ROCKWALL, TEXAS

CROSS PROJECT NO.	DATE	CASE NUMBER
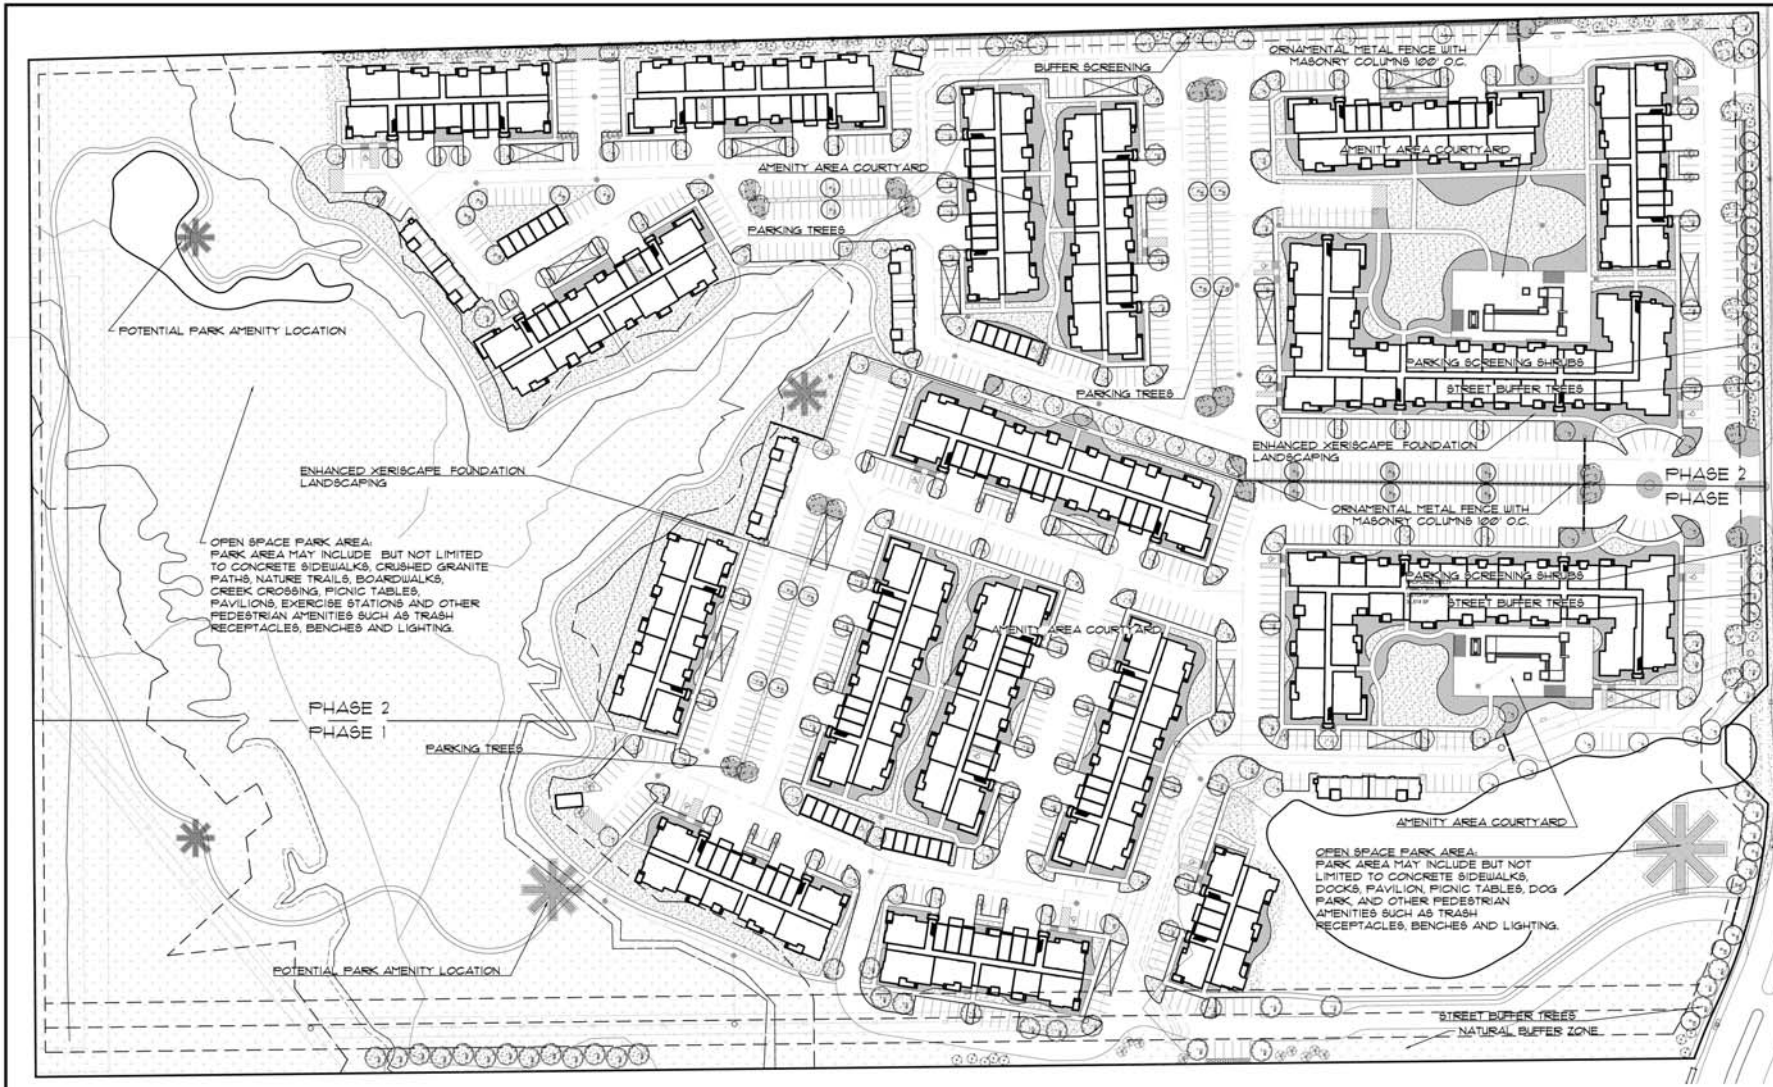
16129	08/18/17	



LANDSCAPE ORDINANCE

CITY OF ROCKWALL

Final landscape plan will meet all City of Rockwall development ordinances.
All landscape will be maintained according to city standards.
All required landscape will be 100% watered by an underground irrigation system.

SITE LANDSCAPE
- REQUIRED: All canopy/shade trees planted within this development shall be a minimum of 4 caliper inches in size and all Accent/Ornamental trees shall be a minimum of 4 feet in total height.
- PROVIDED: All canopy trees are 4 caliper inches
- REQUIRED: A minimum of 20% (18.5 acres+) open space. Floodplain acreage by county count for up to 50% of the 20% open space requirement.
- PROVIDED: 10% Floodplain + 16.5% Landscaped area = 26.5% Open Space

BUFFER LANDSCAPE
- REQUIRED: A minimum 10' landscape street buffer shall be required along any street frontage.
- PROVIDED: 20' landscape buffer
- REQUIRED: Three large shade 3 and 2 small ornamental trees shall be required per 100 linear feet of street buffer frontage. Discovery Boulevard - 942 l.f. of street frontage / 100 l.f. = 28 canopy trees and 19 ornamental trees.
- PROVIDED: 28 canopy trees + 19 ornamental trees

PARKING LANDSCAPE
- REQUIRED: Any parking lot with more than two rows of spaces shall have a minimum of five spaces or 200 feet, whichever is greater, in the interior of the parking lot, in landscaping. Such landscaping shall be counted toward the total landscape requirement.
- REQUIRED: If the parking and maneuvering space exceeds 20,000 SF, one large canopy tree for every ten spaces.
- 80 parking spaces x 16 sq. ft. = 1280 sq. ft.
- PROVIDED: 4120 sq. ft. of landscape and 1 shade tree with in 80 feet of every parking space.

OPEN SPACE CHART

Discuss and consider a request by Kent Birdsong of Birdsong CPA for the approval of a site plan for the expansion of an existing building on a 0.451-acre tract of land identified as Lots 1, 2, 3 & 6, Block I, OT Rockwall Addition, City of Rockwall, Rockwall County, Texas, zoned Downtown (DT) District, situated within the SH-66 Overlay (SH-66 OV) District, addressed as 105 N. Alamo Street, and take any action necessary.

PLANNING COMMENTS - DAVID GONZALES - 08.19.2017

All staff comments are to be addressed and resubmitted by Tuesday, September 6, 2017. Please provide three copies [11" X 17" FOLDED] and one PDF version for a subsequent review by staff:

Planning Department General Comments to be addressed are as follows:

1. Adherence to Engineering and Fire Department standards shall be required.
2. Re-label revised site plan documents with "Case No. SP2017-028" at the lower right corner of each plan.
3. With building exceeding 50% of the original footprint (RCAD - 1148 sq. ft.), the building is required to meet current standards. 1st expansion approximately 160 sq. ft. + requested expansion 503 sq. ft. = 663 sq. ft. total expansion = >50% of original foot print.
4. Site Plan approval required prior to release of building permit.

VARIANCES FOR THE CITY COUNCIL TO CONSIDER: SH 66 OVERLAY (SH 66 OV) DISTRICT:

1. Sec. 6.9.D.1, of Article V, of the UDC requires each exterior wall contain a minimum of 90% masonry materials on walls visible from a public street or open space, includeing 20% natural or quarried stone. The applicant intends to match the siding as exists on the structure.

Please address the following Planning Comments for each plan submitted:

Site Plan:
1. Provide a scaled drawing indicating all improvements (e.g. survey), easements, and include area of expansion.
2. Indicate existing landscape detail of the property.
3. Provide information for the tree being removed (i.e. caliper inch). Cedar trees greater than 11-inches donot requrie mitigation.

Building Elevations:
1. The 503 sq. ft expansion requires a recommendation of the Architectural Review Board (ARB) to the Planning and Zoning Commission.
2. Variance required as listed above for the exterior materials of the structure. Provide a sample of the siding material being used for ARB to review.

The following are scheduled meeting dates that you and/or your representative(s) are required to attend regarding the Site Plan request. If you have any quesitons regarding this case, please feel free to contact DavidGonzales, AICP with thePlanning Department at 972-771-7745.

Meeting Dates to Attend:

Architectural Review Board: August 29, 2017 (5:00 p.m.) [Applicant to receive recommendations from ARB]

Dear Planning & Zoning & ARB

We are having lots of Problems with our roof on 2506 Ridge which was built on 1994, it's flat roof Currently & lots of Problems with our drainage. Part of our Ceiling is Collapsed & we need to Put the new metal Roof on this building as Soon as Possible. we are using matte black & Medium Brown Metal with low & Minimum Pitch. and also for the Protection of the Front entrance we are adding an awning above the EyBbrow on the top of Front door.

1. **SP2017-024** (David)
   Discuss and consider a request by Juan J. Vasquez of Vasquez Engineering, LLC on behalf of the owner Don Silverman of Rockwall 205-552, LLC for the approval of a site plan for a restaurant with a drive-through on a 0.857-acre parcel of land identified as Lot 4, Block A, Dalton-Goliad Addition, City of Rockwall, Rockwall County, Texas, zoned General Retail (GR) District, situated within the North SH-205 Overlay (N-SH-205 OV) District, addressed as 3611 N. Goliad Street, and take any action necessary.

2. **SP2017-027** (David)
   Discuss and consider a request by Spencer Byington of SWBC Real Estate, LLC on behalf of the owner Robert Lambreth of Pneuma Ventures, LTD for the approval of a site plan for a multi-family apartment complex on a 42.555-acre tract of land identified as Tract 1-4 of the J. M. Allen Survey, Abstract No. 2, City of Rockwall, Rockwall County, Texas, zoned Planned Development 83 (PD-83) District, situated within the SH-205 By-Pass Overlay (205 BY-OV) District, located east of the intersection of Discovery Boulevard and John King Boulevard, and take any action necessary.

ADJOURNMENT

This facility is wheelchair accessible and accessible parking spaces are available. Request for accommodations or interpretive services must be made 48 hours prior to this meeting. Please contact the City Secretary's Office at (972) 772-6406 for further information.

I, Laura Morales, Planning & Zoning Coordinator for the City of Rockwall, Texas, do hereby certify that this Agenda was posted at City Hall, in a place readily accessible to the general public at all times, on the 8th day of September, 2017, by 5:00 p.m., and remained so posted for at least 72 continuous hours preceding the scheduled time of said meeting.

MINUTES

PLANNING AND ZONING COMMISSION WORK SESSION

City Hall, 385 South Goliad, Rockwall, Texas
Council Chambers
August 29, 2017
6:00 P.M.

I. CALL TO ORDER

Chairman Lyons called the meeting to order at 6:06p.m. The Commissioners present at the meeting were, Patrick Trowbridge, Eric Chodun, Annie Fishman, Mark Moeller, Tracey Logan and Jerry Welch. Staff members present were Planning Director, Ryan Miller, Senior Planner David Gonzales, Planner, Korey Brooks, Planning Coordinator, Laura Morales, City Engineer, Amy William, Civil Engineer Jeremy White and Fire Marshal, Ariana Hargrove.

II. CONSENT AGENDA

1. Approval of Minutes for the August 15, 2017 Planning and Zoning Commission meeting.

2. P2017-040
Consider a request by Paula Hubert of GreenbergFarrow on behalf of Doug Druen of Texas Roadhouse Holdings, LLC for the approval of a final plat for Lot 1, Block A, Texas Roadhouse Addition being a 2.0767-acre portion of larger 8.613-acre tract of land identified as Tract 4 of the J. D. McFarland Survey, Abstract No. 145, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 912 E. IH-30, and take any action necessary.

3. P2017-042
Consider a request by Juan J. Vasquez of Vasquez Engineering, LLC on behalf of Himmat Chauhan of JAGH Hospitality for the approval of a replat for Lot 2, Block A, Comfort Inn & Suites, Rockwall Towne Centre Addition being a 1.742-acre parcel of land identified as Lot 1, Block A, Comfort Inn & Suites, Rockwall Towne Centre Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within IH-30 Overlay (IH-30 OV) and Scenic Overlay (SOV) Districts, addressed as 700 E. IH-30, and take any action necessary.

4. P2017-043
Consider a request by Kevin Patel, P. E. on behalf of John Dunkin for the approval of a final plat for Lot 1, Block A, North Lakeshore Daycare Addition being a 2.960-acre tract of land identified as Lot 1, Block S, Preserve, Phase 3 Addition and Tract 12 [*1.4376-acres*], A. Hanna Survey, Abstract No. 98, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 41 (PD-41) and Single Family 10 (SF-10) District, addressed as 1450 East Fork Drive, and take any action necessary.

5. P2017-044
Consider a request by Susan Gamez for the approval of a final plat for Lot 1, Block A, Everybody Massage Addition being a 0.478-acre tract of land identified as Tract 7 of the D. Atkins Survey, Abstract No. 1, City of Rockwall, Rockwall County, Texas, zoned Residential-Office (RO) District, situated within the Scenic Overlay (SOV) District, addressed as 2001 Ridge Road, and take any action necessary.

6. P2017-045
Consider a request by Spencer Byington of SWBC Real Estate, LLC on behalf of the owner Robert Lamberth of Pneuma Ventures, LTD for the approval of a conveyance plat for Lots 1 & 2, Block A, SWBC Rockwall Addition being a 42.555-acre tract of land identified as Tract 1-4 of the J. M. Allen Survey, Abstract No. 2, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 83 (PD-83), situated within the SH-205 By-Pass Overlay (205 BY-OV) District, located east of the intersection of Discovery Boulevard and John King Boulevard, and take any action necessary.

Commissioner Trowbridge made a motion to approve the consent agenda. Commissioner Moeller seconded the motion which passed by a vote of 7-0.

III. APPOINTMENTS

7. Appointment with Architectural Review Board representative to receive the Board's recommendations and comments for items on the agenda requiring architectural review.

Architectural Review representative, John Womble, gave a brief explanation concerning agenda items that were discussed at the Architectural Review Board meeting.

IV. ACTION ITEMS

8. MIS2017-008

Discuss and consider a request by William C. Salee of the Rockwall Independent School District (RISD) for the approval of an exception to the minimum masonry requirements for a property in a Commercial (C) District for the purpose of constructing an accessory building on a 35.295-acre parcel of land identified as Lot 1, Block A, Rockwall High School Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 901 W. Yellow Jacket Lane, and take any action necessary.

Planning Director, Ryan Miller, gave a brief explanation of the request stating the applicant is requesting approval of an extension for the subject property which houses Rockwall High School. What the applicant is requesting is to replace an existing storage shed which was adjacent to a retaining wall in the back which runs along the back access drive. The existing storage sheds were located within a 24 foot access and utility easement and when the retaining wall fell and were required to move those to rebuild the retaining wall, they wanted to come back in and put two new accessory building but would need to move them outside of that area. Mr. Miller provided a location map which showed where the proposed placement will be. The metal buildings will be 12x24 pre-fabricated metal sheds, and all together they will be about 40% smaller than what was existing prior to. In addition they will not be visible as they will back up to the Rooms To Go site, but since the school is in a Commercial District they are required to meet the same masonry requirements as that District, which is 90% masonry with 20% natural stone, however in this case the Code does give the Planning and Zoning Commission as well as City Council the ability to review this type of case on a case by case basis and make a determination whether or not a request receives a special exception. In this case the applicant has provided all the needed material, including an elevation of the buildings.

Mr. Miller advised the Commission the applicant was present to answer questions, as well as staff.

Chairman Lyons asked the applicant to come forward.

William Salee
Wylie, TX

Mr. Salee came forward and stated he is the construction manager for Rockwall ISD. He explained that one of the reasons for the request is to remove the existing old storage sheds that used to house gymnastics mats and such because the Fire Department has asked those to be moved from the corridor of the athletic area and replace that storage with a similar storage. The existing storage was chain link with vinyl slats and the replacements will be fully enclosed manufactured storage buildings.

Chairman Lyons asked for questions from the Commission.

Commissioner Trowbridge asked if the prior buildings compliant with the zoning. Mr. Miller stated they were not.

Chairman Lyons brought the item back to the Commission for discussion or a motion.

Commissioner Moeller made a motion to approve MIS2017-008 with staff recommendations. Commissioner Logan seconded the motion which passed by a vote of 7-0.

9. MIS2017-009

Discuss and consider a request by Kay Uhlig of Sabrina's Flowers and Gifts for the approval of a variance to the district development standards of the SH-205 Overlay (SH-205 OV) District for the approval of an electronic message sign (EMS) being incorporated into an existing pole sign on a 0.407-acre parcel of land identified as the J. J. Jones Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the SH-205 Overlay (SH-205 OV) District, addressed as 1903 S. Goliad Street [*SH-205*], and take any action necessary.

