stone Creek SF LTD & Stone Creek Balance LTD for the approval of a final plat for Lots 1 & 2, Block A, Stone Creek Grocer being a replat of 0.733-acres identified as a portion of Lot 27, Block A, Stone Creek, Phase VII Addition and a final plat of 8.666-acres out of the S. King Survey, Abstract No. 131, City of Rockwall, Rockwall County, Texas, being a total of 9.399-acres, zoned Planned Development District 70 (PD-70), situated within the North SH-205 Overlay (N-SH205 OV) District, generally located at the northeast corner of the intersection of E. Quail Run Road and N. Goliad Street [*N. SH-205*], and take any action necessary.

7. **SP2017-005** **(Korey)**
   Discuss and consider a request by David Smith on behalf of Barbara Criswell for the approval of a site plan converting an existing single-family structure into a medical office building on a 0.344-acre tract of land described as Lot 2 of the Barnes Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses, situated within the N. Goliad Corridor Overlay (NGC OV) District, addressed as 602 N. Goliad Street [*SH-205*], and take any action necessary.

8. **MIS2016-012** **(Ryan)**
   Discuss and consider a request by John Arnold of BH Balance I LLC for the approval of an amended tree mitigation plan for Breezy Hill, Phase VI being 79 single-family residential lots on 32.020-acre portion of a larger 61.528-acre tract of land identified as Tract 7 of the J. Strickland Survey, Abstract No. 187, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 74 (PD-74) for Single Family 10

(SF-10) District land uses, generally located northeast of the intersection of N. John King Boulevard and Life Springs Drive, and take any action necessary.

APPOINTMENTS

9. Appointment with Architectural Review Board representative to receive the Board's recommendations and comments for items on the agenda requiring architectural review.

ACTION ITEMS

10. SP2016-034 **(David)**
Discuss and consider a request by Sarah Williamson of Kimley-Horn and Associates on behalf of Stone Creek SF LTD & Stone Creek Balance LTD for the approval of a PD site plan for a grocery store on 7.46-acres of land identified as a portion of a larger 164.812-acre tract of land identified as Tract 3 of the S. King Survey, Abstract No. 131, City of Rockwall, Rockwall County, Texas, being zoned Planned Development District 70 (PD-70), situated within the North SH-205 Overlay (N-SH205 OV) District, generally located at the northeast corner of the intersection of E. Quail Run Road and N. Goliad Street [N. SH-205], and take any action necessary.

11. SP2017-007 **(Ryan)**
Discuss and consider a request by Brett Mashchak of Academy Sports + Outdoors on behalf of Tim Denker of Steger Dunhill, LLC for the approval of an amended site plan for an existing building situated on a 5.511-acre parcel of land identified as Lot 4, Block A, Steger Towne Crossing, Phase 1, Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District , situated within the IH-30 Overlay (IH-30 OV) and Scenic Overlay (SOV) Districts, addressed as 920 Steger Towne Drive, and take any action necessary.

DISCUSSION ITEMS

12. Z2017-001 **(Ryan)**
Hold a public hearing to discuss and consider a request by Terry Gwin of SWBC Real Estate, LLC on behalf of the owner Gene Lambreth of Pneuma Ventures, LTD for the approval of a zoning change from a Light Industrial (LI) District to a Planned Development District for a multi-family apartment complex on a 42.548-acre tract of land identified as Tract 1-4 of the J. M. Allen Survey, Abstract No. 2, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the SH-205 By-Pass Overlay (205 BY-OV) District, located east of the intersection of Discovery Boulevard and John King Boulevard, and take any action necessary.

13. Z2017-002 **(Korey)**
Hold a public hearing to discuss and consider a request by Lisa Wilck Palomba on behalf of Paul J. Wilck, Jr. for the approval of a zoning change from an Agricultural (AG) District to Single-Family Estate 2.0 (SFE-2.0) District on a 5.192-acre tract of land being identified as Tract 8-02 of the W. W. Ford Survey, Abstract No. 80, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, addressed as 463 H. Wallace Lane, and take any action necessary.

14. Z2017-003 **(Ryan)**
Hold a public hearing to discuss and consider a request by Maria Bonilla of Winklemann & Associates on behalf of Jim Ziegler of PegasusAblon for the approval of an amendment to Planned Development District 7 (PD-7) for the purpose of incorporating a 0.30-acre portion of land currently zoned Planned Development District 32 (PD-32) and amend the PD Development Standards stipulated by *Ordinance No.'s 73-47, 82-36 & 87-11*, being a 28.44-acre tract of land identified as a portion of Lot 7 and all of Lots 3, 4 & 5, Block A, the Harbor-Rockwall Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 7 (PD-7) & Planned Development District 32 (PD-32), located at the southwest corner of the intersection of Lakefront Trail and Summer Lee Drive, and take any action necessary.

15. P2017-003 **(Korey)**
Discuss and consider a request by Mike Swiercinsky of 7.1 Ridge, LLC for the approval of a preliminary plat for Lots 1-7, Block A, Sky-Ridge Addition being an 8.61-acre tract of land being identified as Tracts 4 & 19 of the E. P. G. Chisum Survey, Abstract No. 64, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the Scenic Overlay (SOV) District, generally located at the northwest corner of the intersection of Ridge Road [*FM-740*] and W. Yellow Jacket Lane, and take any action necessary.

16. **SP2017-004** **(Korey)**
Discuss and consider a request by Jeff Carroll of Carroll Architects, Inc. on behalf of Gregg Murray pf Service King Collision Repair for the approval of a site plan amendment for an Auto Body Shop (i.e. Service King Collision Repair) on a 3.2039-acre tract of land described as Tract 7-01 of the J. Lockhart Survey, Abstract No. 134, City of Rockwall, Rockwall County, Texas, located at 1780 E IH-30, zoned Light Industrial (LI) District, situated within the IH-30 Overlay (IH-30 OV) District, and take any action necessary.

17. **SP2017-006** **(David)**
Discuss and consider a request by Maria Bonilla of Winklemann & Associates on behalf of Jim Ziegler of PegasusAblon for the approval of an amended site plan for the expansion of the existing Cinemark 12 Rockwall movie theater being a 12.894-acre tract of land currently identified as Lot 5 and a portion of Lot 7, Block A, The Harbor-Rockwall Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 7 (PD-7) and Planned Development District 32 (PD-32), addressed as 2125 Summer Lee Drive, and take any action necessary.

18. Director's Report of post Council meeting outcomes of Planning & Zoning cases **(Ryan)**.

MINUTES

PLANNING AND ZONING COMMISSION WORK SESSION

City Hall, 385 South Goliad, Rockwall, Texas
Council Chambers
December 27, 2016
6:00 P.M.

I. CALL TO ORDER

Chairman Renfro called the meeting to order at 6:00 p.m. The Commissioners present at the meeting were, Patrick Trowbridge, Sandra Whitley, and Mark Moeller. Absent were Commissioner Johnny Lyons, Annie Fishman and Tracey Logan. Staff members present were Planning Director, Ryan Miller, Senior Planner, David Gonzales, Planner, Korey Brooks, Planning Coordinator, Laura Morales, Assistant City Engineer, Amy Williams, Civil Engineer, Jeremy White and Fire Marshall, Ariana Hargrove.

II. CONSENT AGENDA

1. Approval of Minutes for the November 29, 2016 Planning and Zoning Commission meeting.

Commissioner Whitley made a motion to approve the consent agenda. Commissioner Trowbridge seconded the motion, which passed by a vote of 4-0, with Commissioners Lyons, Fishman and Logan absent.

III. APPOINTMENTS

2. Appointment with Architectural Review Board representative to receive the Board's recommendations and comments for items on the agenda requiring architectural review.

Planning Director, Ryan Miller, advised the Commission the ARB meeting was canceled due to no quorum being met, but staff will field the responses to the site plans and distribute those to the applicants to allow them to address comments at the next scheduled meeting.

IV. ACTION ITEMS

3. MIS2016-011

Discuss and consider a request by Billy and Autumn Quinton for the approval of an exception to the minimum masonry requirements stipulated in Section 3.1, *General Residential District Standards*, of Article V, *District Development Standards*, of the Unified Development Code, for a 0.17-acre parcel of land identified as Lot 2, Block A, Autumn Addition, City of Rockwall, Rockwall County, Texas, zoned Single Family 7 (SF-7) District, situated within the Historic Overlay District and the Old Town Rockwall (OTR) Historic District, addressed as 102 N. Tyler Street, and take any action necessary.

Planner, Korey Brooks gave brief explanation of request stating that the applicants are proposing to construct a 2,946 SF single-family home on the subject property located at 102 N. Tyler Street. According to the applicant's the proposed home will utilize an architectural style and exterior materials that are similar to homes adjacent to the subject property and throughout the district. Specifically, the house will be constructed utilizing a blend of brick and HardiBoard siding. It will be two stories in height and incorporate architectural features such as shaker siding under the eaves, porch and window overhangs, wooden carriage garage doors, bay windows, and a front porch with spandrels across the front of the house, and a masonry chimney with cap. According to the Unified Development Code the minimum masonry requirement which would be considered to be brick, stone, natural, cast or cultured for exterior walls on structures that are 120 square feet or greater must be 80%; with a maximum of 50% of this masonry requirement being permitted to be Hardy Plank, stucco or a similar cementaceous material. In this case, the applicant is proposing HardiBoard in the following percentages: 86% on the south elevation, 76% on the east elevation, 72% on the north elevation, and 53% on the west elevation. Because those percentages exceed 50% the applicant is before the Commission seeking approval.

Mr. Brooks went on to state that on December 15, 2016, the Historic Preservation Advisory Board's motion to recommend approval of a Certificate of Approval to allow the construction of a new single-family home which passed by a vote of 4 to 0. Mr. Brooks advised the Commission the applicants were present and they as well as staff were available for questions.

Chairman Renfro asked applicant to come forward.

Autumn Quinton
601 E. Rusk St.
Rockwall, TX

Ms. Quinton came forward and added that the actual living area will only be 2,000 square feet and she feels everyone will be pleased with it once it's complete.

Commissioner Trowbridge asked if it would be their primary residence and would they be moving in once built. Ms. Quinton stated that was correct, they are currently living in the front house which was built by her grandparents and once the new house is complete they will be moving into that one.

There being no further discussion, Chairman Renfro brought the item back for the Commission for discussion or action.

Commissioner Trowbridge made a motion to approve MIS2016-011 with staff recommendations. Commissioner Whitley seconded the item which passed by a vote of 5-0, with Commissioners Logan and Fishman absent.

Commissioner Lyons arrived at the meeting at 6:06 p.m.

V. DISCUSSION ITEMS

4. Z2016-044

Hold a public hearing to discuss and consider a request by Robert Miklos of Miklos Law, PLLC on behalf of Hacienda Car Wash, Inc. for the approval of a Specific Use Permit (SUP) for a carwash within the Scenic Overlay (SOV) District on a 2.008-acre tract of land being identified as Lots 1 & 2-01, Block A, the Woods at Rockwall Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the Scenic Overlay (SOV) District, located south of the intersection of W. Yellow Jacket Lane and Ridge Road [*FM-740*], and take any action necessary.

Planning Director, Ryan Miller, advised the Commission the applicant was present.

Robert Miklos
1800 Valley View Lane Suite 360
Farmers Branch, TX

Mr. Miklos came forward and stated he is representing the applicant, Hacienda Car Wash. They are seeking to obtain a Specific Use Permit for a car wash. The underling zoning is commercial but the reason it needs an SUP is because it falls within the Scenic Overlay District.

Chairman Renfro asked the Commission for any questions for the applicant.

Commissioner Whitley asked if the plan was to move the existing Hacienda Car Wash to the new proposed location. The applicant stated the plan is to move the existing car wash to the new location.

Commissioner Trowbridge asked if it would be only the carwash or would there be a café included in the new proposal. The applicant stated it would be both the carwash and the cafe moving, he added that they are running out of room at their existing location.

There being no further questions Chairman Renfro indicated the case will be back for action at the next scheduled meeting.

5. Z2016-045

Hold a public hearing to discuss and consider a request by Tom Kirkland of TEKMAK Development Company on behalf of Randall Noe of Rockwall Rental Properties, LP for the approval of a Specific Use Permit (SUP) for a Hotel, Residence in a Commercial (C) District on an approximately 3.0-acre tract of land be a portion of a larger 8.613-acre tract of land Tract 4 of the J. D. McFarland Survey, Abstract No. 145, and Lot 1, Block B, Goldencrest Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, situated north of the intersection of Greencrest Boulevard and the IH-30 Frontage Road, and take any action necessary.

Planner, Korey Brooks, stated the applicant was present.

Tom Kirkland
613 Willowsprings
Heath, TX

Mr. Kirkland came forward and stated the proposal is for an extended stay and he gave brief definition of the concept of the "extended stay". This particular hotel would be 100% extended stay product but according to statistics approximately only 40% of its occupancy is defined as an extended stay. In the industry extended stay is defined as any stay that lasts longer than five days. The majority of the guest in this type of hotel will stay less than five days and the clientele that usually stay are professionals that may be in town for training or meetings, families that may stay for leisure, most are within the business level as well as people that are looking to relocate and need somewhere to stay while they search for a home. Currently Rockwall only offers one extended stay which is the Value Place and therefore they feel this type of product is needed. Mr. Kirkland spoke of the different types of hotels within the industry that have extended stay product and what type of clientele each may offer if they do not have brand mandated upkeep and as the property deteriorate the price per room deteriorates as well. This is not a problem that would happen with the Marriott which does have a brand mandated upkeep that has to be maintained every six to eight years. He spoke of different properties they currently have which they are renovating as well as new construction; he stressed the difference in the product they offer and they feel it will be a good fit to this area as Rockwall continues to grow.

Chairman Renfro asked the Commission for any questions for the applicant.

Commissioner Trowbridge asked if it will be subject to a long term franchise agreement, and if so, for how long. Mr. Kirkland stated it would be a twenty year franchise agreement.

Commissioner Trowbridge asked what kind of clientele they were looking to attract and what the average room rate will be. Mr. Kirkland stated he felt it would be driven towards people that are looking to relocate into the community, professionals that are on assignment locally, with the average room rate at over $100 a night.

Commissioner Trowbridge asked for reasoning behind the location, since it is behind a high school. Mr. Kirkland stated their desire is to focus on the surrounding restaurants and businesses nearby, and the clients usually leave early in the morning and do not return until the evening which is when school is in session.

Commissioner Moeller asked how many rooms there would be. Mr. Kirkland stated it would be approximately 100 rooms and will be a four story building. Commissioner Moeller asked if there had been any thoughts as to making it a Residence Inn as opposed to a Towneplace Suites. Mr. Kirkland stated that a Residence Inn is a little pricier for this particular market, but only having to do with room rates, not with the finishes and construction. It is almost as expensive to build a TownePlace Suites as it is a Residence Inn. Commissioner Moeller asked what percentage of the rooms would be considered to be "extended stay". Mr. Kirkland stated the rooms are predominantly rent for either extended stay or overnight stay, but 100% are extended stay. About 60% of the guest rooms in this location will be what is called studios, which is geared for one to two occupants. And about 25-30% that will be one bedroom.

Chairman Renfro made comment on when a Specific Use Permit is issued it allows the ability to go back and review the SUP on a yearly basis and if it does not perform to what was originally committed to the City does have the right, after a public hearing, to revoke the Specific Use Permit.

Planning Director, Ryan Miller, clarified that in order to revoke a Specific Use Permit, the applicant would have to go back through the zoning process, hold two public hearings and be approved through an ordinance.

Commissioner Lyons asked if there would be any type of screening from the high school. Mr. Kirkland stated there would be an outdoor area that would be enclosed along the rear of the building.

There being no further questions Chairman Renfro indicated the case will be back for action at the next scheduled meeting.

6. Z2016-046

Hold a public hearing to discuss and consider a request by Sarah Williamson of Kimley-Horn and Associates on behalf of Stone Creek SF LTD & Stone Creek Balance LTD for the approval of a PD Development Plan for a grocery store on 7.46-acre identified as a portion of as a portion of a larger 164.812-acre tract of land identified as Tract 3 of the S. King Survey, Abstract No. 131, City of Rockwall, Rockwall County, Texas, being zoned Planned Development District 70 (PD-70), situated within the North SH-205 Overlay (N-SH205 OV) District, generally located at the northeast corner of the intersection of E. Quail Run Road and N. Goliad Street [N. SH-205], and take any action necessary.

Planning Director, Ryan Miller stated this agenda item and agenda item #11 would be discussed in unison because they are essentially the same property. Mr. Miller went on to state that Planned Development District 70 specifically allows a grocery store up to 80,000 square feet on the subject property but requires a PD Development Plan. The purpose of the Planned Development Plan in this case is to ensure pedestrian cross access between the adjacent subdivision and the retail development as well as to examine the screening. Mr. Miller went on to state that per the ordinance they are allowed to run the PD site plan at the same time, which is the typical process that the Commission looks at and approves and sends variances over to City Council.

Mr. Miller advised the Commission the applicant was present and available for questions.

Peyton McGee
1857 Swan
Dallas, TX

Mr. McGee came forward and stated he was available for any questions.

Commissioner Moeller asked if they had considered the proximity of the Kroger and Tom Thumb in adding another grocery store in the same area. Mr. McGee stated that the owner is looking at sites throughout DFW for their store and being new to the market they are trying to play into the same market those grocery stores and trying to compete.

Commissioner Moeller asked what if any of the property was in the floodplain and would any of that be developed, specifically the west side closest to SH-205. Mr. Miller stated there is a floodplain running through the property and that is where the floodplain runs through the property. Commissioner Moeller asked if the access would come through the driveway that goes into CVS or coming in from Quail Run. Mr. McGee stated it would be.

Mr. Miller asked the applicant to discuss the screening plans that would be put in place to the adjacent properties as well as the pedestrian elements that will be added to the plan to meet the intent of the ordinance. Mr. McGee provided picture showing what they were proposing and stated that for the pedestrian access they have a sidewalk from the front of the building out to Quail Run Road. The screening will be plantings along Quail Run Road, as well as the masonry screen walls that are required for the dumpster and loading docks. Mr. Miller added that the loading zone will require a variance because it fronts onto a public street.

Commissioner Trowbridge asked what the primary access would be. Mr. McGee stated the intention is for Quail Run to be the main entrance.

Commissioner Moeller asked concerning traffic dynamics with the Kroger having just opened it would have significantly changed since they first looked at planning on the site. Mr. McGee stated he did not believe they have looked at any traffic impacts for the site as of yet.

Mr. Miller added that concerning the site plan, they will be seeking variances, for not meeting the 20% natural stone requirement of the Overlay District and that will be a three quarter majority vote for approval and they will also be requiring a variance to the amount of stucco used on the building in excess of 50% of some of the wall phases and that too will be a three quarter majority vote. They will also be require a variance to the four sided architecture.

Mr. McGee advised the Commission they would be providing additional information at the next meeting that will better answer the questions that were brought up at tonight's meeting.

There being no further questions Chairman Renfro indicated the case will be back for action at the next scheduled meeting.

7. P2016-053

Discuss and consider a request by Chase Finch of Corwin Engineering, Inc. on behalf of John Arnold of BH Balance I LLC for the approval of a final plat for Breezy Hill, Phase VI containing 77 single-family residential lots on 31.254-acre portion of a larger 61.528-acre tract of land identified as Tract 7 of the J. Strickland Survey, Abstract No. 187, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 74 (PD-74) for Single Family 10 (SF-10) District land uses, generally located northeast of the intersection of N. John King Boulevard and Life Springs Drive, and take any action necessary.

Planner, Korey Brooks, gave brief explanation of request stating it is the final plat of Phase VI of Breezy Hill that consists of 77 single family homes. The plat does meet the technical requirements of the UDC. It will be going to the Park Board next week to establish the necessary park fees and will come back on the consent agenda at the next scheduled Planning and Zoning meeting.

Chairman Renfro asked the applicant to come forward.

Wes Dorough
204 Jeffrey Road
Palmer, TX

Mr. Dorough came forward and stated he is the representative for Breezy Hill Phase VI and is available for any questions.

There being no questions Chairman Renfro indicated the case will be back for action at the next scheduled meeting.

8. P2016-054

Discuss and consider a request by Chase Finch of Corwin Engineering, Inc. on behalf of John Arnold of BH 60's POD, LTD for the approval of a preliminary plat for Breezy Hill, Phase X containing 79 single-family residential lots on 19.784-acre portion of a larger 29.181-acre tract of land identified as Tract 7-05 of the J. Strickland Survey, Abstract No. 187; the J. Simmons Survey, Abstract No. 190; and the T. R. Bailey Survey, Abstract No. 30, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 74 (PD-74) for Single Family 10 (SF-10) District land uses, situated with the SH-205 By-Pass Overlay (SH-205 BY-OV) District, generally located northeast of the intersection of N. John King Boulevard and FM-552, and take any action necessary.

Planner, Korey Brooks, gave brief explanation of the request stating this is a preliminary plat for Phase X which will consist of 79 single family homes. It does meet the technical requirements of the UDC and will be going to the Parks Board next week to establish necessary park fees and will come back on the consent agenda at the next scheduled Planning and Zoning meeting.

There being no questions Chairman Renfro indicated the case will be back for action at the next scheduled meeting.

9. SP2016-032

Discuss and consider a request by John Wardell of Lake Pointe Church for the approval of a site plan for a worship and education building for an existing church on a 2.55-acre portion of a larger 34.46-acre parcel of land identified as Lot 1, Block A, Lake Pointe Baptist Church Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, located east of the intersection of FM-740 and the IH-30 Frontage Road, and take any action necessary.

Planner, Korey Brooks, gave brief explanation of request stating the applicant is requesting approval of a site plan for the purpose of building an expansion that will be located behind an existing garage and will not have visibility from IH-30 or Ralph Hall Parkway. The proposed elevations will require variances for exceeding secondary materials used on a façade of a building such as EIFS which exceeds 10% along with the aluminum and cast stone. Also, the proposed elevations do not meet the 20% stone requirement. The ARB will review the proposal at the next scheduled meeting and will send recommendations. Mr. Brooks provided a sample Board for the Commission to review.

There being no questions Chairman Renfro indicated the case will be back for action at the next scheduled meeting.

10. SP2016-033

Discuss and consider a request by Lizandro Oemeno for the approval of a site plan converting an existing single-family home into an office building on a 1.24-acre tract of land identified as Tract 3 of the J. H. B. Jones Survey, Abstract No. 124, City of Rockwall, Rockwall County, Texas, being zoned Planned Development District 69 (PD-69) for Residential Office (RO) District land uses, situated within the North SH-205 Overlay (N-SH205 OV) District, generally located at the northwest corner of the intersection of Los Altos Drive and N. Goliad Street [*N. SH-205*], addressed as 1201 N. Goliad Street, and take any action necessary.

Planning Director, Ryan Miller, stated the applicant was present and available for any questions.

Chairman Renfro asked the applicant to come forward.

Lizandro Oemeno
(No address given)

Mr. Oemeno came forward and stated Mr. Nigo would be presenting proposal on his behalf.

Daniel Nigo
2902 Saturn Road
Garland, TX

Mr. Nigo came forward and stated what is being proposed is a request from residential to a retail site. He was recently asked by Mr. Oemeno to assist him in the request and therefore does not have too many details, he has looked at what Mr. Oemeno is proposing to do but by looking at it feels it may not work. He apologized for not having too much information but offered to answer any questions.

Mr. Miller added that the subject property is in a Residential Office District as with many of the Residential Office Districts, what tries to be done is take areas that could potentially transition and give those an option to incorporate other uses other than residential. The subject property in particular is pretty restrictive and only allows general office less than 5,000 square feet and a couple other studio type uses relating to art and photography. This Planned Development District requires the parking to be located at the rear of the property. The property has an existing drive but is not a commercial drive and the major issue is that there is a floodplain that runs thru the front of the property, meaning that any drive that would be added would require an engineer to do a flood study.

Mr. Miller went on to state that the reason it may have been drawn the way it is being proposed by the applicant may be to provide an alternative way to enter the site from SH-205. The position of the drive now through Los Altos Drive runs through property owned by the HOA of the adjacent neighborhood and therefore would be a developmental issue that would have to be

worked out prior to full approval of request and can be incorporated as a condition of approval. Another issue with the drive location is the proximity to SH-205 and that would require a variance from the City Council. The ordinance currently requires cross access to be provided across the property to facilitate the flow of traffic.

Mr. Miller went on to state that staff is working with the applicant.

General discussion took place concerning access and screening as it pertains to the properties to the north of the subject property.

Commissioner Trowbridge asked the applicant if he owned the property and what kind of business he would be running. Mr. Oemeno stated he does own the property and he will open a real estate business.

There being no further questions Chairman Renfro indicated the case will be back for action at the next scheduled meeting.

11. SP2016-034

Discuss and consider a request by Sarah Williamson of Kimley-Horn and Associates on behalf of Stone Creek SF LTD & Stone Creek Balance LTD for the approval of a PD site plan for a grocery store on 7.46-acre identified as a portion of as a portion of a larger 164.812-acre tract of land identified as Tract 3 of the S. King Survey, Abstract No. 131, City of Rockwall, Rockwall County, Texas, being zoned Planned Development District 70 (PD-70), situated within the North SH-205 Overlay (N-SH205 OV) District, generally located at the northeast corner of the intersection of E. Quail Run Road and N. Goliad Street [N. SH-205], and take any action necessary.

This agenda item was discussed during discussion of agenda item # 5.

12. SP2016-036

Discuss and consider a request by Cameron Slown of F. C. Cuny on behalf of the owner N & H Legacy for the approval of a site plan for a mutli-tenant retail building on a 2.22-acre portion of land being identified as Lots 8 & 11, Block 1, Alliance Addition, Phase 2, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 57 (PD-57) for Commercial (C) District land uses, situated at the southeast corner of the intersection of Andrews Drive and Horizon Road (FM-3097), and take any action necessary.

Planning Director, Ryan Miller gave brief explanation of the request stating that the subject property is located within Planned Development District 57, and will be required to have more landscaping in the front as well as some architectural features. The building does meet the majority of the requirements and there are no variances. Mr. Miller added the applicant was unable to attend the meeting but staff is available for any question.

Chairman Renfro asked if they would look similar to the buildings across the street. Mr. Miller stated that what the applicant has relayed to staff is that they would not and provided elevations showing what the applicant is proposing which is elements of those existing buildings, specifically the Austin stone to try and tie a development scheme in from the building to the north and then transitioning to the two office buildings with the green roof and the Austin stone.

Chairman Renfro asked for questions from the Commission for staff.

There being no further questions Chairman Renfro indicated the case will be back for action at the next scheduled meeting.

13. Director's Report of post Council meeting outcomes of Planning & Zoning cases.

- ✓ SP2016-026: Masonry Exception for 242 National Drive [*Approved*]
- ✓ SP2016-029: Variances for the CCA School for the RISD [*Approved*]
- ✓ Z2016-033: SUP for a Residency Hotel on Vigor Way (*1st Reading*) [*Postponed*]
- ✓ Z2016-038: SUP for an Accessory Building at 1950 Copper Ridge Circle (*1st Reading*) [*Approved*]
- ✓ Z2016-039: Amendment PD-65 (*1st Reading*) [*Approved*]

- ✓ Z2016-040: Amendment to PD-68 (*1st Reading*) [*Postponed*]
- ✓ Z2016-041: Zoning Change (AG & C to PD for an Apartment Complex) [*Postponed*]
- ✓ Z2016-042: Zoning Change (C to PD for an Apartment Complex) [*Denied*]

Planning Director, Ryan Miller, **provided a brief update about the outcome of the above referenced case at the City Council meeting. No discussion took place concerning this agenda item.**

VI. ADJOURNMENT

Chairman Renfro adjourned the meeting at 7:14 p.m.

PASSED AND APPROVED BY THE PLANNING & ZONING COMMISSION OF THE CITY OF ROCKWALL, Texas, this _____ day of _____, 2016.

_____
Craig Renfro, Chairman

Attest:

_____
Laura Morales, Planning Coordinator

MINUTES

PLANNING AND ZONING COMMISSION WORK SESSION

City Hall, 385 South Goliad, Rockwall, Texas
Council Chambers
January 10, 2017
6:00 P.M.

I. CALL TO ORDER

Chairman Renfro called the meeting to order at 6:00 p.m. The Commissioners present at the meeting were, Patrick Trowbridge, Sandra Whitley, Mark Moeller, Annie Fishman, Tracey Logan and Johnny Lyons. Staff members present were Planning Director, Ryan Miller, Senior Planner, David Gonzales, Planner, Korey Brooks, Planning Coordinator, Laura Morales, Assistant City Engineer, Amy Williams, Civil Engineer, Jeremy White and Fire Marshall, Ariana Hargrove.

II. CONSENT AGENDA

1. Approval of Minutes for the December 13, 2016 Planning and Zoning Commission meeting.

2. P2016-053

Discuss and consider a request by Chase Finch of Corwin Engineering, Inc. on behalf of John Arnold of BH Balance I LLC for the approval of a final plat for Breezy Hill, Phase VI containing 77 single-family residential lots on 31.254-acre portion of a larger 61.528-acre tract of land identified as Tract 7 of the J. Strickland Survey, Abstract No. 187, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 74 (PD-74) for Single Family 10 (SF-10) District land uses, generally located northeast of the intersection of N. John King Boulevard and Life Springs Drive, and take any action necessary.

3. P2016-054

Discuss and consider a request by Chase Finch of Corwin Engineering, Inc. on behalf of John Arnold of BH 60's POD, LTD for the approval of a preliminary plat for Breezy Hill, Phase X containing 79 single-family residential lots on 19.784-acre portion of a larger 29.181-acre tract of land identified as Tract 7-05 of the J. Strickland Survey, Abstract No. 187; the J. Simmons Survey, Abstract No. 190; and the T. R. Bailey Survey, Abstract No. 30, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 74 (PD-74) for Single Family 10 (SF-10) District land uses, situated with the SH-205 By-Pass Overlay (SH-205 BY-OV) District, generally located northeast of the intersection of N. John King Boulevard and FM-552, and take any action necessary.

Commissioner Trowbridge made a motion to approve the consent agenda. Commissioner Moeller seconded the motion, which passed by a vote of 7-0.

III. APPOINTMENTS

4. Appointment with Architectural Review Board representative to receive the Board's recommendations and comments for items on the agenda requiring architectural review.

Architectural Review Board representative, Jerry Welch, gave brief explanation of agenda items that were discussed at the ARB meeting. Mr. Welch advised the Commission the Board approved all items on their agenda with the exception of SP2016-034 which was tabled to allow the applicants to review the Boards comments and recommendations.

IV. PUBLIC HEARING ITEMS

5. Z2016-033

Hold a public hearing to discuss and consider a request by Himmat Chuhan on behalf of the owner Pastem Corporation for the approval of a Specific Use Permit (SUP) for the purpose of allowing a residence hotel in a Commercial (C) District that exceeds 36-feet in height in the Scenic Overlay (SOV) District for a 1.74-acre parcel of land identified as Lot 1, Block A, Comfort Inn & Suites Rockwall Towne Centre Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated

within IH-30 Overlay (IH-30 OV) and Scenic Overlay (SOV) Districts, addressed as 700 E. IH-30, and take any action necessary.

Planning Director, Ryan Miller, advised the Commission that the applicant has requested to postpone this agenda item to the February 14th meeting and no action would be required from the Commission.

6. Z2016-041

Hold a public hearing to discuss and consider a request by Tony Austin of TAC, Inc. on behalf of the owner Cameron & Cameron for the approval of a zoning change from an Agricultural (AG) and Commercial (C) District to a Planned Development District for a multi-family apartment complex on a 12.59-acre tract of land identified as Tract 8 of the B. J. T. Lewis Survey, Abstract No. 255, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) and Commercial (C) District, situated within the SH-205 Overlay (SH-205 OV) District, located on the west side of T. L. Townsend Drive south of Justin Road, and take any action necessary.

Planning Director, Ryan Miller, advised the Commission the applicant has requested to withdraw the agenda item.

Chairman Renfro made a motion to approve to withdraw the agenda item. Commissioner Trowbridge seconded the motion, which passed by a vote of 7-0.

7. Z2016-044

Hold a public hearing to discuss and consider a request by Robert Miklos of Miklos Law, PLLC on behalf of Hacienda Car Wash, Inc. for the approval of a Specific Use Permit (SUP) for a carwash within the Scenic Overlay (SOV) District on a 2.008-acre tract of land being identified as Lots 1 & 2-01, Block A, the Woods at Rockwall Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the Scenic Overlay (SOV) District, located south of the intersection of W. Yellow Jacket Lane and Ridge Road [*FM-740*], and take any action necessary.

Senior Planner, David Gonzales, gave brief explanation of requested stating that a car wash whether it is a self-service or full service, and in this case it is a full service that is being requested. It is a use permitted by right within the Commercial District; however it is within the Scenic Overlay District which requires a Specific Use Permit as well as meeting the standards that are within the Unified Development Code for car washes which states that entrances and exists to the car wash shall not directly face any public street and on corner sites, car wash entrances or exits shall not open toward the street with the highest traffic volume, and the car wash shall be set back a minimum of 50-feet from any street frontage. In this case, the proposed carwash tunnel will be situated approximately 170-feet from Ridge Road and the entrance to the carwash will not face Ridge Road. The applicant's request conforms to all applicable requirements regarding a Specific Use Permit; however, granting an SUP remains a discretionary act of the City Council. If approved the applicant will be required to submit a site plan and replat the lot.

Mr. Gonzales went on to state that on December 27, 2016, staff mailed 43 notices to property owners and residents within 500-feet of the subject property and also emailed a notice to the Turtle Cove Homeowner's Association. One notice was received in opposition of the request.

Mr. Gonzales advised the Commission the applicant was present and he, as well as staff was available for questions.

Chairman Renfro opened the public hearing and asked the applicant to come forward.

Robert Miklos
1800 Valley View Lane
Farmers Branch, TX

Mr. Miklos came forward and stated he represents Hacienda Car wash and was available for questions.

Commissioner Trowbridge asked if the business would include a retail component, and if the current business would be closing and relocating to the new location. Mr. Miklos stated that was correct.

Russell Frank
Rockwall, TX

Mr. Frank came forward and advised he was available for questions.

Commissioner Moeller asked that due to the layout of the land he had some concern over how the drainage issue would be addressed when there is heavy rains, he asked if they had a plan in place to handle that. Mr. Frank stated they are currently still working on that issue.

Mr. Gonzales added that those issues would be dealt with and answered during the time of site plan.

Commissioner Whitley asked how long the current Hacienda car wash has been open. Mr. Frank stated it has been in business for 18 years.

Commissioner Lyons asked if he could provide the Commission any renderings of what it will look like. Mr. Frank stated they are currently working on those renderings. Commissioner Lyons expressed concern for the traffic it may cause, and what they are doing to alleviate any issue that that may cause. Mr. Frank stated they will have a long driveway.

Marco Vega
General Manager of Hacienda Car Wash
(No address given)

Mr. Vega came forward to address Commissioner Lyons concern with the traffic and stated it will be a longer tunnel to help alleviate any traffic backing up.

Commissioner Logan asked concerning the La Jolla car wash that was approved in recent month, was that no longer in play. Mr. Gonzales stated the SUP was approved in 2015 and that was for a self-service car wash and that SUP is still in effect, but whether or not someone builds there or not is not known.

Chairman Renfro asked for further clarification of what the layout will consist of. Mr. Miklos provided the conceptual plan and general discussion took place concerning the layout and how it will handle traffic flow.

Planning Director, Ryan Miller, added that what the applicant is providing at this time is simply a conceptual plan and will most likely change significantly at the time of site plan but will be required to meet all City requirements.

Chairman Renfro asked if anyone wished to speak concerning the case to come forward and do so.

Dr. Rob Mehl
2237 Ridge Road
Rockwall, TX

Dr. Mehl came forward and stated he bought his property thirty years ago as part of the Scenic Overlay and being within that Overlay District played a big part as to why he chose to buy his property. He expressed his opposition to the request because he feels his property Lakewood Office Park is very compatible to the Scenic Overlay District, and is concerned that by allowing Specific Use Permits over and over, it will be undermining what a Scenic Overlay District really is. He went on to state that although he is fond of the Hacienda Car Wash establishment, he does not feel this is the right location for them to relocate to, it would create a different character for the neighborhood and does not feel like it would fit the Scenic Overlay. He also expressed concern with the traffic issue the large influx of cars.

Chairman Renfro asked if there was anyone else who wished to speak to come forward and do so, there being no one indicating such Chairman Renfro closed the public hearing and brought the item back to the Commission for discussion.

Commissioner Logan expressed concern with the already approved Specific Use Permit for the self-service car wash and the close proximity to the requested car wash, both of which would be on the Scenic Overlay.

Chairman Renfro asked for clarification if a car wash use was allowed by right aside from it being in a Scenic Overlay. Mr. Gonzales stated in is allowed by right in any Commercial District but requires the SUP because it falls within the Scenic Overlay District. Chairman Renfro noted that the Specific Use Permit gives City Council the authority to review it on an annual basis to ensure it is meeting what was specified within the SUP, and if it is not the business could be asked to cease operating. Mr. Gonzales stated that specific language has not been put within this particular SUP, but if the Commission would like to have that language within the SUP staff can forward that to City Council for their consideration. As it is now, the language is mirrored to what was approved for the Specific Use Permit that was approved on La Jolla Pointe.

Commissioner Fishman expressed similar concern that of which Commissioner Logan had, of having two car washes in such close proximity from each other and asked staff what the time limit had been placed on the SUP that has already been approved. Mr. Gonzales stated there was not a condition added to that SUP for City Council to review after one year, and that car wash is a self-service car wash as opposed to what is being proposed.

General discussion took place concerning what language could be put into the Specific Use Permit in regards to controls and restrictions.

Commissioner Trowbridge stated this proposal seems to comply much more with the intent of than the one that was approved in 2015, which the Planning and Zoning Commission voted against and feels that putting a time restriction on this SUP would hamper the development.

Commissioner Lyons stated he feels it would be a good fit to the area, but expressed concern with the entry, would like to see the layout where the cars can pull in easily to not cause traffic slowing down. He went on to state that with it being on the Scenic Overlay the restrictions will be laid out where it will be a nice facility.

Commissioner Lyons made a motion to approve Z2016-044 with staff recommendations. Commissioner Trowbridge seconded the motion, which passed by a vote of 6-1 with Commissioner Logan dissenting.

8. Z2016-045

Hold a public hearing to discuss and consider a request by Tom Kirkland of TEKMAK Development Company on behalf of Randall Noe of Rockwall Rental Properties, LP for the approval of a Specific Use Permit (SUP) for a Hotel, Residence in a Commercial (C) District on an approximately 3.0-acre tract of land be a portion of a larger 8.613-acre tract of land Tract 4 of the J. D. McFarland Survey, Abstract No. 145, and Lot 1, Block B, Goldencrest Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, situated north of the intersection of Greencrest Boulevard and the IH-30 Frontage Road, and take any action necessary.

Planning Director, Ryan Miller, gave brief explanation of request stating that the subject property is located at the southeast corner of IH-30 and Greencrest and is near the high school and the Walmart property and is zoned Commercial and falls within the IH30 Overlay District. The applicant is requesting an SUP for a residence hotel; the Unified Development Code states that all hotels in Commercial Districts, whether they are residence or a regular hotel, require a Specific Use Permit.

Mr. Miller went on to state it is 100% residential units, meaning that it contains all elements of a dwelling unit, specifically what is looked at in these cases is if it includes a kitchen facility and what the applicant is proposing in this case do provide at least a sink, refrigerator, and a microwave. The product they are proposing will be a four story hotel with approximately 112 units.

Mr. Miller further stated that staff mailed 9 notices to property owners within 500 feet of the subject property and also notified the Flagstone Estates and Turtle Cove HOA's which are the only subdivisions within 1500 feet of the subject property, and one notice was received in favor of the request.

Mr. Miller stated his applicant was present and he, as well as the applicant was available for questions.

Chairman Renfro asked the Commission for any questions for staff.

Commissioner Trowbridge asked if the City currently has any 100% extended stay or residence hotels. Mr. Miller stated there is entitlement along IH-30 corridor, and there is currently one that is 100% residence.

Chairman Renfro opened the public hearing and asked the applicant to come forward.

Thomas Kirkland
613 Willowspring
Heath, TX

Mr. Kirkland came forward and stated that as a result of some of the questions that were brought up during the work session, which were more in regards to the residence nature of the hotel; he brought Mr. Ron Stuart who is a 30 year veteran of Marriott and area Vice-President to the western region to assist in answering those questions. One of the questions at the work session was the concern that the back of the hotel was adjoining the school property. Since the work session he had the architect add fencing along the backside of the hotel. Mr. Kirkland provided a slide show that showed the hotel renderings and different photos of the product they are proposing as well as the target clientele for the product. He went on to explain that approximately 60% of the units will be studio units which is approximately 320 square feet although there is some variation and the remainder would be one bedroom units.

Chairman Renfro shared that several citizens approached him with concern of the proximity of the hotel to the high school and asked how a secure separation would be provided between minors in high school with adults that perhaps are out by the pool area and have access by a fence.

Ron Stuart
333 Oak Hollow Drive
Plano, TX

Mr. Stuart came forward and stated that in answer to the question of the proximity to the school and what measures they are taking to address that concern, they feel that it would need to be collaboration between the ownership group and City officials during the design phase. They could take the feedback back internally on their end and make sure to collaborate with the ownership group during the design process. Marriott has a very rigorous design process in order for projects to come through and any concerns that get raised along the way are taken seriously and addressed. He went on to state they believe a lot of the concern of the proximity to the high school can be addressed by natural barriers such as landscaping as well as the fencing to shield the high school in the back.

Commissioner Trowbridge asked concerning the extended stay product, of the 40% of people that stay 3-5 days is there any statistics that show how often those guests usually cook in or are they going out and using the surrounding services. Mr. Stuart stated he did not have any statistics but having operated extended stay hotels he can say that the use is very minimal. What guests seem to like is that they have the ability to go out and enjoy the community and return to the room and have a place to store their leftover meal in the refrigerator, warm it up in the microwave, they have some capacity with the small kitchen area.

Commissioner Lyons stated that although the hotel is very nice and Marriott is a nice product he expressed concern with the proximity to the high school.

Mr. Stuart added that the majority of the guests usually leave in the morning and do not return until the evening, which means the majority of the guests would not be in the hotel during school hours.

Commissioner Whitley stated she felt intrigued by a project such as this in Rockwall and feels it would help take advantage of the development in neighboring cities, and a product like this could be a place for families, particularly in the summertime, but she expressed concern with the proximity to the high school and would like to see them really focus on what type of barrier they will use aside from just landscaping.

Commissioner Logan stated asked how long the product would be retained by Marriott once it is built. Mr. Stuart stated once a project is approved by the City and by Marriott they would sign a franchise agreement for a minimum of 20 years regardless of ownership which would keep it a Marriott hotel for at least that amount of time.

Commissioner Moeller expressed concern with the location as well as the 100% residency and design of the structure, asked the applicant to explain further on what a mid-scale property, as this one has been referred to be. Mr. Stuart explained that the proposal is a mid- scale which is usually determined by price point.

Commissioner Lyons asked what would happen if the franchisee walks away would Marriott buy it and take over that property. Mr. Stuart stated that was correct, it is guaranteed to remain a Marriott for 20 years.

Chairman Renfro asked anyone who wished to speak, to come forward and do so.

Michael Hunter
220 W. Quail Run Road
Rockwall, TX

Mr. Hunter came forward and expressed his general favor for the request, he stated Marriott is a good product and having a product such as this would be beneficial to Rockwall.

Wayne Mershawn
2313 Ridge Road
Rockwall, TX

Mr. Mershawn expressed general favor for the request stating he has done work for the Marriott Corporation and they are a great company with great standards and would be a good addition to Rockwall.

Chairman Renfro asked if anyone else wished to speak to come forward and do so, there not being anyone indicating such, Chairman Renfro closed the public hearing and brought the item back to the Commission for discussion.

Commissioner Fishman asked staff if there could be a time limit tied to the Specific Use Permit specifically as to when they renew. Mr. Miller stated the Commission could make that recommendation to the City Council. In a business such as this, it may be difficult to finance the project with a restriction such as that in the SUP itself.

General discussion took place concerning what restrictions or conditions could be placed on the Specific Use Permit.

Chairman Renfro made motion to approve Z2016-045. Commissioner Whitley seconded the vote, which passed by a vote of 5-2, with Commissioners Trowbridge and Moeller dissenting.

Chairman Renfro called a ten minute break at 7:42 p.m.

Chairman Renfro reconvened the meeting at 7:53 p.m.

9. Z2016-046
Hold a public hearing to discuss and consider a request by Sarah Williamson of Kimley-Horn and Associates on behalf of Stone Creek SF LTD & Stone Creek Balance LTD for the approval of a PD

Development Plan for a grocery store on 7.46-acre identified as a portion of as a portion of a larger 164.812-acre tract of land identified as Tract 3 of the S. King Survey, Abstract No. 131, City of Rockwall, Rockwall County, Texas, being zoned Planned Development District 70 (PD-70), situated within the North SH-205 Overlay (N-SH205 OV) District, generally located at the northeast corner of the intersection of E. Quail Run Road and N. Goliad Street [N. SH-205], and take any action necessary.

Senior Planner, David Gonzales, gave brief explanation of request stating the property is located at the northeast corner of the intersection of E. Quail Run Road and N. Goliad Street and is within the Overlay District. In October 19, 2009, the City Council passed Ordinance No. 09-44, which amended the concept plan and development standards for the approximate 395.075-acre tract of land commonly referred to as PD-70, or Stone Creek Addition. The amendment to the PD concept plan and PD development standards designated an approximately seven acre area as Retail (the subject property) and required the approval of a PD Development Plan for this retail addition. Additionally on August 15, 2011, the City Council passed Ordinance No. 11-35 (PD-70), which amended Ordinance No. 09-44 in order to reconfigure and enlarge the "Retail" area from approximate seven acres to 8.402- acres; however, the development of the property shall continue to be governed by the PD Development standards established in Ordinance No. 09-44. Key characteristics built into the PD concept plan include the integration of adjacent uses such as pedestrian walkways, landscape buffers, and other urban design elements rather than the separation of uses by screening walls. The purpose of these requirements was to create compatibility with the surrounding neighborhoods.

Mr. Gonzales went on to state that the applicant is requesting approval of a PD Development Plan for a proposed 35,962 SF grocery store on a 7.46-acre tract of land being as a portion of a larger 164.812-acre tract of land identified as Tract 3 of the S. King Survey, Abstract No. 131 and zoned Planned Development District 70. The subject property is situated within the North SH-205 Overlay District and is generally located at the northwest corner of the intersection of E. Quail Run Road and N. Goliad Street. It should be noted that a PD site plan which is case SP2016-034 has been submitted concurrently with this request. Prior to the approval of the PD Site Plan, the PD Development Plan will require approval. According to Ordinance No. 09-44, the proposed grocery store is permitted by-right pending the maximum building area does not exceed 80,000 sq. ft. The ordinance also requires the design of the retail area to be pedestrian oriented and easily accessible to the adjacent residential neighborhoods, integrating the design with the adjacent uses and not separating them by screening walls or other physical barriers. The design should also incorporate urban design elements with landscape buffers to create compatibility with the surrounding neighborhoods. It should be noted that a floodplain traverses through the western portion of the development and continues along the northern boundary of the subject property. This natural barrier separates the development from Stone Creek, Phase IV and prevents pedestrian accessibility to that area. The PD Concept Plan provides for a five foot sidewalk connecting to the existing sidewalk along Quail Run Road. This path will allow pedestrians to access the property. The PD Concept Plan indicates this area to be landscaped and includes a sitting area that can be used for pedestrian activities. The concept plan also depicts the use of landscaping elements in lieu of screening walls as required by PD-70. Additionally, the PD concept plan indicates eastern red cedar trees will be planted along the northern property line, which will limit visibility of the development from the homes in Stone Creek, Phase IV. In addition, the concept plan indicates the loading dock and dumpster enclosure will be orientated facing Quail Run Road and only minimal landscaping will provide to screening to this area. The applicant intends to demonstrate that this areas' visibility is limited based on its topography and location. This will require approval by the City Council to allow the orientation facing onto the public street.

Mr. Gonzales further noted that considering the intent of PD-70 with the creation of pedestrian oriented characteristics, the proposed PD concept plan appears to conform to the intent of the ordinance with respect to creating a pedestrian oriented environment. It should be noted that the City Council retains discretionary approval of the PD Development Plan with regard to the screening and pedestrian elements for the purpose of ensuring the proposed request does not have a negative impact on the adjacent subdivisions.

Mr. Gonzales added that on December 27, 2016, staff mailed 54 notices to property owners and residents within 500-feet of the subject property and emailed notices to the Stone Creek, Quail Run, Lakeview Summit and Random Oaks/Shores Homeowner's Associations, which are the only HOA's located within 1,500 feet of the subject property.

Staff has received six responses opposed to the applicants' request; however, the majority of the opposition appears to be opposed to the grocery store use and not the elements being addressed in this PD Development Plan.

Mr. Gonzales advised the Commission the applicants were present and available for questions.

Mr. Trowbridge asked how a grocery store that sits back on 100 car spaces and 20 feet above a road is considered pedestrian friendly. Mr. Gonzales stated the pedestrian accessibility comes from the existing sidewalk down Quail Run as well as what they are providing along Quail Run from the front entry. Mr. Miller added that the idea of the PD was to have a horizontal mixed use where the neighborhood uses had accessibility to the retail use similar to what was done where the existing Tom Thumb is where they used large berms and landscaping to screen instead of walls to separate uses and provided pathways between neighborhoods and the uses in the Tom Thumb shopping Center.

Chairman Renfro opened the public hearing and asked the applicant to come forward.

Kevin Gatsky
Representative of Kimley-Horn and Associates
(No address given)

Mr. Gatsky came forward and gave a power point presentation that gave history and background of the LIDL product and who they are. He explained the LIDL grocer originates from Germany and has approximately 10,000 stores over 26 countries with over 315,000 employees and is the fifth largest retailer in the world. The presentation showed existing stores that would be similar to what they are proposing and showed building elevations that were shown to the ARB this evening prior to the meeting. They received comments back from the ARB and will be making changes to the elevations they will be adding some stone and horizontal articulation and will be bringing those changes back from a site plan perspective which is related to item #12 on this agenda and those changes will be brought forward at the January 31st meeting. Mr. Gatsky went on to state that this grocer is comparable to a Trader Joe's or a Whole Foods and that is the market type they will be looking into as they come into different parts of the country. They sell roughly 80-90% of their own store label and then carry other popular brands.

Mr. Gatsky went on to state that concerning the site plan, they will have a living screen back to the north and on the southeast corner. Regarding elevations, the truck dock, the doors to the truck dock are approximately 260 feet from the edge of the street to the truck dock doors. The truck dock doors will be roughly 9 feet below the street elevation. The trash enclosure will have doors on it and is enclosed on three sides as well and is 165 feet from the physical street and is approximately 6 feet below grade. The presentation showed what areas will be screened and where the pedestrian accessibility would be. Mr. Gatsky finished the presentation and stated he as well as his team were available for any questions.

Chairman Renfro asked for any questions from the Commission.

Commissioner Trowbridge asked if this is a high end grocer, what would the ratio of fresh foods versus packaged goods be. Mr. Gatsky stated that is still being worked out as they make their entry into the United States.

Commissioner Trowbridge asked where the source the product from, would it be internationally or domestically. Mr. Gatsky stated they were still working on looking at distribution sites in Texas.

Chairman Renfro expressed concern with the location as there are already two large grocery shopping centers, Tom Thumb and Kroger, in the vicinity that services those neighborhoods, would this be the highest and best use for this corner. Mr. Miller stated that there are several areas where there are expansive stretches of Commercial, and Commercial districts allow same uses and there is nothing prohibiting two uses that are the exact same under different brands establishing themselves in parcels adjacent from each other. The use is allowed by right, but what is being considered with this request is what the ordinance allows which is pedestrian access to the property and the screening.

Commissioner Logan asked concerning the site, when it was zoned Commercial is Quail Run Road considered a driveway, and would that be an acceptable location for a driveway for Commercial. Mr. Miller stated that the idea when the CVS came in originally they planned on providing access to the property at the back and that is what is seen the shared access point and those were already set up with that development.

Commissioner Moeller asked if there were any artist renderings to show the front view from the street to get an understanding of how the trash enclosure as well as the loading docks will look like. Mr. Gatsky stated they would provide that at the January 31st meeting when the site plan comes before the Commission.

Commissioner Lyons asked what made the company successful in Europe. Mr. Gatsky stated he would refer that question to a representative from LIDL.

Cynthia Reva
835 LBJ Freeway
Dallas, TX

Ms. Reva came forward and stated LIDL has established has established their headquarters in the United States in Arlington, Virginia. What makes them successful in Europe is efficiency and the flow of the store, the easy access in and out for the customers as well as price point. They are putting a lot of thought into their US expansion, and it may not mirror what the concept of the Europe stores because they understand it is a different customer.

Chairman Renfro opened the public hearing and asked if anyone wished to speak to come forward and do so.

Darryl Davis
798 York
Rockwall, TX

Mr. Davis came forward and stated his opposition to the request. His property would be directly in front of the store and have only been in their home a little over two years, and would not have purchased the home had he known something like what is being proposed may be developed he would not have purchased his home. He expressed concern with it being an eye sore with parking light lighting, noise and additional traffic. Mr. Davis also mentioned the fact that there are already two grocery stores, an additional one that has been approved already and a Walmart neighborhood market within three miles, expressed concern with the amount of grocery stores so close together.

Bob Wacker
806 Miramar Drive
Rockwall, TX

Mr. Wacker came forward and stated his opposition to the request. His concern is if this grocer stay in existence, could it possibly become a grocer that goes out of business and leaves an empty building which will be an eye sore. He also expressed concern of developers clearing trees he is asking to make sure the developers do not touch the greenbelt. Additional concerns he spoke of was the traffic issue it would create and with no cross walk it does not make it pedestrian friendly. He as well as his neighbors are aware it will be developed but are asking the City that the greenbelt does not get affected.

Chairman Renfro closed the public hearing and brought the item back to the Commission for discussion.

Commissioner Trowbridge commented that the square footage of this development falls perfectly between a small grocer such as Aldi and a larger one. He feels the applicant has done a good job in portraying the proposal as something the City as a whole want, which is a high end grocer and although the use is allowed by right, what is being considered, the pedestrian accessibility, trash enclosure and the screening and with what is being proposed does not find it compelling enough.

Commissioner Lyons asked staff if there would be a site plan where the Commission would be able to see what the store would look like. Mr. Miller stated the Commission is not considering building elevations at this time, what is being considered is the screening to adjacent properties and pedestrian accessibility.

Staff provided pictures of aerials of the neighborhood and of the site to give the Commission a better perspective of where the store would be located in reference to the screening and general proximity of the existing grocery stores within the area that have been discussed. General discussion took place referencing the pictures staff provided concerning the pedestrian accessibility and the screening.

Commissioner Trowbridge made a motion to deny for the lack of compelling reason to approve the screening of the trash receptacles and the forward facing loading docks. Chairman Renfro seconded the motion.

Commissioner Fishman asked if the 12 foot landscape screening they were asking for is the maximum height they as a Commission can ask for. Mr. Miller stated the Commission can request for it to be more. Commissioner Fishman asked if they could add taller screening to the motion.

Chairman Renfro noted there was a motion on the floor along with a second, asked Commissioner Fishman if the question was pertinent to the motion. Commissioner Fishman stated it was and asked if they could request taller screening, perhaps make it a 15 foot screening requirement. Mr. Gonzales stated the applicant needed to be asked what type of tree would be used to determine what the maximum height is expected to be and that might better answer Commissioner Fishman's question.

Mr. Gatsky asked staff what would be required by Code for the screening. Mr. Miller stated the Code currently requires per the Overlay District that the building be under the four sided architectural requirement, that one row of trees be provided at the rear of the building.

Commissioner Trowbridge asked if the proposed landscape plan meets the requirements Mr. Miller discussed. Mr. Gonzales stated the landscape is part of the site plan phase and that would be taken account for at that point, but the landscape plan that they have turned in does meet the requirements of the district.

General discussion took place as to what is being approved with the intent of the Planned Development concerning the wording of the screening within the ordinance and the Unified Development Code as well as how the site plan process comes into play.

Commissioner Logan made noted that if they put the loading docks in the back and they screen the dumpster, move the dumpster somewhere else, on the back where it's closer to the neighbors they would then meet all the rules. Therefore by not approving the request, the applicant then could put the loading docks on the back and the dumpster somewhere else, where it could possibly be closer to the neighbors, and noisier, but by doing it that way they would be meeting the requirements. She went on to note that with that being said they as a Commission need to be careful to know what is being eliminated.

Commissioner Lyons asked staff to clarify with the motion on the floor what a vote of yes would be. Mr. Miller stated a vote of yes with the motion that is on the floor would be to deny the proposal.

Chairman Renfro withdrew his motion. Mr. Miller further stated that it will still be going forward to City Council, and the Commission would kick in a three quarter majority vote because it is a zoning case and what it would mean is if it approved by City Council the ordinance would be adopted on second reading. If it was denied by City Council the applicant would be able to resubmit an application proposing an alternate screening.

Commissioner Lyons made a motion to approve Z2016-046 with staff recommendations Commissioner Logan seconded the motion which passed by a vote of 5-2 with Commissioners Trowbridge and Renfro dissenting.

Chairman Renfro noted that agenda item # 12 (SP2016-034) is being tabled to the January 31st Planning and Zoning meeting.

V. ACTION ITEMS

10. MIS2017-001

Discuss and consider the approval of a special request by Michael Hunter of the North Texas Community Development Corporation for a waiver to building setback requirements for the purpose of constructing a duplex on a 0.09-acre parcel of land identified as Lot 1B, Block H, Sanger Addition, City of Rockwall, Rockwall County, Texas, being zoned Multi-Family 14 (MF-14) District, situated within the Southside Residential Neighborhood Overlay (SRO) District, addressed as 504 Ross Street, and take any action necessary.

Planning Director, Ryan Miller, gave brief explanation of the request stating that the applicant has submitted a special request concerning the property at the corner of the intersection of Peters Colony and Ross Street that is located within the Southside Residential Neighborhood Overlay District. On October 5, 2015, the City Council approved a special request for the subject property, which reduced the side yard setback adjacent to Ross Street from 20-feet to ten feet. The purpose of this request was to allow a two story duplex to be constructed on the subject property. Also requested on October 5, 2015 was an exception to the masonry requirements for the purpose of allowing 100% HardiePlank lap-siding. This request failed due to lack of a motion by the City Council.

Mr. Miller went on to state that the applicant has submitted a letter to staff requesting that the City Council approve an additional variance of five inches adjacent to the property line fronting on to Ross Street. This will reduce this building setback to 9'-7". According to the letter submitted by the applicant the additional five inches is needed to support the stone veneer. The original house plans submitted by the applicant showed 100% HardiePlank lap-siding and did not account for the changes that were required due to the failure of the masonry exception.

Mr. Miller stated the applicant was present and available for questions.

Commissioner Trowbridge asked if there was any legal reason why there cannot be a 19 ½ foot wide inside space versus 20 foot. Mr. Miller deferred the question to the applicant.

Chairman Renfro asked the applicant to come forward.

Michael Hunter
Executive Director of the North Texas Community Development Corporation
Rockwall, TX

Mr. Hunter came forward and stated that the lot is very narrow, 40x100 feet, and with the setback requirements there was no way to build anything on it and therefore they asked for the variance of 10 feet north and south to be able to get a 20 foot pad on the lot. However after searching there was only one architectural design that was found that would fit the lot, and it is what they are bringing forward. After the City Council added the stone requirement it ended up going five inches into the setback and that is the reason for the request.

Chairman Renfro asked the Commission for any discussion or questions.

Commissioner Lyons made a motion to approve with staff recommendations. Commissioner Trowbridge seconded the motion, which passed by a vote of 7-0.

11. SP2016-032

Discuss and consider a request by John Wardell of Lake Pointe Church for the approval of a site plan for a worship and education building for an existing church on a 2.55-acre portion of a larger 34.46-acre parcel of land identified as Lot 1, Block A, Lake Pointe Baptist Church Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, located east of the intersection of FM-740 and the IH-30 Frontage Road, and take any action necessary.

Planning Director, Ryan Miller, gave brief explanation of request stating that the subject property is a portion of the Lake Pointe Church property and located off of IH-30 in the IH-30 Overlay District. Even though it is located within the IH-30 Overlay District the majority of the property was established long before those requirements were put into place. Additionally the existing building is majority is EIFS, and in this case the applicant is requesting to match that design scheme. The proposed worship and education building is a 44,000 square feet and will be located behind an existing 2-story parking garage and will not have visibility from IH-30 or Ralph Hall Parkway. The applicant is proposing to use the same EIFS material that was used on the primary structure and also incorporate a little bit of stone. The Unified Development Code states that EIFS is a secondary material and is only allowed on up to 10% of the building's façade. In this case, the applicant is requesting a variance to the secondary materials standards and is proposing between 15% to 79% secondary materials per façade.

Mr. Miller stated the applicant was not present but staff is available for questions.

Chairman Renfro made a motion to approve SP2016-032 with staff recommendations. Commissioner Trowbridge seconded the motion which passed by a vote of 7-0.

12. SP2016-034

Discuss and consider a request by Sarah Williamson of Kimley-Horn and Associates on behalf of Stone Creek SF LTD & Stone Creek Balance LTD for the approval of a PD site plan for a grocery store on 7.46-acre identified as a portion of a larger 164.812-acre tract of land identified as Tract 3 of the S. King Survey, Abstract No. 131, City of Rockwall, Rockwall County, Texas, being zoned Planned Development District 70 (PD-70), situated within the North SH-205 Overlay (N-SH205 OV) District, generally located at the northeast corner of the intersection of E. Quail Run Road and N. Goliad Street [N. SH-205], and take any action necessary.

Agenda item was tabled to the January 31, 2017 meeting.

13. SP2016-036

Discuss and consider a request by Cameron Slown of F. C. Cuny on behalf of the owner N & H Legacy for the approval of a site plan for a multi-tenant retail building on a 2.22-acre portion of land being identified as Lots 8 & 11, Block 1, Alliance Addition, Phase 2, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 57 (PD-57) for Commercial (C) District land uses, situated at the southeast corner of the intersection of Andrews Drive and Horizon Road (FM-3097), and take any action necessary.

Senior Planner, David Gonzales, gave brief explanation of request stating that it is within PD-57 and are required to come before the Commission for approval of the site plan. The site plan does meet the technical requirements within the PD as well as the UDC. Also, the ARB approved the building elevations unanimously with no comments. The applicant also has now submitted a photometric plan which is in compliance, and that was one of the recommendations in the recommendation section, since they have now submitted that, condition number two will be marked out since they have met that.

Mr. Gonzales added that the applicant is present and available for questions.
Chairman Renfro asked the applicant to come forward.

Jimmy Strohmeyer
2701 Sunset Ridge
Rockwall, TX

Mr. Strohmeyer came forward and stated this request is part of the Alliance Addition and currently the building out there are almost total stone, which when looking at the lot that is one part of a bigger lot, they would not like to repeat that. They would instead like to blend with the surrounding buildings, without repeating the same stone.

Chairman Renfro brought the item back to the Commission for discussion.

Commissioner Whitley made a motion to approve SP2017-001 with staff recommendations. Commissioner Lyons seconded the motion which passed by a vote of 7-0.

14. SP2017-001

Discuss and consider a request by Jeffery Dolian, PE of Kimley-Horn and Associates, Inc. on behalf of Eames Gilmore, Sr. of the Target Corporation for the approval of an amended site plan to change the exterior façade of an existing retail building situated on a 10.37-acre parcel of land identified as Lot 2, Block A, Steger Towne Crossing, Phase 1, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the Scenic Overlay (SOV) District, addressed as 850 Steger Towne Drive, and take any action necessary.

Senior Planner, David Gonzales, gave brief explanation of request stating the applicant is requesting approval of an Amended Site Plan for the purpose of remodeling the building façade on an existing Target store. The Target store is situated on an approximately 10.37-acre parcel of land and is zoned Commercial and is within the Scenic Overlay District. On June 17, 1996, the City Council approved a Site Plan for the Target store. At that time, the West Elevation, the front elevation, consisted of masonry and did not require any variances. Since the approval of the original site plan, the applicant is proposing to remodel the front façade of the building to include metal panels over the front entrance as well as on the southwest corner of the building.

The applicant is requesting a variance to the material, and according to the Unified Development Code, secondary materials used on the façade of the building must be less than 10% of the elevation area. In this case, the applicant is proposing to utilize 17% metal paneling on the West Elevation. The UDC states that corporate identities that conflict with the building design criteria shall be reviewed as a variance by the Planning and Zoning Commission and the City Council.

Mr. Gonzales added that the applicant is present and available for questions.

No discussion took place concerning this agenda item.

Commissioner Logan made a motion to approve SP2017-001 with staff recommendations and variances as listed in staff's report. Commissioner Lyons seconded the motion which passed by a vote of 7-0.

15. SP2017-002

Discuss and consider a request by Greg Wallis of Mershawn Architects on behalf of Kris Sharp for the approval of an amended site plan for the addition of a warehouse building on an existing facility situated on a 1.095-acre parcel of land identified as Lot 4, Block A, Sharp Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 46 (PD-46), situated within the SH-276 Overlay (SH-276 OV) District, located on the south side of Springer Road, east of the intersection of Springer Road and Corporate Crossing [FM-3549], and take any action necessary.

Senior Planner, David Gonzales, gave a brief explanation of request stating that the applicant is requesting approval of variances to allow for a flat roof design, allowing only the north *(front façade*) elevation to contain stone, and to not meet the vertical and horizontal articulation standards for the east and west elevations. The variances requested are for the purpose of constructing a 4,996 sq. ft. building that will serve as an additional facility for office and warehouse purposes, to an existing 4,996 sq. ft. building. An amendment to the site plan is required due to the proposed building exceeding 50% of the size of the existing building. The applicant is proposing the new facility to be constructed as a mirror image of the existing facility. The ARB did review the request and approved it unanimously. The only other item that is concerning the treescape plan, which showed there would be two trees being removed off the site and they will need to mitigate for either by replacing or adding two trees to the sight and/or paying into the tree fund.

Mr. Gonzales stated the applicant was present and available for questions.

No discussion took place concerning this agenda item.

Commissioner Lyons made a motion to approve SP2017-002 with staff recommendations and variances as listed in staff's report. Commissioner Fishman seconded the motion which passed by a vote of 7-0.

VI. DISCUSSION ITEMS

16. Director's Report of post Council meeting outcomes of Planning & Zoning cases.

- ✓ MIS2016-011: Masonry Exception for 102 N. Taylor Street [*Approved*]
- ✓ Z2016-033: SUP for a Residence Hotel at 700 E. IH-30 (*1st Reading*) [*Remanded back to P&Z*]
- ✓ Z2016-038: SUP for an Accessory Building at 1950 Copper Ridge Circle (*2nd Reading*) [*Approved*]
- ✓ Z2016-039: Amendment to PD-65 (*2nd Reading*) [*Approved*]
- ✓ Z2016-040: Amendment to PD-68 (*1st Reading*) [*Approved*]

Planning Director, Ryan Miller, **provided a brief update about the outcome of the above referenced case at the City Council meeting. No discussion took place concerning this agenda item.**

VII. ADJOURNMENT

Chairman Renfro adjourned the meeting at 9:33 p.m.

PASSED AND APPROVED BY THE PLANNING & ZONING COMMISSION OF THE CITY OF ROCKWALL, Texas, this _____ day of _____, 2017.

_____
Craig Renfro, Chairman

Attest:

_____
Laura Morales, Planning Coordinator

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 01/31/2017

APPLICANT: Vinod Sharma; *Little Genius of Texas, LLC*

AGENDA ITEM: **P2017-001**; *Lot 1, Block A, Montessori School Addition*

SUMMARY:

Discuss and consider a request by Vinod Sharma of Little Genius of Texas, LLC for the approval of a final plat of Lot 1, Block A, Montessori School Addition being a of 2.288-acre tract of land identified as Tract 2-3 of the W. T. DeWeese Survey, Abstract No. 71, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 70 (PD-70) for Genera Retail (GR) District land uses, located at the southeast corner of FM-552 and Stone Creek Drive, and take any action necessary.

PLAT INFORMATION:

- ☑ The objective of this request is to final plat a 2.288-acre tract of land [*i.e. Tract 2-3 of the W. T. DeWeese Survey, Abstract No. 71*] into 1 parcel [*i.e. Lot 1 Block A, Montessori School Addition*] for the purpose of establishing the necessary fire lane, utility, public access, cross access, detention, and drainage easements for the school.

- ☑ A site plan [*SP2016-021*] for an ~11,834 sq. ft. *private pre-school facility* was approved by the Planning and Zoning Commission on October 11, 2016. The proposed pre-school is situated on a 2.28-acre tract of land and is zoned Planned Development District 70 (PD-70) for General Retail (GR) District land uses. The site is located at the southeast corner of FM-552 and Stone Creek Drive and is addressed as 3100 Stone Creek Drive.

- ☑ The surveyor has completed the majority of the technical revisions requested by staff, and this plat, conforming to the requirements for final plats as stated in the *Subdivision Ordinance* in the Municipal Code of Ordinances, is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

- ☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Recommendation* section below.

- ☑ With the exception of the items listed in the *Recommendation* section of this case memo, this plat is in substantial compliance with the requirements of the Subdivision Ordinance in the Municipal Code of Ordinances.

RECOMMENDATIONS:

If the Planning and Zoning Commission chooses to approve the *final plat* for *Lot 1, Block A, Montessori School Addition,* staff would recommend the following conditions:

1) All technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat;

2) Any construction resulting from the approval of this *final plat* shall conform to the requirements set forth by the Unified Development Code, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and

with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

OWNER'S CERTIFICATE:

STATE OF TEXAS
COUNTY OF ROCKWALL

WHEREAS, Little Genius of Texas, LLC, a Texas limited liability company, is the sole owner of a tract of land situated in the W.T. Deweese Survey, Abstract No. 71 in the City of Rockwall, Rockwall County, Texas, and being that tract of land conveyed to Little Genius of Texas, LLC, a Texas limited liability company, by Special Warranty Deed recorded in Instrument No. 20160000022883, Official Public Records, Rockwall County, Texas, and being more particularly described by metes and bounds as follows:

Beginning at a 1/2 inch iron rod found for corner at the Northwest corner of Lot 17, Block A of Stone Creek Phase VI, an Addition to the City of Rockwall, Rockwall County, Texas, according to the Map thereof recorded in Volume I, Page 161, Deed Records, Rockwall County, Texas, and lying in the South right-of-way line of F.M. 552 (variable width right-of-way);

Thence South 00 degrees 50 minutes 35 seconds East, along the West line of said Lot 17, Block A, a distance of 320.47 feet to a 1/2 inch iron rod with yellow plastic cap stamped "TXHS" at the Northeast corner of Lot 18, Block U of said Stone Creek Phase VI;

Thence North 69 degrees 47 minutes 25 seconds West, along the northern line of said Block U of Stone Creek Phase VI, a distance of 113.88 feet to a 1/2 inch iron rod with yellow plastic cap stamped "TXHS" at the beginning of a tangent curve to the left having a delta angle of 21 degrees 03 minutes 11 seconds, a radius of 700.00 feet, with a chord that bears North 80 degrees 18 minutes 55 seconds West, a chord distance of 255.77 feet;

Thence along said northern line of Block U of Stone Creek Phase VI and said tangent curve to the left, an arc length of 257.21 feet to a 1/2 inch iron rod with yellow plastic cap stamped "TXHS";

Thence South 89 degrees 09 minutes 25 seconds West, along the North line of Lot 24 of said Block U of Stone Creek Phase VI, a distance of 23.07 feet to a 1/2 inch iron rod found at the Northwest corner of said Lot 24, Block U, and lying in the East right-of-way line of Stone Creek Drive (100 foot right-of-way);

Thence North 00 degrees 50 minutes 35 seconds West, along said East right-of-way line of Stone Creek Drive, a distance of 232.83 feet to a 1/2 inch iron rod with yellow plastic cap stamped "TXHS" at the intersection of said East line of Stone Creek Drive and said South right-of-way line of aforesaid F.M. 552;

Thence North 89 degrees 09 minutes 25 seconds East, along said South right-of-way line of F.M. 552, a distance of 380.81 feet to the POINT OF BEGINNING and containing 99,668 square feet or 2.29 acres of land.

OWNER'S DEDICATION:

STATE OF TEXAS
COUNTY OF ROCKWALL

Please provide the appropriate plat wording provided in the application packet.

NOW THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

THAT, Little Genius of Texas, LLC, a Texas limited liability company, does hereby adopt this plat, designating the herein described property as **MONTESSORI SCHOOL ADDITION**, an addition to the City of Rockwall, Rockwall County, Texas, and does hereby dedicate, in fee simple, to the public use forever any streets, parks, alleys, and easements shown thereon. The easements shown thereon are hereby reserved for the purposes indicated. The utility and fire lane easements shall be open to the public, fire and police units, garbage and rubbish collection agencies, and all public and private utilities for each particular use. The maintenance of paving on the utility and fire lane easements is the responsibility of the property owner. No buildings, fences, trees, shrubs, or other improvements or growths shall be constructed, reconstructed or placed upon, over or across the easements as shown. Said easements being hereby reserved for the mutual use and accommodation of all public utilities using or desiring to use same. All, and any public utility shall have the right to remove and keep removed all or parts of any building, fences, trees, shrubs, or other improvements or growths which in any way may endanger or interfere with the construction, maintenance or efficiency of its respective system on the easements, and all public utilities shall at all times have the full right of ingress or egress to or from and upon the said easements for the purpose of constructing, reconstructing, inspecting, patrolling, maintaining and adding to or removing all of or parts of its respective systems without the necessity at any time of procuring the permission of anyone. (Any public utility shall have the right of ingress or egress to private property for the purpose of reading meters and any maintenance or service required or ordinarily performed by that utility).

Water main and wastewater easements shall also include additional area of working space for construction and maintenance of the systems. Additional easement area is also conveyed for installation and maintenance of manholes, cleanouts, fire hydrants, water services and wastewater services from the main to the curb or pavement line, and description of such additional easements herein granted shall be determined by their location as installed.

This plat approved subject to all platting ordinances, rules, regulations, and resolutions of the City of Rockwall, Texas.

WITNESS MY HAND THIS _____ DAY OF _____, 2017.

WHEREAS, Little Genius of Texas, LLC, a Texas limited liability company, is the sole owner of a tract of land situated in the W.T. Deweese Survey, Abstract No. 71 in the City of Rockwall, Rockwall County, Texas, and being that tract of land conveyed to Little Genius of Texas, LLC, a Texas limited liability company, by Special Warranty Deed recorded in Instrument No. 20160000022883, Official Public Records, Rockwall County, Texas, and being more particularly described by metes and bounds as follows:

Beginning at a 1/2 inch iron rod found for corner at the Northwest corner of Lot 17, Block A of Stone Creek Phase VI, an Addition to the City of Rockwall, Rockwall County, Texas, according to the Map thereof recorded in Volume I, Page 161, Deed Records, Rockwall County, Texas, and lying in the South right-of-way line of F.M. 552 (variable width right-of-way);

Thence South 00 degrees 50 minutes 35 seconds East, along the West line of said Lot 17, Block A, a distance of 320.47 feet to a 1/2 inch iron rod with yellow plastic cap stamped "TXHS" at the Northeast corner of Lot 18, Block U of said Stone Creek Phase VI;

Thence North 69 degrees 47 minutes 25 seconds West, along the northern line of said Block U of Stone Creek Phase VI, a distance of 113.88 feet to a 1/2 inch iron rod with yellow plastic cap stamped "TXHS" at the beginning of a tangent curve to the left having a delta angle of 21 degrees 03 minutes 11 seconds, a radius of 700.00 feet, with a chord that bears North 80 degrees 18 minutes 55 seconds West, a chord distance of 255.77 feet;

Thence along said northern line of Block U of Stone Creek Phase VI and said tangent curve to the left, an arc length of 257.21 feet to a 1/2 inch iron rod with yellow plastic cap stamped "TXHS";

Thence South 89 degrees 09 minutes 25 seconds West, along the North line of Lot 24 of said Block U of Stone Creek Phase VI, a distance of 23.07 feet to a 1/2 inch iron rod found at the Northwest corner of said Lot 24, Block U, and lying in the East right-of-way line of Stone Creek Drive (100 foot right-of-way);

Thence North 00 degrees 50 minutes 35 seconds West, along said East right-of-way line of Stone Creek Drive, a distance of 232.83 feet to a 1/2 inch iron rod with yellow plastic cap stamped "TXHS" at the intersection of said East line of Stone Creek Drive and said South right-of-way line of aforesaid F.M. 552;

Thence North 89 degrees 09 minutes 25 seconds East, along said South right-of-way line of F.M. 552, a distance of 380.81 feet to the POINT OF BEGINNING and containing 99,668 square feet or 2.29 acres of land.

OWNER'S DEDICATION:

STATE OF TEXAS
COUNTY OF ROCKWALL

NOW THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

THAT, Little Genius of Texas, LLC, a Texas limited liability company, does hereby adopt this plat, designating the herein described property as **MONTESSORI SCHOOL ADDITION**, an addition to the City of Rockwall, Rockwall County, Texas, and does hereby dedicate, in fee simple, to the public use forever any streets, parks, alleys, and easements shown thereon. The easements shown thereon are hereby reserved for the purposes indicated. The utility and fire lane easements shall be open to the public, fire and police units, garbage and rubbish collection agencies, and all public and private utilities for each particular use. The maintenance of paving on the utility and fire lane easements is the responsibility of the property owner. No buildings, fences, trees, shrubs, or other improvements or growths shall be constructed, reconstructed or placed upon, over or across the easements as shown. Said easements being hereby reserved for the mutual use and accommodation of all public utilities using or desiring to use same. All, and any public utility shall have the right to remove and keep removed all or parts of any building, fences, trees, shrubs, or other improvements or growths which in any way may endanger or interfere with the construction, maintenance or efficiency of its respective system on the easements, and all public utilities shall at all times have the full right of ingress or egress to or from and upon the said easements for the purpose of constructing, reconstructing, inspecting, patrolling, maintaining and adding to or removing all of or parts of its respective systems without the necessity at any time of procuring the permission of anyone. (Any public utility shall have the right of ingress or egress to private property for the purpose of reading meters and any maintenance or service required or ordinarily performed by that utility).

Water main and wastewater easements shall also include additional area of working space for construction and maintenance of the systems. Additional easement area is also conveyed for installation and maintenance of manholes, cleanouts, fire hydrants, water services and wastewater services from the main to the curb or pavement line, and description of such additional easements herein granted shall be determined by their location as installed.

This plat approved subject to all platting ordinances, rules, regulations, and resolutions of the City of Rockwall, Texas.

FINAL PLAT
MONTESSORI SCHOOL ADDITION
LOT 1A, BLOCK 1
99,668 SQUARE FEET / 2.29 ACRES
W.T. DEWEESE SURVEY, ABSTRACT NO. 71
CITY OF ROCKWALL,
ROCKWALL COUNTY, TEXAS

DATE: 10/30/2016 / JOB # 1603204-1 / SCALE= 1" = 30' / DRAWN: CN

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 01/31/2017

APPLICANT: Clay Christy of *ClayMoore Engineering*

AGENDA ITEM: **P2017-002;** *Lot 3, Block A Briscoe/Hillcrest Addition*

SUMMARY:

Discuss and consider a request by Clay Cristy of ClayMoore Engineering on behalf of CN Rockwall Investors, LLC for the approval of a replat for Lot 3, Block A, Briscoe/Hillcrest Addition being a 1.1084-acre tract of land currently identified as Lots 1 & 2, Block A, Briscoe/Hillcrest Addition and Tract 41-2 of the E. Teal Survey, Abstract No. 207, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), situated within the Summit Office Subdistrict and the IH-30 Overlay (IH-30 OV) District, located at the southwest corner of Horizon Road [*FM3097*] and the IH-30 frontage road, and take any action necessary.

COMMENTS:

- ✓ The applicant is requesting approval of a replat for the purpose of combining two (2) parcels of land (*i.e. Lots 1 & 2, Block A, Briscoe/Hillcrest Addition*) into one (1) parcel of land (*i.e. Lot 3, Block A, Briscoe/Hillcrest Addition*). The intent of this request is for the construction of a 6,235 sq. ft. urgent care facility (*i.e. Care Now*). As part of the replat the applicant will be dedicating a 44-foot wide right-of-way for the future Pinnacle Way, and abandoning the existing right-of-way for Hilltop Drive.

- ✓ A PD Development Plan (*i.e. Z2016-010*) and a site plan (*i.e. SP2016-013*) for the 6,235 SF urgent care facility were approved in 2016.

- ✓ The surveyor has completed the majority of the technical revisions requested by staff, and this plat, conforming to the requirements for replats as stated in the *Subdivision Ordinance* in the Municipal Code of Ordinances, is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

- ✓ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions listed in the *Recommendations* section below.

- ✓ With the exception of the items listed in the *Recommendation* section of this case memo, this plat is in substantial compliance with the requirements of the Subdivision Ordinance in the Municipal Code of Ordinances.

RECOMMENDATIONS:

If the Planning & Zoning Commission and City Council choose to approve the replat for *Lot 3, Block A, Briscoe/Hillcrest Addition*, staff would recommend the following conditions of approval:

1) All staff comments provided by the Planning, Engineering and Fire Department must be addressed prior to the submittal of a building permit; and,

2) Any construction resulting from the approval of this final plat shall conform to the

requirements set forth by the Unified Development Code, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING COMMENTS - DAVID GONZALES - 01.24.2017

Discuss and consider a request by Clay Cristy of ClayMoore Engineering on behalf of CN Rockwall Investors, LLC for the approval of a replat for Lot 3, Block A, Briscoe/Hillcrest Addition being a 1.1084-acre tract of land currently identified as Lots 1 & 2, Block A, Briscoe/Hillcrest Addition and Tract 41-2 of the E. Teal Survey, Abstract No. 207, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), situated within the Summit Office Subdistrict and the IH-30 Overlay (IH-30 OV) District, located at the southwest corner of Horizon Road [FM3097] and the IH-30 frontage road, and take any action necessary.
The following staff comments are to be addressed and resubmitted no later than Tuesday, February 7, 2017. Please provide two FOLDED large copies [18" X 24"] and one PDF version for a subsequent review by staff:

1. Adherence to all Engineering and Fire Department standards shall be required.
2. Provide a label indicating "Case No. P2017-002" on the lower right corner on all pages of the revised plat.
3. Correct Title Block to read as follows:

Final Plat
Briscoe/Hillcrest Addition
Lot 3, Block A
Being a Replat of
Lot 1 & Lot 2, Block A
Briscoe/HIllcrest Addition
Cabinet D, Page 245, Plat Records Rockwall County Texas
Situated in the
E. Teal Survey, Abstract No. 207
M. J. Barksdale Survey, Abstract No. 11
City of Rockwall,
Rockwall County, Texas

4. Correct plat to read Lot 3 (not Lot 1R).
5. Use a lighter gray scale for the abstact lines.
6. Darken font on plat for the "former" lot information (i.e. Brisco Oil, Inc., Called 0.18 acre, Lot 1, Block A)
7. Notary Certificate is not necessary when plat is stamped by Surveyor.

** As a note and once the plat has been approved by the Planning and Zoning Commission and City Council, all staff comments are to be addressed and all revisions resubmitted and approved (by staff) prior to plat submittal on mylar forfiling purposes. **

Meeting Dates to Attend (Since this plat request will be placed on the Consent Agenda for both the Planning and City Council meetings, it is not necessary for you to attend; however, staff would recommend that someone be present for the meetings. If you have any quesitons regarding this case, please feel free to contact David Gonzales, AICP with the Planning Department at 972-771-7745.

Planning - Consent Agenda: January 31, 2017 (6:00 p.m.)

City Council - Consent Agenda: February 6, 2017 (6:00 p.m.)

OWNER'S DEDICATION

STATE OF TEXAS
COUNTY OF ROCKWALL

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

I (we) the undersigned owner(s) of the land shown on this plat, and designated herein as the BRISCOE / HILLCREST ADDITION, subdivision to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. I (we) further certify that all other parties who have a mortgage or lien interest in the _____ subdivision have been notified and signed this plat. I (we) understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. I (we) also understand the following;

1 No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2 Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3 The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4 The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5 The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6 No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

I (we) further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the Subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; I (we), my (our) successors and assigns hereby waive any claim, damage, or cause of action that I (we) may have as a result of the dedication of exactions made herein.

SHEET 2 OF 2
PROJECT NO. 2015-060-F

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 01/31/2017

APPLICANT: Maria Bonilla of *Winklemann & Associates*

AGENDA ITEM: **P2017-004;** *Lots 8 & 9, Block A, The Harbor-Rockwall Addition*

SUMMARY:

Discuss and consider a request by Maria Bonilla of Winklemann & Associates on behalf of Jim Ziegler of PegasusAblon for the approval of a replat for Lots 8 & 9, Block A, The Harbor-Rockwall Addition being a 19.013-acre tract of land currently identified as Lots 5 & 7, Block A, The Harbor-Rockwall Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 7 (PD-7) and Planned Development District 32 (PD-32), situated within the IH-30 Overlay (IH-30 OV) District, located at the southwest corner of the intersection of Summer Lee Drive and Lakefront Trail, and take any action necessary.

COMMENTS:

- ✓ The applicant is requesting approval of the replat for the purpose of incorporating a portion of *Lot 7* into *Lot 5*. The intent of this change is to accommodate the future expansion of the Cinemark Theater, which is currently located on *Lot 5*. This replat will also abandon two (2) existing sewer easements, which will need to be moved to accommodate the expansion.

- ✓ Along with this replat request the applicant has submitted an amending site plan (*i.e. SP2017-006*) for the purpose of expanding the existing Cinemark Theater.

- ✓ The surveyor has completed the majority of the technical revisions requested by staff, and this plat, conforming to the requirements for replats as stated in the *Subdivision Ordinance* in the Municipal Code of Ordinances, is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

- ✓ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions listed in the *Recommendations* section below.

- ✓ With the exception of the items listed in the *Recommendation* section of this case memo, this plat is in substantial compliance with the requirements of the Subdivision Ordinance in the Municipal Code of Ordinances.