Planning Director, Ryan Miller, gave a brief explanation of the request stating that the applicant is requesting is to replace a 4x8 reader board which is currently attached to an existing pole sign that is considered to be non-conforming. What they would like to do is put in a LED message board in the same spot as the existing reader board. The existing sign is considered to be legally non-conforming and according to the sign code a legally non-conforming sign cannot be altered in any way without bringing it into conformance, which in this case would mean removing the sign and putting in a monument sign. In addition, the SH-205 Overlay District makes the same requirement of it being a monument sign and that no pole signs are permitted within the Overlay District; however the code states the ability for Council to grant a variance and approval of any variance to the sign ordinance for property included the SH 205 Corridor Overlay District but shall require City Council approval by a three-quarter majority vote. It further states that granting a variance where unique or extraordinary conditions exist or where strict adherence to the provisions of this section would create a hardship. In this case, staff has looked at the request, and although there doesn't appear to be any hardship or anything that would prevent the applicant from creating a conforming sign, but it is a discretionary decision for the City Council. Mr. Miller added that a similar request was made and approved for Taco Casa that is directly across the street and they currently have an LED reader.

Mr. Miller advised the Commission staff was available for questions.

Chairman Lyons asked the Commission for questions for staff.

Commissioner Trowbridge asked if there are light restrictions, or metrics in which the City regulates the amount of light emissions that these kinds of signs put out. Mr. Miller stated that in the Sign Code there are requirements called CEVM, Changeable Electronic Variable Message Signs, and have included a condition should the request be approved that it adhere to all applicable requirements. Those requirements regulate luminosity, message duration and things of that nature. Chairman Trowbridge asked if the how long the sign had been there and if there was any historical significance to it. Mr. Miller stated he was not aware of it having any historical significance that he knows of.

Chairman Lyons brought the item back to the Commission for discussion or a motion as the applicant was not present to offer additional comments.

Commissioner Trowbridge generally expressed not being in favor of the request as it does not have any historical significance, and lighted signs that have come before the Commission in the past usually have been small and he feels something as large as what the applicant is proposing.

Commissioner Chodun asked if the sign as is now is non-conforming. Mr. Miller stated that it is non-conforming because pole signs are not allowed anywhere in the City except along the IH-30 frontage. The sign existed prior to the requirement which makes it legally non-conforming, meaning it can exist as is without being altered in any way but at which time it is altered it is supposed to be brought into conformance. Commissioner Chodun noted that what is before the Commission then is either they keep it as is, or they be allowed to put an LED sign up, unless they chose to take it down. Mr. Miller explained that there are three scenarios: they can leave the pole sign as is, the Commission could approve for them to alter the sign as is being proposed, or they can bring the sign into conformance to allow for a CEVM sign. Commissioner Chodun asked if it would be at the applicant's discretion if they wanted to bring it into conformance.
Mr. Miller stated it would be at the applicant's discretion. Commissioner Chodun generally expressed generally preferred having an LED sign as opposed to what is there currently.

Chairman Lyons asked in looking at the picture Mr. Miller provided of the sign, would the applicant be keeping the portion of the sign that says "Sabrina's Flowers" and below it the LED sign. Mr. Miller explained that they are not changing the dimensions to the reader board they are

removing the panels and putting the CEVM sign. Chairman Lyons generally expressed being in favor of the request as it is an upgrade to what is there currently.

Commissioner Logan generally expressed not being in favor of the request; it doesn't conform with the City's plan for signing and reasoning that it would look better than what is there now that is non-conforming, she feels they should build a sign that meets the standards and come in conformance.

Commissioner Fishman stated that although she generally agrees with Commissioner Logan's thoughts where it should be in conformance, however she feels it offers a nice modern update and with a similar sign that was approved across the street she feels she would be in favor as long as it follows the CEVM standards.

Commissioner Moeller expressed concern with the height of the sign and would rather see them conform by building a monument sign.

Commissioner Trowbridge made a motion to approve the LED component as long as it is compliant with the monument sign restrictions, but asked staff for clarification as to how to draft such motion. Mr. Miller explained that the applicant is asking not to comply at this point, therefore a motion to recommend denial of the request would either allow them to keep the pole sign or convert it to a monument sign in which case the applicant could convert it to a monument sign and a CEVM sign per the City's current requirements. Commissioner Trowbridge asked if the Commission denies would the applicant then have the opportunity to one, keep it as is, or two, comply with the monument CEVM standards. Mr. Miller stated that was correct.

Commissioner Trowbridge made a motion to deny MIS2017-009. Commissioner Welch stated he wanted to have further discussion and would do so after the motion on the floor had a second. Commissioner Logan seconded the motion on the floor to deny MIS2017-009.

Chairman Lyons opened for further discussion. Commissioner Welch asked if it was possible to compromise by allowing the applicant to have the existing sign to stay but drop the LED as a monument. Mr. Miller explained that they are only permitted one sign per frontage and in this case that would allow them to have two signs and that would be a variance to the sign code. Commissioner Welch asked if it was considered one sign because of the proximity to each other. Mr. Miller explained that currently it is one sign, a pole sign.

General discussion took place concerning the options of monument signs over the now non-conforming sing.

Chairman Lyons stated there is a motion on the floor to deny the request and asked if there was any further discussion needed, no further discussion took place and Chairman Lyons then called for the Commission to vote. The motion to deny was approved with a vote of 4-3 with Commissioners Choudun, Lyons and Fishman dissenting.

Planning Director, Ryan Miller, advised the Commission action would be taken on item #22 on the agenda. Chairman Lyons moved agenda item #22 up and brought it up as an Action Item.

V. DISCUSSION ITEMS

10. Z2017-031

Hold a public hearing to discuss and consider a request by David Turnham for the approval of a zoning change from an Agricultural (AG) District to a Single-Family 1 (SF-1) District for a 1.410-acre tract of land identified as Tract 9-01 of the J. E. Sherwood Survey, Abstract No. 193, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, addressed as 950 Clem Road, and take any action necessary.

Senior Planner, David Gonzales, gave a brief explanation of the request stating that the applicants are requesting to rezone the property in order to build a home on the subject property. There are some issues with the lot that the applicants are aware of and they are working through those such as the septic system. Due to it being less than an acre and a half, they did obtain a letter of approval from Ron Merritt that allows them to move forward with providing septic to the property. The zoning within that area is Single-Family, with their lot being

less than one and a half acres they would go to an SF-1 for a one acre or more. Should the zoning be approved the applicant would then move forward with platting.

Mr. Gonzales advised the Commission the applicants were present and available for questions as well as staff.

Chairman Lyons asked if there were any questions from the Commission for staff.

Commissioner Trowbridge asked if the Future Land Use Map matched the current zoning that is currently in place. Mr. Gonzales explained that the Future Land Use Map shows as Low Density Residential and SF-1 would fall within that.

Chairman Lyons asked the applicant to come forward.

Laurie Turnham
1485 Madison Drive
Rockwall, TX

David Turnham
1485 Madison Drive
Rockwall, TX

Mr. Turnham stated they are looking forward to move forward with their request to build their custom home in Rockwall that they have been planning for quite some time. Mrs. Turnham added they are very excited to be building this home.

Chairman Lyons asked the Commission for questions or discussion from the Commission.

Commissioner Trowbridge asked if they would be working out of the home. Mr. Turnham stated they would not.

Commissioner Fishman asked where on the property the house would be built. Mr. Turnham explained where by the location map staff provided.

There being no further questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.

11. Z2017-034
Hold a public hearing to discuss and consider a request by Mike Richter of Mingling Mouth on behalf of Marlyn Roberts for the approval of a Specific Use Permit (SUP) for a *Portable Beverage and/or Food Service Facility* on a 2.02-acre parcel of land identified as Lot 2, Block 1, Meadowcreek Business Center, Phase 1 Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the SH-205 Overlay (SH-205 OV) District, addressed as 2625 S. Goliad Street [*SH-205*], and take any action necessary.

Planner, Korey Brooks, gave a brief explanation of the request stating that this particular request is fairly new to staff there is currently two SUP's for snow cone stands as portable beverage and food facilities are allowed, but currently those two snow cone stands do not serve food, which is what makes this request something new. The applicant is requesting to locate their portable food trailer in the parking lot of the Valvoline on SH-205.

Mr. Brooks advised the Commission the applicants were present and could elaborate further on their request.

Chairman Lyons asked the applicants to come forward.

Mike Richter
2551 Daybreak Drive
Rockwall, TX

Sunny Richter
2551 Daybreak Drive
Rockwall,TX

Commissioner Chodun asked the applicant to explain further on the request. Mr. Richter stated it is a food trailer which they would park in the parking lot of the Valvoline and they would be serving in the evenings after business hours of the Valvoline. Commissioner Chodun asked what hours of operation they would have.

Mr. Brooks added that the draft ordinance states that the hours of operation are between 6pm and 10pm three days a week, however which three days a week has not been decided upon as of yet. In addition to that there are certain guidelines that any type of portable food facility must meet and those are: 1.The service shall be limited to snow cone stands, beverage and/or food stands serving nonalcoholic beverages such as coffee, juices or sodas and/or prepared food products. 2. The maximum time limit of such temporary use shall not exceed 150 days annually or a time limit otherwise approved by the city council. At the end of the time period, the structure shall be removed from the property. 3. Any temporary power poles will be removed on the date of or immediately following the termination date of the permit. 4. No additional freestanding signage shall be permitted.5.The temporary portable structure or trailer shall meet all health and electrical codes off the city. 6.Any such temporary facility shall not reduce the number of required parking spaces of any nearby building or use.7.Any such temporary facility shall have permanent restrooms for employees available within 300 feet of the door of the portable facility. Written permission from the permanent building owner for restroom use must be submitted to the building official; no portable restroom facility is allowed. 8. Any such temporary facility shall be located on an all-weather, asphalt or concrete, parking surface with adequate space for parking and circulation.

Commissioner Chodun asked why they chose the subject property as the location of choice. Mr. Richter stated that was the first property that approached them and gave them permission. Mrs. Richter added that after that first person approached them, they have since had several other interested parties asking they go to their location. Mr. Richter further added that they would like to do this to get their foot in the door in providing the portable food service to the residents of Rockwall.

Chairman Lyons asked if there would be a time line set. Mr. Brooks stated it would be 150 calendar days maximum, and the applicant has indicated they will be operating 3 days a week.

Commissioner Logan asked if it would be a permanent structure. Mr. Richter stated tit is a food trailer that he hooks up to his truck and parks it and when they are done for the evening they would hook it back up and leave the facility.

Commissioner Fishman asked if there would be seating allowed. Mr. Richter stated they have portable picnic tables that could be set out if allowed to do so. Commissioner Fishman asked staff if they would be allowed to provide seating. Mr. Brooks stated it is a limited service restaurant therefore the seating they’re proposing would be allowed.

Commissioner Welch asked what they would use for electricity. Mr. Richter stated they would be using a generator.

Commissioner Choudun asked staff if the City has ever been approached with a portable food concept. Mr. Brooks stated there are special event permits that are issued for portable food trucks that are allowed four times a year.

General discussion took place concerning the concept of the portable food trucks and the applicant expressed their desire to move around the City to provide the residents with the experience.

Commissioner Trowbridge stated that although he generally is in favor of such a concept he expressed concern with this being a land use ordinance not a restaurant ordinance and therefore the Commission would be approving the ability for the Valvoline land owner to have any food trailer out on his property anytime of the week within those 150 days within the constraints of the Ordinance since it is tied to the land not to the restaurant.

General discussion took place concerning time restraints of the SUP and if one should be placed as part of the SUP.

There being no further questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.

Commissioner Moeller left the meeting at 7:02 p.m.

12. Z2017-035

Hold a public hearing to discuss and consider a request by Mike Richter of Mingling Mouth on behalf of Matt Wavering of the Rockwall Economic Development Corporation (REDC) for the approval of a Specific Use Permit (SUP) for a *Portable Beverage and/or Food Service Facility* on a 4.895-acre parcel of land identified as Lot 4, Block C, Rockwall Technology Park Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, addressed as 2610 Observation Trail, and take any action necessary.

Planner, Korey Brooks, explained that it is basically the same background as the previous agenda item, just at a different location which is at the Tech Park. It will be all the same standards and requirements as discussed for the previous request.

Chairman Lyons asked the Commission for any questions for staff or the applicants.

Commissioner Welch asked if this location would provide different time restraints from the 6-10 pm from the previous request. Mr. Brooks stated that would be left to the applicant however on the original ordinance it was 6-10 p.m. and on this request it does say the same hours however, those can be changed.

Mike Richter
2551 Daybreak Drive
Rockwall, TX

Sunny Richter
2551 Daybreak Drive
Rockwall, TX

Mrs. Richter stated that for the EDC they would be offering lunch, therefore they are looking at operating from 10am-3pm.

Chairman Lyons asked if they would be operating Monday-Friday. Mr. Richter stated this being new to them, they want to make sure they will have a following therefore they will start with lunches with the Technology Park and may do one to two times a week to start off with. They have had numerous different locations approach them wanting them to come to their property but with this concept being so new they want to see how it will work with these two first.

General discussion took place between the Commission concerning the use being tied to the restaurant as opposed to the land and ways of how the process can be better facilitated.

Commissioner Logan asked staff how the bigger cities such as Dallas work with such requests. Mr. Miller explained that such cities have ordinances that specifically allow food trucks. Commissioner Logan asked about trailers that set up for example at Lowes selling hot dogs, what difference is it between that. Mr. Miller explained that every business in town is permitted four special events per year that allows for a food truck to sit at the business as part as that special event. Chairman Lyons asked if they could be allowed to go to those businesses as part of one's special event. Mr. Miller explained that they do not fall within the mobile food vendor definition because they have a trailer and therefore the reason as to why they need to come before the Commission requesting an SUP.

There being no further questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.

13. Z2017-036

Hold a public hearing to discuss and consider a request by Kevin Patel of Triangle Engineering, LLC on behalf of Michael Fisher of 1306 Summer Lee, LLC for the approval of a Specific Use Permit (SUP) for a medical office building exceeding 36-feet in height in the Scenic Overlay (SOV) District on a 1.082-acre parcel of land identified as Lot 6, Block A, Temunovic Addition, City of Rockwall, Rockwall County,

Texas, zoned Planned Development District 9 (PD-9) for General Retail (GR) District land uses, situated within the Scenic Overlay (SOV) District, addressed as 1310 Summer Lee Drive, and take any action necessary.

Senior Planner, David Gonzales, gave a brief explanation of the request stating that the item came before the Commission earlier in the year as a site plan and was tabled because one of the elements on the building exceeds 36 feet which would require an SUP within the Scenic Overlay District.

Mr. Gonzales advised the Commission that the applicant was present to answer questions and further elaborate on the case and staff is available for questions as well.

Robert Stensland
Stensland Group Architects
5151 Bent Tree Forest Drive Suite 560
Dallas, TX

Mr. Stensland came forward and stated that the Architectural Review Board a few weeks ago approved it without any comments; however they have a clock tower that exceeds the 36 feet. Mr. Stensland provided a picture of the building renderings and explained that the majority of the building roof is slightly under 36 feet and the tower to the right, the midpoint to that tower, is also under 36 feet but the clock tower's midpoint is about 42 feet.

Commissioner Trowbridge asked if only the tower that exceeds the height. Mr. Stensland stated that was correct.

Commissioner Logan asked with it being a one story building is the rest just attic space. Mr. Stensland stated that all the mechanical equipment is hidden behind the roof. Commissioner Lyons asked if the applicant was aware the code required it not to exceed 36 feet could they not have found a way to make the one story building not exceed that code requirement. Mr. Stensland stated that his client from the very beginning of the project indicated he wanted that clock tower as part of the design, and in order for it to work as a clock tower it would have to exceed that height.

Commissioner Chodun asked if there would be any sound emanating from the clock tower. Mr. Stensland stated there would not be any sound. Commissioner Chodun asked if the ARB approved the clock tower concept. Mr. Gonzales stated they had approved the elevations as is.

There being no further questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.

Chairman Lyons called a recess at 7:22 p.m.

Chairman Lyons called the meeting back to order at 7:31p.m.

14. Z2017-037
Hold a public hearing to discuss and consider a request by Russell Phillips on behalf of Sandra McMullen for the approval of a zoning change from a Single-Family Estate 4.0 (SFE-4.0) District to a Commercial (C) District for a 8.733-acre tract of land identified as a portion of Lot 16 and all of Lot 14, Rainbow Acres Addition, City of Rockwall, Rockwall County, Texas, zoned Single-Family Estate 4.0 (SFE-4.0) District, addressed as 259 Ranch Road, and take any action necessary.

Planner, Korey Brooks, gave a brief explanation of the request stating that the site is surrounded by Commercial property and the Future Land Use Map designates this area as Commercial therefore it is in conformance with the Future Land Use Map.

Mr. Brooks advised the Commission that the applicant was present and available for questions and could further elaborate on the request.

Russell Phillips
521 Lorraine Lane
Heath, TX

Mr. Russell came forward and stated that the people that live there currently are wanting to sell the property and they had held it in Single Family because they wanted to live there and not pay the taxes as Commercial throughout the time that they lived there, but they are now moving out of the City and now want to sell the property. Mr. Russell stated what they would like to do is develop the property and he respectfully is asking the Commission to approve the zoning that matches the surrounding tracts. He added that he believes that it was in the original plan all along for it to be Commercial when the City annexed but this was the only property that asked not to, but was in the plan.

Chairman Lyons asked for questions from the Commission for the applicant or staff.

Commissioner Trowbridge asked what the surrounding development is. Mr. Russell stated that the surrounding developments are Commercial. Mr. Miller added that there is another case on the agenda will be for a property across the street of a commercial building, but pretty much it is all business thru this entire district. Mr. Russell provided pictures of the surrounding area showing they are all metal buildings, some that are fairly new, and they will try to adopt the same look as those.

There being no further questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.

15. Z2017-03**8**

Hold a public hearing to discuss and consider a request by Lori Stevens of Patriot Paws Service Dogs for the approval of a Specific Use Permit (SUP) for a residential care facility on a 3.466-acre parcel of land identified as Lot 1, Block A, Patriot Paws Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, addressed as 302 Ranch Trail, and take any action necessary.

S**enior Planner, David Gonzales, gave a brief explanation of the request stating that as Mr. Miller just indicated this property is across the street from the one that was just presented. The subject property is zoned Commercial and does conform to the Future Land Use Map it is the Patriot Paws facility that has service animals for veterans. There is a structure that is just north of there that was a single family home and what the applicant is proposing is to convert that to a facility that would house veterans for the purpose of training animals and in the event that they would need to stay for a few days which the applicant has indicated would be no more than fourteen days and staff has provided a definition in the ordinance that would cover exactly what they are looking to do.**

Mr. Gonzales advised the Commission that the applicant was present and available for questions as well as staff.

Chairman Lyons asked the applicant to come forward.

Lori Stevens
Patriot Paws
254 Ranch Trail
Rockwall, TX

Ms. Stevens came forward and stated they are a non-profit organization and the structure in place was a residential house. The Dallas Builders Association has volunteered to take the house on as a project. She explained that when veterans come to get their dogs they stay two weeks to allow the dog as well as the veteran to be trained with each other however sometimes veterans need to return to get re-trained and have to stay elsewhere and they incur a cost with that. The Dallas Builders Association will take the house on as a charity and they have discussed possibly tearing down the house and building the exact same thing over again. The purpose of the request is to allow the veterans that need to stay additional time will have a place to stay it will be fully wheelchair accessible two bedrooms with an open floor plan.

Chairman Lyons asked the Commission for questions for the applicant or staff.

Commissioner Trowbridge asked if the dogs are trained at a different location and if then this is more for the recipients of the dogs. Ms. Stevens stated they have some dogs and full time trainers on the property; they have 67 dogs in the program all at different locations.

Commissioner Trowbridge asked staff if it would basically be accommodating a transitional, longer period type stay for the human's aspect of the partnership more than it is for the dog aspect of it. Mr. Gonzales stated that was correct, that is what it is being designed for.

Commissioner Logan asked the applicant for further explanation of what the house will be how it will be maintained, would it be a care facility or more like a hotel. Ms. Stevens explained that basically it will be a home where they can stay, fully wheelchair accessible adaptable for someone with disabilities. The veterans staying there will not need "care" they may just have a physical disability that the house will accommodate for. With them being a non-profit organization they all have volunteer maintenance crew that takes care of the maintenance of the home.

Commissioner Chodun asked if the draft ordinance applies to the entire property. Mr. Gonzales stated it would apply only to the home which is addressed as 302 Ranch Trail.

Commissioner Fishman asked the amount of veterans they anticipate staying at one time and the amount of time they would be staying. Ms. Stevens stated that never more than two at a time as there are only two bedrooms and the most they would stay is two weeks.

There being no further questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.

16. Z2017-039

Hold a public hearing to discuss and consider a request by John Delin of Integrity Group, LLC on behalf of Jane Cullins for the approval of a zoning change from an Agricultural (AG) District to a General Retail (GR) District for a 9.894-acre portion of a larger 37.932-acre tract of land identified as Tract 5, M. B. Jones Survey, Abstract No. 122, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the 205 By-Pass Overlay (205 BY-OV) District, located at the northeast corner of the intersection of SH-66 and John King Boulevard, and take any action necessary.

Planning Director, Ryan Miller, advised the Commission the applicant was present and would be presenting the case and staff would add anything if necessary when the applicant finished presenting the case.

Chairman Lyons asked the applicant to come forward.

Jon Delin
2565 Strader Road
Justin, TX

Mr. Delin came forward stated that the first case that they will be presenting is for the subject property and they are also in the next case looking to purchase 37 acres. The subject property is better suited for a General Retail use, strip center, garden office type which they feel would be a good fit for the land as it is not suited for residential currently because of the grade change from John King to FM1141 and that is the reason they are requesting to bring it in as General Retail. Mr. Delin showed the survey of the property and spoke of possible uses they could possibly bring in such as garden office, general office, however they are not proposing and uses at this time, they are just requesting to change the zoning.

Mr. Miller added that the Future Land Use Map indicates the property as being Medium Density Residential however it is a strip and it is something that is being looked at under the current Comprehensive Plan review but they would require the current Comprehensive Plan to be changed from Medium Density Residential to a Commercial. Mr. Miller advised the Commission the staff provided them with the use chart of General Retail for their review.

Chairman Lyons asked the Commission for questions for staff or the applicant.

There being no questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.

17. Z2017-040

Hold a public hearing to discuss and consider a request by John Delin of Integrity Group, LLC on behalf of Jane Cullins for the approval of a zoning change from an Agricultural (AG) District to a Planned Development District for a single-family residential land uses on a 28.011-acre portion of a larger 37.932-acre tract of land identified as Tract 5 of the M. B. Jones Survey, Abstract No. 122, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the 205 By-Pass Overlay (205 BY-OV) District, located at the northeast corner of the intersection of SH-66 and John King Boulevard, and take any action necessary.

Planning Director, Ryan Miller, turned the case over to the applicant to further explain on the request.

Jon Delin
2565 Strader Road
Justin, TX

Mr. Delin provided a power point presentation that provided background information on the company and the product they are looking to develop. He spoke of their company specializing in active adult communities for over 30 years. They cater in single family residences for sale for active adults 55 years and older which allows people an option to downsize but still live in a community setting full of active adults. They provide 15 unique custom designs with at least four different elevations which they refer to as a "semi-custom home" product that allows the ability to customize the kind of home they want. He went on to state that in accordance to how the City's ordinance works and how their product will be delivered they get to maintain a lot of control from the construction from the ground up, to the elevations and brick and stone selection that allows the community to look great and become an asset to the community. He went on to add that 45% will be green space and they will provide rich resort style amenities. The community will be gated and governed under an HOA which the resident would pay approximately $300 a month which covers their Home Owners Insurance, exterior maintenance of the home, and exterior maintenance of the grounds. He went on to explain that thru their research they found that Rockwall's population growth in the 55 plus demographic is the fastest growing demographic in Rockwall right now. They feel the location along John King and SH66 offers a great draw because of all the existing communities that are already surrounding the area. Mr. Delin provided a concept plan that showed the layout of the greenspace as well as the layout of the homes. The homes will range anywhere from 1,600 square feet to 2,500 square feet on a single floor although most homes have a two story option. Mr. Delin advised the Commission that from an engineering standpoint if there were any questions concerning the streets, one of the engineers on the project was also present to answer any questions. They have worked with the Fire Marshall and voluntarily fire lane one side of the street to create a larger fire lane. He provided pictures of the screening they will provide and of what the entry will look like as well as the landscaping that will be provided at the amenity center.

Mr. Delin concluded the power point presentation and advised the Commission he was available for questions.

Mr. Miller added that this type development is, for lack of a better work, somewhat as a condominium regime where it is one large property but they would own the houses themselves, they are individual ownership for each of the homes. He further added that the density is 3.2 units per acre, which currently the site is designated for Low Density Residential which is up to 2 units per acre and therefore the request will necessitate a High Density Residential designation and will require a change at the time of zoning. In addition this is the first case that has been brought forward since the John King Overlay District standards recently changed, with the buffer options. They will be creating about an 86 foot separation between the house and the roadway they have a 50 foot landscape buffer followed by a 21 foot roadway and a 15 foot front yard setback. They are still working with the Engineering and Fire Department thru the street design as it does not currently meet the City's minimum standards.

Mr. Miller advised the Commission staff provided them a draft ordinance and staff will continue to work with the applicant and bring in a final product at the next scheduled meeting which will be a public hearing item.

Chairman Lyons asked for any questions for the applicant or staff.

Commissioner Trowbridge asked if they would be sold as condos not as individual plots and with the proposed size of the lots 60's and 70's but what will the minimum distance between each project. Mr. Delin stated they would be sold as condos and the current design they are proposing would offer an 8 foot minimum. Commissioner Trowbridge asked since it is a condo, would they be able to restrict the people that buy the condo, how would they restrict by age, would it be by the HOA. Mr. Delin stated they follow the Federal Housing Law which basically states that as long as 80% of the census is over 55 you can sell people under 55 as long as they meet the restrictions of having no children living there. Commissioner Trowbridge asked if there would be a professional management that would monitor that restriction. Mr. Delin stated that it would be part of what is done when they contract with a person, they have to take their age census at that time and then the HOA would annually have to do an age census as well in order to abide by the Federal Housing Law. Mr. Delin added that pertaining to the age restriction question, they also have to follow the State of Texas Condominium Laws, and because of that there would be deed restrictions as well as governing documents.

Mr. Miller added that concerning the age restriction, it typically becomes harder to enforce on rental product but on for purchase product because there are deed restrictions it would take all the owners in the area to change the deed restrictions, therefore if they were age restricted thru deed restriction it becomes easier to control thru a single family product as opposed to for rent product.

Commissioner Trowbridge asked concerning another age restricted development that has recently been approved but has not commenced development. Mr. Miller stated that there was an age restricted product that was approved in PD-68 right next to the Evergreen Facility on SH-205 and that has not moved forward since approval.

There being no further questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.

18.P2017-046

Consider a request by Theresa Briones for the approval of a replat for Lots 1 & 2, Block A, Briones Addition being a 0.25-acre tract of land identified as a portion of Block 7, Garner Addition, City of Rockwall, Rockwall County, Texas, zoned Single-Family 10 (SF-10) District, situated within the North SH-205 Overlay (N. SH-205 OV) District, addressed as 905 Alamo Street and 906 West Street, and take any action necessary.

Planner Korey Brooks, gave a brief explanation of the request stating that the applicant is requesting to subdivide the lot into two lots and the reason the case is coming before the Commission is because it has to go to the Parks Board to be accessed park fees and they will be meeting with the Parks Board on September 6th however the City Council is on September 5th therefore the case will not be going to City Council until September 18th for final approval.

Mr. Brooks advised the Commission the applicant was not present however staff was available for questions.

Chairman Lyons asked the Commission for questions for staff.

Commissioner Trowbridge asked the reason for subdividing the property. Mr. Brooks stated that one half of the lot faces one street and the other half faces another so with that being the case they want to subdivide to build a home on the second lot which will be on West Street. Mr. Brooks added that all the adjacent lots are subdivided in a similar manner.

There being no further questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.

19.SP2017-025

Discuss and consider a request by Greg Wallis of Mershawn Architects on behalf of Doug Fox of Cornerstone Church for the approval of a site plan for a church on a six (6) acre parcel of land identified as Tract 4-07 of the N. Butler Survey, Abstract No. 20, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the 205 By-Pass Overlay (205 BY-OV) District, addressed as 1310 Summer Lee Drive, and take any action necessary.

Planner, Korey Brooks, gave a brief explanation of the request stating that the applicant is proposing to build a church and the current variances would be to allow stucco within the first four feet of the building and also for the vertical articulation.

Mr. Brooks advised the applicant was present and available for questions as well as staff.

Chairman Lyons asked the applicant to come forward.
Wayne Mershawn
Mershawn Architects
2313 Ridge Road
Rockwall, TX

Mr. Mershawn came forward and advised the Commission that the pastor and his wife were present if the Commission had any questions from them. He stated that the ARB recommended approval and he feels they have a design that looks great that the pastor and the church both are happy with and he respectfully asked the Commission for their approval to allow them to move forward with the project.

Chairman Lyons asked if the reason for the variance is because it is stylistic in nature. Mr. Mershawn stated that it works with the architecture but they don't have equipment on the roof that needs to be hidden as that will be on the ground and screened so therefore there is no real need for a high parapet walls.

Mr. Brooks added that there will be additional landscaping in front of the two tower elements that have the stucco at the bottom.

There being no further questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.

20. **SP2017-026**
Discuss and consider a request by William Adair on behalf of Raymond Jowers for the approval of a site plan for an industrial building on a 2.16-acre parcel of land identified as Lot 1-B, Bodin Industrial Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, addressed as 2040 Kristy Lane, and take any action necessary.

Senior Planner, David Gonzales, gave a brief explanation of the request stating that the applicant is seeking a variance for the stone for all four sides as well as the horizontal articulation for the east and west elevations. The subject property is zoned Light Industrial with Heavy Commercial adjacent. Mr. Gonzales added that the ARB reviewed the case and the applicant provided the ARB new elevations this evening and the ARB has asked to see it again at the next scheduled meeting to review the materials.

Mr. Gonzales advised the Commission that the applicant was present and could further elaborate on the case as well as answer questions.

Chairman Lyons asked the applicant to come forward.

Willie Mader
13055 Clearview Drive
Forney, TX

Mr. Mader came forward and stated what they have is basically a warehouse and they have revised the elevations. The building is metal but encased in all masonry and they will have 20% stone on the new elevations and therefore meeting that requirement it will be 80x200 and in the front have a showroom and offices. In the back it will have storage for the products that will be

sold there. Mr. Mader added that it will be sitting amongst other metal buildings and warehouses and they feel it will fit well with adjacent properties and will be a vast improvement.

Chairman Lyons asked what the materials will be. Mr. Mader stated it will be stone at the bottom and brick on the columns.

There being no further questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.

21. SP2017-027

Discuss and consider a request by Spencer Byington of SWBC Real Estate, LLC on behalf of the owner Robert Lamberth of Pneuma Ventures, LTD for the approval of a site plan for a multi-family apartment complex on a 42.555-acre tract of land identified as Tract 1-4 of the J. M. Allen Survey, Abstract No. 2, City of Rockwall, Rockwall County, Texas, zoned Planned Development 83 (PD-83) District, situated within the SH-205 By-Pass Overlay (205 BY-OV) District, located east of the intersection of Discovery Boulevard and John King Boulevard, and take any action necessary.

Senior Planner, David Gonzales, gave a brief explanation of the request stating that zoning was approved earlier in the year for the 590 units for the entire PD however they have now submitted for a site plan for Phase I of the project, as far as calculations, they need to have all calculations based on the PD it requires staff to move forward with full site plan for the entire site, essentially they are showing everything, and all that is needed is the calculations. They met with ARB earlier in the evening and they will be coming back with something more clear as far as what was approved in the Ordinance. There are some details that are not present on the current renderings and therefore they will come back with a 3D rendering to indicate some of the details from the original approved renderings.

Mr. Gonzales advised the Commission that the applicant was present to answer questions as well as staff.

Chairman Lyons asked the applicant to come forward.

Spencer Byington
5600 S. FM 148
Kauffman, TX

Mr. Byington came forward and stated he represents SWBC.

Adam Everett
713 Willowbrook Drive
Allen, TX

Mr. Everett came forward and stated he is with Cross Architects.

Chairman Lyons asked the applicants if they would like to add any additional information to what Mr. Gonzales stated.

Mr. Byington stated that he did not have much more to add, he explained he is new to the process and apologized for not being better prepared. When they met with the Architectural Review Board earlier in the evening they were red stamped by them immediately and they asked for clearer elevations and those will be provided to them by the next scheduled meeting.

Commissioner Trowbridge asked if this site plan is for both phases or only for Phase I portion. Mr. Gonzales stated that according to the PD the site plan itself is for the entire project, however what they are moving forward with is the building of Phase I but staff does need to see calculations for the both phases. Mr. Miller added that more than likely what they will show is the place holders and provide the tabulations and come back and amend the site plan when they come in with Phase II.

There being no further questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.

22. SP2017-028

Discuss and consider a request by Kent Birdsong of Birdsong CPA for the approval of a site plan for the expansion of an existing building on a 0.451-acre tract of land identified as Lots 1, 2, 3 & 6, Block I, OT Rockwall Addition, City of Rockwall, Rockwall County, Texas, zoned Downtown (DT) District, situated within the SH-66 Overlay (SH-66 OV) District, addressed as 105 N. Alamo Street, and take any action necessary.

Senior Planner, David Gonzales, gave a brief explanation of the request stating that the applicant recently came in to request a permit to expand the building, however the building had a small expansion about a year and a half ago to the north side of the building and therefore when the applicant came in to request expansion once again, staff then has to take a look at the non-conformity of the building and because that expansion along with the requested expansion equaled more than 50% of the building being expanded that kicked in requirements to come before the Planning and Zoning Commission for approval.

Mr. Gonzales further explained that the applicant has indicated that the building is going to look the same and provided a photo of what it will look like with the expansion as well as a landscape plan. The materials that will be used will be consistent with what is currently on the building which is hardy board siding and therefore the look will be same however the 503 square feet will be on the south side and they will be removing one cedar tree which is less than 11 inches which does not require any mitigation. Mr. Gonzales went on to state that the variance has been removed because it is in the SH-66 Overlay District and is an existing structure there is no need to move forward with a variance.

Mr. Gonzales advised the Commission that ARB recommended approval unanimously and the applicant was present and available for questions as well as staff.

Chairman Lyons asked the applicant to come forward.

Kent Birdsong
105 N. Alamo
Rockwall, TX

Mr. Birdsong came forward and explained they are requesting the expansion to allow them to have more room as they've outgrown the building as is and respectfully asked the Commission for their approval.

Commissioner Trowbridge asked if it was a multi-tenant building. Mr. Birdsong stated it was not.

Commissioner Trowbridge made a motion to approve SP2017-028. Commissioner Fishman seconded the motion which passed by a vote of 7-0.

23. SP2017-029

Discuss and consider a request by Richard L. Brooks for the approval of an amended site plan for an existing medical building on a 2.427-acre tract of land identified as Lot 1, Block A, Lake Pointe Health Science Center of Rockwall Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the Scenic Overlay (SOV) District, addressed as 2504 & 2506 Ridge Road [*FM-740*], and take any action necessary.

Senior Planner, David Gonzales, gave a brief explanation of the request stating that the Architectural Review Board met with the applicant earlier in the evening tabled the case. The applicant is requesting to install a composition roof and they want to add a metal roof on top on just the front portion of the building. ARB would like to see either a composition roof or a metal roof where it's matching and not where you have differing materials as the applicant is showing would have. The primary reason that the applicant is requesting is because they came in to request a building permit because their roof is leaking and because of what they were presenting and with the property being on the Scenic Overlay District it requires approval from Planning and Zoning in order to move forward.

Mr. Gonzales advised the Commission the applicant was not present to further elaborate but staff was available for questions and the case would return for action at the next scheduled meeting.

There being no questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.

24. Director's Report of post Council meeting outcomes of Planning & Zoning cases **(Ryan)**.

- ✓ P2017-035: Final Plat for Phase X of the Breezy Hill Subdivision [*Approved*]
- ✓ P2017-039: Final Plat for Lot 66, Block D, Northshore, Phase 2-A Addition [*Approved*]
- ✓ Z2017-027: SUP for a Residence Hotel at La Jolla Pointe (*1st Reading*) [*Approved*]
- ✓ Z2017-032: Zoning Change (AG to SFE-2.0) (*1st Reading*) [*Approved*]
- ✓ Z2017-033: SUP for a Music Studio (*1st Reading*) [*Approved*]

Planning Director, Ryan Miller, **provided a brief update about the outcome of the above referenced case at the City Council meeting.**

25. ADJOURNMENT

Chairman Lyons adjourned the meeting at 8:36 p.m.

26. WORK SESSION

27. *Comprehensive Plan Work Session*
A work session will be held in the City Council meeting room immediately following the adjournment of the August 29, 2016 Planning and Zoning Commission work session meeting.

PASSED AND APPROVED BY THE PLANNING & ZONING COMMISSION OF THE CITY OF ROCKWALL, Texas, this _____ day of _____, 2017.

_____
Johnny Lyons, Chairman

Attest:

_____
Laura Morales, Planning Coordinator

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 09/12/2017

APPLICANT: Cameron Slown of *FC Cuny Corporation*

AGENDA ITEM: **P2017-047;** *Final Plat of Fontanna Ranch, Ph III Addition*

SUMMARY:

Consider a request by Cameron Slown of FC Cuny Corporation on behalf of Randal Currington of Fontanna Ranch, LP for the approval of a final plat for Phase III of the Fontanna Ranch Subdivision containing 53 single-family residential lots on a 27.80-acre tract of land identified as Tract 19 of the J. A. Ramsey Survey, Abstract No. 186, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 67 (PD-67) for Single-Family 16 (SF-16) District land uses, generally located east of FM-549 and south of SH-276, and take any action necessary.

COMMENTS:

☑ The applicant is requesting approval of a final plat of 53 single-family residential lots on a 27.80-acre tract of land for the construction of *Phase III* of the *Fontanna Ranch Subdivision*. This phase will consist of a minimum of 12,000 sq. ft. single-family residential lots (*i.e. 80' X 120'*) with minimum 2,250 sq. ft. homes. The *subject property* is zoned Planned Development District 67 (PD-67), which designates the subject property for single family detached land uses.

☑ The preliminary plat was reinstated in October 2016 and the proposed final plat conforms to this approved preliminary plat.

☑ The surveyor has completed the majority of the technical revisions requested by staff, and this plat, conforming to the requirements for replats as stated in the *Subdivision Ordinance* in the Municipal Code of Ordinances, is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

☑ The development shall be required to adhere to the pro-rata equipment fees *(i.e. $531per lot, totaling $28,674*) and any other recommendations assessed by the Parks Board during the September 6, 2017 meeting. The fees will be due at final plat.

☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions listed in the *Recommendations* section below.

☑ With the exception of the items listed in the *Recommendation* section of this case memo, this plat is in substantial compliance with the requirements of the *Subdivision Ordinance* in the Municipal Code of Ordinances.