RECOMMENDATIONS:

If the Planning & Zoning Commission and City Council choose to approve the *replat* for *Lots 8 & 9, Block A, The Harbor-Rockwall Addition*, staff would recommend the following conditions of approval:

1) All staff comments provided by the Planning, Engineering and Fire Department must be addressed prior to the submittal of a building permit; and,

2) Any construction resulting from the approval of this final plat shall conform to the requirements set forth by the Unified Development Code, the International Building Code,

the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING COMMENTS - DAVID GONZALES - 01.24.2017

Discuss and consider a request by Maria Bonilla of Winklemann & Associates on behalf of Jim Ziggler of PegasusAblon for the approval of a replat for Lots 8 & 9, Block A, The Harbor-Rockwall Addition being a 19.013-acre tract of land currently identified as Lots 5 & 7, Block A, The Harbor-Rockwall Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), situated within the IH-30 Overlay (IH-30 OV) District, located at the southwest corner of the intersection of Summer Lee Drive and Lakefront Trail, and take any action necessary.

The following staff comments are to be addressed and resubmitted no later than Tuesday, February 7, 2017. Please provide two FOLDED large copies [18" X 24"] and one PDF version for a subsequent review by staff:

1. Adherence to all Engineering and Fire Department standards shall be required.
2. Provide a label indicating "Case No. P2017-004" on the lower right corner on all pages of the revised plat.
3. Correct Title Block to read as follows:

Final Plat
Harbor-Rockwall Addition
Lots 8 & 9, Block A
Being a Replat of Lots 5 & 7, Block A
Harbor-Rockwall Addition
Being 19.013 Acres Out of the E. Teal Survey,
Abstract No. 207 and the
H.J. Barksdale Survey,
Abstract No. 11
City of Rockwall,
Rockwall County, Texas

4. Change Lot No. on Plat to reflect Lot 8 (not 5R) and Lot 9 (not 7R).
5. Tie two corners to City monumentation.
6. Provide 3 signature lines for Mayor, City Secretary, City Engineer

** As a note and once the plat has been approved by the Planning and Zoning Commission and City Council, all staff comments are to be addressed and all revisions resubmitted and approved (by staff) prior to plat submittal on mylar for filing purposes. **

Meeting Dates to Attend (Since this plat request will be placed on the Consent Agenda for both the Planning and City Council meetings, it is not necessary for you to attend; however,staff would recommend that someone be present for the meetings. If youhave any quesitons regarding this case, please feel free to contact David Gonzales, AICP with the Planning Department at 972-771-7745.

Planning - Consent Agenda: January 31, 2017 (6:00 p.m.)

City Council - Consent Agenda: February 6, 2017 (6:00 p.m.)

- Tie two corners to City of Rockwall monumentation (X and Y coordinates)

Clarify that the easement that is east/west isn't being abandoned

FLOOD NOTE

According to the Federal Emergency Management Agency, Flood Insurance Rate Map Community Panel No. 48397C0040L, dated September 26, 2008, this property is within Flood Zones A and X.

Zone A - No Base Flood Elevations determined

Zone X - Areas determined to be outside the 0.2% annual chance floodplain. (Areas determined to be outside the 500-year floodplain.)

This flood statement does not imply that the property and/or the structure thereon will be free from flooding or flood damage. On rare occasions, greater floods can and will occur and flood heights may be increased by man-made or natural causes. This flood statement shall not create liability on the part of the surveyor.

OWNER'S CERTIFICATION

STATE OF TEXAS §
COUNTY OF ROCKWALL §

WHEREAS PEGASUS ABLON, BEING THE OWNER OF A TRACT OF land in the County of Rockwall, State of Texas, said tract being described as follows:

BEING a tract of land situated in the E. TEAL SURVEY, ABSTRACT NO. 207 and the H.J. BARKSDALE SURVEY, ABSTRACT NO. 11, City of Rockwall, Rockwall County, Texas and being all of Lot 5 and Lot 7, Block A, Harbor Rockwall Addition, an addition to the City of Rockwall, Rockwall County, Texas according to the plat thereof recorded in Cabinet H, Slide 195, Plat Records, Rockwall County, Texas (P.R.R.C.T.), and being more particularly described as follows:

BEGINNING at an "X" cut in concrete found for corner, said "X" cut being the most easterly northeast corner of said Lot 5, Block A and being situated at the intersection of the southerly right-of-way line of Lakefront Trail (65' right-of-way) and the northerly right-of-way line of Summer Lee Drive (65' right-of-way);

THENCE South 45 deg 25 min 51 sec West, departing said southerly right-of-way line and along said northerly right-of-way line, a distance of 373.14 feet to a 1/2 inch iron rod found for corner and the beginning of a curve to the left having a radius of 785.00 feet, a central angle of 45 deg 47 min 34 sec, a chord bearing of South 22 deg 32 min 04 sec West and a chord length of 610.83 feet;

THENCE continuing along said northerly right-of-way line and along said curve to the left, an arc distance of 627.40 feet to a 1/2 inch iron rod with red plastic cap stamped "WAI" set for corner;

THENCE South 34 deg 25 min 02 sec West, departing the northerly right-of-way line of said Summer Lee Drive, a distance of 101.34 feet to a 1/2 inch iron rod with red plastic cap stamped "WAI" set for corner;

THENCE South 39 deg 18 min 44 sec West, a distance of 31.81 feet to a 1/2 inch iron rod with red plastic cap stamped "WAI" set for corner;

THENCE South 46 deg 39 min 21 sec West, a distance of 35.25 feet to a 1/2 inch iron rod with red plastic cap stamped "WAI" set for corner;

THENCE South 52 deg 35 min 47 sec West, a distance of 29.00 feet to a 1/2 inch iron rod with red plastic cap stamped "WAI" set for corner and the beginning of a curve to the right having a radius of 57.47 feet, a central angle of 29 deg 44 min 50 sec, a chord bearing of South 67 deg 28 min 11 sec West and a chord length of 44.60 feet;

THENCE along said curve to the right, an arc distance of 45.41 feet to a 1/2 inch iron rod with red plastic cap stamped "WAI" set for corner and the beginning of a non-tangent curve to the right having a radius of 968.00 feet, a central angle of 17 deg 03 min 41 sec, a chord bearing of North 01 deg 42 min 56 sec West and a chord length of 287.18 feet;

THENCE along said non-tangent curve to the right, an arc distance of 288.25 feet to a 1/2 inch iron rod with red plastic cap stamped "WAI" set for corner;

THENCE North 83 deg 13 min 56 sec West, a distance of 128.96 feet to a 1/2 inch iron rod with red plastic cap stamped "WAI" set for corner;

THENCE South 75 deg 20 min 38 sec West, a distance of 187.82 feet to a 1/2 inch iron rod with red plastic cap stamped "WAI" set for corner;

THENCE North 10 deg 23 min 40 sec East, a distance of 49.96 feet to a 1/2 inch iron rod with red plastic cap stamped "WAI" set for corner;

THENCE North 04 deg 51 min 34 sec West, a distance of 521.80 feet to an "X" cut in concrete found for corner;

THENCE North 64 deg 40 min 36 sec East, a distance of 24.61 feet to a 1/2 inch iron rod with red plastic cap stamped "WAI" set for corner;

THENCE North 80 deg 11 min 13 sec East, a distance of 238.27 feet to a 1/2 inch iron rod with red plastic cap stamped "WAI" set for corner and the beginning of a non-tangent curve to the left having a radius of 116.35 feet, a central angle of 222 deg 02 min 19 sec, a chord bearing of North 05 deg 25 min 28 sec West and a chord length of 217.22 feet;

THENCE along said non-tangent curve to the left, an arc distance of 450.89 feet to a 1/2 inch iron rod with red plastic cap stamped "WAI" set for corner;

THENCE South 63 deg 41 min 36 sec West, a distance of 286.13 feet to a 1/2 inch iron rod found for corner;

THENCE North 22 deg 25 min 53 sec West, a distance of 109.69 feet to a 1/2 inch iron rod with red plastic cap stamped "WAI" set for corner;

THENCE North 59 deg 47 min 55 sec East, a distance of 346.78 feet to a 1/2 inch iron rod with red plastic cap stamped "WAI" set for corner;

THENCE North 45 deg 34 min 27 sec West, a distance of 67.69 feet to a 1/2 inch iron rod with red plastic cap stamped "WAI" set for corner;

THENCE North 42 deg 52 min 08 sec East, a distance of 176.29 feet to a 1/2 inch iron rod with red plastic cap stamped "WAI" set for corner;

THENCE North 40 deg 10 min 24 sec West, a distance of 255.20 feet to a 1/2 inch iron rod with red plastic cap stamped "WAI" set for corner;

THENCE North 60 deg 22 min 08 sec East, a distance of 218.86 feet to a 1/2 inch iron rod with red plastic cap stamped "WAI" set for corner, said iron rod being situated in the southerly right-of-way line of said Lakefront Trail;

THENCE along the southerly right-of-way line of said Lakefront Trail, the following:

South 29 deg 37 min 52 sec East, a distance of 9.99 feet to a 1/2 inch iron rod with red plastic cap stamped "WAI" set for corner and the beginning of a curve to the left having a radius of 680.00 feet, a central angle of 28 deg 28 min 30 sec, a chord bearing of South 43 deg 52 min 07 sec East and a chord length of 334.48 feet;

Along said curve to the left, an arc distance of 337.95 feet to a 5/8 inch iron rod found for corner and the beginning of a curve to the right having a radius of 680.00 feet, a central angle of 12 deg 35 min 10 sec, a chord bearing of South 51 deg 48 min 46 sec East and a chord length of 135.92 feet;

Along said curve to right, an arc distance of 136.19 feet to a 1/2 inch iron rod with red plastic cap stamped "WAI" set for corner;

South 45 deg 31 min 13 sec East, a distance of 64.59 feet to a 5/8 inch iron rod found for corner and the beginning of a curve to the right having a radius of 680.00 feet, a central angle of 09 deg 44 min 28 sec, a chord bearing of South 40 deg 10 min 38 sec East and a chord length of 115.47 feet;

Along said curve to the right, an arc distance of 115.61 feet to a 1/2 inch iron rod found for corner;

South 34 deg 50 min 04 sec East, a distance of 89.41 feet to a 1/2 inch iron rod with red plastic cap stamped "WAI" set for corner and the beginning of a curve to the left having a radius of 680.00 feet, a central angle of 09 deg 44 min 07 sec, a chord bearing of South 39 deg 42 min 06 sec East and a chord length of 115.40 feet;

Along said curve to the left, an arc distance of 115.54 feet to a 1/2 inch iron rod with red plastic cap stamped "WAI" set for corner;

South 44 deg 34 min 09 sec East, a distance of 116.83 feet to the POINT OF BEGINNING.

CONTAINING within these metes and bounds 19.013 acres or 828,193 square feet of land, more or less.

Bearings shown hereon are based upon an on-the-ground Survey performed in the field on the 29th day of November, 2016, utilizing a G.P.S. measurement (NAD 83) from the City of Rockwall, Texas - Control Monumentation, established May 6, 1999, Monument Nos. Reset #1 and R014.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS §
COUNTY OF ROCKWALL §

I (we) the undersigned owner(s) of the land shown on this plat, and designated herein as the HARBOR-ROCKWALL subdivision to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. I (we) further certify that all other parties who have a mortgage or lien interest in the HARBOR-ROCKWALL subdivision have been notified and signed this plat. I (we) understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. I (we) also understand the following:

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

I (we) further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the Subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; I (we), my (our) successors and assigns hereby waive any claim, damage, or cause of action that I (we) may have as a result of the dedication of exactions made herein.

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 01/31/2017

APPLICANT: Sarah Williamson of *Kimley-Horn & Associates*

AGENDA ITEM: **P2017-005;** *Lots 1 & 2, Block A, Stone Creek Grocer Addition*

SUMMARY:

Discuss and consider a request by Sarah Williamson of Kimley-Horn and Associates on behalf of Stone Creek SF LTD & Stone Creek Balance LTD for the approval of a final plat for Lots 1 & 2, Block A, Stone Creek Grocer being a replat of 0.733-acres identified as a portion of Lot 27, Block A, Stone Creek, Phase VII Addition and a final plat of 8.666-acres out of the S. King Survey, Abstract No. 131, City of Rockwall, Rockwall County, Texas, being a total of 9.399-acres, zoned Planned Development District 70 (PD-70), situated within the North SH-205 Overlay (N-SH205 OV) District, generally located at the northeast corner of the intersection of E. Quail Run Road and N. Goliad Street [*N. SH-205*], and take any action necessary.

COMMENTS:

- ✓ The applicant is requesting approval of a final plat for the purpose of selling or conveying the subject property. As part of the request, the applicant is also proposing to replat a 0.733-acre portion of Lot 27, Block A, Stone Creek, Phase VII Addition. Staff should note that the site will not be developed or permits issued without first having an approved site plan, civil engineering plans, and a replat of the property in accordance with the development procedures outlined in the Unified Development Code (UDC).

- ✓ Along with this request, the applicant has submitted a PD Development Plan (i.e. Z2016-046) and a site plan (i.e. SP2016-034) in accordance with the requirements of Planned Development District 70 (PD-70). These plans indicate intent to develop a grocery store on the subject property.

- ✓ The surveyor has completed the majority of the technical revisions requested by staff, and this final plat, conforming to the requirements for plats as stated in the *Subdivision Ordinance* in the Municipal Code of Ordinances, is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

- ✓ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions listed in the *Recommendations* section below.

- ✓ With the exception of the items listed in the *Recommendation* section of this case memo, this plat is in substantial compliance with the requirements of the Subdivision Ordinance in the Municipal Code of Ordinances.

RECOMMENDATIONS:

If the Planning & Zoning Commission and City Council choose to approve the final plat for *Lots 1 & 2, Block A, Stone Creek Grocer Addition*, staff would recommend the following conditions of approval:

1) All staff comments provided by the Planning, Engineering and Fire Department must be addressed prior to the submittal of a building permit; and,

2) Any construction resulting from the approval of this final plat shall conform to the requirements set forth by the Unified Development Code, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING COMMENTS - DAVID GONZALES - 01.18.2017

Discuss and consider a request by ....., and take any action necessary.

The following staff comments are to be addressed and resubmitted no later than Tuesday, February 7, 2017. Please provide two FOLDED large copies [18" X 24"] and one PDF version for a subsequent review by staff:

1. Adherence to all Engineering and Fire Department standards shall be required.
2. Provide a label indicating "Case No. P2017-005" on the lower right corner on all pages of the revised plat.
3. Correct Title Block to read as follows:

Final Plat of
Lots 1 & 2, Block A
Stone Creek Grocer Addition
Being a _-Acre Tract of Land out of the
S. King Survey, Abstract No. 131
And a Replat of
A _-Acre Portion of Lot 27, Block A
Stone Creek, Phase VII
City of Rockwall,
Rockwall County, Texas

4. Correct Notes for #1 to read as follows:

Note:
1) This Final Plat is for conveyance purposes only and not for the development of the subject property.

5. Notary Certificate is not necessary when plat is stamped by Surveyor.

** As a note and once the plat has been approved by the Planning and Zoning Commission and City Council, all staff comments are to be addressed and all revisions resubmitted and approved (by staff) prior to plat submittal on mylar for filing purposes. **

Meeting Dates to Attend (Since this plat request will be placed on the Consent Agenda for both the Planning and City Council meetings, it is not necessary for you to attend; however, staff would recommend that someone be present for the meetings. If you have any quesitons regarding this case, please feel free to contact David Gonzales, AICP with the Planning Department at 972-771-7745.

Planning - Consent Agenda: January 31, 2017 (6:00 p.m.)

City Council - Consent Agenda: February 6, 2017 (6:00 p.m.)

STATE OF TEXAS

COUNTY OF ROCKWALL

WHEREAS, MERITAGE HOMES OF TEXAS, LLC & STONE CREEK BALANCE, LTD., being the owner of a tract of land in situated in the S. King Survey, Abstract No.131, City of Rockwall, Rockwall County, Texas and being part of a tract of land described in Special Warranty Deed to Stone Creek Balance, LTD, recorded in Instrument No. 20070000375394, Official Public Records, Collin County, Texas, and being part of a tract of land described in Special Warranty Deed to Meritage Homes of Texas, LLC, recorded in Instrument No. 20150000013037, Official Public Records, Rockwall County, Texas, and being part of Lot 27, Block A, of Stone Creek Phase VII, an addition to the City of Rockwall, Texas, according to the plat thereof recorded in Instrument No. 20160000011737, Official Public Records, Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a Concrete Monument found at the north corner of a right-of-way corner clip for the east right-of-way line of State Highway 205 (N Goliad Street - a variable width right-of-way)

THENCE with said east right-of-way line, North 14°18'59" West, a distance of 489.45 feet to a 1/2-inch iron rod with plastic cap stamped "CORWIN" found for the most westerly southwest corner of Lot 8, Block D of Stone Creek Phase IV, an addition to the City of Rockwall, Texas, according to the plat thereof recorded in Cabinet H, Slide 317, Plat Records, Rockwall County, Texas;

THENCE departing said east right-of-way line and with the south lines of said Lot 8 the following courses and distances, to wit:

North 75°41'01" East, a distance of 310.00 feet to a 1/2-inch iron rod with plastic cap stamped "CORWIN" found;
South 14°18'59" East, a distance of 256.58 feet to a 1/2-inch iron rod with plastic cap stamped "CORWIN" found;
North 88°26'01" East, a distance of 96.46 feet to a 1/2-inch iron rod with plastic cap stamped "CORWIN" found at the most westerly southwest corner of said Lot 27;

THENCE with the south line of said Lot 27 part of the way, North 88°27'32" East, passing at a distance of 195.78 feet a 1/2-inch iron rod with plastic cap stamped "CORWIN" found for an angle point in the south line of said Lot 27, departing said south line and continuing in all a total distance of 513.73 feet to a 5/8-inch iron rod with plastic cap stamped "KHA" set;

THENCE South 0°02'44" West, passing at a distance of 101.33 feet a 1/2-inch iron rod with plastic cap stamped "RDS" found at the northwest corner of a tract of land described as Quail Run Fire Station recorded in Special Warranty Deed to The City of Rockwall, recorded in Vol. 5635, Pg. 211, Deed Records, Rockwall County, Texas, and continuing with the west line of said Quail Run Fire Station, passing at a distance of 262.60 feet a 1/2-inch iron rod with plastic cap stamped "RDS" found at the southwest corner of said Quail Run Fire Station, being in the north right-of-way line of Quail Run Drive (a variable width public right-of-way) in all a total distance of 395.49 feet to an "X" cut in concrete;

THENCE with said north right-of-way line, South 89°34'22" West, a distance of 67.13 feet to an "X" cut in concrete for the northeast corner of Lot 1, Block B of Quail Run Retail, an addition to the City of Rockwall, Texas, according to the plat thereof recorded in Cabinet E, Slide 67, Plat Records, Rockwall County, Texas;

THENCE with the north line of said Lot 1, South 88°24'25" West, a distance of 650.72 feet to a 1/2-iron rod with plastic cap stamped "CARTER & BUGESS" found at the southeast corner of said right-of-way corner clip;

THENCE departing said north line and with said corner clip, North 54°44'35" West, a distance of 165.14 feet to the **POINT OF BEGINNING** and containing 9.399 acres or 409,432 square feet of land.

All bearings shown are based on grid north and referenced to City of Rockwall Monuments R003 and R018 ot the Texas Coordinate System of 1983, North Central Zone (4202), North American Datum of 1983. All dimensions shown are ground distances. To obtain a grid distance, multiply the ground distance by the Project Combined Factor (PCF) of 0.9998540.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS

COUNTY OF ROCKWALL

I (we) the undersigned owner(s) of the land shown on this plat, and designated herein as the **Stone Creek Grocer** subdivision to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, watercourses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. I (we) further certify that all other parties who have a mortgage or lien interest in the **Stone Creek Grocer** subdivision have been notified and signed this plat.

I (we) understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. I (we) also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.
2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.
3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.
4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.
5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.
6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

I (we) further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the Subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; I (we), my (our) successors and assigns hereby waive any claim, damage, or cause of action that I (we) may have as a result of the dedication of exactions made herein.

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 01/31/2017

APPLICANT: David Smith

AGENDA ITEM: **SP2017-005;** 602 N. Goliad

SUMMARY:

Discuss and consider a request by David Smith on behalf of Barbara Criswell for the approval of a site plan converting an existing single-family structure into a medical office building on a 0.344-acre tract of land described as Lot 2 of the Barnes Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses, situated within the N. Goliad Corridor Overlay (NGC OV) District, addressed as 602 N. Goliad Street [SH-205], and take any action necessary.

PURPOSE:

The applicant is requesting approval of a Site Plan for the purpose of converting an existing single-family structure into a medical office building. According to the Rockwall Central Appraisal District (RCAD), the existing structure is ~1763 sq. ft. The proposed medical office building is situated on a 0.344-acre parcel of land [*i.e. Lot 1, Barnes Addition*] and is zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses and lies within the N. Goliad Corridor (NGC OV) District. The site is addressed as 602 N. Goliad Street.

The Residential Office (RO) District recognizes the existence of older residential areas of the city where homes have been converted from single-family residences to low-intensity office uses in order to extend the economic life of these structures. The proposed medical office use is in compliance with the intent of the Residential Office (RO) District as stipulated in the UDC.

The North Goliad Corridor Overlay (NGC OV) District was established to protect the scenic historic qualities through the use of additional development criteria. This district establishes design standards to guide the new construction, conversion, and rehabilitation of existing buildings, streetscapes, and architectural styles consistent with the historic residential homes and businesses located along the corridor. With that being said, the proposed medical office building will utilize an existing home with minimal changes to the exterior of the structure. Additionally, the proposed building elevations including the siding (i.e. 100% hardy board or similar cementaceous material) are consistent with the neighboring structures in Planned Development District 50 (PD-50).

DENSITY AND DIMENSIONAL REQUIREMENTS:

According to Article IV, *Permissible Uses*, of the Unified Development Code (UDC), a medical office building is permitted by right in a Residential-Office (RO) District and will not require any additional approval from the Planning and Zoning Commission. The submitted site plan and building elevations conform to the technical requirements contained within the Unified Development Code (UDC) for properties located in Planned Development District 50 (PD-50) and zoned for Residential-Office (RO) District land uses. A summary of the density and dimensional requirements of the subject property are as follows:

Ordinance Provisions	*Zoning District Standards*	*Conformance to the Standards*
Minimum Lot Area	*6,000 SF*	*~15,000 SF; In Conformance*
Minimum Lot frontage	*60-Feet*	*~75-Feet; In Conformance*
Minimum Lot Depth	*100-Feet*	*~200-Feet; In Conformance*
Minimum Front Yard Setback	*25-Feet*	*25-Feet; In Conformance*
Minimum Rear Yard Setback	*30-Feet*	*30-Feet; In Conformance*
Minimum Side Yard Setback	*10-Feet*[1]	*X>10-Feet; In Conformance*
Maximum Building Height	*36-Feet*	*17-Feet; In Conformance*
Max Building/Lot Coverage	*40%*	*11.8%; In Conformance*
Minimum Number of Parking Spaces	*4*	*4 Provided;*

1. Except if the adjacent property is predominantly residentially zoned or residentially used, in which case the setback shall be 20-feet.

RECOMMENDATIONS:

If the Planning & Zoning Commission chooses to approve the applicant's request then staff would recommend the following conditions of approval:

1) All technical comments provided by the Planning, Engineering and Fire Department must be addressed prior to the submittal of a building permit;

2) Any construction or building necessary to complete this Site Plan request must conform to the requirements set forth by the UDC, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

OWNER'S CERTIFICATE:

STATE OF TEXAS
COUNTY OF ROCKWALL

WHEREAS, Little Genius of Texas, LLC, a Texas limited liability company, is the sole owner of a tract of land situated in the W.T. Deweese Survey, Abstract No. 71 in the City of Rockwall, Rockwall County, Texas, and being that tract of land conveyed to Little Genius of Texas, LLC, a Texas limited liability company, by Special Warranty Deed recorded in Instrument No. 20160000022883, Official Public Records, Rockwall County, Texas, and being more particularly described by metes and bounds as follows:

Beginning at a 1/2 inch iron rod found for corner at the Northwest corner of Lot 17, Block A of Stone Creek Phase VI, an Addition to the City of Rockwall, Rockwall County, Texas, according to the Map thereof recorded in Volume I, Page 161, Deed Records, Rockwall County, Texas, and lying in the South right-of-way line of F.M. 552 (variable width right-of-way);

Thence South 00 degrees 50 minutes 35 seconds East, along the West line of said Lot 17, Block A, a distance of 320.47 feet to a 1/2 inch iron rod with yellow plastic cap stamped "TXHS" at the Northeast corner of Lot 18, Block U of said Stone Creek Phase VI;

Thence North 69 degrees 47 minutes 25 seconds West, along the northern line of said Block U of Stone Creek Phase VI, a distance of 113.88 feet to a 1/2 inch iron rod with yellow plastic cap stamped "TXHS" at the beginning of a tangent curve to the left having a delta angle of 21 degrees 03 minutes 11 seconds, a radius of 700.00 feet, with a chord that bears North 80 degrees 18 minutes 55 seconds West, a chord distance of 255.77 feet;

Thence along said northern line of Block U of Stone Creek Phase VI and said tangent curve to the left, an arc length of 257.21 feet to a 1/2 inch iron rod with yellow plastic cap stamped "TXHS";

Thence South 89 degrees 09 minutes 25 seconds West, along the North line of Lot 24 of said Block U of Stone Creek Phase VI, a distance of 23.07 feet to a 1/2 inch iron rod found at the Northwest corner of said Lot 24, Block U, and lying in the East right-of-way line of Stone Creek Drive (100 foot right-of-way);

Thence North 00 degrees 50 minutes 35 seconds West, along said East right-of-way line of Stone Creek Drive, a distance of 232.83 feet to a 1/2 inch iron rod with yellow plastic cap stamped "TXHS" at the intersection of said East line of Stone Creek Drive and said South right-of-way line of aforesaid F.M. 552;

Thence North 89 degrees 09 minutes 25 seconds East, along said South right-of-way line of F.M. 552, a distance of 380.81 feet to the POINT OF BEGINNING and containing 99,668 square feet or 2.29 acres of land.

OWNER'S DEDICATION:

STATE OF TEXAS
COUNTY OF ROCKWALL

Please provide the appropriate plat wording provided in the application packet.

NOW THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

THAT, Little Genius of Texas, LLC, a Texas limited liability company, does hereby adopt this plat, designating the herein described property as **MONTESSORI SCHOOL ADDITION**, an addition to the City of Rockwall, Rockwall County, Texas, and does hereby dedicate, in fee simple, to the public use forever any streets, parks, alleys, and easements shown thereon. The easements shown thereon are hereby reserved for the purposes indicated. The utility and fire lane easements shall be open to the public, fire and police units, garbage and rubbish collection agencies, and all public and private utilities for each particular use. The maintenance of paving on the utility and fire lane easements is the responsibility of the property owner. No buildings, fences, trees, shrubs, or other improvements or growths shall be constructed, reconstructed or placed upon, over or across the easements as shown. Said easements being hereby reserved for the mutual use and accommodation of all public utilities using or desiring to use same. All, and any public utility shall have the right to remove and keep removed all or parts of any building, fences, trees, shrubs, or other improvements or growths which in any way may endanger or interfere with the construction, maintenance or efficiency of its respective system on the easements, and all public utilities shall at all times have the full right of ingress or egress to or from and upon the said easements for the purpose of constructing, reconstructing, inspecting, patrolling, maintaining and adding to or removing all of or parts of its respective systems without the necessity at any time of procuring the permission of anyone. (Any public utility shall have the right of ingress or egress to private property for the purpose of reading meters and any maintenance or service required or ordinarily performed by that utility).

Water main and wastewater easements shall also include additional area of working space for construction and maintenance of the systems. Additional easement area is also conveyed for installation and maintenance of manholes, cleanouts, fire hydrants, water services and wastewater services from the main to the curb or pavement line, and description of such additional easements herein granted shall be determined by their location as installed.

This plat approved subject to all platting ordinances, rules, regulations, and resolutions of the City of Rockwall, Texas.

WITNESS MY HAND THIS _____ DAY OF _____, 2017.

JOB NO.
18516CAD

CITY OF ROCKWALL, TEXAS
MEMORANDUM

TO: Planning and Zoning Commission

FROM: Ryan Miller, *Director of Planning and Zoning*

DATE: January 31, 2017

SUBJECT: MIS2016-012; *Breezy Hill, Phase VI Tree Mitigation Plan*

On December 13, 2016, the Planning and Zoning Commission approved a tree mitigation plan showing the removal of 1,091-inches of trees for the development of *Breezy Hill, Phase VI*. Since this approval the applicant has identified an error in the plan that showed two (2) protected trees and one (1) feature tree being saved when they were actually being removed. Since these trees are defined as *Protected and Feature Trees* (*i.e. any cedar or hackberry 11-inches or greater; or, any oak, pecan or elm with a DBH of four [4] inches or greater*) in Article IX, *Tree Preservation*, of the Unified Development Code, the updated plan will require the approval of the Planning and Zoning Commission. This will not raise the total number of inches of trees being removed, which will remain at 1,091-inches. Again the applicant has indicated that they will be applying: (1) the tree balance from the landscaping provided with the amenity center (*i.e. 88-inches*), (2) the tree balance from the park improvements used with *Phase 3* (*i.e. 169-inches*), (3) remaining tree balance from *Phase 1* (*i.e. 92-inches*), (4) remaining tree balance from *Phase 7* (*i.e. 60-inches*), and (5) remaining tree balance from *Phases 2A & 2B* (*i.e. 214-inches*) to satisfy the mitigation requirements. This means that the tree balance for the entire Breezy Hill Subdivision to date is +84-inches. This balance can be carried over to future phases of the proposed subdivision. A plan showing the updated tree mitigation plan has been provided in the attached packet.

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 01/31/2017

APPLICANT: Sarah Williams *of Kimley-Horn and Associates*

AGENDA ITEM: **SP2016-034**; *PD Site Plan for a Grocery Store.*

SUMMARY:

Discuss and consider a request by Sarah Williamson of Kimley-Horn and Associates on behalf of Stone Creek SF LTD & Stone Creek Balance LTD for the approval of a PD site plan for a grocery store on 7.46-acre identified as a portion of as a portion of a larger 164.812-acre tract of land identified as Tract 3 of the S. King Survey, Abstract No. 131, City of Rockwall, Rockwall County, Texas, being zoned Planned Development District 70 (PD-70), situated within the North SH-205 Overlay (N-SH205 OV) District, generally located at the northeast corner of the intersection of E. Quail Run Road and N. Goliad Street [N. SH-205], and take any action necessary.

PURPOSE:

An application for a PD Site Plan has been submitted for approval of a 35,962 SF grocery store on a 7.46-acre tract of land identified as a portion of a larger 164.812-acre tract of land identified as Tract 3 of the S. King Survey, Abstract No. 131 and zoned Planned Development District 70 (PD-70). The subject property is situated within the North SH-205 Overlay (*N-SH205 OV*) District and is generally located at the northwest corner of the intersection of E. Quail Run Road and N. Goliad Street [*N. SH-205*]. A PD Development Plan [*Z2016-046*] has been submitted concurrently with this request; however, the PD Development Plan must be approved prior to approval of this PD site plan. This has been added as a condition of approval and any approval by the Planning and Zoning Commission will constitute conditional approval.

With the exception of the variance requested and the items listed in the *Recommendation* section of this case memo, the submitted site plan, building elevations, photometric, treescape and landscape plans conform to the technical requirements contained within the Unified Development Code (UDC) and Planned Development District 70 (PD-70). A summary of the density and dimensional requirements is as follows:

Ordinance Provisions	*Zoning District Standards*	*Conformance to the Standards*
Minimum Lot Area	*6,000-SF*	*7.46-Acres; In Conformance*
Minimum Lot frontage	*60-Feet*	*x>60-Feet; In Conformance*
Minimum Lot Depth	*100-Feet*	*x>100-Feet; In Conformance*
Minimum Front Yard Setback	*15-Feet*	*x>15-Feet; In Conformance*
Minimum Rear Yard Setback	*10-Feet*	*x>10-Feet; In Conformance*
Minimum Side Yard Setback	*10-Feet*	*x>10-Feet; In Conformance*
Maximum Building Height	*36-Ft w/o SUP*	*28.4-ft; Approved with SUP*
Max Building/Lot Coverage	*40%*	*X<40%; In Conformance*
Minimum Masonry Requirement	*90%*	*>90%; In Conformance*
Minimum Stone Requirement (SH205 OV)	*20% ea facade*	*x=0%; Variance Requested*
Minimum Number of Parking Spaces	*144*	*194 Provided; In Conformance*

TREESCAPE PLAN:

The applicant has provided a treescape plan indicating a total of 428-caliper inches being removed from the site. Of the trees being removed the treescape plan indicates the removalof several feature trees (*i.e. any pecan, elm, or oak*) which are considered to be protected and require the approval of the Planning and Zoning Commission for removal. Replacement of a hardwood tree requires replacement on an inch-for-inch basis. The applicant's landscape plan depicts the provision of 56, three (3) inch caliper trees leaving a mitigation balance of 260-caliper inches.

In order to satisfy the tree mitigation balance of 260-caliper inches, the applicant may choose one of the following:

a) Provide additional trees on site.
b) Provide the Parks Department with any number of trees (minimum 3 caliper inch) that totals the mitigation balance due.
c) Provide a maximum 20% of the mitigation inches in cash at $125 per caliper inch to be paid to the City's Tree Fund with the remaining balance provide in trees to the Parks Department.
d) Request an alternative tree mitigation plan to be approved by the City Council.

VARIANCE AND EXCEPTION REQUESTS:

The applicant is requesting the following variances and exceptions to the N. SH-205 OV and the *Unified Development Code* (UDC) for the sections outlined below. As a note, a variance request to the UDC requires passage of a simple majority vote by the City Council for approval; however, a variance to the *N. SH-205 OV District* requires passage by a ¾ majority vote of those City Council members present. The requests are as follows:

1. Art. V, Sec. 6.11.C.1a of the N. SH-205 OV requires each exterior wall to consist of 90% masonry materials, including 20% natural or quarried stone on walls which are visible from a public street or open space. The elevations as presented do not provide natural or quarried stone and do not meet the requirements of the overlay district. *Approval of the variance requested to the N. SH-205 OV requires passage by a 3/4 majority vote of City Council.*

The approval of a variance is a discretionary decision for the Planning and Zoning Commission and City Council.

ARCHITECTURAL REVIEW BOARD (ARB):

After failing to establish a quorum on December 27, 2016, the Architectural Review Board (ARB) met on January 10, 2017 to review the proposed elevations recommended to the Planning and Zoning Commission to table the item to the January 31, 2017 meeting. This would allow for the applicant to revise the elevations for the purpose of better addressing the requirements of the UDC. The ARB will review these changes on January 31, 2017 and make a recommendation to the Planning and Zoning Commission during its regularly scheduled meeting.

RECOMMENDATIONS:

The site plan submitted by the applicant meets all the technical criteria stipulated by the N SH-205 OV and the UDC with the exception of the requested variances. Should the Planning and

Zoning Commission choose to approve the applicant's request, then the following conditions of approval should be considered with this case:

1) All staff comments provided by the Planning, Engineering and Fire Department must be addressed prior to the submittal of a building permit;

2) The approval of this PD Site Plan shall constitute conditional approval until the approval of *Case No. Z2016-044* (*i.e. the PD Development Plan*);

3) Development of this property shall generally conform to the *PD Development Plan* as approved by *Case No. Z2016-044*;

4) Any construction or building necessary to complete this *PD Site Plan* request must conform to the requirements set forth by the UDC, the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING COMMENTS - DAVID GONZALES - 01.05.2017

All staff comments are to be addressed and resubmitted for a final review by staff. Please provide three large folded copies [24" X 36" FOLDED] and one PDF version:

Planning Department General Comments are as follows:

1. PD-70 requries a PD Development Plan to be approved prior to PD site plan approval. However, the PD allows for concurrently submittal of both plans.
2. Adherence to Engineering and Fire Department standards shall be required.
3. Submittal and approval of a Civil Engineering Plans and Final Plat prior to issuance of a Certificate of Occupancy (CO). Plat mylars are to be submitted prior to issuance of building permit.
4. All exterior signage requires submittal and approval of a separate building permit through the building inspections department.

VARIANCES and EXCEPTIONS FOR CITY COUNCIL TO CONSIDER:

** 1. Art V, Sec. 6.11.C.1a of the N SH-205 OV requires each exterior wall to consist of 90% masonry materials,..., including 20% natural or quarried stone on walls which are visible from a public street or open space. The elevations as presented do not provide stone and does not meet this requirement.
** 2. Art V, Sec. 6.11.C.5 of the N SH-205 BY OV requires all buildings shall be architecturally finished on all four sides with the same materials, detailing, and features. The esat elevation does not meet this requirement.

** Approval of the variance requested to the N SH-205 OV requires passage by a 3/4 majority vote ofCity Council.

EXCEPTION FOR CITY COUNCIL TO CONSIDER:
****1. ArtV, Sec. 4.1. of the UDC - Exception to the Horizontal & Vertical Articulation Standards - the buildings north, south, and west elevations as submitted are not meeting the minimum requirements establish by the General Commercial District Standards for articulation.

**** Approval of the exceptions to the horizontal and vertical articulation standards of the UDC requires passage by a simple majority vote of City Council.

Please addressthe following Planning Comments for each plan submitted:

Site Plan:
1. Truck loading dock and dumpster are not to face a public street. Requires approval by the Planning and Zoning Commission and City Council.

Building Elevations:
1. Variance's and Exception to the N SH-205 OV as stated above requires approvals as noted by the City Council (of those Council members present).
2. Provide a materials samples board for the ARB review.

Landscape Plan:
1. Meets intent of UDC as revised.

Photometric Plan:

Type of Review / Notes	Contact	Sent	Due	Received	Elapsed	Status	Remarks
1. Meets intent of UDC as revised. The following are scheduled meeting dates that you and/or your representative(s) should attend regarding the PD Site Plan. If you have any quesitons regarding this case, please feel free to contact David Gonzales, AICP with thePlanning Department at 972-771-7745. Meeting Dates to Attend: Architectural Review Board: January 10, 2017 (5:00 p.m.) [applicant to receive recommendations from ARB] Planning - Action: January 10, 2017 (6:00p.m.) [P&Z to take action (i.e. approve, approve with conditions, etc.) City Council - Action: January 17, 2016 (6:00 p.m.) [FOR VARIANCE & EXCEPTION REQUEST ONLY]							
PLANNING	David Gonzales	12/16/2016	12/23/2016	12/20/2016	4	COMMENTS	See comments

Discuss and consider a request by Sarah Williamson of Kimley-Horn and Associates on behalf of Stone Creek SF LTD & Stone Creek Balance LTD for the approval of a site plan for a grocery store on 7.46-acre identified as a portion of as a portion of a larger 164.812-acre tract of land identified as Tract 3 of the S. King Survey, Abstract No. 131, City of Rockwall, Rockwall County, Texas, being zoned Planned Development District 70 (PD-70), situated within the North SH-205 Overlay (N-SH205 OV) District, generally located at the northeast corner of the intersection of E. Quail Run Road and N. Goliad Street [N. SH-205], and take any action necessary.

PLANNING COMMENTS - DAVID GONZALES - 12.21.2016

All staff comments are to be addressed and resubmitted by Tuesday, January 3, 2017. Please provide three large copies [24" X 36" FOLDED] and one PDF version for a subsequent review by staff:

Planning Department General Comments to be addressed are as follows:

1. PD-70 requries a PD Development Plan to be approved prior to PD site plan approval. However, the PD allows for concurrently submittal of both plans.
2. Adherence to Engineering and Fire Department standards shall be required.
3. Label revised site plan documents with "Case No. SP2016-034" at the lower right corner of each plan.
4. Submittal and approval of a Civil Engineering Plans and Final Plat prior to issuance of a Certificate of Occupancy (CO). Plat mylars are to be submitted prior to issuance of building permit.
5. All exterior signage requires submittal and approval of a separate building permit through the building inspections department.

VARIANCES and EXCEPTIONS FOR CITY COUNCIL TO CONSIDER:

** 1. Art V, Sec. 6.11.C.1a of the N SH-205 OV requires each exterior wall to consist of 90% masonry materials,..., including 20% natural or quarried stone on walls which are visible from a public street or open space. The elevations as presented do not provide stone and does not meet this requirement.
** 2. Art V, Sec. 6.11.C.1a of the N SH-205 OV requires each exterior wall to consist of 90% masonry materials,..., and limits stucco to 50 percent of the buildings exterior finish. Also, stucco may not be located in the first four feet above grade where visible from a street or public area. The elevations indicate stucco exceeding 50% of the required masonry standard for the east and north elevations. Also, stucco is present at grade on the east elevation.
** 3. Art V, Sec. 6.11.C.5 of the N SH-205 BY OV requires all buildings shall be architecturally finished on all four sides with the same materials, detailing, and features. The esat elevation does not meet this requirement.

** Approval of the variance requested to the N SH-205 OV requires passage by a 3/4 majority vote of City Council.

EXCEPTION FOR CITY COUNCIL TO CONSIDER:
****1. ArtV, Sec. 4.1. of the UDC - Exception to the Horizontal & Vertical Articulation Standards - the buildings north, south, and west elevations as submitted are not meeting the minimum requirements establish by the General Commercial District Standards for articulation.

**** Approval of the exceptions to the horizontal and vertical articulation standards of the UDC requires passage by a simple majority vote of City Council.

Please addressthe following Planning Comments for each plan submitted:

Site Plan:
1. Relabel title as "PD Site Plan"

2. Provide PD Development Plan elements on site plan (e.g. pedestrian orientation & accessibility, walking path, proposed access points to the site, tree & floodplain preservation, etc.)
3. Indicate and label firelane and access as: "24-ft Firelane (minimum), Utility, and Public Access Easement" or as appropriate.
4. Truck loading dock and dumpster are not to face a public street. Requires approval by the Planning and Zoning Commission.

Building Elevations:
1. Variance's and Exception to the N SH-205 OV as stated above requires approvals as noted by the City Council (of those Council members present).
2. PD-70 does not allow for outside storage, display or merchandising unless specifically shown and approved on the PD Site Plan. The cart storage area is considered outside storage and requires approval by the Planning and Zoning Commission.
3. RTU's are to be visually screened from right-of-ways and adjacent properties at the property line. Dash-in RTU's.
4. What is "R-1" TPO Roof - is this an actually roof (parrapet, mansard style) or an extension of the elevations wall? What materials are being used? What does the 39.39% represent in the materials legend?
5. Provide a materials samples board for the ARB review.

Landscape Plan:
1. Provide Sod in area's labeled as "seed" and remove the label "seed". Disturbed area's require erosion control prior to release of CO (see Engineerings standards of design).
2. Correct "Planting Notes" #9 by removing the words "grass seeding" from the statement.

Photometric Plan:
1. The lighting pole standards are not to exceed a maximum overall heightof 20-ft (includes pole, base, or combination thereof) per the PD Ord. standards. Provide detail for pole standard. 2. Provide cut sheets for all exterior lighting fixtures.

The following are scheduled meeting dates that you and/or your representative(s) should attend regarding the PD Site Plan. If you have any quesitons regarding this case, please feel free to contact David Gonzales, AICP with thePlanning Department at 972-771-7745.

Meeting Dates to Attend:

Architectural Review Board: December 27, 2016 (5:00 p.m.) [applicant to receive recommendations from ARB]

Planning - Work Session: December 27, 2016 (6:00p.m.) [applicant to present case to P&Z for discussion].

Planning - Action: January 10, 2017 (6:00p.m.) [P&Z to take action (i.e. approve, approve with conditions, etc.)

City Council - Action: January 17, 2016 (6:00 p.m.) [FOR VARIANCE & EXCEPTION REQUEST ONLY]

PLANTING NOTES

1. ALL PLANT MATERIAL SHALL BE INSTALLED ACCORDING TO SOUND NURSERY PRACTICES AND SHALL MEET ALL STANDARDS AS STATED IN THE LATEST EDITION OF "AMERICAN STANDARD FOR NURSERY STOCK" BY THE AMERICAN ASSOCIATION OF NURSERYMEN.
2. NO SUBSTITUTIONS IN PLANT MATERIALS SHALL BE MADE WITHOUT WRITTEN AUTHORIZATION FROM OWNER OR LANDSCAPE ARCHITECT, IN THE EVENT OF DISCREPANCIES BETWEEN THE DRAWING AND THE PLANT LIST, THE DRAWING SHALL PREVAIL.
3. LOCATE ALL UTILITIES PRIOR TO ANY DIGGING OPERATIONS. CONTRACTOR SHALL BE RESPONSIBLE FOR ALL DAMAGES TO EXISTING UTILITIES INCURRED BY HIS WORK.
4. REFERENCE IRRIGATION PLAN FOR BED IRRIGATION INFORMATION.
5. STAKING AND GUYING ALTERNATIVES: METHODS INDICATED IN DRAWING DETAILS ARE PREFERRED. CONTRACTOR MAY SUGGEST ALTERNATE METHODS, ASSUMING FULL RESPONSIBILITY FOR THEIR IMPLEMENTATION. CONTRACTOR SHALL REPLACE, PLANT, OR UPRIGHT ANY TREES BLOWN OVER OR DAMAGED DUE TO INADEQUATE STAKING AT NO ADDITIONAL COST TO THE OWNER.
6. PLANTS MASSED IN BEDS SHALL BE ARRANGED USING TRIANGULAR SPACING.
7. PROVIDE A STEEL EDGE OR CONCRETE MOW STRIP BETWEEN ALL PLANTING BEDS AND LAWN AREAS. REFERENCE SITE PLAN.
8. ALL PLANTING BEDS TO BE TOP DRESSED WITH A MINIMUM OF 3" SHREDDED HARDWOOD MULCH.
9. PROVIDE BERMUDA SOD FOR PROPOSED LAWN AREAS, TO ALL EDGES OF PAVEMENT, AND/OR LIMITS OF DISTURBANCE OUTSIDE R.O.W. OR PROPOSED LANDSCAPE EASEMENT.
10. THE CONTRACTOR SHALL BE RESPONSIBLE FOR THE MAINTENANCE OF ALL LANDSCAPING UNTIL FINAL ACCEPTANCE. ALL REQUIRED LANDSCAPING SHALL BE MAINTAINED IN A NEAT AND ORDERLY MANNER AT ALL TIMES. THE WORK SHALL INCLUDE, BUT NOT TO BE LIMITED TO, MOWING, EDGING, PRUNING, FERTILIZING, WATERING, WEEDING, AND OTHER SUCH ACTIVITIES COMMON TO THE MAINTENANCE OF LANDSCAPING. ALL PLANT MATERIALS SHALL BE MAINTAINED IN A HEALTHY AND GROWING CONDITION AS IS APPROPRIATE FOR THE SEASON OF THE YEAR. PLANT MATERIAL THAT DIES SHALL BE REPLACED WITH THE PLANT MATERIAL OF SIMILAR SIZE AND VARIETY.
11. CONTRACTOR SHALL WARRANTY PLANT MATERIAL TO REMAIN ALIVE AND HEALTHY FOR A PERIOD OF ONE YEAR AFTER FINAL ACCEPTANCE. WARRANTY SHALL NOT INCLUDE DAMAGE FOR LOSS OF PLANT MATERIAL DUE TO NATURAL CAUSES, ACTS OF VANDALISM OR NEGLIGENCE ON THE PART OF THE OWNER.
12. ALL DISTURBED AREAS WITHIN LIMITS OF CONSTRUCTION NOT CALLED TO BE SODDED, SHALL BE REESTABLISHED WITH BERMUDA SOD.
13. ALL LANDSCAPE BED AREAS TO BE PREPARED USING "READY TO PLANT BEDDING MIX" BY SOIL BUILDING SOLUTIONS (OR APPROVED EQUAL). INSTALL TO DEPTHS PER PLANTING DETAILS (12" DEPTH MIN.) FINISHED GRADES OF PLANTING BEDS TO BE 2" BELOW FINISHED GRADE OF ADJACENT PAVING OR AS SHOWN ON GRADING PLAN.
14. ALL SOD AREAS TO RECEIVE 4" DEPTH (MIN) TOPSOIL PRIOR TO INSTALLATION. ALL PLANTING AREAS TO RECEIVE 24" DEPTH (MIN) OF TOPSOIL. TOPSOIL SHALL BE NATURAL FRIABLE, FERTILE, pH RANGE OF 6.0-6.5, AND FREE OF TRASH, DEBRIS, STONES, WEEDS, AND TWIGS/BRANCHES.

NOTE: PLANT QUANTITIES ARE PROVIDED FOR CONVENIENCE ONLY. IN THE CASE OF A DISCREPANCY, THE DRAWING SHALL TAKE PRECEDENCE.

NOTE: PLANTS ARE SPECIFIED BY HEIGHT AND SPREAD, NOT CONTAINER SIZE. ALL PLANTINGS ARE EXPECTED TO MEET ALL SPECIFICATIONS PROVIDED.

NOTE: IRRIGATION WILL MEET REQUIREMENTS OF UDC.

CITY OF ROCKWALL LANDSCAPE REQUIREMENTS

MINIMUM LANDSCAPE REQUIREMENTS	REQUIRED	PROPOSED
LANDSCAPING REQUIRED 324,797 SQ FT TOTAL SITE AREA X 15% = 48,720 SQ FT	48,720 SQ FT	163,179 SQ FT
FOR ALL COMMERCIAL PARCELS 15% OF THE (324,797SQ FT) SITE SHALL BE LANDSCAPE AREA		
FRONT YARD REQUIREMENT PER GR ZONING DISTRICT 50% OF REQUIRED LANDSCAPE MUST BE LOCATED IN FRONT YARD FROM FACE OF BUILDING TO PROPERTY LINE	24,360 SQ FT	27,004 SQ FT
STREET TREE REQUIREMENTS 1 LARGE CANOPY TREE SHALL BE PLANTED PER 50 LF OF STREET FRONTAGE		
QUAIL RUN ROAD 145 LF / 50 LF = 3 TREES	3	3
STATE HIGHWAY 205 OVERLAY 183 LF 20' WIDE BUFFER STRIP MIN.	BERM OR SHRUB PLANTING	EX TREES
183 LF / 100 LF x 2 CANOPY TREES = 4 (4" INCH) CANOPY TREES =	4	EX TREES
183 LF / 100 LF x 4 ACCENT TREES = 8 ACCENT TREES, 4" HEIGHT MIN.	8	EX TREES
PARKING LOT REQUIREMENTS THERE SHALL BE A MINIMUM OF 1 TREE PER EVERY 10 PARKING SPACES WITHIN A PARKING LOT WITH MORE THAN 20,000 SQ FT		
194 SPACES / 10 = 20 TREES	20	20
INTERIOR LANDSCAPE REQUIREMENT 5% OF THE TOTAL PARKING LOT SHALL BE LANDSCAPE 83,804 SQ FT PARKING LOT: 5% = 4,191 SQ FT	4,191 SQ FT	6,206 SQ FT
LOADING DOCK BUFFER SCREENING REQUIRED FROM ALL PUBLIC STREETS AND RESIDENTIAL DISTRICTS	YES	YES
MITIGATION MITIGATION NEEDED = 429 IN. PROPOSED ADDITIONAL PLANTING = 114 IN. MITIGATION TO BE PAID INTO FUND = 315 IN. (429 IN. - 99 IN. = 315 IN.)		

NOTES:
MINIMUM LARGE TREE CALIPER MUST BE 3" OR LARGER
SH 205 CANOPY TREES REQUIRE 4" CALIPER
SH 205 ACCENT TREES REQUIRE 4' HEIGHT
SH 205 SHRUBS REQUIRED DECIDUOUS: 15", 2-GALLON MIN.
SH 205 SHRUBS REQUIRED EVERGREEN: 12", 2-GALLON MIN.

PLANT SCHEDULE

TREES	CODE	QTY	BOTANICAL NAME / COMMON NAME	SPECIFICATIONS	REMARKS
	IN	39	Ilex x 'Nellie R Stevens' / Nellie R Stevens Holly	8' ht, 4' spr.	Full to Base, Straight
	JE	21	Juniperus virginiana / Eastern Red Cedar	3" cal, 12' ht x 4' spr	Full to Base, Straight
	PC	17	Prunus carolniana / Carolina Laurel Cherry	3" cal, 8' ht x 3' spr	Full to Base, Straight
	QV	12	Quercus virginiana / Southern Live Oak	3" cal, 12' ht x 4' spr	Full, Single Leader, Straight
	UC	11	Ulmus crassifolia / Cedar Elm	3" cal, 12' ht x 4' spr	Full, Single Leader, Straight
GROUND COVERS	**CODE**	**QTY**	**BOTANICAL NAME / COMMON NAME**	**SPECIFICATIONS**	**REMARKS**
	TRA	46	Trachelospermum asiaticum 'Asiatic' / Asiatic Jasmine	12" ht, 12" spr, 18" oc	Full, 1 gallon min.
MISC	**CODE**	**QTY**	**BOTANICAL NAME / COMMON NAME**	**SPECIFICATIONS**	
	SOD	TBD	Cynodon dactylon/ Common Bermuda	Solid, rolled tight with sand filled joints, 100% weed/ disease/ pest free	
	MULCH	TBD	Shredded Hardwood Mulch	3" depth min, all trees in sod to receive 4' diameter mulch ring

GENERAL LANDSCAPE SPECIFICATIONS AND NOTES

A. SCOPE OF WORK

1. THE WORK CONSISTS OF FURNISHING ALL LABOR, MATERIALS, EQUIPMENT, TOOLS, TRANSPORTATION, AND ANY OTHER APPURTENANCES NECESSARY FOR THE COMPLETION OF THIS PROJECT AS SHOWN ON THE DRAWINGS, AS INCLUDED IN THE PLANT LIST, AND AS HEREIN SPECIFIED.

2. WORK SHALL INCLUDE MAINTENANCE AND WATERING OF ALL PLANTING AREAS OF THIS CONTRACT UNTIL CERTIFICATION OF ACCEPTABILITY BY THE OWNER.

B. PROTECTION OF EXISTING STRUCTURES

ALL EXISTING BUILDINGS, WALKS, WALLS, PAVING, PIPING, AND OTHER ITEMS OF CONSTRUCTION AND PLANTING ALREADY COMPLETED OR ESTABLISHED SHALL BE PROTECTED FROM DAMAGE BY THE CONTRACTOR UNLESS OTHERWISE SPECIFIED. ALL DAMAGE RESULTING FROM NEGLIGENCE SHALL BE REPAIRED OR REPLACED TO THE SATISFACTION OF THE OWNER.

C. PROTECTION OF EXISTING PLANT MATERIALS OUTSIDE LIMIT OF WORK

THE CONTRACTOR SHALL BE RESPONSIBLE FOR ALL UNAUTHORIZED CUTTING OR DAMAGE TO TREES AND SHRUBS EXISTING OR OTHERWISE, CAUSED BY CARELESS OPERATION OF EQUIPMENT, STOCKPILING OF MATERIALS, ETC. THIS SHALL INCLUDE COMPACTION BY DRIVING OR PARKING INSIDE THE DRIPLINE OR THE SPILLING OF OIL, GASOLINE, OR OTHER DELETERIOUS MATERIALS WITHIN THE DRIPLINE. NO MATERIALS SHALL BE BURIED SHALL THE HEAT WILL DAMAGE ANY PLANT, TREES KILLED OR DAMAGED SO THAT THEY ARE MISSHAPEN AND/ OR UNSIGHTLY SHALL BE REPLACED AT THE COST TO THE CONTRACTOR OF ONE HUNDRED DOLLARS ($100) PER CALIPER INCH ON AN ESCALATING SCALE WHICH ADDS AN ADDITIONAL TWENTY (20) PER CENT PER INCH OVER FOUR (4) INCHES CALIPER AS FIXED AND AGREED LIQUIDATED DAMAGES. CALIPER SHALL BE MEASURED SIX (6) INCHES ABOVE GROUND LEVEL FOR TREES UP TO AND INCLUDING FOUR (4) INCHES IN CALIPER AND TWELVE (12) INCHES ABOVE GROUND LEVEL FOR TREES OVER FOUR (4) INCHES IN CALIPER.

D. MATERIALS

1. GENERAL

SAMPLES OF MATERIALS AS LISTED BELOW SHALL BE SUBMITTED FOR APPROVAL, ON THE SITE OR AS OTHERWISE DETERMINED BY THE OWNER. UPON APPROVAL OF SAMPLES, DELIVERY OF MATERIALS MAY BEGIN.

MATERIALS	SAMPLES
MULCH	ONE (1) CUBIC FOOT
TOPSOIL	ONE (1) CUBIC YARD
PLANTS	ONE (1) OF EACH VARIETY

2. PLANT MATERIALS

A. PLANT SPECIES AND SIZE SHALL CONFORM TO THOSE INDICATED ON THE DRAWINGS. NOMENCLATURE SHALL CONFORM TO STANDARDIZED PLANT NAMES, 1942 EDITION. ALL NURSERY STOCK SHALL BE IN ACCORDANCE WITH GRADES AND STANDARDS AS STATED IN THE LATEST EDITION OF "AMERICAN STANDARD FOR NURSERY STOCK" BY THE AMERICAN ASSOCIATION OF NURSERYMEN. ALL PLANTS SHALL BE FRESHLY DUG, SOUND, HEALTHY, VIGOROUS, WELL-BRANCHED AND FREE OF DISEASE AND INSECTS, INSECT EGGS AND LARVAE AND SHALL HAVE ADEQUATE ROOT SYSTEMS. TREES FOR PLANTING IN ROWS SHALL BE UNIFORM IN SIZE AND SHAPE. ALL MATERIALS SHALL BE SUBJECT TO APPROVAL BY THE OWNER, WHERE ANY NOT SPECIFICALLY ARE OMITTED FROM THE PLANT LIST, THE PLANTS FURNISHED SHALL BE NORMAL FOR THE VARIETY. PLANTS SHALL BE PRUNED PRIOR TO DELIVERY ONLY UPON THE APPROVAL OF THE OWNER.

B. MEASUREMENTS: THE HEIGHT AND/OR WIDTH OF TREES SHALL BE MEASURED FROM THE GROUND OR ACROSS THE NORMAL SPREAD OF THE TOP OF THE PLANTS IN THEIR NORMAL POSITION. THIS MEASUREMENT SHALL NOT INCLUDE THE IMMEDIATE TERMINAL GROWTH. PLANTS LARGER IN SIZE THAN THOSE SPECIFIED IN THE PLANT LIST MAY BE USED IF APPROVED BY THE OWNER, IF THE USE OF LARGER PLANTS IS APPROVED, THE BALL OF EARTH OR SPREAD OF ROOTS SHALL BE INCREASED IN PROPORTION TO THE SIZE OF THE PLANT.

C. INSPECTION: PLANTS SHALL BE SUBJECT TO INSPECTION AND APPROVAL AT THE PLACE OF GROWTH, OR UPON DELIVERY TO THE SITE, AS DETERMINED BY THE OWNER, FOR QUALITY, SIZE, AND VARIETY. SUCH APPROVAL SHALL NOT IMPAIR THE RIGHT OF INSPECTION AND REJECTION AT THE SITE DURING THE PROGRESS OF THE WORK OR AFTER COMPLETION FOR SIZE AND CONDITION OF BALLS OR ROOTS, LATENT DEFECTS OR INJURIES. REJECTED PLANTS SHALL BE REMOVED IMMEDIATELY FROM THE SITE. NOTICE REQUESTING INSPECTION SHALL BE SUBMITTED IN WRITING BY THE CONTRACTOR AT LEAST ONE (1) WEEK PRIOR TO ANTICIPATED DATE.

E. TOPSOIL

1. ASTM D5268, NATURAL, FRIABLE, FERTILE, FINE LOAMY SOIL POSSESSING CHARACTERISTICS OF REPRESENTATIVE TOPSOIL IN THE VICINITY THAT PRODUCES HEAVY GROWTH. TOPSOIL SHALL HAVE A PH RANGE OF 6.0 TO 7.4 PERCENT, FREE FROM SUBSOIL, OBJECTIONABLE WEEDS, LITTER, SODS, STIFF CLAY, STONES LARGER THAN 1-INCH IN DIAMETER, STUMPS, ROOTS, TRASH, HERBICIDES, TOXIC SUBSTANCES, OR ANY OTHER MATERIAL WHICH WOULD BE DETRIMENTAL TO PLANT GROWTH OR HINDER PLANTING OPERATIONS. TOP SOIL SHALL CONTAIN A MINIMUM OF THREE PERCENT ORGANIC MATERIAL.

2. SALVAGED OR EXISTING TOPSOIL: REUSE SUITABLE TOPSOIL STOCKPILED ONSITE OR EXISTING TOPSOIL UNDISTURBED BY GRADING OR EXCAVATIONS. REMOVE TOPSOIL OF ROOTS, PLANTS, SODS, STONES, CLAY LUMPS, AND OTHER EXTRANEOUS MATERIALS HARMFUL TO PLANT GROWTH.

3. VERIFY AMOUNT OF SUITABLE TOPSOIL STOCKPILED BY ANY, AND SUPPLY ADDITIONAL IMPORTED TOPSOIL AS NEEDED. FOUR (4) INCHES OF TOPSOIL TO BE PROVIDED FOR ALL TURF AREAS. TWENTY FOUR (24) INCHES OF TOPSOIL TO BE PROVIDED FOR ALL PLANTING BEDS.

4. IMPORTED TOPSOIL: SUPPLEMENT SALVAGED TOPSOIL WITH IMPORTED TOPSOIL FROM OFF-SITE SOURCES WHEN EXISTING QUANTITIES ARE INSUFFICIENT.

1. OBTAIN TOPSOIL OBTAINED FROM NATURALLY WELL-DRAINED SITES WHERE TOPSOIL OCCURS AT LEAST 6 INCHES DEEP. DO NOT OBTAIN FROM AGRICULTURAL LAND, BOGS, OR MARSHES.

2. VERIFY BORROW AND DISPOSAL SITES ARE PERMITTED AS REQUIRED BY STATE AND LOCAL REGULATIONS. OBTAIN WRITTEN CONFIRMATION FROM PROPERLY MAINTAINED AND ACTIVE.

3. OBTAIN PERMITS REQUIRED BY STATE AND LOCAL REGULATIONS FOR TRANSPORTING TOPSOIL. PERMITS SHALL BE CURRENT AND ACTIVE.

5. AMEND EXISTING AND IMPORTED TOPSOIL AS INDICATED BELOW.

F. ORGANIC SOIL AMENDMENTS

1. MANURE: WELL-ROTTED, UNLEACHED, STABLE OR CATTLE MANURE CONTAINING NOT MORE THAN 25 PERCENT BY VOLUME OF STRAW, SAWDUST, OR OTHER BEDDING MATERIALS; FREE OF TOXIC SUBSTANCES, STONES, STICKS, SOD, WEED SEED, AND MATERIAL HARMFUL TO PLANT GROWTH.

3. BACK TO NATURE COTTON BURR COMPOST OR APPROVED EQUIVALENT.

3. COMPOST: DECOMPOSED ORGANIC MATERIAL, INCLUDING LEAF LITTER, MANURE, SAWDUST, PLANT TRIMMINGS AND/OR HAY, MIXED WITH SOIL.

4. PECAN HULLS: COMPOSTED PECAN HULLS FOR LOCAL SOURCE.

5. BIOSOLIDS: USE GRADE 1 CONTAINING LOWER PATHOGEN LEVELS.

6. WORM CASTINGS: EARTHWORMS.

G. INORGANIC SOIL AMENDMENTS

1. LIME: ASTM C602, CLASS O AGRICULTURAL LIMESTONE CONTAINING A MINIMUM OF 80 PERCENT CALCIUM CARBONATE EQUIVALENT WITH A MINIMUM OF 95 PERCENT PASSING NO. 8 SIEVE AND MINIMUM OF 55 PERCENT PASSING NO. 60 SIEVE.

2. SULFUR: GRANULAR, BIODEGRADABLE, CONTAINING A MINIMUM OF 90 PERCENT SULFUR, WITH A MINIMUM OF 99 PERCENT PASSING NO. 6 SIEVE AND A MAXIMUM OF 10 PERCENT PASSING NO. 40 SIEVE.

3. IRON SULFATE: GRANULATED FERROUS SULFATE CONTAINING A MINIMUM OF 20 PERCENT IRON AND 10 PERCENT SULFUR.

4. AGRICULTURAL GYPSUM: FINELY GROUND, CONTAINING A MINIMUM OF 90 PERCENT CALCIUM SULFATE.

5. SAND: CLEAN, WASHED, NATURAL OR MANUFACTURED, FREE OF TOXIC MATERIALS.

H. PLANTING SOIL MIX

1. PLANTING MEDIUM CONTAINING 75 PERCENT SPECIFIED TOPSOIL, MIXED WITH 15 PERCENT ORGANIC SOIL AMENDMENTS AND 10 PERCENT SHARP WASHED SAND. INSTALL TO DEPTHS PER PLANTING DETAILS (12" MIN.) FINISHED GRADES OF PLANTING BEDS TO BE 2" BELOW FINISHED GRADE OF ADJACENT PAVING OR AS SHOWN ON GRADING PLAN.

2. SOD/SEED AREA TOPSOIL

ALL SOD AREAS TO RECEIVE 4" DEPTH (MIN) TOPSOIL. PRIOR TO INSTALLATION, TOPSOIL SHALL BE NATURAL, FRIABLE, FERTILE, PH RANGE OF 6.0-6.5 WITH 25% (MIN) ORGANIC MATERIAL AND FREE OF TRASH, DEBRIS, STONES, WEEDS, AND TWIGS/BRANCHES. THE PARTICLE SIZES SHALL BE SUCH THAT 95.5% OF THE TOPSOIL WILL PASS THROUGH A 1/2 INCH SCREEN, AND 99% MORE SHALL PASS THROUGH A 3/4 INCH SCREEN. TOPSOIL SHALL BE RE-DISTRIBUTED BY OWNER/LANDSCAPE ARCHITECT PRIOR TO INSTALLATION, CONTRACTOR TO SUBMIT SAMPLES IN 1 GAL (MIN.) CONTAINER.

I. WATER

WATER NECESSARY FOR PLANTING AND MAINTENANCE SHALL BE OF SATISFACTORY QUALITY TO SUSTAIN AN ADEQUATE GROWTH OF PLANTS AND SHALL NOT CONTAIN HARMFUL, NATURAL OR MAN-MADE ELEMENTS DETRIMENTAL TO PLANTS. WATER MEETING THE ABOVE STANDARD SHALL BE OBTAINED ON THE SITE FROM THE OWNER. IF AVAILABLE, AND THE CONTRACTOR SHALL BE RESPONSIBLE TO MAKE ARRANGEMENTS FOR ITS USE BY HIS TANKS, HOSES, SPRINKLERS, ETC., IF SUCH WATER IS NOT AVAILABLE AT THE SITE, THE CONTRACTOR SHALL PROVIDE SUCH SATISFACTORY WATER FROM SOURCES OFF THE SITE AT NO ADDITIONAL COST TO THE OWNER.

J. COMMERCIAL FERTILIZER

COMMERCIAL FERTILIZER SHALL BE A COMPLETE FORMULA IT SHALL BE UNIFORM IN COMPOSITION, DRY AND FREE FLOWING. THIS FERTILIZER SHALL BE DELIVERED TO THE SITE IN THE ORIGINAL UNOPENED CONTAINERS, EACH BEARING THE MANUFACTURER'S GUARANTEED STATEMENT OF ANALYSIS.

FIFTY PERCENT (50%) OF THE NITROGEN SHALL BE DERIVED FROM NATURAL ORGANIC SOURCES. THE FOLLOWING FERTILIZERS SHALL BE USED AND APPLIED AT RATES AS SUGGESTED BY MANUFACTURER'S SPECIFICATIONS:

1. SHRUBS AND TREES - MILORGANITE, OR APPROVED EQUAL
2. ANNUALS AND GROUNDCOVERS - OSMOCOTE/SIERRA BLEND 14-14-14
3. SOD - 5-5-5 FERTILIZER

IN ADDITION TO SURFACE APPLIED FERTILIZERS, ALL CONTAINER GROWN AND FIELD GROWN PLANT MATERIAL SHALL RECEIVE WATERFORM PLANTING TABLETS (21 GRAM OR EQUAL). THESE TABLETS SHALL BE PLACED AT A DEPTH OF ROOT BALL AT THE RATE AS SPECIFIED BY MANUFACTURERS.

K. MULCH

MULCH MATERIAL SHALL BE MOISTENED AT THE TIME OF APPLICATION TO PREVENT WIND DISPLACEMENT, AND APPLIED AT A DEPTH OF 3 INCHES. SEE PLANT LIST FOR TYPE OF MATERIAL AND GRADE.

L. DIGGING AND HANDLING

1. PROTECT ROOTS OR BALLS OF PLANTS AT ALL TIMES FROM SUN AND DRYING WINDS. WATER AND SPRAYING, AS NECESSARY UNTIL PLANTING. PLANT MATERIALS SHALL BE ADEQUATELY PACKED TO PREVENT BREAKAGE AND DRYING DUT DURING TRANSIT. TREES TRANSPORTED MORE THAN TEN (10) MILES OR WHICH ARE NOT PLANTED WITHIN THREE (3) DAYS OF DELIVERY TO SITE SHALL BE SPRAYED WITH AN ANTITRANSPIRANT PRODUCT (WILTPRUF OR EQUAL) TO MINIMIZE TRANSPIRATIONAL WATER LOSS.

2. BALLED AND BURLAPPED PLANTS (B&B) SHALL BE DUG WITH FIRM, NATURAL BALLS OF SOIL OF SUFFICIENT SIZE TO ENCOMPASS THE FIBROUS AND FEEDING ROOTS OF THE PLANTS. NO PLANTS MOVED WITH A BALL SHALL BE PLANTED IF THE BALL IS CRACKED OR BROKEN, PLANTS BALLED AND BURLAPPED OR CONTAINER GROWN SHALL NOT BE HANDLED BY STEMS.

3. PLANTS MARKED "BR" IN THE PLANT LIST SHALL BE DUG WITH BARE ROOTS. THE ROOTS SHALL NOT BE CUT WITHIN THE MINIMUM SPREAD SPECIFIED IN THE PLANT LIST. CARE SHALL BE EXERCISED THAT THE ROOTS DO NOT DRY OUT IN MOVING AND PRIOR TO PLANTING.

4. PROTECTION OF PALMS (IF APPLICABLE): ONLY A MINIMUM OF FRONDS SHALL BE REMOVED FROM THE CROWN OF THE PALM TREES TO FACILITATE MOVING AND HANDLING. CLEAR TRUNK (CT) SHALL BE AS SPECIFIED AFTER THE MINIMUM OF FRONDS HAVE BEEN REMOVED. ALL PALMS SHALL BE BRACED PER DETAIL.

5. EXCAVATION OF TREE PITS SHALL BE DONE USING EXTREME CARE TO AVOID DAMAGE TO SURFACE AND SUBSURFACE ELEMENTS SUCH AS UTILITIES OR HARDSCAPE ELEMENTS, FOOTERS AND PREPARED SUB-BASES.

M. CONTAINER GROWN STOCK

1. ALL CONTAINER GROWN MATERIAL SHALL BE HEALTHY, VIGOROUS, WELL-ROOTED PLANTS AND ESTABLISHED IN THE CONTAINER IN WHICH THEY ARE SOLD. THE PLANTS SHALL HAVE TOPS WHICH ARE OF GOOD QUALITY AND ARE IN A HEALTHY GROWING CONDITION.

2. AN ESTABLISHED CONTAINER GROWN PLANT SHALL BE TRANSPLANTED INTO A CONTAINER AND GROWN IN THAT CONTAINER SUFFICIENTLY LONG FOR THE NEW FIBROUS ROOTS TO HAVE DEVELOPED SO THAT THE ROOT MASS WILL RETAIN ITS SHAPE AND HOLD TOGETHER WHEN REMOVED FROM THE CONTAINER. CONTAINER GROWN STOCK SHALL NOT BE HANDLED BY THEIR STEMS.

3. PLANT ROOTS BOUND IN CONTAINERS SHALL NOT BE ACCEPTABLE.

4. SUBSTITUTION OF NON-CONTAINER GROWN MATERIAL FOR MATERIAL EXPLICITLY SPECIFIED TO BE CONTAINER GROWN WILL NOT BE PERMITTED UNLESS WRITTEN APPROVAL IS OBTAINED FROM THE OWNER AND LANDSCAPE ARCHITECT.

N. COLLECTED STOCK

WHEN THE USE OF COLLECTED STOCK IS PERMITTED AS INDICATED ON THE PLANT LIST SCHEDULE, THE MINIMUM SIZES OF ROOTBALLS SHALL BE EQUAL TO THAT SPECIFIED FOR THE NEXT LARGER SIZE OF NURSERY GROWN STOCK OF THE SAME VARIETY.

O. NATIVE STOCK

PLANTS COLLECTED FROM WILD OR NATIVE STANDS SHALL BE CONSIDERED NURSERY GROWN WHEN THEY HAVE BEEN SUCCESSFULLY REESTABLISHED IN A NURSERY ROW AND GROWN UNDER REGULAR NURSERY CULTURAL PRACTICES FOR A MINIMUM OF TWO (2) GROWING SEASONS AND HAVE ATTAINED ADEQUATE ROOT AND TOP GROWTH TO INDICATE FULL RECOVERY FROM TRANSPLANTING INTO THE NURSERY ROW.

P. MATERIALS LIST

QUANTITIES NECESSARY TO COMPLETE THE WORK ON THE DRAWINGS SHALL BE FURNISHED BY THE CONTRACTOR; QUANTITY ESTIMATES HAVE BEEN MADE CAREFULLY, BUT THE LANDSCAPE ARCHITECT OR OWNER ASSUMES NO LIABILITY FOR OMISSIONS OR ERRORS. SHOULD A DISCREPANCY OCCUR BETWEEN THE BIDDERS TAKE OFF AND THE PLANT LIST QUANTITY, THE LANDSCAPE ARCHITECT SHALL BE NOTIFIED FOR CLARIFICATION PRIOR TO THE SUBMISSIONS OF BIDS. ALL DIMENSIONS AND/OR SIZES SPECIFIED SHALL BE THE MINIMUM ACCEPTABLE SIZE

Q. FINE GRADING

1. FINE GRADING UNDER THIS CONTRACT SHALL CONSIST OF FINAL FINISHED GRADING OF LAWN AND PLANTING AREAS THAT HAVE BEEN ROUGH GRADED BY OTHERS. BERMING AS SHOWN ON THE DRAWINGS SHALL BE THE RESPONSIBILITY OF THE LANDSCAPE CONTRACTOR, UNLESS OTHERWISE NOTED.

2. THE LANDSCAPE CONTRACTOR SHALL FINE GRADE THE LAWN AND PLANTING AREAS TO BRING THE ROUGH GRADE UP TO FINAL FINISHED GRADE ALLOWING FOR THICKNESS OF SOD AND/OR MULCH DEPTH. THIS CONTRACTOR SHALL FINE GRADE BY HAND AND/OR WITH ALL EQUIPMENT NECESSARY INCLUDING A GRADING TRACTOR WITH STRAIGHT-END LOADER FOR TRANSPORTING SOIL WITHIN THE SITE.

3. ALL PLANTING AREAS SHALL BE GRADED AND MAINTAINED TO ALLOW FREE FLOW OF SURFACE WATER. AREAS ADJACENT TO BUILDINGS SHALL SLOPE AWAY FROM THE BUILDINGS.

R. PLANTING PROCEDURES

1. CLEANING UP BEFORE COMMENCING WORK: THE CONTRACTOR SHALL CLEAN UP WORK AND SURROUNDING AREAS OF ALL RUBBISH OR CONSTRUCTION MATERIALS, BALL WRAPPING, CEMENT, AND TOXIC MATERIAL SHALL BE REMOVED FROM THE SURFACE OF ALL PLANT BEDS. THESE MATERIALS SHALL NOT BE MIXED WITH THE SOIL. SHOULD THE CONTRACTOR FIND SUCH SOIL CONDITIONS BENEATH THE SOIL WHICH WILL IN ANY WAY ADVERSELY AFFECT THE PLANT GROWTH, HE SHALL IMMEDIATELY CALL IT TO THE ATTENTION OF THE LANDSCAPE ARCHITECT OR OWNER AND SHALL FAILURE TO DO SO BEFORE PLANTING SHALL MAKE THE CORRECTIVE MEASURES THE RESPONSIBILITY OF THE CONTRACTOR.

2. VERIFY LOCATIONS OF ALL UTILITIES, CONDUITS, SUPPLY LINES AND CABLES, INCLUDING BUT NOT LIMITED TO: ELECTRIC, GAS, TELEPHONE, CABLE TV, WATER, SANITARY SEWER, STORMWATER LINES, CABLE AND TELEPHONE. PROPERLY MAINTAIN AND PROTECT EXISTING UTILITIES.

3. SUBGRADE EXCAVATION: SITE CONTRACTOR IS RESPONSIBLE TO REMOVE ALL EXISTING AND IMPORTED LIVEROCK AND LIVEROCK SUB-BASE FROM ALL LANDSCAPE PLANTING AREAS TO A MINIMUM DEPTH OF 36". SITE CONTRACTOR IS RESPONSIBLE TO BACKFILL THESE PLANTING AREAS TO ROUGH FINISHED GRADE WITH CLEAN SOIL FROM ONSITE EXCAVATION, TOPSOIL OF ROOTS, PLANTS, SODS, STONES, CLAY LUMPS, AND OTHER EXTRANEOUS MATERIALS HARMFUL TO PLANT GROWTH. LIVEROCK OR OTHER ADVERSE CONDITIONS OCCUR IN PLANTED AREAS AFTER 36" DEEP EXCAVATION BY SITE CONTRACTOR, AND POSTING DRAINAGE CAN NOT BE ACHIEVED, LANDSCAPE CONTRACTOR SHALL UTILIZE PLANTING DETAIL THAT ADDRESSES POOR DRAINAGE.

4. FURNISH NURSERY'S CERTIFICATE OF COMPLIANCE WITH ALL REQUIREMENTS AS HEREIN SPECIFIED AND REQUIRED. INSPECT AND SELECT PLANT MATERIALS BEFORE PLANTS ARE DUG AT NURSERY OR GROWING SITE.

5. GENERAL COMPLY WITH APPLICABLE FEDERAL, STATE, COUNTY, AND LOCAL REGULATIONS GOVERNING LANDSCAPE MATERIALS AND WORK. CONFORM TO ACCEPTED HORTICULTURAL PRACTICES AS USED IN THE TRADE. PLANTS SHALL BE PROTECTED UPON ARRIVAL AT THE SITE BY BEING THOROUGHLY WATERED AND PROPERLY MAINTAINED UNTIL PLANTED. PLANTS SHALL NOT REMAIN UNPROTECTED FOR A PERIOD EXCEEDING TWENTY-FOUR (24) HOURS. AT ALL TIMES WORKMANLIKE METHODS SUSTAINED IN GOOD HORTICULTURAL PRACTICE SHALL BE EXERCISED.

6. THE WORK SHALL BE COORDINATED WITH OTHER TRADES TO PREVENT CONFLICTS. COORDINATE THE PLANTING WITH THE IRRIGATION WORK TO ASSURE AVAILABILITY OF WATER AND PROPER LOCATION OF IRRIGATION ITEMS AND PLANTS.

7. ALL PLANTING PITS SHALL BE EXCAVATED TO SIZE AND DEPTH IN ACCORDANCE WITH THE USA STANDARD FOR NURSERY STOCK 260.1, UNLESS SHOWN OTHERWISE ON THE DRAWINGS, AND BACKFILLED WITH THE PREPARED PLANTING SOIL AS SPECIFIED HEREIN BEFORE (SECTION E). TEST ALL TREE PITS WITH WATER BEFORE PLANTING TO ASSURE PROPER DRAINAGE PERCOLATION IS AVAILABLE. NO ALLOWANCE WILL BE MADE FOR LOST PLANTS DUE TO IMPROPER DRAINAGE. IF POOR DRAINAGE EXISTS UTILIZE PLANTING DETAIL THAT ADDRESSES THIS CONDITION, TREES SHALL BE SET PLUMB AND HELD IN POSITION UNTIL THE PLANTING MIXTURE HAS BEEN FLUSHED INTO PLACE WITH A SLOW, FULL HOSE STREAM. ALL PLANTING SHALL BE PERFORMED BY PERSONNEL FAMILIAR WITH PLANTING PROCEDURE AND UNDER THE SUPERVISION OF A QUALIFIED PLANTING FOREMAN. PROPER "LETTING IN" SHALL BE ASSURED TO ELIMINATE AIR POCKETS AROUND THE ROOTS, "JET STICK" OR EQUAL IS RECOMMENDED.

8. TAKE ALL NECESSARY PRECAUTIONS TO AVOID DAMAGE TO BUILDINGS AND BUILDING STRUCTURES WHILE INSTALLING TREES.

9. SOIL MIXTURE SHALL BE AS SPECIFIED IN SECTION E OF THESE SPECIFICATIONS. IN ADDITION EACH PLANTING PIT SHALL RECEIVE 21-GRAM "AGRIFORM" PLANTING TABLETS PER MANUFACTURER'S SPECIFICATIONS OR AS FOLLOWS:

- TWO (2) TABLETS PER 1 GAL PLANT
- THREE (3) TABLETS PER 3 GAL PLANT
- FOUR (4) TABLETS PER 15 GAL PLANT
- LARGER MATERIAL - TWO (2) TABLETS PER 1/2" OF TRUNK CALIPER

10. TREES AND SHRUBS SHALL BE SET STRAIGHT AND AT SUCH A LEVEL THAT AFTER SETTLEMENT, THE PLANT CROWN WILL STAND ONE (1) TO TWO (2) INCHES ABOVE GRADE. EACH PLANT SHALL BE SET IN THE CENTER OF THE PIT. PLANTING SOIL MIXTURE SHALL BE BACKFILLED AND THOROUGHLY TAMPED AROUND THE BALL AND SHALL BE SETTLED BY WATER AFTER TAMPING.

11. FILL HOLE WITH SOIL MIXTURE, MAKING CERTAIN ALL SOIL IS SATURATED, TO DO THIS, FILL HOLE WITH WATER AND ALLOW TO SOAK MINIMUM TWENTY (20) MINUTES. STIRRING IF NECESSARY TO GET SOIL THOROUGHLY WET, PACK LIGHTLY WITH FEET, ADD MORE WET SOIL MIXTURE, DO NOT COVER TOP OF BALL WITH SOIL MIXTURE. ONLY WITH MULCH. ALL BURLAP, ROPE, WIRES, ETC., SHALL BE REMOVED FROM THE SIDES AND TOPS OF BALLS, BUT NO BURLAP SHALL BE PULLED FROM UNDERNEATH.

12. PRUNING: EACH TREE SHALL BE PRUNED TO PRESERVE THE NATURAL CHARACTER OF THE PLANT AS SHOWN ON THE DRAWINGS. ALL SOFT WOOD OR SUCKER GROWTH AND ALL BROKEN OR BADLY DAMAGED BRANCHES SHALL BE REMOVED WITH A CLEAN CUT.

13. SHRUBS AND GROUND COVER PLANTS SHALL BE EVENLY SPACED IN ACCORDANCE WITH THE DRAWINGS AND AS INDICATED ON THE PLANT LIST. CULTIVATE ALL PLANTING AREAS TO A MINIMUM DEPTH OF 6", REMOVE AND DISPOSE ALL DEBRIS. "TILL INTO TOP 4" OF THE PLANTING SOIL MIX AS SPECIFIED IN SECTION E. THOROUGHLY WATER ALL PLANTS AFTER INSTALLATION.

14. TREE GUYING AND BRACING SHALL BE INSTALLED BY THE LANDSCAPE CONTRACTOR IN ACCORDANCE WITH THE PLANS TO ENSURE STABILITY AND MAINTAIN TREES IN AN UPRIGHT POSITION. IF THE LANDSCAPE CONTRACTOR AND OWNER DECIDE TO WAIVE THE TREE GUYING AND BRACING, THE OWNER SHALL NOTIFY THE LANDSCAPE ARCHITECT IN WRITING OF THEIR INTENTIONS AND AGREE TO HOLD HARMLESS THE LANDSCAPE ARCHITECT IN THE EVENT ANY TREES FALL DOWN AND DAMAGE PERSON OR PROPERTY.

15. MULCHING: PROVIDE A THREE (3) INCH MINIMUM LAYER OF SPECIFIED MULCH OVER THE ENTIRE AREA OF EACH SHRUB BED, GROUND COVER AND VINE BED AND TREE PIT.

16. HERBICIDE WEED CONTROL: ALL PLANT BEDS SHALL BE KEPT FREE OF NOXIOUS WEEDS UNTIL FINAL ACCEPTANCE OF WORK. IF SPECIFIED BY THE OWNER, "ROUND-UP" SHALL BE APPLIED FOR WEED CONTROL BY QUALIFIED PERSONNEL TO ALL PLANTING AREAS IN SPOT APPLICATIONS PER MANUFACTURER'S PRECAUTIONS AND SPECIFICATIONS, PRIOR TO FINAL INSPECTION. TREAT ALL PLANTING BEDS WITH AN APPROVED PRE-EMERGENT HERBICIDE AT AN APPLICATION RATE RECOMMENDED BY THE MANUFACTURER.

S. LAWN SODDING

1. THE WORK CONSISTS OF LAWN BED PREPARATION, SOIL PREPARATION, AND SODDING COMPLETE. IN STRICT ACCORDANCE WITH THE SPECIFICATIONS AND THE AFFILIATED DRAWINGS TO PRODUCE A GRASS LAWN ACCEPTABLE TO THE OWNER.

2. LAWN BED PREPARATION: ALL AREAS THAT ARE TO BE SODDED SHALL BE CLEARED OF ANY ROUGH GRASS, WEEDS, AND DEBRIS, AND THE GROUND BROUGHT TO AN EVEN GRADE. THE WHOLE SURFACE SHALL BE ROLLED WITH A ROLLER WEIGHING NOT MORE THAN ONE-HUNDRED (100) POUNDS PER FOOT OF WIDTH, DURING THE ROLLING, ALL DEPRESSIONS CAUSED BY SETTLEMENT OF ROLLING SHALL BE FILLED WITH ADDITIONAL SOIL, AND THE SURFACE SHALL BE REPAIRED AND ROLLED UNTIL PRESENTING A SMOOTH AND EVEN FINISH THAT IS UP TO THE REQUIRED GRADE.