RECOMMENDATIONS:

If the Planning & Zoning Commission and City Council choose to approve the final plat for the *Fontanna Ranch Phase III Addition*, staff would recommend the following conditions of approval:

1) All staff comments provided by the Planning, Engineering and Fire Department must be addressed prior to the submittal of a building permit; and,

2) Any construction resulting from the approval of this final plat shall conform to the requirements set forth by the Unified Development Code, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING COMMENTS - DAVID GONZALES - 09.05.2017

The following staff comments are to be addressed and resubmitted no later than Tuesday, September 19, 2017. Please provide two FOLDED large copies [18" X 24"] and one PDF version for a subsequent review by staff:

1. Adherence to all Engineering and Fire Department standards shall be required.
2. Provide a label indicating "Case No. P2017-047" on the lower right corner on all pages of the revised submittal.
3. Tie at least two (2) corners to City monumentation.
4. Although noted in Notes: No. 7, provide labels on all open space lots to indicate "To Be Maintained by HOA."

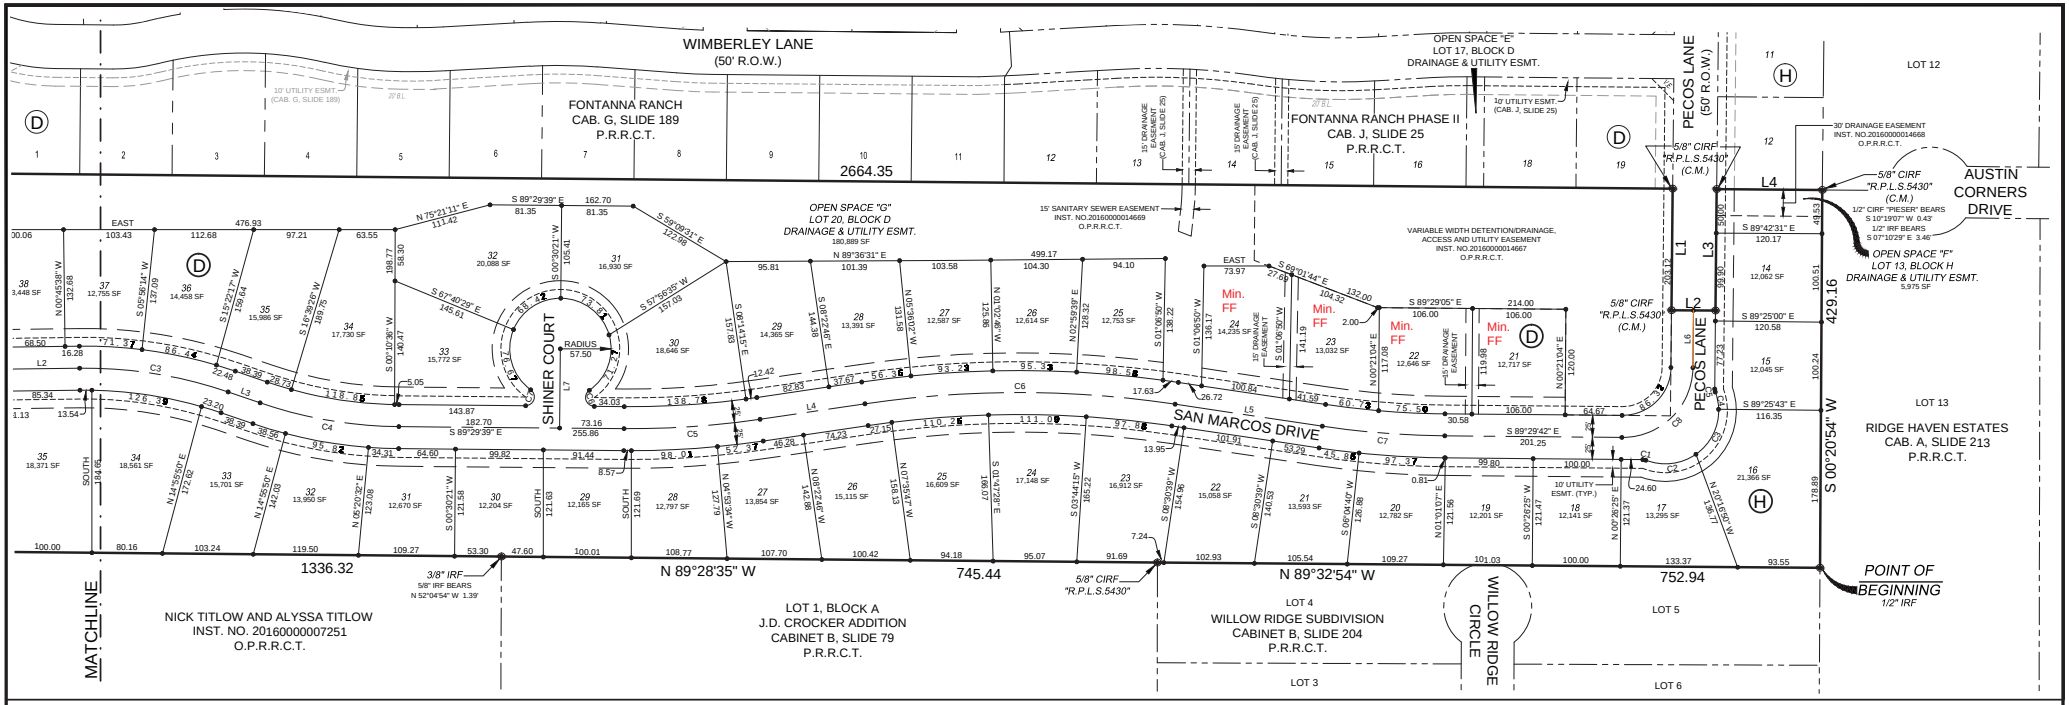
** As a note and once the plat has been approved by the Planning and Zoning Commission and City Council, all staff comments are to be addressed and all revisions resubmitted and approved (by staff) prior to plat submittal on mylar for filing purposes. **

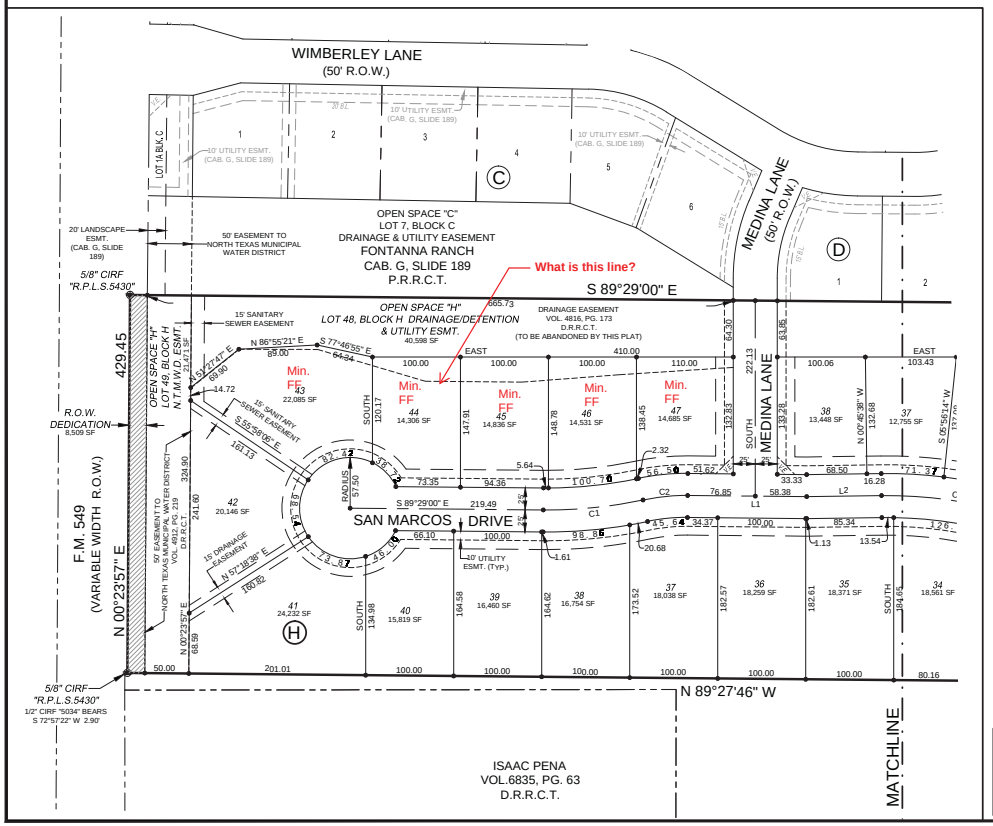
Meeting Dates to Attend - Although the plat is being placed on the Consent Agenda, staff recommends that someone be present for all meetings regarding this plat. If you have any quesitons regarding this case, please feel free to contact David Gonzales, AICP with the Planning Department at 972-771-7745.

Meeting Dates to Attend:

Planning - Consent Agenda: Tuesday, September 12, 2017 (6:00p.m.)

City Council - Consent : Monday, September 18, 2017 (6:00 p.m.)





NOTES:

1. FLOOD STATEMENT:
   ACCORDING TO MAP NO. 48397C0045 L, DATED SEPTEMBER 26, 2008, OF THE NATIONAL FLOOD INSURANCE RATE MAP PREPARED BY THE FEDERAL EMERGENCY MANAGEMENT AGENCY, THIS PROPERTY IS IN ZONE "X", (AREAS DETERMINED TO BE OUTSIDE THE 0.2% ANNUAL CHANCE FLOODPLAIN). THIS FLOOD STATEMENT SHALL NOT CREATE LIABILITY ON THE SURVEYOR.
2. BASIS OF BEARING:
   THE BASIS OF BEARING FOR THIS SURVEY IS THE FINAL PLAT OF FONTANNA RANCH AS RECORDED IN CABINET G, SLIDE 189 P.R.R.C.T.
3. THE SURVEYOR HAS MADE NO INVESTIGATION OR INDEPENDENT SEARCH FOR EASEMENTS, ENCUMBRANCES, OR ANY OTHER FACTS THAT AN ACCURATE AND CURRENT TITLE SEARCH MAY DISCLOSE.
4. ALL CORNERS ARE A 5/8 INCH IRON ROD WITH CAP STAMPED "R.P.L.S. 5430" UNLESS OTHERWISE NOTED.
5. THE PROPERTY/LOT OWNER(S) ARE RESPONSIBLE FOR MAINTENANCE, REPAIR, AND REPLACEMENT OF ALL THE DETENTION/DRAINAGE SYSTEMS AND DRAINAGE EASEMENTS.
6. THE SURVEYOR, AS REQUIRED BY STATE LAW, IS RESPONSIBLE FOR SURVEYING INFORMATION ONLY AND BEARS NO RESPONSIBILITY FOR THE ACCURACY OF THE ENGINEERING DATA ON THIS PLAT.
7. H.O.A. TO MAINTAIN ALL OPEN SPACE LOTS, DECORATIVE SIGN POLES AND FIXTURES AS WELL AS STREET AND REGULATORY SIGNAGE.

STATE OF TEXAS}
COUNTY OF ROCKWALL}

I the undersigned owner of the land shown on this plat, and designated herein as FONTANNA RANCH PHASE III to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. I further certify that all other parties who have a mortgage or lien interest in FONTANNA RANCH PHASE III addition have been notified and signed this plat.

I understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. I also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwalls West regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

I further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the Subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; I, my successors and assigns hereby waive any claim, damage, or cause of action that I may have as a result of the dedication of exactions made herein.

OWNERS DEDICATION

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS}
COUNTY OF ROCKWALL}

I the undersigned owner of the land shown on this plat, and designated herein as FONTANNA RANCH PHASE III to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. I further certify that all other parties who have a mortgage or lien interest in FONTANNA RANCH PHASE III addition have been notified and signed this plat.

I understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. I also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwalls West regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

I further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the Subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; I, my successors and assigns hereby waive any claim, damage, or cause of action that I may have as a result of the dedication of exactions made herein.

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 09/12/2017

APPLICANT: David Turnham

AGENDA ITEM: **Z2017-031**; *950 Clem Road (AG to SF-1)*

SUMMARY:

Hold a public hearing to discuss and consider a request by David Turnham for the approval of a zoning change from an Agricultural (*AG*) District to a Single-Family 1 (*SF-1*) District for a 1.410-acre tract of land identified as Tract 9-01 of the J. E. Sherwood Survey, Abstract No. 193, City of Rockwall, Rockwall County, Texas, zoned Agricultural (*AG*) District, addressed as 950 Clem Road, and take any action necessary.

PURPOSE:

The subject property is a 1.410-acre tract of land identified as Tract 9-01 of the J. E. Sherwood Survey, Abstract No. 193, City of Rockwall, Rockwall County, Texas. The applicant is requesting to rezone the property from an Agricultural (*AG*) District to a Single-Family One (*SF-1*) District for the purpose of building a home. Currently, there is an existing single-family home situated on the subject property. According to Section 2.1, Agricultural (*AG*) District, of Article V, District Development Standards, of the Unified Development Code (*UDC*), a single-family dwelling is allowed on any Agriculture (*AG*) District zoned property that is more than ten (10) acres. Since the subject property is less than ten (10) acres, the tract is required to be rezoned.

ADJACENT PROPERTIES ZONING DISTRICTS:

The land uses adjacent to the subject property are as follows:

North: North of the *subject property* is Stodghill Lane (*i.e. N. FM 3549*), which is identified as a TXDOT 4D on the Master Thoroughfare Plan. Located on the east side of Stodghill Lane is an unincorporated area with single-family residential homes. On the west sides of Stodghill Lane there are several properties zoned as Single Family Estate 1.5 & 4.0 Districts.

South: South of the subject property is a one (1) acre tract of land with a single-family home that is zoned Agricultural (*AG*) District. Adjacent to this single-family home is 62-acre tract of vacant land zoned Agricultural (*AG*) District.

East: East of the subject property is an unincorporated tract of land with an existing single-family residential home on the property.

West: West of the subject property are single-family homes that are zoned Single-Family Estate-4.0 District.

CONFORMANCE WITH THE COMPREHENSIVE PLAN:

The Future Land Use Map, adopted with the Comprehensive Plan, designates the subject property for *Low Density Residential* land uses, which is defined as less than two (2) single-

family units per acre. This designation is in conformance with the applicant's request to rezone the subject property to a Single-Family One (*SF-1*) District.

NOTIFICATION:

On September 1, 2017, staff mailed eight (8) notices to property owners and residents within 500-feet of the subject property. There are no Homeowner's Associations (*HOA's*) or Neighborhood Organizations located within 1,500-feet of the subject property participating in the notification program. Additionally, staff posted a sign on the subject property, and advertised the public hearings in the Rockwall Harold Banner as required by the UDC. At the time this case memo was drafted staff has received one (1) notice in favor of the applicant's request.

To Whom It May Concern:

You are hereby notified that the City of Rockwall Planning and Zoning Commission and City Council will consider the following application:

Case No. Z2017-031: Zoning Change AG to SF-1

Hold a public hearing to discuss and consider a request by David Turnham for the approval of a zoning change from an Agricultural (AG) District to a Single-Family 1 (SF-1) District for a 1.410-acre tract of land identified as Tract 9-01 of the J. E. Sherwood Survey, Abstract No. 193, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, addressed as 950 Clem Road, and take any action necessary.

For the purpose of considering the effects of such a request, the Planning and Zoning Commission will hold a public hearing on **Tuesday, 9/12/2017 at 6:00 p.m.**, and the City Council will hold a public hearing on **Monday, 9/18/2017 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

David Gonzales
Rockwall Planning and Zoning Dept.
385 S. Goliad Street
Rockwall, TX 75087

You may also email your comments to the Planning Department at planning@rockwall.com. If you choose to email the Planning Department please include your name and address for identification purposes.

Your comments must be received by **9/18/2017** to ensure they are included in the information provided to the City Council.

Sincerely,

Ryan Miller, AICP
Director of Planning & Zoning

CITY OF ROCKWALL

ORDINANCE NO. 17-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED SO AS TO FURTHER AMEND THE ZONING MAP TO ADOPT A CHANGE IN ZONING FROM AN AGRICULTURAL (AG) DISTRICT TO A SINGLE-FAMILY ONE (SF-1) DISTRICT FOR A 1.410-ACRE TRACT OF LAND IDENTIFIED AS TRACT 9-01, J. E. SHERWOOD SURVEY, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE SPECIFICALLY DESCRIBED IN EXHIBIT *'A'* OF THIS ORDINANCE; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City has received a request from David Turnaham for the approval of an amendment to the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall to adopt a change in zoning from an Agricultural (AG) District to a Single-Family One (SF-1) District for a 1.410-acre tract of land identified as Tract 9-01, J. E. Sherwood Survey, City of Rockwall, Rockwall County, Texas, and more specifically described in *Exhibit 'A'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

NOW, THEREFORE, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

Section 1. That the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, Texas, as heretofore amended, be and the same are hereby amended by amending the zoning map of the City of Rockwall so as to change the zoning of the *Subject Property* from an Agricultural (AG) District to a Single-Family One (SF-1) District; and

Section 2. That the *Subject Property* shall be used and developed only in the manner and for the purposes provided for a *Single-Family One (SF-1) District* in *Section 1.1, "Use of Land and Buildings,"* of *Article IV, "Permissible Uses", Section 3.1, "General Residential District Standards"* and *Section 3.2.1, "Single-Family One (SF-1) District",* of *Article V, "District Development Standards",* of the *Unified Development Code* of the City of Rockwall as heretofore amended, as amended herein by granting of this zoning change, and as may be amended in the future;

Section 3. That the official zoning map of the City be corrected to reflect the changes in the zoning described herein.

DRAFT ORDINANCE AS OF 2017

Section 4. Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of two thousand dollars ($2,000.00) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

Section 5. If any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code of the City of Rockwall, Texas, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable.

Section 6. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be and the same are hereby repealed, and all other ordinances of the City of Rockwall not in conflict with the provisions of this ordinance shall remain in full force and effect.

Section 7. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, ON THIS THE 2ND DAY OF OCTOBER 2017.

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 09/12/2017

APPLICANT: Kevin Patel *of Triangle Engineering, LLC*

AGENDA ITEM: **Z2017-036**; *SUP for a Structure Exceeding 36-ft in Height in SOV*

SUMMARY:

Hold a public hearing to discuss and consider a request by Kevin Patel of Triangle Engineering, LLC on behalf of Michael Fisher of 1306 Summer Lee, LLC for the approval of a Specific Use Permit (SUP) for a medical office building exceeding 36-feet in height in the Scenic Overlay (SOV) District on a 1.082-acre parcel of land identified as Lot 6, Block A, Temunovic Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 9 (PD-9) for General Retail (GR) District land uses, situated within the Scenic Overlay (SOV) District, addressed as 1310 Summer Lee Drive, and take any action necessary.

PURPOSE AND CHARACTERISTICS OF THE REQUEST:

The applicant, Kevin Patel of Triangle Engineering, LLC, is requesting the approval of a Specific Use Permit (*SUP*) to allow for a structure that will exceed 36-feet in height within the Scenic Overlay (*SOV*) District on a 1.082-acre parcel of land generally located west of the intersection of Summer Lee Drive and West Ralph Hall Parkway. The *subject property* is addressed as 1310 Summer Lee Drive and is zoned Planned Development District 9 (PD-9) for General Retail (*GR*) District land uses. According to Subsection C.3, *Special Use Standards,* of Section 6.8, *Scenic Overlay (SOV) District*, of Article V, *District Development Standards*, of the Unified Development Code (*UDC*) any structure over 36-feet in height requires a Specific Use Permit (*SUP*). The proposed single-story building will be a 6,454 SF medical office facility. It should be noted that the applicant has submitted a site plan (*SP2017-023*) and on July 25, 2017 the Architectural Review Board (*ARB*) recommended approval of the building elevations with the increase height. The site plan case has been tabled pending the outcome of this SUP request. Granting a SUP remains a discretionary act of the City Council. If approved the applicant will be required to site plan and replat the lot. Contained in the attached packet is a copy of the concept site plan, a conceptual rendering of the building elevations, and the draft ordinance.

ADJACENT LAND USES AND ACCESS:

The land uses adjacent to the subject property are all follows:

North: Directly north and adjacent to the *subject property* are office buildings (*i.e. medical, dental, law, etc.*), which are zoned Planned Development District 9 (*PD-9*).

South: Directly south of the *subject property* is an orthodontic office and the Foxchase residential subdivision, which is zoned Planned Development District 9 (*PD-9*).

East: Directly east of the *subject property* is an office building, and beyond that is the Sandknop Medical facility. These properties are zoned Planned Development District 9 (*PD-9*).

West: Directly west of the *subject property* is Lowrance/Young Dental Offices, which are zoned Planned Development District 9 (*PD-9*).

NOTIFICATION:

On September 1, 2017, staff mailed 51 notices to property owners and residents within 500-feet of the subject property. Staff also emailed a notice to the Chandlers Landing and Lago Vista Homeowner's Associations (*HOA's*), which are the only HOA's located within 1,500-feet of the subject property participating in the notification program. Additionally, staff posted a sign on the *subject property*, and advertised the public hearings in the Rockwall Harold Banner as required by the UDC. At the time this case memo was drafted staff has received one (1) notice in favor of the applicant's request.

RECOMMENDATIONS:

If the Planning and Zoning Commission and City Council chooses to approve the applicant's request for a Specific Use Permit (SUP) to allow for a structure that exceeds 36-feet in height within the SOV on the s*ubject property,* then staff would recommend the following conditions of approval:

1) The applicant shall be responsible for maintaining compliance with the operational conditions contained in the SUP ordinance and which are summarized as follows:

    (a) The proposed medical office building shall generally conform to the *Concept Building Elevations* depicted in *Exhibit 'B'* of the SUP ordinance, and shall be subject to review and recommendation by the Architecture Review Board (ARB).

    (b) The maximum height of the building shall not exceed *43-feet* at the midpoint of the roof, and a maximum overall height of *52-feet*, as depicted in *Exhibit 'B'* of the SUP ordinance.

2) The applicant shall comply with all Planning, Engineering and Fire comments prior to the approval of a site plan; and,

3) Any construction or building necessary to complete this request must conform to the requirements set forth by the UDC, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

Hold a public hearing to discuss and consider a request by Kevin Patel of Triangle Engineering, LLC on behalf of Michael Fisher of 1306 Summer Lee, LLC for the approval of a Specific Use Permit (SUP) for a medical office building exceeding 36-feet in height in the Scenic Overlay (SOV) District on a 1.082-acre parcel of land identified as Lot 6, Block A, Temunovic Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 9 (PD-9) for General Retail (GR) District land uses, situated within the Scenic Overlay (SOV) District, addressed as 1310 Summer Lee Drive, and take any action necessary.

General Planning Comments:

1. Adherence to all Engineering and Fire Department standards.
2. Site Plan Case No. SP2017-023 requires approval of the SUP for the clock tower element that exceeds 36-ft in height as per the Scenic Overlay (SOV) District special use standards prior to approval of this site plan and will not run concurrently with the SUP request.

PLANNING COMMENTS - DAVID GONZALES - 08.18.2017

The following are scheduled meeting dates that you and/or your representative(s) are required to attend regarding the SUP zoning request. All meetings will be held in the City's Council Chambers and begin at 6:00 p.m. If you have any quesitons regarding this case, please feel free to contact David Gonzales, AICP with the Planning Department at 972-771-7745.

Meeting Dates to Attend:

Planning - Work Session: August 29, 2017 (6:00p.m.) [Applicant to present case to P&Z for discussion].

Planning - Public Hearing: September 12, 2017 (6:00p.m.) [P&Z to take action (i.e. approve, approve with conditions, or deny)

City Council - Pulblic Hearing: September 18, 2017 (6:00 p.m.) [1st Reading of Ordinance]

City Council - Action Item: October 2, 2017 (6:00 p.m.) [2nd Reading of Ordinance]

SEP 05 2017
BY:

To Whom It May Concern:

You are hereby notified that the City of Rockwall Planning and Zoning Commission and City Council will consider the following application:

Case No. Z2017-036: SUP for a structure exceeding 36-ft in height

Hold a public hearing to discuss and consider a request by Kevin Patel of Triangle Engineering, LLC on behalf of Michael Fisher of 1306 Summer Lee, LLC for the approval of a Specific Use Permit (SUP) for a medical office building exceeding 36-feet in height in the Scenic Overlay (SOV) District on a 1.082-acre parcel of land identified as Lot 6, Block A, Temunovic Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 9 (PD-9) for General Retail (GR) District land uses, situated within the Scenic Overlay (SOV) District, addressed as 1310 Summer Lee Drive, and take any action necessary.

For the purpose of considering the effects of such a request, the Planning and Zoning Commission will hold a public hearing on **Tuesday, 9/12/2017 at 6:00 p.m.,** and the City Council will hold a public hearing on **Monday, 9/18/2017 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

David Gonzales
Rockwall Planning and Zoning Dept.
385 S. Goliad Street
Rockwall, TX 75087

You may also email your comments to the Planning Department at planning@rockwall.com. If you choose to email the Planning Department please include your name and address for identification purposes.

Your comments must be received by **9/18/2017** to ensure they are included in the information provided to the City Council.

Sincerely,

Ryan Miller, AICP
Director of Planning & Zoning

MORE INFORMATION ON THIS CASE CAN BE FOUND ON THE CITY'S WEBSITE: HTTPS://SITES.GOOGLE.COM/SITE/ROCKWALLPLANNING/DEVELOPMENT-CASES

PLEASE RETURN THE BELOW FORM

Case No. Z2017-036: SUP for a structure exceeding 36-ft in height

Please place a check mark on the appropriate line below:

☑ I am in favor of the request for the reasons listed below.

☐ I am opposed to the request for the reasons listed below.

I have seen the elevations of the building & think it will be a great addition to the area. Exceeding the 36' height restriction does not bother me.

Name: Andrew Qualle for Arista Office LP

CITY OF ROCKWALL

ORDINANCE NO. 17-XX

SPECIFIC USE PERMIT NO. S-1XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO FURTHER AMEND THE ZONING MAP TO ADOPT A SPECIFIC USE PERMIT (SUP) TO ALLOW FOR A STRUCTURE THAT EXCEEDS 36-FEET IN HEIGHT WITHIN THE SCENIC OVERLAY (SOV) DISTRICT, ON A 1.082-ACRE PARCEL OF LAND BEING IDENTIFIED AS LOT 6, BLOCK A, TEMUNOVIC ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE FULLY DESCRIBED IN *EXHIBIT 'A'* OF THIS ORDINANCE; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City has received a request from Kevin Patel of Triangle Engineering, LLC on behalf of Michael Fisher of 1306 Summer Lee, LLC for the approval of a Specific Use Permit (SUP) to allow for a medical office buildings that exceeds 36-feet in height within the Scenic Overlay (SOV) District on a 1.082-acre parcel of land, identified as Lot 6, Block A, Temunovic Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development 9 (PD-9) District for General Retail (GR) District land uses, situated within the Scenic Overlay (SOV) District, addressed as 1310 Summer Lee Drive, and more specifically described in *Exhibit 'A'* of this ordinance, which herein after shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that Planned Development District 9 (PD-9) and the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall should be amended as follows:

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Rockwall, Texas;

Section 1. That the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit (SUP) to allow a structure that exceeds 36-feet in height within the Scenic Overlay (SOV) District as stipulated by *Section 6.8, Scenic Overlay (SOV) District,* of *Article V, District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*] for the *Subject Property*; and

Section 2. That the Specific Use Permit (SUP) shall be subject to the conditions set forth in *Section 4.4, General Retail (GR) District,* and *Section 6.8, Scenic Overlay (SOV) District, of Article V, District Development Standards,* of the Unified Development Code [*Ordinance No. 04-38*] as heretofore amended and as may be amended in the future, and shall be subject to the additional following conditions:

DRAFT ORDINANCE 10.06.17

2.1 OPERATIONAL CONDITIONS

The following conditions pertain to the height limitation for a medical office building on the *Subject Property*, and conformance to these conditions is required for continued operations:

1) The proposed medical office building shall generally conform to the *Concept Building Elevations* depicted in *Exhibit 'B'* of this SUP ordinance, and shall be subject to review and recommendation by the Architecture Review Board (ARB).

2) The maximum height of the building shall not exceed *43-feet* at the midpoint of the roof, with a maximum overall height not to exceed *52-feet*, and as depicted in *Exhibit 'B'* of this SUP ordinance.

2.2 COMPLIANCE

Approval of this ordinance in accordance with Section 8.3, *Council Approval or Denial*, of Article II, *Authority and Administrative Procedures*, of the Unified Development Code (UDC) will require compliance to the following:

1) Upon obtaining a Certificate of Occupancy (CO), should any business or establishment operating under the guidelines of this ordinance fail to meet the minimum operational requirements set forth herein and outline in the Unified Development Code (UDC), the City Council may (*after proper notice*) initiate proceedings to revoke the Specific Use Permit (SUP) in accordance with Section 4.4.(3) of Article IV, *Permissible Uses*, of the Unified Development Code (UDC).

Section 3. That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

Section 4. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict

Section 5. Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *TWO THOUSAND DOLLARS ($2,000.00)* for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

Section 6. If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

Section 7. That this ordinance shall take effect immediately from and after its passage of the caption of said ordinance as the law in such cases provides;

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 2ND DAY OF OCTOBER, 2017.

DRAFT 10.13.2017

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 09/12/2017

APPLICANT: Russell Phillips

AGENDA ITEM: **Z2017-037**; *Zoning Change (SFE-4.0 to C)*

SUMMARY:

Hold a public hearing to discuss and consider a request by Russell Phillips on behalf of Sandra McMullen for the approval of a zoning change from a Single-Family Estate 4.0 (SFE-4.0) District to a Commercial (C) District for a 8.733-acre tract of land identified as a portion of Lot 16 and all of Lot 14, Rainbow Acres Addition, City of Rockwall, Rockwall County, Texas, zoned Single-Family Estate 4.0 (SFE-4.0) District, addressed as 259 Ranch Road, and take any action necessary.

PURPOSE AND CHARACTERISTICS OF THE REQUEST:

The applicant is requesting to rezone the subject property from a Single-Family Estate 4.0 (SFE-4.0) District to a Commercial (C) District. The applicant has stated that he intends to utilize the subject property for commercial land uses. Staff should note that all of the surrounding properties are currently zoned Commercial (C) District. Additionally, a commercial land use table has been attached to this memo. Should the request be approved, any new development shall be subject to the Commercial (C) District standards stipulated in Section 4.5, *Commercial District*, of Article V, *District Development Standards*, and Section 1, *Land Use Schedule*, of Article IV, *Permissible Uses*, of the Unified Development Code.

ADJACENT LAND USES AND ACCESS:

The land uses adjacent to the subject property are all follows:

North: Directly north of the subject property are commercial structures. Beyond this is vacant land adjacent to County Line Road which is identified as a *Minor Collector* on the City's Master Thoroughfare Plan. These areas are zoned Commercial (C) District.

South: Directly south of the subject property are commercial structures. Beyond this is vacant land that is adjacent to FM-3097 which is identified as a *M4D (Minor Collector, four [4] lane divided roadway)* on the City's Master Thoroughfare Plan. This area is zoned Commercial District.

East: Directly east of the subject property is a large, vacant tract of land that is zoned Agricultural (AG) District. Beyond this is a single-family residential subdivision, which is zoned Single-Family Estates 1.5 (SFE-1.5) District.

West: Directly west of the subject property is Ranch Trail Road which is identified as a (*minor collector)*. Beyond this are commercial structures. These areas are zoned Commercial (C) District.

CONFORMANCE WITH THE COMPREHENSIVE PLAN:

The Future Land Use Map, adopted with the Comprehensive Plan, designates the subject property for *Commercial* land uses and the applicant's request is in conformance with this designation.

NOTIFICATION:

On September 1, 2017, staff sent thirty (30) notices to property owners and residents within 500-feet of the subject property. There are no HOA's/Neighborhood Associations within 1,500-feet of the subject property. Additionally, staff posted a sign on the subject property as required by the UDC. At the time this report was drafted, staff had not received any notices concerning this case.

RECOMMENDATIONS:

Should Planning and Zoning Commission choose to recommend approval of the applicant's request to change the zoning of the subject property from a Single-Family Estates 4.0 (SFE-4.0) District to a Commercial (C) District, then staff would propose the following condition of approval:

1) Any construction resulting from the approval of this *zoning change* shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

ORDINANCE NO. 17-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED SO AS TO FURTHER AMEND THE ZONING MAP TO ADOPT A CHANGE IN ZONING FROM A SINGLE-FAMILY ESTATE 4.0 (SFE-4.0) DISTRICT TO A COMMERCIAL (C) DISTRICT FOR AN 8.733-ACRE TRACT OF LAND IDENTIFIED AS A PORTION OF LOT 16 AND ALL OF LOT 14, RAINBOW ACRES ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE SPECIFICALLY DESCRIBED IN EXHIBIT *'A'* AND DEPICTED IN EXHIBIT '*B*' OF THIS ORDINANCE; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City has received a request from Russell Phillips on behalf of Sandra McMullen for the approval of an amendment to the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall to adopt a change in zoning from a Single-Family Estate 4.0 (SFE-4.0) District for a 8.733-acre tract of land identified as a portion of Lot 16 and all of Lot 14, Rainbow Lakes Addition, City of Rockwall, Rockwall County, Texas, and more specifically described in *Exhibit 'A'* and depicted in *Exhibit 'B'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

NOW, THEREFORE, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

SECTION 1. That the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, Texas, as heretofore amended, be and the same are hereby amended by amending the zoning map of the City of Rockwall so as to change the zoning of the *Subject Property* from a Single-Family Estate 4.0 (SFE-4.0) District to a Commercial (C) District; and

SECTION 2. That the *Subject Property* shall be used and developed only in the manner and for the purposes provided for a *Commercial (C) District* as stipulated by *Section 4.5, Commercial (C) District,* of *Article V, District Development Standards,* of the *Unified Development Code* [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by granting of this zoning change, and as may be amended in the future;

SECTION 3. That the official zoning map of the City be corrected to reflect the changes in the zoning described herein.

DRAFT ORDINANCE 10.02.17

SECTION 4. Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *TWO THOUSAND DOLLARS* ($2,000.00) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

SECTION 5. If any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code of the City of Rockwall, Texas, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable.

SECTION 6. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be and the same are hereby repealed, and all other ordinances of the City of Rockwall not in conflict with the provisions of this ordinance shall remain in full force and effect.

SECTION 7. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, ON THIS THE 2nd DAY OF OCTOBER, 2017.

DRAFT ORDINANCE 10.03.2017

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 09/12/2017

APPLICANT: Lori Stevens *of Patriot Paws Service Dogs*

AGENDA ITEM: **Z2017-038**; *SUP for a Residential Care Facility at 302 Ranch Trail*

SUMMARY:

Hold a public hearing to discuss and consider a request by Lori Stevens of Patriot Paws Service Dogs for the approval of a Specific Use Permit (SUP) for a residential care facility on a 3.466-acre parcel of land identified as Lot 1, Block A, Patriot Paws Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, addressed as 302 Ranch Trail, and take any action necessary.

PURPOSE AND CHARACTERISTICS OF THE REQUEST:

The applicant, Lori Stevens of *Patriot Paws Service Dogs*, is requesting the approval of a Specific Use Permit (*SUP*) to allow a *Residential Car Facility* use on a 3.466-acre parcel of land generally located along Ranch Trail Road, between Horizon Road and County Line Road. The *subject property* is addressed as 302 Ranch Trail and is zoned Commercial (C) District. In this case and for the purpose of this use, a *Residential Care Facility* is defined as a facility that allows for the short-term occupancy (*i.e. occupancy not to exceed 14 days*) of a disabled American veteran and/or others with mobile disabilities that require special training for a service animal. According to the Section 1, Land Use Table, of Article IV, Permissible Uses, of the Unified Development Code (*UDC*) a *Residential Care Facility* requires a Specific Use Permit (*SUP*) within a Commercial (C) District. Currently, there is an existing two (2) bedroom, single-story home on the *subject property*, and north of the Patriot Paws facility. Parking for this facility will be in accordance with the Article V, Parking and Loading, of the UDC and requires a minimum of one (1) space per bedroom. The single-story home will either be remodeled or demolished and reconstructed for the purpose of providing short-term occupancy of disabled American veterans in need of additional training with their service animal. Granting a SUP remains a discretionary act for the City Council. If approved the applicant will be required to submit a site plan and replat the property. Contained in the attached packet is a copy of the applicant's letter and the draft ordinance.

ADJACENT LAND USES AND ACCESS:

The land uses adjacent to the subject property are all follows:

North: Directly north and adjacent to the subject property are two (2) separate properties that contain small business operations and zoned Commercial (C) District. Beyond County Line Road is a single-family residential development identified as Lake Rockwall Estates and is zoned Planned Development 75 (*PD-75*) District.

South: Directly south and adjacent to the subject property are two (2) separate properties that contain small business operations and are zoned Commercial (C) District. Beyond Horizon Road is a single-family residential development identified as Buffalo Creek and which is located within the City Limits of the City of Heath.

East: Directly east of the subject property are separate properties that contain small business operations that are zoned Commercial (C) District.

West: Directly west of the subject property are separate properties that contain small business operations that are zoned Commercial (C) District.

NOTIFICATION:

On September 1, 2017, staff mailed 31 notices to property owners and residents within 500-feet of the subject property. There are no Homeowner's Associations (*HOA's*) or Neighborhood Organizations located within 1,500-feet of the subject property participating in the notification program. Additionally, staff posted a sign on the subject property, and advertised the public hearings in the Rockwall Harold Banner as required by the UDC. At the time this case memo was drafted staff has not received any notices regarding the applicant's request.

RECOMMENDATIONS:

If the Planning and Zoning Commission and City Council chooses to approve the applicant's request for a Specific Use Permit (SUP) to allow a *Residential Care Facility* use on the subject property, staff would recommend the following conditions of approval:

1) The applicant shall be responsible for maintaining compliance with the operational conditions contained in the SUP ordinance and which are summarized as follows:

   (a) A *Residential Care Facility* shall be defined as a facility that allows for the short-term occupancy (*i.e. occupancy not to exceed 14 days*) of a disabled American veteran and/or others with mobile disabilities that require special training for a service animal.

   (b) Parking for this facility shall be one (1) parking space per each bed provided within the Residential Care Facility, and shall be constructed in accordance with the requirements of Article VI, *Parking and Loading*, of the Unified Development Code (UDC).

   (c) The Residential Care Facility shall be limited to the residential structure addressed as 302 Ranch Trail indicated in *Exhibit 'B'* of the SUP ordinance.