3. SOIL PREPARATION: PREPARE LOOSE BED FOUR (4) INCHES DEEP. APPLY FERTILIZER AT RATE OF TWENTY (20) POUNDS PER ONE THOUSAND (1000) SQUARE FEET. APPLICATION SHALL BE UNIFORM UTILIZING APPROVED MECHANICAL SPREADERS. MIX FERTILIZER THOROUGHLY WITH THE SOIL TO A DEPTH OF THREE (3) INCHES, HAND RAKE UNTIL ALL BUMPS AND DEPRESSIONS ARE REMOVED. WET PREPARED AREA THOROUGHLY.

4. SODDING

A. THE CONTRACTOR SHALL SOD ALL AREAS THAT ARE NOT PAVED OR PLANTED AS DESIGNATED ON THE DRAWINGS WITHIN THE CONTRACT LIMITS, UNLESS SPECIFICALLY NOTED OTHERWISE.

B. THE SOD SHALL BE CERTIFIED TO MEET THE STATE PLANT BOARD SPECIFICATIONS, ABSOLUTELY TRUE TO VARIETAL TYPE, AND FREE FROM WEEDS, FUNGUS, INSECTS AND DISEASE OF ANY KIND.

C. SOD PANELS SHALL BE LAID TIGHTLY TOGETHER SO AS TO MAKE A SOLID SODDED LAWN AREA. SOD SHALL BE LAID UNIFORMLY AGAINST THE EDGES OF ALL CURBS AND OTHER HARDSCAPE ELEMENTS, PAVED AND PLANTED AREAS, ADJACENT TO BUILDINGS. A FOUR INCH MULCH STRIP SHALL BE PROVIDED, IMMEDIATELY FOLLOWING SOD LAYING. THE LAWN AREAS SHALL BE ROLLED WITH A LAWN ROLLER CUSTOMARILY USED FOR SUCH PURPOSES, AND THEN THOROUGHLY IRRIGATED. IF, IN THE OPINION OF THE OWNER, TOP-DRESSING IS NECESS

Notes:

Philips Gardco LED wall sconce 121 offers distinction through its styling, powerful optical design, array of distributions, and impressive selection of control possiblilities. Designed to add an element of style to your application by pairing straight lines with rounded edges, the form of the 121 is timeless, yet contemporary, and will complement a wide assortment of architectural styles and designs, while delivering high light levels and functional distributions. 121 sconces are available in Type 2, 3, and 4 distributions, and provide output of up to 10,103 lumens. Energy saving control options help to increase energy savings and offer California Title 24 compliance. Emergency Battery Backup option available for path-of-egress and is integral to the luminaire.

Wireless controls remote mount module	
LLCR2-(F)	#2 lens - specify finish in place of (F)
LLCR3-(F)	#3 lens - specify finish in place of (F)

Wireless controls remote controller accessory

Wireless controls system offers a remote radio/sensor module that allows connectivity to Wireless system gateway. Remote module can be mounted to wall or pole with j-box supplied. May be specified by choosing one of two different lenses to accommodate a variety of mounting heights/sensor detection ranges. Must specify option DD on luminaires that are planned to be used with remote mount controllers. See page 4 for Wireless Controls details.

1. Contact outdoorlighting.applications@philips.com for details on cool or warm white color temperatures.
2. Wattage and lumen output may vary by +/- 8% due to LED manufacturer forward volt specification and ambient temperature. Wattage shown is average for 120V through 277V input. Actual wattage may vary by an additional +/- 10% due to actual input voltage.
3. Lumen values based on photometric tests performed in compliance with IESNA LM-79.
4. For emergency EBPC option, publish values are based on initial lumens.

Luminaire options

DD: 0-10V dimming driver with leads supplied through back of luminaire (for secondary dimming controls by others).

Dynadimmer Automatic Profile Dimming: Automatic dimming profiles (CS50/CM50/CE50) offer safety, median, or economy settings, for shorter or longer duration. Dimming profiles provide flexibility towards energy savings goals while optimizing light levels during specific dark hours. 50% dimming is standard. DA50 offers 50% instantaneous dimming all night (during all dark hours). 75% and 25% dimming is also available if different light levels are required (contact Technical Support for details).

Profile	Dimming		
	Schedule	Duration	Level
Economy	9 PM - 6 AM	9 hours	50%
Median	10 PM - 6 AM	8 hours	50%
Safety	11 PM - 6 AM	7 hours	50%
Reactive 50	all night	dynamic	

IMRI2, IMRI3: Infrared Motion Response Integral (IMRI). IMRI module is mounted integral to the luminaire door and is available with two different sensor lens types to accommodate various mounting heights and occupancy detection ranges (see charts for approximate detection patterns). Motion response for option IMRI is set/operates in the following fashion: The motion sensor is set to a constant 25%. When motion is detected by the PIR sensor, the luminaire returns to 100% light output. Dimming on low is factory set to 25% with 5 minute default in "full power" prior to dimming back to low. When no motion is detected for 5 minutes, the motion response system reduces the wattage by 75%, to 25% of the normal constant wattage reducing the light level. IMRI can also be specified with automatic profile dimming for the added benefit of a combined dimming profile with sensor detection, where the PIR sensor will override the dimming profile when occupancy is detected. Passive infrared (PIR) motion sensor, WattStopper FSP-211, equipped with lens choice specified. Available in 120V or 277V input only. Motion sensor off state power is 0.0 watts. The FSP-211 can also be reprogrammed with WattStopper's FS1R-100 remote programming tool accessory.

DCC: Dual Circuit Control permits separate switching of 32L models only, where a quantity of (2) 16 LED modules are controlled independently by use of two sets of leads, one for each module.

Wireless Controls: Controller radio/sensor module attached to luminaire (included with LLC2 and LLC3 option) and includes radio, photocell and motion sensor. Also available with remote pod accessory where pod is mounted separate from luminaire to pole or wall (see accessories and Wireless Controls information page 4).

F1: Fusing Single (for 120, 277 or 347VAC)

F2: Fusing Double (for 208, 240 or 480VAC)

F3: Fusing Canadian Double Pull (for 208, 240 or 480VAC)

EBPC: Emergency battery pack is cold weather rated down to -20C (-4F) and integral to the luminaire , allowing for a consistent look between emergency and non-emergency sconces. A separate surface mount accessory box is not required. Dual light engines (32L) are wired in parallel, both operating in emergency mode to meet various redundancy lamp requirements. Also available with single light engine (16L). Secondary driver with relay immediately detects AC power loss and powers luminaire for a minimum of 90 minutes from the time power is lost.

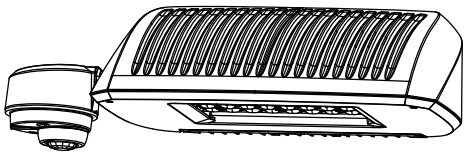
121 LED wall sconce

Wall mount

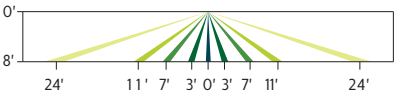
Infrared Motion Response and Wireless Controls Sensor Coverage Patterns

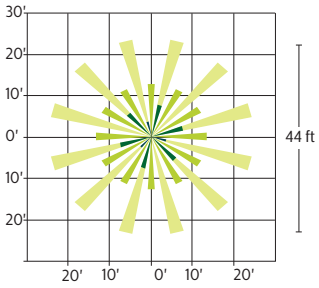
LLC2/3 Luminaire Mounted Controller

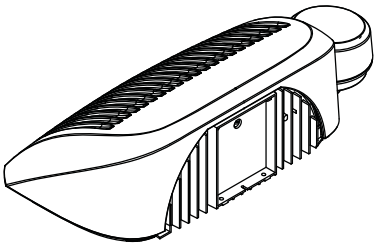
Controller attached to luminaire and Includes radio, photocell and motion sensor with #2 or #3 lens for 8-20' mounting heights.



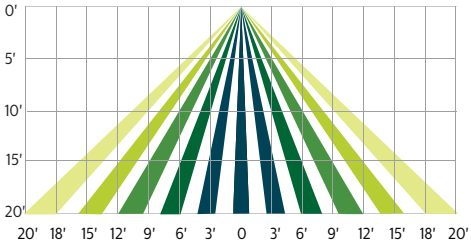
IMRI2/LLC2/LLCR2

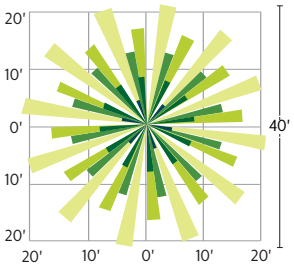






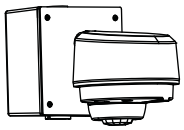
IMRI3/LLC3/LLCR3



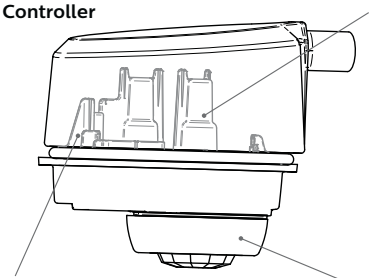


Remote Mount Wireless Controller

Used to extend the communication on site, to extend motion response and add other luminaires that are not pole mounted. Consult factory for more information.



Controller



Wireless Radio

- 1.8 Watts max (no load draw)
- Operating voltage 120-277 VAC RMS
- Communicates using the ZigBee protocol
- Carries out dimming commands from Gateway
- Reports ambient light readings to 1500 Ft-Cd
- Transmission Systems Operating within the band 2400-2483.5Mhz
- ROHS Compliant

Photocell

- Ambient light photocell on every wireless radio that averages the light levels of up to 5 controllers for an accurate reading and optimal light harvesting activity.
- Reports ambient light readings to 1500 Fc.

Motion Response

- Detects motion through passive infrared sensing technology with three different lens configurations
- Motion sensor coverage can be adjusted from a narrow to a wide detection range, which helps reduce false triggers to further increase energy savings.
- Sensing profiles can be updated to adapt to activity levels in the environment, such as occupancy level, wind, and mounting height

Luminaire Configuration Information – Sconce with wireless controls

Gateway

Overview: The gateway opens up communication with the wireless radios installed on equipped luminaires (or pole), allowing you to control your fixtures straight from the web. One gateway can communicate with up to 800 fixtures. Typically one unit is required per parking lot.

Installation: Gateway has 4 blind threaded holes on the back side that accept 10-32 screws. Mount spacing is 10.41" across and 14.19" vertical.

Requirements: The gateway must be mounted in a secure on-site location. The gateway requires 120V. Distance of gateway to the first radio varies upon application; contact factory. Strong internet connection required.

Specifications:

- High density RF Mesh coordinator
- Ethernet or wireless internet connection to server
- Proprietor of software "rules of operation"
- Watertight Ethernet connections
- Highly protected, long life ac/dc power supply
- Single board, ARM compliant 520Mhz Intel computer.
- Operating Temperature -20°C to 55°C
- Tamper proof housing

Wall mount

Specifications

Housing

Main body cast housing and back plate made of a low copper die cast Aluminum alloy for a high resistance to corrosion, 0.100" (2.5mm) minimum thickness. Hinged door allows access to driver and LED compartment.

Mounting

Mounting is completed through integral back plate that features a separate recessed feature for hook and lock quick mount plate that secures with two set screws from bottom of luminaire. Mounting plate is located in the center of the luminaire width and 3.5" above the luminaire bottom (lens down position). Luminaire ships fully assembled, ready to install.

Light Engine

Composed of 4 main components: Heat Sink / LED Module / Optical System / Driver. Electrical components are RoHS compliant. IP66 sealed light engines. LEDs tested by ISO 17025-2005 accredited lab in accordance with IESNA LM-80 guidelines extrapolations in accordance with IESNA TM-21. Metal core board ensures greater heat transfer and longer lifespan.

Heat Sink

Integral door/heat sink design made of low copper die cast Aluminum alloy for a high resistance to corrosion.

LED Module

Composed of high performance white LEDs. Color temperature as per ANSI/NEMA bin Neutral White, 4000K nominal (+/- 275K), CRI 70 Min. Available in other color temperatures including Cool White, 5700K and Warm White, 3000K.

Hardware

All exposed screws are stainless and/or corrosion resistant and captive.

Optical System

The advanced LED optical systems provide IES Types 2, 3, 4. Composed of high performance UV stabilized optical grade polymer refractor lenses to achieve desired distribution optimized to get maximum spacing, target lumens and a superior lighting uniformity. System is rated IP66. Performance shall be tested per LM-63, LM-79 and TM-15 (IESNA) certifying its photometric performance. Dark sky compliant with 0% uplight and U0 per IESNA TM-15.

Driver

High power factor of 90% min. Electronic driver, operating range 50/60 Hz. Auto adjusting universal voltage input from 120 to 277 VAC or 347 to 480 VAC rated for both application line to line or line to neutral, Class I, THD of 20% max. The current supplying the LEDs will be reduced by the driver if the driver experiences internal overheating as a protection to the LEDs and the electrical components. Output is protected from short circuits, voltage overload and current overload. Automatic recovery after correction. Standard built in driver surge protection of 2.5kV (min).

Surge Protection

Each luminaire is provided as standard with surge protector (Philips designed SP1) tested in accordance with ANSI/IEEE C62.45 per ANSI/IEEE C62.41.2 Scenario I Category C High Exposure 10kV/5kA waveforms for Line Ground, Line Neutral and Neutral Ground, and in accordance with U.S. DOE (Department of Energy) MSSLC (Municipal Solid State Street Lighting Consortium) Model Specification for LED Roadway Luminaires Appendix D Electrical Immunity High Test Level 10kV / 5kA.

LED Performance

Predicted lumen depreciation data[1]				
Ambient Temperature (°C)	Driver mA	Calculated L_{70} hours[1,2]	L_{70} per TM-21[2,3]	Lumen Maintenance % @ 60,000 hours
25°C	up to 1200 mA	>100,000	>42,000	88%

1. Predicted performance derived from LED manufacturer's data and engineering design estimates, based on IESNA LM-80 methodology. Actual experience may vary due to field application conditions.
2. L_{70} is the predicted time when LED performance depreciates to 70% of initial lumen output.
3. Calculated per IESNA TM21-11. Published L_{70} hours limited to 6 times actual LED test hours.
4. 32L rated for 30°C at 1000mA.

Wiring (supplied by others)

Splices must be made in the junction box.

Finish

Five standard colors offered in textured black, white, bronze, dark gray and medium gray. Color in accordance with the AAMA 2604 standard. Application of polyester powder coat paint 2.5 mils minimum. The thermosetting resins provides a discoloration resistant finish in accordance with the ASTM D2244 standard, as well as luster retention in keeping with the ASTM D523 standard and humidity proof in accordance with the ASTM D2247 standard. RAL and custom color matching available.

LED Products Manufacturing Standard

The electronic components sensitive to electrostatic discharge (ESD) such as light emitting diodes (LEDs) are assembled in compliance with EC61340-5-1 and ANSI/ESD S20.20 standards so as to eliminate ESD events that could decrease the useful life of the product.

LED Useful Life

Luminaire Useful Life accounts for LED lumen maintenance. Refer to IES files for energy consumption and delivered lumens for each option. Based on ISTMT in situ thermal testing in accordance with UL1598 and UL8750, LED LM-80/TM-21, expected to reach 100,000 + hours with >L70 lumen maintenance @ 25°C.

Certifications and Compliance

cULus Listed for Canada and USA suitable for wet locations when mounted downward facing. cULus Listed for Canada and USA suitable for damp locations when inverted upward facing when mounted in covered ceiling application. Emergency Battery Pack option is tested and listed to UL924 and CSA C22.2 No. 141-10 DesignLights Consortium qualified on models as listed on DLC QPL. Luminaire is rated for operation in ambient temperature of -40°C (-40°F) up to +40°C (+104°F)[4].

Limited Warranty

5-year limited warranty. See philips.com/warranties for details and restrictions.

Notes:

Philips Gardco EcoForm LED luminaire combines economy with performance. Capable of delivering up to 20,000 lumens or more in a compact, low profile housing, EcoForm offers a new level of customer value. EcoForm features an innovative retrofit arm kit, simplifying site conversions to LED by eliminating the need to drill additional holes in most existing poles. Integral control systems, including motion response and wireless controls are available for further energy savings during off peak hours.

1. Available in 120V–277V Voltages only (UNV, 120, 208, 240 & 277).
2. MR50 and APD-MRO luminaires require one motion sensor per pole, ordered separately. See page 2 for Accessories. Available in 120V or 277V only.
3. ECF-MRI requires outboarded sensor when used with Terminal Block (TB) Option.
4. LLC2/LLC3/LLC4 Wireless Controls are not configurable with PC/PCB/PCR5/PCR7 Options. See page 6-7 for more info.
5. Contact factory for lead times on warm white.
6. Not configurable with Type 5 (5) Optics.
7. Not configurable with 120-277V (UNV) Voltage. Voltage must be specified.
8. Not configurable with 480V (480) Voltage.
9. Works with 3-pin or 5-pin NEMA photocell/ dimming device.
10. If ordered with DIM, APD, MRI, MR50, APD-MRI, APD-MRO, dimming will not be connected to NEMA receptacle.
11. Works with 3-pin or 5-pin NEMA photocell/dimming device and auxiliary connections are not connected (for future use only).
12. Not configurable with 3@120 (3@120) Mounting.
13. No adaptor required for 4" round poles. RPAs provided with Black Paint standard.

ECF EcoForm LED luminaire

EcoForm Accessories (order separately)

FS1R-100

MR hand held programmer

For use with 'MRI' motion response when field programming is required. If desired, only one is needed per job.

MS-A-120V

120V Input Area Motion Sensor

For MR50 (Motion Response) or APD-MRO (Automatic Profile Dimming with Motion Response Override)

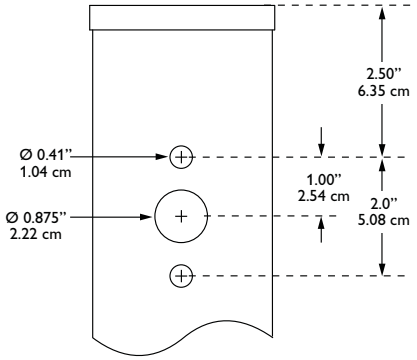
MS-A-277V

277V Input Area Motion Sensor

For MR50 (Motion Response) or APD-MRO (Automatic Profile Dimming with Motion Response Override)

Note: Motion Sensors are ordered separately, with one (1) motion sensor required per pole location for MR50 or APD-MRO luminaires. See Luminaire Configuration Information on page 5 for more details. Area motion sensor color is Arctic White. MRI and APD-MRI luminaires include an integral motion sensor.

EcoForm Drill Template (standard arm mount)



EcoForm Wireless Controls Accessories (for wall or pole mount)[1,2,3,4]

LLCR2-(F)

Standalone wall or pole wireless controller with #2 Lens.

LLCR3-(F)

Standalone wall or pole wireless controller with #3 Lens.

LLCR4-(F)

Standalone wall or pole wireless controller with #4 Lens.

1. When using the wireless remote accessory option (LLCR-F) in a pole mount application, specify pole option (CL=Coupling Internal Thread, 3/4" size)
2. 120-277V only.
3. Must specify finish (F=Specify matching finish)
4. Luminaire configuration must include 0-10V Dimming 'ECF-DIM' option when Wireless Controls Accessories are specified

ECF EcoForm LED luminaire

Luminaire Configuration Information

ECF

Philips Gardco EcoForm LED standard luminaire providing constant wattage and constant light output when power to the luminaire is energized.

ECF-DIM

Philips Gardco EcoForm LED luminaire provided with 0-10V dimming for connection to a control system provided by others.

ECF-APD

Philips Gardco EcoForm LED luminaire with Automatic Profile Dimming. Luminaire is provided with a Philips DynaDimmer module, programmed to go to 50% power, 50% light output two (2) hours prior to night time mid-point and remain at 50% for six (6) hours after night time mid-point. Mid-point is continuously recalculated by the Philips DynaDimmer module based on the average mid-point of the last two full night cycles. Short duration cycles, and power interruptions are ignored and do not affect the determination of mid-point.

ECF-APD is available in 120V–277V input only.

ECF-APD Dimming Profile:

100%	2 hours	6 hours	100%
	50%	50%	

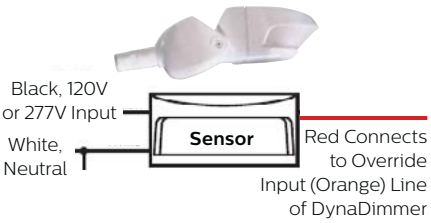
Power On **Mid Point** **Power Off**

ECF-MR50

Philips Gardco EcoForm LED luminaire with motion response, providing a 50% power reduction on low and a commensurate reduction in light output. The power and light output reduction is accomplished utilizing the Philips DynaDimmer module, programmed for a constant 50% power. Power supplied by the motion sensor connected to the override line on the DynaDimmer takes the luminaire to high setting, 100% power and light output, when motion is detected. The luminaire remains on high until no motion is detected for the motion sensor duration period, after which the luminaire returns to low. Duration period is factory set at 15 minutes, and is field adjustable from 5 minutes up to 15 minutes.

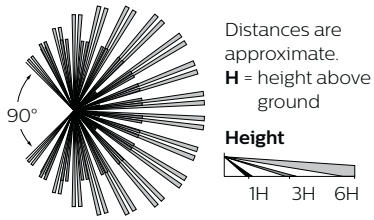
ECF-MR50 is available in 120V–277V input only to the luminaire. Motion sensors require single voltage 120V or 277V input.

The Area PIR motion sensor is the WattStopper EW-200-120-W (120V Input - MSA-120V) or the WattStopper EW-200-277-W (277V Input - MSA-277V.) One motion sensor per pole is required and is ordered separately. Area sensors require single voltage 120V or 277V input.



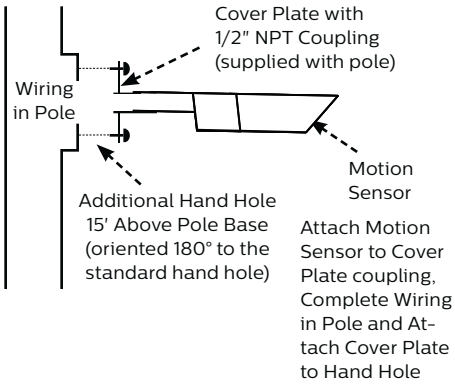
The area motion detector provides coverage equal to up to 6 times the sensor height above ground, 270° from the front-center of the sensor.

Area PIR Motion Sensor Coverage Pattern:



Motion response requires that the pole include an additional hand hole 15 feet above the pole base, normally oriented 180° to the standard hand hole. For Philips Gardco poles, order the pole with the Motion Sensor Mounting (MSM) option which includes the hand hole and a special hand hole cover plate for the sensor with a 1/2" NPT receptacle centered on the hand hole cover plate into which the motion sensor mounts. Once the motion sensor is connected to the hand hole cover plate, then wiring connections are completed in the pole. The plate (complete with motion sensor attached and wired) is then mounted to the hand hole. If poles are supplied by others, the customer is responsible for providing suitable mounting accommodations for the motion sensor in the pole.

Mounting to a Philips Gardco Pole:



ECF-APD-MRO

Philips Gardco EcoForm LED luminaire with Automatic Profile Dimming, with Motion Response Override. The ECF-APD-MRO combines the benefits of both automatic profile dimming and motion response, using the Philips DynaDimmer module. The luminaire will dim to 50% power, 50% light output, per the dimming profile shown for the ECF-APD. If motion is detected during the time that the luminaire is operating at 50%, the luminaire returns to 100% power and light output. The luminaire remains on high until no motion is detected for the duration period, after which the luminaire returns to low. Duration period is factory set at 15 minutes, and is field adjustable from 5 minutes up to 15 minutes.

Notes:

ECF-APD-MRO is available in 120V through 277V input only to luminaire. The motion sensor requires either 120V or 277V input to the motion sensor.

The ECF-APD-MRO has the same pole requirements and utilizes the same motion sensors as the ECF-MR50. The motion sensor mounts and wires identically as well. The ECF-APD-MRO utilizes the identical dimming profile as shown for the ECF-APD.

By combining the benefits of automatic profile dimming and motion response, the ECF-APD-MRO assures maximum energy savings, and insures that adequate light is present if motion is detected.

All motion sensors utilized consume 0.0 watts in the off state.

Luminaire Configuration Information (Continued)

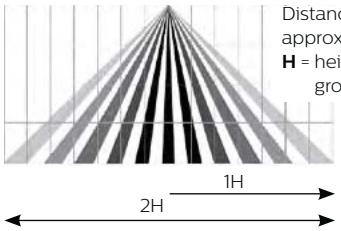
ECF-MRI

Luminaires with Motion Response include a LED driver and an integral programmable motion sensor. The motion sensor is set to a constant 50%. When motion is detected, the luminaire goes to 100%. The luminaire remains on high until no motion is detected for the motion sensor duration period, after which the luminaire returns to low. Duration period is factory set at 5 minutes. Available with 120V or 277V only.

Luminaires include a passive infrared (PIR) motion sensor, WattStopper® FSP-211 equipped with an FSP-L3 lens, capable of detecting motion within 20 feet of the sensor, 180° around the luminaire, when placed at a 20 foot mounting height, or mounted on a wall. Available in 120V or 277V input only. Motion sensor off state power is 0.0 watts.

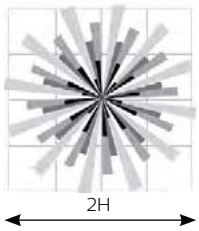
The approximate motion sensor coverage pattern is as shown below.

Side Coverage Pattern



Distances are approximate.
H = height above ground

Top Coverage Pattern



ECF-APD-MRI

Luminaires with Automatic Profile Dimming and Motion Response Override combine the benefits of both automatic profile dimming and motion response. APD-MRI luminaires utilize Philips DynaDimmer. The luminaire will dim to 50% power, 50% light output, per the dimming profile shown for APD luminaires (see page 4). If motion is detected during the time that the luminaire is operating at 50%, the luminaire goes to 100% power and light output. The luminaire remains on high until no motion is detected for the duration period, after which the luminaire returns to low. Duration period is factory set at 5 minutes.

APD-MRI luminaires are available with 120V or 277V input voltages only.

APD-MRI luminaires use the identical motion sensor as MRI luminaires. See motion sensor details for ECF-MRI.

FS1R-100 Wireless Remote Programming Tool

The FS1R-100 Remote Programming Tool accessory permits adjustment of ECF-MRI and ECF-APD-MRI sensor settings, including duration and dimming level on low, without the need to connect any wires to the luminaire.

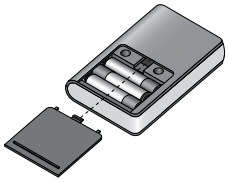
The FS1R-100 Wireless IR Programming Tool is a handheld tool for setup and testing of WattStopper FSP-211. It provides wireless access to the FSP-211 sensors for setup and parameter changes.

The FS1R-100 display shows menus and prompts to lead you through each process. The navigation pad provides a familiar way to navigate through the customization fields.

Within a certain mounting height of the sensor, the FS1R-100 allows modification of the system without requiring ladders or tools simply with a touch of a few buttons.

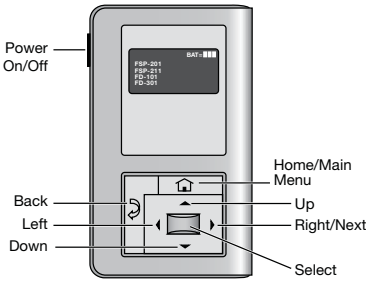
The FS1R-100 IR transceiver allows bi-directional communication between the FSP-211 and the FS1R-100 programming tool . Simple menu screens let you see the current status of the system and make changes. It can change FSP-211 sensor parameters such as high/low mode, sensitivity, time delay, cut off and more. With the FS1R-100 you can also establish and store FSP-211 parameter profiles.

The FS1R-100 operates on three standard 1.5V AAA Alkaline batteries or three rechargeable AAA NiMH batteries. The battery status displays in the upper right corner of the display. Three bars next to BAT= indicates a full battery charge. A warning appears on the display when the battery level falls below a minimum acceptable level. To conserve battery power, the FS1R-100 automatically shuts off 10 minutes after the last key press.



You navigate from one field to another using (up) or (down) arrow keys. The active field is indicated by flashing (alternates between yellow text on black background and black text on yellow background.)

Once active, use the Select button to move to a menu or function within the active field. Value fields are used to adjust parameter settings. They are shown in “less-than/greater-than” symbols: <value>. Once active, change them using (left) and (right) arrow keys. In general the up key increments and the down key decrements a value. Selections wrap-around if you continue to press the key beyond maximum or minimum values. Moving away from the value field overwrites the original value. The Home button takes you to the main menu. The Back button can be thought of as an undo function. It takes you back one screen. Changes that were in process prior to pressing the key are lost.More information on the FS1R-100 Remote Programming Tool is available at wattstopper.com.

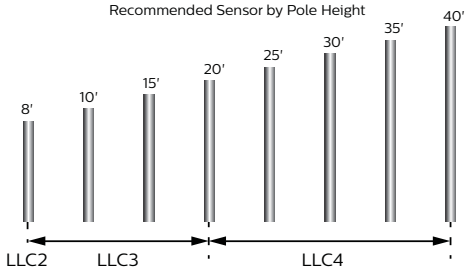


ECF EcoForm LED luminaire

Luminaire Configuration Information – EcoForm with wireless controls

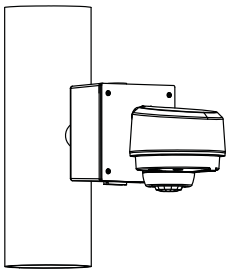
ECF-LLC2/3/4 Luminaire Mounted Controller

Wireless controller attached to luminaire and Includes radio, photocell and motion sensor with #2, 3, or 4 lens for 8-40' mounting heights.



LLCR2/3/4 Pole Mounted Controller

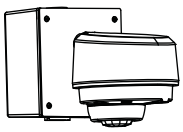
In this configuration, the wireless controller will be mounted to the pole at a fifteen foot mounting height. The number of luminaires on each pole, as well as the specific wattage chosen, will determine how many controllers will be required.



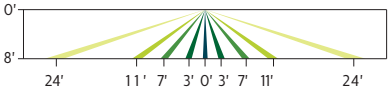
When using the wireless remote accessory option (LLCR-F) in a pole mount application, specify pole option (CL=Coupling Internal Thread, 3/4" size). Confirm required orientation of luminaire and wireless controller. Indicate height above pole base and orientation to handhold. Recommended min pole height is 18ft, with option (CL) 15ft above pole base. Other heights are possible when choosing the appropriate sensor lens type. See pole specification sheets for more information.

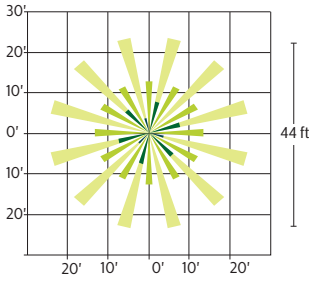
Remote Mount Wireless Controller

Used to extend the communication on site, to extend motion response and add other luminaires that are not pole mounted. Consult factory for more information.

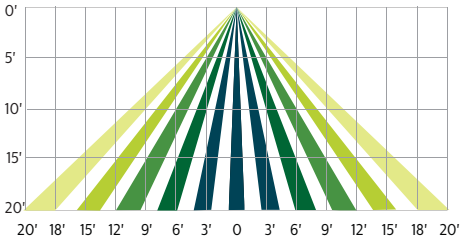


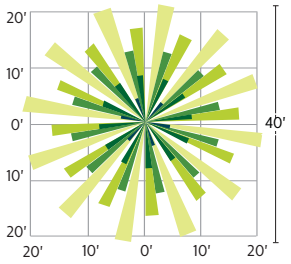
LLC2/LLCR2 (for pole or remote mount only)



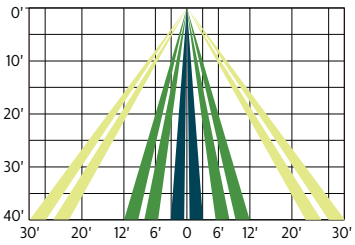


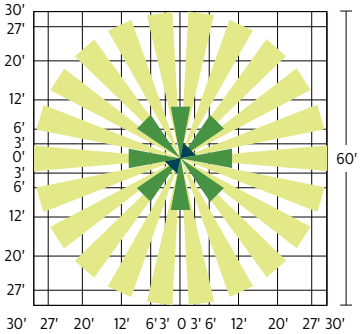
LLC3/LLCR3 (for luminaire, pole, or remote mount)



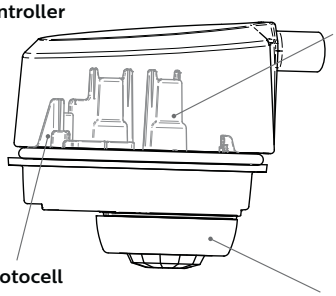


LLC4/LLCR4 (for luminaire, pole, or remote mount)





Controller



Photocell

- Ambient light photocell on every wireless radio that averages the light levels of up to 5 controllers for an accurate reading and optimal light harvesting activity.
- Reports ambient light readings to 1500 Fc.

Wireless Radio

- 1.8 Watts max (no load draw)
- Operating voltage 120-277 VAC RMS
- Communicates using the ZigBee protocol
- Carries out dimming commands from Gateway
- Reports ambient light readings to 1500 Ft-Cd
- Transmission Systems Operating within the band 2400-2483.5Mhz
- ROHS Compliant

Motion Response

- Detects motion through passive infrared sensing technology with three different lens configurations
- Motion sensor coverage can be adjusted from a narrow to a wide detection range, which helps reduce false triggers to further increase energy savings.
- Sensing profiles can be updated to adapt to activity levels in the environment, such as occupancy level, wind, and mounting height

ECF EcoForm LED luminaire

Luminaire Configuration Information (EcoForm with wireless controls)

Gateway

Overview: One gateway is included with the wireless controls system. The gateway opens up communication with the wireless radios installed with the EcoForm luminaires (or pole), allowing you to control your fixtures straight from the web. One gateway can communicate with up to 800 fixtures. Typically one unit is required per parking lot.

Installation: Gateway has 4 blind threaded holes on the back side that accept 10-32 screws. Mount spacing is 10.41" across and 14.19" vertical.

Requirements: The gateway must be mounted in a secure on-site location. The gateway requires 120V. Distance of gateway to the first radio varies upon application; contact factory. Strong internet connection required.

Specifications:

- High density RF Mesh coordinator
- Ethernet or wireless internet connection to server
- Proprietor of software "rules of operation"
- Watertight Ethernet connections
- Highly protected, long life ac/dc power supply
- Single board, ARM compliant 520Mhz Intel computer.
- Operating Temperature -20°C to 55°C
- Tamper proof housing

ECF EcoForm LED luminaire

Specifications

Housing

One piece die cast aluminum housing with integral arm and separate,self retained hinged, one piece die cast door frame.

IP Rating

LED light engine rated IP66.

Vibration Resistance

EcoForm with Standard Arm carries a 3G vibration rating that conforms to standards set forth by ANSI C136.31. Testing includes vibration to 3G acceleration in three axes, all performed on the same luminaire.

Electrical

Driver efficiency (>90% standard). 120-480V available (restrictions apply). Open/short circuit protection. Optional 0-10V dimming to 10% power. RoHS compliant. Surge protector standard. 10KA per ANSI/IEEE C62.41.2.

LED Board and Array

32, 48, or 64 LEDs. Color temperatures: 3000K, 4000K, 5700K +/- 250K. Minimum CRI of 70. Aluminum metal clad board. RoHS compliant.

LED Thermal Management

The housing design allows the one piece housing to provide excellent thermal management critical to long LED system life.

Energy Saving Benefits

System efficacy up to 95 lms/W with significant energy savings over Pulse Start Metal Halide luminaires. Optional control options provide added energy savings during unoccupied periods.

LED Performance

Predicted Lumen Depreciation Data[1]

Ambient Temperature °C	Driver (mA)	Calculated L_{70} Hours[1,2]	L_{70} Per TM-21[2,3]	Lumen Maintenance % @ 60,000 hours
Up to 40 °C	Up to 1050 mA	> 350,000 hours	> 60,000 hours	97%

1. Predicted performance derived from LED manufacturer's data and engineering design estimates, based on IESNA LM-80 methodology. Actual experience may vary due to field application conditions.
2. L70 is the predicted time when LED performance depreciates to 70% of initial lumen output.
3. Calculated per IESNA TM21-11. Published L70 hours limited to 6 times actual LED test hours.

Wireless Controls

The wireless controls system includes: gateway, controller (with wireless radio, motion response, and photocell), and commissioning/ training. This intelligent web-based system operates through a high density mesh (HDM) wireless technology. Wireless radios with motion response and photocell sensors are integrated with PureForm luminaires, and enable the fixtures to communicate via the ZigBee protocol. The gateway is a mini computer that connects to the internet, and is located in a secure location. The central database channels communication to and from the gateway, allowing data to be viewed or managed through the web-based graphical user interface (GUI). See wireless controls pages 6-7 for details and technical information.

Motion Sensors

ECF-MR50, ECF-APD-MRO, ECF-MRI, ECF-APD-MRI luminaires may be specified for additional energy savings during unoccupied periods. See pages 4-6 for complete details.

Optical Systems

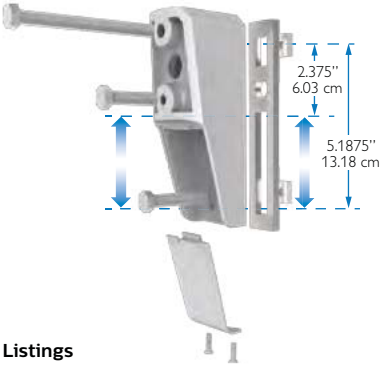
Type 2, 3, 4, and 5 distributions available. Internal Shield option mounts to LED optics and is available with Type 2, 3, and 4 distributions to control backlight.

Mounting

Standard luminaire arm mounts to 4" round poles. Square pole adapter included with every luminaire. Round Pole Adapter (RPA) required for 3-3.9" poles.

Retrofit Arm Mount

EcoForm features an innovative retrofit arm kit. When specified with the retrofit arm (RAM) option, EcoForm seamlessly simplifies site conversions to LED by eliminating the need for additional pole drilling on most existing poles. RAM will be boxed separately.



Listings

ETL/cETL listed to the UL 1598 standard, suitable for Wet Locations. Suitable for use in ambients from -40° to 40°C (-40° to 104°F). The quality systems of this facility have been registered by UL to the ISO 9001 series standards. All EcoForm luminaires equipped with NW and CW are DesignLights Consortium® qualified.

Finish

Each standard color luminaire receives a fade and abrasion resistant, electrostatically applied, thermally cured, triglycidal isocyanurate (TGIC) textured polyester powdercoat finish. Standard colors include bronze (BRP), black (BLP), white (WP), and natural aluminum (NP). Consult factory for specs on optional or custom colors.

Warranty

EcoForm luminaires feature a 5 year limited warranty. Philips Gardco LED luminaires with LED arrays feature a 5 year limited warranty covering the LED arrays. LED Drivers also carry a 5 year limited warranty. Motion sensors are covered by warranty for 5 years by the motion sensor manufacturer.

Poles

5" / 6" Straight Square Steel

The Philips Gardco SSS straight steel pole consists of a one-piece square fabricated steel lighting standard. The carbon steel base plate is secured to the shaft with a continuous circumferential weld providing excellent strength and integrity. The poles are finished with an electrostatically applied, thermally cured TGIC polyester powdercoat. All poles include anchor bolts, full base cover, hand hole, ground lug and top cap.

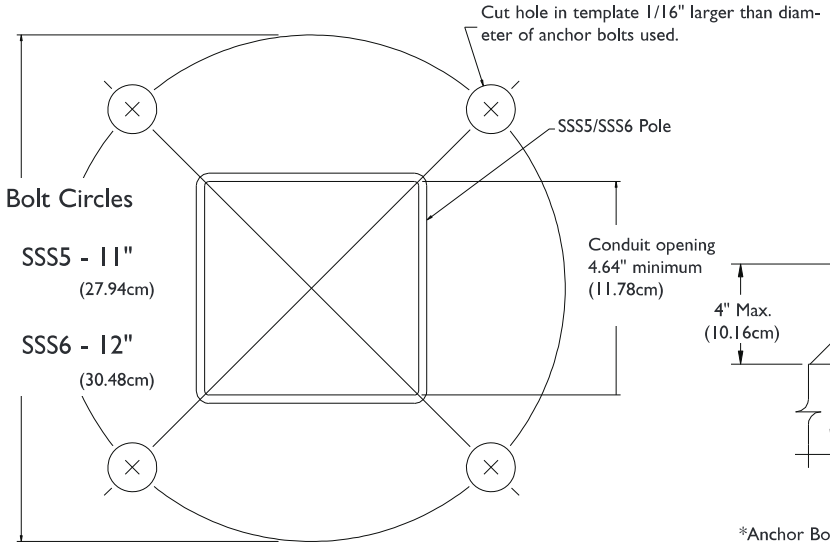
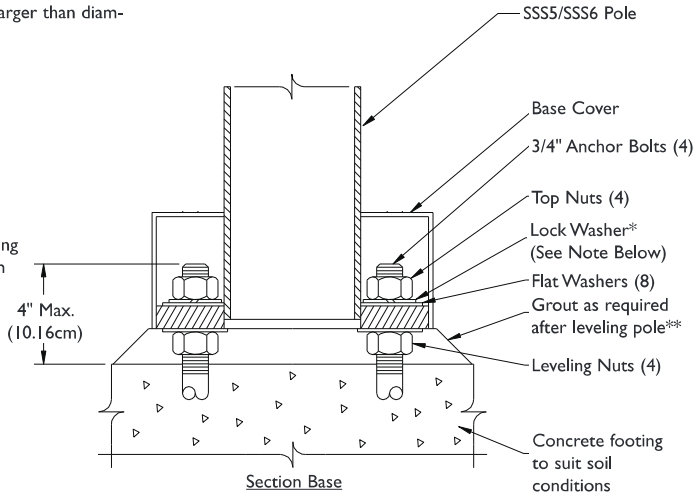
1. **Warning:** Additional wind loading, in terms of EPA, from banners, cameras, floodlights and other accessories attached to the pole, must be added to the luminaire(s) EPA before selecting the pole with the appropriate wind load capability.
2. Factory supplied template must be used when setting anchor bolts. Philips Gardco will not honor any claim for incorrect anchorage placement resulting from failure to use factory supplied templates.

DIMENSIONS



NOTE: Factory supplied template must be used when setting anchor bolts. Philips Gardco will not honor any claim for incorrect anchorage placement from failure to use factory supplied templates.



*Anchor Bolt Lock Washers are not normally required and are not included in standard anchor bolt sets. They are available upon request at additional cost.
**** Grouting should include a drainage slot or tube (by others) to permit water to drain from the base of the pole. Failure to provide drainage may weaken the pole base structure over time and may result in pole base failure, for which Philips Gardco is not responsible.**

PHILIPS
GARDCO

SPECIFICATIONS

POLE SHAFT: The pole shaft is fabricated from a single-piece of 11 ga (.1196") or 7 ga (.1793") commercial carbon steel. The formed steel plate is longitudinally welded providing minimum yield strength of 46 KSI.

ANCHOR BASE: The pole anchor base is fabricated from A-36 structural quality carbon steel with a minimum yield strength of 36 KSI. The base plate telescopes the pole shaft and is circumferentially welded on both top and bottom.

ANCHOR BOLTS: Anchor bolts are fabricated from a commercial quality hot rolled carbon steel bar that meets or exceeds a minimum guaranteed yield strength of 50,000 psi. Bolts have an "L" bend on one end and threaded on the opposite end. Anchor bolts are galvanized a minimum of 12" on the threaded end. Four (4) properly sized bolts, each furnished with two (2) regular hex nuts and two (2) flat washers, are provided per pole, unless otherwise specified.

BASE COVER: A two-piece base cover completely conceals the entire base plate and anchorage.

HAND HOLE: The reinforced hand hole has a nominal rectangular 2" X 4" inside opening in the pole shaft. Included is a cover plate with attachment screws. The hand hole is located 18" above the base and 180° clockwise with respect to the luminaire arm when viewed from the top of the pole for one arm. For two arms the hand hole is located directly under one arm.

POLE TOP CAP: Each pole assembly is provided with a removable pole top cap.

FINISH: Poles are available with a bronze, natural, white or black electrostatically applied, thermally cured TGIC polyester powdercoat finish.

STOCK POLES: Poles provided from stock under the Quick Ship program are drilled for four (4) luminaires at 90° with three (3) hole sets plugged.

GENERAL POLE INFORMATION

DESIGN: The poles as charted are designed to withstand dead loads and predicted dynamic loads developed by variable wind speeds with an additional 30% gust factor under the following conditions:

The charted weights include luminaire(s) and/or mounting bracket(s).

The wind velocities are based on 10 mph increments from 80 mph through 100 mph. Poles to be located in areas of known abnormal conditions may require special consideration. For example: coastal areas, airports and areas of special winds.

Poles are designed for ground mounted applications. Poles mounted on structures (such as buildings and bridges) may also necessitate special consideration requiring Philips Gardco's recommendation.

Height correction factors and drag coefficients are applied to the entire structure. An appropriate safety factor is maintained based on the minimum yield strength of the material incorporated in the pole.

WARNING: This design information is intended as a general guideline only. The customer is solely responsible for proper selection of pole, luminaire, accessory and foundation under the given site conditions and intended usage. The addition of any items to the pole, in addition to the luminaire, will dramatically impact the EPA load on that pole. It is strongly recommended that a qualified professional be consulted to analyze the loads given the user's specific needs to ensure proper selection of the pole, luminaire, accessories, and foundation. Philips Gardco assumes no responsibility for such proper analysis or product selections. **Failure to insure proper site analysis, pole selection, loads and installation can result in pole failure, leading to serious injury or property damage.**

GENERAL INFORMATION: Mounting height is the vertical distance from the base of the lighting pole to the center of the luminaire arm at the point of luminaire attachment. Twin arms as charted are oriented at 180° with respect to each other. For applications of two (2) arms at 90° or other multiple arm applications, consult the factory.

WARRANTY: Philips Gardco poles feature a 1 year limited warranty. See Warranty Information on www.sitelighting.com for complete details and exclusions.

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 01/31/2017

APPLICANT: Brett Mashchak; *Academy Sports + Outdoors*

AGENDA ITEM: **SP2017-007**; *Amended Site Plan for Academy Sports + Outdoors*

SUMMARY:

Discuss and consider a request by Brett Mashchak of Academy Sports + Outdoors on behalf of Tim Denker of Steger Dunhill, LLC for the approval of an amended site plan for an existing building situated on a 5.511-acre parcel of land identified as Lot 4, Block A, Steger Towne Crossing, Phase 1, Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District , situated within the IH-30 Overlay (IH-30 OV) and Scenic Overlay (SOV) Districts, addressed as 920 Steger Towne Drive, and take any action necessary.

BACKGROUND AND PURPOSE:

The applicant is requesting the approval of an amended site plan for the purpose of changing the exterior building elevations for an existing 56,125 SF building. The site plan and final plat for the facility were approved on June 11, 1996 under *Case No's. PZ1996-037-01* and *PZ1996-037-02*. The facility was constructed in 1997 as an *Albertson's* grocery store and remodeled in 2008 (*i.e. BLD2008-0084*) to accommodate a *Sports Authority* sporting goods store.

BUILDING ELEVATIONS:

The applicant has submitted elevations showing changes to the exterior building intended to accommodate branding for an *Academy Sports + Outdoors* sporting goods store. The only major change to the exterior is the removal of the Aluminum Composite Material (ACM) panels that were install as part of the sign variance granted to the *Sports Authority* in 2008 (*i.e. SGN2007-0231*). The applicant is proposing to cover this area using *EIFS*, which will raise the total amount of *EIFS* on the front façade to ~13.32%. According to both the IH-30 Overlay (IH-30 OV) and Scenic Overlay (SOV) Districts all exterior walls are to be 90% masonry with the remaining ten (10) percent being permitted to be secondary materials. *EIFS* is not defined as a masonry material and as a result would be limited to ten (10) percent of the buildings' façade. In this case, the applicant will require a variance to the secondary material requirements.

It should be pointed out that the original building was constructed in 1997 in accordance with the requirements of the Comprehensive Zoning Ordinance (*as opposed to the Unified Development Code*), which permitted synthetic stucco (*i.e. EFIS*) to count toward the masonry materials; however, the original building used 100% CMU. When the Unified Development Code (UDC) was adopted in 2004, the zoning code was changed to count *EFIS* as a secondary material in favor of encouraging the use of three (3) part stucco which counts as a masonry material.

VARIANCE:

Based on the applicant's submittal staff has identified the following variance:

a) Secondary Materials. According to Section 6.6, IH-30 Overlay (IH-30 OV) District, and Section 6.8, Scenic Overlay (SOV) District of the Unified Development Code (UDC), "(s)econdary materials used on the façade of a building are those that comprise less than

ten (10) percent of an elevation area. Permitted secondary materials are primary materials, aluminum and other metal, EFIS, cast stoneor other materials as approved by the Director of Planning or his designee." In this case, the front (*southwest*) façade of the building will incorporate an estimated ~13.32% *EFIS*, which will require a variance for the additional 3.32%. According to Sections 6.6.G & 6.8.J, of the UDC "(t)he City Council may, upon request from the [*an*] applicant, grant a variance to any provision of this section [*the SOV & IH-30*] where unique or extraordinary conditions exist or where strict adherence to the provisions of this section would create a hardship …" *This variance is discretionary and will require a ¾-majority vote by the City Council for approval.*

ARCHITECTURAL REVIEW BOARD (ARB):

On January 31, 2017, the Architectural Review Board (ARB) will review the proposed building elevations and make a recommendation to the Planning and Zoning Commission during its regularly scheduled meeting.

RECOMMENDATIONS:

If the Planning & Zoning Commission chooses to approve the applicant's request then staff would recommend the following conditions of approval:

1) All comments provided by the Planning, Engineering and Fire Department must be addressed prior to the submittal of a building permit;

2) Any construction or building necessary to complete this *Site Plan* request must conform to the requirements set forth by the UDC, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

(1/18/2017 5:00 PM AA)
Multiple-family residential projects having more than 200 dwelling units shall be provided with two separate and approved fire apparatus access roads.

The two fire apparatus access roads shall be placed a distance apart equal to not less than one-half of the length of the maximum overall diagonal dimension of the property or area to be served, measured in a straight line between accesses.

Approved, unobstructed fire department access (fire lanes) shall be provided such that all portions of the exterior of the building shall be within 250-feet (as the hose lays) of a fire lane and/or other approved fire apparatus access roadway. The path of measurement shall be along a minimum of a ten feet (10') wide unobstructed pathway.

The required turning radius of a fire apparatus access road shall have a minimum interior turning radius of 30 feet.

PLANNING	Ryan Miller	1/12/2017	1/19/2017	1/23/2017	11	COMMENTS	See Comments

Z2017-001 (SWBC at Rockwall [LI to PD]): Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 Hold a public hearing to discuss and consider a request for the approval of a zoning change from a Light Industrial (LI) District to a Planned Development District for a multi-family apartment complex on a 42.50-acre tract of land identified as Tract 1-4 of the J. M. Allen Survey, Abstract No. 2, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the SH-205 By-Pass Overlay (205 BY-OV) District, and located east of the intersection of Discovery Boulevard and John King Boulevard.
I.2 For questions or comments concerning this case please contact Ryan Miller in the Planning Department at (972) 772-6441 or email rcmiller@rockwall.com.
M.3 On all future submittals please include the case number (Z2017-001) in the lower right hand corner.
I.4 Please review the Draft Ordinance prior to the Planning & Zoning Work Session Meeting on January 31, 2017. Staff has provided recommendations concerning the proposed request. These recommendations have been highlighted in the draft ordinance and are not obligatory requirements.
I.5 If approved an open space master plan will need to be submitted with the final plat laying out all proposed amenities on the site. This will require a recommendation from the Parks Board prior to the submission of a final plat.
I.6 The Future Land Use Map contained within the Comprehensive Plan currently identifies this property as being designated for Technology/Light Industrial land uses. The proposed use requires the City Council to amend the Future Land Use Map to reflect a High Density Residential land use designation. This will be a condition of approval.
I.7 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that has been requested. Revisions for this case will be due to staff on February 7, 2017 by no later than 3:00 p.m.; however, staff encourages the applicant to submit revisions as soon as possible to give staff ample time to review the case prior to the February 14, 2017 Planning & Zoning Meeting.
I.8 The projected City Council dates for this case are projected to be: 1) February 20, 2017 [1st Reading], and 2) March 6, 2017 [2nd Reading].

Re: SWBC Class A Multi-Family Development; 42.548+/- acres of land situated to the east of John King Boulevard and Discovery Boulevard intersection and on the north side of Discovery Boulevard identified as Tract 1-4 of the J.M. Allen Survey, Abstract No. 2 within the City of Rockwall, Rockwall County, Texas

To the City of Rockwall,

SWBC Real Estate ("SWBC") currently has +/- 42.548 acres of land ("Subject Site") under contract for the future development of two high-end luxury multi-family properties. SWBC is planning to develop the Subject Site as a two-phase development, with the first phase consisting of 325 units on approximately 21.28 acres. At total build-out, the site is planned to have 2 new luxury properties with an average unit size of 983 square feet for both phases. The second phase is also planned to contain another 325 luxury units for an estimated total of 650 rental units (which is less than MF-16 zoning). See the attached site plan and proposed elevations.

The current zoning for the Subject Site is Light Industrial (LI) District. SWBC would like to have the Subject Site rezoned for the development of 2 high end multi-family properties.

Below are some of the main reasons we believe the Subject Site is appropriately suited for multi-family:

- Topography and Flood Plain Issues
- Low Supply of multi-family for the residents of Rockwall
- Higher real estate taxes for the City of Rockwall
- Appropriate buffer between current residential neighborhoods and the industrial park
- Better use of the natural vegetation and property amenities

Topography and Flood Plain

SWBC believes that the current industrial zoning of the Subject Site is not the best use for the site as the land has a significant amount of flood plain and topographic changes in elevation, which will make it difficult and expensive for industrial development. Multi-family will be better suited for this site, as the building footprints for multi-family are typically much smaller than industrial buildings, which will allow a multi-family developer to appropriately layout the smaller buildings, parking and driveways to overcome the obstacles on the site.

Low Supply of Multi-Family Properties

In studying the occupancy rates for the area, there seems to be a high demand for additional multi-family within the City of Rockwall. Currently Rockwall only has 5 multi-family properties (1980 and newer) within a 5-mile radius of the Subject Site with an average occupancy of 95%. Of these 5 multi-family properties, only 3 have been built within the past 10 years and zero of these current properties have been built within the past 5 years.

- Sixteen50 @ Lake Ray Hubbard is located several hundred yards to the west of the subject site – Built in 2009 – 96% occupied (as of January 2017)

The newest multi-family property within the City of Rockwall is Sonoma Court, which was built in 2011 (almost 6 years ago).

Real Estate Taxes

As of the 2016 tax value, the real estate taxes that are being paid for the Subject Site as vacant agricultural land is $50 per year. If the site were to be built out for new industrial buildings, the annual real estate taxes would be approximately $450,000. Upon completion of SWBC's luxury multi-family properties on this site, the real estate taxes for the two properties would be over $1.5 million per year.

Buffer Zone

The subject site will provide a nice buffer between the current industrial park (on the east side of the site) and the new residential neighborhoods adjacent to the subject site (on the west side of the subject site).

Current uses/zoning adjacent to the Subject Site:

- North - Industrial/Self Storage
- South - 15+ acres of vacant land zoned Industrial
- East - Industrial distribution center with additional vacant land for future industrial use
- West - 2 new single family developments that contain an oil & gas easement in between the Subject Site and these new residential neighborhoods

(1 block to the south of the subject site are numerous single family neighborhoods)

Natural Vegetation & Property Amenities

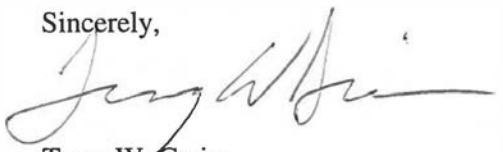
The northern portion of the Subject Site contains numerous acres of flood plain that is basically worthless to an industrial user, however a multi-family developer can save the natural vegetation of the flood plain area for recreational uses such as parks, ponds with water features and hike and bike trails.

In addition to the natural exterior amenities, SWBC is also planning to provide the tenants with luxurious amenities for each phase such as separate clubhouses, each having its own pool, fitness centers, game rooms, meeting/conference areas, and party rooms.

As outlined above, SWBC believes that the highest and best use for the Subject Site is a multi-family designation that will help to fulfill the shortage of high end rental units for the residents of Rockwall, while increasing the tax base for the city and utilizing the natural landscape of the land.

I appreciate your time, willingness to help and understanding.

Sincerely,



Terry W. Gwin

CITY OF ROCKWALL

ORDINANCE NO. 17-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO CHANGE THE ZONING FROM A LIGHT INDUSTRIAL (LI) DISTRICT TO PLANNED DEVELOPMENT DISTRICT XX (PD-XX) FOR A MULTI-FAMILY APARTMENT COMPLEX ON THE SUBJECT PROPERTY, BEING A 42.548-ACRE TRACT OF LAND IDENTIFIED AS TRACT 1-4 OF THE J. M. ALLEN SURVEY, ABSTRACT NO. 2, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE FULLY DESCRIBED HEREIN BY *EXHIBIT 'A'*; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City has received a request by Terry Gwin of SWBC Real Estate, LLC on behalf of the owner Gene Lambreth of Pneuma Ventures, LTD for the approval of a zoning change from a Light Industrial (LI) District to a Planned Development District for a multi-family apartment complex on a 42.548-acre tract of land identified as Tract 1-4 of the J. M. Allen Survey, Abstract No. 2, City of Rockwall, Rockwall County, Texas and more fully described in *Exhibit 'A'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

Section 1. That the *Subject Property* shall be used only in the manner and for the purposes authorized by this Planned Development District Ordinance and the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by granting this zoning change, and as maybe amended in the future;

Section 2. That development of the *Subject Property* shall generally be in accordance with the *Planned Development Concept Plan*, described in *Exhibit 'B'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'B'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

Section 3. That development of the *Subject Property* shall generally be in accordance with the *Development Standards*, described in *Exhibit 'C'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'C'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

DRAFT ORDINANCE 01.3.2017

Section 4. That development of the *Subject Property* shall generally be in accordance with the *Concept Building Elevations and Renderings*, contained in *Exhibit 'D'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'D'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

Section 5. That development of the *Subject Property* shall be in conformance with the schedule listed below (*except as set forth below with regard to simultaneous processing and approvals*).

(a) The procedures set forth in the City's subdivision regulations on the date this ordinance is approved by the City Council, as amended by this ordinance (*including Subsections 5(b) through 5(e) below*), shall be the exclusive procedures applicable to the subdivision and platting of the *Subject Property*.

(b) The following plans and plats shall be required in the order listed below (*except as set forth below with regard to simultaneous processing and approvals*). The City Council shall act on an application for an *Open Space Master Plan* in accordance with the time period specified in *Section 212.009* of the *Texas Local Government Code*.

(1) PD Site Plan
(2) Open Space/Amenity Plan
(3) Final Plat

(c) *PD Site Plan.* A *PD Site Plan* covering all of the *Subject Property* shall be submitted and shall include a *Site Plan*, *Building Elevations*, *Treescape Plan*, *Landscape Plan* and a *Photometric Plan*. A *PD Site Plan* application may be processed by the City concurrently with an *Open Space/Amenity Plan* for the development.

(d) *Open Space/Amenity Plan.* An *Open Space/Amenity Plan* covering all of the *Subject Property* shall be submitted and shall include a detailed depiction of all proposed public and private amenities. An *Open Space/Amenity Plan* may be processed by the City concurrently with a *PD Site Plan Application* for the development.

(e) *Final Plat.* Prior to the issuance of any building permits, a *Final Plat* for the *Subject Property* shall be submitted for approval.

Section 6. That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars* ($2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

Section 7. That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

Section 8. The standards in this ordinance shall control in the event of a conflict between this ordinance and any provision of the Unified Development Code or any provision of the City

DRAFT ORDINANCE 01.17

Code, ordinance, resolution, rule, regulation, or procedure that provides a specific standard that is different from and inconsistent with this ordinance. References to zoning district regulations or other standards in the Unified Development Code (including references to the *Unified Development Code*), and references to overlay districts, in this ordinance or any of the Exhibits hereto are those in effect on the date this ordinance was passed and approved by the City Council of the City of Rockwall, Texas;

Section 9. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides;

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 6TH DAY OF MARCH, 2017.

_____
Jim Pruitt, *Mayor*

DRAFT ORDINANCE 01.31.2017

Exhibit 'A':
Legal Description

BEING a tract of land situated in the James M. Allen Survey, Abstract No. 2, City of Rockwall, Rockwall County, Texas; and being part of a tract of land described as Tract Three in General Warranty Deed without Title Examination to Pneuma Ventures , L.T.D. recorded in Volume 2924, Page 314 of the Official Public Records of Dallas County, Texas; and being more particularly described as follows:

BEGINNING at the northwest corner of Block C, Rockwall Technology Park, an addition to the City of Rockwall according to the plat recorded in Cabinet E, Page 329 of the Plat Records of Rockwall County, Texas and being in the south line of that tract of land described in Warranty Deed to The Hitt Family Limited Partnership recorded in Volume 1875, Page 238 of said Official Public Records;

THENCE with the west line of said Block C, South 1°33'45" East, a distance of 1767.79 feet the southwest corner of said Block C and being in the north right-of-way line of Discovery Boulevard (an 85-foot wide right-of-way) ;

THENCE with said north right-of-way line of Discovery Boulevard, the following courses and distances:

South 89°12'13" West, a distance of 687.07 feet to a point for corner;
North 45°47'47" West, a distance of 61.52 feet to a point for corner;
South 89°12'13" West, a distance of 35.13 feet to a point for corner;
South 44°12'13" West, a distance of 59.92 feet to a point at the beginning of a non-tangent curve to the right having a central angle of 21°45'33", a radius of 557.50 feet , a chord bearing and distance of North 75°37'03" West , 210.45 feet ;
In a northwesterly direction, with said curve to the right, an arc distance of 211.72 feet to a point at the beginning of a non-tangent curve to the left having a central angle of 5°25'19", a radius of 642.50 feet, a chord bearing and distance of North 67°28'57" West , 60.78 feet;
In a northwesterly direction, with said curve to the left, an arc distance of 60.80 feet to the southeast corner of a tract of land described as Parcel 1 in General Warranty Deed to Rockwall Downes Development , LLC recorded in Instrument No. 20150000005937 of said Official Public Records;

THENCE departing said north right-of-way line of Discovery Boulevard and with the east line of said Parcel 1 and the east line of Block E, Rockwall Downes Phase 1, an addition to the City of Rockwall according to the plat recorded in Cabinet I, Page 187 of said Plat Records, North 0°38'31" West, a distance of 1694.55 feet to the northeast corner of said Block E and in the south line of Lot 1, Block A, LaFon Subdivision, an addition to the City of Rockwall according to the plat recorded in Cabinet B, Page 42 of said Plat Records;

THENCE with the south line of said LaFon Subdivision, the south line of McKeown-Belaustegui Addition , an addition to the City of Rockwall according to the plat recorded in Cabinet E, Page 233 of said Plat Records and said south line of The Hitt Family Limited Partnership tract, North 89°36'02" East, a distance of 1038.82 feet to the **POINT OF BEGINNING** and containing 42.548 acres of land.

The bearings are based on a bearing of North 89°36'02" East for the north line of that tract of land described as Tract Three in the General Warranty Deed without Title Examination to Pneuma Ventures , LTD recorded in Volume 2924, Page 314 of the Official Public Records of Dallas County , Texas.

This document was prepared under 22 TAC §663.21, does not reflect the results of an on the ground survey , and is not to be used to convey or establish interests in real property except those rights and interests implied or established by the creation or reconfiguration of the boundary of the political subdivision for which it was prepared.

Development Standards

1. *Permitted Uses.* Unless specifically provided by this Planned Development ordinance, only those uses permitted within the Multi-Family 14 (MF-14) District, as stipulated by the *Permissible Use Charts* contained in Article IV, *Permissible Uses*, of the Unified Development Code (UDC), are allowed on the *Subject Property*.

2. *Unit Composition.* The unit composition for *Phases I & II* shall generally conform to the *Concept Plan* depicted in *Exhibit 'B'* and stated in *Tables 1A & 1B* below; however, in no case should the average net unit area decrease below 980 SF for *Phases I* & *II*. In addition, the minimum net unit area of the smallest unit shall not be decreased below 650 SF for *Phase I & II*.

Table 1A: Unit Composition for Phase I

Unit Name	Unit Type	Minimum Net Unit Area (SF)	Number of Units (#)	Total Area (SF)	Units as Percentage (%)
A1	One (1) Bedroom	650 SF	36	23,400 SF	11.08%
A2	One (1) Bedroom	750 SF	45	33,750 SF	13.85%
A3	One (1) Bedroom	850 SF	45	38,250 SF	13.85%
A4	One (1) Bedroom	900 SF	21	18,900 SF	6.46%
A5	Two (2) Bedrooms	975 SF	39	38,025 SF	12.00%
A6	Two (2) Bedrooms	1,075 SF	27	29,025 SF	8.31%
B1	Two (2) Bedrooms	1,125 SF	33	37,125 SF	10.15%
B2	Two (2) Bedrooms	1,175 SF	30	35,250 SF	9.23%
B3	Two (2) Bedrooms	1,225 SF	24	29,400 SF	7.38%
C1	Three (3) Bedrooms	1,460 SF	25	36,500 SF	7.69%
		Average Net Unit Area:		*983.46 SF*	
		Total Units:	*325*		*100.00%*

Table 1B: Unit Composition for Phase II

Unit Name	Unit Type	Minimum Net Unit Area (SF)	Number of Units (#)	Total Area (SF)	Units as Percentage (%)
A1	One (1) Bedroom	650 SF	36	23,400 SF	11.08%
A2	One (1) Bedroom	750 SF	45	33,750 SF	13.85%
A3	One (1) Bedroom	850 SF	45	38,250 SF	13.85%
A4	One (1) Bedroom	900 SF	21	18,900 SF	6.46%
A5	Two (2) Bedrooms	975 SF	39	38,025 SF	12.00%
A6	Two (2) Bedrooms	1,075 SF	27	29,025 SF	8.31%
B1	Two (2) Bedrooms	1,125 SF	33	37,125 SF	10.15%
B2	Two (2) Bedrooms	1,175 SF	30	35,250 SF	9.23%
B3	Two (2) Bedrooms	1,225 SF	24	29,400 SF	7.38%
C1	Three (3) Bedrooms	1,460 SF	25	36,500 SF	7.69%
		Average Net Unit Area:		*983.46 SF*	
		Total Units:	*325*		*100.00%*

3. *Density and Dimensional Requirements.* Unless specifically provided by this Planned Development ordinance, the development standards stipulated by the Multi-Family 14 (MF-14) District and the SH-205 By-Pass Overlay (SH205 BY-OV) District, as specified by Article V, *District Development Standards*, of the Unified Development Code are applicable to all development on the *Subject Property.* The maximum permissible density for the *Subject Property* shall not exceed *15.28* dwelling units per gross acre of land; however, in no case should the proposed development exceed *650* units. All lots shall conform to the standards depicted in *Table 2*, which is as follows:

DRAFT 6.5.2017

Table 2: Lot Dimensional Requirements

Minimum Lot Width	60'
Minimum Lot Depth	100'
Minimum Lot Area	10,000 SF
Minimum Lot Area/Unit	2,000 SF
Minimum Front Yard Building Setback	25'
Minimum Side Yard Building Setback	10'
Minimum Rear Yard Building Setback	10'
Minimum Separation Between Main Buildings	20'
Minimum Separation Between a Main Structure to an Accessory Structure	10'
Maximum Height [1]	60'
Maximum Lot Coverage	45%
Minimum Landscape	20%

General Notes:

[1]: The height of the building shall be measured from the average elevation of the finished grade along the front of the building to the highest point of the roof or parapet of the building if it is a flat, mansard or shed roof; or to the midpoint of the roof if it is gable, hip or gambrel roof.

4. *Parking and Loading Standards.* The minimum parking shall be as follows: (i) for one (1) bedroom and efficiency units a minimum of 1½ parking spaces per unit shall be provided; (ii) for two (2) bedroom units a minimum of two (2) parking spaces per unit shall be provided; and, (iii) for three (3) bedroom units a minimum of 2½ parking spaces per unit shall be provided. In addition, a minimum of 20% of the total parking requirement shall be covered parking spaces. Tandem parking spaces (*i.e. spaces in front of garages*) are *NOT* permitted.

5. *Building Standards.* The building elevations shall generally conform to the *Concept Building Renderings* depicted in *Exhibit 'D'* of this ordinance; however, these elevations are subject to change pending recommendations by the City's Architectural Review Board (ARB). In addition, all development on the subject property shall conform to the following building standards:

   (a) Masonry Requirements. The minimum masonry requirement for the exterior façades of all buildings shall be 90% (*excluding windows and doors*). For the purposes of this ordinance, the masonry requirement shall be limited to full width brick, natural stone, cultured stone and cast stone. Cementaceous fiberboard horizontal lap-siding (*e.g. HardiBoard or Hardy Plank*) and, stucco (*i.e. three [3] part stucco or a comparable -- to be determined by staff*) may be used for up to 70% of the exterior of the building; however, stucco may not be used within the first four (4) feet above grade on a façade visible from a public street or open space. A minimum of 20% stone natural or quarried is required on all building façades.

   (b) Roof Design Requirements. All buildings shall be designed such that no roof mounted mechanical equipment (*i.e. HVAC, satellite, vents, etc.*) shall be visible from any direction. *Note: Screening of mechanical equipment is necessary for all equipment regardless of location (i.e. roof mounted, ground mounted, or otherwise attached to the building and/or located on the site).*

   Screening of roof mounted mechanical equipment and/or other rooftop appurtenances shall be accomplished through the construction of an architectural feature, which is integral to the building's design and ensures that such equipment is not visible from adjacent public rights-of-way.

   (c) Architectural Requirements. All buildings shall be architecturally finished on all four (4) sides with the same materials, detailing and features. In addition, all buildings shall be subject to the architectural requirements of the SH-205 By-Pass Overlay (SH205 BY-

DRAFT ORDINANCE

OV) District contained in Section 6, *Overlay Districts*, of Article V, *District Development Standards*, of the Unified Development Code.

6. *Landscaping and Hardscaping Standards*.

   (a) *Landscape Requirements.* Landscaping shall be reviewed and approved with the *PD Site Plan*. All *Canopy/Shade Trees* planted within this development shall be a minimum of four (4) caliper inches in size and all *Accent/Ornamental/Under-Story Trees* shall be a minimum of four (4) feet in total height. The following tree species are approved for planting within this development:

      i) *Canopy/Shade Trees*. Afghan Pine, Bald Cypress, Bur Oak, Cedar Elm, Eastern Red Cedar, Homestead Elm, Lacebark Elm, Little Gem Magnolia, Live Oak, October Glory Maple, Red Oak, Texas Ash, Texas Red Oak.

      ii) *Accent/Ornamental/Under-Story Trees*. Desert Willow, Eastern Redbud, Eves Necklace, Mexican Buckeye, Possumhaw Holly, Shangtung Maple, Yaupon Holly.

   (b) *Landscape Buffers (Discovery Boulevard).* A minimum of a 20-foot landscape buffer shall be provided along the frontage of Discovery Boulevard, and shall incorporate a minimum of three (3) canopy and two (2) accent trees per 100-feet of linear frontage. The developer shall also be responsible for the construction of sidewalks along Discovery Boulevard.

   (c) *Parking Lot Landscaping.* All parking lot landscaping shall conform to the requirements of Article VII, *Landscape Standards*, of the Unified Development Code.

   (d) *Irrigation Requirements*. Irrigation shall be installed for all required landscaping located within common areas, landscape buffers and/or open space. Irrigation installed in these areas shall be designed by a Texas licensed irrigator or landscape architect.

   (e) *Hardscape.* Hardscape plans indicating the location of all sidewalks and trails shall be reviewed and approved with the *PD Site Plan* and/or *Opens Space/Amenity Plan*.

7. *Trash Receptacles.* Trash and recycling receptacles shall be four (4) sided, with eight (8) foot walls constructed and cladded with materials matching the primary structures, and have a self-latching gate. All trash and recycling receptacles shall be internal to the site and not be situated within any established building setbacks or landscape buffers.

8. *Open Space.* The development shall consist of a minimum of 20% open space (or a minimum of 8.5-acres), and generally conform to the *Concept Plan* contained in *Exhibit 'B'* of this ordinance. Floodplain acreage may count for up to 50% of the 20% open space requirement. All open space and floodplain shall be maintained as private open space by the owner/property management company.

9. *Screening Fence Standards*. Fences located along the perimeter of roadways, abutting open spaces, greenbelts and parks shall be required to be wrought iron or a tubular steel fence. Wrought iron/tubular steel fences can be a maximum of eight (8) feet in height. *No continuous solid screening walls shall be constructed adjacent to Discovery Boulevard.*

10. *Variances*. The variance procedures and standards for approval that are set forth in the Unified Development Code (UDC) shall apply to any application for variances to this ordinance.

RE: Letter of Explanation for Zoning Change Request for 463 H. Wallace Lane

Mr. Miller:

Please accept my request to rezone the property known as 463 H. Wallace Lane, a 5.192 acre tract of land situated in the W.W. Ford Survey, Tract 8-02, Abstract No. 80, City of Rockwall, Rockwall County, from Agricultural to Single-Family Estate 1.5. A zoning exhibit showing the entire parcel to be rezoned with legal description, proposed plat showing my intentions to subdivide the property and application with fee are included.

463 H. Wallace Lane is a 5.192 acre family owned property. My parents built their home in 1980 and plan to live out the remainder of their lives on the property. My parents and I are requesting to rezone the property from Agricultural to Single-Family Estate 1.5 with the intention of subdividing the property leaving 3.1 acres for my parents. After right-of-way dedication, the remaining 1.8 acres will be gifted to me so that I may build a home next door to my parent's existing home.

My parents are 80 years of age and are beginning to need some assistance with daily living. They do pretty well most days. However, in considering a plan for their long term care, their desire is to live out their years together in the home they built so long ago. As their only child, I would like to help them live out their lives on their own property. Living next to my parents is a good arrangement for us as they get to remain independent with my assistance (and possibly home health care when required) and I will have my own home with some privacy.

Thank you for your consideration.

Z2017-003 (Amendment to PD-7): Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 This case is for the approval of an amendment to Planned Development District 7 (PD-7) for the purpose of incorporating a 0.30-acre portion of land currently zoned Planned Development District 32 (PD-32) and amend the PD Development Standards stipulated by Ordinance No.'s 73-47, 82-36 & 87-11, being a 28.44-acre tract of land identified as a portion of Lot 7 and all of Lots 3, 4 & 5, Block A, the Harbor-Rockwall Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 7 (PD-7), and located at the southwest corner of the intersection of Lakefront Trail and Summer Lee Drive.
I.2 For questions or comments concerning this case please contact Ryan Miller in the Planning Department at (972) 772-6441 or email rcmiller@rockwall.com.
M.3 On all future submittals please include the case number (Z2017-003) in the lower right hand corner.
I.4 Please review the Draft Ordinance prior to the Planning & Zoning Meeting on January 31, 2017.
I.5 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that has been requested. Revisions for this case will be due to staff on February 7, 2017 by no later than 3:00 p.m.; however, staff encourages the applicant to submit revisions as soon as possible to give staff ample time to review the case prior to the February 14, 2017 Planning & Zoning Meeting.
I.6 The projected City Council dates for this case are projected to be: 1) February 20, 2017 [1st Reading], and 2) March 6, 2017 [2nd Reading].

PLANNED DEVELOPMENT NO. 7
LEGAL DESCRIPTION

BEING an approximate 28.426 acre tract of land situated in the 'The Harbor - Rockwall Addition', as recorded in the County of Rockwall, Texas and being more particularly described as follows:

BEGINNING at a point in the south right of way line of Summer Lee Dr and the northern most corner of the Signal Ridge Phase 1 Addition (NAD83, State Plane Coordinates, North Central Texas Zone 4202, N 7011675.79489, E 2588852.5848), said point being the **POINT OF BEGINNING**;

THENCE N.45°47'40"E., a distance of 38.13 feet to a point in the center of Summer Lee Dr;
THENCE N.46°20'07"W., a distance of 122.56 feet to the point of curve of a non-tangent curve to the right, of which the radius point lies N.41°25'48"E., a radial distance of 750.06 feet;
THENCE northerly along the arc, through a central angle of 98°01'21", a distance of 1,283.21 feet;
THENCE N.46°16'07"E., a distance of 427.09 feet;

CITY OF ROCKWALL

ORDINANCE NO. 17-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING PLANNED DEVELOPMENT DISTRICT 7 (PD-7) AND THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO INCORPORATE A 0.30-ACRE PORTION OF PLANNED DEVELOPMENT DISTRICT 32 (PD-32) INTO PLANNED DEVELOPMENT DISTRICT 7 (PD-7), AND GRANT A CHANGE IN ZONING FOR THE PURPOSE OF AMENDING *ORDINANCE NO. 73-47, 82-36 & 87-11*, BEING A 28.44-ACRE TRACT OF LAND IDENTIFIED AS A PORTION OF LOT 7 AND ALL OF LOTS 3, 4 & 5, BLOCK A, THE HARBOR-ROCKWALL ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE FULLY DESCRIBED HEREIN BY *EXHIBIT 'A'*; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS (*$2,000.00*) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City has received a request from Maria Bonilla of Winkelmann & Associations on behalf of the owner Jim Ziggler of PegasusAblon for the approval of an amendment to Planned Development District 7 (PD-7) for the purpose of incorporating a 0.30-acre portion of land currently zoned Planned Development District 32 (PD-32) into Planned Development District 7 (PD-7) and amending *Ordinance No.'s 73-47, 82-36 & 87-11*, being a 28.44-acre tract of land identified as a 0.30-acre portion Lot 7 and all of Lots 3, 4 & 5, Block A, the Harbor-Rockwall Addition, City of Rockwall, Rockwall County, Texas and more fully described in *Exhibit 'A'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that Planned Development District 7 (PD-7) [*Ordinance No.'s 73-47, 82-36 & 87-11*] and the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

NOW, THEREFORE, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

Section 1. That the approval of this ordinance shall supersede all requirements stipulated in *Ordinance No.'s 73-47, 82-36 & 87-11*;

Section 2. That the *Subject Property* shall be developed and used only in the manner and for the purposes authorized by this Planned Development District Ordinance and the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by granting this zoning change, and as maybe amended in the future;

DRAFT ORDINANCE 01.24.2017

Section 3. That development of the *Subject Property* shall generally be in accordance with the *PD Development Standards*, described in *Exhibit 'C'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'C'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

Section 4. That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars* ($2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

Section 5. That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

Section 6. The standards in this ordinance shall control in the event of a conflict between this ordinance and any provision of the Unified Development Code or any provision of the City Code, ordinance, resolution, rule, regulation, or procedure that provides a specific standard that is different from and inconsistent with this ordinance. References to zoning district regulations or other standards in the Unified Development Code (including references to the *Unified Development Code*), and references to overlay districts, in this ordinance or any of the exhibits hereto are those in effect on the date this ordinance was passed and approved by the City Council of the City of Rockwall, Texas;

Section 7. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides;

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 6TH DAY OF MARCH, 2017.

_____
Jim Pruitt, *Mayor*

ATTEST:

_____
Kristy Cole, *City Secretary*

APPROVED AS TO FORM:

_____
Frank J. Garza, *City Attorney*

DRAFT ORDINANCE 01.31.2017

Exhibit 'A':
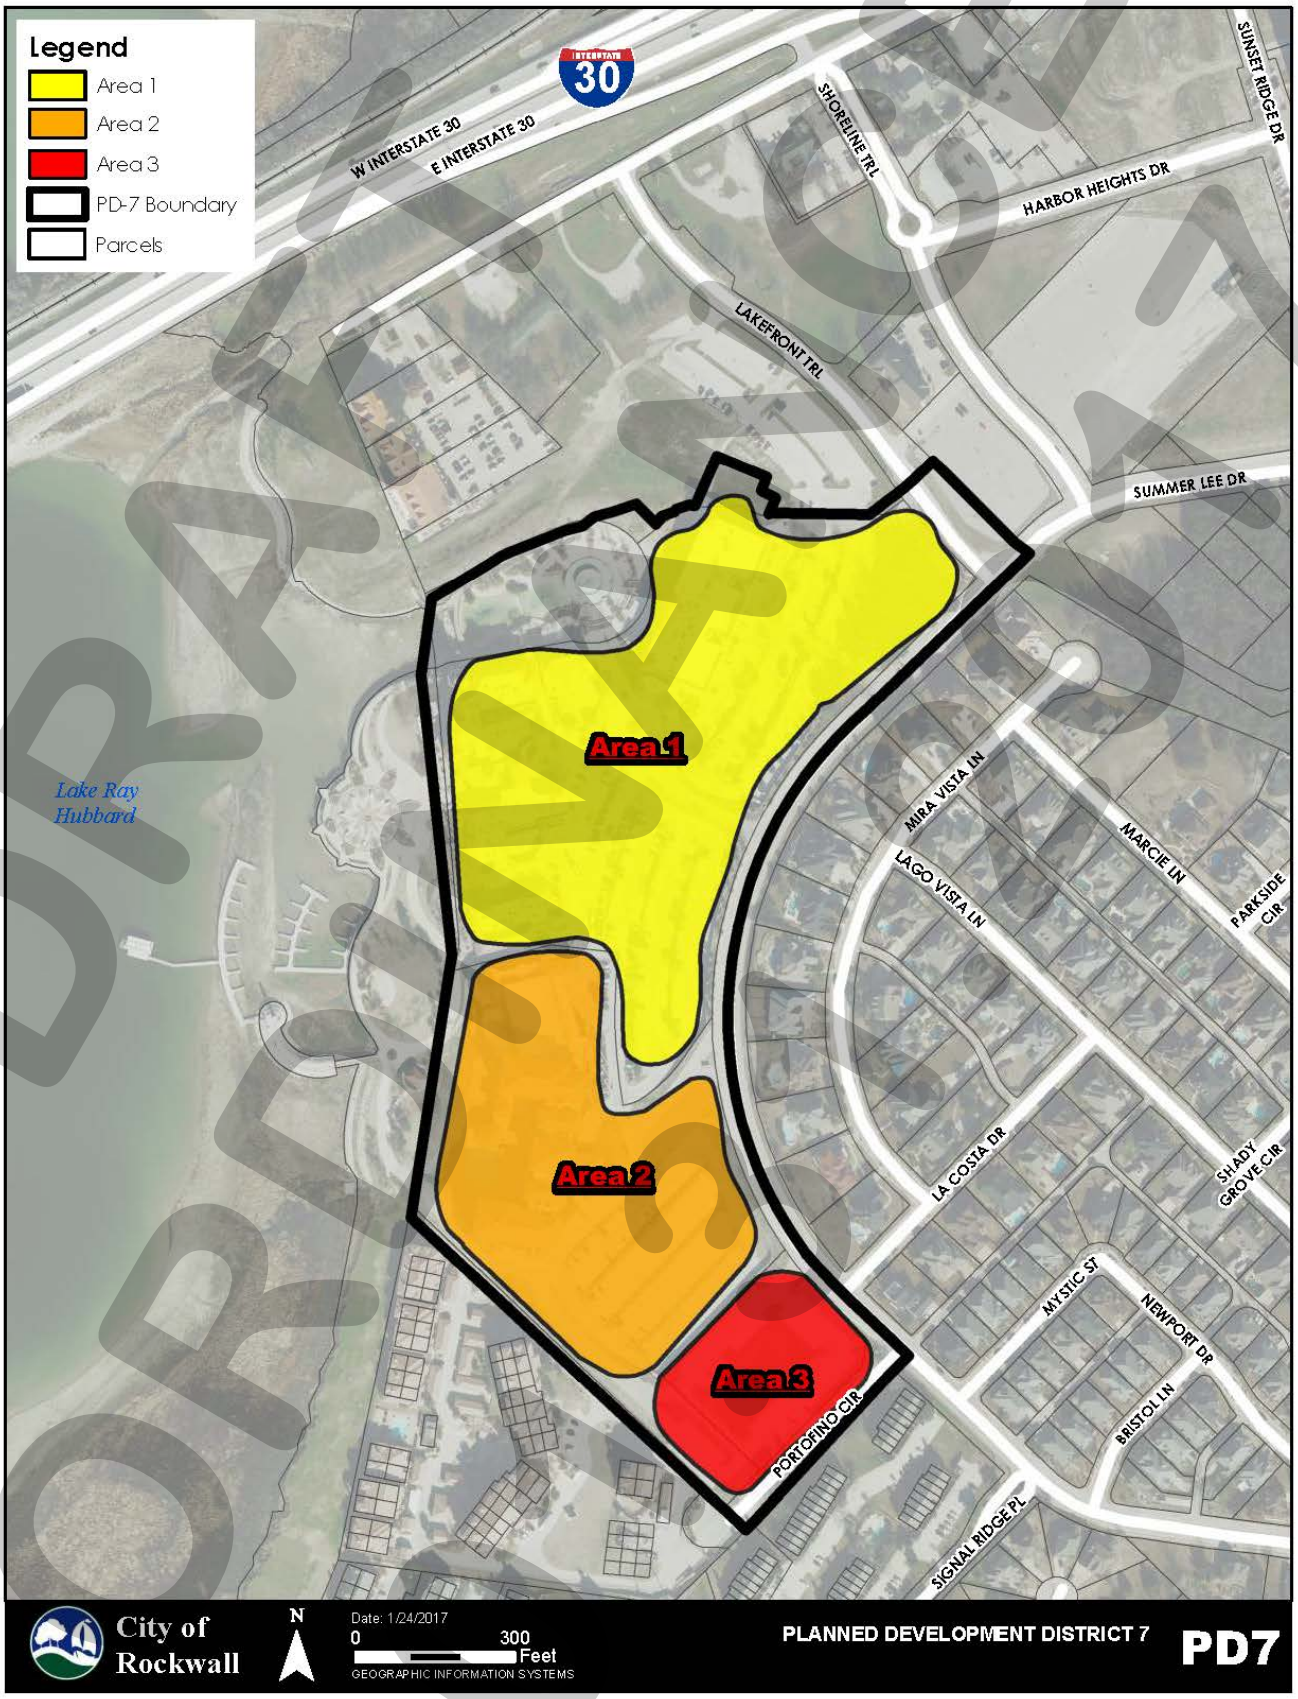
Survey

DRAFT 01.31.2017

Exhibit 'B':
Location Map/Concept Plan



DRAFT ORDINANCE

Exhibit 'C':
PD Development Standards

PD Development Standards.