2) The applicant shall comply with all Planning, Engineering and Fire comments prior to the approval of a site plan; and,

3) Any construction or building necessary to complete this request must conform to the requirements set forth by the UDC, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

Hold a public hearing to discuss and consider a request by Lori Stevens of Patriot Paws Service Dogs for the approval of a Specific Use Permit (SUP) for a residential care facility on a 3.466-acre parcel of land identified as Lot 1, Block A, Patriot Paws Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, addressed as 302 Ranch Trail, and take any action necessary.

General Planning Comments:

1. Adherence to all Engineering, Fire Department and Building Inspection standards, including ADA requirements.
2. If approved, the facility will require a minimum of two parking spaces or 1 for each 6 beds, and 1 for each employee on the largest shift, whichever is greater.
3. The facility may be used for temporary housing for a maximum of 14 days for veterans for the purpose of training with their dogs to provide assistance for the owner.
4. The facility may be used as a fraternernal organizational gathering place; however, additional parking spaces for this use is requires 1 parking space for each 3 seats or 1 parking space for each 100 square feet, which ever is greater.

PLANNING COMMENTS - DAVID GONZALES - 08.18.2017

The following are scheduled meeting dates that you and/or your representative(s) are required to attend regarding the SUP zoning request. All meetings will be held in the City's Council Chambers and begin at 6:00 p.m. If you have any quesitons regarding this case, please feel free to contact David Gonzales, AICP with the Planning Department at 972-771-7745.

Meeting Dates to Attend:

Planning - Work Session: August 29, 2017 (6:00p.m.) [Applicant to present case to P&Z for discussion].

Planning - Public Hearing: September 12, 2017 (6:00p.m.) [P&Z to take action (i.e. approve, approve with conditions, or deny)

City Council - Pulblic Hearing: September 18, 2017 (6:00 p.m.) [1st Reading of Ordinance]

City Council - Action Item: October 2, 2017 (6:00 p.m.) [2nd Reading of Ordinance]

RE: Letter of Intent

This letter is to describe the intent of the build on the property at 254 Ranch Trl, Rockwall, TX.

The building, a former residence on the property, is to be renovated as a meeting place where disabled veterans can gather in a "safe place" with their band of brothers. Combat veterans often barricade themselves in their homes as a result of Post-Traumatic Stress Disorder (PTSD) and having a place to go and be with other veterans can help them get out of their homes and start the path to recovery.

The house will also have two bedrooms which may occasionally be used as temporary housing (14 days or less) for veterans returning to continue training with their dogs. This instance will be infrequent and for short periods of time only.

Please let me know of any further information you require.

Best Regards,

Lori Stevens
Founder and Executive Director

CITY OF ROCKWALL

ORDINANCE NO. 17-XX

SPECIFIC USE PERMIT NO. S-1XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO FURTHER AMEND THE ZONING MAP TO ADOPT A SPECIFIC USE PERMIT (SUP) TO ALLOW FOR A *RESIDENTIAL CARE FACILITY* IN A COMMERCIAL (C) DISTRICT, ON A 3.466-ACRE PARCEL OF LAND BEING IDENTIFIED AS LOT 1, BLOCK A, PATRIOT PAWS ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE FULLY DESCRIBED IN *EXHIBIT 'A'* OF THIS ORDINANCE; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City has received a request from Lori Stevens of Patriot Paws Service Dogs for the approval of a Specific Use Permit (SUP) to allow for a *Residential Care Facility* on a 3.466-acre parcel of land, identified as Lot 1, Block A, Patriot Paws Addition, City of Rockwall, Rockwall County, Texas, zoned *Commercial (C) District*, addressed as 302 Ranch Trail, and more specifically described in *Exhibit 'A'* of this ordinance, which herein after shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall should be amended as follows:

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Rockwall, Texas;

Section 1. That the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit (SUP) allowing a *Residential Care Facility* within a *Commercial (C) District* as stipulated by Article IV, *Permissible Uses*, of the Unified Development Code [*Ordinance No. 04-38*] on the *Subject Property*; and

Section 2. That the Specific Use Permit (SUP) shall be subject to the conditions set forth in *Section 4.5, Commercial (C) District, of Article V, District Development Standards,* of the Unified Development Code [*Ordinance No. 04-38*] as heretofore amended and as may be amended in the future, and shall be subject to the additional following conditions:

2.1 OPERATIONAL CONDITIONS

The following conditions pertain to the operation of a *Residential Care Facility* on the *Subject*

PRELIMINARY ORDINANCE 10.05.17

Property, and conformance to these operational conditions is required for continued operations:

1) For the purposes of this SUP ordinance, a *Residential Care Facility* shall be defined as a facility that allows for the short-term occupancy (*i.e. occupancy not to exceed 14 days*) of a disabled American veteran and/or others with mobile disabilities that require special training for a service animal.

2) Parking for this facility shall be one (1) parking space per each bed provided within the *Residential Care Facility*, and shall be constructed in accordance with the requirements of Article VI, *Parking and Loading*, of the Unified Development Code (UDC).

3) For the purpose of this SUP ordinance, the *Residential Care Facility* shall be limited to the residential structure addressed as 302 Ranch Trail and indicated in *Exhibit 'B'* of this ordinance.

2.2 COMPLIANCE

Approval of this ordinance in accordance with Section 8.3, *Council Approval or Denial*, of Article II, *Authority and Administrative Procedures*, of the Unified Development Code (UDC) will require compliance to the following:

1) Upon obtaining a Certificate of Occupancy (CO), should any business or establishment operating under the guidelines of this ordinance fail to meet the minimum operational requirements set forth herein and outline in the Unified Development Code (UDC), the City Council may (*after proper notice*) initiate proceedings to revoke the Specific Use Permit (SUP) in accordance with Section 4.4.(3) of Article IV, *Permissible Uses*, of the Unified Development Code (UDC).

Section 3. That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

Section 4. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict

Section 5. Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of TWO THOUSAND DOLLARS ($2,000.00) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

Section 6. If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

Section 7. That this ordinance shall take effect immediately from and after its passage of the caption of said ordinance as the law in such cases provides;

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 2ND DAY OF OCTOBER, 2017.

DRAFT 10/6/17

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 09/12/2017

APPLICANT: John Delin, *Integrity Group, LLC*

AGENDA ITEM: **Z2017-039**; *Ladera Zoning Change (AG to GR)*

SUMMARY:

Hold a public hearing to discuss and consider a request by John Delin of Integrity Group, LLC on behalf of Jane Cullins for the approval of a zoning change from an Agricultural (AG) District to a General Retail (GR) District for a 9.894-acre portion of a larger 37.932-acre tract of land identified as Tract 5, M. B. Jones Survey, Abstract No. 122, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the 205 By-Pass Overlay (205 BY-OV) District and East SH-66 Overlay (E SH-66 OV) District, located at the northeast corner of the intersection of SH-66 and John King Boulevard, and take any action necessary.

BACKGROUND INFORMATION AND PURPOSE:

The subject property is a 9.894-acre tract of land situated at the northwest corner of the intersection of SH-66 and John King Boulevard. The majority of this property was annexed into the City on March 16, 1998 by *Case No. A1998-001* (*Ordinance No. 98-10*), and was zoned Agricultural (AG) District. The remainder of the property was annexed on March 2, 1960 by *Case No. A1960-001* (*Ordinance No. 60-01*), and is also zoned Agricultural (AG) District. Currently, the property is vacant. The applicant is requesting to change the zoning of the subject property from an Agricultural (AG) District to a General Retail (GR) District for the purpose of establishing a commercial shopping center (*see Concept Plan*).

ADJACENT LAND USES AND ACCESS:

The land uses adjacent to the subject property are as follows:

North: Directly north of the subject property is a 1.837-acre tract of land zoned Agricultural (AG) District. Beyond this parcel is a one (1) acre tract of land followed by a 5.702-acre tract of land. Both of these tracts of land are owned by the City of Rockwall and zoned Agricultural (AG) District.

South: Directly south of the subject property is Williams Street (*i.e. current alignment of SH-66*), which is identified as a *Minor Collector* on the City's *Master Thoroughfare Plan*. Beyond this thoroughfare is a vacant 17.861-acre tract of land that was subdivided into 78 duplex lots in 1984. This property is zoned Two-Family (2F) District. Adjacent to this property is an undefined portion of Planned Development District 71 (PD-71), which allows for limited Commercial (C) District land uses.

East: Directly east of the subject property is John King Boulevard, which is identified as a *P6D* (*principal arterial, six [6] lane, divided roadway*) on the City's *Master Thoroughfare Plan*. Beyond this is a vacant 37.932-acre tract of land that is zoned Agricultural (AG) District.

West: Directly west of the subject property is FM-1141, which is identified as a *Minor Collector* on the City's *Master Thoroughfare Plan*. Beyond this is a 13.376-acre tract of land, which was preliminary platted as the Highlands Subdivision (*Case No. P2017-021*). This subdivision will consist of 53 single-family lots and is zoned Planned Development District 5 (PD-5) for Zero Lot Line (ZL-5) District land uses/development standards.

UNIFIED DEVELOPMENT CODE (UDC):

According to the purpose statements outlined in Section 4.4, *General Retail (GR) District*, of Article V, *District Development Standards*, of the Unified Development Code (UDC), "(t)he General Retail (GR) District is established to provide limited retail and service uses for one (1) or more neighborhoods … uses specified in this district include most types of retail activity and are located on, or at the intersections of major thoroughfares." The UDC goes on to state that this zoning designation is not intended to be a major retail district, and any land uses that are intensive commercial uses that produce large volumes of traffic should be avoided. In addition, "…(s)ince the zone will be located close to residential areas, the development standards are stringent and require a high standard of development…" These standards are as follows:

Ordinance Provisions	*Zoning District Standards*
Minimum Lot Area	*6,000 SF*
Minimum Lot Width	*60-Feet*
Minimum Lot Depth	*100-Feet*
Minimum Front Yard Setback	*15-Feet* [1]
Minimum Rear Yard Setback	*10-Feet (0-Feet w/ Fire Rated Wall)* [2]
Minimum Rear Yard Setback Adjacent to Residential	*20-Feet + (½ Height Greater than 36-Feet)* [2]
Minimum Side Yard Setback	*10-Feet (0-Feet w/ Fire Rated Wall)* [2]
Minimum Side Yard Setback Adjacent to Residential	*20-Feet + (½ Height Greater than 36-Feet)* [2]
Maximum Height	*60-Feet (Greater Than 36-Feet Requires SUP)*
Max Lot Coverage	*40%*
Minimum Masonry Requirement	*90%*
Maximum Building Size	*26,000 SF*
Minimum Landscaping Percentage	*15%*
Maximum Impervious Coverage	*85-90%*

Notes
[1]*: Parking should not be located between the front façade and the property line.*
[2]*: In no case shall the setback exceed more than 50-feet.*

Staff should also note that this property will be subject to all the standards of the SH-205 By-Pass Overlay (205 BY-OV) and East SH-66 Overlay (E SH-66 OV) Districts.

CONFORMANCE WITH THE COMPREHENSIVE PLAN:

The Future Land Use Map, adopted with the Comprehensive Plan, designates the subject property for *Medium Density Residential* land uses. Should the City Council approve the applicant's request, staff has included a condition of approval that would amend the Future Land Use Map to reflect the proposed change in land use from a *Medium Density Residential* designation to a *Commercial* designation.

STAFF ANALYSIS:

When looking at the applicant's request it should be noted that the subject property does appear to conform to the site specifications stipulated by the UDC for the General Retail (GR) District zoning designation. Specifically, it is located adjacent to two (2) major roadways (*i.e. Williams Street [the current alignment of SH-66] and John King Boulevard*) and is in close proximity to an existing and proposed residential subdivision (*i.e. Caruth Lakes and the Highlands*). In addition,

the property is physically separated from these residential areas by a major roadway, (*i.e. FM-1141*) which alleviates any need for residential adjacency standards. Staff should note that with the recent changes to the SH-205 By-Pass Overlay (205 BY-OV) District -- *which now requires a minimum separation of 100-feet between John King Boulevard and any residential property* -- the subject property may be better suited for a Future Land Use designation other than ***Medium Density Residential***. With this being said, zoning changes are discretionary decisions for the City Council.

NOTIFICATION:

On September 1, 2017, staff mailed 13 notices to property owners and residents within 500-feet of the subject property. Staff also sent a notice to the Caruth Lakes Homeowner's Association (HOA), which is the only HOA/Neighborhood Organization located within 1,500 feet of the subject property. Additionally, staff posted a sign along John King Boulevard -- *which is the closest major roadway adjacent to the subject property* -- as required by the Unified Development Code (UDC). At the time this case memo was drafted staff had not received any notices in support or opposition to the applicant's request.

RECOMMENDATIONS:

If the Planning and Zoning Commission chooses to recommend approval of the applicant's request to change the zoning of the subject property from an Agricultural (AG) District to a General Retail (GR) District then staff would propose the following conditions of approval:

1) By approving this zoning change, the City Council will effectively be approving changes to the Comprehensive Plan and Future Land Use Map. Specifically, this will change the designation of the subject property from a ***Medium Density Residential*** designation to a ***Commercial*** designation; and,

2) Any construction resulting from the approval of this *zoning change* shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

RE: Ladera Retail – Zoning Application
G&A Job Number: 17191

Mr. Miller,

Please accept this letter, on behalf of Integrity Group, as an explanation of the proposed application. We are submitting a Zoning Change Request application for review and approval on approximately 10 acres on the eastern edge Rockwall. The property is generally located along John King Blvd, directly north of Highway 66 and east of 1141. The existing zoning of this property is Agricultural. We would like to request the zoning be changed to General Business (GB) in order to property neighborhood services to the surrounding residential communities.

The property has the potential to accommodate up to 47,000 square feet of building. We have demonstrated how the site could be developed on the attached Concept Plan. The plan proposes two larger buildings fronting onto John Kind Blvd and a smaller building along FM 1141. Between the two larger buildings is enough space to allow for a plaza or gathering space area that would also provide outdoor dining opportunities. The proposed uses for these buildings can be retail, office, restaurant, personal services and other uses as permitted in the GB zoning district.

We feel that the proposed zoning request is appropriate for this area and will allow for services to be provided to the residents in the vicinity. Thank you for your consideration of the presented request and please feel free to contact us to discuss any comments or questions you may have.

Sincerely,

Randi L. Rivera

CITY OF ROCKWALL

ORDINANCE NO. 17-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO APPROVE A CHANGE IN ZONING FROM AN AGRICULTURAL (AG) DISTRICT TO A GENERAL RETAIL (GR) DISTRICT ON A 9.894-ACRE PORTION OF A LARGER 37.932-ACRE TRACT OF LAND IDENTIFIED AS TRACT 5 OF THE M. B. JONES SURVEY, ABSTRACT NO. 122, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS, AND BEING MORE SPECIFICALLY DESCRIBED IN *EXHIBITS 'A', 'B', & 'C'* OF THIS ORDINANCE; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City has received a request by John Delin of Integrity Group, LLC on behalf of the owner Jane Cullins for the approval of a zoning change from Agricultural (AG) District to a General Retail (GR) District for a 9.894-acre portion of a larger 37.932-acre tract of land identified as Tract 5 of the M. B. Jones Survey, Abstract No. 122, City of Rockwall, Rockwall County, Texas and more fully described in *Exhibit 'A'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

NOW, THEREFORE, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

Section 1. That the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, Texas, as heretofore amended, be and the same are hereby amended by amending the zoning map of the City of Rockwall so as to change the zoning of the *Subject Property* from an Agriculture (AG) District to a General Retail (GR) District; and

Section 2. That the *Subject Property* shall be used only in the manner and for the purposes provided for a *General Retail (GR) District* in *Section 1.1, "Use of Land and Buildings,"* of *Article IV, "Permissible Uses"* and *Section 4.4, "General Retail (GR) District",* of *Article V, "District Development Standards",* of the *Unified Development Code* of the City of Rockwall as heretofore amended, as amended herein by granting of this zoning change, and as maybe amended in the future;

Section 3. That the official zoning map of the City be corrected to reflect the changes in the zoning described herein.

Section 4. Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of two thousand dollars ($2,000.00) for each offence and each and every day

DRAFT ORDINANCE 10-02-17

such offense shall continue shall be deemed to constitute a separate offense.

Section 5. If any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code of the City of Rockwall, Texas, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable.

Section 6. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be and the same are hereby repealed, and all other ordinances of the City of Rockwall not in conflict with the provisions of this ordinance shall remain in full force and effect.

Section 7. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 2ND DAY OF OCTOBER, 2017.