(A) *Purpose and Intent of the Planned Development District.*

The purpose of Planned Development District 7 (PD-7) is to create a vibrant retail center consisting of unique entertainment, dining and retail land uses that are complementary and accessible to a resort style hotel, public lakefront, and the *Harbor Fountain*. This district is also intended to be an extension of the City's efforts to create a pedestrian-oriented mixed-use district (*i.e. Planned Development District 32 [PD-32]*) and a scenic eastern gateway into the City.

(B) *Procedures.*

(1) *PD Development Plans.* For *Areas 1, 2 & 3* all new development, development that represents a substantial change to existing buildings, and/or development that deviates from the site plan and building elevations contained in *Exhibits 'D' & 'E'* of this ordinance shall be subject to the approval of a PD Development Plan in accordance to the procedures established in Article X, *Planned Development Regulations*, of the Unified Development Code (UDC). The purpose of this PD Development Plan review is to allow the Planning and Zoning Commission and City Council to ensure the following:

(a) The proposed development meets the general intent of Planned Development District 7 (PD-7) as stated above; and,
(b) Will result in an improved project, which will be an attractive contribution to Planned Development District 7 (PD-7); and,
(c) Will not have a negative impact on adjacent properties or inhibit adjacent properties from meeting the requirements and intent of this Planned Development District.

To ensure that a proposed project meets these guidelines a concept plan, landscape plan and building elevations will be required to be submitted and reviewed by staff and the Planning and Zoning Commission. Upon recommendation by the Planning and Zoning Commission, the City Council shall review the proposed request and approve or deny the application based on the above criteria. In approving a PD Development Plan, the Planning and Zoning Commission may recommend and the City Council may impose conditions necessary to mitigate any identified negative impacts to adjacent properties, public streets and/or open spaces in order to safeguard the intent of Planned Development District 7 (PD-7).

(C) *Area 1: Lots 5 & 0.30-Acres of Lot 7, Block A, the Harbor-Rockwall Addition (i.e. the Harbor Retail) [~12.9747-Acres].*

(1) *Permitted Uses.* *Area 1* as depicted in *Exhibit 'B'* of this ordinance shall be subject to the development standards and land uses permitted in the General Retail (GR) District as stipulated by Article IV, *Permissible Uses*, and Article V, *District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by granting this zoning change, and as maybe amended in the future, with the following additions:

DRAFT ORDINANCE 04.17

Exhibit 'C':
PD Development Standards

Permitted By-Right. The following uses are permitted *by-right*:

- ☑ Restaurants w/ Outdoor Seating (*Must Conform with Resolution No. 11-25*)
- ☑ Full Service Hotel
- ☑ Theater
- ☑ Brewery or Distillery (*including Brew Pub*) [3]
- ☑ Winery [1]

Specific Uses. The following uses shall be permitted by Specific Use Permit:

- ☑ Marina
- ☑ Church/House of Worship [1]
- ☑ College, University or Seminary
- ☑ Public/Private School (*Primary or Secondary*) [1]
- ☑ Carnival, Circus or Amusement (*Temporary*) [1]
- ☑ Banquet Facility or Event Hall [2]
- ☑ Business School
- ☑ Satellite Dish [1]
- ☑ Antenna (*Accessory or Dish*) [1]
- ☑ Incidental Display [1]

Prohibited Uses. The following uses shall be prohibited:

- ☑ Motel
- ☑ Residence Hotel
- ☑ Residential Care Facility
- ☑ Assisted Living Facility
- ☑ Blood Plasma Doner Center
- ☑ Cemetery/Mausoleum
- ☑ Convalescent Care Facility/Nursing Home
- ☑ Congregate Care Facility/Elderly Housing
- ☑ Day Care
- ☑ Emergency Ambulance Services
- ☑ Group or Community Home
- ☑ Hospice
- ☑ Hospital
- ☑ Mortuary or Funeral Chapel
- ☑ Post Office, *Local Service*
- ☑ Public or Private School Temporary Education Building
- ☑ Social Service Provider
- ☑ Indoor Gun Club, Skeet or Target Range
- ☑ Astrologer, Hypnotist, or Psychic Art and Science
- ☑ Christmas Tree Sales Lot and Similar Uses (*Temporary*)
- ☑ Garden Supply/Plant Nursery
- ☑ Retail Store with Gasoline Product Sales (*Any Amount of Dispensers*)
- ☑ Trade School
- ☑ Automotive Repair Garage (*Minor*)
- ☑ Car Wash (*Self Service or Auto Detail*)
- ☑ Service Station
- ☑ Mining and Extractions (*Sand, Gravel Oil and Other*)
- ☑ Antenna (*Amateur Radio*)
- ☑ Radio Broadcasting
- ☑ Railroad Yard or Shop

Notes:
[1]: *Subject to any additional restrictions stipulated in the Unified Development Code (UDC).*
[2]: *Requires dedicated parking of one (1) space per 100 SF of building area.*
[3]: *Brewpubs shall be required to meet the Section 3.5, Alcoholic Beverage Sales, of Article IV, Permissible Uses, of the Unified Development Code (UDC).*

DRAFT ORDINANCE 01.31.2017

(2) *Density and Dimensional Requirements.* All development in *Area 1* as depicted in *Exhibit 'B'* of this ordinance shall generally conform to the approved site plan and building elevations depicted in *Exhibit 'D'* of this ordinance and be subject to the density and dimensional standards stipulated for properties within a General Retail (GR) District as required by Article V, *District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by granting this zoning change, and as maybe amended in the future.

(D) Area 2: Lot 4, Block A, the Harbor-Rockwall Addition (i.e. Hilton Hotel & Resort) [~8.9244-Acres].

(1) *Permitted Uses. Area 2* as depicted in *Exhibit 'B'* of this ordinance shall be subject to the development standards and land uses permitted in the General Retail (GR) District as stipulated by Article IV, *Permissible Uses*, and Article V, *District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by granting this zoning change, and as maybe amended in the future, with the following additions:

Permitted By-Right. The following uses are permitted *by-right*:

- ☑ Restaurants w/ Outdoor Seating (*Must Conform with Resolution No. 11-25*)

(1/18/2017 8:33 AM AW)
- Tie two corners to City of Rockwall monumentation (X and Y coordinates)
- LOMR to be approved by FEMA prior to any engineering submittal/permits (hasn't been submitted to FEMA yet?)
- 4% Engineering Inspection Fees
- Impact Fees
- TXDOT permits required
- Signal light modifications
- Off site easement required (cross access)
- Add note that the property owner will be responsible for maintaining, repair, and replacement of the detention/drainage systems
- Minimum utility easement width is 20'
- Label distances between driveways (measured from edge to edge)
- Detention/drainage easement limits and show
filing information
- Label and show 100 year floodplain with cross sections and elevations
- See markups

(1/18/2017 5:05 PM AA)
The required turning radius of a fire apparatus access road shall be in accordance with:
a) For buildings less than 30-feet and less than 3 stories in height:
i) 20-feet (inside) for turns less than or equal to 90 degrees
ii) 25-feet (inside) for turns greater than 90 degrees
b) For buildings 30-feet or more and/or 3 or more stories in height minimum interior turning radius of 30 feet.

RECOMMENDED FOR PRELIMINARY APPROVAL

Planning and Zoning Commission — Date

APPROVED FOR SUBMITTAL OF FINAL PLAT

Mayor, City of Rockwall — City Secretary — City Engineer

Label the right-of-way width and centerline

Please provide a Vicinity Map

Indicate all proposed land uses and existing/proposed zoning classifications.

The location of the development is required to be tied to a Rockwall monument, or tie 2 corners to State Plane Coordinated (NAD 83 State Plane Texas, North Central [7202], US Survey East)

Discuss and consider a request by Maria Bonilla of Winklemann & Associates on behalf of Jim Ziggler of PegasusAblon for the approval of an amended site plan for the expansion of the existing Cinemark 12 Rockwall movie theater being a 12.894-acre tract of land currently identified as Lot 5 and a portion of Lot 7, Block A, The Harbor-Rockwall Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), addressed as 2125 Summer Lee Drive, and take any action necessary.

PLANNING COMMENTS - DAVID GONZALES - 01.25.2017

All staff comments are to be addressed and resubmitted by Tuesday, February 7, 2017. Please provide three large copies [24" X 36" FOLDED] and one PDF version for a subsequent review by staff:

Planning Department General Comments to be addressed are as follows:

1. Adherence to Engineering and Fire Department standards shall be required.
2. Re-label revised site plan documents with "Case No. SP2017-006" at the lower right corner of each plan.
3. All exterior signage requires submittal and approval of a separate building permit through the building inspections department.

Please address the following Planning Comments for each plan submitted:

Site Plan:
1. Remove the "R" from the Lot descriptions (i.e. Lot 5R & Lot 7R) to read Lot 5, Block A & Lot 7, Block A. The City does not recognize "R" in lot numbers, rather a sequence of the lot numbers. The replat will recognize the lot number changes to Lots 8 & 9.
2. Reduce font size for coordinate information. Coordinates missing from left and right of page. Verify coordinates and correct page to where legible on page.
3. Verify Curve and Line Tables. Does not match what is on site plan.

Building Elevations:
1. Building materials are to match the existing structure.

The following are scheduled meeting dates that you and/or your representative(s) should attend regarding the PD Site Plan. If you have any quesitons regarding this case, please feel free to contact David Gonzales, AICP with thePlanning Department at 972-771-7745.

Meeting Dates to Attend:

Architectural Review Board: January 31, 2017 (5:00 p.m.) [Applicant to receive recommendations from ARB]

Planning - Work Session: January 31, 2017 (6:00p.m.) [Applicant to present case facts to P&Z]

Planning - Action: February 14, 2017 (6:00p.m.) [P&Z to take action (i.e. approve, approve with conditions, etc.)]

City Council - Action: February 20, 2017 (6:00 p.m.) [FOR VARIANCE & EXCEPTION REQUEST ONLY]

1. **Approval of Minutes** for the *January 31, 2017* Planning and Zoning Commission meeting.

2. **P2017-003** **(Korey)**
   Discuss and consider a request by Mike Swiercinsky of 7.1 Ridge, LLC for the approval of a preliminary plat for Lots 1-7, Block A, Sky-Ridge Addition being an 8.61-acre tract of land being identified as Tracts 4 & 19 of the E. P. G. Chisum Survey, Abstract No. 64, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the Scenic Overlay (SOV) District, generally located at the northwest corner of the intersection of Ridge Road [*FM-740*] and W. Yellow Jacket Lane, and take any action necessary.

3. **P2017-006** **(David)**
   Discuss and consider a request by Tim Seymore of Seymore Custom Homes, LLC for the approval of a final plat for Lot 3, Block B, 205 Business Park Addition being a 1.5-acre tract of land identified as Tract 2-20 of the J. R. Johnson Survey, Abstract No. 128, City of Rockwall, Rockwall County, Texas, zoned Heavy Commercial (HC) District, addressed as 424 National Drive, and take any action necessary.

4. **SP2017-004** **(Korey)**
   Discuss and consider a request by Jeff Carroll of Carroll Architects, Inc. on behalf of Gregg Murray pf Service King Collision Repair for the approval of a site plan amendment for an Auto Body Shop (i.e. Service King Collision Repair) on a 3.2039-acre tract of land described as Tract 7-01 of the J. Lockhart Survey, Abstract No. 134, City of Rockwall, Rockwall County, Texas, located at 1780 E IH-30, zoned Light Industrial (LI) District, situated within the IH-30 Overlay (IH-30 OV) District, and take any action necessary.

5. **SP2017-006** **(David)**
   Discuss and consider a request by Maria Bonilla of Winklemann & Associates on behalf of Jim Ziegler of PegasusAblon for the approval of an amended site plan for the expansion of the existing Cinemark 12 Rockwall movie theater being a 12.894-acre tract of land currently identified as Lot 5 and a portion of Lot 7, Block A, The Harbor-Rockwall Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 7 (PD-7) and Planned Development District 32 (PD-32), addressed as 2125 Summer Lee Drive, and take any action necessary.

6. **MIS2017-002** **(David)**
   Discuss and consider a request by John Arnold of the Skorburg Company for the approval of a tree mitigation plan for Stone Creek, Phase VIII being 102 single-family residential lots on a portion of a larger 91.139-acre tract of land identified as Tract 3 of the S. King Survey, Abstract No. 131, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 70 (PD-70) for Single Family-10 (SF-10) District land uses, generally located at the northwest corner of the intersection of Hay Road and E. Quail Run Road, and take any action necessary.

PUBLIC HEARING ITEMS

7. **Z2017-001** **(Ryan)**
   Hold a public hearing to discuss and consider a request by Terry Gwin of SWBC Real Estate, LLC on behalf of the owner Gene Lambreth of Pneuma Ventures, LTD for the approval of a zoning change from a Light Industrial (LI) District to a Planned Development District for a multi-family apartment complex on a 42.548-acre tract of land identified as Tract 1-4 of the J. M. Allen Survey, Abstract No. 2, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the SH-205 By-Pass Overlay (205 BY-OV) District, located east of the intersection of Discovery Boulevard and John King Boulevard, and take any action necessary.

8. **Z2017-002** **(Korey)**
   Hold a public hearing to discuss and consider a request by Lisa Wilck Palomba on behalf of Paul J. Wilck, Jr. for the approval of a zoning change from an Agricultural (AG) District to Single-Family Estate 2.0 (SFE-2.0) District on a 5.192-acre tract of land being identified as Tract 8-02 of the W. W. Ford Survey, Abstract No. 80, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, addressed as 463 H. Wallace Lane, and take any action necessary.

9. **Z2017-003** **(Ryan)**
   Hold a public hearing to discuss and consider a request by Maria Bonilla of Winklemann & Associates on behalf of Jim Ziegler of PegasusAblon for the approval of an amendment to Planned Development District 7 (PD-7) for the purpose of incorporating a 0.30-acre portion of land currently zoned Planned Development District 32 (PD-32) and amend the PD Development Standards stipulated by *Ordinance No.'s 73-47, 82-36 & 87-11*, being a 28.44-acre tract of land identified as a portion of Lot 7 and all of Lots 3, 4 & 5, Block A, the Harbor-Rockwall Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 7 (PD-7) & Planned Development District 32 (PD-32), located at the southwest corner of the intersection of Lakefront Trail and Summer Lee Drive, and take any action necessary.

ACTION ITEMS

10. **Z2016-033** **(Korey)**
    Discuss and consider a request by Himmat Chuhan on behalf of the owner Pastem Corporation for the approval of a Specific Use Permit (SUP) for the purpose of allowing a residence hotel in a Commercial (C) District that exceeds 36-feet in height in the Scenic Overlay (SOV) District for a 1.74-acre parcel of land identified as Lot 1, Block A, Comfort Inn & Suites Rockwall Towne Centre Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within IH-30 Overlay (IH-30 OV) and Scenic Overlay (SOV) Districts, addressed as 700 E. IH-30, and take any action necessary.

11. **Hold an election to elect a Chairman for the Planning and Zoning Commission.**

DISCUSSION ITEMS

12. **MIS2017-004** **(Amy)**
    Hold a public hearing to discuss and consider the approval of an ordinance adopting the City's Water and Wastewater Master Plans.

13. **Z2017-004** **(Ryan)**
    Hold a public hearing to discuss and consider a city initiated request to amend Section 4, *Specific Use Permits*, of Article IV, *Permissible Uses*, of the Unified Development Code for the purpose of establishing 1) general regulations for Specific Use Permits (SUP) issued upon the adoption of the proposed ordinance, 2) regulations relating to the abandonment, expiration and revocation of Specific Use Permits (SUP) and 3) an expiration period of one (1) year for all Specific Use Permits (SUP) and Conditional Use Permits (CUP) issued by the City that are inactive, abandon or pending.

14. Director's Report of post Council meeting outcomes of Planning & Zoning cases **(Ryan)**.

I, Laura Morales, Planning & Zoning Coordinator of the City of Rockwall, Texas, do hereby certify that this Agenda was posted at City Hall, in a place readily accessible to the general public at all times, on the 10th day of February, 2017 at 5:00 p.m., and remained so posted for at least 72 continuous hours preceding the scheduled time of said meeting.

MINUTES

PLANNING AND ZONING COMMISSION WORK SESSION

City Hall, 385 South Goliad, Rockwall, Texas
Council Chambers
January 31, 2017
6:00 P.M.

I. CALL TO ORDER

Chairman Renfro called the meeting to order at 6:00 p.m. The Commissioners present at the meeting were, Patrick Trowbridge, Sandra Whitley, Mark Moeller, Annie Fishman, Tracey Logan and Johnny Lyons. Staff members present were Planning Director, Ryan Miller, Senior Planner, David Gonzales, Planner, Korey Brooks, Planning Coordinator, Laura Morales, Civil Engineer, Jeremy White and Fire Marshall, Ariana Hargrove.

II. CONSENT AGENDA

1. Approval of Minutes for the December 27, 2017 Planning and Zoning Commission meeting.

2. Approval of Minutes for the January 10, 2017 Planning and Zoning Commission meeting.

3. P2017-001

Discuss and consider a request by Vinod Sharma of Little Genius of Texas, LLC for the approval of a final plat of Lot 1, Block A, Montessori School Addition being a of 2.288-acre tract of land identified as Tract 2-3 of the W. T. DeWeese Survey, Abstract No. 71, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 70 (PD-70) for Genera Retail (GR) District land uses, located at the southeast corner of FM-552 and Stone Creek Drive, and take any action necessary.

4. P2017-002

Discuss and consider a request by Clay Cristy of ClayMoore Engineering on behalf of CN Rockwall Investors, LLC for the approval of a replat for Lot 3, Block A, Briscoe/Hillcrest Addition being a 1.1084-acre tract of land currently identified as Lots 1 & 2, Block A, Briscoe/Hillcrest Addition and Tract 41-2 of the E. Teal Survey, Abstract No. 207, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), situated within the Summit Office Subdistrict and the IH-30 Overlay (IH-30 OV) District, located at the southwest corner of Horizon Road [*FM3097*] and the IH-30 frontage road, and take any action necessary.

5. P2017-004

Discuss and consider a request by Maria Bonilla of Winklemann & Associates on behalf of Jim Ziegler of PegasusAblon for the approval of a replat for Lots 8 & 9, Block A, The Harbor-Rockwall Addition being a 19.013-acre tract of land currently identified as Lots 5 & 7, Block A, The Harbor-Rockwall Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 7 (PD-7) and Planned Development District 32 (PD-32), situated within the IH-30 Overlay (IH-30 OV) District, located at the southwest corner of the intersection of Summer Lee Drive and Lakefront Trail, and take any action necessary.

6. P2017-005

Discuss and consider a request by Sarah Williamson of Kimley-Horn and Associates on behalf of Stone Creek SF LTD & Stone Creek Balance LTD for the approval of a final plat for Lots 1 & 2, Block A, Stone Creek Grocer being a replat of 0.733-acres identified as a portion of Lot 27, Block A, Stone Creek, Phase VII Addition and a final plat of 8.666-acres out of the S. King Survey, Abstract No. 131, City of Rockwall, Rockwall County, Texas, being a total of 9.399-acres, zoned Planned Development District 70 (PD-70), situated within the North SH-205 Overlay (N-SH205 OV) District, generally located at the northeast corner of the intersection of E. Quail Run Road and N. Goliad Street [*N. SH-205*], and take any action necessary.

7. SP2017-005

Discuss and consider a request by David Smith on behalf of Barbara Criswell for the approval of a site plan converting an existing single-family structure into a medical office building on a 0.344-acre tract of land described as Lot 2 of the Barnes Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses, situated within

the N. Goliad Corridor Overlay (NGC OV) District, addressed as 602 N. Goliad Street [*SH-205*], and take any action necessary.

8. MIS2016-012

Discuss and consider a request by John Arnold of BH Balance I LLC for the approval of an amended tree mitigation plan for Breezy Hill, Phase VI being 79 single-family residential lots on 32.020-acre portion of a larger 61.528-acre tract of land identified as Tract 7 of the J. Strickland Survey, Abstract No. 187, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 74 (PD-74) for Single Family 10 (SF-10) District land uses, generally located northeast of the intersection of N. John King Boulevard and Life Springs Drive, and take any action necessary.

Commissioner Lyons made a motion to approve the consent agenda. Commissioner Trowbridge seconded the motion which passed by a vote of 7-0.

III. APPOINTMENTS

9. Appointment with Architectural Review Board representative to receive the Board's recommendations and comments for items on the agenda requiring architectural review.

Architectural Review Board representative, Jerry Welch, gave a brief explanation of agenda items that were discussed at the ARB meeting.

IV. ACTION ITEMS

10. SP2016-034

Discuss and consider a request by Sarah Williamson of Kimley-Horn and Associates on behalf of Stone Creek SF LTD & Stone Creek Balance LTD for the approval of a PD site plan for a grocery store on 7.46-acres of land identified as a portion of a larger 164.812-acre tract of land identified as Tract 3 of the S. King Survey, Abstract No. 131, City of Rockwall, Rockwall County, Texas, being zoned Planned Development District 70 (PD-70), situated within the North SH-205 Overlay (N-SH205 OV) District, generally located at the northeast corner of the intersection of E. Quail Run Road and N. Goliad Street [N. SH-205], and take any action necessary.

Senior Planner, David Gonzales, gave brief explanation of request stating that the subject property is situated within the North SH-205 Overlay District and is generally located at the northwest corner of the intersection of E. Quail Run Road and N. Goliad Street. It sits north of where the Kroger and the CVS is located, and there is the City's fire station east of the subject property as well as Stone Creek Phase IV that is north and to the east Stoner Creek VII which is currently under development. Mr. Gonzales advised the Commission that they were provided an updated elevation that is different than what was provided in their packet and is what was presented to the ARB earlier in the evening. The difference is that they have included the stone for primarily the south elevation, and part of what ARB took a look at was the variance that would be going forward for the northeast and west elevations and those do not meet the minimum stone requirements that would get to the 20 percent. Also, based on the new elevations they show a calculation for secondary materials, that being the metal paneling of the roof on the west elevation. In looking at the curtain wall system the Code allows for glass or curtain wall systems to be considered as masonry therefore the applicant is being asked to give a recalculation and with that it may bring it under the 10 percent secondary material and if so a variance would not be required for the secondary materials, however until staff receives that calculation staff would like to move forward with that from the Commission in the event that the calculation does come back at 10 percent or 11 percent, that way it is already covered.

Mr. Gonzales went on to state that the proposed grocery store LIDL, is proposing a 35,962 SF grocery store on a 7.46-acre tract of land identified as a portion of a larger 164.812-acre tract of land, also a PD Development Plan which has gone to City Council after being approved by the Commission, and is going for a second reading before the City Council to approve the PD Development Plan and that is scheduled February 6th and must be approved prior to approval of this PD site plan. This has been added as a condition of approval and any approval by the Planning and Zoning Commission will constitute conditional approval.

Mr. Gonzales further explained that with the exception of the variances, the submitted site plan, building elevations, photometric, treescape and landscape plans conform to the technical requirements contained within the Unified Development Code and Planned Development District 70. The applicant has provided a treescape plan indicating a total of 428-caliper inches being removed from the site. Of the trees being removed the treescape plan indicates the removal of several feature trees, any pecan, elm, or oak, which are considered to be protected and require the approval of the Planning and Zoning Commission for removal. Replacement of a hardwood tree requires replacement on an inch-for-inch basis. The applicant's landscape plan depicts the provision of 56, three inch caliper trees leaving a mitigation balance of 260-caliper inches.

Mr. Gonzales stated that the applicant was present and he as well as the applicant are available for questions.

Chairman Renfro asked for questions for staff from the Commission.

Commissioner Trowbridge asked for clarification of what was being approved, is it the variance to the stone composition on the facades and that elevations presented do not meet the Overlay District requirement. Mr. Gonzalez stated the calculation has the total square footage, less any glass, windows and doors and being that it doesn't meet the 20 percent it requires the variance.

Chairman Renfro asked for further questions, with no more questions he brought the item back to the Commission for deliberation or action.

Commissioner Lyons made a motion to approve item SP2016-034, with staff recommendations. Commissioner Trowbridge seconded the motion and stated he wished to discuss it further.

Commissioner Trowbridge expressed concern with there being such a large delta with the stone component although he likes the modern design of the building but with the surrounding development in this area this would be unique to that and it would stand out and may not necessarily blend.

Chairman Renfro asked the applicant to come forward.

Kevin Gatsky
Kimbley- Horn and Associates
Dallas, TX

Mr. Gatsky came forward and stated that the south elevation has roughly 24 percent stone masonry on it, they didn't include stone to the north elevation because it is screened from the creek to the north and would not be seen since it is the back of the building. The east side which is the lower right elevation that faces the fire station to the east has a small piece of stone that wraps around from the south elevation and that is why they didn't continue the stone on the three columns because it faces east towards the fire station. There is also some stone on the front elevation which faces west that is wrapped on the right side column. Mr. Gatsky went on to explain that the percentages sometimes can be somewhat skewed, in looking at the front elevations if the glass and the roofing system is removed, it would be 19 percent of the remaining masonry is stone, however the City calculates it different.

Chairman Renfro asked the Commission what concerns they had from what is being presented as opposed to what was provided previously and after hearing the Architectural Review Boards recommendations.

Commissioner Lyons asked Commissioner Trowbridge if his concern was that it doesn't have enough stone or is the concern that it won't match the surrounding businesses. Commissioner Trowbridge stated he is being technical in the amount of stone, because similar developments in this Planned Development were closer in asking for variances and such and this request is a significantly different. His concern is how much technical variance should be allowed.

Chairman Renfro stated he felt confident in the Architectural Review Board's recommendation because it appears they felt it will be a development that will transition well with this particular area of the community.

Commissioner Logan asked staff if stucco would count as stone. Mr. Gonzales stated stucco is considered a masonry and as long as they don't exceed 50 percent, which they don't in this case, it does meet the Code requirement.

Chairman Renfro stated there was a motion on the table to approve and brought the item back to the Commission for a vote. The motion to approve passed by a vote of 6-1 with Commissioner Trowbridge dissenting.

11. SP2017-007

Discuss and consider a request by Brett Mashchak of Academy Sports + Outdoors on behalf of Tim Denker of Steger Dunhill, LLC for the approval of an amended site plan for an existing building situated on a 5.511-acre parcel of land identified as Lot 4, Block A, Steger Towne Crossing, Phase 1, Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District , situated within the IH-30 Overlay (IH-30 OV) and Scenic Overlay (SOV) Districts, addressed as 920 Steger Towne Drive, and take any action necessary.

Planning Director, Ryan Miller, gave a brief explanation of request stating the applicant is requesting approval of an amended site plan for the purpose of changing the existing building elevations for a building that is about 56,125 square feet. The building is better known as the old Sports Authority building and has now identified a new tenant and that tenant is asking to accommodate branding for an Academy Sports and Outdoors sporting goods store. Specifically the building is not being changed all that much most of it is aesthetic, color and painting, but they are squaring off the signage which increases the amount of EIFS, which will raise the total amount of EIFS on the front façade to 13.32%. According to both the IH-30 Overlay and Scenic Overlay Districts all exterior walls are to be 90% masonry with the remaining ten percent being permitted to be secondary materials. EIFS is not defined as a masonry material and as a result would be limited to ten percent of the buildings' façade. In this case, although it is a very minor change the applicant will require a variance to the secondary material requirements because it is going from complying to non-complying.

Mr. Miller stated the applicant was present and he as well as staff was available for questions.

Chairman Renfro asked the applicant to come forward.

Brett Mashchak
3557 Garden Ridge Way
Orlando, FL

Mr. Mashchak came forward and stated they are requesting to make slight modifications to the building for their signage. They look to get the project underway soon to get the building converted and ready to go as soon as possible and therefor would like to get the approval of the variance.

Chairman Renfro asked what timeline they were looking to get the project under way and completed. Mr. Mashchak stated they are hoping to get started around March to be completed by mid-summer.

Commissioner Lyons asked if they were planning on doing anything to the building's sides. Mr. Mashchak stated the only updates they are making to that would be to the colors, essentially the block walls that are existing would just be changed to their branding colors.

Commissioner Trowbridge made a motion to approve SP2017-007 with staff recommendations. Commissioner Fishman seconded the vote which passed by a vote of 7-0.

V. DISCUSSION ITEMS

12. Z2017-001

Hold a public hearing to discuss and consider a request by Terry Gwin of SWBC Real Estate, LLC on behalf of the owner Gene Lambreth of Pneuma Ventures, LTD for the approval of a zoning change from a Light Industrial (LI) District to a Planned Development District for a multi-family apartment complex on a 42.548-acre tract of land identified as Tract 1-4 of the J. M. Allen Survey, Abstract No. 2, City of

Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the SH-205 By-Pass Overlay (205 BY-OV) District, located east of the intersection of Discovery Boulevard and John King Boulevard, and take any action necessary.

Planning Director, Ryan Miller, stated the applicant was present and briefly explained that staff has drafted a preliminary ordinance which was provided in the Commissions packet, that outlines the requirements of the request.

Chairman Renfro asked the applicant to come forward.

Robert LaCroix
4517 Scenic Dr.
Rowlett, TX

Mr. LaCroix came forward and gave a brief explanation of some of the points on the subject property. In July of last year there was a previous application from a different developer that was approved by the Commission but was denied by City Council due to some issues they had. Some of the characteristics of the property are the substantial amount of floodplain within the property which limits what can be built on the property. Mr. LaCroix explained it is zoned Industrial and is adjacent to the Industrial Park but has a completely different characteristic than all the other properties that have been developed in the Industrial Park. The ability to develop on this property comes back to the floodplain splits the north end of it allowing only about 50 percent of gross land to be developed on it. Another characteristic that does not make it conducive to an Industrial use is the location; it is tucked behind Discovery Lane and is not readily visible. Mr. LaCroix went on to state that the concern when high density housing is discussed are the traffic concerns, but the uniqueness of this property is that is surrounded by thoroughfares and minor collectors that make access in and out of this property fairly easy and therefore there shouldn't be any traffic concerns even with the high intensity use. Another concern may be that the property is designated for Industrial use, but looking at the Future Land Use map, east of SH-276 there have already been hundreds of acres slated for Industrial use.

Mr. LaCroix went on to explain this is a new developer that has reduced the density from the last application that was before the Commission last July. It was at over 17 units per acre and the proposed density is now 15.2 units per acre and they have now utilized the open space more effectively on the property. They are trying to create a large buffer with the northern part where there is a residential community. The proposal is for two phases that will be identical 325 units on each side, with an average unit size of 1,000 square feet, the smallest being a one bedroom will be approximately 600 square feet, each phase will have its own amenities. Mr. LaCroix further stated that they reached out to the surrounding Industrial tenants and the feedback they received is that this type of high quality development is welcomed. They feel it will provide an option of living for those who want high quality living without making a permanent purchase of a home, or those who move into Rockwall and are transitioning before purchasing a home. Mr. LaCroix went on to state the applicant feels it is a transitional property and this use is the best use for this property.

Chairman Renfro made comment that what the previous developer was requesting, was to have the ability to change certain aspects of the property, will the new applicant be requesting the same. Mr. LaCroix stated both phases will be identical to each other.

Chairman Renfro asked what the rent rate is anticipated to be. Mr. LaCroix stated it will be approximately $50 a square foot, which is above market and is equivalent to a $250-300,000 home.

Commissioner Logan expressed concern with apartment complexes, while they do produce tax revenue; they typically are a larger drain to the tax base than they are a contributor. Mr. LaCroix state that would not be based on the sale tax, it would be an ad valorem tax. They will contribute to the City, and to the community with products and services they use and buy.

Commissioner Trowbridge stated that although he liked what they have brought forward with lowering the density, he expressed concern with the percentage of multi-family that Rockwall currently is, which is 13 percent, in comparison to other cities, and what adding to that would do

to that percentage considering there has already been 1,100 units approved throughout other areas in the City.

There being no further questions Chairman Renfro indicated the case will return to the Commission for action at the next scheduled meeting.

13. Z2017-002

Hold a public hearing to discuss and consider a request by Lisa Wilck Palomba on behalf of Paul J. Wilck, Jr. for the approval of a zoning change from an Agricultural (AG) District to Single-Family Estate 2.0 (SFE-2.0) District on a 5.192-acre tract of land being identified as Tract 8-02 of the W. W. Ford Survey, Abstract No. 80, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, addressed as 463 H. Wallace Lane, and take any action necessary.

Planner, Korey Brooks, stated the applicant was present and available for questions.

Chairman Renfro asked the applicant to come forward.

Lisa Wilck Palomba
502 Scenic Place
Heath, TX

Ms. Palomba came forward and stated her parents currently live on the property which is 5 acres. The goal is to subdivide it into two lots, her father would retain 3 acres and he would gift her the remaining 2 acres where she is planning on building a single family home for herself. She plans to take care of her parents as they get older and having the request approved would facilitate that. Ms. Palomba provided pictures of the footprint of the house she is planning on building.

There being no questions Chairman Renfro indicated the case will return to the Commission for action at the next scheduled meeting.

14. Z2017-003

Hold a public hearing to discuss and consider a request by Maria Bonilla of Winklemann & Associates on behalf of Jim Ziegler of PegasusAblon for the approval of an amendment to Planned Development District 7 (PD-7) for the purpose of incorporating a 0.30-acre portion of land currently zoned Planned Development District 32 (PD-32) and amend the PD Development Standards stipulated by *Ordinance No.'s 73-47, 82-36 & 87-11*, being a 28.44-acre tract of land identified as a portion of Lot 7 and all of Lots 3, 4 & 5, Block A, the Harbor-Rockwall Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 7 (PD-7) & Planned Development District 32 (PD-32), located at the southwest corner of the intersection of Lakefront Trail and Summer Lee Drive, and take any action necessary.

Planning Director, Ryan Miller, gave a brief explanation of request stating that the Harbor recently changed ownership and in part of getting the Harbor back in line, the applicant has asked staff to look at the zoning and revise the zoning. In looking at the original ordinance that currently regulates both the Harbor and the Hilton property therefor there are only two property owners in the entire PD. That ordinance was written in 1987 and is somewhat outdated and also a little vague. What is trying to be done with the new ordinance is spell out the way the property is being used today. The uses are tied to the General Retail District and what has been done is prohibited several of the uses that don't fit in the area and also included some changes to the District in terms of what requires a Specific Use Permit, the permitted uses was also increased. What the applicant is going for is an entertainment venue and some of those uses aren't permitted currently in the General Retail District but do fit the mold of what the applicant is proposing. Since it will be affecting the adjacent properties, staff did notify the Hilton and in order to move forward on their property with amending the zoning staff will need something from them stating that they are accepting of the zoning change.

Mr. Miller added that all that is changing is a couple of uses that will be permitted by right and those are spelled out in the ordinance that was provided to the Commission to review, and the rest are just cleaning the ordinance up. The only other aspect that is being done is requiring of a

PD Development Plan should any major changes happen within the District and that would be more to preserve the development scheme and ensure that neither property changes and impacts the other property.

Mr. Miller advised the Commission was present and he as well as staff were available for questions.

Chairman Renfro asked the applicant to come forward.

Jim Ziegler
6205 Wichita Trail
Flower Mound, TX

Mr. Ziegler came forward and stated he is managing director of Pegasus Ablon who has recently purchased The Harbor. They are excited to be part of the community and have a lot of great things that are going to happen at The Harbor. He added that during the time they were thinking of purchasing the property they met with Cinemark to discuss what their plans for the future were, and what came out of that was Cinemark's desire to expand the existing cinema with a remodel and an addition. As part of their purchase of The Harbor, they purchased an addition piece of land adjoining the Cinemark to allow for their expansion and that was in a different PD, which is what brought forth the request. He stated he is open to any questions the Commission may have.

Chairman Renfro asked what the plan was for parking once the Cinemark expansion is complete. Mr. Ziegler stated that concerning the parking, what they have heard from many people is that parking has been an issue but they feel that there is a lot of parking available and the issue is with the management currently in place. When they take over they plan on managing it better to decrease the current issues.

Mr. Miller added that there was a development agreement done that permitted The Harbor retail area to use 268 of the approximately 400 parking spaces that the City lot provides. Based on that, the applicant was able to defer their parking requirement and therefore any expansion of the cinema would be covered under that agreement and they are currently within their parking ratios and are in conformance.

Chairman Renfro asked if there were any plans in the future to go vertical parking. Mr. Ziegler stated there was a plan in the future if the owners of Lot 7 desire to develop that site. Mr. Miller added that the applicant has added 163 on street parking spaces that will be public parking within City right of way. As the District develops out more on street parking will be provided.

Chairman Renfro expressed concern with any trees being removed along Summer Lee Drive to provide additional parking because there are currently ribbons around several along that road. Mr. Ziegler stated they conducted a tree survey to understand what is currently there, they are considering possibly adding some parking along there but it would not mean they would be removing too many trees necessarily because parking would be more up against existing parking. The trees were tagged to identify the locations to see how they fit in an overall parking field to narrow the amount of trees that would need to be removed.

Chairman Renfro asked what the size of the Cinemark is currently and what they want to expand to. Mr. Ziegler stated they are currently 38,000 square feet and they want to add an additional 8,000 square feet.

Commissioner Trowbridge asked what the increase in theatres it will be when the addition to the Cinemark is complete. Mr. Ziegler stated it will be two theatres but what will actually happen in doing that the Cinemark will look to remodel the entire facility and in doing so will reduce the seat count because they will be going with the larger recliner type seats.

There being no further questions Chairman Renfro indicated the case will return to the Commission for action at the next scheduled meeting.

15. P2017-003

Discuss and consider a request by Mike Swiercinsky of 7.1 Ridge, LLC for the approval of a preliminary plat for Lots 1-7, Block A, Sky-Ridge Addition being an 8.61-acre tract of land being identified as Tracts

4 & 19 of the E. P. G. Chisum Survey, Abstract No. 64, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the Scenic Overlay (SOV) District, generally located at the northwest corner of the intersection of Ridge Road [*FM-740*] and W. Yellow Jacket Lane, and take any action necessary.

Planner, Korey Brooks, stated a representative of the applicant was present and available for question.

Bill Thomas
Engineering Concepts and Design
201 Windco
Wylie, TX

Mr. Thomas came forward and stated he was representing Mr. Swiercinsky on the preliminary plat to begin the infrastructure improvements such as drive approaches, relocating lights. They have had the hydrology worked out with the floodplain and have reclaimed enough land where it can be a viable retail commercial site. The intent is to get infrastructure started and they will be in coordination with TXDOT, there will be some additional field work that TXDOT will want to do between the road and what is currently graded. They are entering this preliminary plat in order to get started with engineering of just the perimeter improvements; no current site plan is planned at this time.

Chairman Renfro asked if the property was currently entitled for what they are proposing. Mr. Thomas stated the property and adjacent properties are zoned Commercial with the railroad tracks in the rear. Chairman Renfro asked if they would just be office pads on the front of the property. Mr. Thomas stated they would be retail, office pads.

There being no further questions Chairman Renfro indicated the case will return to the Commission for action at the next scheduled meeting.

16. SP2017-004
Discuss and consider a request by Jeff Carroll of Carroll Architects, Inc. on behalf of Gregg Murray pf Service King Collision Repair for the approval of a site plan amendment for an Auto Body Shop (i.e. Service King Collision Repair) on a 3.2039-acre tract of land described as Tract 7-01 of the J. Lockhart Survey, Abstract No. 134, City of Rockwall, Rockwall County, Texas, located at 1780 E IH-30, zoned Light Industrial (LI) District, situated within the IH-30 Overlay (IH-30 OV) District, and take any action necessary.

Planner, Korey Brooks, stated the applicant was present and available for questions.

Jeff Carroll
750 IH-30 Suite 110
Rockwall, TX

Mr. Carroll came forward and stated they were bringing the Service King elevations back to the Commission for changes they have made. They are reduced the front canopy as well as some general modifications that corporate wanted to go ahead and make starting with the Rockwall project. They were able to add more stone on the front and the percentages of stone and the CMU decorative block went up and they also reduced the amount of stucco and roofing.

Mr. Brooks provided pictures of the approved elevations and the revised elevations.

Commissioner Logan asked concerning the location of the smoke stacks. Mr. Carroll stated they were generally located in the middle of the building and were paint booth heat exhausts.

Mr. Brooks added that the ARB reviewed the revised elevations and made a recommendation to approve as submitted and since no changes are being made to the variances it will return on the consent agenda at the next scheduled meeting.

17. SP2017-006
Discuss and consider a request by Maria Bonilla of Winklemann & Associates on behalf of Jim Ziegler of PegasusAblon for the approval of an amended site plan for the expansion of the existing Cinemark 12

Rockwall movie theater being a 12.894-acre tract of land currently identified as Lot 5 and a portion of Lot 7, Block A, The Harbor-Rockwall Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 7 (PD-7) and Planned Development District 32 (PD-32), addressed as 2125 Summer Lee Drive, and take any action necessary.

Senior Planner, David Gonzales, stated the request is for a 7,400 square foot expansion of the Cinemark and the materials will match the existing building. The ARB reviewed the case and approved recommendation. Mr. Gonzales added that some discussion concerning site plan questions took place during agenda Item #14 that was for the zoning case pertaining to the subject property.

Mr. Miller added that this item will be on the consent agenda at the next scheduled meeting.

18. Director's Report of post Council meeting outcomes of Planning & Zoning cases.

- ✓ SP2016-032: Variances for Lake Pointe Church's Worship and Education Building [*Approved*]
- ✓ SP2017-001: Variance for Target Corporation [*Approved*]

Planning Director, Ryan Miller, **provided a brief update about the outcome of the above referenced case at the City Council meeting. No discussion took place concerning this agenda item.**

VI. ADJOURNMENT

Chairman Renfro adjourned the meeting at 7:22 p.m.

PASSED AND APPROVED BY THE PLANNING & ZONING COMMISSION OF THE CITY OF ROCKWALL, Texas, this _____ day of _____, 2017.

_____
Craig Renfro, Chairman

Attest:

_____
Laura Morales, Planning Coordinator

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 02/14/2017

APPLICANT: Mike Swiercinsky; *7.1 Ridge, LLC*

AGENDA ITEM: **P2017-003**; *Lots 1-7, Block A, Sky-Ridge Addition*

SUMMARY:

Discuss and consider a request by Mike Swiercinsky of 7.1 Ridge, LLC for the approval of a preliminary plat for Lots 1-7, Block A, Sky-Ridge Addition being an 8.61-acre tract of land being identified as Tracts 4 & 19 of the E. P. G. Chisum Survey, Abstract No. 64, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the Scenic Overlay (SOV) District, generally located at the northwest corner of the intersection of Ridge Road [FM-740] and W. Yellow Jacket Lane, and take any action necessary.

PLAT INFORMATION:

- ☑ The objective of this request is to preliminary plat a 8.61-acre tract of land [*i.e. Tract 4 & 19 of the E. P. G. Chisum Survey Abstract No. 64*] into 7 parcels of land [*i.e. Lots 1-7, Block A, Sky Ridge Addition*] for the purpose of establishing the necessary fire lane, utility, public access, detention, and drainage easements for the proposed seven (7) lots. The site is located at the intersection of Ridge Road [RM-740] and W. Yellow Jacket Lane and is zoned Commercial (C) District.

- ☑ On January 20, 2015, the City Council approved a Treescape Plan [MIS2014-018], which showed a total of 1,532 inches of required mitigation. This will be satisfied at the time of final platting. The applicant was approved to pay a lump sum of $111,262.

- ☑ In addition to the preliminary plat and utility service plan, the applicant has submitted a Traffic Impact Analysis (TIA). The TIA provides justification for the proposed additional access point off of Ridge Road.

- ☑ The surveyor has completed the majority of the technical revisions requested by staff, and this plat, conforming to the requirements for final plats as stated in the *Subdivision Ordinance* in the Municipal Code of Ordinances, is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

- ☑ Conditional approval of this preliminary plat by the City Council shall constitute approval subject to the conditions stipulated in the *Recommendation* section below.

- ☑ With the exception of the items listed in the *Recommendation* section of this case memo, this plat is in substantial compliance with the requirements of the Subdivision Ordinance in the Municipal Code of Ordinances.

RECOMMENDATIONS:

If the Planning and Zoning Commission chooses to approve the *preliminary plat* for *Lots 1-7, Block A, Sky-Ridge Addition,* staff would recommend the following conditions:

1) All technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat;

2) Any construction resulting from the approval of this *preliminary plat* shall conform to the requirements set forth by the Unified Development Code, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

- Tie two corners to City of Rockwall monumentation (X and Y coordinates)
- LOMR to be approved by FEMA prior to any engineering submittal/permits (hasn't been submitted to FEMA yet?)
- 4% Engineering Inspection Fees
- Impact Fees
- TXDOT permits required
- Signal light modifications
- Off site easement required (cross access)
- Add note that the property owner will be responsible for maintaining, repair, and replacement of the detention/drainage systems
- Minimum utility easement width is 20'
- Label distances between driveways (measured from edge to edge)
- Detention/drainage easement limits and show
filing information
- Label and show 100 year floodplain with cross sections and elevations
- See markups

The required turning radius of a fire apparatus access road shall be in accordance with:
a) For buildings less than 30-feet and less than 3 stories in height:
i) 20-feet (inside) for turns less than or equal to 90 degrees
ii) 25-feet (inside) for turns greater than 90 degrees
b) For buildings 30-feet or more and/or 3 or more stories in height minimum interior turning radius of 30 feet.

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 02/14/2017

APPLICANT: Tim Seymore of Seymore Custom Homes, LLC

AGENDA ITEM: **P2017-006;** *Lot 3, Block B, 205 Business Park Addition*

SUMMARY:

Discuss and consider a request by Tim Seymore of Seymore Custom Homes, LLC for the approval of a final plat for Lot 3, Block B, 205 Business Park Addition being a 1.5-acre tract of land identified as Tract 2-20 of the J. R. Johnson Survey, Abstract No. 128, City of Rockwall, Rockwall County, Texas, zoned Heavy Commercial (HC) District, addressed as 424 National Drive, and take any action necessary.

COMMENTS:

- ✓ The applicant is requesting approval of a final plat for the purpose of constructing a 4,980 sq. ft. building that will serve as an additional facility (*for office and storage purposes*) to an existing 4,800 sq. ft. building located at 242 National Drive. Also, a site plan (*i.e. SP2016-026*) was approved by the Planning and Zoning Commission on December 13, 2016. The City Council approved exceptions to the UDC for exterior finishes of the proposed building on December 19, 2016.

- ✓ The surveyor has completed the majority of the technical revisions requested by staff, and this plat, conforming to the requirements for replats as stated in the *Subdivision Ordinance* in the Municipal Code of Ordinances, is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

- ✓ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions listed in the *Recommendations* section below.

- ✓ With the exception of the items listed in the *Recommendation* section of this case memo, this plat is in substantial compliance with the requirements of the Subdivision Ordinance in the Municipal Code of Ordinances.

RECOMMENDATIONS:

If the Planning & Zoning Commission and City Council choose to approve the *replat* for *Lot 3, Block B, 205 Business Park Addition*, staff would recommend the following conditions of approval:

1) All staff comments provided by the Planning, Engineering and Fire Department must be addressed prior to the submittal of a building permit; and,

2) Any construction resulting from the approval of this final plat shall conform to the requirements set forth by the Unified Development Code, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING COMMENTS - DAVID GONZALES - 02.08.2017

Discuss and consider a request by Tim Seymore of Seymore Custom Homes, LLC for the approval of a final plat for Lot 3, Block B, 205 Business Park Addition being a 1.5-acre tract of land identified as Tract 2-20 of the J. R. Johnson Survey, Abstract No. 128, City of Rockwall, Rockwall County, Texas, zoned Heavy Commercial (HC) District, addressed as 424 National Drive, and take any action necessary.

The following staff comments are to be addressed and resubmitted no later than Tuesday, February 21, 2017. Please provide two FOLDED large copies [18" X 24"] and one PDF version for a subsequent review by staff:

1. Adherence to all Engineering and Fire Department standards shall be required.
2. Provide a label indicating "Case No. P2017-006" on the lower right corner on all pages of the revised plat.
3. Correct Title Block to read as follows:

Final Plat
205 Business Park Addition
Lot 3, Block B
Being a 1.50-Acre Tract of Land or 65,341 S.F
out of the J.R. Johnson Survey,
Abstract No. 128, Tract 2-20
City of Rockwall,
Rockwall County, Texas

4. Provide property owner information for all adjacent properties.
5. Correct language on page 2 (owners certificate) to reflect language consistent with the property being in Tract form since the original plat was vacated per your e-mail.
6. Correct the standard signature block on line one to read 'I hereby certify that the above...205 Business Park Addition, Lot 3, Block B, and addition to..."
7. Correct plat to read Lot 3 (NOT Lot 8)

** As a note and once the plat has been approved by the Planning and Zoning Commission and City Council, all staff comments are to be addressed and all revisions resubmitted and approved (by staff) prior to plat submittal on mylar for filing purposes. **

Meeting Dates to Attend (Since this plat request will be placed on the Consent Agenda for both the Planning and City Council meetings, it is not necessary for you to attend; however, staff would recommend that someone be present for the meetings. If you have any quesitons regarding this case, please feel free to contact David Gonzales, AICP with the Planning Department at 972-771-7745.

Planning - Consent Agenda: February 14, 2017 (6:00 p.m.)

OWNER'S CERTIFICATE
(Public Dedication)

STATE OF TEXAS
COUNTY OF ROCKWALL

WHEREAS TIM SEYMORE, BEING THE OWNER OF A TRACT OF land in the County of Rockwall, State of Texas, said tract being described as follows:

All that certain lot, tract or parcel of land situated in the J.R. JOHNSON SURVEY, ABSTRACT NO. 126, City of Rockwall, Rockwall County, Texas, and being Lot 3, Block B of ROCKWALL 205 BUSINESS PARK ADDITION, an Addition to the City of Rockwall, Rockwall County, Texas, according to the Plat thereof recorded in Cabinet C, Slide 8, of the Plat Records of Rockwall County, Texas., and being more particularly described as follows:

BEGINNING at 1/2" iron rod found for corner in the west right-of-way line of National Drive, a 60 foot right-of-wayr at the northeast corner of Lot 3, Block B;

THENCE S. 00 deg. 55 min. 21 sec. W. along said right-of-way line, a distance of 89.10 feet to a 1/2" iron rod found for corner;

THENCE in a southeasterly direction along a curve to the left having a central angle of 18°29'30", a radius of 380.00 feet, a tangent of 61.86 feet, a chord of S. 08 deg. 19 min. 29 sec. E., 122.11 feet, along said right-of-way line, an arc distance of 122.64 feet to a 1/2" iron rod found for corner at the southeast corner of Lot 3 and northeast corner of Lot 4, Block B;

THENCE S. 72 deg. 25 min. 53 sec. W. along the south line of Lot 3, a distance of 284.30 feet to a 1/2" iron rod found for corner at the southwest corner of Lot 3;

THENCE N. 00 deg. 55 min. 21 sec. E. a distance of 299.79 feet to a 1/2" iron rod found for corner at the northwest corner of Lot 3;

THENCE S. 89 deg. 04 min. 39 sec. E. along the north line of Lot 3, a distance of 250.00 feet to the POINT OF BEGINNING and containing 65,341 square feet or 1.50 acres of land.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS
COUNTY OF ROCKWALL

I the undersigned owner of the land shown on this plat, and designated herein as 205 BUSINESS PARK, LOT 8, BLOCK B, an Addition to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. I further certify that all other parties who have a mortgage or lien interest in the subdivision have been notified and signed this plat.

I understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same.

I also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of th eir respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maint aining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Roc kwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, sto rm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer an d/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as p rogress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

I further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; I , my successors and assigns hereby waive any claim, damage, or cause of action that I may have as a result of the dedication of exaction's made herein.

CITY CASE P17-

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 02/14/2017

APPLICANT: Jeff Carroll; *Carroll Architects, Inc.*

AGENDA ITEM: **SP2017-004**; *Service King Amended Site Plan*

SUMMARY:

Discuss and consider a request by Jeff Carroll of Carroll Architects, Inc. on behalf of Gregg Murray pf Service King Collision Repair for the approval of a site plan amendment for an Auto Body Shop (i.e. Service King Collision Repair) on a 3.2039-acre tract of land described as Tract 7-01 of the J. Lockhart Survey, Abstract No. 134, City of Rockwall, Rockwall County, Texas, located at 1780 E IH-30, zoned Light Industrial (LI) District, situated within the IH-30 Overlay (IH-30 OV) District, and take any action necessary.

PURPOSE AND BACKGROUND:

On March 7, 2016, the City Council approved Case No. Z2016-003 for a Specific Use Permit (SUP) [*Ordinance No. S-148*] to allow for outside storage for a major automotive repair facility (i*.e. Service King: Automotive Collision Repair Center*). On May 31, 2016, the Planning and Zoning Commission approved a site plan for a *major automotive repair facility* (*i.e. Service King: Automotive Collision Repair Center*) on the subject property. Additionally, the City Council approved variances to the rooftop mechanical screening requirement, materials standards, four-sided architecture, vertical and horizontal articulation, and stone requirements. Subsequently, the applicant has revised the building elevations which requires that the Architectural Review Board (ARB) review the proposed changes and make a recommendation to the Planning and Zoning Commission. On January 31, 2017, the ARB reviewed the proposed changes and recommended approval of the revised elevations to the Planning and Zoning Commission. The proposed changes do not increase the existing variances approved for the building. The subject property is located within the IH-30 Overlay (IH-30 OV) District, east of John King Boulevard, on the southern side IH-30 Frontage Road.

ARCHITECTURAL REVIEW BOARD (ARB):

On January 31, 2017, the Architectural Review Board (ARB) reviewed the proposed building elevations. The ARB recommended approval of the elevations as submitted by a vote of 6 to 0 with Board Member Strohmeyer absent.

RECOMMENDATIONS:

If the Planning & Zoning Commission chooses to approve the applicant's request then staff would recommend the following conditions of approval:

1) All comments provided by the Planning, Engineering and Fire Department must be addressed prior to the submittal of a building permit;

2) Any construction or building necessary to complete this *Site Plan Amendmen*t request must conform to the requirements set forth by the UDC, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with

all other applicable regulatory requirements administered and/or enforced by the state and federal government.

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 02/14/2017

APPLICANT: Maria Bonilla; *Winklemann & Associates*

AGENDA ITEM: **SP2017-006**; *Amended Site Plan - Cinemark Theater Expansion*

SUMMARY:

Discuss and consider a request by Maria Bonilla of Winklemann & Associates on behalf of Jim Ziegler of PegasusAblon for the approval of an amended site plan for the expansion of the existing Cinemark 12 Rockwall movie theater being a 12.894-acre tract of land currently identified as Lot 5 and a portion of Lot 7, Block A, The Harbor-Rockwall Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 7 (PD-7) and Planned Development District 32 (PD-32), addressed as 2125 Summer Lee Drive, and take any action necessary.

BACKGROUND AND PURPOSE:

The applicant is requesting the approval of an amended site plan for the purpose of constructing a 7,430 sq. ft. expansion to the existing 43,982 sq. ft. Cinemark Theater. As a note, an application for replat (*i.e. P2017-004*) was approved by the City Council on February 6, 2017. The replat abandoned two existing sewer easements and incorporate a portion of Lot 7 into Lot 5 to accommodate the expansion of the building. The proposed building elevations for the expansion will be consistent with the existing buildings' façade in terms of design and materials.

ARCHITECTURAL REVIEW BOARD (ARB):

On January 31, 2017, the Architectural Review Board's motion to forward a recommendation of approval to the Planning and Zoning Commission for the amended building elevations passed by a vote of 6 to 0, with Board member Strohmeyer absent.

RECOMMENDATIONS:

If the Planning & Zoning Commission chooses to approve the applicant's request then staff would recommend the following conditions of approval:

1) All comments provided by the Planning, Engineering and Fire Department must be addressed prior to the submittal of a building permit;

2) Any construction or building necessary to complete this *Site Plan amendment* request must conform to the requirements set forth by the UDC, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

Discuss and consider a request by Maria Bonilla of Winklemann & Associates on behalf of Jim Ziggler of PegasusAblon for the approval of an amended site plan for the expansion of the existing Cinemark 12 Rockwall movie theater being a 12.894-acre tract of land currently identified as Lot 5 and a portion of Lot 7, Block A, The Harbor-Rockwall Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), addressed as 2125 Summer Lee Drive, and take any action necessary.

PLANNING COMMENTS - DAVID GONZALES - 01.25.2017

All staff comments are to be addressed and resubmitted by Tuesday, February 7, 2017. Please provide three large copies [24" X 36" FOLDED] and one PDF version for a subsequent review by staff:

Planning Department General Comments to be addressed are as follows:

1. Adherence to Engineering and Fire Department standards shall be required.
2. Re-label revised site plan documents with "Case No. SP2017-006" at the lower right corner of each plan.
3. All exterior signage requires submittal and approval of a separate building permit through the building inspections department.

Please address the following Planning Comments for each plan submitted:

Site Plan:
1. Remove the "R" from the Lot descriptions (i.e. Lot 5R & Lot 7R) to read Lot 5, Block A & Lot 7, Block A. The City does not recognize "R" in lot numbers, rather a sequence of the lot numbers. The replat will recognize the lot number changes to Lots 8 & 9.
2. Reduce font size for coordinate information. Coordinates missing from left and right of page. Verify coordinates and correct page to where legible on page.
3. Verify Curve and Line Tables. Does not match what is on site plan.

Building Elevations:
1. Building materials are to match the existing structure.

The following are scheduled meeting dates that you and/or your representative(s) should attend regarding the PD Site Plan. If you have any quesitons regarding this case, please feel free to contact David Gonzales, AICP with thePlanning Department at 972-771-7745.

Meeting Dates to Attend:

Architectural Review Board: January 31, 2017 (5:00 p.m.) [Applicant to receive recommendations from ARB]

Planning - Work Session: January 31, 2017 (6:00p.m.) [Applicant to present case facts to P&Z]

Planning - Action: February 14, 2017 (6:00p.m.) [P&Z to take action (i.e. approve, approve with conditions, etc.)]

City Council - Action: February 20, 2017 (6:00 p.m.) [FOR VARIANCE & EXCEPTION REQUEST ONLY]

CITY OF ROCKWALL, TEXAS
MEMORANDUM

TO: Planning and Zoning Commission

FROM: David Gonzales, *Senior Planner*

CC: Ryan Miller, *Director of Planning and Zoning*

DATE: February 14, 2017

SUBJECT: MIS2017-002; *Tree Mitigation Plan (Stone Creek VIII)*

The applicant, John Arnold of the Skorburg Company, has submitted a *Tree Survey & Mitigation Plan* for Phase VIII of the Stone Creek Subdivision for the purpose of removing a protected tree. The *subject property* is zoned Planned Development District 70 (PD-70) and located at the northwest corner of the intersection of E. Quail Run Road and Hays Road.

The applicant has provided a tree survey identifying a single Hackberry tree that measures 15 caliper-inches and requires removal in order to develop the property. This is considered to be a protected tree and requires mitigation. According to the Unified Development Code (UDC) Hackberry trees that are eleven (11) inches dbh or larger, shall be replaced at fifty (50) percent of the total caliper inches being removed. The applicant is only required to mitigate for 7.5-caliper inches. Mitigation will be satisfied by planting two (2), three (3) inch trees on each of the 102 lots.

It should be noted that the approval of the applicant's request is a discretionary decision for the Planning and Zoning Commission.

.

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 02/14/2017

APPLICANT: Terry Gwin; *SWBC Real Estate, LLC*

AGENDA ITEM: **Z2017-001**; *SWBC at Rockwall*

SUMMARY:

Hold a public hearing to discuss and consider a request by Terry Gwin of SWBC Real Estate, LLC on behalf of the owner Gene Lambreth of Pneuma Ventures, LTD for the approval of a zoning change from a Light Industrial (LI) District to a Planned Development District for a multi-family apartment complex on a 42.548-acre tract of land identified as Tract 1-4 of the J. M. Allen Survey, Abstract No. 2, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the SH-205 By-Pass Overlay (205 BY-OV) District, located east of the intersection of Discovery Boulevard and John King Boulevard, and take any action necessary.

BACKGROUND & PURPOSE:

On February 17, 2017, the applicant submitted an application requesting to rezone the 42.50-acre subject property from a Light Industrial (LI) District to a Planned Development District for a multi-family apartment complex that will consist of a maximum of 650 units. The subject property, which was annexed into the City on December 3, 1985 by *Ordinance No. 85-69*, is located on the north side of Discovery Boulevard -- *east of the intersection of Discovery Boulevard and John King Boulevard* -- and is currently a vacant tract of land.

On August 15, 2017, the City Council denied a request (*i.e. Case No. Z2016-019*) to rezone the subject property from a Light Industrial (LI) District to a Planned Development District for a multi-family apartment complex. In accordance with the procedures of Section 8.3 of Article II, *Authority and Administrative Procedures*, of the Unified Development Code (UDC) -- *which restricts a similar application from being submitted for a period of one (1) year from the denial date* -- the applicant submitted a letter to the Planning and Zoning Commission requesting approval to refile an application on the grounds that their request constituted a substantial change from the denied request. Specifically, the applicant was proposing to reduce the number of units from 750 to 650 units, which reduced the density from 18 units/acre to 15.28 units/acre. On November 29, 2016, the Planning and Zoning Commission granted the request by a vote of 7-0.

ADJACENT LAND USES AND ACCESS:

The land uses adjacent to the subject property are as follows:

North: Directly north of the subject property is *Rockwall Mini Storage* (*9.90-acres*) and *Park Place RV* (*~4.978-acres*), which are situated within the IH-30 Overlay (IH-30 OV) District and are zoned Light Industrial (LI) District. Beyond these industrial uses is Interstate Highway 30 (IH-30).

South: Directly south of the subject property is Discovery Boulevard, which is identified as an M4U (*i.e. minor arterial, four [4] lane, undivided roadway*) on the City's *Master Thoroughfare Plan.* Beyond this arterial are four (4) tracts of land and one (1) parcel of land (i.e. *Peak Pediatric*) zoned Light Industrial (LI) District. South of these use is State Highway 276 (SH-276).

East: Directly east of the subject property is *Phase 1* of the Rockwall Economic Development Corporation's (REDC's) *Technology Park*. This includes an 8.480-acre parcel of land with a ~124,149 SF industrial building situated on it -- *which will be occupied by Pegasus Foods* -- and two (2) vacant tracts of land (*i.e. 1.860-acres & 5.268-acres*). All of these properties are zoned Light Industrial (LI) District.

West: Directly west of the subject property are *Phases 1 & 2* of the *Rockwall Downes Subdivision*, which are zoned Planned Development District 10 (PD-10) for single-family land uses and situated within the SH-205 By-Pass Corridor Overlay (SH 205 BY-OV) District. *Phase 1* consists of 34 single-family, residential lots and *Phase 2* will consist of 30 single-family, residential lots.

CHARACTERISTICS OF THE REQUEST:

Along with the application, the applicant has submitted a concept plan, conceptual building renderings and development standards for the proposed multi-family apartment complex. The concept plan shows that the proposed 650-unit development will consist of two (2), 325-unit phases that will be oriented in a typical *garden style apartment* complex. According to this plan, each phase will consist of nine (9) separate residential buildings, a pool area, and a minimum of 20% open space. In addition, 65.55% of the units will be one (1) bedroom units, 26.76% will be two (2) bedroom units, and 7.69% will be three (3) bedroom units. A summary of the proposed product type and unit composition for each phase of the development is as follows:

Table 1A: Unit Composition for Phase I & II

Unit Name	Unit Type	Minimum Net Unit Area (SF)	Number of Units (#)	Total Area (SF)	Units as Percentage (%)
A1	*One (1) Bedroom*	650 SF	36	23,400 SF	11.08%
A2	*One (1) Bedroom*	750 SF	45	33,750 SF	13.85%
A3	*One (1) Bedroom*	850 SF	45	38,250 SF	13.85%
A4	*One (1) Bedroom*	900 SF	21	18,900 SF	6.46%
A5	*One (1) Bedroom*	975 SF	39	38,025 SF	12.00%
A6	*One (1) Bedroom (+Study)*	1,075 SF	27	29,025 SF	8.31%
B1	*Two (2) Bedrooms*	1,125 SF	33	37,125 SF	10.15%
B2	*Two (2) Bedrooms*	1,175 SF	30	35,250 SF	9.23%
B3	*Two (2) Bedrooms*	1,225 SF	24	29,400 SF	7.38%
C1	*Three (3) Bedrooms*	1,460 SF	25	36,500 SF	7.69%
		Average Net Unit Area:		***983.46 SF***	
		Total Units:	***325***		***100.00%***

The above unit composition equates to an average unit size of 983.46 SF. Based on the size of the subject property and the number of units proposed, the requested density will be 15.28 units/acre. The highest density-zoning district that the City permits is the Multi-Family 14 (MF-14) District, which permits up to 14 units/acre. Since the applicant is proposing to rezone the subject property to a Planned Development District, additional density maybe requested of the City Council; however, this does remain a discretionary decision for the Planning and Zoning Commission and City Council. In addition, staff should note that the City Council does retain the authority to reduce the density of the request should they feel it is warranted. With this being said, the applicant's concept plan does appear to conform to all other density and dimensional requirements of the Multi-Family 14 (MF-14) District stipulated by the UDC.

Article VI, *Parking and Loading*, of the UDC stipulates that multi-family apartment complexes be parked as follows: 1) one (1) bedroom or efficiency units require 1½ parking spaces per unit, 2) two (2) bedroom units require two (2) parking spaces per unit, and 3) three (3) bedroom units require 2½ parking spaces per unit. This would translate to a total parking requirement of 557 -- *581 if you incorporate the club, which is required to be parked a 1/300 SF*. According to the applicant's concept plan the proposed development will be providing 407 uncovered parking spaces, 42 in attached garages, 108 covered parking spaces and 24 spaces for the club. This equates to a total of 581

parking spaces being provided. This represents a total of 25.82% covered parking spaces, which is in excess of the 20% covered parking required by the draft ordinance. In addition, the draft ordinance prohibits tandem parking spaces (*i.e. back-to-back parking spaces*).

The conceptual building elevations submitted by the applicant indicate that the buildings will be composed of 30% natural stone and 70% lap siding. According to the SH-205 By-Pass Overlay (205 BY-OV) District, "(t)he use of other cementaceous products (*e.g. stucco, HardiePlank, or similar materials approved by the building official*) shall be limited to 50% of the building's exterior finishes where it is deemed important as a design feature and where it will be applied under the highest standards for quality and durability …" In this case the subject property does not have direct frontage on to John King Boulevard; however, the general residential district standards have the same 50% requirement and would regulate the property if the overlay district standards did not apply. The approval of this Planned Development District would effectively be waiving this requirement. The proposed 30% natural stone exceeds the required 20% natural stone requirements stipulated by the SH-205 By-Pass Overlay (205 BY-OV) District. Staff has incorporated the conceptual building elevations into the *PD Ordinance*, and general conformance -- *pending recommendation by the Architectural Review Board (ARB)* -- has been made a requirement of site plan approval.

Staff has prepared a *draft ordinance* that includes all pertinent development standards and design guidelines based on the applicant's request. The *draft ordinance* is attached to this case memo for the Planning and Zoning Commission and City Council's review.

SUMMARY OF WAIVERS:

The following is a summary of all the requirements being requested with this Planned Development District that depart from the requirements of the UDC:

1) *Density*. The highest permitted density according to the UDC is 14 units/acre. The applicant is request a density of 15.28 units/acre, or an additional 1.28 units/acre.

2) *Masonry Requirements.* The UDC allows the exterior building façades of a multi-family building to be composed of up to 50% cementaceous materials. In this case, the applicant is proposing 70% HardiePlank lap siding, which is an increase of 20%.

CONFORMANCE WITH THE COMPREHENSIVE PLAN:

The Future Land Use Map, contained within the Comprehensive Plan, designates the subject property for *Technology/Light Industrial* land uses, which "…may include technology, research and development, office, and light industrial uses which may include light manufacturing and/or light assembly …" (*Land Use; Page 21*). The proposed development would require this designation to be changed to a *High Density Residential* designation, which according to the Comprehensive Plan is defined as any use that exceeds three (3) units per acre. In addition, the Comprehensive Plan states that "(h)igh density residential [*land uses*] should be used as a transitional use from commercial (or existing retail) use, or where it will serve as a logical extension of an existing high density development." (*Land Use; Page 17; Policy #9.e*) In this case, the proposed subject property and zoning change do appear to conform to the majority of the Comprehensive Plan's policies and guidelines with regard to the *High Density Residential* designation. In addition, the subject property is situated between the Rockwall Downes Subdivision (*i.e. a residential land use*) and the REDC Technology Park (*i.e. light industrial land uses*) and may serve as a logical transition between the two (2) uses. With this being said, the density being proposed and any change to the *Future Land Use Map* is a discretionary decision for the City Council. Should the City Council choose to approve the applicant's request, staff has included a condition of approval that would amend the Future Land Use Map to reflect the proposed change in land use from a *Technology/Light Industrial* designation to a *High Density Residential* designation.

NOTIFICATION:

On January 30, 2017, staff mailed 60 notices to property owners and residents within 500-feet of the subject property. Staff also emailed notices to the Lofland Farms and Meadow Creek Estates Homeowner's Associations (HOA), which are the only HOA's located within 1,500 feet of the subject property. Additionally, staff posted a sign on the subject property along Discovery Boulevard as required by the Unified Development Code (UDC). At the time this case memo was drafted staff had received two (2) email responses in opposition to the request.

RECOMMENDATIONS:

If the Planning and Zoning Commission chooses to recommend approval of the applicant's request to rezone the subject property from a Light Industrial (LI) District to a Planned Development District for an apartment complex, then staff would propose the following conditions of approval:

1) The applicant shall be responsible for maintaining compliance with the conditions contained within the *Planned Development District* ordinance;

2) By approving this zoning change, the City Council will effectively be approving changes to the Comprehensive Plan and Future Land Use Map. Specifically, this will change the designation of the subject property from a *Technology/Light Industrial* designation to a *High Density Residential* designation; and,

3) Any construction resulting from the approval of this *zoning change* shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

(1/18/2017 5:00 PM AA)
Multiple-family residential projects having more than 200 dwelling units shall be provided with two separate and approved fire apparatus access roads.

The two fire apparatus access roads shall be placed a distance apart equal to not less than one-half of the length of the maximum overall diagonal dimension of the property or area to be served, measured in a straight line between accesses.

Approved, unobstructed fire department access (fire lanes) shall be provided such that all portions of the exterior of the building shall be within 250-feet (as the hose lays) of a fire lane and/or other approved fire apparatus access roadway. The path of measurement shall be along a minimum of a ten feet (10') wide unobstructed pathway.

The required turning radius of a fire apparatus access road shall have a minimum interior turning radius of 30 feet.

Z2017-001 (SWBC at Rockwall [LI to PD]): Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 Hold a public hearing to discuss and consider a request for the approval of a zoning change from a Light Industrial (LI) District to a Planned Development District for a multi-family apartment complex on a 42.50-acre tract of land identified as Tract 1-4 of the J. M. Allen Survey, Abstract No. 2, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the SH-205 By-Pass Overlay (205 BY-OV) District, and located east of the intersection of Discovery Boulevard and John King Boulevard.
I.2 For questions or comments concerning this case please contact Ryan Miller in the Planning Department at (972) 772-6441 or email rcmiller@rockwall.com.
M.3 On all future submittals please include the case number (Z2017-001) in the lower right hand corner.
I.4 Please review the Draft Ordinance prior to the Planning & Zoning Work Session Meeting on January 31, 2017. Staff has provided recommendations concerning the proposed request. These recommendations have been highlighted in the draft ordinance and are not obligatory requirements.
I.5 If approved an open space master plan will need to be submitted with the final plat laying out all proposed amenities on the site. This will require a recommendation from the Parks Board prior to the submission of a final plat.
I.6 The Future Land Use Map contained within the Comprehensive Plan currently identifies this property as being designated for Technology/Light Industrial land uses. The proposed use requires the City Council to amend the Future Land Use Map to reflect a High Density Residential land use designation. This will be a condition of approval.
I.7 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that has been requested. Revisions for this case will be due to staff on February 7, 2017 by no later than 3:00 p.m.; however, staff encourages the applicant to submit revisions as soon as possible to give staff ample time to review the case prior to the February 14, 2017 Planning & Zoning Meeting.
I.8 The projected City Council dates for this case are projected to be: 1) February 20, 2017 [1st Reading], and 2) March 6, 2017 [2nd Reading].

Zoning PD Comment Response Letter

Building

Type A and B Units are required per 2015 IBC 1107.6.2

Response: Quantities of Type A and B units will be provided on site per the 2015 IBC 1107.6.2

Engineering

Up size existing 10" sanitary sewer to 15"

Response: noted

No building or filling in a flood plain

Response: all building and filling removed from on or inside the flood plain

Detention in this area won't be effective...need to move to other side of the flood plain. (see markup)

Response: Detention removed from the North West corner

Need 404 and wetland determination

Response: 404 document and wetland determination documents deferred per conversation between Ryan Miller and Mark Leon

Detention will only be allowed above normal water surface

Response: noted

Need to build connection with Phase 1 (see markup)

Response: Phase I and Phase II delineation revised to include connection during PH I construction

4% Engineering Inspection Fees
Response: noted

Impact Fees
Response: noted

Parking to be 20'x9'
Response: All surface parking complies

Need 10' access area along 100 year fully developed flood plain
Response: 10' access area provided

Fire

Multiple-family residential projects having more than 200 dwelling units shall be provided with two separate and approved fire apparatus access roads.
Response: two separate fire apparatus access roads per phase provided

The two fire apparatus access roads shall be placed a distance apart equal to not less than one-half of the length of the maximum overall diagonal dimension of the property or area to be served, measured in a straight line between accesses.
Response: due to the site being landlocked and only having access to a R.O.W. on the South property line all fire apparatus are located along Discovery Blvd

Approved, unobstructed fire department access (fire lanes) shall be provided such that all portions of the exterior of the building shall be within 250-feet (as the hose lays) of a fire lane and/or other approved fire apparatus access roadway. The path of measurement shall be along a minimum of a ten feet (10') wide unobstructed pathway.
Response: All buildings comply

The required turning radius of a fire apparatus access road shall have a minimum interior turning radius of 30 feet.
Response: All fire lane radii comply

Planning

Ryan Miller, Planning and Zoning

We strongly oppose the request for the zoning change for Case No.Z2017-001:SWBC at Rockwall.

My wife and I just purchased our new home in April of 2016 with the understanding that the property located directly behind our home was zoned Light Industrial, office warehouse type buildings, that would not significantly impede on our privacy as a home owner. If this area is allowed to be changed to multi family, we would be looking directly into two, three and possibly four story apartment buildings giving us no privacy in our own backyard.

This would also directly affect our property value and would possibly bring in individuals that have no respect for the property they are renting and to the surrounding properties owned by others.

We hope that you turn down this request.

Thank you for considering our opposition to this change.

Re: SWBC Class A Multi-Family Development; 42.548+/- acres of land situated to the east of John King Boulevard and Discovery Boulevard intersection and on the north side of Discovery Boulevard identified as Tract 1-4 of the J.M. Allen Survey, Abstract No. 2 within the City of Rockwall, Rockwall County, Texas

To the City of Rockwall,

SWBC Real Estate ("SWBC") currently has +/- 42.548 acres of land ("Subject Site") under contract for the future development of two high-end luxury multi-family properties. SWBC is planning to develop the Subject Site as a two-phase development, with the first phase consisting of 325 units on approximately 21.28 acres. At total build-out, the site is planned to have 2 new luxury properties with an average unit size of 983 square feet for both phases. The second phase is also planned to contain another 325 luxury units for an estimated total of 650 rental units (which is less than MF-16 zoning). See the attached site plan and proposed elevations.

The current zoning for the Subject Site is Light Industrial (LI) District. SWBC would like to have the Subject Site rezoned for the development of 2 high end multi-family properties.

Below are some of the main reasons we believe the Subject Site is appropriately suited for multi-family:

- Topography and Flood Plain Issues
- Low Supply of multi-family for the residents of Rockwall
- Higher real estate taxes for the City of Rockwall
- Appropriate buffer between current residential neighborhoods and the industrial park
- Better use of the natural vegetation and property amenities

Topography and Flood Plain

SWBC believes that the current industrial zoning of the Subject Site is not the best use for the site as the land has a significant amount of flood plain and topographic changes in elevation, which will make it difficult and expensive for industrial development. Multi-family will be better suited for this site, as the building footprints for multi-family are typically much smaller than industrial buildings, which will allow a multi-family developer to appropriately layout the smaller buildings, parking and driveways to overcome the obstacles on the site.

Low Supply of Multi-Family Properties

In studying the occupancy rates for the area, there seems to be a high demand for additional multi-family within the City of Rockwall. Currently Rockwall only has 5 multi-family properties (1980 and newer) within a 5-mile radius of the Subject Site with an average occupancy of 95%. Of these 5 multi-family properties, only 3 have been built within the past 10 years and zero of these current properties have been built within the past 5 years.

- Sixteen50 @ Lake Ray Hubbard is located several hundred yards to the west of the subject site – Built in 2009 – 96% occupied (as of January 2017)

The newest multi-family property within the City of Rockwall is Sonoma Court, which was built in 2011 (almost 6 years ago).

Real Estate Taxes

As of the 2016 tax value, the real estate taxes that are being paid for the Subject Site as vacant agricultural land is $50 per year. If the site were to be built out for new industrial buildings, the annual real estate taxes would be approximately $450,000. Upon completion of SWBC's luxury multi-family properties on this site, the real estate taxes for the two properties would be over $1.5 million per year.

Buffer Zone

The subject site will provide a nice buffer between the current industrial park (on the east side of the site) and the new residential neighborhoods adjacent to the subject site (on the west side of the subject site).

Current uses/zoning adjacent to the Subject Site:

- North - Industrial/Self Storage
- South - 15+ acres of vacant land zoned Industrial
- East - Industrial distribution center with additional vacant land for future industrial use
- West - 2 new single family developments that contain an oil & gas easement in between the Subject Site and these new residential neighborhoods

(1 block to the south of the subject site are numerous single family neighborhoods)

Natural Vegetation & Property Amenities

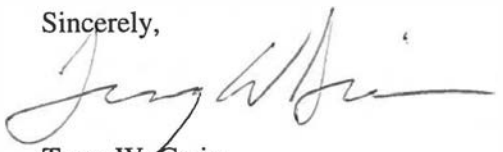
The northern portion of the Subject Site contains numerous acres of flood plain that is basically worthless to an industrial user, however a multi-family developer can save the natural vegetation of the flood plain area for recreational uses such as parks, ponds with water features and hike and bike trails.

In addition to the natural exterior amenities, SWBC is also planning to provide the tenants with luxurious amenities for each phase such as separate clubhouses, each having its own pool, fitness centers, game rooms, meeting/conference areas, and party rooms.

As outlined above, SWBC believes that the highest and best use for the Subject Site is a multi-family designation that will help to fulfill the shortage of high end rental units for the residents of Rockwall, while increasing the tax base for the city and utilizing the natural landscape of the land.

I appreciate your time, willingness to help and understanding.

Sincerely,



Terry W. Gwin

CITY OF ROCKWALL

ORDINANCE NO. 17-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO CHANGE THE ZONING FROM A LIGHT INDUSTRIAL (LI) DISTRICT TO PLANNED DEVELOPMENT DISTRICT XX (PD-XX) FOR A MULTI-FAMILY APARTMENT COMPLEX ON THE SUBJECT PROPERTY, BEING A 42.548-ACRE TRACT OF LAND IDENTIFIED AS TRACT 1-4 OF THE J. M. ALLEN SURVEY, ABSTRACT NO. 2, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE FULLY DESCRIBED HEREIN BY *EXHIBIT 'A'*; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City has received a request by Terry Gwin of SWBC Real Estate, LLC on behalf of the owner Gene Lambreth of Pneuma Ventures, LTD for the approval of a zoning change from a Light Industrial (LI) District to a Planned Development District for a multi-family apartment complex on a 42.548-acre tract of land identified as Tract 1-4 of the J. M. Allen Survey, Abstract No. 2, City of Rockwall, Rockwall County, Texas and more fully described in *Exhibit 'A'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

NOW, THEREFORE, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

Section 1. That the *Subject Property* shall be used only in the manner and for the purposes authorized by this Planned Development District Ordinance and the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by granting this zoning change, and as maybe amended in the future;

Section 2. That development of the *Subject Property* shall generally be in accordance with the *Planned Development Concept Plan*, described in *Exhibit 'B'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'B'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

Section 3. That development of the *Subject Property* shall generally be in accordance with the *Development Standards*, described in *Exhibit 'C'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'C'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

DRAFT ORDINANCE 02.17

Section 4. That development of the *Subject Property* shall generally be in accordance with the *Concept Building Elevations and Renderings*, contained in *Exhibit 'D'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'D'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

Section 5. That development of the *Subject Property* shall be in conformance with the schedule listed below (*except as set forth below with regard to simultaneous processing and approvals*).

(a) The procedures set forth in the City's subdivision regulations on the date this ordinance is approved by the City Council, as amended by this ordinance (*including Subsections 5(b) through 5(e) below*), shall be the exclusive procedures applicable to the subdivision and platting of the *Subject Property*.

(b) The following plans and plats shall be required in the order listed below (*except as set forth below with regard to simultaneous processing and approvals*). The City Council shall act on an application for an *Open Space Master Plan* in accordance with the time period specified in *Section 212.009* of the *Texas Local Government Code*.

(1) PD Site Plan
(2) Open Space/Amenity Plan
(3) Final Plat

(c) *PD Site Plan.* A *PD Site Plan* covering all of the *Subject Property* shall be submitted and shall include a *Site Plan*, *Building Elevations*, *Treescape Plan*, *Landscape Plan* and a *Photometric Plan*. A *PD Site Plan* application may be processed by the City concurrently with an *Open Space/Amenity Plan* for the development.

(d) *Open Space/Amenity Plan.* An *Open Space/Amenity Plan* covering all of the *Subject Property* shall be submitted and shall include a detailed depiction of all proposed public and private amenities. An *Open Space/Amenity Plan* may be processed by the City concurrently with a *PD Site Plan Application* for the development.

(e) *Final Plat.* Prior to the issuance of any building permits, a *Final Plat* for the *Subject Property* shall be submitted for approval.

Section 6. That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars* ($2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

Section 7. That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

Section 8. The standards in this ordinance shall control in the event of a conflict between this ordinance and any provision of the Unified Development Code or any provision of the City

DRAFT 06.14.2017

Code, ordinance, resolution, rule, regulation, or procedure that provides a specific standard that is different from and inconsistent with this ordinance. References to zoning district regulations or other standards in the Unified Development Code (including references to the *Unified Development Code*), and references to overlay districts, in this ordinance or any of the Exhibits hereto are those in effect on the date this ordinance was passed and approved by the City Council of the City of Rockwall, Texas;

Section 9. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides;

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 6TH DAY OF MARCH, 2017.

		Average Net Unit Area:		*983.46 SF*	
		Total Units:	*325*		*100.00%*

3. *Density and Dimensional Requirements.* Unless specifically provided by this Planned Development ordinance, the development standards stipulated by the Multi-Family 14 (MF-14) District and the SH-205 By-Pass Overlay (SH205 BY-OV) District, as specified by Article V, *District Development Standards*, of the Unified Development Code are applicable to all development on the *Subject Property.* The maximum permissible density for the *Subject Property* shall not exceed *15.28* dwelling units per gross acre of land; however, in no case should the proposed development exceed *650* units. All lots shall conform to the standards depicted in *Table 2*, which is as follows:

DRAFT 03.14.2017

Table 2: Lot Dimensional Requirements

Minimum Lot Width	60'
Minimum Lot Depth	100'
Minimum Lot Area	10,000 SF
Minimum Lot Area/Unit	2,000 SF
Minimum Front Yard Building Setback	25'
Minimum Side Yard Building Setback	10'
Minimum Rear Yard Building Setback	10'
Minimum Separation Between Main Buildings	20'
Minimum Separation Between a Main Structure to an Accessory Structure	10'
Maximum Height [1]	60'
Maximum Lot Coverage	45%
Minimum Landscape	20%

General Notes:

[1]: The height of the building shall be measured from the average elevation of the finished grade along the front of the building to the highest point of the roof or parapet of the building if it is a flat, mansard or shed roof; or to the midpoint of the roof if it is gable, hip or gambrel roof.

4. *Parking and Loading Standards.* The minimum parking shall be as follows: (i) for one (1) bedroom and efficiency units a minimum of 1½ parking spaces per unit shall be provided; (ii) for two (2) bedroom units a minimum of two (2) parking spaces per unit shall be provided; and, (iii) for three (3) bedroom units a minimum of 2½ parking spaces per unit shall be provided. In addition, a minimum of 20% of the total parking requirement shall be covered parking spaces. Tandem parking spaces (*i.e. spaces in front of garages*) are *NOT* permitted.

5. *Building Standards.* The building elevations shall generally conform to the *Concept Building Renderings* depicted in *Exhibit 'D'* of this ordinance; however, these elevations are subject to change pending recommendations by the City's Architectural Review Board (ARB). In addition, all development on the subject property shall conform to the following building standards:

   (a) Masonry Requirements. The minimum masonry requirement for the exterior façades of all buildings shall be 90% (*excluding windows and doors*). For the purposes of this ordinance, the masonry requirement shall be limited to full width brick, natural stone, cultured stone and cast stone. Cementaceous fiberboard horizontal lap-siding (*e.g. HardiBoard or Hardy Plank*) and, stucco (*i.e. three [3] part stucco or a comparable -- to be determined by staff*) may be used for up to 70% of the exterior of the building; however, stucco may not be used within the first four (4) feet above grade on a façade visible from a public street or open space. A minimum of 20% stone natural or quarried is required on all building façades.

   (b) Roof Design Requirements. All buildings shall be designed such that no roof mounted mechanical equipment (*i.e. HVAC, satellite, vents, etc.*) shall be visible from any direction. *Note: Screening of mechanical equipment is necessary for all equipment regardless of location (i.e. roof mounted, ground mounted, or otherwise attached to the building and/or located on the site).*

   Screening of roof mounted mechanical equipment and/or other rooftop appurtenances shall be accomplished through the construction of an architectural feature, which is integral to the building's design and ensures that such equipment is not visible from adjacent public rights-of-way.

   (c) Architectural Requirements. All buildings shall be architecturally finished on all four (4) sides with the same materials, detailing and features. In addition, all buildings shall be subject to the architectural requirements of the SH-205 By-Pass Overlay (SH205 BY-

DRAFT ORDINANCE 07-XX

OV) District contained in Section 6, *Overlay Districts*, of Article V, *District Development Standards*, of the Unified Development Code.

6. *Landscaping and Hardscaping Standards*.

   (a) *Landscape Requirements.* Landscaping shall be reviewed and approved with the *PD Site Plan*. All *Canopy/Shade Trees* planted within this development shall be a minimum of four (4) caliper inches in size and all *Accent/Ornamental/Under-Story Trees* shall be a minimum of four (4) feet in total height. The following tree species are approved for planting within this development:

      i) *Canopy/Shade Trees*. Afghan Pine, Bald Cypress, Bur Oak, Cedar Elm, Eastern Red Cedar, Homestead Elm, Lacebark Elm, Little Gem Magnolia, Live Oak, October Glory Maple, Red Oak, Texas Ash, Texas Red Oak.

      ii) *Accent/Ornamental/Under-Story Trees*. Desert Willow, Eastern Redbud, Eves Necklace, Mexican Buckeye, Possumhaw Holly, Shangtung Maple, Yaupon Holly.

   (b) *Landscape Buffers (Discovery Boulevard).* A minimum of a 20-foot landscape buffer shall be provided along the frontage of Discovery Boulevard, and shall incorporate a minimum of three (3) canopy and two (2) accent trees per 100-feet of linear frontage. The developer shall also be responsible for the construction of sidewalks along Discovery Boulevard.

   (c) *Parking Lot Landscaping.* All parking lot landscaping shall conform to the requirements of Article VII, *Landscape Standards*, of the Unified Development Code.

   (d) *Irrigation Requirements*. Irrigation shall be installed for all required landscaping located within common areas, landscape buffers and/or open space. Irrigation installed in these areas shall be designed by a Texas licensed irrigator or landscape architect.

   (e) *Hardscape.* Hardscape plans indicating the location of all sidewalks and trails shall be reviewed and approved with the *PD Site Plan* and/or *Opens Space/Amenity Plan*.

7. *Trash Receptacles.* Trash and recycling receptacles shall be four (4) sided, with eight (8) foot walls constructed and cladded with materials matching the primary structures, and have a self-latching gate. All trash and recycling receptacles shall be internal to the site and not be situated within any established building setbacks or landscape buffers.

8. *Open Space.* The development shall consist of a minimum of 20% open space (or a minimum of 8.5-acres), and generally conform to the *Concept Plan* contained in *Exhibit 'B'* of this ordinance. Floodplain acreage may count for up to 50% of the 20% open space requirement. All open space and floodplain shall be maintained as private open space by the owner/property management company.

9. *Screening Fence Standards*. Fences located along the perimeter of roadways, abutting open spaces, greenbelts and parks shall be required to be wrought iron or a tubular steel fence. Wrought iron/tubular steel fences can be a maximum of eight (8) feet in height. *No continuous solid screening walls shall be constructed adjacent to Discovery Boulevard.*

10. *Variances*. The variance procedures and standards for approval that are set forth in the Unified Development Code (UDC) shall apply to any application for variances to this ordinance.

DRAFT ORDINANCE 01-17

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 02/14/2017

APPLICANT: Lisa Wilck Palomba

AGENDA ITEM: **Z2017-002**; *463 H. Wallace Lane (AG to SFE-2.0)*

SUMMARY:

Hold a public hearing to discuss and consider a request by Lisa Wilck Palomba on behalf of Paul J. Wilck, Jr. for the approval of a zoning change from an Agricultural (AG) District to Single-Family Estate 2.0 (SFE-2.0) District on a 5.192-acre tract of land being identified as Tract 8-02 of the W. W. Ford Survey, Abstract No. 80, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, addressed as 463 H. Wallace Lane, and take any action necessary.

PURPOSE:

The subject property is a 5.192-acre tract of land identified as Tract 8-02 of the W. W. Ford Survey, Abstract No. 80, City of Rockwall, Rockwall County, Texas. The applicant is requesting to rezone the property from an Agricultural (AG) District to a Single-Family Estate 2.0 (SFE-2.0) District for the purpose subdividing the property into two (2) parcels and building a home. Currently, there is an existing single-family home situated on the subject property. According to Section 2.1 *Agriculture (AG) District* of Article V, *District Development Standards*, of the Unified Development Code (UDC), a single-family dwelling is allowed on any Agriculture (AG) District zoned property that is more than ten (10) acres. Since the subject property will be less than ten (10) acres after subdividing, the tract will need to be rezoned.

According to the UDC, the minimum lot yard frontage in the SFE-2.0 District is 150-feet. While Lot 1 will have the required frontage, Lot 2 will not, therefore the applicant requested a variance to lot frontage from the Board of Adjustments. On January 12, 2017, the Board of Adjustments approved a variance [*Order No. BOA 2017-1-V*] to reduce the lot frontage from 150-feet to 100-feet on Lot 2.

ADJACENT PROPERTIES ZONING DISTRICTS:

The zoning adjacent to the subject property is as follows:

North: North of the subject property is H. Wallace Lane, which is identified as a *Minor Collector* on the Master Thoroughfare Plan. Beyond this is vacant land and is zoned Agriculture (AG) District.

South: South of the subject property are several single-family homes that are zoned Agriculture (AG) District. Beyond this is FM-549, which is identified as a *TxDOT4D* on the Master Thoroughfare Plan.

East: East of the subject property is a single-family home that is zoned Agriculture (AG) District.

West: West of the subject property is a single-family home that is zoned SFE-2.0.

CONFORMANCE WITH THE COMPREHENSIVE PLAN:

The Future Land Use Map, adopted with the Comprehensive Plan, designates the subject property for *Low Density Residential* land uses, which is defined as less than two (2) single-family units per acre. This designation is in conformance with the applicant's request to rezone the subject property to an SFE-2.0 District.

NOTIFICATION:

On January 30, 2017, staff mailed thirteen (13) notices to property owners within 500-feet of the subject property. Also, staff notified the Oaks of Buffalo Way HOA which is the only HOA within 1,500-feet of the subject property and participating in the notification program. Additionally, staff posted a sign on the property as required by the Unified Development Code (UDC). At the time this report was drafted, staff has received two (2) notices in opposition of this request.

1. Please make Lot 2 2-acres (already addressed).
2. Please ensure that each lot meets 25-foot side setback.
3. "Final Plat" was submitted with the zoning case, however the "Final Plat" will not be approved until after the zoning case. This will be a seperate application and go through a seperate approval process.
4. The zoning requested will be SFE 2.0.

PLEASE RETURN THE BELOW FORM

Case No. Z2017-002: 463 H. Wallace Lane (AG to SFE-2.0)

Please place a check mark on the appropriate line below:

☐ I am in favor of the request for the reasons listed below.

☒ I am opposed to the request for the reasons listed below.

1- Will lower Property value's in Area.
2- Proposed dwelling not up to current standards in building code.
3- Splitting that deep narrow lot in that way lessons area values.
4- Why not chop out 1½ acres off back end with driveway easement and a nicer house.

Rockwall, TX 75087

RE: Letter of Explanation for Zoning Change Request for 463 H. Wallace Lane

Mr. Miller:

Please accept my request to rezone the property known as 463 H. Wallace Lane, a 5.192 acre tract of land situated in the W.W. Ford Survey, Tract 8-02, Abstract No. 80, City of Rockwall, Rockwall County, from Agricultural to Single-Family Estate 1.5. A zoning exhibit showing the entire parcel to be rezoned with legal description, proposed plat showing my intentions to subdivide the property and application with fee are included.

463 H. Wallace Lane is a 5.192 acre family owned property. My parents built their home in 1980 and plan to live out the remainder of their lives on the property. My parents and I are requesting to rezone the property from Agricultural to Single-Family Estate 1.5 with the intention of subdividing the property leaving 3.1 acres for my parents. After right-of-way dedication, the remaining 1.8 acres will be gifted to me so that I may build a home next door to my parent's existing home.

My parents are 80 years of age and are beginning to need some assistance with daily living. They do pretty well most days. However, in considering a plan for their long term care, their desire is to live out their years together in the home they built so long ago. As their only child, I would like to help them live out their lives on their own property. Living next to my parents is a good arrangement for us as they get to remain independent with my assistance (and possibly home health care when required) and I will have my own home with some privacy.

Thank you for your consideration.

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 02/14/2017

APPLICANT: Jim Ziegler; *PegasusAblon*

AGENDA ITEM: **Z2017-003**; *Amendment to Planned Development District 7 (PD-7)*

SUMMARY:

Hold a public hearing to discuss and consider a request by Maria Bonilla of Winklemann & Associates on behalf of Jim Ziegler of PegasusAblon for the approval of an amendment to Planned Development District 7 (PD-7) for the purpose of incorporating a 0.30-acre portion of land currently zoned Planned Development District 32 (PD-32) and amend the PD Development Standards stipulated by Ordinance No.'s 73-47, 82-36 & 87-11, being a 28.44-acre tract of land identified as a portion of Lot 7 and all of Lots 3, 4 & 5, Block A, the Harbor-Rockwall Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 7 (PD-7) & Planned Development District 32 (PD-32), located at the southwest corner of the intersection of Lakefront Trail and Summer Lee Drive, and take any action necessary.

BACKGROUND:

Planned Development District 7 (PD-7) was approved by City Council on November 12, 1973 by *Ordinance No. 73-47*. At the time of adoption, the planned development district permitted a combination of neighborhood service, water recreation, single-family and multi-family land uses. This ordinance was later amended on August 2, 1982 by *Ordinance No. 82-36*, which incorporated a concept plan and expanded the land uses to include a commercial hotel, marina, retail, multi-family and condominiums. On April 6, 1987, the planned development district was again amended to limit the land uses. This limited set of land uses included office, restaurants, hotel and marina. This is the zoning ordinance that is currently in place (*see the attached excerpts from Ordinance No. 87-11*).

On December 15, 2003, the City Council approved a site plan for the Harbor, Phase 1. This portion of the development included the retail areas (*i.e. Area 1 on the attached zoning exhibit*) and the *Harbor Fountain*. The Planning and Zoning Commission then approved the site plan for the Hilton Hotel & Resort (*i.e. the Harbor, Phase 2 -- Area 2 on the attached zoning exhibit*) on February 14, 2006. In addition to the Hotel, a 1.861-acre out parcel was left undeveloped.

PURPOSE & REQUEST:

The applicant, Jim Ziegler of PegasusAblon, is requesting to amend PD-7 to allow limited General Retail (GR) District land uses and the addition of a *Brewery or Distillery (including Brew Pub)* and *Winery* as permitted *by-right* land uses. In addition, the applicant is looking to clear up some ambiguities associated with the current regulating ordinance (*i.e. Ordinance No. 87-11*). Under this ordinance, specific land uses are called out as permitted uses (*i.e. office, restaurants, hotel, marina, etc. -- see attached excerpts from Ordinance No. 87-11*); however, the ordinance fails to incorporate any language relating to retail land uses. In past interpretations of this ordinance, it has been construed that PD-7 allows retail land uses based on *Ordinance No. 82-36 -- which was amended by Ordinance No. 87-11 and allows retail land uses by-right* -- and by the use of language referring to *Planned Development Commercial* in *Ordinance No. 87-11*. The harbor currently has eight (8) businesses operating under Certificate of Occupancies (CO's) that relate to retail land uses.

With regard to the proposed additional land uses (*i.e. Brewery or Distillery [including Brew Pub] and Winery*), the applicant has stated that it is PegasusAblon's intent to provide more entertainment uses in the Harbor. As we have discussed in previous cases, land uses that include the on-site production, sale and/or consumption of alcoholic beverages have additional regulations imposed by the State of Texas, which are administered by the *Texas Alcoholic Beverage Commission (TABC)*. These regulations include limitations on production for on-site consumption, hours of operation (*i.e. 8:00 AM – 12:00 AM Monday through Saturday and 10:00 AM – 12:00 AM on Sunday*), and other operational constraints.

In addition, the applicant is also proposing to incorporate a 0.30-acre portion of *Lot 7, Block A, The Harbor-Rockwall Addition* into PD-7. This property is currently zoned Planned Development District 32 (PD-32) and is located within the *Harbor Residential Sub-District*. The purpose of this addition is tied to the proposed expansion of the existing Cinemark Theater. A site plan (*i.e. SP2017-006*) -- *which will be on the consent agenda for the Planning and Zoning Commission on February 14, 2017* -- and plat (*i.e. P2017-004*) -- *which was approved by City Council on February 6, 2017* -- for the proposed expansion have also been submitted.

As with past amendments to planned development districts that consist of several regulating ordinances, staff has taken the opportunity to consolidate the regulating ordinances for PD-7 into one (1) ordinance. This has required the cooperation of the owners of the Hilton Hotel & Resort, which is the only other property owner in the planned development district. To simplify the requirements of the planned development district staff has also changed the uses permitted on these properties (*i.e. Areas '2' & '3' on the attached zoning exhibit*) to limited General Retail (GR) District land uses. In addition, staff has established a PD Development Plan process, which will allow the City Council to review any new development within the planned development district. This requirement is intended to ensure that all new development will maintain the same architectural style that currently exists in the Harbor. A representative from the Hilton Hotel & Resort has reviewed the zoning ordinance and has sent an email and property owner notification indicating their agreement with the zoning as submitted (*see attached notifications*). As with all zoning requests, the approval of any changes to PD-7 are discretionary to the City Council.

NOTIFICATION:

On January 30, 2017, staff mailed 383 notices to property owners and residents within 500-feet of PD-7. Staff also emailed notices to the Signal Ridge, Chandler's Landing, Water's Edge, and Lago Vista Homeowner's Associations (HOA), which are the only HOA's located within 1,500 feet of the subject property participating in the Neighborhood Notification Program. Additionally, staff posted a sign on the subject property along Summer Lee Drive as required by the Unified Development Code (UDC). At the time this case memo was drafted staff had received one (1) property owner notification and one (1) email in support of the zoning amendment, and one (1) email stating no opposition but citing a concern with potential noise. *These emails and notice have been provided in the attached packet.*

Z2017-003 (Amendment to PD-7): Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 This case is for the approval of an amendment to Planned Development District 7 (PD-7) for the purpose of incorporating a 0.30-acre portion of land currently zoned Planned Development District 32 (PD-32) and amend the PD Development Standards stipulated by Ordinance No.'s 73-47, 82-36 & 87-11, being a 28.44-acre tract of land identified as a portion of Lot 7 and all of Lots 3, 4 & 5, Block A, the Harbor-Rockwall Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 7 (PD-7), and located at the southwest corner of the intersection of Lakefront Trail and Summer Lee Drive.
I.2 For questions or comments concerning this case please contact Ryan Miller in the Planning Department at (972) 772-6441 or email rcmiller@rockwall.com.
M.3 On all future submittals please include the case number (Z2017-003) in the lower right hand corner.
I.4 Please review the Draft Ordinance prior to the Planning & Zoning Meeting on January 31, 2017.
I.5 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that has been requested. Revisions for this case will be due to staff on February 7, 2017 by no later than 3:00 p.m.; however, staff encourages the applicant to submit revisions as soon as possible to give staff ample time to review the case prior to the February 14, 2017 Planning & Zoning Meeting.
I.6 The projected City Council dates for this case are projected to be: 1) February 20, 2017 [1st Reading], and 2) March 6, 2017 [2nd Reading].

NOTICE OF PUBLIC HEARING
CITY OF ROCKWALL, PLANNING & ZONING DEPARTMENT

PHONE: (972) 771-7745
EMAIL: PLANNING@ROCKWALL.COM

To Whom It May Concern:

You are hereby notified that the City of Rockwall Planning and Zoning Commission and City Council will consider the following application:

Case No. Z2017-003: The Harbor

Hold a public hearing to discuss and consider a request by Maria Bonilla of Winklemann & Associates on behalf of Jim Ziegler of PegasusAblon for the approval of an amendment to Planned Development District 7 (PD-7) for the purpose of incorporating a 0.30-acre portion of land currently zoned Planned Development District 32 (PD-32) and amend the PD Development Standards stipulated by Ordinance No.'s 73-47, 82-36 & 87-11, being a 28.44-acre tract of land identified as a portion of Lot 7 and all of Lots 3, 4 & 5, Block A, the Harbor-Rockwall Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 7 (PD-7), located at the southwest corner of the intersection of Lakefront Trail and Summer Lee Drive, and take any action necessary.

For the purpose of considering the effects of such a request, the Planning and Zoning Commission will hold a public hearing on **Tuesday, 2/14/2017 at 6:00 p.m.,** and the City Council will hold a public hearing on **Monday, 2/20/2017 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

Ryan Miller
Rockwall Planning and Zoning Dept.
385 S. Goliad Street
Rockwall, TX 75087

You may also email your comments to the Planning Department at planning@rockwall.com. If you choose to email the Planning Department please include your name and address for identification purposes.

Your comments must be received by **2/20/2017** to ensure they are included in the information provided to the City Council.

Sincerely,

Ryan Miller, AICP
Director of Planning & Zoning

MORE INFORMATION ON THIS CASE CAN BE FOUND ON THE CITY'S WEBSITE: HTTPS://SITES.GOOGLE.COM/SITE/ROCKWALLPLANNING/DEVELOPMENT-CASES

PLEASE RETURN THE BELOW FORM

Case No. Z2017-003: The Harbor

Please place a check mark on the appropriate line below:

☒ I am in favor of the request for the reasons listed below.

☐ I am opposed to the request for the reasons listed below.

As property owners, we support the amendment. We request that the 25,000 size limit be clarified to specify that 25,000 is the max building footprint.

Name: Kellie Jenks President Bella Harbor Hotel Venture

Address: 109 N Post Oak Lane Suite 200 Houston TX 77024

Tex. Loc. Gov. Code, Sec. 211.006 (d) If a proposed change to a regulation or boundary is protested in accordance with this subsection, the proposed change must receive, in order to take effect, the affirmative vote of at least three-fourths of all members of the governing body. The protest must be written and signed by the owners of at least 20 percent of either: (1) the area of the lots or land covered by the proposed change; or (2) the area of the lots or land immediately adjoining the area covered by the proposed change and extending 200 feet from that area.

PLEASE SEE LOCATION MAP OF SUBJECT PROPERTY ON THE BACK OF THIS NOTICE

Ryan-

Thanks for chatting with me the this morning. Per our conversation, as owners of the Hotel and adjacent tract, we are in support of the expanded zoning designation. We would request that the "Maximum Building Size" be changed to "Maximum building footprint" so that we have the option in the future to build an multi-story office building larger than 25,000 sf.

Thanks!

Kellie Jenks

Case# Z2017-003: The Harbor

We live in the Lago Vista neighborhood and our house backs up to The Harbor development. 2774 Mira Vista Lane. Richard and Gena Bailey.

We strongly object to any change in the clarification or interpretation of the existing noise ordinance as it may apply to current zoning and future zoning thoughts. We have no objections to family values businesses, even to include wineries and breweries. The noise level from the businesses that carries into the residential neighborhood we need to protect. If there are any considerations of outside entertainment they need to be restricted to the water front and any outside music should be stopped or brought inside including speakers at a reasonable hour 9-9:30. Indoors with doors closed can go on according to the City code.

We had a business on the neighborhood noise side of The Harbor that had karaoke night on the patio with speakers blasting toward the houses until midnight and after and refused to accommodate concerns of the neighbors. This is something we do not need to repeat and strongly suggest rewriting any noise/sound ordinance to make sure this will not happen.

Thank you for your considerations and we will also try and make the meeting as well.

CITY OF ROCKWALL

ORDINANCE NO. 17-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING PLANNED DEVELOPMENT DISTRICT 7 (PD-7) AND THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO INCORPORATE A 0.30-ACRE PORTION OF PLANNED DEVELOPMENT DISTRICT 32 (PD-32) INTO PLANNED DEVELOPMENT DISTRICT 7 (PD-7), AND GRANT A CHANGE IN ZONING FOR THE PURPOSE OF AMENDING *ORDINANCE NO. 73-47, 82-36 & 87-11*, BEING A 28.44-ACRE TRACT OF LAND IDENTIFIED AS A PORTION OF LOT 7 AND ALL OF LOTS 3, 4 & 5, BLOCK A, THE HARBOR-ROCKWALL ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE FULLY DESCRIBED HEREIN BY *EXHIBIT 'A'*; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS (*$2,000.00*) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City has received a request from Maria Bonilla of Winkelmann & Associations on behalf of the owner Jim Ziggler of PegasusAblon for the approval of an amendment to Planned Development District 7 (PD-7) for the purpose of incorporating a 0.30-acre portion of land currently zoned Planned Development District 32 (PD-32) into Planned Development District 7 (PD-7) and amending *Ordinance No.'s 73-47, 82-36 & 87-11*, being a 28.44-acre tract of land identified as a 0.30-acre portion Lot 7 and all of Lots 3, 4 & 5, Block A, the Harbor-Rockwall Addition, City of Rockwall, Rockwall County, Texas and more fully described in *Exhibit 'A'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that Planned Development District 7 (PD-7) [*Ordinance No.'s 73-47, 82-36 & 87-11*] and the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

NOW, THEREFORE, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

Section 1. That the approval of this ordinance shall supersede all requirements stipulated in *Ordinance No.'s 73-47, 82-36 & 87-11*;

Section 2. That the *Subject Property* shall be developed and used only in the manner and for the purposes authorized by this Planned Development District Ordinance and the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by granting this zoning change, and as maybe amended in the future;

DRAFT ORD. 02-4-2017

Section 3. That development of the *Subject Property* shall generally be in accordance with the *PD Development Standards*, described in *Exhibit 'C'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'C'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

Section 4. That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars* ($2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

Section 5. That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

Section 6. The standards in this ordinance shall control in the event of a conflict between this ordinance and any provision of the Unified Development Code or any provision of the City Code, ordinance, resolution, rule, regulation, or procedure that provides a specific standard that is different from and inconsistent with this ordinance. References to zoning district regulations or other standards in the Unified Development Code (including references to the *Unified Development Code*), and references to overlay districts, in this ordinance or any of the exhibits hereto are those in effect on the date this ordinance was passed and approved by the City Council of the City of Rockwall, Texas;

Section 7. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides;

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 6TH DAY OF MARCH, 2017.

_____
Jim Pruitt, *Mayor*

ATTEST:

_____
Kristy Cole, *City Secretary*

APPROVED AS TO FORM:

_____
Frank J. Garza, *City Attorney*

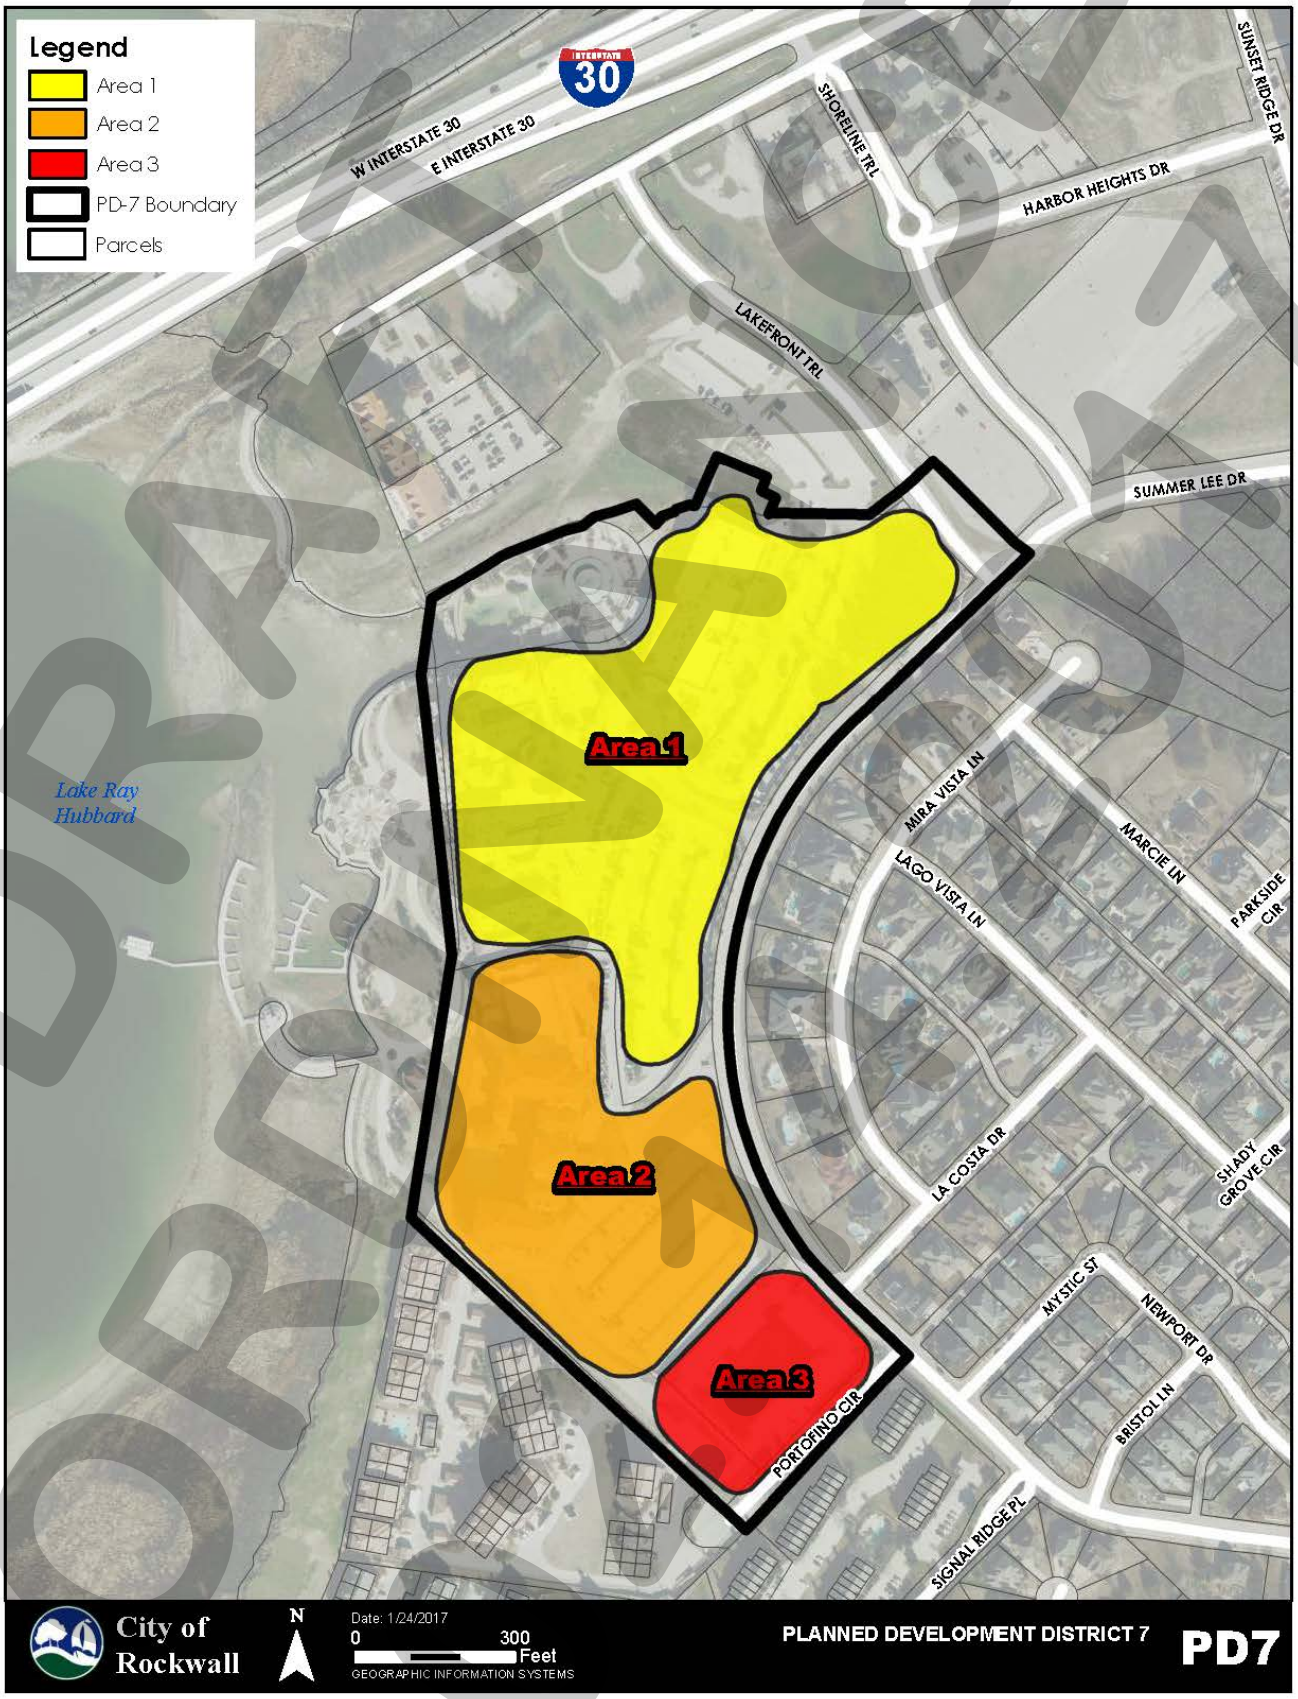
Exhibit 'B':
Location Map/Concept Plan



DRAFT ORDINANCE

Exhibit 'C':
PD Development Standards

PD Development Standards.

(A) *Purpose and Intent of the Planned Development District.*

The purpose of Planned Development District 7 (PD-7) is to create a vibrant retail center consisting of unique entertainment, dining and retail land uses that are complementary and accessible to a resort style hotel, public lakefront, and the *Harbor Fountain*. This district is also intended to be an extension of the City's efforts to create a pedestrian-oriented mixed-use district (*i.e. Planned Development District 32 [PD-32]*) and a scenic eastern gateway into the City.

(B) *Procedures.*

(1) *PD Development Plans.* For *Areas 1, 2 & 3* all new development, development that represents a substantial change to existing buildings, and/or development that deviates from the site plan and building elevations contained in *Exhibits 'D' & 'E'* of this ordinance shall be subject to the approval of a PD Development Plan in accordance to the procedures established in Article X, *Planned Development Regulations*, of the Unified Development Code (UDC). The purpose of this PD Development Plan review is to allow the Planning and Zoning Commission and City Council to ensure the following:

(a) The proposed development meets the general intent of Planned Development District 7 (PD-7) as stated above; and,
(b) Will result in an improved project, which will be an attractive contribution to Planned Development District 7 (PD-7); and,
(c) Will not have a negative impact on adjacent properties or inhibit adjacent properties from meeting the requirements and intent of this Planned Development District.

To ensure that a proposed project meets these guidelines a concept plan, landscape plan and building elevations will be required to be submitted and reviewed by staff and the Planning and Zoning Commission. Upon recommendation by the Planning and Zoning Commission, the City Council shall review the proposed request and approve or deny the application based on the above criteria. In approving a PD Development Plan, the Planning and Zoning Commission may recommend and the City Council may impose conditions necessary to mitigate any identified negative impacts to adjacent properties, public streets and/or open spaces in order to safeguard the intent of Planned Development District 7 (PD-7).

(C) *Area 1: Lots 5 & 0.30-Acres of Lot 7, Block A, the Harbor-Rockwall Addition (i.e. the Harbor Retail) [~12.9747-Acres].*

(1) *Permitted Uses.* *Area 1* as depicted in *Exhibit 'B'* of this ordinance shall be subject to the development standards and land uses permitted in the General Retail (GR) District as stipulated by Article IV, *Permissible Uses*, and Article V, *District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by granting this zoning change, and as maybe amended in the future, with the following additions:

DRAFT ORDINANCE 02.14.17

Exhibit 'C':
PD Development Standards

Permitted By-Right. The following uses are permitted *by-right*:

- ☑ Restaurants w/ Outdoor Seating (*Must Conform with Resolution No. 11-25*)
- ☑ Full Service Hotel
- ☑ Theater
- ☑ Brewery or Distillery (*including Brew Pub*) [3]
- ☑ Winery [1]

Specific Uses. The following uses shall be permitted by Specific Use Permit:

- ☑ Marina
- ☑ Church/House of Worship [1]
- ☑ College, University or Seminary
- ☑ Public/Private School (*Primary or Secondary*) [1]
- ☑ Carnival, Circus or Amusement (*Temporary*) [1]
- ☑ Banquet Facility or Event Hall [2]
- ☑ Business School
- ☑ Satellite Dish [1]
- ☑ Antenna (*Accessory or Dish*) [1]
- ☑ Incidental Display [1]

Prohibited Uses. The following uses shall be prohibited:

- ☑ Motel
- ☑ Residence Hotel
- ☑ Residential Care Facility
- ☑ Assisted Living Facility
- ☑ Blood Plasma Doner Center
- ☑ Cemetery/Mausoleum
- ☑ Convalescent Care Facility/Nursing Home
- ☑ Congregate Care Facility/Elderly Housing
- ☑ Day Care
- ☑ Emergency Ambulance Services
- ☑ Group or Community Home
- ☑ Hospice
- ☑ Hospital
- ☑ Mortuary or Funeral Chapel
- ☑ Post Office, *Local Service*
- ☑ Public or Private School Temporary Education Building
- ☑ Social Service Provider
- ☑ Indoor Gun Club, Skeet or Target Range
- ☑ Astrologer, Hypnotist, or Psychic Art and Science
- ☑ Christmas Tree Sales Lot and Similar Uses (*Temporary*)
- ☑ Garden Supply/Plant Nursery
- ☑ Retail Store with Gasoline Product Sales (*Any Amount of Dispensers*)
- ☑ Trade School
- ☑ Automotive Repair Garage (*Minor*)
- ☑ Car Wash (*Self Service or Auto Detail*)
- ☑ Service Station
- ☑ Mining and Extractions (*Sand, Gravel Oil and Other*)
- ☑ Antenna (*Amateur Radio*)
- ☑ Radio Broadcasting
- ☑ Railroad Yard or Shop

Notes:
[1]: *Subject to any additional restrictions stipulated in the Unified Development Code (UDC).*
[2]: *Requires dedicated parking of one (1) space per 100 SF of building area.*
[3]: *Brewpubs shall be required to meet the Section 3.5, Alcoholic Beverage Sales, of Article IV, Permissible Uses, of the Unified Development Code (UDC).*

DRAFT ORDINANCE 02.14.2017

(2) *Density and Dimensional Requirements.* All development in *Area 1* as depicted in *Exhibit 'B'* of this ordinance shall generally conform to the approved site plan and building elevations depicted in *Exhibit 'D'* of this ordinance and be subject to the density and dimensional standards stipulated for properties within a General Retail (GR) District as required by Article V, *District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by granting this zoning change, and as maybe amended in the future.

(D) Area 2: Lot 4, Block A, the Harbor-Rockwall Addition (i.e. Hilton Hotel & Resort) [~8.9244-Acres].

(1) *Permitted Uses. Area 2* as depicted in *Exhibit 'B'* of this ordinance shall be subject to the development standards and land uses permitted in the General Retail (GR) District as stipulated by Article IV, *Permissible Uses*, and Article V, *District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by granting this zoning change, and as maybe amended in the future, with the following additions:

Permitted By-Right. The following uses are permitted *by-right*:

- ☑ Restaurants w/ Outdoor Seating (*Must Conform with Resolution No. 11-25*)
- ☑ Full Service Hotel
- ☑ Conference Center

Specific Uses. The following uses shall be permitted by Specific Use Permit:

- ☑ Marina
- ☑ Church/House of Worship [1]

Exhibit 'E':
The Hilton Hotel and Resort Building Elevations (i.e. Area 2)

DRAFT ORDINANCE 02.14.2017

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 02/14/2017

APPLICANT: Hammat Chauhan; *Best Western Plus, Rockwall Inn and Suites*

AGENDA ITEM: **Z2016-033**; SUP for Residence Hotel

SUMMARY:

Hold a public hearing and consider a request by Hammat Chauhan of Best Western Plus, Rockwall Inn and Suites, on behalf of the owner Pastem Corporation for the approval of a Specific Use Permit (SUP) for the purpose of allowing a residence hotel in a Commercial (C) District that exceeds 36-feet in height in the Scenic Overlay (SOV) District for a 1.74-acre parcel of land identified as Lot 1, Block A, Comfort Inn & Suites Rockwall Towne Centre Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within IH-30 Overlay (IH-30 OV) and Scenic Overlay (SOV) Districts, addressed as 700 E. IH-30, and take any action necessary.

PURPOSE AND CHARACTERISTICS OF THE REQUEST:

The applicant is requesting the approval of a Specific Use Permit (SUP) to allow a residence hotel on a 1.74-acre parcel of land located north of IH-30 on Vigor Way. This property is currently zoned Commercial (C) District. According to the Section 1, *Land Use Table*, of Article IV, *Permissible Uses*, of the Unified Development Code (UDC) a *hotel, residence* requires an SUP in a Commercial (C) District.

On August 4, 2008, the City Council approved an SUP [*Ordinance No. 08-37*] to allow for a hotel in a Commercial (C) District. At that time, the ordinance restricted *hotel, residence* on the subject property. Additionally, the ordinance required that the building elevations *strictly adhere* to the elevations contained in the ordinance. Also, the ordinance required that the building be limited to a maximum of 58-feet in height. Since this original approval, the applicant has requested to change the SUP to allow a *residence hotel* with the provision that four (4) of the suites be residence suites. In addition, the applicant is proposing new building elevations, which would be required to generally conform to the building elevations in the attached ordinance at the time of site plan. The hotel will also be limited 65-feet in height.

With the exception of the proposed residence suites, the applicant's request conforms to all applicable requirements; however, granting a Specific Use Permit (SUP) is a discretionary act to the City Council. If approved, the applicant will be required to submit a site plan and replat conforming to all applicable requirements. Additionally, this SUP shall supersede all requirements stipulated in Ordinance No. 08-37. Contained in the attached packet is a copy of the applicant's letter, a concept plan, and draft ordinance.

On November 21, 2016, and on December 19, 2016, City Council made motions to approve the applicant's request to postpone the public hearing. Since then, the applicant has made changes to the building elevations. Due to these changes, City Council continued the public hearing and remanded the case back to the Planning and Zoning Commission on January 3, 2017. Additionally, the applicant has also made changes to the height of the building and is requesting that the building be 60-feet in height instead of 65-feet in height.

ADJACENT LAND USES AND ACCESS:

The land uses adjacent to the subject property are all follows:

North: Directly north of the subject property there are two restaurants (i.e. Popeyes and Culvers). Beyond that is Ridge Road which is identified as an *M4D (major collector, four [4] lane divided highway)* in the City's *Master Thoroughfare Plan*. This area is zoned Commercial (C) District.

South: Directly south of the subject property is a restaurant (*i.e. Denny's*), an automotive shop (*i.e. Valvoline Oil Change*), and a tire shop (*i.e. Goodyear*). Beyond this is IH-30. This area is zoned Commercial (C) District.

East: Directly east of the subject property is Vigor Way, which is a private road. Beyond this street is a shopping center (*i.e. Rockwall Towne Centre*), which is zoned Commercial (C) District.

West: Directly west of the subject property there are two (2) restaurants (i.e. Wendy's and McDonalds), a shopping center (i.e. Rockwall Towne Centre), and a gas station (i.e. Chevron). Beyond this is Ridge Road which is identified as an M4D (major collector, four [4] lane, divided highway] on the City's *Master Thoroughfare Plan*. This area is zoned Commercial (C) District.

NOTIFICATION:

On October, 27, 2016, staff sent 35 notices to property owners/residents within 500-feet of the subject property. Staff also mailed notices to the Lakeside Village and Turtle Cove HOA's, which are the only HOA's/Neighborhood associations that are within 1,500-feet and participating in the notification program. Additionally, staff posted a sign on the subject property as required by the Unified Development Code (UDC). At the time this report was drafted, staff has received one (1) notice in opposition of the request.

RECOMMENDATIONS:

Should the Planning and Zoning Commission and City Council choose to approve the SUP request, staff would offer the following conditions of approval:

1) The building shall generally conform to the site plan and building elevations, depicted in Exhibit 'A' and Exhibit 'B' of the attached ordinance.

2) The hotel shall be limited to four (4) residence suites. The remaining rooms shall be typical hotel rooms (i.e. not contain kitchen facilities).

3) The building shall be no more than 60-feet in height.

4) Any construction or building necessary to complete this request must conform to the requirements set forth by the UDC, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

Z2016-033 SUP: Hotel on Vigor Way Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 Hold a public hearing and consider a request by Philip Craddock of Craddock Architecture, PLLC on behalf of the owner Pastem Corporation for the approval of a Specific Use Permit (SUP) for the purpose of allowing a hotel in a Commercial (C) District that exceeds 36-feet in height in the Scenic Overlay (SOV) District for a 1.74-acre parcel of land identified as Lot 1, Block A, Comfort Inn & Suites Rockwall Towne Centre Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within IH-30 Overlay (IH-30 OV) and Scenic Overlay (SOV) Districts, addressed as 700 E. IH-30, and take any action necessary.
I.2 For questions or comments concerning this case, please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.
M.3 For reference, include the case number (Z2016-033) in the lower right hand corner of all pages on future submittals.
M.4 Please provide North, East, South, and West Elevations
M.5 The original SUP states that a “Residence Hotel” is prohibited. Please provide a unit mix of suites vs. non suites.
I.6 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, The Planning & Zoning Worksession date for this case will be October 25, 2016. The Planning and Zoning Meeting for this case is November 15, 2016.
I.7 The City Council meeting date and subsequent approval for this SUP is November 21, 2016 [1st Reading] and December 5, 2016 [2nd Reading].

To whom it may concern:

Per your participation in the Neighborhood Notification Program, you are receiving this notification to inform your organization and residents of a request for a zoning change that lies within 1,500 feet of the boundaries of your neighborhood or subdivision. As the primary contact for the organization, you are encouraged to share this information with the residents of your subdivision. Please find attached a map detailing the location of the subject property requesting the zoning change in relation to your subdivision boundaries. Additionally, below is a summary of the zoning request that will also be published in the Rockwall Herald Banner on ***November 4, 2016***. The Planning and Zoning Commission will hold a public hearing on ***Tuesday, 11/15/2016 at 6:00 p.m.***, and the City Council will hold a public hearing on ***Monday, 11/21/2016 at 6:00 p.m***. These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street. If you have any questions or comments regarding this request, the contact information for the Planning Department is listed below. CITY OF ROCKWALL, PLANNING & ZONING DEPARTMENT

PHONE: (972) 771-7745
EMAIL: PLANNING@ROCKWALL.COM

To Whom It May Concern:

You are hereby notified that the City of Rockwall Planning and Zoning Commission and City Council will consider the following application:

Case No. Z2016-033: Residence Hotel on Vigor Way

Hold a public hearing and consider a request by Philip Craddock of Craddock Architecture, PLLC on behalf of the owner Pastem Corporation for the approval of a Specific Use Permit (SUP) for the purpose of allowing a residence hotel in a Commercial (C) District that exceeds 36-feet in height in the Scenic Overlay (SOV) District for a 1.74-acre parcel of land identified as Lot 1, Block A, Comfort Inn & Suites Rockwall Towne Centre Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within IH-30 Overlay (IH-30 OV) and Scenic Overlay (SOV) Districts, addressed as 700 E. IH-30, and take any action necessary.

For the purpose of considering the effects of such a request, the Planning and Zoning Commission will hold a public hearing on **Tuesday, 11/15/2016 at 6:00 p.m.**, and the City Council will hold a public hearing on **Monday, 11/21/2016 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

Korey Brooks
Rockwall Planning and Zoning Dept.
385 S. Goliad Street
Rockwall, TX 75087

You may also email your comments to the Planning Department at planning@rockwall.com. If you choose to email the Planning Department please include your name and address for identification purposes.

Your comments must be received by **11/21/2016** to ensure they are included in the information provided to the City Council.

Sincerely,

Ryan Miller, AICP
Director of Planning & Zoning

ROCKWALL HOTEL

Best Western PLUS
Executive Residency
ROCKWALL, TX.

CITY OF ROCKWALL

ORDINANCE NO. 16-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT (SUP) TO ALLOW FOR A HOTEL IN A COMMERCIAL (C) DISTRICT AND TO ALLOW FOR A STRUCTURE THAT EXCEEDS 36-FEET IN HEIGHT WITHIN THE SCENIC OVERLAY (SOV) DISTRICT, ON A 1.783-ACRE PARCEL OF LAND BEING IDENTIFIED AS LOT 8, BLOCK A, ROCKWALL TOWNE CENTER, PHASE 4, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE

WHEREAS, the City has received a request from Himmat Chauhan of Best Western Plus, Rockwall Inn & Suites, on behalf of the owner Pastem Corporation for the approval of a Specific Use Permit (SUP) to allow for a *Hotel* in a Commercial (C) District and to allow for a structure that exceeds 36-feet in height within the Scenic Overlay (SOV) District on a 1.783-acre parcel of land being described as Lot 8, Block A, Rockwall Towne Center, Phase 4, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the Scenic Overlay (SOV) and the IH-30 Overlay (IH-30 OV) Districts, addressed as 700 E. IH-30, which herein after shall be referred to as the *Subject Property* and incorporated reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Unified Development Code [*Ordinance No. 04-38*] and Specific Use Permit (SUP) No. S-55 [*Ordinance No. 08-37*] of the City of Rockwall should be amended as follows:

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Rockwall, Texas;

Section 1. That the approval of this ordinance shall supersede all requirements stipulated in *Ordinance No. 08-37*;

Section 2. That the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit (SUP) allowing a *hotel* within a Commercial (C) District as stipulated by Article IV, *Permissible Uses*, of the Unified Development Code [*Ordinance No. 04-38*] and to allow for a structure that exceeds 36-feet in height within the Scenic Overlay (SOV) District as stipulated by Article V, *District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*], on the *Subject Property*; and

Section 3. That the Specific Use Permit (SUP) shall be subject to the conditions set forth in *Section 4.5, Commercial District; Section 6.6, IH-30 Overlay (IH-30 OV) District; and Section 6.8,*

DRAFT ORDINANCE 03.08.17

Scenic Overlay (SOV) District, of Article V, District Development Standards, Unified Development Code [*Ordinance No. 04-38*] as heretofore amended and as may be amended in the future, and shall be subject to the additional following additions:

1) The building shall generally conform to the site plan and building elevations, depicted in Exhibit 'A' and Exhibit 'B' of the attached ordinance.

2) The hotel shall be limited to four (4) residence suites. The remaining rooms shall be typical hotel rooms (i.e. not contain kitchen facilities).

3) The building shall be no more than 60-feet in height.

4) Freestanding signage associated with this development shall be limited to a monument sign (i.e. no pole sign shall be allowed).

5) Any construction or building necessary to complete this request must conform to the requirements set forth by the UDC, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

Section 4. That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

Section 5. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict

Section 6. Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of TWO THOUSAND DOLLARS ($2,000.00) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

Section 7. If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

Section 8. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides;

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 6TH DAY OF FEBRUARY, 2017.

MEMORANDUM

TO: **Planning and Zoning Commission**

FROM: **Timothy M. Tumulty, P.E., Director of Public Works/City Engineer**

DATE: **February 2, 2017**

SUBJECT: **Water and Wastewater Master Plan**

State Law requires all Cities charging Impact Fees to update the process every five years. The process focuses on determining all system deficiencies at the time of the study and improvements needed to serve that City for the next ten years. When evaluating the needs for the next ten years, it is advisable to look at the needs to meet demands for buildout through establishment of a master plan. These master plans for the physical development of the City contain recommendations for the growth development of the City and its extraterritorial jurisdiction. Updating these master plans with the Impact Fees allows for adjustments to land use changes and/or needs to serve where development is actually occurring. The Water and Wastewater Impact Fee was approved on June 2, 2014. The master plans for both utilities were developed at that time. However, the Master Water and Wastewater plan was not included in the approval process.

The City Code of Ordinances found in Section 9.04 (Procedure for Amending Master Plan) requires one public hearing by the Planning and Zoning Commission along with their recommendation be forward to City Council for approval. The City Council will adopt or reject such proposed revision after hosting a public hearing within sixty days of submission to City Council.

Please place the Master Water and Wastewater Plan on the next available Planning and Zoning Commission document as a Public Hearing and take action on these plans at the conclusion of the Public Hearing.

CITY OF ROCKWALL, TEXAS
MEMORANDUM

TO: Planning and Zoning Commission

FROM: Ryan Miller, *Director of Planning and Zoning*

DATE: February 14, 2017

SUBJECT: Proposed Changes to Specific Use Permits (SUP)

After a work session on Specific Use Permits (SUP) on February 6, 2017, the City Council directed staff to amend Section 4, *Specific Use Permits (SUP)*, of Article IV, *Permissible Uses*, of the Unified Development Code (UDC). The purpose of this amendment is to make the following changes to the UDC:

(1) Grant the City Council and Planning and Zoning Commission the ability to create operational conditions, which can regulate SUPs on a *case-by-case* basis.

(2) Establish compliance requirements that regulate the property owner's responsibility with regard to an approved SUP.

(3) Establish abandonment, expiration and revocation procedures for SUPs. In addition, this text amendment would establish the following time limitations:

  (a) If an approved SUP was vacated or inactive for six (6) months the SUP would automatically expire.

  (b) If an approved SUP is not issued a building permit within one (1) year of the approval date, the SUP would automatically expire. *Note: If a building permit is not necessary this would revert to a Certificate of Occupancy (CO).*

  (c) If an approved SUP is issued a building permit but a Certificate of Occupancy (CO) has not been issued within one (1) year of the issuance date of the building permit, the SUP would automatically expire.

(4) Establish a procedure for the City Council to grant a one (1) time extension for a period not to exceed one (1) year.

(5) Expire all existing SUPs and Conditional Use Permits (CUP) that are inactive or do not receive a building permit within one (1) year of the adoption date of the text amendment.

Currently, there are 158 SUPs and 228 CUPs in the City. This text amendment would not only clear up inactive entitlements, but would also prevent future inactive entitlements from accruing throughout the city. In addition, it provides a clear understanding of the procedures and requirements for SUPs.

In accordance, with Section 4.2 of Article XI, *Zoning Related Applications*, of the UDC staff is bringing the proposed amendments forward to the Planning and Zoning Commission for a recommendation to the City Council. Attached to this case memo is a copy of the current ordinance and a copy of the proposed amendments to the UDC. The schedule for this text amendment is as follows:

Planning and Zoning Work Session: February 14, 2017
Planning and Zoning Public Hearing: February 28, 2017

City Council Public Hearing [1st Reading]: March 6, 2017
City Council [2nd Reading]: March 20, 2017

Staff will send out a 15-day notice to the Rockwall County News in accordance with all applicable state laws and Section 6.1 of Article II, *Authority and Administrative Procedures*, of the UDC. In addition, staff will send a courtesy notice to all property owners that have been approved for a Specific Use Permit (SUP) within the last five (5) years.

Text Amendment
Note: ~~Strikeouts~~ represent the current code language, which is being removed in its entirety.

Section 4, Specific Use Permits (SUP)
Article IV, Permissible Uses
Unified Development Code

~~A specific use permit (SUP) is required for any use identified in the land use table as requiring one. The procedure for requesting an SUP is set out in article XI [of this Unified Development Code], Zoning Related Applications and Procedures.~~

Section 4.1, *Purpose*

The purpose of a Specific Use Permit (SUP) is to allow discretionary consideration of certain uses that would typically be considered incompatible within certain locations of a zoning district, but may become compatible with the addition of special provisions, conditions or restrictions. A SUP does not change the base zoning; it allows a particular use that would not normally be permitted in that zoning district. The SUP requirement for any land use is identified in the *Permitted Land Use* table contained in Article IV, *Permissible Uses*, of this Unified Development Code. The discretionary SUP procedure is designed to enable the Planning and Zoning Commission and the City Council to impose conditions upon such uses and structures that are designed to avoid, minimize or mitigate potentially adverse effects upon the community or other properties in the vicinity of the proposed use or structure, and to deny requests for a SUP when it is apparent that a proposed use or structure will or may occasionally harm the community or cause injury to the value, lawful use, and reasonable enjoyment of other properties in the vicinity of the proposed use or structure

Section 4.2, *Operational Conditions*

In considering a SUP, staff and/or the Planning and Zoning Commission may recommend and the City Council may adopt additional conditions and operational constraints to ensure compatibility with adjacent land uses. These additional conditions and operational constraints will be incorporated into the SUP ordinance, and may relate to: (1) a property's specific site conditions, (2) increased performance standards, (3) compatibility with adjacent properties, (4) mitigation of potentially negative or adverse effects of a request, and (5) anything that could have a negative impact on the public's health, safety and general welfare.

Section 4.3, *Compliance*

(1) In considering a Special Use permit application, the Planning and Zoning Commission may recommend, and the City Council may impose such conditions, safeguards and restrictions upon the premises benefited by the special use as may be necessary to avoid, minimize, or mitigate any potentially injurious effect of such special uses upon other property in the neighborhood, and to carry out the general purpose and intent of this Ordinance. Such conditions shall be set out in the Ordinance approving the SUP.

(2) Prior to a SUP being issued, the property owner of the affected property shall agree, comply and be bound to the conditions and operational constraints approved by the City Council and contained in the SUP ordinance.

(3) A SUP is considered to be transferable from property owner to property owner; however, the conditions and operational constraints of the SUP shall remain in effect and be applicable to

the new property owner(s) and/or occupant(s). SUP's cannot be transferred from property to property.

Section 4.4, *Abandonment, Expiration and Revocation of a Specific Use Permit (SUP)*

(1) *Abandonment.* A SUP approved by the City Council that remains vacant or inactive for a period of six (6) months shall be deemed to be abandoned and shall automatically expire. Vacancy or inactivity can be determined by the following:

(a) The water and/or electrical services have been disconnected or discontinued on the property; and/or

(b) The subject property (*e.g. lease space, parcel or parcels of land, lot, tract etc.*) is unoccupied; and/or

(c) The use is abandon due to the issuance of a Certificate of Occupancy (CO) for a use other than (*and exclusive from*) the use approved with the SUP.

(2) *Expiration*. A Specific Use Permit (SUP) shall automatically expire due to inactivity if:

(a) A building permit has not been issued within (1) year of the approval date of the SUP ordinance, and/or a Certificate of Occupancy (CO) has not been issued within one (1) year of a building permit -- *or one (1) year of the approval date of this ordinance if no building permit is necessary*; or

(b) A building permit or Certificate of Occupancy (CO) expires, is terminated or revoked under the requirements of the Codes of the City of Rockwall.

(3) *Revocation*. The City Council reserves the right to revoke or rescind any SUP in which the business, property or property owner operating under the guidelines of the SUP ordinance fails to meet the minimum operation requirements set forth in the Specific Use Permit (SUP) ordinance and/or outlined in the Unified Development Code or the Rockwall Municipal Code of Ordinances. The procedure for revocation or rescinding a Specific Use Permit (SUP) shall be the same procedure for requesting a new Specific Use Permit (SUP).

Section 4.5, *Extension of a Specific Use Permit (SUP)*

Upon recommendation from the Planning and Zoning Commission, the City Council may grant a one (1) time extension to the expiration requirements stated above for a period not to exceed one (1) year. To apply for an extension a property owner shall file a written request with the Director of Planning or his designee at least 90 days prior to the expiration date. Extension requests shall not require a public hearing. No additional extension shall be granted without complying with the notice and hearing requirements for an initial application for a SUP.

Section 4.6, *Existing Specific Use Permits (SUP) and Conditional Use Permits (CUP)*

Specific Use Permits (SUP) and Conditional Use Permits (CUP) in existence at the time this section was adopted by the City Council shall automatically terminate one (1) year from the adoption date of this section if a building permit -- *or a Certificate of Occupancy (CO) if no building permit is necessary* -- has not been issued or an extension is not requested under Section 4.5 of this Ordinance.

AGENDA
PLANNING AND ZONING COMMISSION WORK SESSION
City Hall, 385 South Goliad, Rockwall, Texas
Council Chambers
February 28, 2017
6:00 P.M.

CALL TO ORDER

CONSENT AGENDA

1. **Approval of Minutes** for the *February 14, 2017* Planning and Zoning Commission meeting.

2. **P2017-007** **(David)**
   Discuss and consider a request by Peyton McGee of Kimley-Horn and Associates on behalf of Stone Creek SF LTD & Stone Creek Balance LTD for the approval of a final plat for Lots 1, 2 & 3, Block A, Stone Creek Grocer being a replat of 0.734-acres identified as a portion of Lot 27, Block A, Stone Creek, Phase VII Addition and a final plat of 8.666-acres out of the S. King Survey, Abstract No. 131, City of Rockwall, Rockwall County, Texas, being a total of 9.399-acres, zoned Planned Development District 70 (PD-70), situated within the North SH-205 Overlay (N-SH205 OV) District, generally located at the northeast corner of the intersection of E. Quail Run Road and N. Goliad Street [N. SH-205], and take any action necessary.

3. **P2017-009** **(Korey)**
   Discuss and consider a request by David Smith on behalf of Barbara Criswell for the approval of a replat for Lot 1, Block A, Rockwall Grace Clinic Addition being a replat of a 0.34-acre parcel of land identified as Lot 2 of the W. T. Barnes Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses, situated within the North Goliad Corridor (NGC OV) District, addressed as 602 N. Goliad Street [*SH-205*], and take any action necessary.

4. **P2017-010** **(David)**
   Discuss and consider a request by Rick Bates of RLK Engineering, Inc. on behalf of James Watson of the Rockwall Independent School District (RISD) for the approval of a replat for Lot 1, Block A, Dobbs Elementary Addition being a replat of a 17.464-acre parcel of land identified as Rockwall School Addition No. 1, City of Rockwall, Rockwall County, Texas, zoned Single Family 7 (SF-7) District, addressed as 901 Nash Street, and take any action necessary.

5. **P2017-011** **(David)**
   Discuss and consider a request by Cameron Slown of FC Cuny Corporation on behalf of Elias Pope of Eighty Twenty Real Estate Holdings, LLC for the approval of a replat for Lot 5, Block A, Harbor District Addition, being a replat of a 0.90-acre parcel of land identified as Lot 3, Block A, Harbor District Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), situated within the IH-30 Overlay (IH-30 OV) District, addressed as 2651 Sunset Ridge Drive, and take any action necessary.

APPOINTMENTS

6. Appointment with Architectural Review Board representative to receive the Board's recommendations and comments for items on the agenda requiring architectural review.

PUBLIC HEARING ITEMS

7. **MIS2017-004** **(Amy)**
   Hold a public hearing to discuss and consider the approval of an ordinance adopting the City's Water and Wastewater Master Plans.

8. **Z2017-004** **(Ryan)**
   Hold a public hearing to discuss and consider a city initiated request to amend Section 4, *Specific Use Permits*, of Article IV, *Permissible Uses*, of the Unified Development Code for the purpose of establishing 1) general regulations for Specific Use Permits (SUP) issued upon the adoption of the proposed ordinance, 2) regulations relating to the abandonment, expiration and revocation of Specific Use Permits (SUP) and 3) an expiration period of one (1) year for all Specific Use Permits (SUP) and Conditional Use Permits (CUP) issued by the City that are inactive, abandon or pending.

ACTION ITEMS

9. **SP2016-033** **(David)**
   Discuss and consider a request by Lizandro Oemeno for the approval of a site plan converting an existing single-family home into an office building on a 1.24-acre tract of land identified as Tract 3 of the J. H. B. Jones Survey, Abstract No. 124, City of Rockwall, Rockwall County, Texas, being zoned Planned Development District 69 (PD-69) for Residential Office (RO) District land uses, situated within the North SH-205 Overlay (N-SH205 OV) District, generally located at the northwest corner of the intersection of Los Altos Drive and N. Goliad Street [N. SH-205], addressed as 1201 N. Goliad Street, and take any action necessary.

10. **Z2017-001** **(Ryan)**
    Hold a public hearing to discuss and consider a request by Terry Gwin of SWBC Real Estate, LLC on behalf of the owner Gene Lambreth of Pneuma Ventures, LTD for the approval of a zoning change from a Light Industrial (LI) District to a Planned Development District for a multi-family apartment complex on a 42.548-acre tract of land identified as Tract 1-4 of the J. M. Allen Survey, Abstract No. 2, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the SH-205 By-Pass Overlay (205 BY-OV) District, located east of the intersection of Discovery Boulevard and John King Boulevard, and take any action necessary.

DISCUSSION ITEMS

11. **Z2017-005** **(Ryan)**
    Hold a public hearing to discuss and consider a request by David Falls for the approval of a zoning amendment to *Ordinance No. 16-15* for the purpose of allowing the *Animal Clinic for Small Animals* land use to be a permitted use through a Specific Use Permit (SUP) for all properties within Planned Development District 50 (PD-50), being 21.266-acres of land in the S.S. McCurry Survey, Abstract No. 146 and B. F. Boydston Survey, Abstract No. 14, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses, situated within the North Goliad Corridor Overlay (NGC OV) District, generally located along N. Goliad Street [*SH-205*] north of Interurban Street, and take any action necessary.

12. **Z2017-006** **(David)**
    Hold a public hearing to discuss and consider a request by Brenda and Stuart Myers for the approval of a Specific Use Permit (SUP) amending *Ordinance No. 11-37 (SUP No. S-034)* to allow a restaurant with an accessory general retail store on a 0.6849-acre parcel of land identified as Lot 1, Abate Injury Rehab Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses, situated in the North Goliad Corridor Overlay (NGC OV) District, addressed as 506 N. Goliad Street, and take any action necessary.

13. **Z2017-007** **(David)**
    Hold a public hearing to discuss and consider a request by Rich Darragh of the Skorburg Company on behalf of the owner Bradley Joe Gideon for the approval of a zoning change from an Agricultural (AG) District to a Planned Development District for Single Family 7 (SF-7) District land uses, on a 30.36-acre tract of land identified as a portion of Tract 1-01 of the S. R. Barnes Survey, Abstract No. 13, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the 205 By-Pass Corridor Overlay (205 BY-OV) District, located at the southwest corner of the intersection of E. Quail Run Road and John King Boulevard, and take any action necessary.

14. **Z2017-008** **(Korey)**
    Hold a public hearing to discuss and consider a city initiated request on behalf of Raymond Jowers of Jowers, Inc. for the approval of a Specific Use Permit (SUP) rescinding *Ordinance No. 08-38* (*SUP No. S-056*) and allowing outside storage adjacent to IH-30 on a 4.4317-acre tract of land identified as Tract 22-01 of the R. Irvine Survey, Abstract No. 120, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 2260 E. IH-30, and take any action necessary.

15. **P2017-008** **(Korey)**
    Discuss and consider a request by Lisa Wilck Palomba on behalf of Paul J. Wilck, Jr. for the approval of a final plat of Lots 1 & 2, Wilck Addition being a 5.192-acres tract of land identified as Tract 8-02 of the W. W. Ford Survey, Abstract No. 80, City of Rockwall, Rockwall County, Texas, zoned Single Family Estate (SFE-2.0) District, addressed as 463 H. Wallace Lane, and take any action necessary.

16. **SP2017-008** **(Korey)**
    Discuss and consider a request by Jay Soun on behalf of the owner STJ Investments, LLC for the approval of a site plan amendment for a hotel (*i.e. La Quinta Inn*) on a 1.25-acre parcel of land identified as Lot 3, Block 1, Miller Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 689 E. IH-30, and take any action necessary.

17. **SP2017-009** **(Korey)**
    Discuss and consider a request by Ray Crumby Design Group on behalf of Francisco Cardoso for the approval of a site plan for an office building on a 0.45-acre tract of land identified as Lot 10, Block A, Municipal Industrial Park Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, addressed as 855 Whitmore Drive, and take any action necessary.

18. **SP2017-010** **(David)**
    Discuss and consider a request by Rick Dirkse on behalf of Rockwall Trinity Real Estate, LLC for the approval of a downtown development plan and site plan for an office building on a 0.63-acre tract of land identified as Lots 1-6, Block B, Rockwall Old Towne Addition, City of Rockwall, Rockwall County, Texas, zoned Downtown (DT) District, situated within the SH-66 Overlay (SH-66 OV) District, addressed as 301 & 303 N. Goliad Street [*SH-205*], and take any action necessary.

19. Director's Report of post Council meeting outcomes of Planning & Zoning cases **(Ryan)**.

- ✓ P2019-003: Lots 1-7, Block A, Sky-Ridge Addition [*Approved*]
- ✓ P2017-006: Lot 3, Block B, 205 Business Park Addition [*Approved*]
- ✓ Z2016-033: SUP for a Residency Hotel on Vigor Way (*1st Reading*) [*Approved*]
- ✓ Z2017-001: SWBC of Rockwall [AG to PD] (*1st Reading*) [*Remanded Back to P&Z*]
- ✓ Z2017-002: Zoning Change AG to SFE-2.0 (*1st Reading*) [*Approved*]
- ✓ Z2017-003: Zoning Amendment to Planned Development District 7 (PD-7) (*1st Reading*) [*Approved*]

ADJOURNMENT

This facility is wheelchair accessible and accessible parking spaces are available. Request for accommodations or interpretive services must be made 48 hours prior to this meeting. Please contact the City Secretary's Office at (972) 772-6406 for further information.

I, Laura Morales, Planning & Zoning Coordinator of the City of Rockwall, Texas, do hereby certify that this Agenda was posted at City Hall, in a place readily accessible to the general public at all times, on the 24th day of February, 2017 at 5:00 p.m., and remained so posted for at least 72 continuous hours preceding the scheduled time of said meeting.

AGENDA
ARCHITECTURAL REVIEW BOARD MEETING
City Hall, 385 South Goliad, Rockwall, Texas
Council Chambers Conference Room
February 28, 2017
5:00 P.M.

ACTION ITEMS

1. **SP2017-008** **(Korey)**
   Discuss and consider a request by Jay Soun on behalf of the owner STJ Investments, LLC for the approval of a site plan amendment for a hotel (*i.e. La Quinta Inn*) on a 1.25-acre parcel of land identified as Lot 3, Block 1, Miller Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 689 E. IH-30, and take any action necessary.

2. **SP2017-010** **(David)**
   Discuss and consider a request by Rick Dirkse on behalf of Rockwall Trinity Real Estate, LLC for the approval of a downtown development plan and site plan for an office building on a 0.63-acre tract of land identified as Lots 1-6, Block B, Rockwall Old Towne Addition, City of Rockwall, Rockwall County, Texas, zoned Downtown (DT) District, situated within the SH-66 Overlay (SH-66 OV) District, addressed as 301 & 303 N. Goliad Street [*SH-205*], and take any action necessary.

ADJOURNMENT

This facility is wheelchair accessible and accessible parking spaces are available. Request for accommodations or interpretive services must be made 48 hours prior to this meeting. Please contact the City Secretary's Office at (972) 772-6406 for further information.

I, Laura Morales, Planning & Zoning Coordinator for the City of Rockwall, Texas, do hereby certify that this Agenda was posted at City Hall, in a place readily accessible to the general public at all times, on the 24rd day of February, 2017, by 5:00 p.m., and remained so posted for at least 72 continuous hours preceding the scheduled time of said meeting.

MINUTES

PLANNING AND ZONING COMMISSION PUBLIC HEARING
City Hall, 385 South Goliad, Rockwall, Texas
Council Chambers
February 14, 2017
6:00 P.M.

I. CALL TO ORDER

Vice-Chairman Lyons called the meeting to order at 6:00 p.m. The Commissioners present at the meeting were, Patrick Trowbridge, Sandra Whitley, Mark Moeller, Annie Fishman, Tracey Logan and new Commissioner Eric Chodun. Staff members present were Planning Director, Ryan Miller, Planner, Korey Brooks, Planning Coordinator, Laura Morales, Civil Engineer, Jeremy White and Fire Marshall, Ariana Hargrove.

II. CONSENT AGENDA

1. Approval of Minutes for the January 31, 2017 Planning and Zoning Commission meeting.

2. P2017-003
Discuss and consider a request by Mike Swiercinsky of 7.1 Ridge, LLC for the approval of a preliminary plat for Lots 1-7, Block A, Sky-Ridge Addition being an 8.61-acre tract of land being identified as Tracts 4 & 19 of the E. P. G. Chisum Survey, Abstract No. 64, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the Scenic Overlay (SOV) District, generally located at the northwest corner of the intersection of Ridge Road [*FM-740*] and W. Yellow Jacket Lane, and take any action necessary.

3. P2017-006
Discuss and consider a request by Tim Seymore of Seymore Custom Homes, LLC for the approval of a final plat for Lot 3, Block B, 205 Business Park Addition being a 1.5-acre tract of land identified as Tract 2-20 of the J. R. Johnson Survey, Abstract No. 128, City of Rockwall, Rockwall County, Texas, zoned Heavy Commercial (HC) District, addressed as 424 National Drive, and take any action necessary.

4. SP2017-004
Discuss and consider a request by Jeff Carroll of Carroll Architects, Inc. on behalf of Gregg Murray pf Service King Collision Repair for the approval of a site plan amendment for an Auto Body Shop (i.e. Service King Collision Repair) on a 3.2039-acre tract of land described as Tract 7-01 of the J. Lockhart Survey, Abstract No. 134, City of Rockwall, Rockwall County, Texas, located at 1780 E IH-30, zoned Light Industrial (LI) District, situated within the IH-30 Overlay (IH-30 OV) District, and take any action necessary.

5. SP2017-00**6**
Discuss and consider a request by Maria Bonilla of Winklemann & Associates on behalf of Jim Ziegler of PegasusAblon for the approval of an amended site plan for the expansion of the existing Cinemark 12 Rockwall movie theater being a 12.894-acre tract of land currently identified as Lot 5 and a portion of Lot 7, Block A, The Harbor-Rockwall Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 7 (PD-7) and Planned Development District 32 (PD-32), addressed as 2125 Summer Lee Drive, and take any action necessary.

6. MIS2017-002
Discuss and consider a request by John Arnold of the Skorburg Company for the approval of a tree mitigation plan for Stone Creek, Phase VIII being 102 single-family residential lots on a portion of a larger 91.139-acre tract of land identified as Tract 3 of the S. King Survey, Abstract No. 131, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 70 (PD-70) for Single Family-10 (SF-10) District land uses, generally located at the northwest corner of the intersection of Hay Road and E. Quail Run Road, and take any action necessary.

Commissioner Trowbridge made a motion to approve the consent agenda. Commissioner Whitley seconded the motion, which passed by a vote of 7-0.

III. PUBLIC HEARING ITEMS

7. Z2017-001

Hold a public hearing to discuss and consider a request by Terry Gwin of SWBC Real Estate, LLC on behalf of the owner Gene Lambreth of Pneuma Ventures, LTD for the approval of a zoning change from a Light Industrial (LI) District to a Planned Development District for a multi-family apartment complex on a 42.548-acre tract of land identified as Tract 1-4 of the J. M. Allen Survey, Abstract No. 2, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the SH-205 By-Pass Overlay (205 BY-OV) District, located east of the intersection of Discovery Boulevard and John King Boulevard, and take any action necessary.

Planning Director, Ryan Miller, gave brief background on the property stating that a request to rezone the property from a Light Industrial District to a Planned Development District for a Multi-Family apartment complex came before the Commission in August of last year which was denied. On November 29th of last year, the Commission reviewed another application requesting to submit an application for a similar request. Under the Unified Development Code, since a case was denied the applicant submitting an application within one year of the denial date is required to come before the Commission and verify a substantial change. In this case, the applicant demonstrated they were because they were proposing to reduce the number of units from 750 to 650 units, which reduced the density from18 units/acre to15.28 units/acre, therefore the Planning and Zoning Commission did approve due to the significant change and allowed the application to come forward. That application was submitted on February 17th to rezone the 42 ½ acre parcel of land to a Planned Development District from a Light Industrial District for a multi-family apartment complex that would consist of 650 units.

Mr. Miller went on to state that the subject property was annexed into the City in 1985 and is currently identified as Technology Industrial in the Future Land Use Map. The applicant is proposing to rezone for a 650 unit multi-family apartment complex that would consist of two phases of 325 units. Each phase will consist of nine buildings and each phase will have a pool area and a minimum 20% open space. The applicant provided a lot mix that was provided in the Commissions case memo for their review. Essentially the minimum unit size will range from 650 square feet to 1,460 square feet and contain 65% one bedroom units, 26% two bedroom units, and 7.69% three bedroom units. The average unit size will be 983 square feet and the density will be 15.28 units per acre. The highest zoning district permitted within the City under straight zoning is the Multi-Family 14 District which allows up to 14 units per acre; however the applicant is requesting a Planned Development District which allows the Planning and Zoning Commission and City Council to consider higher densities. Mr. Miller went on to explain that in looking at the parking the applicant is showing to conformance to the parking requirements, in addition they're incorporating 25% covered parking in garage areas. The conceptual building elevations submitted by the applicant indicate that the buildings will be composed of 30% natural stone and 70% lap siding, those elements have been included in the draft ordinance and conformance to those requirements is considered to be a condition of approval. The only two aspects of this case that depart from the Unified Development Code are the density; they are requesting roughly 1.28 units per acre over the permitted 14 units per acre. Also, the masonry requirement departs from the Unified Development Code in that they are proposing over 50% cementaceous siding, but they are incorporating 30% natural stone which meets the Overlay District requirements.

Mr. Miller further explained that the Future Land Use Map, contained within the Comprehensive Plan, designates the subject property for Technology/Light Industrial land uses. The proposed development would require this designation to be changed to a High Density Residential designation, which according to the Comprehensive Plan is defined as any use that exceeds 3 units per acre. In addition, the Comprehensive Plan states that high density residential land used should be used as a transitional use from commercial or existing retail use, or where it will serve as a logical extension of an existing high density development. In this case, the proposed subject property and zoning change do appear to conform to the majority of the Comprehensive Plan's policies and guidelines with regard to the High Density Residential designation. However, the density being proposed and any change to the Future Land Use Map is a discretionary decision for the Planning and Zoning Commission as well as City Council. S

Mr. Miller went on to stat that on January 30, 2017, staff mailed 60 notices to property owners and residents within 500-feet of the subject property and emailed notices to the Lofland Farms and Meadow Creek Estates Homeowner's Associations, which are the only HOA's located within

1,500 feet of the subject property. Staff had received 3 email responses in opposition to the request. Mr. Miller advised the Commission the both staff and the applicant are available for questions.

Vice-Chairman Lyons opened the public hearing and asked the applicant to come forward and speak.

Terry Gwin
President & CEO of SWBC
(No address given)

Mr. Gwin came forward and gave a brief power point that showed SWBC is a large company that specializes in class A Multi-family developments throughout four major metropolitan areas within the state of Texas. The slide show provided pictures of developments that have been completed that showed what they would be building in Rockwall. Mr. Gwin went on to state they are looking to develop the site as a two phase development, with the first phase consisting of 325 units in approximately 21.28 acres, each phase will be identical. Each phase will have its own clubhouse and amenities. The pond and trees will allow for buffering from the industrial area. Mr. Gwin added that reasons as to why the site is fit for a Multi-Family product because it has natural amenities and lends itself for a residential multi-family. They feel the need for this type of development is needed in Rockwall. Mr. Gwin spoke of the tax benefits it would bring to the City as well.

Vice-Chairman Lyons asked for questions for the applicant from the Commission.

Commissioner Fishman expressed concern with the traffic this may generate, asked if there has been a traffic study. Mr. Gwin stated they have not done any traffic studies but they feel it would not be an issue because that area has excellent circulation with the improvements the City has done.

Commissioner Trowbridge asked if the developments they have built have all been in suburban areas. Mr. Gwin stated they were. Commissioner Trowbridge asked concerning the garages. Mr. Gwin stated they would be both tucked in and covered parking. Mr. Miller added 25% would be tucked under garages.

Vice-Chairman Lyons asked if there was anyone in the audience wishing to speak to come forward and do so.

Patrick Thomas
1806 Preakness Dr.
Rockwall, TX

Mr. Thomas came forward and stated he is opposed to the request. His home will be one of the closest to the development. He expressed concern of the traffic issues it would generate, and the issue of maintenance over time. He stated he came from a suburban area of Dallas that had several multi-family and saw how over time that deteriorated the area. There hope in moving into the area was that it would be residential homes, not multi-family.

Linda McMullin
1810 Preakness Drive
Rockwall, TX

Ms. McMullin came forward and expressed her opposition to the request. She feels that without doing a traffic study it will generate traffic issues. She is also concerned with the problems multi-family developments bring to the area.

Tom Padgett
1802 Preakness
Rockwall, TX

Mr. Padgett came forward and stated his opposition to the request. He and his wife recently moved from Mesquite and moved to Rockwall to move away from the multi-family that they were surrounded by in Mesquite. Feels his property value will be affected as well as the issues that the increased traffic will generate.

Clark Staggs
1601 Seascape
Rockwall, TX

Mr. Staggs came forward and stated that he was an interested bystander and in doing some quick math on the area that the applicant is proposing to build on and although he does not know what the net buildable is, but figured that if it was 30 or 35 net buildable they could easily put over 100 semi- custom luxury residences on the property and figuring a total value of those would be close to forty million dollars making the tax evaluation the same.

Vice-Chairman closed the public hearing and asked the applicant to come forward for rebuttal.

Mr. Gwin came forward and stated they are going to try and be cognoscente of the neighbors and the closest property is 400 feet from where the development would be, and although the ideal for the neighborhood would be for it to remain open space, it is in a growing thriving community and it is a piece of property that is going to be developed and it won't be single family homes. But they are open to meeting with the neighbors to receive any input they have that would make them more comfortable with the project.

Spencer Byington
5600 S. FM 148
Kauffman, TX

Mr. Byington came forward and addressed the concern that was brought up of the transient reputation that a multi-family is known to have. He stated this particular apartment community is ranged to be from the $1.50-$1.66 a foot rage which on a 900 foot average would have a $1600 plus month rent payment. The type of tenant they attract would not be the typical transient tenant. The product they develop is luxury living for baby boomers and millennials.

Commissioner Chodun asked Mr. Gwin with the price per square foot that was brought up, why the density is still 14 units per acre. Mr. Gwin stated there was no real magic to the number, it's from what they purchased the land at, they have to get certain revenue off of that, and they have cut it back from where it was. By cutting back, they would have to cut back on other things such as the amenities, and they would like for it to be a high quality product.

Commissioner Logan asked staff concerning the density calculation, what that was based on. Mr. Miller stated it was based on gross not net.

Commissioner Trowbridge asked if they did a third party GC. Mr. Gwin stated they have a GC Company and they would be building this development themselves.

Vice-Chairman Lyons brought the item back to the Commission for discussion or action.

Commissioner Trowbridge stated that although he feels apartments are good for the City because it adds population and builds revenues by adding utilities and they are a reputable builder that is proposing a quality product, he feels the timing for such a development is not now.

Commissioner Trowbridge made motion to deny the request. Commissioner Logan seconded the motion. The motion to deny passed by a vote of 5-2 with Commissioners Lyons and Fishman dissenting.

8. Z2017-002
Hold a public hearing to discuss and consider a request by Lisa Wilck Palomba on behalf of Paul J. Wilck, Jr. for the approval of a zoning change from an Agricultural (AG) District to Single-Family Estate 2.0 (SFE-2.0) District on a 5.192-acre tract of land being identified as Tract 8-02 of the W. W. Ford

Survey, Abstract No. 80, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, addressed as 463 H. Wallace Lane, and take any action necessary.

Planner, Korey Brooks, gave a brief explanation of the request stating that the applicant is requesting to rezone the property from an Agricultural District to a Single-Family Estate 2.0 District for the purpose subdividing the property into two parcels and building a home. Currently, there is an existing single-family home situated on the subject property. According to Section 2.1 Agriculture District of Article V, District Development Standards, of the Unified Development Code, a single-family dwelling is allowed on any Agriculture District zoned property that is more than ten acres. Since the subject property will be less than ten acres after subdividing, the tract will need to be rezoned. According to the UDC, the minimum lot yard frontage in the SFE-2.0 District is 150-feet. While Lot 1 will have the required frontage, Lot 2 will not, therefore the applicant requested a variance to lot frontage from the Board of Adjustments. On January 12, 2017, the Board of Adjustments approved a variance to reduce the lot frontage from 150-feet to 100-feet on Lot 2. The request is in compliance with the Comprehensive Plan.

Mr. Brooks went on to state that on January 30, 2017, staff mailed thirteen notices to property owners within 500-feet of the subject property and notified the Oaks of Buffalo Way HOA which is the only HOA within 1,500-feet of the subject property and staff received two notices in opposition of this request.

Mr. Brooks advised the Commission the applicant was present.

Vice-Chairman Lyons opened up the public hearing and asked the applicant to come forward.

Lisa Palomba
502 Scenic Place
Heath, TX

Ms. Palomba came forward and stated the intent of the request is to subdivide to build a single family home.

Vice-Chairman opened up the public hearing and asked if anyone wished to speak to come forward, there being no one indicating such Vice Chairman Lyons closed the public hearing.

Commissioner Trowbridge made a motion to approve with staff recommendations. Commissioner Moeller seconded the motion which passed by a vote of 7-0.

9. Z2017-003

Hold a public hearing to discuss and consider a request by Maria Bonilla of Winklemann & Associates on behalf of Jim Ziegler of PegasusAblon for the approval of an amendment to Planned Development District 7 (PD-7) for the purpose of incorporating a 0.30-acre portion of land currently zoned Planned Development District 32 (PD-32) and amend the PD Development Standards stipulated by *Ordinance No.'s 73-47, 82-36 & 87-11*, being a 28.44-acre tract of land identified as a portion of Lot 7 and all of Lots 3, 4 & 5, Block A, the Harbor-Rockwall Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 7 (PD-7) & Planned Development District 32 (PD-32), located at the southwest corner of the intersection of Lakefront Trail and Summer Lee Drive, and take any action necessary.

Planning Director, Ryan Miller, gave a brief explanation of the request Planned Development District 7 was approved by City Council on November 12, 1973 by Ordinance No. 73-47. At the time of adoption, the planned development district permitted a combination of neighborhood service, water recreation, single-family and multi-family land uses. This ordinance was later amended on August 2, 1982 by Ordinance No. 82-36, which incorporated a concept plan and expanded the land uses to include a commercial hotel, marina, retail, multi-family and condominiums. On April 6, 1987, the planned development district was again amended to limit the land uses. This limited set of land uses included office, restaurants, hotel and marina. This is the zoning ordinance that is currently in place. The applicant has submitted an application requesting to rezone Planned Development District 7 for three purposes. The first being that they recently purchased The Harbor and they are looking at changing the use set that is allowed and turn it into more of an entertainment type venue. Secondly they're looking at expanding the current PD-7 boundary by a small amount to accommodate an expansion of the existing

Cinemark theater. And the final use is to tie down the general retail uses for the property and clarify the 87 Ordinance, in addition they will be adding a brewery distillery including brew pub and winery as a by right use. In addition to modifying the Harbor retail area, staff prepared a draft ordinance that touches on the Hilton area to better clarify those areas as well. Consent was received for those changes from the owners of the Hilton. In addition there is a PD Development Plan requirement which ties in the design scheme and any changes to the development in that area would require them to go through a PD Development Plan process. When the vacant property that currently exists in Area 3 comes in they will have to go through a PD Development Plan.

Mr. Miller added that on January 30, 2017, staff mailed 383 notices to property owners and residents within 500-feet of PD-7 and emailed notices to the Signal Ridge, Chandler's Landing, Water's Edge, and Lago Vista Homeowner's Associations, which are the only HOA's located within 1,500 feet of the subject property. At the time the case memo was drafted, staff received one property owner notification and one email in support of the zoning amendment, and one email stating no opposition but citing a concern with potential noise. Two additional notices were received today that stated opposition, however they appear to be in opposition of a marina not of the request.

Mr. Miller advised the applicant was present and he as well as staff were available for questions.

Vice-Chairman Lyons asked for questions from the Commission for staff.

Commissioner Trowbridge asked concerning the by right uses that are allowed being the restaurants, full service theater, brewery and winery; would those be the only ones that are allowed by right. Mr. Miller stated they were not they are in addition to the General Retail land uses. The way the ordinance is structured is it allows the General Retail District land uses.

Commissioner Whitley asked concerning the noise ordinance that is in place currently. Mr. Miller stated Mr. Miller stated there are currently ordinances in place that restrict the amount of noise that businesses and other operations are allowed to put off and they are measured at those property lines and the City's Code Enforcement enforces those.

Commissioner Fishman asked concerning the parking as in this general area it at times poses a problem. Mr. Miller stated that currently there is an existing City lot and per the parking agreement that the applicant has with the City that was put in place when originally built, they are entitled to 286 of the parking spaces and that is in addition to their existing parking.

Vice-Chairman Lyons opened the public hearing and asked the applicant to come forward.

James Ziegler
6205 Wichita Trail
Flower Mound, TX

Mr. Ziegler came forward and stated he is the managing director of PegasusAblon who is the new owners of The Harbor. Prior to them purchasing the property the previous owner foreclosed and the property had been languishing for the last six years under the ownership of the lender that foreclosed on it and has not been well maintained and they are very excited to take ownership. They have also purchased an additional 10,000 square feet of land adjoining the Cinemark to allow for an expansion.

Commissioner Trowbridge asked if the Cinemark lease has been extended. Mr. Ziegler stated it has.

Commissioner Chodun asked aside from the Cinemark expansion, do they foresee any other improvements or alterations to the structure. Mr. Ziegler stated that actual construction, other than minor things such as fixups, they do not foresee any. They are however redoing the landscaping and are upgrading the lighting.

Commissioner Moeller asked if they were considering putting security cameras. Mr. Ziegler stated they will have on site security personnel, but they will not have security cameras.

Vice-Chairman Lyons asked if anyone wished to speak to come forward and do so, there being no one indicating such, Vice-Chairman Lyons closed the public hearing and brought the item back to the Commission for discussion or motion.

Commissioner Fishman made a motion to approve Z2017-003. Commissioner Whitley seconded the motion which passed by a vote of 7-0.

IV. ACTION ITEMS

10. Z2016-033

Discuss and consider a request by Himmat Chuhan on behalf of the owner Pastem Corporation for the approval of a Specific Use Permit (SUP) for the purpose of allowing a residence hotel in a Commercial (C) District that exceeds 36-feet in height in the Scenic Overlay (SOV) District for a 1.74-acre parcel of land identified as Lot 1, Block A, Comfort Inn & Suites Rockwall Towne Centre Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within IH-30 Overlay (IH-30 OV) and Scenic Overlay (SOV) Districts, addressed as 700 E. IH-30, and take any action necessary.