_____
Jim Pruitt, *Mayor*

DRAFT ORDINANCE 10.02.2017

Exhibit 'A':
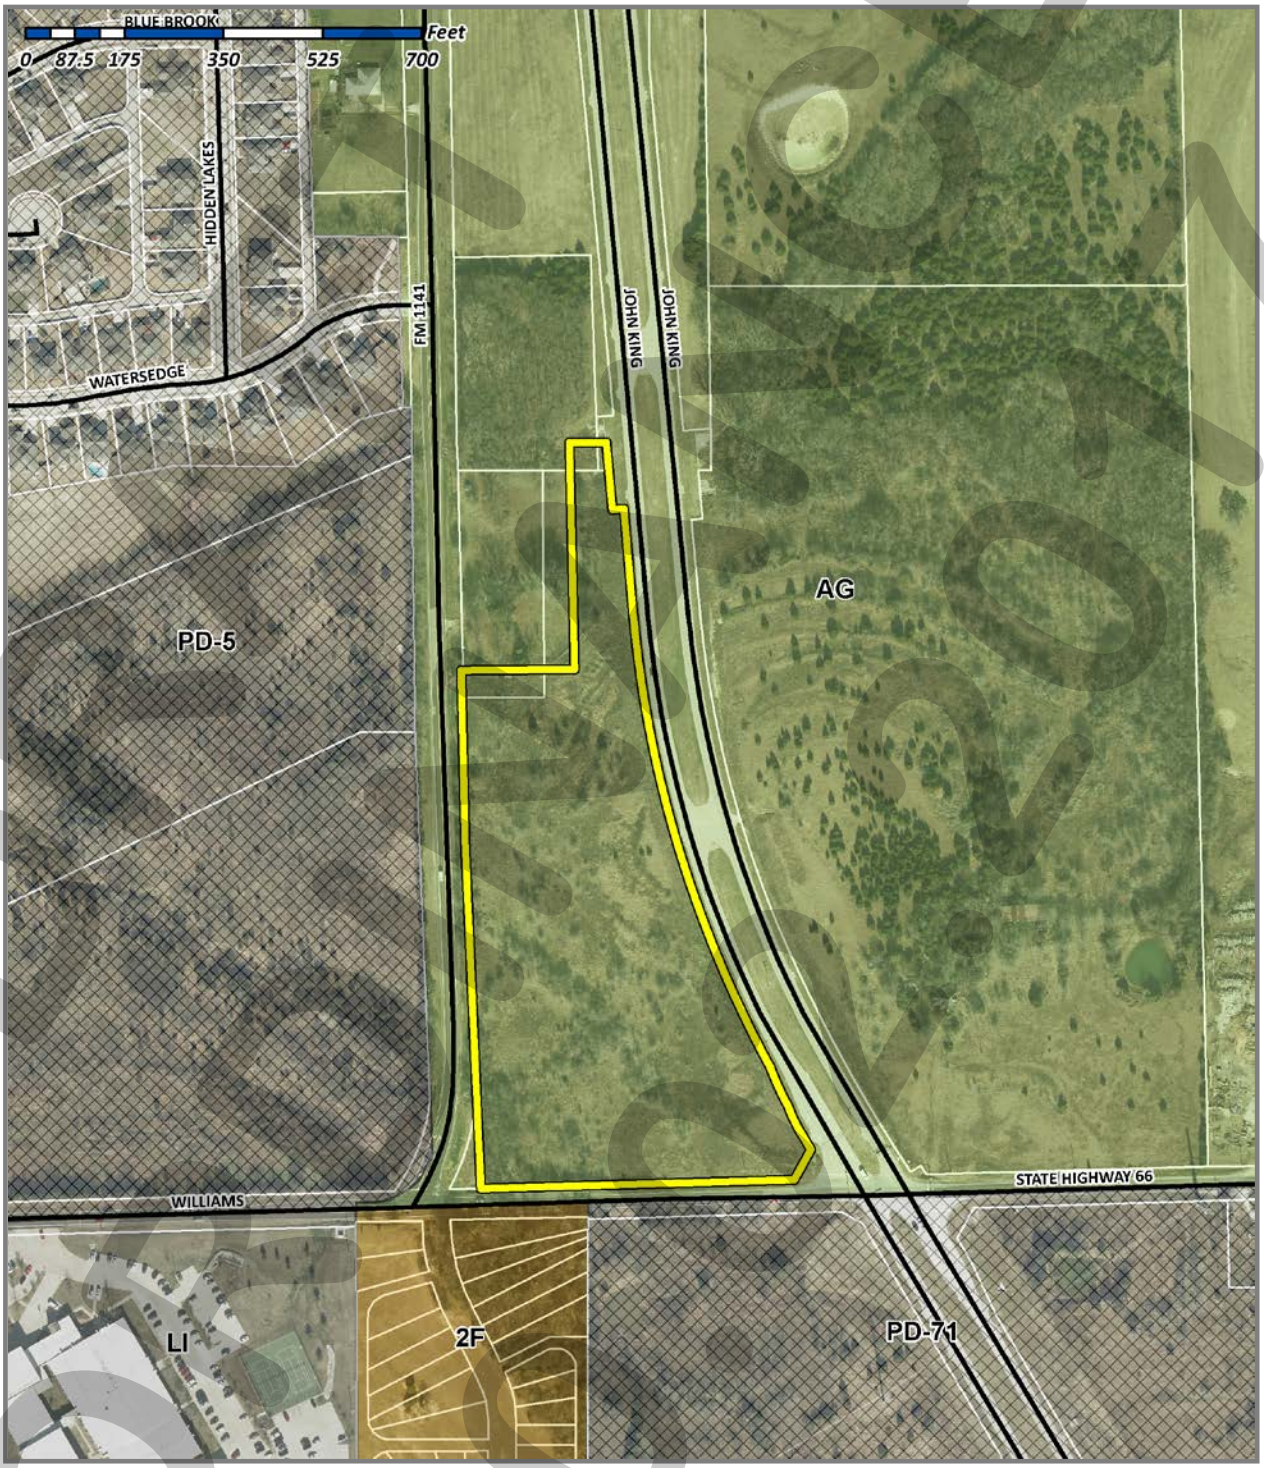
Location Map



DRAFT 10-02-2017

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 09/12/2017

APPLICANT: John Delin, *Integrity Group, LLC*

AGENDA ITEM: **Z2017-040**; *Ladera Rockwall (AG to PD)*

SUMMARY:

Hold a public hearing to discuss and consider a request by John Delin of Integrity Group, LLC on behalf of Jane Cullins for the approval of a zoning change from an Agricultural (AG) District to a Planned Development District for a single-family residential land uses on a 28.011-acre portion of a larger 37.932-acre tract of land identified as Tract 5 of the M. B. Jones Survey, Abstract No. 122, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the 205 By-Pass Overlay (205 BY-OV) and the East SH-66 Overlay (E SH-66 OV) District , located at the northeast corner of the intersection of SH-66 and John King Boulevard, and take any action necessary.

PURPOSE AND BACKGROUND:

The subject property was annexed into the City of Rockwall and zoned Agricultural (AG) District on March 16, 1998 (*Ordinance No. 98-10*). On August 18, 2017, the applicant -- *John Delin of Integrity Group, LLC* -- submitted an application requesting to change the zoning of the subject property from an Agricultural (AG) District to a Planned Development District for an age restricted, senior living community that will be subject to the Single-Family 7 (SF-7) District land uses. As part of this request, the applicant stated that the age restriction would conform to the *Housing for Older Persons* exemption of the *Federal Fair Housing Act* as regulated by the *US Department of Housing and Urban Development*. The proposed subdivision will consist of 84-89 single-family homes constructed on a 28.011-acre tract of land.

ADJACENT LAND USES AND ACCESS:

The subject property is located northeast of the intersection of John King Boulevard and SH-66. The land uses adjacent to the subject property are as follows:

North: Directly north of the subject property is a vacant, 15.935-acre parcel of land zoned Agricultural (AG) District. Beyond this is FM-1141, which is identified as a M4D (*minor collector, four [4] lane, divided roadway*) on the City's *Master Thoroughfare Plan*. North of this thoroughfare is a single-family subdivision, which is situated outside the City's limits.

South: Directly south of the subject property is Williams Street (*i.e. current alignment of SH-66*), which is identified as a *Minor Collector* on the City's *Master Thoroughfare Plan*. Beyond this is an undefined portion of a 28.8836-acre tract of land, which is vacant and zoned Planned Development District 71 (PD-71) for limited Commercial (C) District land uses.

East: Directly east of the subject property is a 65.274-acre portion of a larger 148.825-acre tract of land that is zoned Agricultural (AG) District. Situated on the property is an accessory building. Beyond this are various tracts of land zoned Agricultural (AG) District.

West: Directly west of the subject property is John King Boulevard, which is designated as a P6D (*principle arterial, six [6] lane, divided roadway*) on the City's *Master Thoroughfare Plan*. Beyond this is the remaining 9.894-acre portion of the larger 36.932-acre tract of land that is composed of the subject property. This tract of land is zoned Agricultural (AG) District; however, the applicant does have an active zoning case [*Case No. Z2017-039*] requesting to rezone this property to a General Retail (GR) District.

CHARACTERISTICS OF THE REQUEST:

According to the applicant's letter submitted with this case the purpose of this request is to provide a "low-maintenance active adult community … that will be maintained and managed by the HOA …" The letter goes on to state that the community will incorporate a fitness trail, activity center with exercise pool, kitchen and gathering space, and ~12.8-acres of open space. The concept plan provided by the applicant shows that the proposed subdivision will be setup in a condominium regime (*i.e. all homes are situated on one [1] large lot as opposed to individual lots*), serviced by private streets, and the Homeowner's Association (HOA) will perform all maintenance of the grounds. Each home will be individually owned by the occupant. The concept plan also shows that the subdivision will be gated by a six (6) foot wrought iron fence, accessible from one (1) point entry adjacent to John King Boulevard, and have an emergency exit onto SH-66. A summary of the development standards for this project is as follows:

Table 1.1 Condominium Lot Requirements

Minimum Lot Width	*1,500'*
Minimum Lot Depth	*490'*
Minimum Lot Area	*28.0-Acres*
Minimum Setback Adjacent to John King Boulevard	*86'*
Minimum Setback Adjacent to SH-66	*20'*
Minimum Setback Adjacent to the Eastern & Northern Property Lines	*10'*

Table 1.2 Artificial Lot Requirements

Minimum Setback from a Private Street [1]	*15'*
Minimum Side Yard Distance Between Units	*6'*
Minimum Side Yard Setback from a Private Street [1]	*15'*
Minimum Rear Yard Distance Between Units	*20'*
Maximum Height	*35'*

General Notes:

[1]: This setback shall be measured from the back of curb.

[2]: Variances of up to five (5) feet may be granted by the Director of Planning and Zoning on a case-by-case basis for artificial lots on curve-linear streets.

The development standards provided by the applicant show that the community will consist of 89 single-family homes (*84 are depicted on the provided concept plan*) that will be composed of four (4) different unit types ranging in size from 1,600 SF to 2,100 SF. The overall density proposed with this subdivision will be 3.2 dwelling units/acre. The following is a summary of the proposed housing composition:

Table 2.1 Housing Unit Breakdown

Unit Type	*Unit Dimensions*	*Minimum Unit Size (SF)*	*Dwelling Units (#)*	*Dwelling Units*
1	*44.5' x 80'*	*1,600 SF*	*34*	*40.48%*
2	*42' x 77'*	*1,600 SF*	*30*	*35.71%*
3	*54' x 60'*	*1,600 SF*	*13*	*15.48%*
4	*64' x 50'*	*2,100 SF*	*7*	*8.33%*
		Total Units:	*84*	

The applicant has submitted proposed building elevations depicting four (4) product types all of which are single story homes (*see attached housing plans*); however, the applicant has indicated

that some of the homes have the option of adding a second story. Of the four (4) building elevations, the applicant has stated that four (4) variations of each building elevation exist. This creates 16 different possibilities of housing design. The applicant is proposing to meet the City's minimum anti-monotony restrictions.

CONFORMANCE WITH THE CODE OF ORDINANCES:

It should be noted that the development standards contained within the PD Ordinance deviate from the requirements of the Unified Development Code (UDC) and the Engineering Department's *Standards of Design and Construction* Manual in the following ways:

- ☑ According to the Engineering Department's *Standards of Design and Construction* Manual, "(t)he City Council may waive the residential alley requirement upon determination by the Council, if it is in the best interest of the City." In addition, the UDC requires all garages accessible from the street be configured in a *J-Swing* (*Traditional Swing*) or recessed garage format (*i.e. the garage is setback a minimum of 20-feet from the front façade of the primary structure*). Currently, the applicant is requesting to allow 100% *Flat Front Entry* garages (*i.e. even with the front façade of the primary structure*) in lieu of alleyways, *J-Swing* and recessed garage formats.

- ☑ According to Subsection I, *Residential Frontage Requirements*, of Section 6.10, *SH-205 By-Pass Overlay (205 BY-OV) District*, of the UDC, residential properties adjacent to John King Boulevard have the choice of providing one (1) of four (4) design alternatives: [*1*] provide an increased landscape buffer of 100-feet, [*2*] increase the rear yard building setback to 50-feet for properties backing to John King Boulevard, [*3*] incorporate a slip street with minimum of 50-feet of right-of-way in addition to a 50-foot landscape buffer, and [*4*] incorporate an eyebrow street with a 30-foot landscape buffer and 25-foot front yard building setback. All of these options are designed to provide a minimum of 100-feet of separation between John King Boulevard and any residential property facing or backing to the roadway. In this case, the applicant is providing a 50-foot landscape buffer with a slip street; however, the slip street is only 21-feet in width. This reduced street section creates a separation of 86-feet from the residential property and John King Boulevard. Staff should point out that the application does have a building setback of 15-feet that would create a 101-foot separation between the residential structure and John King Boulevard; however, as it is currently depicted it would not meet one (1) of the four (4) approved design alternatives.

- ☑ According to Section 6.12, *East SH-66 Corridor Overlay (E SH-66 OV) District*, of the UDC the minimum residential landscape buffer for properties adjacent to SH-66 is 25-feet. The applicant is proposing a 20-foot landscape buffer; however, the applicant is proposing to fence ten (10) feet of the landscape buffer, leaving only ten (10) feet of the buffer to meet the intent of the required separation between SH-66 and the proposed development. The applicant will be required to provide a five (5) foot sidewalk in this reduced landscape buffer.

By approving the proposed Planned Development District, the City Council is waiving these standards.

CONFORMANCE WITH THE COMPREHENSIVE PLAN:

The zoning proposal conforms to the majority of the residential policies and guidelines contained in the Comprehensive Plan. The Future Land Use Map contained in the Comprehensive Plan, designates the subject property for ***Low Density Residential*** land uses. Staff has verified that the subject property has been designated for residential uses on the Future Land Use Map since at least 1986 (*i.e. prior to annexation in 1998*). In addition, the subject property has been identified for ***Low Density Residential*** land uses since the adoption of the *Hometown 2000 Comprehensive Plan*. The proposed zoning change would necessitate that this designation be amended from a ***Low Density Residential*** designation to a ***High Density Residential*** designation. According to the Comprehensive

Plan, a ***High Density Residential*** land use is defined as any development that exceeds three (3) units per gross acre. In this case, the density of the proposed subdivision is at 3.2-units per gross acre. The Comprehensive Plan goes on to state that "(h)igh density residential [*land uses*] should be used as a transitional use from commercial (*or existing retail*) use, or where it will serve as a logical extension of an existing high density development". In this case, the proposed development is adjacent to mostly agriculturally zoned land with no adjacent land uses that would warrant a transition. With this being said, the approval of any changes to the Future Land Use Map or the approval of an increased density would be discretionary decisions for the City Council. Should the City Council choose to approve the applicant's request staff has included a condition of approval that would amend the Future Land Use Map to reflect the proposed change in land use from a ***Low Density Residential*** designation to a ***High Density Residential*** designation.

NOTIFICATION:

On September 1, 2017, staff mailed eight (8) notices to property owners and residents within 500-feet of the subject property. Staff also sent a notice to the Caruth Lakes Homeowner's Association (HOA), which is the only HOA/Neighborhood Organization located within 1,500 feet of the subject property. Additionally, staff posted a sign along John King Boulevard -- *which is the closest major roadway adjacent to the subject property* -- as required by the Unified Development Code (UDC). At the time this case memo was drafted staff had not received any notices in support or opposition to the applicant's request.

RECOMMENDATIONS:

If the Planning and Zoning Commission chooses to recommend approval of the applicant's request to change the zoning of the subject property from an Agricultural (AG) District to a Planned Development District for Single-Family 7 (SF-7) District land uses, then staff would propose the following conditions of approval:

1) The applicant shall be responsible for maintaining compliance with the conditions contained within the *Planned Development District* ordinance;

2) By approving this zoning change, the City Council will effectively be approving changes to the Comprehensive Plan and Future Land Use Map. Specifically, this will change the designation of the subject property from a ***Low Density Residential*** designation to a ***High Density Residential*** designation; and,

3) Any construction resulting from the approval of this *zoning change* shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

RE: Ladera Rockwall – Zoning PD Application Letter of Intent
G&A Job Number: 17191

Mr. Miller,

Please accept this letter, on behalf of Integrity Group, as an explanation of the proposed application. We are submitting a Zoning Change Request application for review and approval on approximately 28 acres on the eastern edge Rockwall. The property is generally located along John King Blvd, directly north of Highway 66 and east of 1141. The proposed zoning designation is a Planned Development for an active adult, age-restricted, private, condominium-style residential development.

Ladera Rockwall is a gated, privately maintained development containing a maximum of 3.2 dwelling units per gross acre of land and it will include amenity features such as fitness trails about 3,500 linear feet in length; an activity center with exercise pool, kitchen and gathering space; 12.8 acres of open space that consists of greenbelts, parks, gathering spaces, floodplain areas, and buffers; and a 50' landscape buffer along the John King Blvd. A wrought iron fence of at least 6-feet in height is located along the perimeter of the community. The gated entrance is located at the median opening on John King and it includes a divided entry with a landscaped median and enhanced entry features such as a fountain and enhanced landscaping. The secondary gated ingress/egress location is along SH 66. Both gated access points will provide for entry for emergency personnel with a Knox Box system.

The unique aspects about Ladera Rockwall are that it is a low-maintenance active adult community and that the development will be maintained and managed by the HOA – including all green space and home exteriors. The homes are smaller to attract empty nesters and those adults looking to down-size and still have high-end kitchens and large open living areas. There are several customization options for the size and the amenities within the homes. In addition, each home will have a private courtyard. The homes will not be on individually platted lots, as is typical for a traditional subdivision. Instead, the homeowners will own their house and a portion of the common grounds, which is similar to a condominium-style development. The fees they pay to the HOA will allow Ladera Rockwall to be privately maintained.

The proposed Planned Development includes development regulations that outline how the property will be developed. They include requirements for building separation, maximum density, minimum open space area, private street sections, and other types of regulations. Each home will be access via a mutual access easement and the private streets will be maintained by the HOA.

The Ladera communities have experienced immense success throughout the DFW area. We are excited to bring this unique living option to Rockwall. Thank you for your consideration of the presented request. Please feel free to contact us to discuss any comments or questions you have during the review of this request.

Sincerely,

Randi L. Rivera

CITY OF ROCKWALL

ORDINANCE NO. 17-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO GRANT A CHANGE IN ZONING FROM AN AGRICULTURAL (AG) DISTRICT TO A PLANNED DEVELOPMENT DISTRICT FOR SINGLE FAMILY 7 (SF-7) DISTRICT LAND USES ON A 28.011-ACRE PORTION OF A LARGER 37.932-ACRE TRACT OF LAND IDENTIFIED AS TRACT 5 OF THE M. B. JONES SURVEY, ABSTRACT NO. 122, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE FULLY DESCRIBED HEREIN BY *EXHIBIT 'A'*; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS (*$2,000.00*) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City has received a request by the John Delin of Integrity Group, LLC on behalf of the owner Jane Cullins for the approval of a zoning change from Agricultural (AG) District to a Planned Development District for Single Family 7 (SF-7) land uses on a 28.011-acre portion of a larger 37.932-acre tract of land identified as Tract 5 of the M. B. Jones Survey, Abstract No. 122, City of Rockwall, Rockwall County, Texas and more fully described in *Exhibit 'A'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

NOW, THEREFORE, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

Section 1. That the *Subject Property* shall be used only in the manner and for the purposes authorized by this Planned Development District Ordinance and the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by granting this zoning change, and as maybe amended in the future;

Section 2. That development of the *Subject Property* shall generally be in accordance with the *Planned Development Concept Plan*, contained in *Exhibit 'B'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'B'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

Section 3. That development of the *Subject Property* shall generally be in accordance with the *Development Standards*, described in *Exhibit 'C'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'C'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

DRAFT ORDINANCE NO. 17

Section 4. That development of the *Subject Property* shall be in conformance with the schedule listed below (*except as set forth below with regard to simultaneous processing and approvals*).

(a) The procedures set forth in the City's subdivision regulations on the date this ordinance is approved by the City, as amended by this ordinance (*including Subsections 5(b) through 5(f) below*), shall be the exclusive procedures applicable to the subdivision and platting of *Area 3* as depicted in *Exhibit 'B'* of this ordinance.

(b) The following plans and plats shall be required in the order listed below (*except as set forth below with regard to simultaneous processing and approvals*). The City Council shall act on an application for an *Open Space Master Plan* in accordance with the time period specified in *Section 212.009* of the *Texas Local Government Code*.

(1) Open Space Master Plan
(2) Master Plat
(3) Preliminary Plat
(4) PD Site Plan
(5) Final Plat

(c) *Open Space Master Plan.* An *Open Space Master Plan* for the *Subject Property* as depicted in *Exhibit 'B'* of this ordinance, prepared in accordance with this ordinance, and shall be considered for approval by the City Council following recommendation of the Parks and Recreation Board.

(d) *Master Plat.* A *Master Plat* for the *Subject Property* as depicted in *Exhibit 'B'* of this ordinance shall be submitted and shall identify the proposed timing of each phase of the proposed development. A *Master Plat* application may be processed by the City concurrently with an *Open Space Master Plan* for the development.

(e) *Preliminary Plat.* A *Preliminary Plat* covering all of the *Subject Property* as depicted in *Exhibit 'B'* of this ordinance shall be submitted and shall include a *Treescape Plan*. A *Preliminary Plat Application* may be processed by the City concurrently with a *Master Plat* and an *Open Space Master Plan Application* for the development.