Planner, Korey Brooks, gave a brief background of the request stating that this request came before the Commission at the end of last year. There is an existing SUP that was approved in 2008 that allowed for a hotel in a Commercial District and at the time that SUP was approved the SUP prohibited Residence Hotels and also limited the building to 58 feet in height and stipulated that the elevations strictly adhere to what was outline in the SUP. Since that time the applicant has proposed to change the elevations of the building and therefore requesting to change the SUP. The applicant is requesting a Residence Hotel with the provision that no more than four of the rooms would contain a kitchen, and the remaining would be standard rooms. Additionally they are requesting the hotel to be 60 feet in height and within the Overlay District anything over 60 feet requires an SUP. The applicant has also provided different elevations. The request came before the Commission in November of last year and the Commission made a recommendation to deny the request mostly due to the height of the building.

Mr. Brooks went on to state that on October, 27, 2016, staff sent 35 notices to property owners/residents within 500-feet of the subject property and emailed notices to the Lakeside Village and Turtle Cove HOA's, which are the only HOA's/Neighborhood associations that are within 1,500-feet of the subject property. Staff has received one notice in opposition of the request.

Mr. Brooks advised the Commission the applicant was present and he as well as staff were available for questions.

Vice-Chairman Lyons asked the applicant to come forward.

Clark Staggs
1601 Seascape
Rockwall, TX

Mr. Staggs came forward and stated the reason the previous project was withdrawn after the Commission denied the request and they chose not to move forward in taking it forward to City Council, was because they determined the design could substantially and dramatically be improved. Since that time they went to Best Western and asked for their suggestions and they since found an architect that had designed a new prototype for Best Western. They felt that design would comply well with Rockwall's mandate for stone and brick and they chose a contemporary design. Mr. Staggs provided a power point that included pictures of what the new design will look like. It will be a four story building and they are asking for the height to be 60 feet. The brick and stone will be complimented by a material of metallic called a rain screen with a satin finish stainless steel material which is fairly new but very architecturally attractive. Mr. Staggs went on to state that Best Western has taken on a new logo and provided pictures of what that looks like as well as pictures of what the interior of the hotel will look like.

Mr. Staggs further stated this property is being proposed at 80 rooms and out of those 80 rooms they are proposing 47 standard rooms, 33 would be studio suites. They feel there will be sufficient demand for this type of product. Four would be the one bedroom with a separate day area and the remaining would all have a mid-size refrigerator, hot plate and a microwave. And in

the industry that defines a kitchen and the industry has determined this type of product is in high demand by those that need to stay for more than just a day or two. They feel this site is very suitable to what they are proposing. Mr. Staggs added that Mr. Himmat Chauhan who currently runs the Best Western Inn and Suites in Rockwall was also present to answer any questions.

Vice-Chairman Lyons asked in what tier this particular Best Western Residency Suites would fall under as far as the quality of it. Mr. Staggs directed that question to Mr. Chauhan.

Himmat Chauhan
2914 Lakeside Village
Rockwall, TX

Mr. Chauhan came forward and stated it will be an upper mid- scale property.

Vice-Chairman Lyons asked concerning the cooktop, how many rooms would have that feature. Mr. Chauhan stated it would be a hotplate and 33 rooms would include those as well as a mid-size fridge and a microwave. Vice-Chairman Lyons asked for clarification of the amount of rooms that would have that as he understood it was proposed to only have four rooms that would be for extended stay. Mr. Chauhan four rooms would be one bedroom suites.

Mr. Miller asked Mr. Chauhan to repeat the lot mix for clarification of wording of the Ordinance. Mr. Chauhan stated 47 rooms will be 350 square feet standard rooms, 33 studio rooms that will be approximately 400 to 430 square feet and will have a hotplate, mid-size fridge and microwave. And the remaining four rooms will be 1 bedroom suites to accommodate a larger family.

Mr. Chauhan went on to state that he currently operates the Best Western Plus in Rockwall which was previously Holiday Inn Express. In the six years since they took over ownership they now have a 90 percent occupancy. He feels this product is needed as so many projects in neighboring Cities have big developments coming in and this product will be in high demand.

Commissioner Fishman asked if they would retain long term ownership of the property. Mr. stated they would.

Commissioner Trowbridge asked for clarification of the number of rooms that would be considered “residency”. Mr. Chauhan stated 37 will have the residential component.

Commissioner Trowbridge asked if there was a rent premium associated with having the in-house kitchen over having a standard room. Mr. Chauhan stated it was not a rent premium but rather an additional option for the guests.

Commissioner Chodun asked what made it an upper-middle class classification. Mr. Chauhan stated is in the past Best Western did not have any standards in hotels, but now have three tiers which are Best Western, Best Western Plus and Best Western Premiere. The Best Western Plus is competing with a Hampton, Holiday Inn Express therefore they have to make sure they have certain size rooms, certain amenities are provided and certain kind of furniture is provided and that is basically what makes it an upper mid- scale.

Commissioner Fishman stated that although it appears it will be a well maintained property she expressed concern with a Residence Hotel having just been approved in the area.

Commissioner Trowbridge expressed concern with the amount of rooms that would provide the extended stay component.

Commissioner Moeller expressed concern with the amount of rooms and the influx of the recent approval of a residence hotel within the vicinity.

Commissioner Trowbridge made a motion to deny Z2016-033. Commissioner Fishman seconded the motion. The motion to deny passed by a vote of 7-0.

11. Hold an election to elect a Chairman for the Planning and Zoning Commission.

Vice-Chairman welcomed new Commissioner Chodun to the Commission. He then brought the item up for discussion or motion.

Commissioner Logan made a motion to nominate Commissioner Lyons to serve as Chairman. Commissioner Moeller seconded the motion.

Commissioner Fishman made a motion to nominate Commissioner Trowbridge. Commissioner Trowbridge seconded the motion. The motion passed to nominate Commissioner Lyons as Chairman by a vote of 5-2, with Commissioners Trowbridge and Fishman dissenting.

Chairman Lyons made a motion to nominate Commissioner Trowbridge to serve as Vice-Chairman. Commissioner Fishman seconded the motion, which passed by a vote of 7-0.

V. DISCUSSION ITEMS

12. MIS2017-004
Hold a public hearing to discuss and consider the approval of an ordinance adopting the City's Water and Wastewater Master Plans.

Assistant City Engineer, Amy Williams, gave brief explanation of the agenda item stating that State Law requires that any city that has impact fees to update those every five years and in doing so the City likes to see a plan for an overall buildout plan for the City on the demands within the City and the ETJ for the future. When impact fees are done maps are done by a hydrologist consultant that the City hires to look at the water and sewer demands for anything in the City limits or the ETJ. Ms. Williams went on to state that in 2014 the impact fees were approved and the maps made, but at the time they did not get in with the impact fees to be approved and therefore this is just going through and getting everybody's approval on the masters. On the February 28th meeting there will be a public hearing to take action.

No discussion took place concerning this agenda item.

13. Z2017-004
Hold a public hearing to discuss and consider a city initiated request to amend Section 4, *Specific Use Permits*, of Article IV, *Permissible Uses*, of the Unified Development Code for the purpose of establishing 1) general regulations for Specific Use Permits (SUP) issued upon the adoption of the proposed ordinance, 2) regulations relating to the abandonment, expiration and revocation of Specific Use Permits (SUP) and 3) an expiration period of one (1) year for all Specific Use Permits (SUP) and Conditional Use Permits (CUP) issued by the City that are inactive, abandon or pending.

Planning Director, Ryan Miller, gave a brief explanation of the request and stated City Council directed staff to amend Section 4, Specific Use Permits SUP, of Article IV, Permissible Uses, of the Unified Development Code. Currently every time an SUP is approved there is no mechanism system to expire them if they don't take action on them. For example the car wash that was approved on Ridge Road and no action has been taken to move forward on the project and years later a request is brought forward for another car wash across the street what played into the Commissions consideration was the outstanding entitlement and then having two car washes in such close proximity of each other. This ordinance would help to clear that issue up, by putting expiration on SUP's if one is approved and no action is taken to pull a building permit within one year that SUP would expire. If they pull a building permit within that year but then fail to pull a certificate of occupancy within a year of pulling the building permit that SUP would expire.

Mr. Miller further stated that this text amendment would not only clear up inactive entitlements, but would also prevent future inactive entitlements from accruing throughout the city. In addition, it provides a clear understanding of the procedures and requirements for SUPs. Also it will stipulate how SUP's are treated within the City which includes how they're approved, the process it takes as well as grounds of revocation. And the final thing that is being done is making it retroactive. Currently, there are 158 SUPs that are active because there is no expiration mechanism and 228 CUPs in the City that date back to the 1970's. Notification will be sent to everyone that has received an SUP within the last five years letting them know that there will be a public hearing to allow them the opportunity to come before the Commission and also letting

them know that if the request is approved they will have one year to take action on their SUP or CUP before it expires.

Mr. Miller stated staff sent out a 15-day notice to the Rockwall Herald Banner for publication and the item will be back before the Commission for action at the February 28th meeting.

Commissioner Lyons asked if staff could go back before five years. Mr. Miller stated it may be difficult to track down those that were issued in the 70's 80's and 90's to establish ownership today because since some of those CUP's were issued those things have been parceled out into lots of little parcels and would take some time to track all those. That is why the City attorney said staff would just need to establish some kind of set criteria, and that criteria is anybody that was issued an SUP within the last five years.

Commissioner Chodun asked if the language of the amendment is similar and consistent to that of other surrounding Cities. Mr. Miller stated that staff polled several other cities and it was found that the expiration component is really the norm not the exception in several other cities.

Commissioner Fishman stated she liked that this language was being added and feels it has been needed. She asked if there would be any flexibility with the time basis, if they wanted to do something shorter than the one year period. Mr. Miller stated they would have the ability within the ordinance if the hit an expiration to come back before the Commission and request a onetime up to one year extension.

General discussion took place concerning entitlements and the language of the Ordinance and the Commission expressed liking the request as it will be beneficial in moving forward with the approval of future SUP's.

14. Director's Report of post Council meeting outcomes of Planning & Zoning cases.

- ✓ P2017-001: Lot 1, Block A, Montessori School Addition [*Approved*]
- ✓ P2017-002: Lot 3, Block A, Briscoe/Hillcrest Addition [*Approved*]
- ✓ P2017-004: Lots 5 & 7, Block A, The Harbor-Rockwall Addition [*Approved*]

Planning Director, Ryan Miller, **provided a brief update about the outcome of the above referenced case at the City Council meeting.**

VI. ADJOURNMENT

Chairman Lyons adjourned the meeting at 8:00 p.m.

PASSED AND APPROVED BY THE PLANNING & ZONING COMMISSION OF THE CITY OF ROCKWALL, Texas, this _____ day of _____, 2017.

_____
Johnny Lyons, Chairman

Attest:

_____
Laura Morales, Planning Coordinator

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 02/28/2017

APPLICANT: Peyton McGee of *Kimley-Horn & Associates*

AGENDA ITEM: **P2017-007;** *Lots 1, 2, & 3, Block A, Stone Creek Grocer Addition*

SUMMARY:

Discuss and consider a request by Peyton McGee of Kimley-Horn and Associates on behalf of Stone Creek SF LTD & Stone Creek Balance LTD for the approval of a final plat for Lots 1, 2 & 3, Block A, Stone Creek Grocer being a replat of 0.734-acres identified as a portion of Lot 27, Block A, Stone Creek, Phase VII Addition and a final plat of 8.666-acres out of the S. King Survey, Abstract No. 131, City of Rockwall, Rockwall County, Texas, being a total of 9.399-acres, zoned Planned Development District 70 (PD-70), situated within the North SH-205 Overlay (N-SH205 OV) District, generally located at the northeast corner of the intersection of E. Quail Run Road and N. Goliad Street [N. SH-205], and take any action necessary.

COMMENTS:

☑ The applicant is requesting approval of a final plat for the purpose of developing a 35,962 sq. ft. grocery store (LIDL) on Lot 1 of the *subject property* and creating an additional lot (*Lot 2*) for the purpose of establishing a 300-ft separation between Lot 1 and the Children's Lighthouse. This distance is required in order to meet local and TABC guidelines or an alcoholic beverage permit. Lot 3 will remain vacant until developed. As part of the request, the applicant is also proposing to replat a 0.734-acre portion of Lot 27, Block A, Stone Creek, Phase VII Addition into Lot 1.

☑ The applicant has received approval of a PD Development Plan (*i.e. Z2016-046*) and a PD Site Plan (*i.e. SP2016-034*) in accordance with the requirements of Planned Development District 70 (PD-70).

☑ The surveyor has completed the majority of the technical revisions requested by staff, and this final plat, conforming to the requirements for plats as stated in the *Subdivision Ordinance* in the Municipal Code of Ordinances, is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions listed in the *Recommendations* section below.

☑ With the exception of the items listed in the Recommendation section of this case memo, this plat is in substantial compliance with the requirements of the *Subdivision Ordinance* in the Municipal Code of Ordinances.

RECOMMENDATIONS:

If the Planning & Zoning Commission and City Council choose to approve the final plat for *Lots 1, 2, & 3, Block A, Stone Creek Grocer Addition*, staff would recommend the following conditions of approval:

1) All staff comments provided by the Planning, Engineering and Fire Department must be addressed prior to the submittal of a building permit; and,

2) Any construction resulting from the approval of this final plat shall conform to the requirements set forth by the Unified Development Code, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

Discuss and consider a request by Peyton McGee of Kimley-Horn and Associates on behalf of Stone Creek SF LTD & Stone Creek Balance LTD for the approval of a fina plat for Lots 1, 2 & 3, Block A, Stone Creek Grocer being a replat of 0.733-acres identified as a portion of Lot 27, Block A, Stone Creek, Phase VII Addition and a final plat of 8.666-acres out of the S. King Survey, Abstract No. 131, City of Rockwall, Rockwall County, Texas, being a total of 9.399-acres, zoned Planned Development District 70 (PD-70), situated within the North SH-205 Overlay (N-SH205 OV) District, generally located at the northeast corner of the intersection of E. Quail Run Road and N. Goliad Street [N. SH-205], and take any action necessary.

The following staff comments are to be addressed and resubmitted no later than Tuesday, March 7, 2017. Please provide two FOLDED large copies [18" X 24"] and one PDF version for a subsequent review by staff:

1. Adherence to all Engineering and Fire Department standards shall be required.
2. Plat mylars are required to be filed with Rockwall County prior to issuance of a Certificate of Occupancy (CO).
3. Provide staff with a letter indicating the previously approved final plat [Case No. P2017-005 for conveyence purposes] will not be filed for record with Rockwall County so as to move forward with this current request. The letter will need to be received prior to the City Council meeting scheduled for March 6, 2017.
4. Provide a label indicating "Case No. P2017-007" on the lower right corner on all pages of the revised plat.
5. Correct Notes: remove #1 and #2 as this is not considered a conveyance plat.
6. Notary Certificate is not necessary when plat is stamped by registered surveyor.
7. Enlarge signature block or signature lines for officials- line length too short.

** As a note and once the plat has been approved by the Planning and Zoning Commission and City Council, all staff comments are to be addressed and all revisions resubmitted and approved (by staff) prior to plat submittal on mylar for filing purposes. **

Meeting Dates to Attend (Since this plat request will be placed on the Consent Agenda for both the Planning and City Council meetings, it is not necessary for you to attend; however, staff would recommend that someone be present for the meetings. If you have any quesitons regarding this case, please feel free to contact David Gonzales, AICP with the Planning Department at 972-771-7745.

Planning - Consent Agenda: February 28, 2017 (6:00 p.m.)

City Council - Consent Agenda: March 6, 2017 (6:00 p.m.)

STATE OF TEXAS

COUNTY OF ROCKWALL

WHEREAS, MERITAGE HOMES OF TEXAS, LLC & STONE CREEK BALANCE, LTD., being the owner of a tract of land in situated in the S. King Survey, Abstract No.131, City of Rockwall, Rockwall County, Texas and being part of a tract of land described in Special Warranty Deed to Stone Creek Balance, LTD, recorded in Instrument No. 20070000375394, Official Public Records, Collin County, Texas, and being part of a tract of land described in Special Warranty Deed to Meritage Homes of Texas, LLC, recorded in Instrument No. 20150000013037, Official Public Records, Rockwall County, Texas, and being part of Lot 27, Block A, of Stone Creek Phase VII, an addition to the City of Rockwall, Texas, according to the plat thereof recorded in Instrument No. 20160000022742, Official Public Records, Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a Concrete Monument found at the north corner of a right-of-way corner clip for the east right-of-way line of State Highway 205 (N Goliad Street - a variable width right-of-way)

THENCE with said east right-of-way line, North 14°18'59" West, a distance of 489.45 feet to a 1/2-inch iron rod with plastic cap stamped "CORWIN" found for the most westerly southwest corner of Lot 8, Block D of Stone Creek Phase IV, an addition to the City of Rockwall, Texas, according to the plat thereof recorded in Cabinet H, Slide 317, Plat Records, Rockwall County, Texas;

THENCE departing said east right-of-way line and with the south lines of said Lot 8 the following courses and distances, to wit:

North 75°41'01" East, a distance of 310.00 feet to a 1/2-inch iron rod with plastic cap stamped "CORWIN" found;
South 14°18'59" East, a distance of 256.58 feet to a 1/2-inch iron rod with plastic cap stamped "CORWIN" found;
North 88°26'01" East, a distance of 96.46 feet to a 1/2-inch iron rod with plastic cap stamped "CORWIN" found at the most westerly southwest corner of said Lot 27;

THENCE with the south line of said Lot 27 part of the way, North 88°27'32" East, passing at a distance of 195.78 feet a 1/2-inch iron rod with plastic cap stamped "CORWIN" found for an angle point in the south line of said Lot 27, departing said south line and continuing in all a total distance of 513.73 feet to a 5/8-inch iron rod with plastic cap stamped "KHA" set;

THENCE South 0°02'44" West, passing at a distance of 101.33 feet a 1/2-inch iron rod with plastic cap stamped "RDS" found at the northwest corner of a tract of land described as Quail Run Fire Station recorded in Special Warranty Deed to The City of Rockwall, recorded in Vol. 5635, Pg. 211, Deed Records, Rockwall County, Texas, and continuing with the west line of said Quail Run Fire Station, passing at a distance of 262.60 feet a 1/2-inch iron rod with plastic cap stamped "RDS" found at the southwest corner of said Quail Run Fire Station, being in the north right-of-way line of Quail Run Drive (a variable width public right-of-way) in all a total distance of 395.49 feet to an "X" cut in concrete;

THENCE with said north right-of-way line, South 89°34'22" West, a distance of 67.13 feet to an "X" cut in concrete for the northeast corner of Lot 1, Block B of Quail Run Retail, an addition to the City of Rockwall, Texas, according to the plat thereof recorded in Cabinet E, Slide 67, Plat Records, Rockwall County, Texas;

THENCE with the north line of said Lot 1, South 88°24'25" West, a distance of 650.72 feet to a 1/2-iron rod with plastic cap stamped "CARTER & BUGESS" found at the southeast corner of said right-of-way corner clip;

THENCE departing said north line and with said corner clip, North 54°44'35" West, a distance of 165.14 feet to the **POINT OF BEGINNING** and containing 9.399 acres or 409,432 square feet of land.

All bearings shown are based on grid north and referenced to City of Rockwall Monuments R003 and R018 ot the Texas Coordinate System of 1983, North Central Zone (4202), North American Datum of 1983. All dimensions shown are ground distances. To obtain a grid distance, multiply the ground distance by the Project Combined Factor (PCF) of 0.9998540.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS

COUNTY OF ROCKWALL

I (we) the undersigned owner(s) of the land shown on this plat, and designated herein as the **Stone Creek Grocer Addition** subdivision to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, watercourses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. I (we) further certify that all other parties who have a mortgage or lien interest in the **Stone Creek Grocer Addition** subdivision have been notified and signed this plat.

I (we) understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. I (we) also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.
2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.
3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.
4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.
5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.
6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

I (we) further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the Subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; I (we), my (our) successors and assigns hereby waive any claim, damage, or cause of action that I (we) may have as a result of the dedication of exactions made herein.

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 02/28/2017

APPLICANT: David Smith

AGENDA ITEM: **P2017-009;** *Lot 1, Block A, Rockwall Grace Clinic Addition*

SUMMARY:

Discuss and consider a request by David Smith on behalf of Barbara Criswell for the approval of a replat for Lot 1, Block A, Rockwall Grace Clinic Addition being a replat of a 0.34-acre parcel of land identified as Lot 2 of the W. T. Barnes Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses, situated within the North Goliad Corridor (NGC OV) District, addressed as 602 N. Goliad Street [SH-205], and take any action necessary.

PLAT INFORMATION:

- ☑ The objective of the request is to replat one (1) parcel of land *[Lots 2 of the W. T. Barnes Addition*] for the purpose of establishing necessary easements and right-of-way dedication.

- ☑ On January 31, 2017, the Planning and Zoning Commission approved a site plan [*SP2017-005*] for the purpose of converting an existing single-family structure into a medical office building by a vote of 7-0.

- ☑ The surveyor has completed the majority of the technical revisions requested by staff, and this plat, conforming to the requirements for replats as stated in the Subdivision Ordinance in the Municipal Code of Ordinances, is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

- ☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Recommendation* section below.

- ☑ With the exception of the items listed in the *Recommendation* section of this case memo, this plat is in substantial compliance with the requirements of the Subdivision Ordinance in the Municipal Code of Ordinances.

RECOMMENDATIONS:

If the Planning and Zoning Commission chooses to approve the *replat* for *Lot 1, Block A, Rockwall Grace Clinic Addition,* staff would recommend the following conditions:

1) All technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat;

2) Any construction resulting from the approval of this *replat* shall conform to the requirements set forth by the Unified Development Code, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

(2/23/2017 1:39 PM KB)
P2017-009 Lots 1, Block A, Grace Clinic Addition Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 This is a request by David Smith on behalf of Barbara Criswell for the approval of a replat for Lot 1, Block A, Rockwall Grace Clinic Addition being a replat of a 0.34-acre parcel of land identified as Lot 2 of the W. T. Barnes Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses, situated within the North Goliad Corridor (NGC OV) District, addressed as 602 N. Goliad Street [SH-205].
I.2 For questions or comments concerning this case, please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.
M.3 For reference, include the case number (P2017-009) in the lower right hand corner of all pages on future submittals.
M.4 Please correct title block to show "Rockwall Grace Clinic Addition"
M.5 Please provide bearings for callouts and legal description.
M.6 This plat will require a Facilities Agreement—When Lot 3 develops then owner would be required to pave the 12-foot mutual access easement at rear of property (Similar to David Smith's agreement on his property)
I.7 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested by March 7, 2017.
M.8 The Planning & Zoning date for this case will be February 28, 2017. The City Council meeting date and subsequent approval for this plat is March 6, 2017.
I.9 All meetings will be held at 6:00 p.m. in the Council Chambers at City Hall.

OWNER'S CERTIFICATE
(Public Dedication)

STATE OF TEXAS
COUNTY OF ROCKWALL

WHEREAS BARBARA CRISWELL, BEING THE OWNER OF A TRACT OF land in the County of Rockwall, State of Texas, said tract being described as follows:

All that certain lot, tract or parcel of land situated in the City of Rockwall, Rockwall County, Texas, and being known as Lot 2 of W.T. BARNES ADDITION, an Addition to the City of Rockwall, Texas, according to the Plat thereof recorded in Volume T, Page 437 of the Deed Records of Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a "X" cut rod found for corner in the East right-of-way line of N. Goliad Street (State Highway 205) at the Northwest corner of Lot 1 as described in a Warranty deed from John E. Doak and wife, Helon Doak to Howard W. Johnson and wife, Mary Johnson, dated May 31, 1978 and being recorded in Volume 135, Page 160 of the Deed Records of Rockwall County, Texas;

THENCE NORTH (Basis of Bearing) along said right-of-way line, a distance of 75.00 feet to a 1/2" iron rod with yellow plastic cap stamped "R.S.C.I. RPLS 5034" found for corner at the Southwest corner of a tract of land as described in a Warranty deed from Carole Kelly to Wayne Criswell as recorded in Volume 311, Page 235 of the Real Property Records of Rockwall County, Texas;

THENCE EAST along the South line of said Criswell tract, a distance of 200.00 feet to a 1/2" iron rod with yellow plastic cap stamped "R.S.C.I. RPLS 5034" found for corner;

THENCE SOUTH a distance of 75.00 feet to a 1/2" iron rod with yellow plastic cap stamped "R.S.C.I. RPLS 5034" found for corner at the Northeast corner of said Johnson tract;

THENCE WEST a distance of 200.00 feet to the POINT OF BEGINNING and containing 15,000 square feet or 0.34 acres of land.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS
COUNTY OF ROCKWALL

I the undersigned owner of the land shown on this plat, and designated herein as ROCKWALL GRACE CLINIC, an Addition to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. I further certify that all other parties who have a mortgage or lien interest in the subdivision have been notified and signed this plat.

I understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same.

I also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of th eir respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maint aining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Roc kwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, sto rm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer an d/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as p rogress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

I further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; I , my successors and assigns hereby waive any claim, damage, or cause of action that I may have as a result of the dedication of exaction's made herein.

BARBARA CRISWELL

STATE OF TEXAS
COUNTY OF ROCKWALL

Before me, the undersigned authority, on this day personally appeared BARBARA CRISWELL known to me to be the person whose name is subscribed to the foregoing instrument, and acknowledged to me that he executed the same for the purpose and consideration therein stated.

Given upon my hand and seal of office this _____day of _____, _____.

Notary Public in and for the State of Texas

My Commission Expires:

NOTE: It shall be the policy of the City of Rockwall to withhold issuing building permits until all streets, water, sewer and storm drainage systems have been accepted by the City. The approval of a plat by the City does not constitute any representa tion, assurance or guarantee that any building within such plat shall be approved, authorized or permit therefore issued, as required under Ordinance 83-54.

SURVEYOR'S CERTIFICATE

NOW, THEREFORE KNOW ALL MEN BY THESE PRESENTS:

THAT I, Harold D. Fetty, III, R.P.L.S. No. 5034, do hereby certify that I prepared this plat from an actual and accurate survey of the land, and that the corner monuments shown thereon were properly placed under my personal supervision.

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 02/28/2017

APPLICANT: Rick Bates of *RLK Engineering*

AGENDA ITEM: **P2017-010;** *Lot 1, Block A, Dobbs Elementary Addition*

SUMMARY:

Discuss and consider a request by Rick Bates of RLK Engineering, Inc. on behalf of James Watson of the Rockwall Independent School District (RISD) for the approval of a replat for Lot 1, Block A, Dobbs Elementary Addition being a replat of a 17.464-acre parcel of land identified as Rockwall School Addition No. 1, City of Rockwall, Rockwall County, Texas, zoned Single Family 7 (SF-7) District, addressed as 901 Nash Street, and take any action necessary.

COMMENTS:

☑ The applicant is requesting approval of a replat for the purpose of constructing a two (2) story, 93,281 sq. ft. elementary school (*i.e. Dobbs Elementary*). As part of the replat the applicant will be dedicating firelane, public access, and utility easements in order to provide the necessary services for the development. The plat will also abandon a five (5)-ft water line easement located at the southwest portion of the property (*adjacent to Rusk Street*). A site plan (*i.e. SP2016-028*) for the elementary school was approved in December 2016.

☑ The surveyor has completed the majority of the technical revisions requested by staff, and this plat, conforming to the requirements for replats as stated in the *Subdivision Ordinance* in the Municipal Code of Ordinances, is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions listed in the *Recommendations* section below.

☑ With the exception of the items listed in the Recommendation section of this case memo, this plat is in substantial compliance with the requirements of the *Subdivision Ordinance* in the Municipal Code of Ordinances.

RECOMMENDATIONS:

If the Planning & Zoning Commission and City Council choose to approve the replat for *Lot 1, Block A, Dobbs Elementary Addition*, staff would recommend the following conditions of approval:

1) All staff comments provided by the Planning, Engineering and Fire Department must be addressed prior to the submittal of a building permit; and,

2) Any construction resulting from the approval of this replat shall conform to the requirements set forth by the Unified Development Code, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

Discuss and consider a request by Rick Bates of RLK Engineering, Inc. on behalf of James Watson of the Rockwall Independent School District (RISD) for the approval of a replat for Lot 1, Block A, Dobbs Elementary Addition being a replat of a 17.464-acre parcel of land identified as Rockwall School Addition No. 1, City of Rockwall, Rockwall County, Texas, zoned Single Family 7 (SF-7) District, addressed as 901 Nash Street, and take any action necessary.

The following staff comments are to be addressed and resubmitted no later than Tuesday, March 7, 2017. Please provide two FOLDED large copies [18" X 24"] and one PDF version for a subsequent review by staff:

1. Adherence to all Engineering and Fire Department standards shall be required.
2. Provide a label indicating "Case No. P2017-010" on the lower right corner on all pages of the revised submittal.
3. Civil Engineering Plans are to be approved and plat mylars to be filed prior to issuance of a Certificate of Occupancy (CO).
4. Correct Title Block to read as follows:

Final Plat
Dobbs Elementary Addition
Lot 1, Block A (do not use block 1)
Being a replat of
Rockwall School Addition No. 1
Recorded in Voluume B, Page 11, P.R.R.C.T
17.464 acres situated in the
R. Ballard Survey, Astract No. 29
City of Rockwall,
Rockwall County, Texas

5. Remove label "Elementary School Zoned SF-7" from plat boundary and add "Dobbs Elementary Addition Lot 1, Block A." (do not use Block 1)
6. Notary Certificate is not necessary when plat is stamped by Surveyor.
7. Provide a standard signature block (i.e. P&Z Approval, Mayor, City Secretary, Engineering, etc.) and language.

** As a note and once the plat has been approved by the Planning and Zoning Commission and City Council, all staff comments are to be addressed and all revisions resubmitted and approved (by staff) prior to plat submittal on mylar for filing purposes. **

Meeting Dates to Attend (Since this plat request will be placed on the Consent Agenda for both the Planning and City Council meetings, it is not necessary for you to attend; however, staff would recommend that someone be present for the meetings. If you have any quesitons regarding this case, please feel free to contact David Gonzales, AICP with the Planning Department at 972-771-7745.

Planning - Consent Agenda: February 28, 2017 (6:00 p.m.)

City Council - Consent Agenda: March 6, 2017 (6:00 p.m.)

OWNER'S CERTIFICATION

STATE OF TEXAS
COUNTY OF ROCKWALL

WHEREAS, the Rockwall Independent School District is the owner of a tract of land situated in the R. Ballard Survey, Abstract No. 29, City of Rockwall, Rockwall County, Texas, and being part of Rockwall School Addition No. 1, an addition to the City of Rockwall as recorded in Volume B, Page 11, Plat Records of Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 1/2" iron rod set with plastic cap stamped "RPLS 4613" for corner at the intersection of the north line of Washington Street, and the east line of Clark Street;

THENCE N03°25'34"W, with the east line of Clark Street, a distance of 212.81 feet to a 1/2" iron rod set with plastic cap stamped "RPLS 4613" for corner in the south line of Rusk Street;

THENCE N89°00'04"E, with the south line of Rusk Street, a distance of 279.76 feet to a 1/2" iron rod set with plastic cap stamped "RPLS 4613" for corner;

THENCE N00°43'54"W, a distance of 250.00 feet to a 1/2" iron rod set with plastic cap stamped "RPLS 4613" for corner in the south line of Kaufman Street;

THENCE S89°00'04"W, with the south line of Kaufman Street, a distance of 55.00 feet to a 1/2" capped iron rod set with plastic cap stamped "RPLS 4613" for corner;

THENCE N00°43'54"W, a distance of 310.00 feet to a capped 1/2" iron rod set for corner in the north line of Interurban Street;

THENCE S89°55'06"W, with the north line of Interurban Street, a distance of 58.26 feet to a capped 1/2" iron rod set for corner in the east line of Nash Street;

THENCE N00°06'07"W, with the east line of Nash Street, a distance of 196.92 feet to a 1/2" capped iron rod set for corner, said point being the beginning of a curve to the right having a central angle of 49°31'49", a radius of 160.56 feet, a tangent length of 74.07 feet, and a chord bearing N24°39'47"E, 134.52 feet;

THENCE in a northeasterly direction along said curve to the right, and with the east line of Nash Street, an arc distance of 138.80 feet to a 1/2" iron rod set with plastic cap stamped "RPLS 4613" for corner and the beginning of a reverse curve to the left having a central angle of 11°40'31", a radius of 129.45 feet, a tangent length of 13.24 feet, and a chord bearing N43°35'29"E, 26.33 feet;

THENCE in a northeasterly direction along said curve to the left, and with the east line of Nash Street, an arc distance of 26.38 feet to a 1/2" capped iron rod set with plastic cap stamped "RPLS 4613" for corner and the end of said curve, said point being in a private drive;

THENCE N89°54'24"E, along said private drive, a distance of 586.24 feet to a 1/2" iron rod set with plastic cap stamped "RPLS 4613" for corner;

THENCE S00°41'06"E, a distance of 200.93 feet to a 1/2" iron rod set with plastic cap stamped "RPLS 4613" for corner;

THENCE S01°08'03"E, a distance of 845.81 feet to a 1/2" iron rod set with plastic cap stamped "RPLS 4613" for corner in the aforementioned north line of Washington Street;

THENCE S81°41'15"W, with the north line of Washington Street, a distance of 415.47 feet to a 1/2" iron rod set with plastic cap stamped "RPLS 4613" for corner;

THENCE S88°49'55"W, with the north line of Washington Street, a distance of 524.90 feet to the POINT OF BEGINNING and CONTAINING 760,747 square feet, or 17.464 acres of land.

The bearings shown are derived from Texas WDS RTK Network, Texas State Plane Coordinate System, Nad83, North Central Zone, Nad 83 (CORS96) Epoch 2002.0, vertical positions are referenced using NAVD88 using (GEIODO3).

GENERAL NOTES

It shall be the policy of the City of Rockwall to withhold issuing building permits until all streets, water, sewer, and storm drainage systems have been accepted by the City. The approval of a plat by the City does not constitute any representation, assurance or guarantee that any building within such plat shall be approved, authorized or permit therefore issued, nor shall such approval constitute any representation, assurance, or guarantee by the City of the adequacy and availability for water for personal use and fire protection within such plat, as required under Ordinance 83–54.

STATE OF TEXAS
COUNTY OF ROCKWALL

We, Rockwall Independent School District, the undersigned owner of the land shown on this plat, and designated Lot 1, Block 1, Dobbs Elementary Addition to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever, all streets, alleys, parks, water courses, drains, easements, and public places thereon shown for the purpose and consideration therein expressed.

We understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. We also understand the following:

1. No buildings shall be constructed upon, over or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs or other growths or improvements which in any way endanger or interfere with construction, maintenance, or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from, and upon the said easement strips for the purpose of construction, reconstruction, inspecting, patrolling, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house, dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at the prevailing private commercial rates, or have been made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done, or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

We further acknowledge that the dedications and/or exactions made herein are proportional to the impact of the Subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; We, our successors and assigns hereby waive any claim, damage, or cause of action that We may have as a result of the dedication of exactions made herein.

Case No. P2017–000

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 02/28/2017

APPLICANT: Cameron Sloan of *FC Cuny Corporation*

AGENDA ITEM: **P2017-011;** *Lot 5, Block A, Harbor District Addition*

SUMMARY:

Discuss and consider a request by Cameron Slown of FC Cuny Corporation on behalf of Elias Pope of Eighty Twenty Real Estate Holdings, LLC for the approval of a replat for Lot 5, Block A, Harbor District Addition, being a replat of a 0.90-acre parcel of land identified as Lot 3, Block A, Harbor District Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), situated within the IH-30 Overlay (IH-30 OV) District, addressed as 2651 Sunset Ridge Drive, and take any action necessary.

COMMENTS:

☑ The applicant is requesting approval of a replat for the purpose of constructing 5,400 sq. ft. restaurant (i.e. HG Supply). As part of the request the applicant will be dedicating firelane, public access, and utility easements in order to provide the necessary services and access for the development. A site plan (*i.e. SP2015-015*) for the restaurant was approved in July 2015 and subsequently amended (*i.e. SP2016-027*) in December 2016.

☑ The surveyor has completed the majority of the technical revisions requested by staff, and this plat, conforming to the requirements for replats as stated in the *Subdivision Ordinance* in the Municipal Code of Ordinances, is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions listed in the *Recommendations* section below.

☑ With the exception of the items listed in the Recommendation section of this case memo, this plat is in substantial compliance with the requirements of the *Subdivision Ordinance* in the Municipal Code of Ordinances.

RECOMMENDATIONS:

If the Planning & Zoning Commission and City Council choose to approve the replat for *Lot 5, Block A, Harbor District Addition*, staff would recommend the following conditions of approval:

1) All staff comments provided by the Planning, Engineering and Fire Department must be addressed prior to the submittal of a building permit; and,

2) Prior to the issuance of a building permit the applicant will be required to submit a Photometric Plan that conforms to Article VII, *Environmental Performance*, of the UDC; and,

3) Any construction resulting from the approval of this replat shall conform to the requirements set forth by the Unified Development Code, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

Discuss and consider a request by Cameron Slown of FC Cuny Corporation on behalf of Elias Pope of Eighty Twenty Real Estate Holdings, LLC for the approval of a replat for Lot 5, Block A, Harbor District Addition, being a replat of a 0.90-acre parcel of land identified as Lot 3, Block A, Harbor District Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), situated within the IH-30 Overlay (IH-30 OV) District, addressed as 2651 Sunset Ridge Drive, and take any action necessary.

The following staff comments are to be addressed and resubmitted no later than Tuesday, March 7, 2017. Please provide two FOLDED large copies [18" X 24"] and one PDF version for a subsequent review by staff:

1. Adherence to all Engineering and Fire Department standards shall be required.
2. Provide a label indicating "Case No. P2017-011" on the lower right corner on all pages of the revised submittal.
3. Plat mylars are to be filed prior to issuance of a Certificate of Occupancy (CO).
4. Correct Title Block to read as Harbor District Addition Lot 5 (do not use Lot 3R).
5. Relabel plat within boundary to read "Lot 5, Block A Harbor District Addition." (do not use Lot 3R).
6. Provide a standard signature block (i.e. P&Z Approval, Mayor, City Secretary, Engineering, etc.) and language.
7. Provide a minimm 2"x2" blank area on right side for county recording information label.

** As a note and once the plat has been approved by the Planning and Zoning Commission and City Council, all staff comments are to be addressed and all revisions resubmitted and approved (by staff) prior to plat submittal on mylar for filing purposes. **

Meeting Dates to Attend (Since this plat request will be placed on the Consent Agenda for both the Planning and City Council meetings, it is not necessary for you to attend; however, staff would recommend that someone be present for the meetings. If youhave any quesitons regarding this case, please feel free to contact David Gonzales, AICP with the Planning Department at 972-771-7745.

Planning - Consent Agenda: February 28, 2017 (6:00 p.m.)

City Council - Consent Agenda: March 6, 2017 (6:00 p.m.)

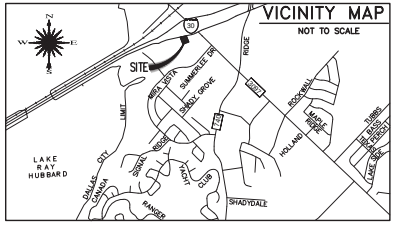
APPROVED

I hereby certify that the above and foregoing plat of REPLAT of the HARBOR DISTRICT ADDITION LOT 3R to the City of Rockwall, Texas was approved by the City Council of the City of Rockwall on the _____ day of _____, 2017.

This approval shall be invalid unless the approved Plat for such Addition is recorded in the office of the County Clerk of Rockwall County, Texas, within one hundred eighty (180) days from said date of final approval.

Said addition shall be subject to all the requirements of the Subdivision Regulations of the City of Rockwall.

_____ _____
Director of Planning *City Engineer*



OWNERS DEDICATION

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS}
COUNTY OF ROCKWALL}

That we the undersigned owner's of the land shown on this plat, and designated herein as the REPLAT of the HARBOR DISTRICT ADDITION LOT 3R to the City of Rockwall, Texas, and whose name's are subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. we further certify that all other parties who have a mortgage or lien interest in the REPLAT of the HARBOR DISTRICT ADDITION LOT 3R have been notified

We understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. We also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwalls West regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall, or until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

We further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the Subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; We and our successors and assigns hereby waive any claim, damage, or cause of action that we may have as a result of the dedication of exactions made herein.

MEMORANDUM

TO: **Planning and Zoning Commission**

FROM: **Amy Williams, P.E., Assistant City Engineer**

DATE: **February 28, 2017**

SUBJECT: **Water and Wastewater Master Plan**

State Law requires all Cities charging Impact Fees to update the process every five years. The process focuses on determining all system deficiencies at the time of the study and improvements needed to serve that City for the next ten years. When evaluating the needs for the next ten years, it is advisable to look at the needs to meet demands for buildout through establishment of a master plan. These master plans for the physical development of the City contain recommendations for the growth development of the City and its extraterritorial jurisdiction. Updating these master plans with the Impact Fees allows for adjustments to land use changes and/or needs to serve where development is actually occurring. The Water and Wastewater Impact Fee was approved on June 2, 2014. The master plans for both utilities were developed at that time. However, the Master Water and Wastewater plan was not included in the approval process.

The City Code of Ordinances found in Section 9.04 (Procedure for Amending Master Plan) requires one public hearing by the Planning and Zoning Commission along with their recommendation be forward to City Council for approval. The City Council will adopt or reject such proposed revision after hosting a public hearing within sixty days of submission to City Council.

Please place the Master Water and Wastewater Plan on the next available Planning and Zoning Commission document as a Public Hearing and take action on these plans at the conclusion of the Public Hearing.

CITY OF ROCKWALL, TEXAS
MEMORANDUM

TO: Planning and Zoning Commission

FROM: Ryan Miller, *Director of Planning and Zoning*

DATE: February 28, 2017

SUBJECT: Proposed Changes to Specific Use Permits (SUP)

After a work session on Specific Use Permits (SUP) on February 6, 2017, the City Council directed staff to amend Section 4, *Specific Use Permits (SUP)*, of Article IV, *Permissible Uses*, of the Unified Development Code (UDC). The purpose of this amendment is to make the following changes to the UDC:

(1) Grant the City Council and Planning and Zoning Commission the ability to create operational conditions, which can regulate SUPs on a *case-by-case* basis.

(2) Establish compliance requirements that regulate the property owner's responsibility with regard to an approved SUP.

(3) Establish abandonment, expiration and revocation procedures for SUPs. In addition, this text amendment would establish the following time limitations:

  (a) If an approved SUP was vacated or inactive for six (6) months the SUP would automatically expire.

  (b) If an approved SUP is not issued a building permit within one (1) year of the approval date, the SUP would automatically expire. *Note: If a building permit is not necessary this would revert to a Certificate of Occupancy (CO).*

  (c) If an approved SUP is issued a building permit but a Certificate of Occupancy (CO) has not been issued within one (1) year of the issuance date of the building permit, the SUP would automatically expire.

(4) Establish a procedure for the City Council to grant a one (1) time extension for a period not to exceed one (1) year.

(5) Expire all existing SUPs and Conditional Use Permits (CUP) that are inactive or do not receive a building permit within one (1) year of the adoption date of the text amendment.

Currently, there are 158 SUPs and 228 CUPs in the City. This text amendment would not only clear up inactive entitlements, but would also prevent future inactive entitlements from accruing throughout the city. In addition, it provides a clear understanding of the procedures and requirements for SUPs.

In accordance, with Section 4.2 of Article XI, *Zoning Related Applications*, of the UDC staff is bringing the proposed amendments forward to the Planning and Zoning Commission for a recommendation to the City Council. Attached to this case memo is a copy of the draft ordinance outlining the proposed changes to the UDC. The schedule for this text amendment is as follows:

~~*Planning and Zoning Work Session: February 14, 2017*~~
Planning and Zoning Public Hearing: February 28, 2017

City Council Public Hearing [1st Reading]: March 6, 2017
City Council [2nd Reading]: March 20, 2017

Staff will has sent out a 15-day notice to the Rockwall Herald Banner in accordance with all applicable state laws and Section 6.1 of Article II, *Authority and Administrative Procedures*, of the UDC. In addition, staff has sent out a courtesy notice to all property owners that have been approved for a SUP. A total of 154 courtesy notices were sent out to property owners holding SUP's. A copy of the notices sent to these properties is contained in the attached packet.

Text Amendment
Note: ~~Strikeouts~~ represent the current code language, which is being removed in its entirety.

Section 4, Specific Use Permits (SUP)
Article IV, Permissible Uses
Unified Development Code

~~A specific use permit (SUP) is required for any use identified in the land use table as requiring one. The procedure for requesting an SUP is set out in article XI [of this Unified Development Code], Zoning Related Applications and Procedures.~~

Section 4.1, *Purpose*

The purpose of a Specific Use Permit (SUP) is to allow discretionary consideration of certain uses that would typically be considered incompatible within certain locations of a zoning district, but may become compatible with the addition of special provisions, conditions or restrictions. A SUP does not change the base zoning; it allows a particular use that would not normally be permitted in that zoning district. The SUP requirement for any land use is identified in the *Permitted Land Use* table contained in Article IV, *Permissible Uses*, of this Unified Development Code. The discretionary SUP procedure is designed to enable the Planning and Zoning Commission and the City Council to impose conditions upon such uses and structures that are designed to avoid, minimize or mitigate potentially adverse effects upon the community or other properties in the vicinity of the proposed use or structure, and to deny requests for a SUP when it is apparent that a proposed use or structure will or may occasionally harm the community or cause injury to the value, lawful use, and reasonable enjoyment of other properties in the vicinity of the proposed use or structure

Section 4.2, *Operational Conditions*

In considering a SUP, staff and/or the Planning and Zoning Commission may recommend and the City Council may adopt additional conditions and operational constraints to ensure compatibility with adjacent land uses. These additional conditions and operational constraints will be incorporated into the SUP ordinance, and may relate to: (1) a property's specific site conditions, (2) increased performance standards, (3) compatibility with adjacent properties, (4) mitigation of potentially negative or adverse effects of a request, and (5) anything that could have a negative impact on the public's health, safety and general welfare.

Section 4.3, *Compliance*

(1) In considering a Special Use permit application, the Planning and Zoning Commission may recommend, and the City Council may impose such conditions, safeguards and restrictions upon the premises benefited by the special use as may be necessary to avoid, minimize, or mitigate any potentially injurious effect of such special uses upon other property in the neighborhood, and to carry out the general purpose and intent of this Ordinance. Such conditions shall be set out in the Ordinance approving the SUP.

(2) Prior to a SUP being issued, the property owner of the affected property shall agree, comply and be bound to the conditions and operational constraints approved by the City Council and contained in the SUP ordinance.

(3) A SUP is considered to be transferable from property owner to property owner; however, the conditions and operational constraints of the SUP shall remain in effect and be applicable to

the new property owner(s) and/or occupant(s). SUP's cannot be transferred from property to property.

Section 4.4, *Abandonment, Expiration and Revocation of a Specific Use Permit (SUP)*

(1) *Abandonment.* A SUP approved by the City Council that remains vacant or inactive for a period of six (6) months shall be deemed to be abandoned and shall automatically expire. Vacancy or inactivity can be determined by the following:

(a) The water and/or electrical services have been disconnected or discontinued on the property; and/or

(b) The subject property (*e.g. lease space, parcel or parcels of land, lot, tract etc.*) is unoccupied; and/or

(c) The use is abandon due to the issuance of a Certificate of Occupancy (CO) for a use other than (*and exclusive from*) the use approved with the SUP.

(2) *Expiration*. A Specific Use Permit (SUP) shall automatically expire due to inactivity if:

(a) A building permit has not been issued within (1) year of the approval date of the SUP ordinance, and/or a Certificate of Occupancy (CO) has not been issued within one (1) year of a building permit -- *or one (1) year of the approval date of this ordinance if no building permit is necessary*; or

(b) A building permit or Certificate of Occupancy (CO) expires, is terminated or revoked under the requirements of the Codes of the City of Rockwall.

(3) *Revocation*. The City Council reserves the right to revoke or rescind any SUP in which the business, property or property owner operating under the guidelines of the SUP ordinance fails to meet the minimum operation requirements set forth in the Specific Use Permit (SUP) ordinance and/or outlined in the Unified Development Code or the Rockwall Municipal Code of Ordinances. The procedure for revocation or rescinding a Specific Use Permit (SUP) shall be the same procedure for requesting a new Specific Use Permit (SUP).

Section 4.5, *Extension of a Specific Use Permit (SUP)*

Upon recommendation from the Planning and Zoning Commission, the City Council may grant a one (1) time extension to the expiration requirements stated above for a period not to exceed one (1) year. To apply for an extension a property owner shall file a written request with the Director of Planning or his designee at least 90 days prior to the expiration date. Extension requests shall not require a public hearing. No additional extension shall be granted without complying with the notice and hearing requirements for an initial application for a SUP.

Section 4.6, *Existing Specific Use Permits (SUP) and Conditional Use Permits (CUP)*

Specific Use Permits (SUP) and Conditional Use Permits (CUP) in existence at the time this section was adopted by the City Council shall automatically terminate one (1) year from the adoption date of this section if a building permit -- *or a Certificate of Occupancy (CO) if no building permit is necessary* -- has not been issued or an extension is not requested under Section 4.5 of this Ordinance.

City of Rockwall
The New Horizon

February 16, 2017

To:

From: Ryan C. Miller, *AICP*
Director of Planning and Zoning
City of Rockwall
385 S. Goliad Street
Rockwall, TX 75087

Subject: **Text Amendment to the Unified Development Code Concerning Specific Use Permits (SUP) in the City of Rockwall**

To Whom It May Concern:

The purpose for this correspondence is to notify you of upcoming changes to the City's Unified Development Code (UDC) affecting properties that have been granted a Specific Use Permit (SUP) under Section 4.1, *Specific Use Permits,* of Article IV, *Permissible Uses*, of the UDC. Specifically, the City Council has directed staff to prepare a text amendment that requires that all SUP's be subject to the following abandonment, expiration and revocation procedures:

(1) If an approved SUP is vacated or inactive for a period of six (6) months the SUP would automatically expire.

(2) If an approved SUP is not issued a building permit within one (1) year of the approval date of this proposed text amendment, the SUP would automatically expire (*for new SUP's this date would be from the approval date of the SUP ordinance*). If a building permit is not necessary then the SUP would require the issuance of a Certificate of Occupancy (CO) within one (1) year of the approval date of this proposed text amendment or the SUP would automatically expire.

(3) If an approved SUP is issued a building permit, but a Certificate of Occupancy (CO) has not been issued within one (1) year of the issuance date of the building permit or the date of this proposed text amendment -- *whichever is later* -- due to inactivity on the subject property, the SUP would automatically expire.

It should be noted that if you currently have an SUP that is operating in conformance with your approved SUP ordinance then this text amendment will ***NOT*** have an effect on your property until you become out of compliance with criteria (1) listed above. These changes will only affect inactive or dormant SUP's (*i.e. SUP's that have not taken action to develop or utilize their SUP ordinance within one [1] year of the approval date of this text amendment*), which fail to develop their property in accordance with City Council's approval in a timely manner. I should note that if this text amendment is approved and you are unable to comply with the one (1) year time period, an appeal process allowing City Council to grant a one (1) time extension for a period not to exceed one (1) year is available pending a written request is filed with the Planning Department 90-days prior to the expiration date. For your reference and review, I have attached a copy of the proposed text amendment and a map of all SUP's in the City. Please note that the language in the

City of Rockwall
The New Horizon

text amendment is preliminary and may be subject to change based on review by the Planning and Zoning Commission and City Council.

There will be public hearings over the proposed text amendment prior to its possible adoption on *February 28, 2017* and *March 6, 2017* at 6:00 PM at City Hall (*i.e. 385 S. Goliad Street, Rockwall, TX 75087*). In addition, staff has sent out a 15-day notice to the Rockwall Harold Banner in accordance with all applicable state laws and Section 6.1, *Notice of Public Hearing*, of Article II, *Authority and Administrative Procedures*, of the UDC. As a stakeholder in this text amendment, I would encourage you to come to the public hearings or contact City staff for further clarification of how this text amendment could affect your particular property. You can reach Planning Department staff at (972) 771-7745 or email planning@rockwall.com.

Sincerely,

Ryan C. Miller, AICP

CITY OF ROCKWALL

ORDINANCE NO. 17-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, BY AMENDING SECTION 4, *SPECIFIC USE PERMITS*, OF ARTICLE IV, *PERMISSIBLE USES*; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, an amendment to the City of Rockwall's Unified Development Code [*Ordinance No. 04-38*] has been initiated by the City Council of the City of Rockwall to amend Section 4, *Specific Use Permits,* of Article IV, *Permissible Uses*, of the Unified Development Code [*Ordinance No. 04-38*] and,

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the city's corporate boundaries, and the governing body in the exercise of its legislative discretion, has concluded that the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

NOW, THEREFORE, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

Section 1. That Section 4, *Specific Use Permits,* of Article IV, *Permissible Uses,* of the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended as specifically described in *Exhibits 'A'* of this ordinance.

Section 2. That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars* ($2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

Section 3. That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

Section 4. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides;

DRAFT ORDINANCE 03.28.17

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 3RD DAY OF APRIL, 2017.

Jim Pruitt, *Mayor*

ATTEST:

Kristy Cole, *City Secretary*

APPROVED AS TO FORM:

Frank J. Garza, *City Attorney*

1st Reading: March 20, 2017

2nd Reading: April 3, 2017

DRAFT ORDINANCE 02.28.2017

Section 4. Specific Use Permits

~~A specific use permit (SUP) is required for any use identified in the land use table as requiring one. The procedure for requesting an SUP is set out in article XI [of this Unified Development Code], Zoning Related Applications and Procedures.~~

Section 4.1, *Purpose*

The purpose of a Specific Use Permit (SUP) is to allow discretionary consideration of certain uses that would typically be considered incompatible within certain locations of a zoning district, but may become compatible with the addition of special provisions, conditions or restrictions. A SUP does not change the base zoning; it allows a particular use that would not normally be permitted in that zoning district. The SUP requirement for any land use is identified in the *Permitted Land Use* table contained in Article IV, *Permissible Uses*, of this Unified Development Code. The discretionary SUP procedure is designed to enable the Planning and Zoning Commission and the City Council to impose conditions upon such uses and structures that are designed to avoid, minimize or mitigate potentially adverse effects upon the community or other properties in the vicinity of the proposed use or structure, and to deny requests for a SUP when it is apparent that a proposed use or structure will or may occasionally harm the community or cause injury to the value, lawful use, and reasonable enjoyment of other properties in the vicinity of the proposed use or structure

Section 4.2, *Operational Conditions*

In considering a SUP, staff and/or the Planning and Zoning Commission may recommend and the City Council may adopt additional conditions and operational constraints to ensure compatibility with adjacent land uses. These additional conditions and operational constraints will be incorporated into the SUP ordinance, and may relate to: (1) a property's specific site conditions, (2) increased performance standards, (3) compatibility with adjacent properties, (4) mitigation of potentially negative or adverse effects of a request, and (5) anything that could have a negative impact on the public's health, safety and general welfare.

Section 4.3, *Compliance*

(1) In considering a Special Use permit application, the Planning and Zoning Commission may recommend, and the City Council may impose such conditions, safeguards and restrictions upon the premises benefited by the special use as may be necessary to avoid, minimize, or mitigate any potentially injurious effect of such special uses upon other property in the neighborhood, and to carry out the general purpose and intent of this Ordinance. Such conditions shall be set out in the Ordinance approving the SUP.

(2) Prior to a SUP being issued, the property owner of the affected property shall agree, comply and be bound to the conditions and operational constraints approved by the City Council and contained in the SUP ordinance.

(3) A SUP is considered to be transferable from property owner to property owner; however, the conditions and operational constraints of the SUP shall remain in effect and be applicable to the new property owner(s) and/or occupant(s). SUP's cannot be transferred from property to property.

DRAFT ORDINANCE 02.28.2017

Section 4.4, *Abandonment, Expiration and Revocation of a Specific Use Permit (SUP)*

(1) *Abandonment.* A SUP approved by the City Council that remains vacant or inactive for a period of six (6) months shall be deemed to be abandoned and shall automatically expire. Vacancy or inactivity can be determined by the following:

(a) The water and/or electrical services have been disconnected or discontinued on the property; and/or

(b) The subject property (*e.g. lease space, parcel or parcels of land, lot, tract etc.*) is unoccupied; and/or

(c) The use is abandon due to the issuance of a Certificate of Occupancy (CO) for a use other than (*and exclusive from*) the use approved with the SUP.

(2) *Expiration*. A Specific Use Permit (SUP) shall automatically expire due to inactivity if:

(a) A building permit has not been issued within (1) year of the approval date of the SUP ordinance, and/or a Certificate of Occupancy (CO) has not been issued within one (1) year of a building permit due to inactivity on the site (*inactivity in this case is defined as no progress towards construction for six [6] months*) -- *or one (1) year of the approval date of this ordinance if no building permit is necessary*; or

(b) A building permit or Certificate of Occupancy (CO) expires, is terminated or revoked under the requirements of the Codes of the City of Rockwall.

(3) *Revocation*. The City Council reserves the right to revoke or rescind any SUP in which the business, property or property owner operating under the guidelines of the SUP ordinance fails to meet the minimum operation requirements set forth in the Specific Use Permit (SUP) ordinance and/or outlined in the Unified Development Code or the Rockwall Municipal Code of Ordinances. The procedure for revocation or rescinding a Specific Use Permit (SUP) shall be the same procedure for requesting a new Specific Use Permit (SUP).

Section 4.5, *Extension of a Specific Use Permit (SUP)*

Upon recommendation from the Planning and Zoning Commission, the City Council may grant a one (1) time extension to the expiration requirements stated above for a period not to exceed one (1) year. To apply for an extension a property owner shall file a written request with the Director of Planning or his designee at least 90 days prior to the expiration date. Extension requests shall not require a public hearing. No additional extension shall be granted without complying with the notice and hearing requirements for an initial application for a SUP.

Section 4.6, *Existing Specific Use Permits (SUP) and Conditional Use Permits (CUP)*

Specific Use Permits (SUP) and Conditional Use Permits (CUP) in existence at the time this section was adopted by the City Council shall automatically terminate one (1) year from the adoption date of this section if a building permit -- *or a Certificate of Occupancy (CO) if no building permit is necessary* -- has not been issued or an extension is not requested under Section 4.5 of this Ordinance.

DRAFT ORDINANCE 03.28.17

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 02/28/2017

APPLICANT: Lizandro Oemeno

AGENDA ITEM: **SP2016-033**; 1201 N. Goliad Street; *Office Building*

Discuss and consider a request by Lizandro Oemeno for the approval of a site plan converting an existing single-family home into an office building on a 1.24-acre tract of land identified as Tract 3 of the J. H. B. Jones Survey, Abstract No. 124, City of Rockwall, Rockwall County, Texas, being zoned Planned Development District 69 (PD-69) for Residential Office (RO) District land uses, situated within the North SH-205 Overlay (N-SH205 OV) District, generally located at the northwest corner of the intersection of Los Altos Drive and N. Goliad Street [N. SH-205], addressed as 1201 N. Goliad Street, and take any action necessary.

PURPOSE:

The applicant is requesting approval of a site plan for the purpose of converting an existing one-story, 2,556 sq. ft. single-family home into an office building on a 1.24-acre tract of land. The proposed G*eneral Office* is a use permitted by right within Planned Development District No. 69 (PD-69). The underlying zoning for PD-69 is Residential Office (RO) District. The applicant does not intend to make any changes to the exterior of the existing home.

BACKGROUND:

The site will incorporate twelve (12) parking spaces, which will meet the parking standards for PD-69 of 1 space per 300 sq. ft. for a general office use. The site plan indicates the parking spaces to be located behind the rear façade of the building, meeting the requirements of PD-69. The *subject property* will have one (1) point of ingress/egress along N. Goliad Street. The applicant intends to relocate the existing residential driveway at the south end of the property and provide a 24-ft. wide drive extending toward the north property boundary. The relocation of the driveway will require a permit through TXDOT and will also require a variance from the City Council due to the distance requirements for driveways with regards to its proximity to Los Altos drive. These have been listed as conditions of approval. It should be noted that PD-69 requires joint or shared access with adjoining lots. The applicant is meeting this requirement via a private cross access easement which is stubbed out to the property to the north to accommodate it when it converts to a non-residential use.

Aside from the existing nature of the property and the conditions listed in the *Recommendations* section of this report, the submitted site plan is in substantial compliance with the technical requirements contained within PD-69 and the Unified Development Code (UDC).

RECOMMENDATIONS:

The site plan submitted by the applicant meets all the technical criteria stipulated by PD-69 and the UDC with the exception of the items listed above. Should the Planning and Zoning

Commission choose to approve the applicant's request, then the following conditions of approval should be adopted with this case:

1) All staff comments provided by the Planning, Engineering and Fire Department must be addressed prior to the submittal of a building permit.

2) Approval of a variance to the driveway spacing requirements for the relocated driveway and its proximity to Los Altos Drive.

3) Any construction or building necessary to complete this Site Plan request must conform to the requirements set forth by the UDC, the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

Discuss and consider a request by Lizandro Oemeno for the approval of a site plan converting an existing single-family home into an office building on a 1.24-acre tract of land identified as Tract 3 of the J. H. B. Jones Survey, Abstract No. 124, City of Rockwall, Rockwall County, Texas, being zoned Planned Development District 69 (PD-69) for Residential Office (RO) District land uses, situated within the North SH-205 Overlay (N-SH205 OV) District, generally located at the northwest corner of the intersection of Los Altos Drive and N. Goliad Street [N. SH-205], addressed as 1201 N. Goliad Street, and take any action necessary.

PLANNING COMMENTS - DAVID GONZALES - 12.21.2016

All staff comments are to be addressed and resubmitted by Tuesday, January 3, 2017. Please provide three large copies [24" X 36" FOLDED] and one PDF version for a subsequent review by staff:

Planning Department General Comments to be addressed for the submitted site plan are as follows:

1. Adherence to Engineering and Fire Department standards shall be required.
2. Label revised site plan documents with "Case No. SP2016-033" at the lower right corner of each plan.
3. Public (cross) access easement required for proposed off-site access from Los Altos Dr. Provide letter from HOA indicating agreement to plat public access easement.
4. Approval of a variance by the City Council required for driveway width between primary access point and Los Altos. (must meet Engineering standards)
5. Primary driveway along N. Goliad to be a minimum of 24-ft wide, out of the flood plain, and to meet Fire Department standards for Firelane (see Fire Department requirements).
6. What is the building being used for?
7. What is the square footage of the existing home? (to determine parking ratio)
8. Will there be any additional exterior lighting added to the sight?
9. PD-69 requires joint or shared access on all adjoining lots if any property is used for any of the uses listed. Provide stub-out with property to the north.
10. Submittal and approval of Civil Engineering Plans and Final Plat prior to issuance of a Certificate of Occupancy (CO). Plat mylars are to be submitted prior to issuance of building permit.

The following are scheduled meeting dates that you and/or your representative(s) should attend regarding the Site Plan. If you have any quesitons regarding this case, please feel free to contact David Gonzales, AICP with the Planning Department at 972-771-7745.

Meeting Dates to Attend:

Planning - Work Session: December 27, 2016 (6:00p.m.) [applicant to present case to P&Z for discussion].

Planning - Action: January 10, 2017 (6:00p.m.) [P&Z to take action (i.e. approve, approve with conditions, etc.)

City Council - Action: January 17, 2016 (6:00 p.m.) [FOR VARIANCE REQUEST ONLY]

CITY OF ROCKWALL, TEXAS
MEMORANDUM

TO: Planning and Zoning Commission

FROM: Ryan Miller, *Director of Planning and Zoning*

SUBJECT: Z2017-001; *SWBC at Rockwall (LI to PD)*

On February 16, 2017, the applicant, Terry Gwin of SWBC Real Estate, LLC, submitted a letter to the City Council responding to the Planning and Zoning Commission's recommendation to deny *Case No. Z2017-001*. Mr. Gwin's letter proposed making the following changes to his proposal to address the Planning and Zoning Commission's concerns:

1) Reduce the requested number of units from 650 dwelling units to 595 dwelling units, which would decrease the requested density from 15.28-units/acre to 14.00-units/acre. The new proposed density is in conformance with the City's highest density zoning district, the Multi Family 14 (MF-14) District.

2) Plant large canopy trees in the northwest quadrant of the subject property to reduce the visibility of the proposed project. The letter states the purpose of this proposal is to address the concerns of the residents of *Rockwall Downes, Phase 1*. The applicant has provided a line-of-sight study showing how this would address the concerns of the neighborhood. Staff has included this study in the attached packet.

3) Establish a timeframe of four (4) years to complete the project. According to the letter, the applicant feels this four (4) year period would alleviate any concerns about market saturation.

Based on these changes, the City Council remanded the case back to the Planning and Zoning Commission on February 20, 2017. Staff has revised the attached draft ordinance to reflect the proposed changes. This case is an action item and will not require additional public hearings for the Planning and Zoning Commission to take action.

February 16, 2017

Re: SWBC Class A Multi-Family Development; 42.548 acres of land situated to the east of John King Boulevard and Discovery Boulevard intersection and on the north side of Discovery Boulevard identified as Tract 1-4 of the J.M. Allen Survey, Abstract No. 2 within the City of Rockwall, Rockwall County, Texas

To the Honorable Mayor and City Council:

On February 7, 2017, SWBC presented a request to the Planning and Zoning Commission for a zoning change to a Planned Development District for a high end luxury multi-family development located on property situated on the north side of Discovery Boulevard east John King Boulevard. After conducting a public hearing, the Commission voted to deny the request by a vote of 5-2.

Based on the public input and the comments from the Planning Commission, SWBC would like to make every effort to address these concerns. The comments concerned reducing density, buffering/screening from the adjoining single-family development and timing of the development.

Reducing Density

SWBC will reduce the overall number of units from 650 to 595 which will yield a density of 14 units per acre and maintain the same amenities as originally proposed. This will match the current standard of the existing MF-14 zoning district and provide a benchmark for the City with any future similar requests.

Buffering/Screening

In order to be sensitive to the single-family neighborhood, SWBC will plant additional large canopy trees on the northwest quadrant of the development in sufficient numbers to screen the view of the buildings on our site. We are also willing to take any and all input from the neighborhood to help satisfy their concerns with this issue.

Timing

Finally, in regard to the timing of our proposed development, SWBC would be building this project in two (2) phases with the first phase beginning construction sometime in the fourth (4th) quarter of 2017. Completion of the first phase would then take approximately 18 to 20 months. We would begin the second phase approximately in late 2019. In all, this two (2) phase project would be completed in approximately four (4) years or so.

This is a unique development in terms of location and the type of lifestyle it will provide to the community, and we feel that the phasing of the project over an approximate four (4) year period will allow the City the time to determine their capacity for such future housing types. With the changes that we are making to the zoning request, we would suggest the Council consider sending the case back to the Planning Commission for their consideration again. These changes are significant and should warrant more review by the Commission if the Council should so decide. Again, thank you for your time and consideration.

Sincerely,

Terry W. Gwin
President

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 02/20/2017

APPLICANT: Terry Gwin; *SWBC Real Estate, LLC*

AGENDA ITEM: **Z2017-001**; *SWBC at Rockwall*

SUMMARY:

Hold a public hearing to discuss and consider a request by Terry Gwin of SWBC Real Estate, LLC on behalf of the owner Gene Lambreth of Pneuma Ventures, LTD for the approval of a zoning change from a Light Industrial (LI) District to a Planned Development District for a multi-family apartment complex on a 42.548-acre tract of land identified as Tract 1-4 of the J. M. Allen Survey, Abstract No. 2, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the SH-205 By-Pass Overlay (205 BY-OV) District, located east of the intersection of Discovery Boulevard and John King Boulevard, and take any action necessary.

BACKGROUND & PURPOSE:

On February 17, 2017, the applicant submitted an application requesting to rezone the 42.50-acre subject property from a Light Industrial (LI) District to a Planned Development District for a multi-family apartment complex that will consist of a maximum of 650 units. The subject property, which was annexed into the City on December 3, 1985 by *Ordinance No. 85-69*, is located on the north side of Discovery Boulevard -- *east of the intersection of Discovery Boulevard and John King Boulevard* -- and is currently a vacant tract of land.

On August 15, 2016, the City Council denied a request (*i.e. Case No. Z2016-019*) to rezone the subject property from a Light Industrial (LI) District to a Planned Development District for a multi-family apartment complex. In accordance with the procedures of Section 8.3 of Article II, *Authority and Administrative Procedures*, of the Unified Development Code (UDC) -- *which restricts a similar application from being submitted for a period of one (1) year from the denial date* -- the applicant submitted a letter to the Planning and Zoning Commission requesting approval to refile an application on the grounds that their request constituted a substantial change from the denied request. Specifically, the applicant was proposing to reduce the number of units from 750 to 650 units, which reduced the density from 18 units/acre to 15.28 units/acre. On November 29, 2016, the Planning and Zoning Commission granted the request by a vote of 7-0.

ADJACENT LAND USES AND ACCESS:

The land uses adjacent to the subject property are as follows:

North: Directly north of the subject property is *Rockwall Mini Storage* (*9.90-acres*) and *Park Place RV* (*~4.978-acres*), which are situated within the IH-30 Overlay (IH-30 OV) District and are zoned Light Industrial (LI) District. Beyond these industrial uses is Interstate Highway 30 (IH-30).

South: Directly south of the subject property is Discovery Boulevard, which is identified as an M4U (*i.e. minor arterial, four [4] lane, undivided roadway*) on the City's *Master Thoroughfare Plan.* Beyond this arterial are four (4) tracts of land and one (1) parcel of land (i.e. *Peak Pediatric*) zoned Light Industrial (LI) District. South of these use is State Highway 276 (SH-276).

East: Directly east of the subject property is *Phase 1* of the Rockwall Economic Development Corporation's (REDC's) *Technology Park*. This includes an 8.480-acre parcel of land with a ~124,149 SF industrial building situated on it -- *which will be occupied by Pegasus Foods* -- and two (2) vacant tracts of land (*i.e. 1.860-acres & 5.268-acres*). All of these properties are zoned Light Industrial (LI) District.

West: Directly west of the subject property are *Phases 1 & 2* of the *Rockwall Downes Subdivision*, which are zoned Planned Development District 10 (PD-10) for single-family land uses and situated within the SH-205 By-Pass Corridor Overlay (SH 205 BY-OV) District. *Phase 1* consists of 34 single-family, residential lots and *Phase 2* will consist of 30 single-family, residential lots.

CHARACTERISTICS OF THE REQUEST:

Along with the application, the applicant has submitted a concept plan, conceptual building renderings and development standards for the proposed multi-family apartment complex. The concept plan shows that the proposed 650-unit development will consist of two (2), 325-unit phases that will be oriented in a typical *garden style apartment* complex. According to this plan, each phase will consist of nine (9) separate residential buildings, a pool area, and a minimum of 20% open space. In addition, 65.55% of the units will be one (1) bedroom units, 26.76% will be two (2) bedroom units, and 7.69% will be three (3) bedroom units. A summary of the proposed product type and unit composition for each phase of the development is as follows:

Table 1A: Unit Composition for Phase I & II

Unit Name	Unit Type	Minimum Net Unit Area (SF)	Number of Units (#)	Total Area (SF)	Units as Percentage (%)
A1	*One (1) Bedroom*	650 SF	36	23,400 SF	11.08%
A2	*One (1) Bedroom*	750 SF	45	33,750 SF	13.85%
A3	*One (1) Bedroom*	850 SF	45	38,250 SF	13.85%
A4	*One (1) Bedroom*	900 SF	21	18,900 SF	6.46%
A5	*One (1) Bedroom*	975 SF	39	38,025 SF	12.00%
A6	*One (1) Bedroom (+Study)*	1,075 SF	27	29,025 SF	8.31%
B1	*Two (2) Bedrooms*	1,125 SF	33	37,125 SF	10.15%
B2	*Two (2) Bedrooms*	1,175 SF	30	35,250 SF	9.23%
B3	*Two (2) Bedrooms*	1,225 SF	24	29,400 SF	7.38%
C1	*Three (3) Bedrooms*	1,460 SF	25	36,500 SF	7.69%
		Average Net Unit Area:		***983.46 SF***	
		Total Units:	***325***		***100.00%***

The above unit composition equates to an average unit size of 983.46 SF. Based on the size of the subject property and the number of units proposed, the requested density will be 15.28 units/acre. The highest density-zoning district that the City permits is the Multi-Family 14 (MF-14) District, which permits up to 14 units/acre. Since the applicant is proposing to rezone the subject property to a Planned Development District, additional density maybe requested of the City Council; however, this does remain a discretionary decision for the City Council. In addition, staff should note that the City Council does retain the authority to reduce the density of the request should they feel it is warranted. With this being said, the applicant's concept plan does appear to conform to all other density and dimensional requirements of the Multi-Family 14 (MF-14) District stipulated by the UDC.

Article VI, *Parking and Loading*, of the UDC stipulates that multi-family apartment complexes be parked as follows: 1) one (1) bedroom or efficiency units require 1½ parking spaces per unit, 2) two (2) bedroom units require two (2) parking spaces per unit, and 3) three (3) bedroom units require 2½ parking spaces per unit. This would translate to a total parking requirement of 557 -- *581 if you incorporate the club, which is required to be parked a 1/300 SF*. According to the applicant's concept plan the proposed development will be providing 407 uncovered parking spaces, 42 in attached garages, 108 covered parking spaces and 24 spaces for the club. This equates to a total of 581 parking spaces being provided. This represents a total of 25.82% covered parking spaces, which is

in excess of the 20% covered parking required by the draft ordinance. In addition, the draft ordinance prohibits tandem parking spaces (*i.e. back-to-back parking spaces*).

The conceptual building elevations submitted by the applicant indicate that the buildings will be composed of 30% natural stone and 70% lap siding. According to the SH-205 By-Pass Overlay (205 BY-OV) District, "(t)he use of other cementaceous products (*e.g. stucco, HardiePlank, or similar materials approved by the building official*) shall be limited to 50% of the building's exterior finishes where it is deemed important as a design feature and where it will be applied under the highest standards for quality and durability …" In this case the subject property does not have direct frontage on to John King Boulevard; however, the general residential district standards have the same 50% requirement and would regulate the property if the overlay district standards did not apply. The approval of this Planned Development District would effectively be waiving this requirement. The proposed 30% natural stone exceeds the required 20% natural stone requirements stipulated by the SH-205 By-Pass Overlay (205 BY-OV) District. Staff has incorporated the conceptual building elevations into the *PD Ordinance*, and general conformance -- *pending recommendation by the Architectural Review Board (ARB)* -- has been made a requirement of site plan approval.

Staff has prepared a *draft ordinance* that includes all pertinent development standards and design guidelines based on the applicant's request. The *draft ordinance* is attached to this case memo for the City Council's review.

SUMMARY OF WAIVERS:

The following is a summary of all the requirements being requested with this Planned Development District that depart from the requirements of the UDC:

1) *Density*. The highest permitted density according to the UDC is 14 units/acre. The applicant is request a density of 15.28 units/acre, or an additional 1.28 units/acre.

2) *Masonry Requirements.* The UDC allows the exterior building façades of a multi-family building to be composed of up to 50% cementaceous materials. In this case, the applicant is proposing 70% HardiePlank lap siding, which is an increase of 20%.

CONFORMANCE WITH THE COMPREHENSIVE PLAN:

The Future Land Use Map, contained within the Comprehensive Plan, designates the subject property for *Technology/Light Industrial* land uses, which "…may include technology, research and development, office, and light industrial uses which may include light manufacturing and/or light assembly …" (*Land Use; Page 21*). The proposed development would require this designation to be changed to a *High Density Residential* designation, which according to the Comprehensive Plan is defined as any use that exceeds three (3) units per acre. In addition, the Comprehensive Plan states that "(h)igh density residential [*land uses*] should be used as a transitional use from commercial (or existing retail) use, or where it will serve as a logical extension of an existing high density development." (*Land Use; Page 17; Policy #9.e*) In this case, the proposed subject property and zoning change do appear to conform to the majority of the Comprehensive Plan's policies and guidelines with regard to the *High Density Residential* designation. In addition, the subject property is situated between the Rockwall Downes Subdivision (*i.e. a residential land use*) and the REDC Technology Park (*i.e. light industrial land uses*) and may serve as a logical transition between the two (2) uses. With this being said, the density being proposed and any change to the *Future Land Use Map* is a discretionary decision for the City Council. Should the City Council choose to approve the applicant's request, staff has included a condition of approval that would amend the Future Land Use Map to reflect the proposed change in land use from a *Technology/Light Industrial* designation to a *High Density Residential* designation.

NOTIFICATION:

On January 30, 2017, staff mailed 60 notices to property owners and residents within 500-feet of the subject property. Staff also emailed notices to the Lofland Farms and Meadow Creek Estates Homeowner's Associations (HOA), which are the only HOA's located within 1,500 feet of the subject property. Additionally, staff posted a sign on the subject property along Discovery Boulevard as required by the Unified Development Code (UDC). At the time this case memo was drafted staff had received three (3) notices and three (3) emails in opposition to the request.

RECOMMENDATIONS:

If the City Council chooses to recommend approval of the applicant's request to rezone the subject property from a Light Industrial (LI) District to a Planned Development District for an apartment complex, then staff would propose the following conditions of approval:

1) The applicant shall be responsible for maintaining compliance with the conditions contained within the *Planned Development District* ordinance;

2) By approving this zoning change, the City Council will effectively be approving changes to the Comprehensive Plan and Future Land Use Map. Specifically, this will change the designation of the subject property from a *Technology/Light Industrial* designation to a *High Density Residential* designation; and,

3) Any construction resulting from the approval of this *zoning change* shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING & ZONING COMMISSION:

On February 14, 2017, the Planning and Zoning Commission approved a motion to deny the zoning change by a vote of 5-2, with Chairman Lyons and Commissioner Fishman dissenting.

(1/18/2017 5:00 PM AA)
Multiple-family residential projects having more than 200 dwelling units shall be provided with two separate and approved fire apparatus access roads.

The two fire apparatus access roads shall be placed a distance apart equal to not less than one-half of the length of the maximum overall diagonal dimension of the property or area to be served, measured in a straight line between accesses.

Approved, unobstructed fire department access (fire lanes) shall be provided such that all portions of the exterior of the building shall be within 250-feet (as the hose lays) of a fire lane and/or other approved fire apparatus access roadway. The path of measurement shall be along a minimum of a ten feet (10') wide unobstructed pathway.

The required turning radius of a fire apparatus access road shall have a minimum interior turning radius of 30 feet.

Z2017-001 (SWBC at Rockwall [LI to PD]): Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 Hold a public hearing to discuss and consider a request for the approval of a zoning change from a Light Industrial (LI) District to a Planned Development District for a multi-family apartment complex on a 42.50-acre tract of land identified as Tract 1-4 of the J. M. Allen Survey, Abstract No. 2, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the SH-205 By-Pass Overlay (205 BY-OV) District, and located east of the intersection of Discovery Boulevard and John King Boulevard.
I.2 For questions or comments concerning this case please contact Ryan Miller in the Planning Department at (972) 772-6441 or email rcmiller@rockwall.com.
M.3 On all future submittals please include the case number (Z2017-001) in the lower right hand corner.
I.4 Please review the Draft Ordinance prior to the Planning & Zoning Work Session Meeting on January 31, 2017. Staff has provided recommendations concerning the proposed request. These recommendations have been highlighted in the draft ordinance and are not obligatory requirements.
I.5 If approved an open space master plan will need to be submitted with the final plat laying out all proposed amenities on the site. This will require a recommendation from the Parks Board prior to the submission of a final plat.
I.6 The Future Land Use Map contained within the Comprehensive Plan currently identifies this property as being designated for Technology/Light Industrial land uses. The proposed use requires the City Council to amend the Future Land Use Map to reflect a High Density Residential land use designation. This will be a condition of approval.
I.7 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that has been requested. Revisions for this case will be due to staff on February 7, 2017 by no later than 3:00 p.m.; however, staff encourages the applicant to submit revisions as soon as possible to give staff ample time to review the case prior to the February 14, 2017 Planning & Zoning Meeting.
I.8 The projected City Council dates for this case are projected to be: 1) February 20, 2017 [1st Reading], and 2) March 6, 2017 [2nd Reading].

Project Location: Rockwall, Texas

Zoning PD Comment Response Letter

Building

Type A and B Units are required per 2015 IBC 1107.6.2

Response: Quantities of Type A and B units will be provided on site per the 2015 IBC 1107.6.2

Engineering

Up size existing 10" sanitary sewer to 15"

Response: noted

No building or filling in a flood plain

Response: all building and filling removed from on or inside the flood plain

Detention in this area won't be effective...need to move to other side of the flood plain. (see markup)

Response: Detention removed from the North West corner

Need 404 and wetland determination

Response: 404 document and wetland determination documents deferred per conversation between Ryan Miller and Mark Leon

Detention will only be allowed above normal water surface

Response: noted

Need to build connection with Phase 1 (see markup)

Response: Phase I and Phase II delineation revised to include connection during PH I construction

4% Engineering Inspection Fees
Response: noted

Impact Fees
Response: noted

Parking to be 20'x9'
Response: All surface parking complies

Need 10' access area along 100 year fully developed flood plain
Response: 10' access area provided

Fire

Multiple-family residential projects having more than 200 dwelling units shall be provided with two separate and approved fire apparatus access roads.
Response: two separate fire apparatus access roads per phase provided

The two fire apparatus access roads shall be placed a distance apart equal to not less than one-half of the length of the maximum overall diagonal dimension of the property or area to be served, measured in a straight line between accesses.
Response: due to the site being landlocked and only having access to a R.O.W. on the South property line all fire apparatus are located along Discovery Blvd

Approved, unobstructed fire department access (fire lanes) shall be provided such that all portions of the exterior of the building shall be within 250-feet (as the hose lays) of a fire lane and/or other approved fire apparatus access roadway. The path of measurement shall be along a minimum of a ten feet (10') wide unobstructed pathway.
Response: All buildings comply

The required turning radius of a fire apparatus access road shall have a minimum interior turning radius of 30 feet.
Response: All fire lane radii comply

Planning

I.1 Hold a public hearing to discuss and consider a request for the approval of a zoning change from a Light Industrial (LI) District to a Planned Development District for a multi-family apartment complex on a 42.50-acre tract of land identified as Tract 1-4 of the J. M. Allen Survey, Abstract No. 2, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the SH-205 By-Pass Overlay (205 BY-OV) District, and located east of the intersection of Discovery Boulevard and John King Boulevard.

I.2 For questions or comments concerning this case please contact Ryan Miller in the Planning Department at (972) 772-6441 or email rcmiller@rockwall.com.

M.3 On all future submittals please include the case number (Z2017-001) in the lower right hand corner.

I.4 Please review the Draft Ordinance prior to the Planning & Zoning Work Session Meeting on January 31, 2017. Staff has provided recommendations concerning the proposed request. These recommendations have been highlighted in the draft ordinance and are not obligatory requirements.

I.5 If approved an open space master plan will need to be submitted with the final plat laying out all proposed amenities on the site. This will require a recommendation from the Parks Board prior to the submission of a final plat.
I.6 The Future Land Use Map contained within the Comprehensive Plan currently identifies this property as being designated for Technology/Light Industrial land uses. The proposed use requires the City Council to amend the Future Land Use Map to reflect a High Density Residential land use designation. This will be a condition of approval.

I.7 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that has been requested. Revisions for this case will be due to staff on February 7, 2017 by no later than 3:00 p.m.; however, staff encourages the applicant to submit revisions as soon as possible to give staff ample time to review the case prior to the February 14, 2017 Planning & Zoning Meeting.

I.8 The projected City Council dates for this case are projected to be: 1) February 20, 2017 [1st Reading], and 2) March 6, 2017 [2nd Reading].

Subject: Comments for Case No. Z2017-001: SWBC at Rockwall

To Whom It May Concern,

Hello, my name is Andrew Harron and I reside at 1315 Middleground Drive in Rockwall. I have received a notice of public hearing for the application to change zoning from light industrial to a multi-family apartment complex near my property.

As it stands, I am currently opposed to the request for the following reasons:

- The proposed rezoning would add more apartments adjacent to our neighborhood. We already have a large apartment complex just south of the property (Sixteen50 at Lake Ray Hubbard) and we have retired living apartments directly across John King Blvd (Orion Rockwall Apartments).
- I have concerns about the added traffic and noise. Traffic along TX276 is awful at times already, and with such a drastic increase to the number of residents in the area, I fear it will become unbearable during the busier times of day. With another 600 residents in the area, more traffic noise will be added to the area, not to mention the noise from construction that will surely be audible from my residence.
- I have concerns about the visual impact from my property.I currently enjoy the view of my backyard as it is now without an expanse of apartment buildings blocking it.
- Potential effects on property values. While there is no way to accurately predict how the home values will be affected, I am concerned at this time that this change could have a negative impact on the value of my home.
- When choosing a location for our residence, my wife and I enjoyed the fact that there were no other residences on the southeast side of our property and were informed that due to the easements on the east and south of the property that no properties could be built on the location.

Thank you for your considerations of my concerns.

-Andrew Harron

Ryan Miller, Planning and Zoning

We strongly oppose the request for the zoning change for Case No.Z2017-001:SWBC at Rockwall.

My wife and I just purchased our new home in April of 2016 with the understanding that the property located directly behind our home was zoned Light Industrial, office warehouse type buildings, that would not significantly impede on our privacy as a home owner. If this area is allowed to be changed to multi family, we would be looking directly into two, three and possibly four story apartment buildings giving us no privacy in our own backyard.

This would also directly affect our property value and would possibly bring in individuals that have no respect for the property they are renting and to the surrounding properties owned by others.

We hope that you turn down this request.

Thank you for considering our opposition to this change.

Re: SWBC Class A Multi-Family Development; 42.548+/- acres of land situated to the east of John King Boulevard and Discovery Boulevard intersection and on the north side of Discovery Boulevard identified as Tract 1-4 of the J.M. Allen Survey, Abstract No. 2 within the City of Rockwall, Rockwall County, Texas

To the City of Rockwall,

SWBC Real Estate ("SWBC") currently has +/- 42.548 acres of land ("Subject Site") under contract for the future development of two high-end luxury multi-family properties. SWBC is planning to develop the Subject Site as a two-phase development, with the first phase consisting of 325 units on approximately 21.28 acres. At total build-out, the site is planned to have 2 new luxury properties with an average unit size of 983 square feet for both phases. The second phase is also planned to contain another 325 luxury units for an estimated total of 650 rental units (which is less than MF-16 zoning). See the attached site plan and proposed elevations.

The current zoning for the Subject Site is Light Industrial (LI) District. SWBC would like to have the Subject Site rezoned for the development of 2 high end multi-family properties.

Below are some of the main reasons we believe the Subject Site is appropriately suited for multi-family:

- Topography and Flood Plain Issues
- Low Supply of multi-family for the residents of Rockwall
- Higher real estate taxes for the City of Rockwall
- Appropriate buffer between current residential neighborhoods and the industrial park
- Better use of the natural vegetation and property amenities

Topography and Flood Plain

SWBC believes that the current industrial zoning of the Subject Site is not the best use for the site as the land has a significant amount of flood plain and topographic changes in elevation, which will make it difficult and expensive for industrial development. Multi-family will be better suited for this site, as the building footprints for multi-family are typically much smaller than industrial buildings, which will allow a multi-family developer to appropriately layout the smaller buildings, parking and driveways to overcome the obstacles on the site.

Low Supply of Multi-Family Properties

In studying the occupancy rates for the area, there seems to be a high demand for additional multi-family within the City of Rockwall. Currently Rockwall only has 5 multi-family properties (1980 and newer) within a 5-mile radius of the Subject Site with an average occupancy of 95%. Of these 5 multi-family properties, only 3 have been built within the past 10 years and zero of these current properties have been built within the past 5 years.

- Sixteen50 @ Lake Ray Hubbard is located several hundred yards to the west of the subject site – Built in 2009 – 96% occupied (as of January 2017)

The newest multi-family property within the City of Rockwall is Sonoma Court, which was built in 2011 (almost 6 years ago).

Real Estate Taxes

As of the 2016 tax value, the real estate taxes that are being paid for the Subject Site as vacant agricultural land is $50 per year. If the site were to be built out for new industrial buildings, the annual real estate taxes would be approximately $450,000. Upon completion of SWBC's luxury multi-family properties on this site, the real estate taxes for the two properties would be over $1.5 million per year.

Buffer Zone

The subject site will provide a nice buffer between the current industrial park (on the east side of the site) and the new residential neighborhoods adjacent to the subject site (on the west side of the subject site).

Current uses/zoning adjacent to the Subject Site:

- North - Industrial/Self Storage
- South - 15+ acres of vacant land zoned Industrial
- East - Industrial distribution center with additional vacant land for future industrial use
- West - 2 new single family developments that contain an oil & gas easement in between the Subject Site and these new residential neighborhoods

(1 block to the south of the subject site are numerous single family neighborhoods)

Natural Vegetation & Property Amenities

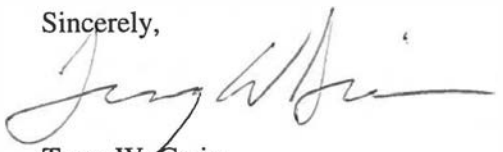
The northern portion of the Subject Site contains numerous acres of flood plain that is basically worthless to an industrial user, however a multi-family developer can save the natural vegetation of the flood plain area for recreational uses such as parks, ponds with water features and hike and bike trails.

In addition to the natural exterior amenities, SWBC is also planning to provide the tenants with luxurious amenities for each phase such as separate clubhouses, each having its own pool, fitness centers, game rooms, meeting/conference areas, and party rooms.

As outlined above, SWBC believes that the highest and best use for the Subject Site is a multi-family designation that will help to fulfill the shortage of high end rental units for the residents of Rockwall, while increasing the tax base for the city and utilizing the natural landscape of the land.

I appreciate your time, willingness to help and understanding.

Sincerely,



Terry W. Gwin

CITY OF ROCKWALL

ORDINANCE NO. 17-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO CHANGE THE ZONING FROM A LIGHT INDUSTRIAL (LI) DISTRICT TO PLANNED DEVELOPMENT DISTRICT XX (PD-XX) FOR A MULTI-FAMILY APARTMENT COMPLEX ON THE SUBJECT PROPERTY, BEING A 42.548-ACRE TRACT OF LAND IDENTIFIED AS TRACT 1-4 OF THE J. M. ALLEN SURVEY, ABSTRACT NO. 2, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE FULLY DESCRIBED HEREIN BY *EXHIBIT 'A'*; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City has received a request by Terry Gwin of SWBC Real Estate, LLC on behalf of the owner Gene Lambreth of Pneuma Ventures, LTD for the approval of a zoning change from a Light Industrial (LI) District to a Planned Development District for a multi-family apartment complex on a 42.548-acre tract of land identified as Tract 1-4 of the J. M. Allen Survey, Abstract No. 2, City of Rockwall, Rockwall County, Texas and more fully described in *Exhibit 'A'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

NOW, THEREFORE, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

Section 1. That the *Subject Property* shall be used only in the manner and for the purposes authorized by this Planned Development District Ordinance and the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by granting this zoning change, and as maybe amended in the future;

Section 2. That development of the *Subject Property* shall generally be in accordance with the *Planned Development Concept Plan*, described in *Exhibit 'B'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'B'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

Section 3. That development of the *Subject Property* shall generally be in accordance with the *Development Standards*, described in *Exhibit 'C'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'C'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

DRAFT 05.05.2017

Section 4. That development of the *Subject Property* shall generally be in accordance with the *Concept Building Elevations and Renderings*, contained in *Exhibit 'D'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'D'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

Section 5. That development of the *Subject Property* shall be in conformance with the schedule listed below (*except as set forth below with regard to simultaneous processing and approvals*).

(a) The procedures set forth in the City's subdivision regulations on the date this ordinance is approved by the City Council, as amended by this ordinance (*including Subsections 5(b) through 5(e) below*), shall be the exclusive procedures applicable to the subdivision and platting of the *Subject Property*.

(b) The following plans and plats shall be required in the order listed below (*except as set forth below with regard to simultaneous processing and approvals*). The City Council shall act on an application for an *Open Space Master Plan* in accordance with the time period specified in *Section 212.009* of the *Texas Local Government Code*.

(1) PD Site Plan
(2) Open Space/Amenity Plan
(3) Final Plat

(c) *PD Site Plan.* A *PD Site Plan* covering all of the *Subject Property* shall be submitted and shall include a *Site Plan*, *Building Elevations*, *Treescape Plan*, *Landscape Plan* and a *Photometric Plan*. A *PD Site Plan* application may be processed by the City concurrently with an *Open Space/Amenity Plan* for the development.

(d) *Open Space/Amenity Plan.* An *Open Space/Amenity Plan* covering all of the *Subject Property* shall be submitted and shall include a detailed depiction of all proposed public and private amenities. An *Open Space/Amenity Plan* may be processed by the City concurrently with a *PD Site Plan Application* for the development.

(e) *Final Plat.* Prior to the issuance of any building permits, a *Final Plat* for the *Subject Property* shall be submitted for approval.

Section 6. That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars* ($2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

Section 7. That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

Section 8. The standards in this ordinance shall control in the event of a conflict between this ordinance and any provision of the Unified Development Code or any provision of the City

DRAFT 06.20.17

Code, ordinance, resolution, rule, regulation, or procedure that provides a specific standard that is different from and inconsistent with this ordinance. References to zoning district regulations or other standards in the Unified Development Code (including references to the *Unified Development Code*), and references to overlay districts, in this ordinance or any of the Exhibits hereto are those in effect on the date this ordinance was passed and approved by the City Council of the City of Rockwall, Texas;

Section 9. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides;

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 3RD DAY OF APRIL, 2017.

DRAFT ORDINANCE 03.06.2017

Exhibit 'A':
Legal Description

BEING a tract of land situated in the James M. Allen Survey, Abstract No. 2, City of Rockwall, Rockwall County, Texas; and being part of a tract of land described as Tract Three in General Warranty Deed without Title Examination to Pneuma Ventures , L.T.D. recorded in Volume 2924, Page 314 of the Official Public Records of Dallas County, Texas; and being more particularly described as follows:

BEGINNING at the northwest corner of Block C, Rockwall Technology Park, an addition to the City of Rockwall according to the plat recorded in Cabinet E, Page 329 of the Plat Records of Rockwall County, Texas and being in the south line of that tract of land described in Warranty Deed to The Hitt Family Limited Partnership recorded in Volume 1875, Page 238 of said Official Public Records;

THENCE with the west line of said Block C, South 1°33'45" East, a distance of 1767.79 feet the southwest corner of said Block C and being in the north right-of-way line of Discovery Boulevard (an 85-foot wide right-of-way) ;

THENCE with said north right-of-way line of Discovery Boulevard, the following courses and distances:

South 89°12'13" West, a distance of 687.07 feet to a point for corner;
North 45°47'47" West, a distance of 61.52 feet to a point for corner;
South 89°12'13" West, a distance of 35.13 feet to a point for corner;
South 44°12'13" West, a distance of 59.92 feet to a point at the beginning of a non-tangent curve to the right having a central angle of 21°45'33", a radius of 557.50 feet , a chord bearing and distance of North 75°37'03" West , 210.45 feet ;
In a northwesterly direction, with said curve to the right, an arc distance of 211.72 feet to a point at the beginning of a non-tangent curve to the left having a central angle of 5°25'19", a radius of 642.50 feet, a chord bearing and distance of North 67°28'57" West , 60.78 feet;
In a northwesterly direction, with said curve to the left, an arc distance of 60.80 feet to the southeast corner of a tract of land described as Parcel 1 in General Warranty Deed to Rockwall Downes Development , LLC recorded in Instrument No. 20150000005937 of said Official Public Records;

THENCE departing said north right-of-way line of Discovery Boulevard and with the east line of said Parcel 1 and the east line of Block E, Rockwall Downes Phase 1, an addition to the City of Rockwall according to the plat recorded in Cabinet I, Page 187 of said Plat Records, North 0°38'31" West, a distance of 1694.55 feet to the northeast corner of said Block E and in the south line of Lot 1, Block A, LaFon Subdivision, an addition to the City of Rockwall according to the plat recorded in Cabinet B, Page 42 of said Plat Records;

THENCE with the south line of said LaFon Subdivision, the south line of McKeown-Belaustegui Addition , an addition to the City of Rockwall according to the plat recorded in Cabinet E, Page 233 of said Plat Records and said south line of The Hitt Family Limited Partnership tract, North 89°36'02" East, a distance of 1038.82 feet to the **POINT OF BEGINNING** and containing 42.548 acres of land.

The bearings are based on a bearing of North 89°36'02" East for the north line of that tract of land described as Tract Three in the General Warranty Deed without Title Examination to Pneuma Ventures , LTD recorded in Volume 2924, Page 314 of the Official Public Records of Dallas County , Texas.

This document was prepared under 22 TAC §663.21, does not reflect the results of an on the ground survey , and is not to be used to convey or establish interests in real property except those rights and interests implied or established by the creation or reconfiguration of the boundary of the political subdivision for which it was prepared.

		Average Net Unit Area:		*1,020.37 sf*	
		Total Units:	*295*		*100.00%*

3. *Density and Dimensional Requirements.* Unless specifically provided by this Planned Development ordinance, the development standards stipulated by the Multi-Family 14 (MF-14) District and the SH-205 By-Pass Overlay (SH205 BY-OV) District, as specified by Article V, *District Development Standards*, of the Unified Development Code are applicable to all development on the *Subject Property.* The maximum permissible density for the *Subject Property* shall not exceed ***14.00*** dwelling units per gross acre of land; however, in no case should the proposed development exceed ***595*** units. All lots shall conform to the standards depicted in *Table 2*, which is as follows:

DRAFT 06.05.2017

Table 2: Lot Dimensional Requirements

Minimum Lot Width	60'
Minimum Lot Depth	100'
Minimum Lot Area	10,000 SF
Minimum Lot Area/Unit	2,000 SF
Minimum Front Yard Building Setback	25'
Minimum Side Yard Building Setback	10'
Minimum Rear Yard Building Setback	10'
Minimum Separation Between Main Buildings	20'
Minimum Separation Between a Main Structure to an Accessory Structure	10'
Maximum Height [1]	60'
Maximum Lot Coverage	45%
Minimum Landscape	20%

General Notes:

[1]: The height of the building shall be measured from the average elevation of the finished grade along the front of the building to the highest point of the roof or parapet of the building if it is a flat, mansard or shed roof; or to the midpoint of the roof if it is gable, hip or gambrel roof.

4. *Parking and Loading Standards.* The minimum parking shall be as follows: (i) for one (1) bedroom and efficiency units a minimum of 1½ parking spaces per unit shall be provided; (ii) for two (2) bedroom units a minimum of two (2) parking spaces per unit shall be provided; and, (iii) for three (3) bedroom units a minimum of 2½ parking spaces per unit shall be provided. In addition, a minimum of 20% of the total parking requirement shall be covered parking spaces. Tandem parking spaces (*i.e. spaces in front of garages*) are *NOT* permitted.

5. *Building Standards.* The building elevations shall generally conform to the *Concept Building Renderings* depicted in *Exhibit 'D'* of this ordinance; however, these elevations are subject to change pending recommendations by the City's Architectural Review Board (ARB). In addition, all development on the subject property shall conform to the following building standards:

   (a) Masonry Requirements. The minimum masonry requirement for the exterior façades of all buildings shall be 90% (*excluding windows and doors*). For the purposes of this ordinance, the masonry requirement shall be limited to full width brick, natural stone, cultured stone and cast stone. Cementaceous fiberboard horizontal lap-siding (*e.g. HardiBoard or Hardy Plank*) and, stucco (*i.e. three [3] part stucco or a comparable -- to be determined by staff*) may be used for up to 70% of the exterior of the building; however, stucco may not be used within the first four (4) feet above grade on a façade visible from a public street or open space. A minimum of 20% stone natural or quarried is required on all building façades.

   (b) Roof Design Requirements. All buildings shall be designed such that no roof mounted mechanical equipment (*i.e. HVAC, satellite, vents, etc.*) shall be visible from any direction. *Note: Screening of mechanical equipment is necessary for all equipment regardless of location (i.e. roof mounted, ground mounted, or otherwise attached to the building and/or located on the site).*

   Screening of roof mounted mechanical equipment and/or other rooftop appurtenances shall be accomplished through the construction of an architectural feature, which is integral to the building's design and ensures that such equipment is not visible from adjacent public rights-of-way.

   (c) Architectural Requirements. All buildings shall be architecturally finished on all four (4) sides with the same materials, detailing and features. In addition, all buildings shall be subject to the architectural requirements of the SH-205 By-Pass Overlay (SH205 BY-

DRAFT ORDINANCE 03-06-17

OV) District contained in Section 6, *Overlay Districts*, of Article V, *District Development Standards*, of the Unified Development Code.

6. *Landscaping and Hardscaping Standards*.

   (a) Landscape Requirements. Landscaping shall be reviewed and approved with the *PD Site Plan*. All *Canopy/Shade Trees* planted within this development shall be a minimum of four (4) caliper inches in size and all *Accent/Ornamental/Under-Story Trees* shall be a minimum of four (4) feet in total height. The following tree species are approved for planting within this development:

      i) Canopy/Shade Trees. Afghan Pine, Bald Cypress, Bur Oak, Cedar Elm, Eastern Red Cedar, Homestead Elm, Lacebark Elm, Little Gem Magnolia, Live Oak, October Glory Maple, Red Oak, Texas Ash, Texas Red Oak.

      ii) Accent/Ornamental/Under-Story Trees. Desert Willow, Eastern Redbud, Eves Necklace, Mexican Buckeye, Possumhaw Holly, Shangtung Maple, Yaupon Holly.

   (b) Landscape Buffers (Discovery Boulevard). A minimum of a 20-foot landscape buffer shall be provided along the frontage of Discovery Boulevard, and shall incorporate a minimum of three (3) canopy and two (2) accent trees per 100-feet of linear frontage. The developer shall also be responsible for the construction of sidewalks along Discovery Boulevard.

   (c) Parking Lot Landscaping. All parking lot landscaping shall conform to the requirements of Article VII, *Landscape Standards*, of the Unified Development Code.

   (d) Irrigation Requirements. Irrigation shall be installed for all required landscaping located within common areas, landscape buffers and/or open space. Irrigation installed in these areas shall be designed by a Texas licensed irrigator or landscape architect.

   (e) Hardscape. Hardscape plans indicating the location of all sidewalks and trails shall be reviewed and approved with the *PD Site Plan* and/or *Opens Space/Amenity Plan*.

7. *Trash Receptacles.* Trash and recycling receptacles shall be four (4) sided, with eight (8) foot walls constructed and cladded with materials matching the primary structures, and have a self-latching gate. All trash and recycling receptacles shall be internal to the site and not be situated within any established building setbacks or landscape buffers.

8. *Open Space.* The development shall consist of a minimum of 20% open space (or a minimum of 8.5-acres), and generally conform to the *Concept Plan* contained in *Exhibit 'B'* of this ordinance. Floodplain acreage may count for up to 50% of the 20% open space requirement. All open space and floodplain shall be maintained as private open space by the owner/property management company.

9. *Screening Fence Standards*. Fences located along the perimeter of roadways, abutting open spaces, greenbelts and parks shall be required to be wrought iron or a tubular steel fence. Wrought iron/tubular steel fences can be a maximum of eight (8) feet in height. *No continuous solid screening walls shall be constructed adjacent to Discovery Boulevard.*

10. *Variances*. The variance procedures and standards for approval that are set forth in the Unified Development Code (UDC) shall apply to any application for variances to this ordinance.

Z2017-005 (Amendment to PD-50): Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 This case is for the approval of a zoning amendment to Ordinance No. 16-15 for the purpose of allowing the Animal Clinic for Small Animals land use to be a permitted use through a Specific Use Permit (SUP) for all properties within Planned Development District 50 (PD-50), being 21.266-acres of land in the S.S. McCurry Survey, Abstract No. 146 and B. F. Boydston Survey, Abstract No. 14, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses, situated within the North Goliad Corridor Overlay (NGC OV) District, and generally located along N. Goliad Street [SH-205] north of Interurban Street.

I.2 For questions or comments concerning this case please contact Ryan Miller in the Planning Department at (972) 772-6441 or email rcmiller@rockwall.com.

M.3 On all future submittals please include the case number (Z2017-005) in the lower right hand corner.

I.4 Please review the Draft Ordinance prior to the Planning & Zoning Meeting on March 14, 2017.

I.5 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that has been requested. Revisions for this case will be due to staff on March 7, 2017 by no later than 3:00 p.m.; however, staff encourages the applicant to submit revisions as soon as possible to give staff ample time to review the case prior to the March 14, 2017 Planning & Zoning Meeting.

I.6 The projected City Council dates for this case are projected to be: 1) March 20, 2017 [1st Reading], and 2) April 3, 2017 [2nd Reading].

Letter of Intent for Rezoning: 901 North Goliad

To whom it may concern:

J. A. Greene Construction Services, is submitting this Letter of Intent for rezoning on behalf of Dr. Josh Cope.

901 N. Goliad (Garner, Block ALL 26) at the cross streets of N. Goliad (Hwy 205) and Heath St. is a 1.0 acre (43,560 square foot) vacant lot. This lot is currently located in PD-50 and we are proposing to have it rezoned to develop a 4,000-square foot animal clinic. The clinic will have no animal boarding and is a small animal clinic (dogs and cats only).

Sincerely,

Paul Wendel

Hold a public hearing to discuss and consider a request by Brenda and Stuart Myers for the approval of a Specific Use Permit (SUP) amending Ordinance No. 11-37 (SUP No. S-034) to allow a restaurant in conjunction with a general retail store on a 0.6849-acre parcel of land identified as Lot 1, Abate Injury Rehab Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses, situated in the North Goliad Corridor Overlay (NGC OV) District, addressed as 506 N. Goliad Street, and take any action necessary.

PLANNING COMMENTS - DAVID GONZALES - 02.23.2017

All staff comments are to be addressed and resubmitted by Tuesday, March 6, 2017. Please provide two copies and one PDF version for a subsequent review by staff (if necessary):

Planning Department General Comments to be addressed are as follows:

1. Approval of amended SUP as requested prior to issuance of CO's for restaurant and banquet facility uses. Banquet facility requires separate CO (if approved).
2. Adherence to Engineering and Fire Department standards shall be required.
3. Label revised Concept Plan documents with "Case No. Z2017-006" at the lower right corner.
4. Additional parking spaces required for Banquest facility use at 1 space per 100 sq. ft. of area.

The following are scheduled meeting dates that you and/or your representative(s) should attend regarding the Site Plan. If you have any quesitons regarding this case, please feel free to contact David Gonzales, AICP with thePlanning Department at 972-771-7745.

Meeting Dates to Attend:

Planning - Work Session: February 28, 2017 (6:00p.m.) [applicant to present case to P&Z for discussion].

Planning - Public Hearing: March 14, 2017 (6:00p.m.) [P&Z to take action (i.e. approve, approve with conditions, etc.)

City Council - Pulblic Hearing: March 20, 2017 (6:00 p.m.) [1st Reading of SUP Ordinance]

City Council - Action Item: April 3, 2017(6:00 p.m.) [2nd Reading of SUP Ordinance (if approved at 1st reading)]

February 22, 2017

Rockwall, TX 75087

Attn: Ryan Miller; Director of Planning

Dear Ryan,

We recently filed an application for a new/modified SUP for our building at 506 N. Goliad, Rockwall, TX 75087 and are writing this letter in support of that application.

Just to clarify, we currently have an SUP for restaurant and retail. We would like to maintain the combined retail/restaurant use for now. As part of the post-fire renovation of the downstairs (which is the subject of the current SUP), we finished out the upstairs storage space as office/meeting space. As we discussed with you, we have identified a tenant that would like to open a restaurant in the downstairs space with associated light retail immediately under the current SUP. Upon approval of a new SUP in accordance with this application he may extend his hours and/or incorporate the upstairs for banquet and meetings. It is my understanding from our conversations with you that the City will allow this (subject to obtaining his CO) under the current SUP and with the current parking configuration so long as the upstairs continues to be vacant. It is my understanding that we will not be required to add additional parking until such time that the upstairs is rented.

We would like to make the following changes to our current SUP during the upcoming City Council meeting:

1- To allow for full restaurant use both downstairs and upstairs. The upstairs consists of 2 large rooms that would be perfect for banquet and meeting opportunities.
2- To eliminate the hour restrictions associated with our location.
3- To clarify that we will construct the alley when the properties on both sides of us develop as commercial, and give us a reasonable amount of time to do that given the high cost to comply with the City's new requirement for that alley to be concrete rather than asphalt as was the case when we agreed to the easement.

Thank you for meeting with us in your office earlier this week. We appreciate your time and attention.

Sincerely,

Dr. Stu Meyers, Brenda Sterling Meyers

Hold a public hearing to discuss and consider a request by Rich Darragh of the Skorburg Company on behalf of the owner Bradley Joe Gideon for the approval of a zoning change from an Agricultural (AG) District to a Planned Development District for Single Family 7 (SF-7) District land uses, on a 30.36-acre tract of land identified as a portion of Tract 1-01 of the S. R. Barnes Survey, Abstract No. 13, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the 205 By-Pass Corridor Overlay (205 BY-OV) District, located at the southwest corner of the intersection of E. Quail Run Road and John King Boulevard, and take any action necessary.

PLANNING COMMENTS - DAVID GONZALES - 02.23.2017

All staff comments are to be addressed and resubmitted by Tuesday, March 6, 2017. Please provide two large copies [FOLDED] and one PDF version for a subsequent review by staff:

Planning Department General Comments to be addressed are as follows:

• On all future submittals please include the Case Number (Z2017-007) in the lower right hand corner.

* Label zoning exhibit as "Concept Plan"

• When provided, please review the Draft Ordinance prior to the Planning & Zoning public hearing scheduled for March 14, 2017 and return to staff with corrections and/or additions you feel are necessary.

• Please make the following corrections/additions to the Concept Plan:

(1) Provide a legend indicating the following at a minimum:
a. Total Acres – #
b. Total Open Space - %
c. Lot Type 'A' – 70' x 120' – # Lots
d. Lot Type 'B' – 60' x 120' – # Lots
e. Total Number of Lots – # Lots
f. Maximum Density - # d.u/acre
(2) Provide % of open space for each separate area on the concept plan (i.e. detention areas, landscape buffers, park area, etc.).
(3) Provide a typical street cross section for the proposed Major (M4D) Collector E. Quail Run Road, as indicated on the City's Thoroughfare Plan.
(4) Provide labels for landscape buffer area's.
(5) Label all streets (e.g. Street A, Street B, etc.)
(6) Provide property owner names and property lines for adjacent properties.

• The following is a Comprehensive Plan (plan) policy that has not been satisfied or could benefit from clarification:

(1) All residential lots that are 16,000 SF or less should be served by an alley. A request to waive this requirement by the City Council may be approved through the PD Ordinance.

The following are scheduled meeting dates that you and/or your representative(s) should attend regarding the PD request. If you have any quesitons regarding this case, please feel free to contact David Gonzales, AICP with thePlanning Department at 972-771-7745.

Type of Review / Notes	Contact	Sent	Due	Received	Elapsed	Status	Remarks

Meeting Dates to Attend:

Planning - Work Session: February 28, 2017 (6:00p.m.) [applicant to present case to P&Z for discussion].

Planning - Public Hearing: March 14, 2017 (6:00p.m.) [P&Z to take action (i.e. approve, approve with conditions, etc.)

City Council - Pulblic Hearing: March 20, 2017 (6:00 p.m.) [1st Reading of PD Ordinance]

City Council - Action Item: April 3, 2017 (6:00 p.m.) [2nd Reading of PD Ordinance (if approved at 1st reading)]

SKORBURG
COMPANY

February 17, 2017

City of Rockwall
Attn: Ryan Miller

Skorburg Company
8214 Westchester, Suite 710
Dallas, TX 75225

Dear Ryan,

Skorburg Company is requesting that our project be taken to the March 14th Planning and Zoning Meeting. This project is the development of 30.36 Acres in the S.R. Barnes Survey, Abstract 13 City of Rockwall, Rockwall County, located at the Northwest corner of the intersection of East Quail Run Road and John King Boulevard.

The property is currently zoned AG and we propose a development of Single Family Residential homes on 7,000 - 8,400 square foot lots. This community will provide for a greater variety of housing that the market demands and will still reflect the beautiful aesthetic of the surrounding communities like Stone Creek and Breezy Hill, and the City of Rockwall as a whole.

We look forward to working with the City once again to develop another gorgeous development.

Cordially Yours,

John Arnold
Development Partner

Z2017-008 SUP for 2260 E. IH-30 Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 This is a city initiated request on behalf of Raymond Jowers of Jowers, Inc. for the approval of a Specific Use Permit (SUP) rescinding Ordinance No. 08-38 (SUP No. S-056) and allowing outside storage adjacent to IH-30 on a 4.4317-acre tract of land identified as Tract 22-01 of the R. Irvine Survey, Abstract No. 120, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the IH-30 Overlay (IH-30 OV) District.

I.2 For questions or comments concerning this case, please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.

M.3 For reference, include the case number (Z2017-008) in the lower right hand corner of all pages on future submittals.

I. Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additiona information that is requested by March 7, 2017.

I.5 The Planning & Zoning Worksession date for this case will be February 28, 2017. The Planning and Zoning Meeting will be March 14. The City Council meeting date and subsequent approval for this plat is March 20, 2017 and April 3,2 017.

I.6 All meetings will be held at 6:00 p.m. in the Council Chambers at City Hall.

CITY OF ROCKWALL

ORDINANCE NO. 17-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT (SUP) RESCINDING ORDINANCE NO. 08-38 (SUP NO. S-056) AND ALLOWING OUTSIDE STORAGE IN A LIGHT INDUSTRIAL (LI) DISTRICT WITHIN THE IH-30 OVERLAY (IH-30 OV) DISTRICT ON A 4.4317-ACRE TRACT OF LAND BEING IDENTIFIED AS TRACT 22-01 OF THE R. IRVINE SURVEY, ABSTRACT NO. 120, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE

WHEREAS, the City has initiated a request on behalf of Raymond Jowers of Jowers Inc. for the approval of a Specific Use Permit (SUP) rescinding *Ordinance No. 08-38 (SUP No. S-056)* and allowing outside storage in a Light (LI) District within the IH-30 Overlay (IH-30 OV) District on a 4.4317-acre tract of land being described as Tract 22-01 of the R. Irvine Survey, Abstract No. 120, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the IH-30 Overlay (IH-30 OV) District and addressed as 2260 E. IH-30, which herein after shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall and Ordinance No. 08-38 should be amended as follows:

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Rockwall, Texas;

Section 1. That the approval of this ordinance shall superseded all requirements stipulated in *Ordinance No. 08-38*;

Section 2. That the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit (SUP) allowing outside storage within a Light Industrial (LI) District as stipulated by Article IV, *Permissible Uses*, of the Unified Development Code [*Ordinance No. 04-38*] on the *Subject Property*; and

Section 3. That the Specific Use Permit (SUP) shall be subject to the conditions set forth in *Section 5.3, Light Industrial (LI) District; and Section 6.6, IH-30 Overlay (IH-30 OV) District of Article V, District Development Standards,* Unified Development Code [*Ordinance No. 04-38*] as heretofore amended and as may be amended in the future, and shall be subject to the additional following conditions:

DRAFT ORDINANCE 04.03.2017

1) The Specific Use Permit (SUP) shall be valid for a period of three (3) years from the date of the approval of this ordinance. If an extension of the SUP is necessary, the owner shall submit a request in writing to staff no less than 90 days prior to the expiration of the SUP. Upon receipt of the request the City Council shall review the SUP and determine if an extension of the SUP is permitted based on the development of FM-549 and the IH-30 overpass construction and/or other development activity in the area.

2) All outside display and outside storage of trailers shall generally conform to the concept plan depicted in Exhibit '*A*' of this ordinance, which shall be incorporated herein by reference.

3) The outside display and outside storage of semi-trailers and tractor trailers shall be prohibited.

4) City Council approval of the SUP includes the temporary waiver to certain engineering and fire department standards, including but not limited to, concrete paving requirements and the extension of a 12-inch water line from FM-549. Future development of the subject property will be subject to the engineering and fire department standards in effect at the time of development.

5) In the event that the development expands the existing structure or adds additional buildings, the development will be subject to meet the requirements for fire protection.

Section 4. That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

Section 5. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict.

Section 6. Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of TWO THOUSAND DOLLARS ($2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense.

Section 7. If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

Section 8. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides;

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 3RD DAY OF APRIL, 2017.

P2017-008 Lots 1 & 2, Block A, Wilck Addition Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 This is a request by Lisa Wilck Palomba on behalf of Paul J. Wilck, Jr. for the approval of a final plat of Lots 1 & 2, Wilck Addition being a 5.192-acres tract of land identified as Tract 8-02 of the W. W. Ford Survey, Abstract No. 80, City of Rockwall, Rockwall County, Texas, zoned Single Family Estate (SFE-2.0) District, addressed as 463 H. Wallace Lane

I.2 For questions or comments concerning this case, please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.

M.3 For reference, include the case number (P2017-008) in the lower right hand corner of all pages on future submittals.

M.4 Please show the 50-foot front setback adjacent to H. Wallace Lane.

M.5 Please show the centerline for H. Wallace Lane.

M.6 Please use Standard Plat wording as show in the Development Application

M.7 Please provide a plot plan to show that both lots meet the minimum side setbacks of 25-feet.

I.8 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested by March 7, 2017.

M.9 The Planning & Zoning Worksession date for this case will be February 28, 2017. The Planning and Zoning Meeting for this case is March 17, 2017. The City Council meeting date and subsequent approval for this plat is March 20, 2017.

M.10 This plat will be required to go to Park Board to establish necessary Park Fees. The Park Board Meeting for this plat is March 7, 2017.

I.11 All meetings will be held at 6:00 p.m. in the Council Chambers at City Hall.

GENERAL NOTES:

IT SHALL BE THE POLICY OF THE CITY OF ROCKWALL TO WITHHOLD ISSUING BUILDING PERMITS UNTIL ALL STREETS, WATER, SEWER AND STORM DRAINAGE SYSTEMS HAVE BEEN ACCEPTED BY THE CITY. THE APPROVAL OF A PLAT BY THE CITY DOES NOT CONSTITUTE ANY REPRESENTATION, ASSURANCE OR GUARANTEE THAT ANY BUILDING WITHIN SUCH PLAT SHALL BE APPROVED, AUTHORIZED OR PERMIT THEREFORE ISSUED, NOR SHALL SUCH APPROVAL CONSTITUTE ANY REPRESENTATION, ASSURANCE OR GUARANTEE BY THE CITY OF THE ADEQUACY AND AVAILABILITY FOR WATER FOR PERSONAL USE AND FIRE PROTECTION WITHIN SUCH PLAT,AS REQUIRED UNDER ORDINANCE 83-54.

OWNERS DEDICATION

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS
COUNTY OF ROCKWALL

That we the undersigned owners of the land shown on this plat, and designated herein as LOTS 1 AND 2 BLOCK A, WILCK ADDITION to the City of Rockwall, Texas, and whose names are subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. we further certify that all other parties who have a mortgage or lien interest in the LOTS 1 AND 2 BLOCK A, WILCK ADDITION have been notified and signed this plat.

We understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. We also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall, or

until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

We further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the Subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; We and our successors and assigns hereby waive any claim, damage, or cause of action that we may have as a result of the dedication of exactions made herein.

SP2017-008 La Quinta Inn Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 This is a request by Jay Soun on behalf of the owner STJ Investments, LLC for the approval of a site plan amendment for a hotel (i.e. La Quinta Inn) on a 1.25-acre parcel of land identified as Lot 3, Block 1, Miller Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 689 E. IH-30.

I.2 For questions or comments concerning this case, please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.

M.3 For reference, include the case number (SP2017-008) in the lower right hand corner of all pages on future submittals.

M.4 Floor plan, roof plan, wall section, and exterior wall renovation plan will be reviewed once you submit for building permit.

M.5 Please change “front, right, left back” elevations to direction (i.e. north, east, south, west).

M.6 Please keep in mind that secondary materials (i.e. ceramic tile and aluminum) in excess of 10% on each façade will require a variance from P&Z and Council. Currently you have 10% total secondary materials on front façade, 8% on the right façade, and 9% on the right façade.

M.7 Please ensure that both lots meet the minimum side setbacks of 25-feet.

I.8 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested by March 7, 2017.

M.9 The Planning & Zoning Worksession date for this case will be February 28, 2017. The Planning and Zoning Meeting for this case is March 14, 2017.

I.10 All meetings (with the exception of the Architectural Review Board [ARB] which is told at 5:00 p.m. before the worksession) will be held at 6:00 p.m. in the Council Chambers at City Hall.

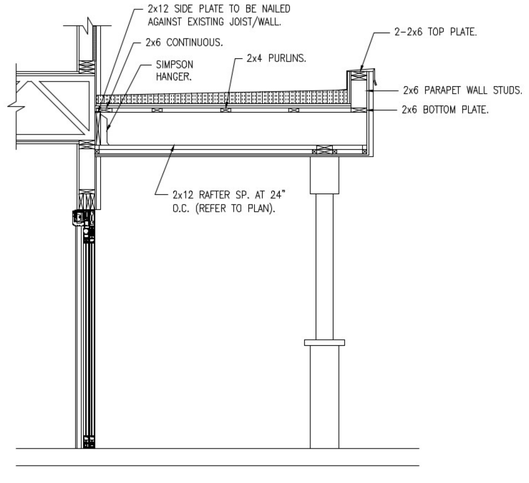
EXTERIOR WALL RENOVATION PLAN

SCALE: 1/8" = 1'-0"



STRUCTURAL WOOD FRAMING NOTES:

1. PROVIDE SOUTHERN PINE STRUCTURAL GRADE NO. 1, FOR ALL WALL STUDS FRAMING AND PLATES.
2. ALL WORKMANSHIP & MATERIALS SHALL CONFORM TO THE NATIONAL DESIGN SPECIFICATION FOR WOOD CONSTRUCTION, LATEST EDITION.
3. ALL FRAMING EXPOSED TO WEATHER OR IN CONTACT WITH CONCRETE SHALL BE PRESSURE-TREATED.
4. ALL LUMBER SHALL BE STAMPED WITH THE GRADE MARK OF AN APPROVED TESTING AGENCY.
5. ROOF FRAMING LAYOUTS ARE PROVIDED TO ILLUSTRATE CONDITIONS OF CONSTRUCTION AND DO NOT NECESSARILY INDICATE SPECIFIC QUANTITIES OF MATERIALS OR COMPONENTS REQUIRED FOR CONSTRUCTION.
6. CONSTRUCTION BRACING SHALL BE PROVIDED BY THE CONTRACTOR TO MAINTAIN THE BUILDING PLUMB AND TRUE. THIS BRACING SHALL REMAIN UNTIL THE SPECIFIED TEARLESS ARE TOTALLY INSTALLED.

PRE-ENGINEERED WOOD TRUSS NOTES:

1. A. WOOD TRUSS MANUFACTURER SHALL BE RESPONSIBLE FOR THE DESIGN AND FABRICATION OF THE PRE-ENGINEERED TRUSSES WHERE INDICATED ON PLANS OR DETAILS AND SHALL DESIGN THE TRUSSES WITH THE LOADS INDICATED ON THE BASIS FOR DESIGN AND SPECIFIC LOADS SHOWN ON PLAN OR DETAILS.

   B. PREFAB WOOD TRUSSES SHALL BE DESIGNED TO CARRY ANY ADDITIONAL LOADS DUE TO MECH UNITS, OVERHEAD DOORS, ROOF OVERBUILDS, UP OR DOWN LATERAL OVERTURNING FORCES, ETC....

   C. BOTTOM CHORDS OF TRUSSES, ACTING AS CEILING MEMBERS, MUST BE ABLE TO SUPPORT A 10 PSF CONCURRENT LIVE LOAD PER IBC REQUIREMENTS.

   D. WOOD TRUSSES SHALL BE ERECTED IN ACCORDANCE WITH TEH TRUSS MANUFACTURER'S REQUIREMENTS. THIS WORK SHALL BE DONE BY A QUALIFIED AND EXPERIENCED CONTRACTOR. TRUSS ERECTION BY AN INEXPERIENCED OR NONQUALIFIED CONTRACTOR CAN RESULT IN CONSTRUCTION COLLAPSE AND/OR SERIOUS INJURY AND DAMAGE.

   E. THE CONTRACTOR SHALL PROVIDE ALL TEMPORARY AND PERMANENT BRACING AS REQUIRED FOR SAFE ERECTION AND PERFORMANCE OF THE TRUSSES.

   F. ALL DIMENSIONS SHALL BE VERIFIED PRIOR TO FABRICATION.

   G. THE PROJECT ENGINEER, OR ENGINEER OF RECORD, IS NOT RESPONSIBLE FOR THE PRE-ENGINEERED TRUSSES NOR FOR THE INSTALLATION, ETC... OF THE TRUSSES. ALL ENGINEERING PROVIDED BY THE TRUSS MFR OR THEIR REPRESENTATIVES SHALL BE SUBMITTED FOR REVIEW AND SHALL BEAR THE SEAL OF AN APPROPRIATELY REGISTERED ENGINEER.

3. TRUSS DOCUMENTS TO INCLUDE TRUSS BLOCKING REQUIREMENT AND PROCEDURES FOR INSTALLING, SECURING, BRACING, ETC., OF ALL TRUSSES.
4. ALL TRUSS SHOP DRAWINGS MUST BE REVIEWED AND WRITTEN APPROVAL PROVIDED, BY GENERAL CONTRACTOR, PRIOR TO SUBMITTAL OF SHOP DRAWINGS TO STRUCTURAL ENGINEER.
5. SHOP DRAWINGS CAN NOT BE REVIEWED WITHOUT SEAL AND SIGNATURE OF TRUSS COMPANY ENGINEER ON ALL TRUSS ENGINEERING SHEETS.
6. ALL TRUSSES MUST BE DESIGNED FOR UPLIFT LOADS. UPLIFT VALUES @ EACH TRUSS BEARING POINT MUST BE SHOWN ON TRUSS ENGINEERING SHEET.
7. METAL GUSSET PLATE DESIGN AND MANUFACTURE SHALL BE AS APPROVED BY "THE RESEARCH COMMITTEE FOR THE ICBO". PLATES SHALL BE GALVANIZED OR OTHERWISE PROTECTED FROM CORROSION. MANUFACTURER'S NAME OR TRADEMARK SHALL BE VISIBLE ON PLATES.
8. WOOD TRUSSES SHALL BE ERECTED IN ACCORDANCE WITH THE TRUSS MANUFACTURER'S REQUIREMENTS. THIS WORK SHALL BE DONE BY A QUALIFIED AND EXPERIENCED CONTRACTOR. TRUSS ERECTION BY AN INEXPERIENCED OR NONQUALIFIED CONTRACTOR CAN RESULT IN CONSTRUCTION COLLAPSE AND/OR SERIOUS INJURY AND DAMAGE.

(2/24/2017 1:31 PM KB)
SP2017-009 855 Whitmore Drive Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 This is a request by Ray Crumby Design Group on behalf of Francisco Cardoso for the approval of a site plan for an office building on a 0.45-acre tract of land identified as Lot 10, Block A, Municipal Industrial Park Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, addressed as 855 Whitmore Drive.
I.2 For questions or comments concerning this case, please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.
M.3 For reference, include the case number (SP2017-009) in the lower right hand corner of all pages on future submittals.
M.4 This site plan will require variances to vertical and horizontal articulation.
M.5 Please provide the percentage of each materials on building materials. Once we have percentages we will know whether or not a variance for building materials will be needed.
M.6 Symbols are difficult to see on the Landscape Plan.
M.7 Please provide all four building elevations, drawn by an architect, and please provide the height of the building.
I.8 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested by March 7, 2017.
M.9 The Planning & Zoning Worksession date for this case will be February 28, 2017. The Planning and Zoning Meeting for this case is March 14, 2017. The City Council Meeting for this site plan is March 20, 2017.
I.10 All meetings will be held at 6:00 p.m. in the Council Chambers at City Hall.

PAVING NOTES:
1. ALL CONCRETE SHALL BE CLASS "C" CONCRETE AND SHALL HAVE A 3600 PSI COMPRESSIVE STRENGTH AT 28 DAYS, UNLESS SPECIFIED OTHERWISE. CONCRETE SHALL BE PLACED WHEN TEMPERATURE IS 35°F RISING, IF THE TEMPERATURE IS 40°F AND FALLING THEN PLACEMENT SHALL BE STOPPED. NO FLY-ASH SHALL BE ALLOWED UNLESS EXCESSIVE HEAT CONDITIONS IN THE CONCRETE MIX..
2. THE CONTRACTOR SHALL BE RESPONSIBLE FOR PLACING TEMPORARY STREET PATCHES INSTALLED ON PUBLIC STREETS WITH PERMANENT REPAIRS WITHIN 21 CALENDAR DAYS OF OPEN CUTTING THE STREET, OR AS DIRECTED BY THE ASSISTANT PUBLIC WORKS DIRECTOR.
3. TRAFFIC LANE MARKINGS SHALL BE INSTALLED WITH APPROVED MARKINGS AS PER THE CITY STANDARDS.
4. PAVEMENT SHALL ACCOMMODATE A MINIMUM OF 65,000 POUNDS AS PER THE FIRE MARSHALL

FIRELANE NOTES
PAVING FOR FIRELANE TO BE 6" 3600 psi CONCRETE w/ #3 BARS @ 12" O.C.E.W. OVER 6" LIME OR CONCRETE TREATED SUB-BASE

FIRELANE SHALL WITHSTAND 75,000 POUNDS PER THE 2006 IFC

SIDEWALK AND/OR PORCH NOTES
SIDEWALKS TO BE 4" 3000 psi CONCRETE w/ #3 BARS @ 12" O.C.E.W & #3 GREASED CAP DOWELS

PARKING AREA NOTES
PARKING AREA PAVING TO BE 6" 3600 psi CONCRETE w/ #3 BARS @ 12" O.C.E.W. OVER 95% COMPACTED BASE

FLOOD NOTE:
This property is in **ZONE X** of the Flood Insurance Rate Map, Community Panel No. 48439C0365 K, which bears an effective date of 09/25/09. AS PER FEMA MAPS-FLOOD PLAIN

Landscape Requirements Notes

1. For all parcels with less than 250 linear feet of frontage adjacent to a dedicated public right-of-way, at least 10 percent of the street yard shall be permanent landscape area
2. Street Frontage to be provided with trees at 50.0 Linear Feet (Maximum) spacing. A minimum 10.0 foot landscape buffer (interior parkway) adjacent to the public right-of-way of any thoroughfare as designated on the approved Thoroughfare Plan of the City of Rockwall is required
3. Shrubs to be planted at 24 O.. (Maximum).
4. There shall be a landscaped area with at least one tree within sixty feet of every parking space. There shall be a minimum of one tree planted in the parking area for every ten parking spaces within parking lots with more than twenty spaces
5. At least seventy-five percent of the frontage of parking areas, adjacent to a public right-of-way, within the street yard, shall be screened from public streets with evergreen shrubs attaining a minimum height of three feet of a low masonry wall or earthen berm of equal height
6. All required Landscaped Areas shall be completely covered with living plant material
7. Overstory Trees shall be a minimum of three inches in caliper (measured six inches above ground) and seven feet in height at time of planting
8. Vegetation & Irrigation will meet requirements of UDC

(2/22/2017 1:58 PM AW) Detention is required and needs to be shown in an approximate location or note added to site plan. Parking adjacent to the building to be 20' long measured to face of the curb							
FIRE	Ariana Hargrove	2/20/2017	2/27/2017	2/22/2017	2	COMMENTS	see comment
(2/22/2017 3:23 PM AA) Approved automatic fire sprinkler systems shall be installed in all new buildings with a fire flow calculation area of 5,000 square feet or greater. The fire-flow calculation area shall be the total floor area of all floor levels within the exterior walls, and under the horizontal projections of the roof of a building. This plan shows a second floor area that would be included in the total square footage for determining the fire sprinkler requirement, unless this area was treated as attic storage only. Confirm how second floor area is being utilized and constructed.

Discuss and consider a request by Rick Dirkse on behalf of Rockwall Trinity Real Estate, LLC for the approval of a downtown development plan and site plan for an office building on a 0.63-acre tract of land identified as Lots 1-6, Block B, Rockwall Old Towne Addition, City of Rockwall, Rockwall County, Texas, zoned Downtown (DT) District, situated within the SH-66 Overlay (SH-66 OV) District, addressed as 301 & 303 N. Goliad Street [SH-205], and take any action necessary.

PLANNING COMMENTS - DAVID GONZALES - 02.23.2017

All staff comments are to be addressed and resubmitted by Tuesday, March 6, 2017. Please provide two large copies [24" X 36" FOLDED] and one PDF version for a subsequent review by staff:

Planning Department General Comments to be addressed are as follows:

1. The Downtown (DT) Zoning District requries a Downtown Development Plan consistent with the Regulating Plan be approved prior to issuance of a building permit [per the UDC (Ord. 04-38), Article V, Sec. 4.8 Downtown District]. Elements of this requirement include the approval of this Site Plan.
2. The proposed building location requires a minimum 2-story building (feature building). Feature buildings shall be designed with features such as accentuated entry and unique building articulation.
3. Adherence to Engineering and Fire Department standards shall be required.
4. Label all revised Site Plan documents with "Case No. SP2017-010" at the lower right corner of concept plan.
5. No outside storage permitted.
6. Provide the requried right-of-way dedication along Interurban Street. Interurban is a 50-ft right-of-way and should be calculated at 25-ft from center line.

The following plans are considered NOT ACCEPTED WITH THIS SUBMITTAL and should be removed from future submittals. (These plans shoub be submitted with the civil engineering stage of the process)
1. Grading and Drainage Plan.
2. Engineer's Boundary, Topo, Trees, & Utilities.
3. Floor Plan (submit during building permit process).

THE FOLLOWING PLANS ARE REQUIRED WITH THIS SUBMITTAL:
1. Treescape Plan
2. Photometric Plan - If you are installing lighting pole standards. (please provide cut sheets for all exterior lighting fixtures).
3. Streetscape Plan - outdoor furnishings, trash recepticles, lighting, etc.
4. Materials Samples Board (for ARB Review)

Please address the following Planning Comments regarding the Downtown Development Plan as submitted:

WAIVERS OF DESIGN STANDARDS REQUIRED PER SUBMITTAL:
Major Waivers:
1. Parking Requirements for Bicycle Parking [this waiver may be requested if not installing the required 2 bicycleprking racks].

Minor Waviers:
1. Establishment of build-to line - based on set back along Interurban Street.
2. Encroachment into the build-to line - based on 15-ft set-back along N. Goliad St. Continuous building frontage will be considered to be met if the primary building facade is located within five feet of the build-to line requirement.

3. Window detailing - minimum 4" reveal and verticle in proportion required. Windows and glazing shall be a minimum 30% to a maximum 70% for each building elevation.
4. All access drives require a minor waiver.
5. Exterior building color - what color is the roof?
6. Landscape standards - street trees shall be a minimum of 4" caliper and planted at least 20-ft on center. must comply with the streetscape standards and the UDC landscaping standards.

General Comments for the Downtown Development Plan:

SITE PLAN:
1. Relabel Engineering Site Plan (page C1) title as "Site Plan"
2. Streetscape and Landscape - Plan elements should highlight sidewalk paving, street trees, tree grates, lighting fixtures, trash recepticles, benches, etc.
3. Provide street lighting standards per regulating plan and cut sheets for all exterior lighting fixtures.
4. All mechanical equipment [ground mounted, RTU's, HVAC's, etc.) shall be screened so as to not be visible from public roads and adjacent properties.
5. Loading area (20ft x 50ft) and trash dumpsters shall be screened fromall public roadways using masonry walls (mathcing primary building), ornamental fence (80% opaque), evergreen landscaping or combination thereof.
6. Parking area's are to be screened along parking edge with a minimum3-ft height (80% opaque) masonry wall, ornamental metal, evergreen plant materials, or a combination thereof.
7. Indicate and label area between back of curb and the primary building facade as public easement where build-to line is located.
8. What is the area indicated as "20' x 50' Loading" to be used for?
9. Will there be a dumpster enclosure for this site?
10. Aerial image indicates 9 parking spaces along Interuban. Are you removing 3 parking spaces?
11. Remove tree locations & information from site plan and provide on treescape/landscape plans.
12. Remove existing home (dotted lines) from site plan.
13. Indicate HVAC unit location(s) and provide detail of proposed screening.
14. Correct label for required parking to read 17 spaces (not 34).

LANDSCAPE/TEESCAPE PLAN:
1. Relabel Engineering Site Plan title to read as "Landscape Plan" (page L1) .
2. Provide a Legend and landscape details.
3. Indicate minimum 10-ft landscape buffers along N. Goliad and Interurban.
4. Hatch area's where labeled as "grass."
5. Remove existing home sites (dotted lines) from plan.
6. Remove building and engineering labels not pertinent to landscape plan.
7. Is there above ground detention for the site? If so, dimension area and provide one large canopy tree per 750 sq. ft. of dry detention area.
8. Provide tree mitigation information (table) for trees being removed from site (label) as well as trees that are remaining.

BUILDING ELEVATIONS:
1. The location of the building meets the definition for a "feature building" and requies the structure to be a minimum of 2-stories.
2. What color is the roof? Required to be cool gray, warm gray, brown or red.3. Provide window detail - see Minor Waiver (note 3) above.
4. Building elevations require ARB review. Please provide a materials sample board.
5. Provide calculations for each exterior material for each facade.

6. Verify and correct elevation direction (i.e. North elevation appears to be facing East).

The following are scheduled meeting dates that you and/or your representative(s) should attend regarding the Site Plan. If you have any quesitons regarding this case, please feel free to contact David Gonzales, AICP with thePlanning Department at 972-771-7745.

Meeting Dates to Attend:

Architectural Review Board: February 28, 2017 (5:00 p.m.) [applicant to receive recommendations from ARB]

Planning - Work Session: February 28, 2017 (6:00p.m.) [applicant to present case to P&Z for discussion].

Planning - Regular Meeting: March 14, 2017 (6:00p.m.) [P&Z to take action (i.e.approve, approve with conditions, etc.)

City Council: March 20, 2017 (6:00 p.m.) [Major Waivers & Variance Requests Only]

AGENDA
PLANNING AND ZONING COMMISSION PUBLIC HEARING
City Hall, 385 South Goliad, Rockwall, Texas
Council Chambers
March 14, 2017
6:00 P.M.

MEETING POSTPONED TO MARCH 28, 2017

CALL TO ORDER

CONSENT AGENDA

1. **Approval of Minutes** for the *February 28, 2017* Planning and Zoning Commission meeting.

2. **P2017-008** (Korey)
   Discuss and consider a request by Lisa Wilck Palomba on behalf of Paul J. Wilck, Jr. for the approval of a final plat of Lots 1 & 2, Wilck Addition being a 5.192-acres tract of land identified as Tract 8-02 of the W. W. Ford Survey, Abstract No. 80, City of Rockwall, Rockwall County, Texas, zoned Single Family Estate (SFE-2.0) District, addressed as 463 H. Wallace Lane, and take any action necessary.

3. **SP2017-008** (Korey)
   Discuss and consider a request by Jay Soun on behalf of the owner STJ Investments, LLC for the approval of a site plan amendment for a hotel (*i.e. La Quinta Inn*) on a 1.25-acre parcel of land identified as Lot 3, Block 1, Miller Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 689 E. IH-30, and take any action necessary.

PUBLIC HEARING ITEMS

4. **Z2017-005** (Ryan)
   Hold a public hearing to discuss and consider a request by David Falls for the approval of a zoning amendment to *Ordinance No. 16-15* for the purpose of allowing the *Animal Clinic for Small Animals* land use to be a permitted use through a Specific Use Permit (SUP) for all properties within Planned Development District 50 (PD-50), being 21.266-acres of land in the S.S. McCurry Survey, Abstract No. 146 and B. F. Boydston Survey, Abstract No. 14, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses, situated within the North Goliad Corridor Overlay (NGC OV) District, generally located along N. Goliad Street [*SH-205*] north of Interurban Street, and take any action necessary.

5. **Z2017-006** (David)
   Hold a public hearing to discuss and consider a request by Brenda and Stuart Myers for the approval of a Specific Use Permit (SUP) amending *Ordinance No. 11-37 (SUP No. S-034)* to allow a restaurant with an accessory general retail store on a 0.6849-acre parcel of land identified as Lot 1, Abate Injury Rehab Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses, situated in the North Goliad Corridor Overlay (NGC OV) District, addressed as 506 N. Goliad Street, and take any action necessary.

6. **Z2017-007** (David)
   Hold a public hearing to discuss and consider a request by Rich Darragh of the Skorburg Company on behalf of the owner Bradley Joe Gideon for the approval of a zoning change from an Agricultural (AG) District to a Planned Development District for Single Family 7 (SF-7) District land uses, on a 30.36-acre tract of land identified as a portion of Tract 1-01 of the S. R. Barnes Survey, Abstract No. 13, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the 205 By-Pass Corridor Overlay (205 BY-OV) District, located at the southwest corner of the intersection of E. Quail Run Road and John King Boulevard, and take any action necessary.

7. **Z2017-008** (Korey)
   Hold a public hearing to discuss and consider a city initiated request on behalf of Raymond Jowers of Jowers, Inc. for the approval of a Specific Use Permit (SUP) rescinding *Ordinance No. 08-38* (*SUP No. S-056*) and allowing outside storage adjacent to IH-30 on a 4.4317-acre tract of land identified as Tract 22-01 of the R. Irvine Survey, Abstract No. 120, City of Rockwall, Rockwall County, Texas, zoned Light Industrial

(LI) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 2260 E. IH-30, and take any action necessary.

ACTION ITEMS

8. **SP2017-009** **(Korey)**
   Discuss and consider a request by Ray Crumby Design Group on behalf of Francisco Cardoso for the approval of a site plan for an office building on a 0.45-acre tract of land identified as Lot 10, Block A, Municipal Industrial Park Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, addressed as 855 Whitmore Drive, and take any action necessary.

DISCUSSION ITEMS

9. Director's Report of post Council meeting outcomes of Planning & Zoning cases **(Ryan)**.

   - ✓ P2017-009: Lot 1, Block A, Rockwall Grace Clinic Addition [*Approved*]
   - ✓ P2017-010: Lot 1, Block A, Dobbs Elementary Addition [*Approved*]
   - ✓ P2017-011: Lot 5, Block A, Harbor District Addition [*Approved*]
   - ✓ MIS2017-004: Water/Wastewater Master Plans [*Approved*]
   - ✓ Z2016-033: SUP for a Residency Hotel on Vigor Way (*2nd Reading*) [*Approved*]
   - ✓ Z2017-001: SWBC of Rockwall [AG to PD] (*1st Reading*) [*Approved*]
   - ✓ Z2017-002: Zoning Change AG to SFE-2.0 (*2nd Reading*) [*Approved*]
   - ✓ Z2017-003: Zoning Amendment to Planned Development District 7 (PD-7) (*2nd Reading*) [*Approved*]
   - ✓ Z2017-004: Text Amendment to Article IV of the UDC (*1st Reading*) [*Approved*]

ADJOURNMENT

This facility is wheelchair accessible and accessible parking spaces are available. Request for accommodations or interpretive services must be made 48 hours prior to this meeting. Please contact the City Secretary's Office at (972) 772-6406 for further information.

I, Laura Morales, Planning & Zoning Coordinator of the City of Rockwall, Texas, do hereby certify that this Agenda was posted at City Hall, in a place readily accessible to the general public at all times, on the 10th day of March, 2017 at 5:00 p.m., and remained so posted for at least 72 continuous hours preceding the scheduled time of said meeting.

CALL TO ORDER

CONSENT AGENDA

1. **Approval of Minutes** for the *February 28, 2017* Planning and Zoning Commission meeting.

2. **P2017-008** (Korey)
   Discuss and consider a request by Lisa Wilck Palomba on behalf of Paul J. Wilck, Jr. for the approval of a final plat of Lots 1 & 2, Block A, Wilck Addition being a 5.192-acre tract of land identified as Tract 8-02 of the W. W. Ford Survey, Abstract No. 80, City of Rockwall, Rockwall County, Texas, zoned Single-Family Estate 2.0 (SFE-2.0) District, addressed as 463 H. Wallace Lane, and take any action necessary.

3. **P2017-012** (Korey)
   Discuss and consider a request by Worth Williams of Moore Worth Investments, LLC for the approval of a final plat of Lots 1-4, Block A, Lakeshore Commons Addition being a 4.706-acre tract of land identified as Tract 8-4 of the J. H. B. Jones Survey, Abstract No. 124, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 65 (PD-65) for General Retail (GR) District land uses, situated within the North SH-205 Overlay (N. SH-205 OV) District, located at the southwest corner of Quail Run Road and N. Goliad Street [*SH-205*], and take any action necessary.

4. **P2017-013** (David)
   Discuss and consider a request by Robert Howman of Glenn Engineering on behalf of James Watson of the Rockwall Independent School District (RISD) for the approval of a final plat of Lot 1, Block A, Rockwall-CCA Addition being a 27.446-acre portion of a larger 173-acre tract of land identified as Tract 7-1 of the W. H. Baird Survey, Abstract No. 25, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the SH-205 By-Pass Overlay (205 BY-OV) District, located directly east of the intersection of John King Boulevard and Trail View Drive, and take any action necessary.

5. **P2017-016** (Korey)
   Discuss and consider a request by Glen and Rosie Cox for the approval of a final plat of Lots 1 & 2, Block A, Cox Acres Addition being a 29.97-acre tract of land identified as Tract 7 of the J. M. Gass Survey, Abstract No. 88, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the SH-205 By-Pass Overlay (205 BY-OV) District, located on the south side of Quail Run Road east of the intersection of Quail Run and John King Boulevard, and take any action necessary.

6. **SP2017-008** (Korey)
   Discuss and consider a request by Jay Soun on behalf of the owner STJ Investments, LLC for the approval of a site plan amendment for a hotel (*i.e. La Quinta Inn*) on a 1.25-acre parcel of land identified as Lot 3, Block 1, Miller Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 689 E. IH-30, and take any action necessary.

PUBLIC HEARING ITEMS

7. **Z2017-005** (Ryan)
   Hold a public hearing to discuss and consider a request by David Falls for the approval of a zoning amendment to *Ordinance No. 16-15* for the purpose of allowing the *Animal Clinic for Small Animals* land use to be a permitted use through a Specific Use Permit (SUP) for all properties within Planned Development District 50 (PD-50), being 21.266-acres of land in the S.S. McCurry Survey, Abstract No. 146 and B. F. Boydston Survey, Abstract No. 14, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses, situated within the North Goliad Corridor Overlay (NGC OV) District, generally located along N. Goliad Street [*SH-205*] north of Interurban Street, and take any action necessary.

8. **Z2017-006** (David)
   Hold a public hearing to discuss and consider a request by Brenda and Stuart Myers for the approval of a Specific Use Permit (SUP) amending *Ordinance No. 11-37 (SUP No. S-034)* to allow a restaurant with an accessory general retail store on a 0.6849-acre parcel of land identified as Lot 1, Abate Injury Rehab Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses, situated in the North Goliad Corridor Overlay (NGC OV) District, addressed as 506 N. Goliad Street, and take any action necessary.

9. **Z2017-007** (David)
   Hold a public hearing to discuss and consider a request by Rich Darragh of the Skorburg Company on behalf of the owner Bradley Joe Gideon for the approval of a zoning change from an Agricultural (AG) District to a Planned Development District for Single Family 7 (SF-7) District land uses, on a 30.36-acre tract of land identified as a portion of Tract 1-01 of the S. R. Barnes Survey, Abstract No. 13, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the 205 By-Pass Corridor Overlay (205 BY-OV) District, located at the southwest corner of the intersection of E. Quail Run Road and John King Boulevard, and take any action necessary.

10. **Z2017-008** (Korey)
    Hold a public hearing to discuss and consider a city initiated request on behalf of Raymond Jowers of Jowers, Inc. for the approval of a Specific Use Permit (SUP) rescinding *Ordinance No. 08-38* (*SUP No. S-056*) and allowing outside storage adjacent to IH-30 on a 4.4317-acre tract of land identified as Tract 22-01 of the R. Irvine Survey, Abstract No. 120, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 2260 E. IH-30, and take any action necessary.

ACTION ITEMS

11. **P2017-014** (David)
    Discuss and consider a request by Pat Atkins of the Saddle Star Land Development, LLC for the approval of an extension of the preliminary plat for the Saddle Star South Subdivision in accordance with *Section 38-8(f)* of the *Subdivision Ordinance* contained in the *Municipal Code of Ordinances*, and being a 55.413-acre tract of land identified as Tracts 1, 1-5 & 2-03 of the P. B. Harrison Survey, Abstract No. 97, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 79 (PD-79) for Single-Family 8.4 (SF-8.4) District land uses, situated within the SH-205 By-Pass Overlay (SH-205 BY-OV) District, located on the north side of John King Boulevard east of the intersection of Featherstone Drive John King Boulevard, and take any action necessary.

12. **P2017-015** (David)
    Discuss and consider a request by Pat Atkins of the Saddle Star Land Development, LLC for the approval of a extension of the preliminary plat for the Saddle Star North Subdivision in accordance with *Section 38-8(f)* of the *Subdivision Ordinance* contained in the *Municipal Code of Ordinances*, and being a 44.56-acre tract of land identified as Tract 3 of the T. R. Bailey Survey, Abstract No. 30, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 80 (PD-80) for Single Family 8.4 (SF-8.4) District land uses, situated within the SH-205 By-Pass Overlay (SH-205 BY-OV) District, located at the northwest corner of FM-552 and John King Boulevard, and take any action necessary.

13. **SP2017-009** (Korey)
    Discuss and consider a request by Ray Crumby Design Group on behalf of Francisco Cardoso for the approval of a site plan for an office building on a 0.45-acre tract of land identified as Lot 10, Block A, Municipal Industrial Park Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, addressed as 855 Whitmore Drive, and take any action necessary.

DISCUSSION ITEMS

14. **Z2017-009** (David)
    Hold a public hearing to discuss and consider a request by Cameron Slown of FC Cuny Corporation on behalf of Randall Noe of Rockwall Rental Properties, LP for the approval of a Specific Use Permit (SUP) for a *Motor Vehicle Dealership, New (Cars and Light Trucks)* in a Light Industrial (LI) District for a 4.86-acre tract of land identified as Tract 5 of the N. M. Ballard Survey, Abstract No. 99, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 1415 & 1501 E. IH-30, and take any action necessary.

15. **Z2017-010** (Ryan)
    Hold a public hearing to discuss and consider a City initiated request for the approval of a zoning amendment to Planned Development District 32 (PD-32) [*Ordinance No. 10-21*] for the purpose of amending the required streetscape elements stipulated by *Exhibit 'C'* of *Ordinance No. 10-21* affecting a ~78.89-acre tract of land identified as the *Harbor District*, being zoned Planned Development District 32 (PD-32), situated within the Scenic Overlay (SOV) and IH-30 Overlay (IH-30 OV) Districts, located at the southwest corner of Horizon Road [*FM-3097*] and IH-30, and take any action necessary.

16. **Z2017-011** (Ryan)
    Hold a public hearing to discuss and consider a City initiated request for the approval of a text amendment to Section 4.8, *Downtown (DT) District*, of Article V, *District Development Standards*, of the Unified Development Code for the purpose of amending the permitted major and minor waivers, and take any action necessary.

17. **Z2017-012** (Korey)
    Hold a public hearing to discuss and consider a request by Maria Del Carmen Andrew for the approval of a zoning change from an Agricultural (AG) District to Single-Family Estate 2.0 (SFE-2.0) District on a five (5) acre parcel of land being identified as Lot 2, Block A, Edwards Acres Subdivision, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, addressed as 3401 FM-549, and take any action necessary.

18. Director's Report of post Council meeting outcomes of Planning & Zoning cases (Ryan).

- ✓ P2017-009: Lot 1, Block A, Rockwall Grace Clinic Addition [*Approved*]

MINUTES

PLANNING AND ZONING COMMISSION WORK SESSION

City Hall, 385 South Goliad, Rockwall, Texas
Council Chambers
February 28, 2017
6:00 P.M.

I. CALL TO ORDER

Chairman Lyons called the meeting to order at 6:00 p.m. The Commissioners present at the meeting were, Patrick Trowbridge, Mark Moeller, Tracey Logan and Eric Chodun. Commissioners absent were Annie Fishman and Sandra Whitley. Staff members present were Planning Director, Ryan Miller, Planner, Korey Brooks, Planning Coordinator, Laura Morales, Civil Engineer, Jeremy White and Fire Marshall, Ariana Hargrove.

II. CONSENT AGENDA

1. Approval of Minutes for the February 14, 2017 Planning and Zoning Commission meeting.

2. P2017-007

Discuss and consider a request by Peyton McGee of Kimley-Horn and Associates on behalf of Stone Creek SF LTD & Stone Creek Balance LTD for the approval of a final plat for Lots 1, 2 & 3, Block A, Stone Creek Grocer being a replat of 0.734-acres identified as a portion of Lot 27, Block A, Stone Creek, Phase VII Addition and a final plat of 8.666-acres out of the S. King Survey, Abstract No. 131, City of Rockwall, Rockwall County, Texas, being a total of 9.399-acres, zoned Planned Development District 70 (PD-70), situated within the North SH-205 Overlay (N-SH205 OV) District, generally located at the northeast corner of the intersection of E. Quail Run Road and N. Goliad Street [N. SH-205], and take any action necessary.

3. P2017-009

Discuss and consider a request by David Smith on behalf of Barbara Criswell for the approval of a replat for Lot 1, Block A, Rockwall Grace Clinic Addition being a replat of a 0.34-acre parcel of land identified as Lot 2 of the W. T. Barnes Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses, situated within the North Goliad Corridor (NGC OV) District, addressed as 602 N. Goliad Street [*SH-205*], and take any action necessary.

4. P2017-010

Discuss and consider a request by Rick Bates of RLK Engineering, Inc. on behalf of James Watson of the Rockwall Independent School District (RISD) for the approval of a replat for Lot 1, Block A, Dobbs Elementary Addition being a replat of a 17.464-acre parcel of land identified as Rockwall School Addition No. 1, City of Rockwall, Rockwall County, Texas, zoned Single Family 7 (SF-7) District, addressed as 901 Nash Street, and take any action necessary.

5. P2017-011

Discuss and consider a request by Cameron Slown of FC Cuny Corporation on behalf of Elias Pope of Eighty Twenty Real Estate Holdings, LLC for the approval of a replat for Lot 5, Block A, Harbor District Addition, being a replat of a 0.90-acre parcel of land identified as Lot 3, Block A, Harbor District Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), situated within the IH-30 Overlay (IH-30 OV) District, addressed as 2651 Sunset Ridge Drive, and take any action necessary.

Chairman Lyons advised agenda item #2 would be taken out of the consent agenda because the applicant has withdrawn the case. Commissioner Moeller made a motion to pass the consent agenda minus item #2. Commissioner Chodun seconded the motion which passed by a vote of 5-0, with Commissioners Whitley and Fishman absent.

III. APPOINTMENTS

6. Appointment with Architectural Review Board representative to receive the Board's recommendations and comments for items on the agenda requiring architectural review.

Architectural Review Board representative, Jerry Welch, gave a brief explanation of agenda items that were discussed at the ARB meeting.

IV. PUBLIC HEARING ITEMS

7. MIS2017-004

Hold a public hearing to discuss and consider the approval of an ordinance adopting the City's Water and Wastewater Master Plans.

Assistant City Engineer, Amy Williams gave a brief explanation of the request stating that State law requires that all Cities update their impact fees every five years and in doing so, the City has them look at the overall master water and sewer for the entire City including the ETJ for buildout. The maps are a rough estimate of the big lines of water and sewer that will need to be put in as development is driven to the North, East and the South. Ms. Williams advised the Commission she was available for questions.

Chairman Lyons opened the public hearing and asked anyone who wished to speak to come forward and do so. There being no one indicating such, Chairman Lyons closed the public hearing and brought the item back to the Commission for discussion or a motion.

Commissioner Trowbridge made a motion to approve MIS2017-004. Commissioner Moeller seconded the motion which passed by a vote of 5-0, with Commissioners Whitley and Fishman absent.

8. Z2017-004

Hold a public hearing to discuss and consider a city initiated request to amend Section 4, *Specific Use Permits*, of Article IV, *Permissible Uses*, of the Unified Development Code for the purpose of establishing 1) general regulations for Specific Use Permits (SUP) issued upon the adoption of the proposed ordinance, 2) regulations relating to the abandonment, expiration and revocation of Specific Use Permits (SUP) and 3) an expiration period of one (1) year for all Specific Use Permits (SUP) and Conditional Use Permits (CUP) issued by the City that are inactive, abandon or pending.

Planning Director, Ryan Miller, gave a brief explanation of the item stating that in February of this year the City Council directed staff to prepare an amendment to the Article IV of the Permissible Uses, specifically the Specific Use Permit section of the Unified Development Code. There was a concern of the number of inactive entitlements sitting out around the City and what the text amendment will create the ability for vacated or inactive SUP's to expire if they're not used within a six month period, and that would be on the back end. For example if there is an active SUP today and the ordinance passes, and that SUP is currently operating and then stops operating, they would have six months to pick back up the operation as it was or it will expire. Expirations have also been created on the front end for Specific Use Permits after they are granted, basically once a Specific Use Permit is issued it would have one year from the approval date to be issued a building permit otherwise the SUP would automatically expire, if a building permit is not necessary then it would revert to the Certificate of Occupancy. Also if an SUP is approved and a building permit is issued but a Certificate of Occupancy has not been issued after one year and it would expire if the project is inactive only. Staff also established some procedural requirements for Specific Use Permits as well as the ability for the Planning and Zoning Commission to add operational conditions on to the Specific Use Permit. Staff has also addressed existing Specific Use Permits and Conditional Use Permits if they're inactive at the time the Ordinance is approved those would have one year to either become active or they would expire. Staff has also built in the ability to request an extension from the City Council should a property owner be working towards making their Specific Use Permit active but are unable to. The reason this was done is because currently there are 158 SUP's and 228 CUP's in the City today of which many are inactive and those are entitlements just sitting on the property.

Mr. Miller added that according to the Unified Development Code, the request is being brought before the Commission to provide a recommendation to the City Council. He stated it is a public hearing and staff was available for questions.

Chairman Lyons asked the Commission for questions for staff.

Chairman Lyons asked for clarification of the one year expiration and the six month inactivity or vacancy would that also cause it to expire. Mr. Miller stated that after an SUP is approved, on the front end they would have one year to pull a building permit or Certificate of Occupancy. If they discontinue the use, they would have six months to re-continue the use otherwise it would expire.

Commissioner Chodun asked if there was a threshold that will be used for inactivity or would it be subjective. Mr. Miller stated that the threshold in terms of building permit would be able to be established based on obvious measures, if they have submitted for a building permit if that permit is moving thru the system and they're working. One reason that is one reason the ability to request an extension was built in. Mr. Miller added that the purpose behind the request is not to force people into expiration but rather to clear up inactive land use. There are requirements built into the Ordinance that details what constitutes inactivity.

Commissioner Logan asked concerning the potential additional operation conditions, and how that would be different from what the scope is now. Mr. Miller stated that the current Ordinance is pretty short, and doesn't detail process, procedure, things of that nature and that is what is being brought forward to spell those things out in more detail.

Commissioner Trowbridge asked when an extension is requested would it go back to the Planning and Zoning Commission or would it go directly to City Council. Mr. Miller stated it is written where it has to follow the same process as the issuance of the original SUP therefore it would have to come back before the Planning and Zoning Commission for recommendation and then to City Council.

Commissioner Trowbridge asked for clarification if anyone who currently has an active SUP would it be taken away. Mr. Miller stated that if it were to be approved and an SUP is currently being operated as it was approved for the change would only establish that six month expiration on the back end where if they discontinued operation. It really is targeting the inactive SUP's today, if they are not currently operating on their active SUP then in one year from the approval date of the Ordinance it would then expire.

Commissioner Trowbridge asked what the notification process was for all of the inactive SUP's. Mr. Miller stated that originally the City Attorney directed staff to come up with some criteria and staff advised the Commission during the work session that notifications would be sent going five years back, however staff went ahead and sent courtesy notices to all SUP holders in the City.

Chairman Lyons opened the public hearing and asked anyone who wished to speak to come forward and do so.

Stuart Myers
1614 S. Lakeshore
Rockwall, TX

Mr. Myers came forward and asked what the definition of "inactive" would be considered if the process of opening takes longer than the one year period for example for someone who is still under construction or in the process of kick starting the business or trying to rent the property because sometimes it takes longer than a year or longer than six months. Mr. Miller stated the inactivity is tied to utility services, whether or not the property is occupied and/or if the use is abandoned because a new Certificate of Occupancy was issued for the property if it is not in line with the SUP use. Mr. Miller added that as long as it's working through the system, it wouldn't be considered inactive. Mr. Meyers expressed concern if there is a business that is closed but behind the scenes there is work such a remodeling or changing inventory being done, and the new Certificate of Occupancy hasn't been issued how that would affect the time period. Mr. Miller added that if there is remodeling work being done there would be an active permit and therefore it would be considered active. Mr. Meyers also expressed concern of this being overly burdensome to potential business prospects and as a business owner/landlord and expressed not being in favor of the request.

Leonard Dunkin
1001 N. Goliad
Rockwall, TX

Mr. Dunkin came forward and asked expressed concern the "inactive" status. If his business stays vacant for a year he doesn't agree to having to come back and applying for the SUP again. Generally expressed he is not in favor of the request.

Nicholas Grant
1596 E. Quail Run Road
Rockwall, TX

Mr. came forward and asked for clarification of what the Specific Use Permits being banked as opposed to Planned Development having to have the same time limitations. Mr. Miller explained that PD's are tied to Zoning and is different to Planned Developments. Generally expressed he is not in favor of the request.

Toni Rowe
1500 S. Kramer Lane
Wylie, TX

Ms. Rowe came forward and stated she owns three Commercial building on North Goliad, she suggested the language could be written to grandfather existing Specific Use Permits because she feels some people have bought properties and the value of that property was because it had a Specific Use Permit at the time it was purchased.

Chairman Lyons asked if there was anyone else who wished to come forward and speak, to do so, there being no one indicating such; Chairman Lyons closed the public hearing and brought the item back to the Commission for discussion or a motion.

Chairman Lyons noted that the point of the request is generally to keep the books clear and not have a lot of SUP's just sitting out there not being used to allow the Commission to make wise decisions for the City when new requests come before them.

Chairman Lyons asked staff if there could be the one year time frame tied to the front end as well as the back end. Mr. Miller stated the Commission could make that recommendation.

Commissioner Trowbridge asked for clarification that the request only applies to Specific Use Permits, not to Zoning that someone may have on their property. Mr. Miller stated that technically Specific Use Permits, there are by right uses which are allowed by right and then there is Specific Use Permits that allow specific uses that have been designated for specific uses in certain Districts those of which require discretionary approval.

General discussion took place concerning the time frame limitations in regards to the front end to be a one year as well.

Commissioner Trowbridge made a motion to recommend approval of amending Section 4, Specific Use Permits, of Article IV, Permissible Uses, of the Unified Development Code, but change Section 4.4(1) from six (6) months to one (1) year. The motion passed by a vote of 5-0 with Commissioners Fishman and Whitley absent.

V. ACTION ITEMS

9. SP2016-033

Discuss and consider a request by Lizandro Oemeno for the approval of a site plan converting an existing single-family home into an office building on a 1.24-acre tract of land identified as Tract 3 of the J. H. B. Jones Survey, Abstract No. 124, City of Rockwall, Rockwall County, Texas, being zoned Planned Development District 69 (PD-69) for Residential Office (RO) District land uses, situated within the North SH-205 Overlay (N-SH205 OV) District, generally located at the northwest corner of the intersection of Los Altos Drive and N. Goliad Street [N. SH-205], addressed as 1201 N. Goliad Street, and take any action necessary.

Planning Director, Ryan Miller, gave a brief explanation of the request stating that the applicant is requesting approval of a site plan. This request came before the Commission several months back and staff has since been working with the applicant thru the development process. Essentially what they are requesting is to convert the existing single family home on the subject property to an office building. The applicant has provided a site plan that generally shows how the parking will flow and it does meet the majority of the technical requirements of the Planned Development District but part of the approval will require them to go through the Engineering process and there will be a flood study for the drive approach as well as TXDOT permit that will need to be approved.

Mr. Miller advised the Commission that the applicant was present and he as well as staff were available for questions.

Chairman Lyons asked the applicant to come forward.

Daniel Nigo
2901 Saturn Road
Garland, TX

Mr. Nigo came forward and stated they have turned in a new site plan and provided that for the Commission to see the layout they are proposing for the parking. He stated they are submitting for a driveway approval from TXDOT.

Chairman Lyons asked for questions from the Commission for the applicant.

Commissioner Trowbridge asked what the property to the north was zoned, would it connect to the land use to the property to the north. Mr. Nigo stated that the property to the north is zoned Residential and the parking would end right at that end of that property line. Mr. Miller added that as part of the Planned Development District they're required to provide cross access and what the applicant will be doing is stubbing it out to give the property to the north the ability to connect should they convert their use to office use.

Commissioner Chodun asked if it would be a standard office with standard business hours. Mr. Nigo stated that it will be a Real Estate office and the hours will most likely be 8am to 6pm.

Chairman Lyons brought the item back to the Commission for discussion or action.

Commissioner Moeller made a motion to approve with staff recommendations. Commissioner Trowbridge seconded the motion which passed by a vote of 5-0, with Commissioners Fishman and Whitley absent.

10. Z2017-001
Hold a public hearing to discuss and consider a request by Terry Gwin of SWBC Real Estate, LLC on behalf of the owner Gene Lambreth of Pneuma Ventures, LTD for the approval of a zoning change from a Light Industrial (LI) District to a Planned Development District for a multi-family apartment complex on a 42.548-acre tract of land identified as Tract 1-4 of the J. M. Allen Survey, Abstract No. 2, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the SH-205 By-Pass Overlay (205 BY-OV) District, located east of the intersection of Discovery Boulevard and John King Boulevard, and take any action necessary.

Planning Director, Ryan Miller, gave a brief explanation of the request stating that as was discussed at the previous meeting, this case came forward and was requesting 650 dwelling units and were requesting to change the zoning from Light Industrial District to a Planned Development District to allow a multi-family apartment complex. At that meeting the Planning and Zoning Commission made a recommendation to deny and sent that forward to City Council, however between the Planning and Zoning Commission and City Council date, the applicant submitted a letter addressing some of the concerns that the felt were brought up at the Planning and Zoning meeting, specifically they reduced the number of requested dwellings from 650 down to 595 which was indicated in the letter this would bring the density down from 15.28 units per acre to 14 units per acre which brings it in line with the City's highest density zoning district which is the Multi-Family 14 District. In addition they also propose to plant several large canopy trees in the northwest quadrant and that was done to address the concerns that they heard from the citizens who spoke at the Public Hearing and they've also established a four year time frame

to complete the project and that was in response to some of the things they heard concerning the timing of the project. Based on those changes the City Council did remand the request back to the Planning and Zoning Commission, they felt there was substantial enough change and wanted to give the Commission the opportunity to reexamine the project and take action on it.

Mr. Miller advised the applicant was present and he as well as staff is available for questions.

Chairman Lyons asked the applicant to come forward and speak.

Robert LaCroix
4517 Scenic Drive
Rowlett, TX

Mr. LaCroix came forward and stated they were glad to be given the opportunity to be before the Commission again to address some of the concerns. They feel they have made significant changes to the plan. Mr. LaCroix spoke of the changes they made that they feel will satisfy the concerns of both the Commission and the citizens. Mr. LaCroix also pointed out that the property is zoned by right, Light Industrial and it could allow uses that the neighbors may not be aware could go in, such as a trucking company, heavy construction yard, welding/body shop, to name just a few examples. For this added reason they feel the request is the highest and best use for the property.

Terry Gwin
(No address given)

Mr. Gwin came forward and stated some of the concerns they heard from the residents was the potential for the tenants would cause problems for the neighborhood, they feel that will not be an issue because they will be required with legal documents to do a background check and income verification. They also joined a computer base company in which it shows if a person skips out on an apartment by not paying their rent, that will register in that data base and they will be checking that on all potential renters. They feel they are doing the best they can to attract quality residents that make good income that want to be part of the community. Mr. Gwin went on to state that the canopy trees will also address the concern of residents and will provide sufficient screening and they have reduced one of the buildings to a two story building as well.

Chairman Lyons asked for questions from the Commission.

Commissioner Trowbridge asked if the 595 units is added to the existing inventory of single family and multi-family in the City wat percentage of the City's inventory would be if this two phase project were approved. Mr. Miller stated that under what is currently developed and if nothing else is approved it would be around 18 percent.

Chairman Lyons commented in how the applicants have come a long way from their initial submittal and he feels because of the topography of the property and the back part of it being floodplain it is limited what can be developed there. He added that there are already apartments neighboring and Light Industrial he feels it this could be somewhat of a buffer between the two zones. Although he is not a big fan of apartments to have this high end product in this area may be an asset to the community.

Commissioner Moeller stated it had to be noted that the applicant has made significant improvements and after what Mr. LaCroix pointed out could possibly be developed there he feels the applicant has gone above and beyond to address the Commissions and the Citizens concerns and he would be in support of the project.

Commissioner Logan asked how much more land is slated to be multi-family within the City. Mr. Miller stated that the majority of the land that is entitled for multi-family exists in the Harbor District and beyond that there is very little to no Multi-Family14 a few acres here and there but nothing substantially assembled. Commissioner Logan expressed concern with changing the zoning.

Commissioner Chodun expressed concern with not having the infrastructure within that area to handle the traffic this development would produce. Commissioner Logan commented that traffic

may not be an issue and general discussion took place concerning the road expansions that have already been made and those of which will be taking place in the near future.

Commissioner Moeller made a motion to approve with staff recommendations. Chairman Lyons seconded the motion which passed by a vote of 3-2 with Commissioner Fishman and Whitley absent and Commissioners Trowbridge and Chodun dissenting.

VI. DISCUSSION ITEMS

11. Z2017-005

Hold a public hearing to discuss and consider a request by David Falls for the approval of a zoning amendment to *Ordinance No. 16-15* for the purpose of allowing the *Animal Clinic for Small Animals* land use to be a permitted use through a Specific Use Permit (SUP) for all properties within Planned Development District 50 (PD-50), being 21.266-acres of land in the S.S. McCurry Survey, Abstract No. 146 and B. F. Boydston Survey, Abstract No. 14, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses, situated within the North Goliad Corridor Overlay (NGC OV) District, generally located along N. Goliad Street [*SH-205*] north of Interurban Street, and take any action necessary.

Planning Director, Ryan Miller, gave a brief explanation of the request stating the applicant is requesting to amend all of Planned Development District 50 for the purpose of allowing a small animal clinic into the Planned Development District 50 which currently only allows for Residential Office Use. In order to do that they need to amend the Planned Development District but they are proposing to allow it thru a Specific Use Permit. This amendment would affect all properties within the District and allow that use by Specific Use Permit on any property within that PD.

Mr. Miller advised the Commission that the applicants were present and they as well as staff are available for questions.

Phill Craddick
750 IH-30
Rockwall, TX

Mr. Craddick came forward and stated he was the architect for the project.

Paul Wendel
786 Mira Mar
Rockwall, TX
Josh Cope
513 Merritt Road
Sunnyvale, TX

Mr. Cope came forward came forward and stated he is the veterinarian and that there would not be any boarding or large animals only and only cats and dogs. The will strictly be practicing medicine. Their goal is to build the building to look like a house to blend in with the community.

Chairman Lyons asked for questions for the applicant from the Commission.

Commissioner Chodun asked concerning the noise factor such as the barking. Mr. Cope stated there shouldn't be a problem with that because the animals are not kept outside only when they're being brought in from the car into the clinic and they will have concrete soundproof barriers.

Commissioner Moeller asked what the business hours would be. Mr. Cope stated it will be 8am-6pm Monday-Friday and 8-noon on Saturday.

Commissioner Trowbridge asked what was being modified, the PD or the Overlay District. Mr. Miller stated what is being modified is Planned Development District 50 because currently it only allows Residential Office uses.

There being no further questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.

12. Z2017-006

Hold a public hearing to discuss and consider a request by Brenda and Stuart Myers for the approval of a Specific Use Permit (SUP) amending *Ordinance No. 11-37 (SUP No. S-034)* to allow a restaurant with an accessory general retail store on a 0.6849-acre parcel of land identified as Lot 1, Abate Injury Rehab Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses, situated in the North Goliad Corridor Overlay (NGC OV) District, addressed as 506 N. Goliad Street, and take any action necessary.

Planning Director, Ryan Miller, gave a brief explanation of the request stating that the applicants currently have a Specific Use Permit currently for a restaurant but had some fire damage about a year ago and they have been in the process of remodeling. They are requesting to amend their SUP to take care of some small changes to their floor plan and they have an upstairs area that they have finished out and that needs to be included in the SUP.

Chairman Lyons asked if there would be additional parking that they would be required to provide. Mr. Miller stated that should they decide to open the upstairs they would be required to add additional parking but currently as office use they are sufficiently parked.

Chairman Lyons asked the applicant to come forward and speak.

Brenda and Stuart Myers
1614 S. Lakeshore Drive
Rockwall, TX

Ms. Myers came forward and stated that since they have done so much work to the building they would like to have the ability to have the upstairs be a meeting/banquet, if that is not possible it can remain as an office. Also they would like to extend the hours because they currently have a client that is interested in putting a restaurant in there using the banquet area upstairs.

Mr. Myers came forward and added that when they originally re-platted the property they agreed to put in the alleyway in the back when the properties on both sides became Commercial. But the alley is nowhere near completion; therefore in light of all that they have spent on the remodel after the fire, they are asking to delay putting the alley until the rest develops in.

Mr. Miller added that such a request has been approved in the past where it's tied to the adjacent property and in this case it would be tied to the property to the south as the property to the north is currently developing.
Mrs. Myers added that the current client that they have would still be using it as a coffee shop during the day, but would like the ability to use the upstairs for dinner in the evenings.

Chairman Lyons asked what the current hours were on the current SUP. Mr. Myers stated currently they are 7am-8pm and would like to extend the new SUP to extend to 10pm. Mr. Myers added that the property just north of them recently was approved for an SUP and their hours were left open. Mr. Miller added that the property that they are referring to that was recently approved is 406 was allowed an SUP for a restaurant and they haven't established one as of yet, but when they came in they were not subject to the same operational hours as the current SUP puts on this property.

Commissioner Chodun asked if there would be an outside area included for the restaurant. Mrs. Myers stated there is none only parking.

Commissioner Logan asked if the Commission would be given more in depth information as to what changes are being approved at the following meeting such as hours, parking updated floor plan. Mr. Miller stated staff would provide the current SUP and also the draft ordinance that will include the changes for the Commission to review.

There being no further questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.

13. Z2017-007

Hold a public hearing to discuss and consider a request by Rich Darragh of the Skorburg Company on behalf of the owner Bradley Joe Gideon for the approval of a zoning change from an Agricultural (AG) District to a Planned Development District for Single Family 7 (SF-7) District land uses, on a 30.36-acre tract of land identified as a portion of Tract 1-01 of the S. R. Barnes Survey, Abstract No. 13, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the 205 By-Pass Corridor Overlay (205 BY-OV) District, located at the southwest corner of the intersection of E. Quail Run Road and John King Boulevard, and take any action necessary.

Planning Director, Ryan Miller, gave a brief background stating that the applicant recently the applicant rezoned the property to the north of the subject property, PD 77 the Gideon property, they put that into a Planned Development District and they are looking to put a new PD on the property to the south and as part of that they will be extending Quail Run to the western most boundary. They are proposing 83 lots on the subject property and it is currently zoned AG, and staff will put together a Planned Development District and bring it before the Commission at the next meeting.

Mr. Miller advised the applicant was present and he as well as staff are available for questions.

Chairman Lyons asked the applicant to come forward.

Rich Darragh
8214 Westchester Drive
Dallas, TX

Mr. Darragh came forward and provided a power point presentation which detailed the proposed concept plan and showed the density and layout. He stated they are requesting to change the approximate 30.36 acres from AG to a PD SF-7 with 84 lots and the density would be 2.77 units per acre and they would provide 23.5% open space. They will be divided 53 units will be 60's and 31 units to be70's. Open space would be on the north side of Quail Run and will also have open space that will be centralized in the middle of the development.

Chairman Lyons asked if they did front entry on all the different size lots. Mr. Darragh stated it depended on the size of the lot as it is harder to do the j-swing garages on the 60's and 70's cost wise and also Windsor Homes has seen that the front entry product sells better as opposed to the j-swing. But as you get to the larger lots it's mostly j-swing.

Commissioner Trowbridge asked concerning the open space and the park, would they be donating the park. Mr. Miller stated that the park is accepted as dedicated open space and therefor would not be eligible for dedication but the Parks Board will make recommendations on it. Staff recommended to the applicant that instead of fronting the homes onto Quail Run or backing the homes onto Quail Run since it will be a major roadway is to instead dividing the park into two pieces to sufficiently buffer the lots that would front or back onto Quail Run Road.

Commissioner Trowbridge asked concerning the front entry garages what percentages are allowed in a PD such as this. Mr. Miller stated that the Comp Plan pushes for alleys on lots less than 12,000 square feet, however the current Unified Development Code allows garages to be in a j-swing or a recessed 20 which is where the front of the garage is pushed back 20 feet behind the front façade of the house. A true front entry garage is not allowed, however since they are going through a Planned Development they are able to request that and it would be a discretionary approval.

General discussion took place concerning Quail Run Road.

There being no further questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.

14. Z2017-008
Hold a public hearing to discuss and consider a city initiated request on behalf of Raymond Jowers of Jowers, Inc. for the approval of a Specific Use Permit (SUP) rescinding *Ordinance No. 08-38* (*SUP No. S-056*) and allowing outside storage adjacent to IH-30 on a 4.4317-acre tract of land identified as Tract 22-01 of the R. Irvine Survey, Abstract No. 120, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 2260 E. IH-30, and take any action necessary.

Planner, Korey Brooks, gave a brief explanation of the request stating that there is currently an SUP for the subject property that allows for storage of RV vehicles and part of the SUP is for the applicant to come every three years and request an extension on the SUP. The applicant has done so and went before City Council last week and it was approved however they requested the SUP to be modified so it fits in line with the current use as over the years it changed from the storage of RV's to now storage of trailers.

Mr. Brooks stated the applicant was present and he as well as staff are available for questions.

Commissioner Chodun asked if that SUP was specific to only RV's. Mr. Brooks stated that that particular SUP was limited to only RV's.

Chairman Lyons asked the applicant to come forward.

Richard Odlett
8100 County Road
Royce City, TX

Came forward and stated they have been at this location since 2009 and it changed from an RV dealership to Big Tex trailers.

Chairman Lyons asked if they only sold trailers. Mr. Odlett stated yes, they sold a variety of trailers.

Commissioner Trowbridge asked when it was changed to Big Tex. Mr. Odlett stated it was in late 2009.

There being no further questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.

15. P2017-008
Discuss and consider a request by Lisa Wilck Palomba on behalf of Paul J. Wilck, Jr. for the approval of a final plat of Lots 1 & 2, Wilck Addition being a 5.192-acres tract of land identified as Tract 8-02 of the W. W. Ford Survey, Abstract No. 80, City of Rockwall, Rockwall County, Texas, zoned Single Family Estate (SFE-2.0) District, addressed as 463 H. Wallace Lane, and take any action necessary.

Planner, Korey Brooks, gave a brief explanation of the request stating the plat does meet the technical requirements and will be going before the Parks Board next week to establish park fees and will be on the consent agenda at the next scheduled Planning and Zoning meeting.

No discussion took place concerning this agenda item.

16. SP2017-008
Discuss and consider a request by Jay Soun on behalf of the owner STJ Investments, LLC for the approval of a site plan amendment for a hotel (*i.e. La Quinta Inn*) on a 1.25-acre parcel of land identified as Lot 3, Block 1, Miller Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 689 E. IH-30, and take any action necessary.

Planner, Korey Brooks, gave a brief explanation of the request stating the request is for the La Quinta Inn on IH-30 and the applicant has not increased any variances with the proposed site plan as submitted. Mr. Brooks provided a sample board for the Commission.

Chairman Lyons asked the applicant to come forward to speak.

Jay Soun
1126 Tripping Springs
Keller, TX

Scott Webb
1841 Random Oaks

Rockwall, TX

Chairman Lyons asked the Commission for questions.

Commissioner Trowbridge asked if the project was part of the PIP (Property Improvement Program) program and would it only be for the exterior or interior as well. Mr. Sound stated it was part of the La Quinta PIP program and it would only be for the exterior because they did interior work last year.

There being no further questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.

17. SP2017-009
Discuss and consider a request by Ray Crumby Design Group on behalf of Francisco Cardoso for the approval of a site plan for an office building on a 0.45-acre tract of land identified as Lot 10, Block A, Municipal Industrial Park Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, addressed as 855 Whitmore Drive, and take any action necessary.

Planner, Korey Brooks, gave a brief explanation of the request stating that the applicant has submitted a site plan, building elevations, landscape plan as well as a photometric plan. The landscape plan and photometric plan do meet the technical requirements; however staff is working with the applicant on some revisions to the building elevations as submitted it will require variances for horizontal articulation as well as materials.

Chairman Lyons asked the applicant to come forward to speak.

Ray Crumby
Ray Crumby Design Group
(No address given)

Mr. Crumby came forward and staff provided the building elevations for Mr. Crumby to explain that at this time he will still be doing the three stone design at the bottom all the way around and the towers will be stone all the way up on the middle tower they would like to put EIFS. On the sides above the stone will be brick all the way around. Mr. Crumby added that he will work with staff on the revisions that they need to do to the elevations before the next scheduled meeting.

Chairman Lyons asked for questions from the Commission.

Commissioner Trowbridge asked staff what it is the Commission is approving. Mr. Brooks stated what is being approved is a site plan, not a use.

There being no further questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.

18. SP2017-010
Discuss and consider a request by Rick Dirkse on behalf of Rockwall Trinity Real Estate, LLC for the approval of a downtown development plan and site plan for an office building on a 0.63-acre tract of land identified as Lots 1-6, Block B, Rockwall Old Towne Addition, City of Rockwall, Rockwall County, Texas, zoned Downtown (DT) District, situated within the SH-66 Overlay (SH-66 OV) District, addressed as 301 & 303 N. Goliad Street [*SH-205*], and take any action necessary.

Planning Director, Ryan Miller, gave a brief explanation stating this request stating that this request will be the first new building constructed under the Downtown Ordinance that was approved in 2004 and within that Downtown Ordinance all buildings need to be a minimum of two stories in height. City Council is able to waive that on non-feature buildings however since Mr. Dirkse's property is an all corner lot, it makes it a feature property and therefore it will be going before the City Council where Mr. Dirkse will be requesting for the Ordinance to be amended.

Mr. Miller went on to state that the request was taken to the Architectural Review Board and the Board indicated that they were okay with a one story building pending it met the architectural

standards of either Planned Development 50 which would give it the older single story home look or the Downtown District which would give it a single story commercial look.

Mr. Miller advised the Commission the applicant was present and he as well as staff are available for questions.

Chairman Lyons asked the applicant to come forward and speak.

Rick Dirkse
3077 North Goliad
Rockwall, TX

Mr. Dirkse came forward and stated he has been a resident of Rockwall for many years and has been trying to build a building on the north side of Rockwall for seven years. He provided a slide presentation that showed the property and his concept plan. The property is about a half- acre that has a historical house known as the Bailey House on it and that house will be gifted to the Historic Society and they will be moving it to Harry Myers Park. The subject property is a transitional piece between PD50 and the Downtown District and after meeting with the owner of the property and had an option of buying it he felt it was a great piece of property to build an office. Mr. Dirske further stated that the dilemma is that he is the first applicant requesting to build under the Downtown Ordinance. His request is for him to be allowed to build a transitional piece of property there, that they move from PD50, which is more of a craftsman style to more of a masonry style that would more look like an office building that might be downtown, but not go to the full extent that the Downtown Ordinance specifies. He will be asking for a variance to allow him to build a one story building rather than a two story.

Chairman Lyons asked for questions from the Commission.

Mr. Miller added a few points of clarification stating that the applicant will not be requesting a variance to the height but rather to amend the Code which would affect all properties in the Downtown District. It can be done simply by allowing the City Council to remove the non-featured building under the major waiver section and allow Council to grant waivers to featured buildings because currently they can only grant waivers to non-featured buildings. According to the Downtown Plan everything has to be two stories up to four stories and in the applicants case he cannot build a one story building and therefor will be going to Council on that. Also the Design Standards do stipulate an all masonry building, with the idea that is going to be a two story structure more along the lines of a Downtown style building. The ARB felt it was a transitional property to transition one way or another from PD50 or the Downtown area, and that was their recommendation.
Mr. Miller added that if City Council recommends staff to amend the Ordinance that will be brought back to the Commission at the next scheduled meeting.

Commissioner Trowbridge asked if the subject property falls within the actual Historical District or PD50. Mr. Miller stated the property is zoned Downtown District.

Commissioner Trowbridge asked Mr. Dirske if he felt the site is transitional between craftsman homes and the Downtown District. Mr. Dirske stated he see it as an entry way into Downtown and doesn't see himself in PD50 but rather in the Downtown area and his intent is to build a quality building.

General discussion took place concerning the transitional look the building would have a better fit to the area.

There being no further questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.

19. Director's Report of post Council meeting outcomes of Planning & Zoning case.

- ✓ P2019-003: Lots 1-7, Block A, Sky-Ridge Addition [*Approved*]
- ✓ P2017-006: Lot 3, Block B, 205 Business Park Addition [*Approved*]

Laura Morales, Planning Coordinator

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 03/28/2017

APPLICANT: Lisa Wilck Palomba

AGENDA ITEM: **P2017-008**; *Lots 1 & 2, Block A, Wilck Addition*

SUMMARY:

Discuss and consider a request by Lisa Wilck Palomba on behalf of Paul J. Wilck, Jr. for the approval of a final plat of Lots 1 & 2, Block A, Wilck Addition being a 5.192-acre tract of land identified as Tract 8-02 of the W. W. Ford Survey, Abstract No. 80, City of Rockwall, Rockwall County, Texas, zoned Single-Family Estate 2.0 (SFE-2.0) District, addressed as 463 H. Wallace Lane, and take any action necessary.

PLAT INFORMATION:

- ☑ The objective of this request is to final plat one (1) tract of land [*Tract 8-02 of the W. W. Ford Survey, Abstract No. 80*] into two (2) parcels of land [*Lots 1 & 2, Block A, Wilck Addition*] for the purpose of building a single-family home on Lot 2.

- ☑ On January 12, 2017, the Board of Adjustments approved a variance [*Order No. BOA 2017-1-V*] reducing the lot frontage requirement from 150-feet to 100-feet on Lot 2.

- ☑ On March 6, 2017, the City Council approved the applicant's request [*Case No. Z2017-002*] to rezone the subject property from an Agriculture (AG) District to a Single-Family Estate 2.0 (SFE-2.0) District.

- ☑ The surveyor has completed the majority of the technical revisions requested by staff, and this plat, conforming to the requirements for final plats as stated in the Subdivision Ordinance in the Municipal Code of Ordinances, is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

- ☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Recommendation* section below.

- ☑ With the exception of the items listed in the *Recommendation* section of this case memo, this plat is in substantial compliance with the requirements of the Subdivision Ordinance in the Municipal Code of Ordinances.

RECOMMENDATIONS:

If the Planning and Zoning Commission chooses to approve the *final plat* for *Lots 1 & 2, Block A, Wilck Addition,* staff would recommend the following conditions:

1) All technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat;

2) Any construction resulting from the approval of this *final plat* shall conform to the requirements set forth by the Unified Development Code, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and

with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

P2017-008 Lots 1 & 2, Block A, Wilck Addition Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 This is a request by Lisa Wilck Palomba on behalf of Paul J. Wilck, Jr. for the approval of a final plat of Lots 1 & 2, Wilck Addition being a 5.192-acres tract of land identified as Tract 8-02 of the W. W. Ford Survey, Abstract No. 80, City of Rockwall, Rockwall County, Texas, zoned Single Family Estate (SFE-2.0) District, addressed as 463 H. Wallace Lane

I.2 For questions or comments concerning this case, please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.

M.3 For reference, include the case number (P2017-008) in the lower right hand corner of all pages on future submittals.

M.4 Please show the 50-foot front setback adjacent to H. Wallace Lane.

M.5 Please show the centerline for H. Wallace Lane.

M.6 Please use Standard Plat wording as show in the Development Application

M.7 Please provide a plot plan to show that both lots meet the minimum side setbacks of 25-feet.

I.8 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested by March 7, 2017.

M.9 The Planning & Zoning Worksession date for this case will be February 28, 2017. The Planning and Zoning Meeting for this case is March 17, 2017. The City Council meeting date and subsequent approval for this plat is March 20, 2017.

M.10 This plat will be required to go to Park Board to establish necessary Park Fees. The Park Board Meeting for this plat is March 7, 2017.

I.11 All meetings will be held at 6:00 p.m. in the Council Chambers at City Hall.

OWNERS DEDICATION

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS
COUNTY OF ROCKWALL

That we the undersigned owners of the land shown on this plat, and designated herein as LOTS 1 AND 2 BLOCK A, WILCK ADDITION to the City of Rockwall, Texas, and whose names are subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. we further certify that all other parties who have a mortgage or lien interest in the LOTS 1 AND 2 BLOCK A, WILCK ADDITION have been notified and signed this plat.

We understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. We also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall, or

until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

We further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the Subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; We and our successors and assigns hereby waive any claim, damage, or cause of action that we may have as a result of the dedication of exactions made herein.

01-28-2017

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 03/28/2017

APPLICANT: Worth Williams; *Moore Worth Investments, LLC*

AGENDA ITEM: **P2017-012**; *Lots 1-4, Block A, Lakeshore Commons Addition*

SUMMARY:

Discuss and consider a request by Worth Williams of Moore Worth Investments, LLC for the approval of a final plat of Lots 1-4, Block A, Lakeshore Commons Addition being a 4.706-acre tract of land identified as Tract 8-4 of the J. H. B. Jones Survey, Abstract No. 124, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 65 (PD-65) for General Retail (GR) District land uses, situated within the North SH-205 Overlay (N. SH-205 OV) District, located at the southwest corner of Quail Run Road and N. Goliad Street [SH-205], and take any action necessary.

PLAT INFORMATION:

- ☑ The objective of this request is to final plat a 4.706-acre tract of land [*i.e. Tract 8-4 of the J. H. B. Jones Survey, Abstract No. 124*] into four (4) parcels [*i.e. Lots 1-4 Block A, Lakeshore Commons Addition*] for the purpose of establishing the necessary fire lane, utility, public access, cross access, detention, and drainage easements for the retail facility.

- ☑ A preliminary plat [P2016-012] was approved by City Council on April 18, 2016.

- ☑ A site plan [*SP2016-023*] for an ~9,862 sq. ft. *retail facility (i.e. retail, restaurant, medical office)* situated on Lot 1 was approved by the Planning and Zoning Commission on October 25, 2016

- ☑ The surveyor has completed the majority of the technical revisions requested by staff, and this plat, conforming to the requirements for final plats as stated in the *Subdivision Ordinance* in the Municipal Code of Ordinances, is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

- ☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Recommendation* section below.

- ☑ With the exception of the items listed in the *Recommendation* section of this case memo, this plat is in substantial compliance with the requirements of the Subdivision Ordinance in the Municipal Code of Ordinances.

RECOMMENDATIONS:

If the Planning and Zoning Commission chooses to approve the *final plat* for *Lots 1-4, Block A, Lakeshore Commons Addition,* staff would recommend the following conditions:

1) All technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat;

2) Any construction resulting from the approval of this *final plat* shall conform to the requirements set forth by the Unified Development Code, the International Building Code,

the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

OWNER'S CERTIFICATION

STATE OF TEXAS
COUNTY OF ROCKWALL

WHEREAS ARKOMA DEVELOPMENT, L.L.C., is the owner of that tract of land in the County of Rockwall, State of Texas, said tract being described as follows:

All that certain lot, tract or parcel of land situated in the J.H.B. Jones Survey, Abstract No. 124, City of Rockwall, Rockwall County, Texas, and being part of that tract of land described in a Deed from Arkoma Realty, Ltd., to Arkoma Development, L.L.C., as recorded in Volume 4247, Page 95 of the Real Property Records of Rockwall County, Texas (hereinafter called Subject Tract), and being more particularly described as follows:

BEGINNING at an "X"; cut in concrete set for corner in the West line of State Highway No. 205 at the most Easterly Northeast corner of that tract of land described as Tract 1 in a Deed from Arkoma Development, L.L.C., to the City of Rockwall, Texas, as recorded in Volume 5670, Page 162 of the Real Property Records of Rockwall County, Texas, said point being N. 14 deg. 17 min. 14 sec. W. a distance of 271.10 feet from the Southeast corner of the above cited Subject Tract;

THENCE in a Northwesterly direction with the Northeast line of said City of Rockwall tract the following:

N. 47 deg. 23 min. 51 sec. W. a distance of 518.06 feet to a 1/2" iron rod with plastic cap stamped "STOVALL & ASSOC set (hereinafter called 1/2" iron rod set) for corner;
N. 56 deg. 32 min. 05 sec. W. a distance of 71.85 feet to a 1/2" iron rod set for corner;
N. 72 deg. 36 min. 05 sec. W. a distance of 167.88 feet to a 1/2" iron rod set for corner;
N. 67 deg. 33 min. 43 sec. W. a distance of 289.26 feet to an "X" cut in concrete set for corner in the South line of North Lakeshore Drive (85' right-of-way per Deed recorded in Volume 3828, Page 23 of the Real Property Records of Rockwall County, Texas), at the North corner of said City of Rockwall tract, said point also being at the beginning of a non-tangent curve to the right;

THENCE in a Northeasterly direction with the South line of North Lakeshore Drive and with said non-tangent curve to the right having a central angle of 23 deg. 46 min. 19 sec., a radius of 807.50 feet, a chord bearing of N. 75 deg. 05 min. 15 sec. E. a chord distance of 332.63 feet and an arc length of 335.03 feet to a 1/2" iron rod set for corner;

THENCE N. 86 deg. 58 min. 24 sec. E. with the South line of North Lakeshore Drive a distance of 174.94 feet to a 5/8" iron rod with cap stamped "KHA" found for corner at the beginning of a curve to the right;

THENCE in a Southeasterly direction with the South line of North Lakeshore Drive and with said curve to the right having a central angle of 10 deg. 38 min. 55 sec., a radius of 240.00 feet, a chord bearing of S. 87 deg. 42 min. 09 sec. E., a chord distance of 44.54 feet and an arc length of 44.60 feet to a 5/8" iron rod with cap stamped "KHA" found for corner at the beginning of a reverse curve to the left;

THENCE in a Southeasterly direction with the South line of North Lakeshore Drive and with said reverse curve to the left having a central angle of 14 deg. 25 min. 03 sec., a radius of 260.00 feet, a chord bearing of S. 89 deg. 35 min. 12 sec. E., a chord distance of 65.25 feet and an arc length of 65.42 feet to a 1/2" iron rod set for corner at the beginning of a compound curve to the left;

THENCE in a Northeasterly direction with the South line of North Lakeshore Drive and with said compound curve to the left having a central angle of 01 deg. 20 min. 20 sec., a radius of 902.50 feet, a chord bearing of N. 82 deg. 32 min. 06 sec. E., a chord distance of 21.09 feet and an arc length of 21.09 feet to a 5/8" iron rod with cap stamped "KHA" found for corner at the beginning of a reverse curve to the right;

THENCE in a Southeasterly direction with the South line of North Lakeshore Drive and with said reverse curve to the right having a central angle of 83 deg. 51 min. 15 sec., a radius of 80.00 feet, a chord bearing of S. 56 deg. 12 min. 26 sec. E. a chord distance of 106.91 feet and an arc length of 117.08 feet to a 1/2" iron rod set for corner;

THENCE N. 75 deg. 43 min. 11 sec. E. with a South line of North Lakeshore Drive a distance of 3.66 feet to a 1/2" iron rod set for corner at the intersection of the South line of North Lakeshore Drive with the West line of State Highway No. 205;

THENCE S. 14 deg. 17 min. 14 sec. E. with the West line of State Highway No, 205 a distance of 606.43 feet to the POINT OF BEGINNING and containing 4.706 acres or 204,993 square feet of land.

NOTES

1) BEARING SOURCE: A SOUTH LINE OF THE FINAL PLAT OF NORTH LAKESHORE VALLEY PER PLAT RECORDED IN CAB. G, SLIDE 281 P.R.R.C.T.

2) ALL IRON RODS SET ARE CAPPED WITH PLASTIC CAPS STAMPED "STOVALL & ASSOC."

3) STATE PLANE COORDINATES ARE BASED ON THE PLAT OF NORTH LAKESHORE VALLEY.

4) "C.M." = CONTROL MONUMENT

5) ALL DETENTION SYSTEMS TO BE MAINTAINED, REPAIRED AND REPLACED BY PROPERTY OWNER.

6) IT SHALL BE THE POLICY OF THE CITY OF ROCKWALL TO WITHHOLD ISSUING PERMITS UNTIL ALL STREETS, WATER, SEWER AND STORM DRAINAGE SYSTEMS HAVE BEEN ACCEPTED BY THE CITY. THE APPROVAL OF A PLAT BY THE CITY DOES NOT CONSTITUTE ANY REPRESENTATION, ASSURANCE OR GUARANTEE THAT ANY BUILDING WITHIN SUCH PLAT SHALL BE APPROVED, AUTHORIZED OR PERMIT THEREFOR ISSUED, NOR SHALL APPROVAL CONSTITUTE ANY REPRESENTATION, ASSURANCE OR GUARANTEE BY THE CITY OF THE ADEQUACY AND AVAILABILITY FOR WATER FOR PERSONAL USE AND FIRE PROTECTION WITHIN SUCH PLAT, AS REQUIRED UNDER ORDINANCE 83-54.

7) TRACT 1 OF THE DRAINAGE EASEMENT RECORDED IN VOL. 3828, PG. 49 OF THE REAL PROPERTY RECORDS, ROCKWALL COUNTY, TEXAS, IS TO BE ABANDONED BY ACCEPTANCE OF THIS PLAT.

8) TRACT 2 OF THE SLOPE EASEMENT RECORDED IN VOL. 3828, PG. 31 OF THE DEED RECORDS ROCKWALL COUNTY, TEXAS, IS TO BE ABANDONED BY ACCEPTANCE OF THIS PLAT.

9) 100 YEAR FLOOD PLAIN, CROSS-SECTIONS AND ELEVATIONS ARE PER FLOOD STUDY PREPARED BY KIMLEY HORN DATED 11-17-2016.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS
COUNTY OF ROCKWALL

We the undersigned owner(s) of the land shown on this plat, and designated herein as the LAKESHORE COMMONS ADDITION, Lots 1-4, Block A, subdivision to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. We further certify that all other parties who have a mortgage or lien interest in the Lakeshore Commons Addition subdivision have been notified and signed this plat.

We understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. We also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

We further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the Subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; We, our successors and assigns hereby waive any claim, damage, or cause of action that we may have as a result of the dedication of exactions made herein.

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 03/28/2017

APPLICANT: Robert Howman of *Glenn Engineering*

AGENDA ITEM: **P2017-013** *Lot 1, Block A, Rockwall - CCA Addition*

SUMMARY:

Discuss and consider a request by Robert Howman of Glenn Engineering on behalf of James Watson of the Rockwall Independent School District (RISD) for the approval of a final plat of Lot 1, Block A, Rockwall-CCA Addition being a 27.446-acre portion of a larger 173-acre tract of land identified as Tract 7-1 of the W. H. Baird Survey, Abstract No. 25, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the SH-205 By-Pass Overlay (205 BY-OV) District, located directly east of the intersection of John King Boulevard and Trail View Drive, and take any action necessary.

COMMENTS:

☑ The applicant is requesting approval of a final plat for the purpose of constructing a two-story, 150,848 sq. ft. public school facility (*i.e. College and Career Academy*). As part of the final plat the applicant will be dedicating firelane, public access, drainage, and utility easements in order to provide the necessary services for the development. The plat will also establish a variable width hike and bike easement located along John King Blvd for a proposed 10-ft wide trail system. A site plan (*i.e. SP2016-029*) for the public school facility was approved in December 2016.

☑ The surveyor has completed the majority of the technical revisions requested by staff, and this plat, conforming to the requirements for replats as stated in the *Subdivision Ordinance* in the Municipal Code of Ordinances, is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions listed in the *Recommendations* section below.

☑ With the exception of the items listed in the Recommendation section of this case memo, this plat is in substantial compliance with the requirements of the *Subdivision Ordinance* in the Municipal Code of Ordinances.

RECOMMENDATIONS:

If the Planning & Zoning Commission and City Council choose to approve the replat for *Lot 1, Block A, Rockwall - CCA Addition*, staff would recommend the following conditions of approval:

1) All staff comments provided by the Planning, Engineering and Fire Department must be addressed prior to the submittal of a building permit; and,

2) Any construction resulting from the approval of this replat shall conform to the requirements set forth by the Unified Development Code, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other

applicable regulatory requirements administered and/or enforced by the state and federal government.

Discuss and consider a request by Robert Howman of Glenn Engineering on behalf of James Watson of the Rockwall Independent School District (RISD) for the approval of a final plat of Lot 1, Block A, Rockwall-CCA Addition being a 27.446-acre portion of a larger 173-acre tract of land identified as Tract 7-1 of the W. H. Baird Survey, Abstract No. 25, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the SH-205 By-Pass Overlay (205 BY-OV) District, located directly east of the intersection of John King Boulevard and Trail View Drive, and take any action necessary.

** The following plans are considered to be NOT ACCEPTED - Please do not resubmit with this application: a) Landscape Plan (previously approved) and b) Irrigation Plan (to be submitted during the building permit phase).

The following staff comments are to be addressed and resubmitted no later than Tuesday, Arpil 4, 2017. Please provide two FOLDED large copies [18" X 24"] and one PDF version for a subsequent review by staff:

1. Adherence to all Engineering and Fire Department standards shall be required.
2. Provide a label indicating "Case No. P2017-013" on the lower right corner on all pages of the revised submittal.
3. Plat mylars are to be filed prior to issuance of a Certificate of Occupancy (CO).
4. Correct Title Block to read as follows:

Final Plat
Rockwall - CCA Addition
Lot 1, Block A Being 27.446-acre
Out of the W.H. Baird Survey, Abstract No. 25
City or Rockwall, Rockwall County, Texas

** As a note and once the plat has been approved by the Planning and Zoning Commission and City Council, all staff comments are to be addressed and all revisions resubmitted and approved (by staff) prior to plat submittal on mylar for filing purposes. **

Meeting Dates to Attend (Since this plat request will be placed on the Consent Agenda for both the Planning and City Council meetings, it is not necessary for you to attend; however, staff would recommend that someone be present for the meetings. If youhave any quesitons regarding this case, please feel free to contact David Gonzales, AICP with the Planning Department at 972-771-7745.

Planning - Consent Agenda: March 28, 2017 (6:00 p.m.)

City Council - Consent Agenda: April 3, 2017 (6:00 p.m.)

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS: STATE OF TEXAS

COUNTY OF ROCKWALL

I *(we)* the undersigned owner(s) of the land shown on this plat, and designated herein as the ***ROCKWALL CCA ADDITION*** subdivision to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. I (we) further certify that all other parties who have a mortgage or lien interest in the ***ROCKWALL CCA ADDITION*** subdivision have been notified and signed this plat. I *(we)* understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. I (we) also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.
2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.
3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.
4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.
5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.
6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

I (we) further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the Subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; I (we), my (our) successors and assigns hereby waive any claim, damage, or cause of action that I (we) may have as a result of the dedication of exactions made herein.

7. Property owner to be responsible for maintaining, repairing, and replacing of all detention and drainage esmts. systems in

ROCKWALL ISD

SAME POINT BEING IN THE EAST LINE OF SAID JOHN KING BOULEVARD (STATE HIGHWAY 205 BYPASS);

THENCE NORTH 01° 27' 03" WEST, ALONG THE EAST LINE OF SAID JOHN KING BOULEVARD (STATE HIGHWAY 205 BYPASS), A DISTANCE OF 859.19 FEET TO A 1/2" IRON ROD FOUND FOR CORNER, SAID POINT BEING THE BEGINNING OF A CURVE TO THE RIGHT HAVING A RADIUS OF 895.00 FEET, A DELTA ANGLE OF 29° 24' 15", AND A CHORD BEARING AND DISTANCE OF NORTH 13° 17' 26" EAST, 454.29 FEET;

THENCE IN A NORTHEASTERLY DIRECTION ALONG SAID CURVE TO THE RIGHT AND ALONG THE EAST LINE OF SAID JOHN KING BOULEVARD (STATE HIGHWAY 205 BYPASS), AN ARC DISTANCE OF 459.31 FEET TO A 1/2" IRON ROD FOUND FOR CORNER, SAID POINT BEING THE BEGINNING OF A REVERSE CURVE TO THE LEFT HAVING A RADIUS OF 1005.00 FEET, A DELTA ANGLE OF 04° 19' 40", AND A CHORD BEARING AND DISTANCE OF NORTH 25° 49' 30" EAST, 77.90 FEET;

THENCE IN A NORTHEASTERLY DIRECTION ALONG SAID CURVE TO THE LEFT AND ALONG THE EAST LINE OF SAID JOHN KING BOULEVARD (STATE HIGHWAY 205 BYPASS), AN ARC DISTANCE OF 75.91 FEET TO THE PLACE OF BEGINNING AND CONTAINING 27.446 ACRES OF COMPUTED LAND.

GENERAL NOTES

General Notes:

1) It shall be the policy of the City of Rockwall to withhold issuing building permits until all streets, water, sewer and storm drainage systems have been accepted by the City. The approval of a plat by the City does not constitute any representation, assurance or guarantee that any building within such plat shall be approved, authorized or permit therefore issued, nor shall such approval constitute any representation, assurance or guarantee by the City of the adequacy and availability for water for personal use and fire protection within such plat, as required under Ordinance 83 54.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS: STATE OF TEXAS

COUNTY OF ROCKWALL

I *(we)* the undersigned owner(s) of the land shown on this plat, and designated herein as the ***ROCKWALL CCA ADDITION*** subdivision to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. I (we) further certify that all other parties who have a mortgage or lien interest in the ***ROCKWALL CCA ADDITION*** subdivision have been notified and signed this plat. I *(we)* understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. I (we) also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.
2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.
3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.
4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.
5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.
6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

I (we) further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the Subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; I (we), my (our) successors and assigns hereby waive any claim, damage, or cause of action that I (we) may have as a result of the dedication of exactions made herein.

SAME POINT BEING IN THE EAST LINE OF SAID JOHN KING BOULEVARD (STATE HIGHWAY 205 BYPASS);

THENCE NORTH 01° 27' 03" WEST, ALONG THE EAST LINE OF SAID JOHN KING BOULEVARD (STATE HIGHWAY 205 BYPASS), A DISTANCE OF 859.19 FEET TO A 1/2" IRON ROD FOUND FOR CORNER, SAID POINT BEING THE BEGINNING OF A CURVE TO THE RIGHT HAVING A RADIUS OF 895.00 FEET, A DELTA ANGLE OF 29° 24' 15", AND A CHORD BEARING AND DISTANCE OF NORTH 13° 17' 26" EAST, 454.29 FEET;

THENCE IN A NORTHEASTERLY DIRECTION ALONG SAID CURVE TO THE RIGHT AND ALONG THE EAST LINE OF SAID JOHN KING BOULEVARD (STATE HIGHWAY 205 BYPASS), AN ARC DISTANCE OF 459.31 FEET TO A 1/2" IRON ROD FOUND FOR CORNER, SAID POINT BEING THE BEGINNING OF A REVERSE CURVE TO THE LEFT HAVING A RADIUS OF 1005.00 FEET, A DELTA ANGLE OF 04° 19' 40", AND A CHORD BEARING AND DISTANCE OF NORTH 25° 49' 30" EAST, 77.90 FEET;

THENCE IN A NORTHEASTERLY DIRECTION ALONG SAID CURVE TO THE LEFT AND ALONG THE EAST LINE OF SAID JOHN KING BOULEVARD (STATE HIGHWAY 205 BYPASS), AN ARC DISTANCE OF 75.91 FEET TO THE PLACE OF BEGINNING AND CONTAINING 27.446 ACRES OF COMPUTED LAND.

GENERAL NOTES

General Notes:

1) It shall be the policy of the City of Rockwall to withhold issuing building permits until all streets, water, sewer and storm drainage systems have been accepted by the City. The approval of a plat by the City does not constitute any representation, assurance or guarantee that any building within such plat shall be approved, authorized or permit therefore issued, nor shall such approval constitute any representation, assurance or guarantee by the City of the adequacy and availability for water for personal use and fire protection within such plat, as required under Ordinance 83 54.

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 03/28/2017

APPLICANT: Glen and Rosie Cox

AGENDA ITEM: **P2017-016;** *Lots 1 & 2, Block A, Cox Acres Addition*

SUMMARY:

Discuss and consider a request by Glen and Rosie Cox for the approval of a final plat of Lots 1 & 2, Block A, Cox Acres Addition being a 29.97-acre tract of land identified as Tract 7 of the J. M. Gass Survey, Abstract No. 88, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the SH-205 By-Pass Overlay (205 BY-OV) District, located on the south side of Quail Run Road east of the intersection of Quail Run and John King Boulevard, and take any action necessary.

PLAT INFORMATION:

☑ The objective of this request is to final plat two (2) parcels of land [*Lots 1 & 2, Block A, Cox Acres Addition*] for the purpose of establishing necessary easements and 25-feet right-of-way dedication adjacent to Quail Run Road for the construction of two (2) single-family residential homes.

☑ The surveyor has completed the majority of the technical revisions requested by staff, and this plat, conforming to the requirements for replats as stated in the Subdivision Ordinance in the Municipal Code of Ordinances, is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Recommendation* section below.

☑ With the exception of the items listed in the *Recommendation* section of this case memo, this plat is in substantial compliance with the requirements of the Subdivision Ordinance in the Municipal Code of Ordinances.

RECOMMENDATIONS:

If the Planning and Zoning Commission chooses to approve the *final plat* for *Lots 1 & 2, Block A, Cox Acres Addition,* staff would recommend the following conditions:

1) All technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat;

2) Any construction resulting from the approval of this *final plat* shall conform to the requirements set forth by the Unified Development Code, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

OWNER'S CERTIFICATE
(Public Dedication)

WHEREAS, GLEN COX and ROSIE COX, BEING the Owners of a tract of land in the County of Rockwall, State of Texas, said tract being described as follows:

All that certain lot, tract or parcel of land situated in the J.M. GASS SURVEY ABSTRACT NO. 88, City of Rockwall, Rockwall County, Texas, and being all of a tract of land as described in a Trustee's Deed to Sharon Van Fosson, dated March 14, 2016 and being recorded in Document no. 20160000002423 of the Official Public Records of Rockwall County, Texas, and being the same tract of land as described as Tract 2 in a Deed to Joe W. Gideon and Katherine Gideon, as recorded in Volume 35, Page 591 of the Deed Records of Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 1/2" iron rod found for corner at the southwest corner of said Van Fosson tract and the southwest corner of said Gass Survey;

THENCE NORTH along the west line of said tract, at 1630.87 feet pass a 1/2" iron rod found for witness and continuing for a total distance of 1655.87 feet to a P-K nail found in pavement in the center of Quail Run Road;

THENCE S. 89 deg. 33 min. 17 sec. E. along the center of Quail Run Road, a distance of 788.87 feet to a P-K nail found in pavement for corner;

THENCE S. 00 deg. 06 min. 26 sec. W. a distance of 1660.11 feet to a 1/2" iron rod found for corner at the southwest corner of SADDLEBROOK ESTATES SECTION 2, an Addition to the City of Rockwall, Texas, according to the Plat thereof recorded in Cabinet B, Slide 238 of the Plat Records of Rockwall County, Texas;

THENCE N. 89 deg. 14 min. 37 sec. W. a distance of 785.80 feet to the POINT OF BEGINNING and containing 29.97 acres of land.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS
COUNTY OF ROCKWALL

I the undersigned owner of the land shown on this plat, and designated herein as COX ACRES, an Addition to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, easements and public places thereon shown on the purpose and consideration therein expressed. I further certify that all other parties who have a mortgage or lien interest in the subdivision have been notified and signed this plat.

I understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same.

I also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of th eir respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maint aining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, sto rm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer an d/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as p rogress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

I further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; I, my successors and assigns hereby waive any claim, damage, or cause of action that we may have as a result of the dedication of exaction's made herein.

CASE NO. P2017-

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 03/28/2017

APPLICANT: Jay Soun; *STJ Investments, LLC*

AGENDA ITEM: **SP2017-008**; *La Quinta Inn Amended Site Plan*

SUMMARY:

Discuss and consider a request by Jay Soun on behalf of the owner STJ Investments, LLC for the approval of a site plan amendment for a hotel (i.e. La Quinta Inn) on a 1.25-acre parcel of land identified as Lot 3, Block 1, Miller Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 689 E. IH-30, and take any action necessary.

PURPOSE AND BACKGROUND:

On June 9, 1998, the Planning and Zoning Commission approved a site plan [*Case No. PZ-1998-25-1*] for a 59-room hotel [*i.e. Country Inn and Suites*]. Additionally, on July 6, 1998, the City Council approved a Conditional Use Permit [*Case No. 1998-25-2-CUP*] to allow for combustible structural materials for a 59-room hotel on the subject property. Since that time, the hotel has rebranded [*i.e. La Quinta Inn and Suites*], and the applicant is requesting approval of an amended site plan to allow for exterior renovations to the existing hotel. The subject property is situated within the IH-30 Overlay (IH 30 OV) District and is addressed as 689 E. IH-30. The scope of work for the proposed exterior renovations include painting the exterior façade of the building, removing existing canopy and replacing it with new materials, and adding a tower element to the front façade of the building. The proposed exterior renovations will not require additional variances from the City Council.

ARCHITECTURAL REVIEW BOARD (ARB):

On February 28, 2017, the Architectural Review Board (ARB) reviewed the proposed building elevations. The ARB recommended approval of the elevations as submitted by a vote of 5 to 0 with Board Member Neill absent and one (1) vacant position.

RECOMMENDATIONS:

If the Planning & Zoning Commission chooses to approve the applicant's request then staff would recommend the following conditions of approval:

1) All comments provided by the Planning, Engineering and Fire Department must be addressed prior to the submittal of a building permit;

2) Any construction or building necessary to complete this *Amended Site Plan* request must conform to the requirements set forth by the UDC, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

(2/23/2017 1:26 PM KB)
SP2017-008 La Quinta Inn Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 This is a request by Jay Soun on behalf of the owner STJ Investments, LLC for the approval of a site plan amendment for a hotel (i.e. La Quinta Inn) on a 1.25-acre parcel of land identified as Lot 3, Block 1, Miller Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 689 E. IH-30.
I.2 For questions or comments concerning this case, please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.
M.3 For reference, include the case number (SP2017-008) in the lower right hand corner of all pages on future submittals.
M.4 Floor plan, roof plan, wall section, and exterior wall renovation plan will be reviewed once you submit for building permit.
M.5 Please change "front, right, left back" elevations to direction (i.e. north, east, south, west).
M.6 Please keep in mind that secondary materials (i.e. ceramic tile and aluminum) in excess of 10% on each façade will require a variance from P&Z and Council. Currently you have 10% total secondary materials on front façade, 8% on the right façade, and 9% on the right façade.
M.7 Please ensure that both lots meet the minimum side setbacks of 25-feet.
I.8 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested by March 7, 2017.
M.9 The Planning & Zoning Worksession date for this case will be February 28, 2017. The Planning and Zoning Meeting for this case is March 14, 2017.
I.10 All meetings (with the exception of the Architectural Review Board [ARB] which is told at 5:00 p.m. before the worksession) will be held at 6:00 p.m. in the Council Chambers at City Hall.

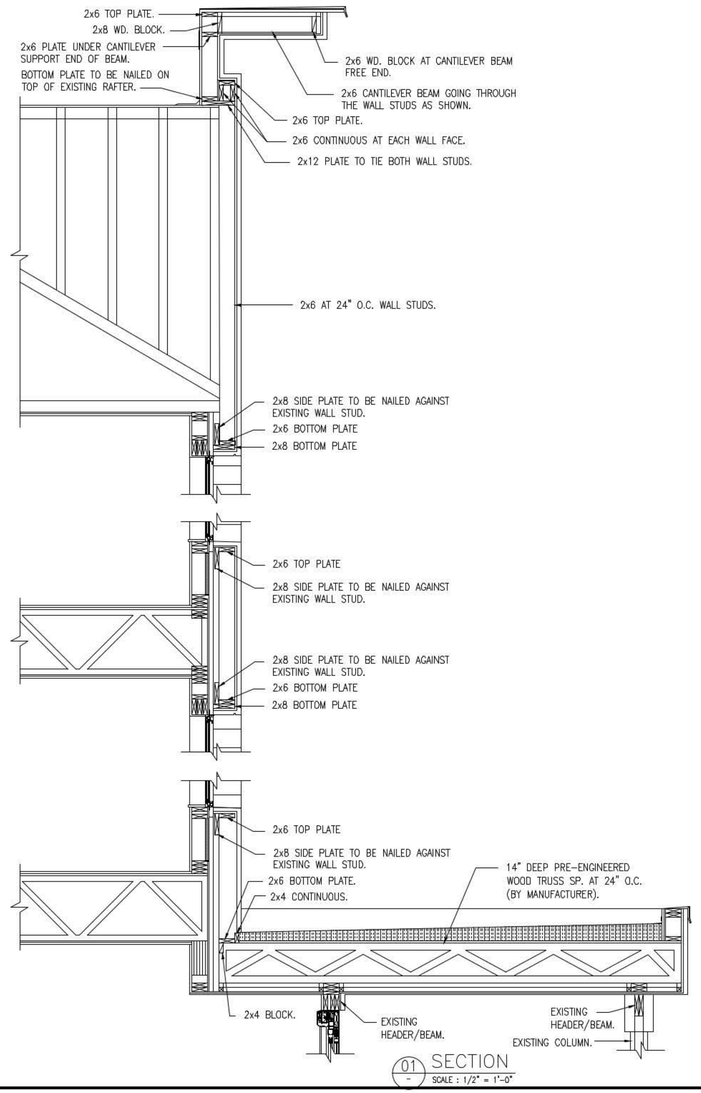
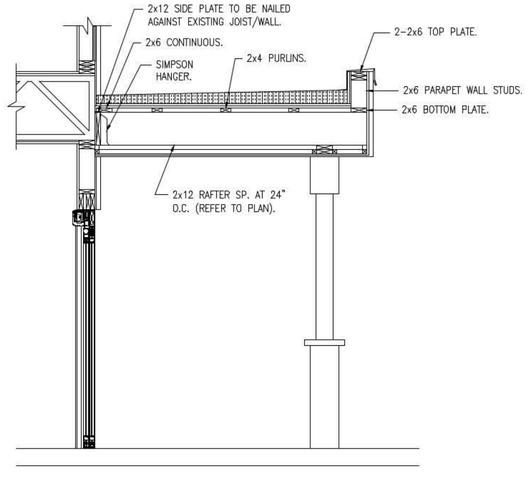
EXTERIOR WALL RENOVATION PLAN

SCALE: 1/8" = 1'-0"





STRUCTURAL WOOD FRAMING NOTES:

1. PROVIDE SOUTHERN PINE STRUCTURAL GRADE NO. 1, FOR ALL WALL STUDS FRAMING AND PLATES.
2. ALL WORKMANSHIP & MATERIALS SHALL CONFORM TO THE NATIONAL DESIGN SPECIFICATION FOR WOOD CONSTRUCTION, LATEST EDITION.
3. ALL FRAMING EXPOSED TO WEATHER OR IN CONTACT WITH CONCRETE SHALL BE PRESSURE-TREATED.
4. ALL LUMBER SHALL BE STAMPED WITH THE GRADE MARK OF AN APPROVED TESTING AGENCY.
5. ROOF FRAMING LAYOUTS ARE PROVIDED TO ILLUSTRATE CONDITIONS OF CONSTRUCTION AND DO NOT NECESSARILY INDICATE SPECIFIC QUANTITIES OF MATERIALS OR COMPONENTS REQUIRED FOR CONSTRUCTION.
6. CONSTRUCTION BRACING SHALL BE PROVIDED BY THE CONTRACTOR TO MAINTAIN THE BUILDING PLUMB AND TRUE. THIS BRACING SHALL REMAIN UNTIL THE SPECIFIED TEARLESS ARE TOTALLY INSTALLED.

PRE-ENGINEERED WOOD TRUSS NOTES:

1. A. WOOD TRUSS MANUFACTURER SHALL BE RESPONSIBLE FOR THE DESIGN AND FABRICATION OF THE PRE-ENGINEERED TRUSSES WHERE INDICATED ON PLANS OR DETAILS AND SHALL DESIGN THE TRUSSES WITH THE LOADS INDICATED ON THE BASIS FOR DESIGN AND SPECIFIC LOADS SHOWN ON PLAN OR DETAILS.

   B. PREFAB WOOD TRUSSES SHALL BE DESIGNED TO CARRY ANY ADDITIONAL LOADS DUE TO MECH UNITS, OVERHEAD DOORS, ROOF OVERBUILDS, UP OR DOWN LATERAL OVERTURNING FORCES, ETC....

   C. BOTTOM CHORDS OF TRUSSES, ACTING AS CEILING MEMBERS, MUST BE ABLE TO SUPPORT A 10 PSF CONCURRENT LIVE LOAD PER IBC REQUIREMENTS.

   D. WOOD TRUSSES SHALL BE ERECTED IN ACCORDANCE WITH TEH TRUSS MANUFACTURER'S REQUIREMENTS. THIS WORK SHALL BE DONE BY A QUALIFIED AND EXPERIENCED CONTRACTOR. TRUSS ERECTION BY AN INEXPERIENCED OR NONQUALIFIED CONTRACTOR CAN RESULT IN CONSTRUCTION COLLAPSE AND/OR SERIOUS INJURY AND DAMAGE.

   E. THE CONTRACTOR SHALL PROVIDE ALL TEMPORARY AND PERMANENT BRACING AS REQUIRED FOR SAFE ERECTION AND PERFORMANCE OF THE TRUSSES.

   F. ALL DIMENSIONS SHALL BE VERIFIED PRIOR TO FABRICATION.

   G. THE PROJECT ENGINEER, OR ENGINEER OF RECORD, IS NOT RESPONSIBLE FOR THE PRE-ENGINEERED TRUSSES NOR FOR THE INSTALLATION, ETC... OF THE TRUSSES. ALL ENGINEERING PROVIDED BY THE TRUSS MFR OR THEIR REPRESENTATIVES SHALL BE SUBMITTED FOR REVIEW AND SHALL BEAR THE SEAL OF AN APPROPRIATELY REGISTERED ENGINEER.

3. TRUSS DOCUMENTS TO INCLUDE TRUSS BLOCKING REQUIREMENT AND PROCEDURES FOR INSTALLING, SECURING, BRACING, ETC., OF ALL TRUSSES.
4. ALL TRUSS SHOP DRAWINGS MUST BE REVIEWED AND WRITTEN APPROVAL PROVIDED, BY GENERAL CONTRACTOR, PRIOR TO SUBMITTAL OF SHOP DRAWINGS TO STRUCTURAL ENGINEER.
5. SHOP DRAWINGS CAN NOT BE REVIEWED WITHOUT SEAL AND SIGNATURE OF TRUSS COMPANY ENGINEER ON ALL TRUSS ENGINEERING SHEETS.
6. ALL TRUSSES MUST BE DESIGNED FOR UPLIFT LOADS. UPLIFT VALUES @ EACH TRUSS BEARING POINT MUST BE SHOWN ON TRUSS ENGINEERING SHEET.
7. METAL GUSSET PLATE DESIGN AND MANUFACTURE SHALL BE AS APPROVED BY "THE RESEARCH COMMITTEE FOR THE ICBO". PLATES SHALL BE GALVANIZED OR OTHERWISE PROTECTED FROM CORROSION. MANUFACTURER'S NAME OR TRADEMARK SHALL BE VISIBLE ON PLATES.
8. WOOD TRUSSES SHALL BE ERECTED IN ACCORDANCE WITH THE TRUSS MANUFACTURER'S REQUIREMENTS. THIS WORK SHALL BE DONE BY A QUALIFIED AND EXPERIENCED CONTRACTOR. TRUSS ERECTION BY AN INEXPERIENCED OR NONQUALIFIED CONTRACTOR CAN RESULT IN CONSTRUCTION COLLAPSE AND/OR SERIOUS INJURY AND DAMAGE.

CITY OF ROCKWALL, TEXAS
MEMORANDUM

TO: Planning and Zoning Commission

FROM: Ryan Miller, *Director of Planning and Zoning*

DATE: March 28, 2017

SUBJECT: Z2017-005; *Amendment to PD-50*

On February 17, 2017, the property owner David Falls submitted an application requesting that Planned Development District 50 (PD-50) be amended to allow the *Animal Clinic for Small Animals* land use through a Specific Use Permit (SUP). The intent of the request is to allow the property at the northwest corner of the intersection of Heath Street and N. Goliad Street [*SH-205*] (*i.e. 901 N. Goliad Street*) to operate as an *Animal Clinic for Small Animals*. According to the draft ordinance prepared by staff an *Animal Clinic for Small Animals* is defined as "...as a place where animals or pets are given medical or surgical treatments and care." By allowing this land use through a SUP, the Planning and Zoning Commission and City Council retain discretionary approval of this use on a case-by-case basis. This will allow any request for an *Animal Clinic for Small Animals* to be reviewed and operational conditions established to safe guard the character of the district, mitigate for any potential negative impacts on adjacent properties, and to ensure that the property operates in conformance with all applicable local, state and federal requirements.

Since the proposed case involves modifying the land uses permitted within Planned Development District 50 (PD-50), staff has notified all property owners and residents within the Planned Development District. In addition, staff mailed out notifications to all property owners and residents within 500-feet of the Planned Development District, and to all Homeowner's Associations within 1,500-feet of the district (*i.e. Lakeview Summit and Caruth Lakes Homeowner's Associations*). This was done in accordance with the requirements of Section 6.1, *Notice of Public Hearing*, of Article II, *Authority and Administrative Procedures*, of the Unified Development Code. Of the 320 notices mailed, staff has received seven (7) notices in favor of the request and two (2) notices opposed to the request. In addition, staff received one (1) email opposed to the request. *All responses have been included in the attached packet.*

If the Planning and Zoning Commission and City Council choose to approve the applicant's request, then a SUP request would still need to be submitted and approved prior to the issuance of any permits for the subject property. In the attached packet is a copy of the draft ordinance along with the applicant's letter requesting the additional land use. The public hearing schedule is as follows:

Planning and Zoning Commission (*Public Hearing*): March 28, 2017
City Council (*1st Reading; Public Hearing*): April 3, 2017
City Council (*2nd Reading*): April 17, 2017

If the Planning and Zoning Commission have any questions, staff and the applicant will be available at the work session to discuss.

City of Rockwall

Z2017-005 (Amendment to PD-50): Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 This case is for the approval of a zoning amendment to Ordinance No. 16-15 for the purpose of allowing the Animal Clinic for Small Animals land use to be a permitted use through a Specific Use Permit (SUP) for all properties within Planned Development District 50 (PD-50), being 21.266-acres of land in the S.S. McCurry Survey, Abstract No. 146 and B. F. Boydston Survey, Abstract No. 14, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses, situated within the North Goliad Corridor Overlay (NGC OV) District, and generally located along N. Goliad Street [SH-205] north of Interurban Street.

I.2 For questions or comments concerning this case please contact Ryan Miller in the Planning Department at (972) 772-6441 or email rcmiller@rockwall.com.

M.3 On all future submittals please include the case number (Z2017-005) in the lower right hand corner.

I.4 Please review the Draft Ordinance prior to the Planning & Zoning Meeting on March 14, 2017.

I.5 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that has been requested. Revisions for this case will be due to staff on March 7, 2017 by no later than 3:00 p.m.; however, staff encourages the applicant to submit revisions as soon as possible to give staff ample time to review the case prior to the March 14, 2017 Planning & Zoning Meeting.

I.6 The projected City Council dates for this case are projected to be: 1) March 20, 2017 [1st Reading], and 2) April 3, 2017 [2nd Reading].

Subject: RE: Neighborhood Noification Program: Notice of zoning request
Date: Wednesday, March 08, 2017 9:21:46 AM

To whom it may concern:

Per your participation in the Neighborhood Notification Program, you are receiving this notification to inform your organization and residents of a request for a zoning change that lies within 1,500 feet of the boundaries of your neighborhood or subdivision. As the primary contact for the organization, you are encouraged to share this information with the residents of your subdivision. Please find attached a map detailing the location of the subject property requesting the zoning change in relation to your subdivision boundaries. Additionally, below is a summary of the zoning request that will also be published in the Rockwall Herald Banner on ***March 10, 2017***. The Planning and Zoning Commission will hold a public hearing on ***Tuesday, 3/28/2016 at 6:00 p.m***., and the City Council will hold a public hearing on ***Monday, 4/03/2017 at 6:00 p.m***. These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street. If you have any questions or comments regarding this request, the contact information for the Planning Department is listed below. Additional information can also be found at https://sites.google.com/site/rockwallplanning/development-cases

> **Z2017-005- Hold a public hearing to discuss and consider a request by David Falls for the approval of a zoning amendment to *Ordinance No. 16-15* for the purpose of allowing the *Animal Clinic for Small Animals* land use to be a permitted use through a Specific Use Permit (SUP) for all properties within Planned Development District 50 (PD-50), being 21.266-acres of land in the S.S. McCurry Survey, Abstract No. 146 and B. F. Boydston Survey, Abstract No. 14, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses, situated within the North Goliad Corridor Overlay (NGC OV) District, generally located along N. Goliad Street [*SH-205*] north of Interurban Street, and take any action necessary.**

If this email is reaching you in error, please forward it to your HOA or neighborhood group representative and update the contact information at http://www.rockwall.com/planning/hoa.asp.

Sincerely,

Laura Morales

NOTICE OF PUBLIC HEARING
CITY OF ROCKWALL, PLANNING & ZONING DEPARTMENT

PHONE: (972) 771-7745
EMAIL: PLANNING@ROCKWALL.COM

REVISED NOTICE
The meeting scheduled for March 14, 2017 was cancelled due to lack of a quorum.

To Whom It May Concern:

You are hereby notified that the City of Rockwall Planning and Zoning Commission and City Council will consider the following application:

Case No. Z2017-005: 901 N. Goliad-Amendment to PD 50

Hold a public hearing to discuss and consider a request by David Falls for the approval of a zoning amendment to Ordinance No. 16-15 for the purpose of allowing the Animal Clinic for Small Animals land use to be a permitted use through a Specific Use Permit (SUP) for all properties within Planned Development District 50 (PD-50), being 21.266-acres of land in the S.S. McCurry Survey, Abstract No. 146 and B. F. Boydston Survey, Abstract No. 14, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses, situated within the North Goliad Corridor Overlay (NGC OV) District, generally located along N. Goliad Street [SH-205] north of Interurban Street, and take any action necessary.

For the purpose of considering the effects of such a request, the Planning and Zoning Commission will hold a public hearing on **Tuesday, 3/28/2017 at 6:00 p.m.**, and the City Council will hold a public hearing on **Monday, 4/3/2017 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

Ryan Miller
Rockwall Planning and Zoning Dept.
385 S. Goliad Street
Rockwall, TX 75087

You may also email your comments to the Planning Department at planning@rockwall.com. If you choose to email the Planning Department please include your name and address for identification purposes.

Your comments must be received by **4/3/2017** to ensure they are included in the information provided to the City Council.

Sincerely,

Ryan Miller, AICP
Director of Planning & Zoning

Opposed on any future commercial property approval until there is a TURN LANE installed on N. Goliad continuing on Hwy 205 until Hwy 78. It is a dangerous road for people to travel and get out of the neighborhoods with NO turn lane to pull out into so a person can join traffic safely.

Letter of Intent for Rezoning: 901 North Goliad

To whom it may concern:

J. A. Greene Construction Services, is submitting this Letter of Intent for rezoning on behalf of Dr. Josh Cope.

901 N. Goliad (Garner, Block ALL 26) at the cross streets of N. Goliad (Hwy 205) and Heath St. is a 1.0 acre (43,560 square foot) vacant lot. This lot is currently located in PD-50 and we are proposing to have it rezoned to develop a 4,000-square foot animal clinic. The clinic will have no animal boarding and is a small animal clinic (dogs and cats only).

Sincerely,

Paul Wendel

CITY OF ROCKWALL

ORDINANCE NO. 17-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS AMENDING PLANNED DEVELOPMENT DISTRICT 50 (PD-50) AND THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, FOR THE PURPOSE OF AMENDING PLANNED DEVELOPMENT DISTRICT 50 (PD-50) TO ALLOW AN *ANIMAL CLINIC FOR SMALL ANIMALS* LAND USE TO BE PERMITTED BY A SPECIFIC USE PERMIT (SUP) WITHIN THE SUBJECT PROPERTY, BEING A 21.266-ACRE TRACT OF LAND SITUATED WITHIN THE S. S. McCURRY SURVEY, ABSTRACT NO. 146 AND B. F. BOYDSTON SURVEY, ABSTRACT NO. 14, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE FULLY DESCRIBED HEREIN BY *EXHIBIT 'A'* OF THIS ORDINANCE; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF A FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS (*$2,000.00*) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City has received a request by David Falls requesting the approval of an amendment to Planned Development District 50 (PD-50) and the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall for the purpose of amending the permitted land uses to allow for the addition of an *Animal Clinic for Small Animals* land use to be permitted by a Specific Use Permit (SUP) within a 21.266-acre tract of land situated within the S. S. McCurry Survey, Abstract No. 146 and B. F. Boydston Survey, Abstract No. 14, City of Rockwall, Rockwall County, Texas, identified as Planned Development District 50 (PD-50), and more fully described in *Exhibit 'A'* and depicted in *Exhibit 'B'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that Planned Development District 50 (PD-50) and the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

SECTION 1. That the approval of this ordinance shall supersede all requirements stipulated in *Ordinance No. 16-15*;

SECTION 2. That the *Subject Property* shall be used only in the manner and for the purposes authorized by this ordinance and the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by granting this zoning change, and as maybe amended in the future;

SECTION 3. That the *Subject Property* shall be developed and/or used only in the manner and for the purposes described in *Exhibit 'C'* of this ordinance, and unless specifically modified within this ordinance the *Subject Property* shall adhere to all development standards stipulated by the Residential Office (RO) District as specified in Section 4.2, *Residential Office (RO) District*, of Article V, *District Development*

DRAFT 03.24.2017

Standards, of the Unified Development Code [*Ordinance No. 04-38*] as heretofore amended, as amended herein by the granting of this zoning change, and as may be amended in the future;

SECTION 4. That the official zoning map of the City of Rockwall, Texas be corrected to reflect the change in zoning described here in.

SECTION 5. That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of two thousand dollars *($2,000.00*) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

SECTION 6. That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code [*Ordinance No. 04-38*], and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

SECTION 7. The standards in this ordinance shall control in the event of a conflict between this ordinance and any provision of the Unified Development Code [*Ordinance No. 04-38*] of any provision of the *City Code*, ordinance, resolution, rule, regulation, or procedure that provides a specific standard that is different from and inconsistent with this ordinance. References to zoning district regulations or other standards in the Unified Development Code [*Ordinance No. 04-38*] (*including references to the Unified Development Code*), and references to overlay districts, in this ordinance or any of the *Exhibits* hereto are those in effect on the date this ordinance was passed and approved by the City Council of the City of Rockwall, Texas;

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 3RD DAY OF APRIL, 2017.

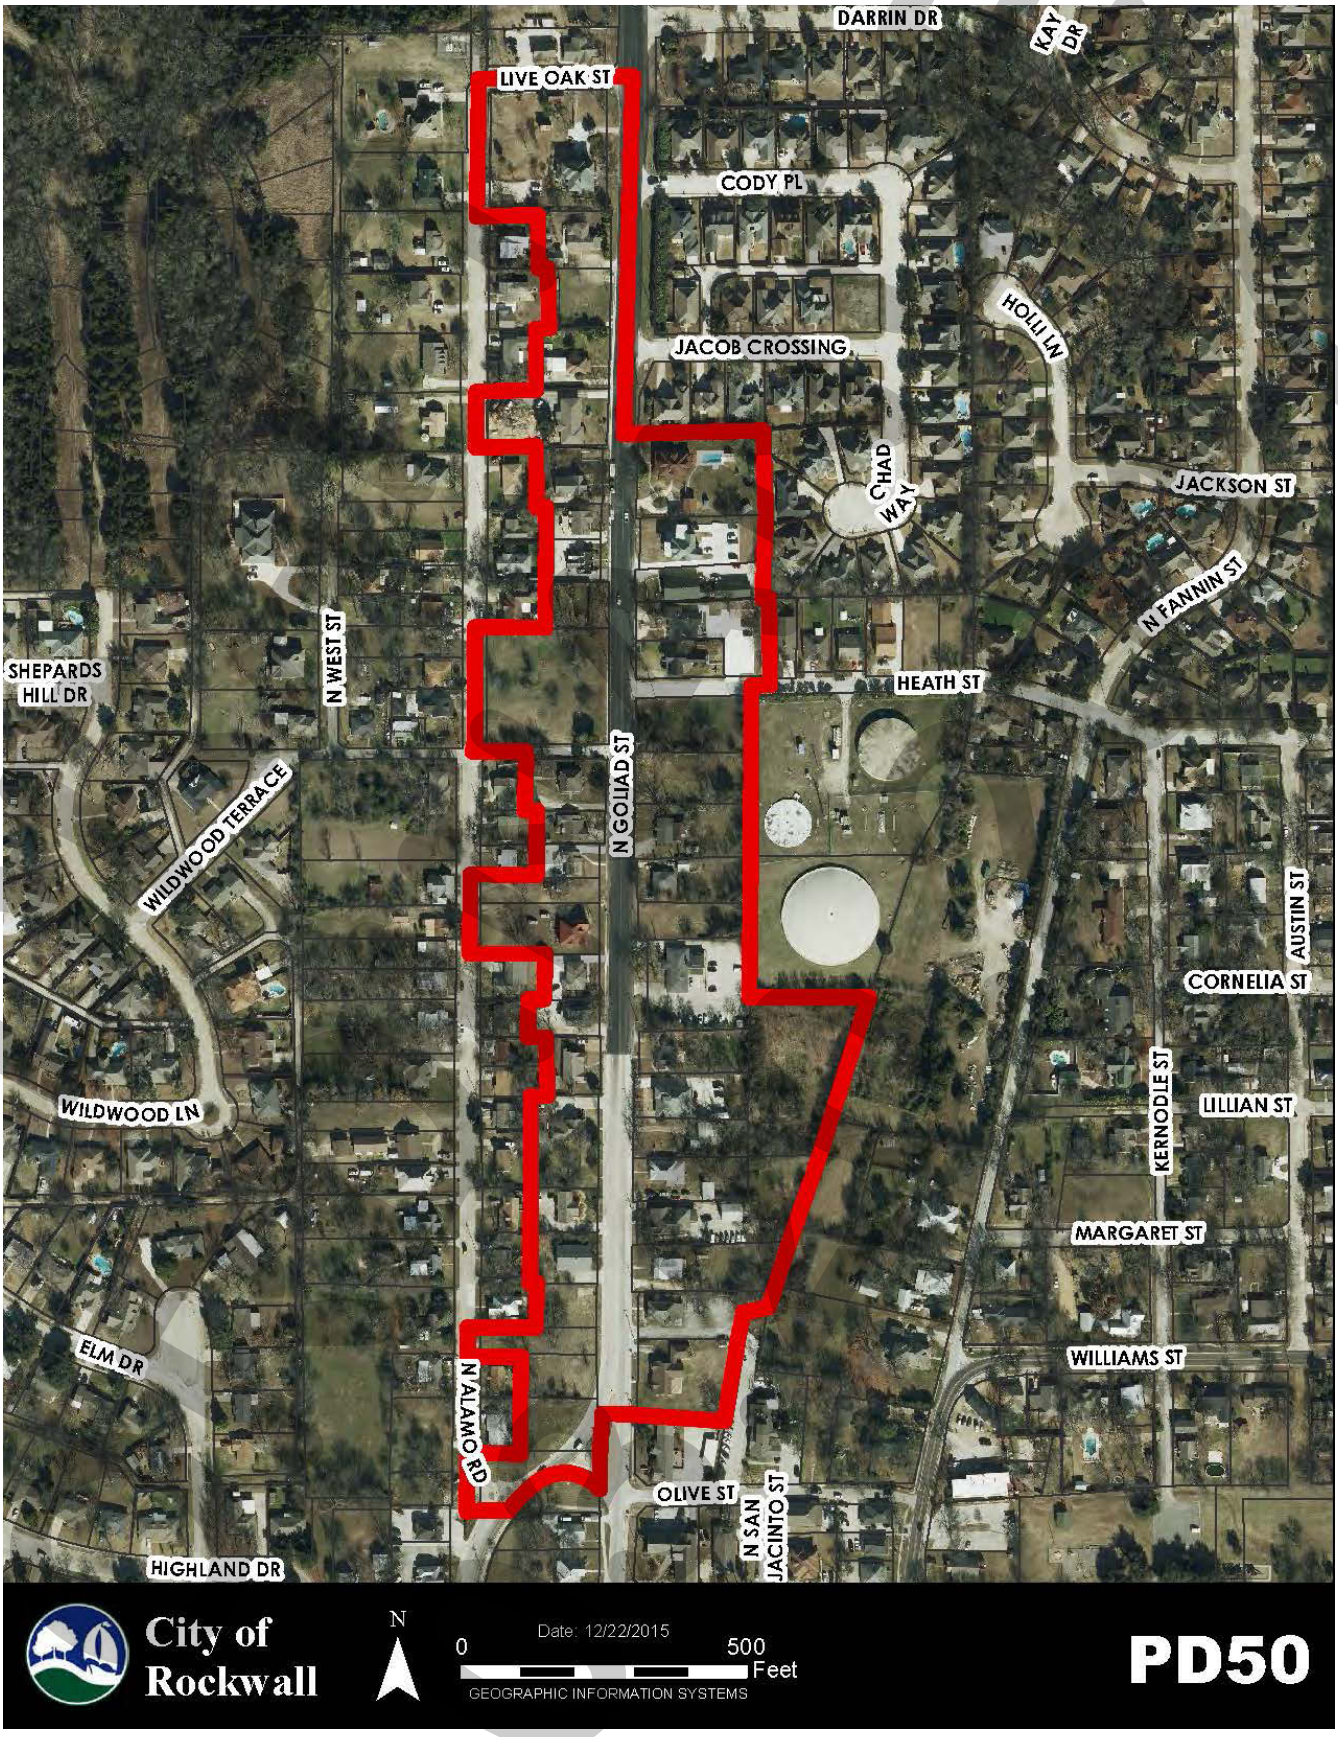
EXHIBIT 'B':
Location Map



Development Standards.

1) *Permitted Uses.* Unless specifically provided by this Planned Development District ordinance, only those land uses permitted within the Residential Office (RO) District, as stipulated by the *Permissible Use Charts* contained in Article IV, *Permissible Uses*, of the Unified Development Code [*Ordinance No. 04-38*], are allowed on the *Subject Property*; however, the following additions and conditions shall apply:

   (a) *Antique/Collectable Sales.* The retail sales of antiques and collectables shall be permitted through the approval of a Specific Use Permit (SUP) by the City Council; however, such use shall be subject to the following conditions:

      i. *Antique Sales* is defined as the sale of an object having value because of its age, especially a domestic item or piece of furniture or handicraft esteemed for its artistry, beauty, craftsmanship, or period of origin.

      ii. *Collectable Sales* is defined as the sale of an object that can be collected, or is suitable or desirable for collecting by hobbyist, or any of a class of old things (*but not antiques*) that people collect as a hobby.

      iii. The sale of new or used clothing and appliances shall be prohibited.

      iv. The maximum floor area permitted for *Antique/Collectable Sales* be limited to 2,000 square feet.

      v. That individual lease areas within the *Antique/Collectable Sales* use be prohibited.

   (b) *Banquet Facility (Event Venue).* A banquet facility or event venue shall be permitted through the approval of a Specific Use Permit (SUP) by the City Council; however, such use shall be subject to the following conditions:

      i. *Banquet Facility* or *Event Venue* is defined as a commercial facility that can be rented out for the purpose of hosting private events (*e.g. birthday parties, wedding receptions, meetings, etc.*). These events shall not be open to the general public.

   (c) *Animal Clinic for Small Animals.* An animal clinic for small animals shall be permitted through the approval of a Specific Use Permit (SUP) by the City Council; however, such use shall be subject to the following conditions.

      i. An *Animal Clinic for Small Animals* is defined as a place where animals or pets are given medical or surgical treatments and care.

      ii. The accessory use as a kennel shall be limited to short-term boarding and shall be only incidental to the *Animal Clinic for Small Animals* use.

      iii. No outdoor pens or kennels shall be permitted.

2) *Cross Access Easements.* Joint or shared access shall be required on all adjoining lots if any property is used for office development or any other non-residential use permitted by this ordinance.

3) *Parking.* That all non-residential land uses shall adhere to the following parking requirements:

   (a) All parking shall be located behind the front façade of the primary structure and parking within the front yard of any property shall be prohibited.

   (b) The parking requirements for all uses shall be subject to the requirements stipulated by Article VI, *Parking and Loading*, of the Unified Development Code [*Ordinance No. 04-38*] with the exception of *Professional Offices* (*excluding medical offices*) and *Banquet Facilities*.

DRAFT ORDINANCE 03.20.17

Professional Offices shall be subject to one (1) parking space per 500 SF of floor area and *Banquet Facilities* shall be subject to one (1) parking space per 100 SF of floor area.

(c) All drive aisles and parking areas required for the conversion and/or redevelopment of existing structures within the Planned Development District shall be paved in concrete. An exception for asphalt may be approved by the City Engineer.

4) *Site Plan.* All properties within the Planned Development District shall be subject to site plan review prior to changing the use from single-family residential.

5) *Variances.* In the event that unique or extraordinary conditions exist on the property such that the applicant cannot comply with the strict interpretation of this ordinance a variance can be requested from the City Council.

DRAFT ORDINANCE 03.20.2017

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 03/28/2017

APPLICANT: Brenda and Stuart Meyers

AGENDA ITEM: **Z2017-006**; *Restaurant with General Retail & Banquet Facility-SUP*

SUMMARY:

Hold a public hearing to discuss and consider a request by Brenda and Stuart Myers for the approval of a Specific Use Permit (SUP) amending *Ordinance No. 11-37 (SUP No. S-034)* to allow a restaurant with an accessory general retail store on a 0.6849-acre parcel of land identified as Lot 1, Abate Injury Rehab Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses, situated in the North Goliad Corridor Overlay (NGC OV) District, addressed as 506 N. Goliad Street, and take any action necessary.

PURPOSE AND CHARACTERISTICS OF THE REQUEST:

Planned Development District No. 50 (PD-50) was established in 2001 by Ordinance No. 01-53 as a Residential/Office (RO) District to allow property owners the ability to convert their homes to low intensity commercial type uses while maintaining the historic nature of the district. In December 2006, the Meyers were granted a Specific Use Permit [(*SUP*) Ord. 06-52] to allow for a *Restaurant less than 2000-SF with no drive-thru or drive-in* in conjunction with an office use for the property located at 506 N. Goliad Street. In September 2011, the Meyers amended their SUP (*Ord. 11-37*) to include a *Hair Salon* and *General Retail* uses for the *Subject Property*.

The structure caught fire in September 2015 and has been restored/remodeled since this occurrence. The restoration included converting the upstairs storage area to allow for the addition of approximately 1,000 SF of office space. Stuart and Brenda Meyers are requesting approval of an amendment to the existing SUP (*Ord. 11-37*) to allow for a *Restaurant* with an accessory *General Retail* and *Banquet Facility* uses. The purpose of the amendment is to increase the square footage of the restaurant [*1st floor*], maintain the area designated as general retail, and to establish a banquet facility use. The amendment will also remove the limitation regarding the hours of operation (*i.e. 6:30 a.m. to 8:00 p.m.*). According to the applicants this will allow more flexibility for the subject property.

The Meyers intend to use the 2nd floor area as a banquet facility in the future. It should be noted that the City Council approved an amendment to Planned Development District 50 (PD-50) that expanded the permitted uses within the district to include *Banquet Facilities/Event Venues* with the approval of an SUP. *Ordinance No. 16-15* defines these facilities as, "a commercial facility that can be rented out for the purpose of hosting private events (*e.g. birthday parties, wedding receptions, meetings, etc.*) … (t)hese events shall not be open to the general public." A banquet facility use requires 1 parking space per 100-SF of floor area. With the 2nd floor being approximately 1,000-

SF, a minimum of 10 parking spaces would be required to be constructed prior to issuance of a Certificate of Occupancy (*CO*). Provisions for additional parking of the banquet facility use have been included in the draft ordinance.

Finally, the Meyers are requesting to construct the cross access easement within a reasonable period of time once both adjoining properties have develop as non-residential land uses. This has been added as a condition of approval. Granting a SUP remains a discretionary act of the Planning and Zoning Commission and City Council. Contained in the packet are copies of the applicant's letter requesting the SUP, a concept floor plan, and draft ordinance.

NOTIFICATION:

On March 8, 2017, staff mailed 98 notices to property owners and residents within 500-feet of the subject property. There are no Homeowner's Association (*HOA*) located within 1,500-feet participating in the notification program. Additionally, staff posted a sign on the *subject property*, and advertised the public hearings in the Rockwall Harold Banner as required by the Unified Development Code (UDC). At the time this case memo was drafted staff had received five (5) responses "in favor of" the applicant's request.

RECOMMENDATIONS:

If the Planning and Zoning Commission chooses to approve the applicant's request for a Specific Use Permit (SUP) to allow a *Restaurant* with accessory *General Retail* and *Banquet Facility* uses on the S*ubject Property* then staff would recommend the following conditions of approval:

1) The applicant shall be responsible for maintaining compliance with the operational conditions contained in the SUP ordinance and summarized as follows:

    (a) The operation of a *Restaurant [Less Than 2,000 SF; Without Drive-Through or Drive-In Service]* shall generally conform to the *1st Floor, Floor Plan* contained in *Exhibit 'C'* of this ordinance, and incorporated by reference herein;

    (b) The service area of the restaurant will be limited to a maximum of 2,000 SF;

    (c) Alteration to the building elevations shall be subject to review and recommendation by the Historic Preservation Advisory Board (*HPAB*);

    (d) The *General Retail* store use shall be incidental to the *Restaurant,* limited to Lounge Area 2 (*approximately 215 SF*) as depicted on the *1st Floor, Floor Plan c*ontained in *Exhibit 'C'* of this ordinance, and may only include products generally found within the restaurant;

    (e) In the event that the adjacent property located at 504 N. Goliad Street (*i.e. the property to the south of the subject property*) is converted to a non-residential land use, the dedicated cross access easement on the *Subject Property* shall be paved with concrete to connect the adjacent properties (*i.e. 504 N. Goliad Street and 602 N. Goliad Street*) as depicted in *Exhibit 'A'* of this ordinance. All paving must be constructed within 60 days of the approved site plan for 504 N. Goliad

Street and shall be constructed accordance with the standards of Article VI, *Parking and* Loading, of the Unified Development Code;

(f) *Banquet Facility (Event Venue*). A banquet facility (or event venue) -- to be located on the 2nd floor of the *Subject Property* shall generally conform to the *2nd Floor, Floor Plan* contained in *Exhibit 'D'* of this ordinance, and incorporated by reference herein -- shall be permitted through the approval of a Certificate of Occupancy (CO); however, such use shall be subject to the following conditions:

- *Banquet Facility* (or event venue*)* is defined as a commercial facility that can be rented out for the purpose of hosting private events (*e.g. birthday parties, wedding receptions, meetings, etc*.). These events shall not be open to the general public.

- Prior to the approval of a CO for a *Banquet Facility (*or event venue*)*, the *Subject Property* is required to provide additional parking spaces meeting the requirements stipulated by Article VI, Parking and Loading, of the Unified Development Code [*Ordinance No. 04-38*] and shall be subject to one (1) parking space per 100 SF of floor area of the *2nd Floor, Floor Plan* contained in *Exhibit 'D'* of the SUP Ordinance.

2) The applicant shall comply with all Planning, Engineering and Fire comments prior to the approval of a site plan; and,

3) Any construction or building necessary to complete this request must conform to the requirements set forth by the UDC, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING COMMENTS - DAVID GONZALES - 02.23.2017

All staff comments are to be addressed and resubmitted by Tuesday, March 6, 2017. Please provide two copies and one PDF version for a subsequent review by staff (if necessary):

Planning Department General Comments to be addressed are as follows:

1. Approval of amended SUP as requested prior to issuance of CO's for restaurant and banquet facility uses. Banquet facility requires separate CO (if approved).
2. Adherence to Engineering and Fire Department standards shall be required.
3. Label revised Concept Plan documents with "Case No. Z2017-006" at the lower right corner.
4. Additional parking spaces required for Banquest facility use at 1 space per 100 sq. ft. of area.

The following are scheduled meeting dates that you and/or your representative(s) should attend regarding the Site Plan. If you have any quesitons regarding this case, please feel free to contact David Gonzales, AICP with thePlanning Department at 972-771-7745.

Meeting Dates to Attend:

Planning - Work Session: February 28, 2017 (6:00p.m.) [applicant to present case to P&Z for discussion].

Planning - Public Hearing: March 14, 2017 (6:00p.m.) [P&Z to take action (i.e. approve, approve with conditions, etc.)

City Council - Pulblic Hearing: March 20, 2017 (6:00 p.m.) [1st Reading of SUP Ordinance]

City Council - Action Item: April 3, 2017(6:00 p.m.) [2nd Reading of SUP Ordinance (if approved at 1st reading)]

February 22, 2017

Rockwall, TX 75087

Attn: Ryan Miller; Director of Planning

Dear Ryan,

We recently filed an application for a new/modified SUP for our building at 506 N. Goliad, Rockwall, TX 75087 and are writing this letter in support of that application.

Just to clarify, we currently have an SUP for restaurant and retail. We would like to maintain the combined retail/restaurant use for now. As part of the post-fire renovation of the downstairs (which is the subject of the current SUP), we finished out the upstairs storage space as office/meeting space. As we discussed with you, we have identified a tenant that would like to open a restaurant in the downstairs space with associated light retail immediately under the current SUP. Upon approval of a new SUP in accordance with this application he may extend his hours and/or incorporate the upstairs for banquet and meetings. It is my understanding from our conversations with you that the City will allow this (subject to obtaining his CO) under the current SUP and with the current parking configuration so long as the upstairs continues to be vacant. It is my understanding that we will not be required to add additional parking until such time that the upstairs is rented.

We would like to make the following changes to our current SUP during the upcoming City Council meeting:

1- To allow for full restaurant use both downstairs and upstairs. The upstairs consists of 2 large rooms that would be perfect for banquet and meeting opportunities.
2- To eliminate the hour restrictions associated with our location.
3- To clarify that we will construct the alley when the properties on both sides of us develop as commercial, and give us a reasonable amount of time to do that given the high cost to comply with the City's new requirement for that alley to be concrete rather than asphalt as was the case when we agreed to the easement.

Thank you for meeting with us in your office earlier this week. We appreciate your time and attention.

Sincerely,

Dr. Stu Meyers, Brenda Sterling Meyers

REVISED NOTICE
The meeting scheduled for March 14, 2017 was cancelled due to a lack of a quorum

To Whom It May Concern:

You are hereby notified that the City of Rockwall Planning and Zoning Commission and City Council will consider the following application:

Case No. Z2017-006: 506 N. Goliad Street

Hold a public hearing to discuss and consider a request by Brenda and Stuart Myers for the approval of a Specific Use Permit (SUP) amending Ordinance No. 11-37 (SUP No. S-034) to allow a restaurant in conjunction with a general retail store on a 0.6849-acre parcel of land identified as Lot 1, Abate Injury Rehab Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses, situated in the North Goliad Corridor Overlay (NGC OV) District, addressed as 506 N. Goliad Street, and take any action necessary

For the purpose of considering the effects of such a request, the Planning and Zoning Commission will hold a public hearing on **Tuesday, 3/28/2017 at 6:00 p.m.,** and the City Council will hold a public hearing on **Monday, 4/3/2017 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

David Gonzales
Rockwall Planning and Zoning Dept.
385 S. Goliad Street
Rockwall, TX 75087

You may also email your comments to the Planning Department at planning@rockwall.com. If you choose to email the Planning Department please include your name and address for identification purposes.

Your comments must be received by 4**/3/2017** to ensure they are included in the information provided to the City Council.

Sincerely,

Ryan Miller, AICP
Director of Planning & Zoning

NOTICE OF PUBLIC HEARING
CITY OF ROCKWALL, PLANNING & ZONING DEPARTMENT

PHONE: (972) 771-7745
EMAIL: PLANNING@ROCKWALL.COM

To Whom It May Concern:

You are hereby notified that the City of Rockwall Planning and Zoning Commission and City Council will consider the following application:

Case No. Z2017-006: 506 N. Goliad Street

Hold a public hearing to discuss and consider a request by Brenda and Stuart Myers for the approval of a Specific Use Permit (SUP) amending Ordinance No. 11-37 (SUP No. S-034) to allow a restaurant in conjunction with a general retail store on a 0.6849-acre parcel of land identified as Lot 1, Abate Injury Rehab Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses, situated in the North Goliad Corridor Overlay (NGC OV) District, addressed as 506 N. Goliad Street, and take any action necessary

For the purpose of considering the effects of such a request, the Planning and Zoning Commission will hold a public hearing on **Tuesday, 3/14/2017 at 6:00 p.m.,** and the City Council will hold a public hearing on **Monday, 3/20/2017 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

David Gonzales
Rockwall Planning and Zoning Dept.
385 S. Goliad Street
Rockwall, TX 75087

You may also email your comments to the Planning Department at planning@rockwall.com. If you choose to email the Planning Department please include your name and address for identification purposes.

Your comments must be received by **3/20/2017** to ensure they are included in the information provided to the City Council.

Sincerely,

Ryan Miller, AICP
Director of Planning & Zoning