(f) *PD Site Plan.* A *PD Site Plan* covering all of the *Subject Property* as depicted in *Exhibit 'B'* of this ordinance shall be submitted and shall identify all site/landscape/hardscape plan(s) for all open space, neighborhood parks, trail systems, street buffers and entry features. A *PD Site Plan* application may be processed by the City concurrently with a *Final Plat Application* for the development.

(g) *Final Plat.* Prior to the issuance of any building permits, a *Final Plat*, conforming to the *Preliminary Plat*, for all of the *Subject Property* as depicted in *Exhibit 'B'* of this ordinance shall be submitted for approval.

Section 5. That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars* ($2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

DRAFT ORDINANCE NO. 2017

Section 6. That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

Section 7. The standards in this ordinance shall control in the event of a conflict between this ordinance and any provision of the Unified Development Code or any provision of the City Code, ordinance, resolution, rule, regulation, or procedure that provides a specific standard that is different from and inconsistent with this ordinance. References to zoning district regulations or other standards in the Unified Development Code (including references to the *Unified Development Code*), and references to overlay districts, in this ordinance or any of the Exhibits hereto are those in effect on the date this ordinance was passed and approved by the City Council of the City of Rockwall, Texas;

Section 8. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides;

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 2ND DAY OF OCTOBER, 2017.

DRAFT ORDINANCE 10.02.17

Exhibit 'A':
Legal Description

Tract 1 28.011 acres M. B. Jones Survey, Abstract No. 122 B. Jones Survey, Abstract No. 122 City of Rockwall, Rockwall County, Texas;

BEING all that certain lot, tract or parcel of land situated in the M. B. Jones Survey, Abstract No. 122, City of Rockwall, Rockwall County, Texas, and being a portion of a called 41.921 acre tract of land described as Tract 3, in deed to John H. Cullins, recorded in Instrument No. 2008-00396743, Deed Records, Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 1/2 inch rebar found at the southeast corner of said 41.921 acre tract, and being the southwest corner of a called 73.2744 acre tract of land described in deed to Mike L. People, recorded in Volume 850, Page 15, Deed Records, Rockwall County, Texas, and being in the north line of U. S. Highway 66;

THENCE S 88°18'19"W, with the north line of U. S. Highway 66, a distance of 490.46 feet to a 1/2 inch W, with the north line of U. S. Highway 66, a distance of 490.46 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS", being the most southeasterly corner of a called 3.989 "G&A CONSULTANTS", being the most southeasterly corner of a called 3.989 , being the most southeasterly corner of a called 3.989 acre tract of land being titled as "Highway 205 Bypass R.O.W." in City of Rockwall vs. John Cullins and Highway 205 Bypass R.O.W." in City of Rockwall vs. John Cullins and in City of Rockwall vs. John Cullins and Burks T. Payne, Jr., Cause No. 180-633, recorded in Instrument No. 2009-00410863, Deed Records, Rockwall County, Texas, also known as John King Boulevard;

THENCE Northwesterly with the east line of said 3.989 acre tract and John King Boulevard, the following seven (7) calls:

N 30°39'57" W, a distance of 19.43 feet to a 1/2 inch rebar set with cap stamped "G&A W, a distance of 19.43 feet to a 1/2 inch rebar set with cap stamped "G&A G&A CONSULTANTS";

S 59°20'03" W, a distance of 21.30 feet to a 1/2 inch rebar set with cap stamped "G&A W, a distance of 21.30 feet to a 1/2 inch rebar set with cap stamped "G&A G&A CONSULTANTS";

N 30°39'57" W, a distance of 211.63 feet to a 1/2 inch rebar set with cap stamped "G&A W, a distance of 211.63 feet to a 1/2 inch rebar set with cap stamped "G&A G&A CONSULTANTS";

Northwesterly with a curve to the right having a radius of 1940.00 feet, a central angle of 25°25'15", , and an arc length of 860.73 feet, whose chord bears N 17°57'20" W, a distance of 853.69 feet to a W, a distance of 853.69 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS"; G&A CONSULTANTS";

N 05°14'42" W, a distance of 158.73 feet to a 1/2 inch rebar set with cap stamped "G&A W, a distance of 158.73 feet to a 1/2 inch rebar set with cap stamped "G&A G&A CONSULTANTS";

N 84°45'18" E, a distance of 20.00 feet to a 1/2 inch rebar set with cap stamped "G&A E, a distance of 20.00 feet to a 1/2 inch rebar set with cap stamped "G&A G&A CONSULTANTS";

N 05°14'42" W, a distance of 136.88 feet to a 1/2 inch rebar set with cap stamped "G&A W, a distance of 136.88 feet to a 1/2 inch rebar set with cap stamped "G&A G&A CONSULTANTS" in the south line of a called 10.942 acre tract of land described in deed to City of in the south line of a called 10.942 acre tract of land described in deed to City of Rockwall, recorded in Instrument No. 2007-00389123, Deed Records, Rockwall County, Texas;

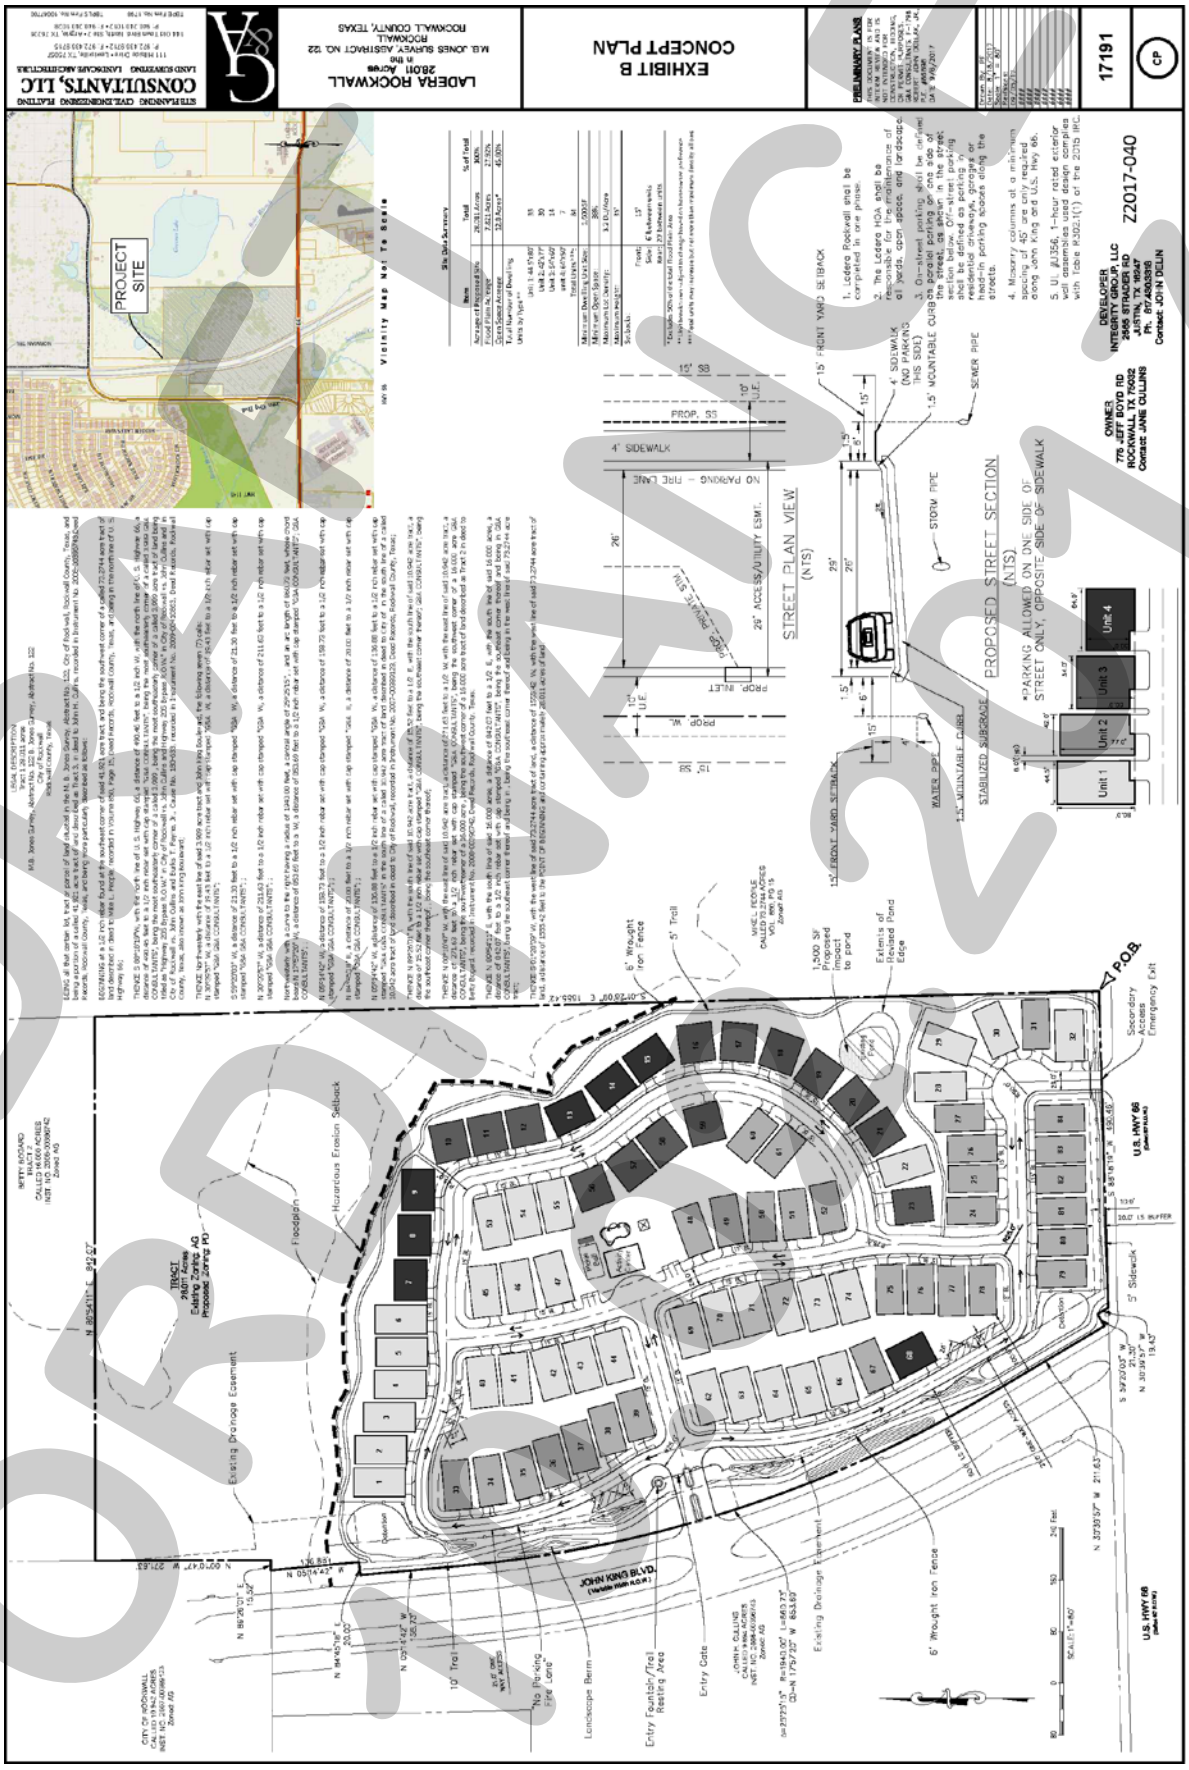
THENCE N 89°54'11" E, with the south line of said 16.000 acres, a distance of 842.07 feet to a 1/2 E, with the south line of said 16.000 acres, a distance of 842.07 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS", being the southeast corner thereof and being in G&A CONSULTANTS", being the southeast corner thereof and being in , being the southeast corner thereof and being in the west line of said 73.2744 acre tract;

THENCE S 01°28'09" W, with the west line of said 73.2744 acre tract of land, a distance of 1555.42 W, with the west line of said 73.2744 acre tract of land, a distance of 1555.42 feet to the *POINT OF BEGINNING* and containing approximately 28.011 acres of land.

DRAFT ORDINANCE 10.02.2017

Exhibit 'B':
Concept Plan



DRAFT ORDINANCE

Exhibit 'C':
PD Development Standards

PD Development Standards.

(1) *Permitted Uses.* Unless specifically provided by this Planned Development ordinance, only those uses permitted within the Single Family 7 (SF-7) District, as stipulated by the *Permissible Use Charts* contained in Article IV, *Permissible Uses*, of the Unified Development Code (UDC) as heretofore amended, as amended herein by granting this zoning change, and as maybe amended in the future, with the following additional land uses being permitted *by-right*:

- ☑ Activity Center
- ☑ Community Pool
- ☑ Gazebos/Pavilions
- ☑ Sports Courts

(2) *Unit Composition and Layout.* The unit composition and layout shall generally conform to the *Concept Plan* depicted in *Exhibit 'B'* and stated as follows:

Unit Type	*Unit Dimensions*	*Minimum Unit Size (SF)*	*Dwelling Units (#)*	*Dwelling Units*
1	*44.5' x 80'*	*1,600 SF*	*34*	*40.48%*
2	*42' x 77'*	*1,600 SF*	*30*	*35.71%*
3	*54' x 60'*	*1,600 SF*	*13*	*15.48%*
4	*64' x 50'*	*2,100 SF*	*7*	*8.33%*
		Total Units:	*84*	

(3) *Density and Dimensional Requirements.* The maximum permissible density for the *Subject Property* shall not exceed 3.2-units/acre; however, in no case should the proposed development exceed 89 single-family, residential units. The *Subject Property* shall maintain conformance with the following requirements:

(a) Condominium Requirement. The property shall be established as a condominium development pursuant to the requirements of *Chapter 82* of the *Texas Property Code*, and platted as a single lot.

(b) Lot Dimensional Requirements. The proposed condominium lot shall adhere to the following setbacks:

Minimum Lot Width	*1,500'*
Minimum Lot Depth	*490'*
Minimum Lot Area	*28.0-Acres*
Minimum Setback Adjacent to John King Boulevard	*86'*
Minimum Setback Adjacent to SH-66	*20'*
Minimum Setback Adjacent to the Eastern & Northern Property Lines	*10'*

(c) Internal Artificial Lot Requirements. The units constructed on the proposed condominium lot shall adhere to the following dimensional requirements for artificial lots:

Minimum Setback from a Private Street [1] [2] [3]	*15'*
Minimum Side Yard Distance Between Units	*6'*
Minimum Side Yard Setback from a Private Street [1] [2]	*15'*
Minimum Rear Yard Distance Between Units	*20'*
Maximum Height	*35'*

General Notes:

[1]: This setback shall be measured from the back of curb.

[2]: Variances of up to five (5) feet may be granted by the Director of Planning and Zoning on a case-by-case basis for artificial lots on curve-linear streets.

[3]: The minimum length of a driveway shall be 20-feet as measured from the edge of the approach to the garage door.

(4) *Building Standards.* All development shall adhere to the following building standards:

DRAFT ORDINANCE 02.07.17

(A) *Masonry Requirement.* The minimum masonry requirement for the exterior façades -- *excluding doors and windows* -- of all buildings shall be 80%. For the purposes of this ordinance the masonry requirement shall be limited to full width brick, natural stone, and cultured stone. Cementaceous fiberboard horizontal lap-siding (*e.g. HardiBoard or Hardy Plank*) and/or stucco (*i.e. three [3] part stucco or a comparable -- to be determined by staff*) shall be permitted to be used to meet up to 20% of the masonry requirement.

(B) *Roof Pitch.* A minimum of an *8:12* roof pitch is required on the front elevation of all structures. Porches and rear elevations shall have a minimum of a *4:12* roof pitch.

(C) *Garage Orientation.* Garages shall oriented in a *traditional swing* (or *j-swing*) or in a front entry configuration. If a front entry garage configuration is utilized it shall face the street and shall be located even with the front building façade of the primary structure. On *traditional swing* (or *j-swing*) garages a second single garage door facing the street is permitted if it is located behind the width of the double garage door.

(D) *Anti-Monotony Restrictions.* The development shall adhere to the following Anti-Monotony requirements (*for spacing requirements see the illustration on the following page*):

(1) Identical brick blends or paint colors may not occur on adjacent (side-by-side) properties along any block face without at least four (4) intervening homes of differing materials on the same side of the street beginning with the adjacent property and two (2) intervening homes of differing materials on the opposite side of the street.

(2) Front building elevations shall not repeat along any block face without at least four (4) intervening homes of differing appearance on the same side of the street and two (2) intervening homes of differing appearance on the opposite side of the street. Homes are considered to have a differing appearance if any of the following two (2) items deviate:

(a) Number of Stories
(b) Brick Color
(c) Roof Type and Layout
(d) Articulation of the Front Façade

(3) All roof shingles shall be an architectural or dimensional shingle, and have a 30-year rating. (*3-Tab Roofing Shingles are prohibited*).

Illustration 1: Properties line up on the opposite side of the street. Where RED are the same.

DRAFT ORDINANCE 02-17

Illustration 2: Properties do not line up on opposite side of the street. Where RED are the same.

(E) Fencing Standards. All residential privacy fencing shall be six (6) foot wrought iron/tubular steel fencing for transparent fencing and six (6) foot Simtek (*or a similar product*) fencing for non-transparent fencing. Fencing located along the exterior of the condominium lot shall be a minimum of six (6) foot wrought iron/tubular steel fencing with masonry columns a maximum of 45-feet on center. The masonry columns shall only be required adjacent to John King Boulevard and SH-66.

(F) Landscape and Hardscape Standards.

(1) *Residential Landscape.* All canopy trees planted within the condominium lot and not situated within a required landscape buffer shall be a minimum of three (3) inches in caliper and accent trees shall be a minimum of four (4) feet in height. All tree plantings shall conform to the City's tree planting guidelines and requirements stipulated in Appendix F, *Landscaping Guidelines and Requirements*, of the Unified Development Code.

(2) *Landscape Buffers.* All landscape buffers and plantings located within the buffers shall be maintained by the Homeowner's Association (HOA).

(a) Landscape Buffer (SH-66). A minimum of a 20-foot landscape buffer shall be provided along the frontage of SH-66 (*outside of and beyond any required right-of-way dedication*), and shall incorporate ground cover, a *built-up* berm and/or shrubbery or a combination thereof along the entire length of the frontage. Berms and/or shrubbery shall have a minimum height of 30-inches and a maximum height of 48-inches. In addition, two (2) canopy trees and four (4) accent trees shall be planted per 100-feet of linear frontage. The developer shall also be responsible for the construction of a five (5) foot sidewalk situated within the 20-foot landscape buffer adjacent to SH-66. The required wrought iron fence along SH-66 may be situated within ten (10) feet of the right-of-way line.

(b) Landscape Buffer and Sidewalks (John King Boulevard). A minimum of a 50-foot landscape buffer shall be provided along the frontage of John King Boulevard (*outside of and beyond any required right-of-way dedication*), and shall incorporate ground cover, a *built-up* berm and/or shrubbery or a combination thereof along the entire length of the frontage. Berms and/or shrubbery shall have a minimum height of 30-inches and a maximum height of 48-inches. In addition, three (3) canopy trees and

DRAFT ORDINANCE

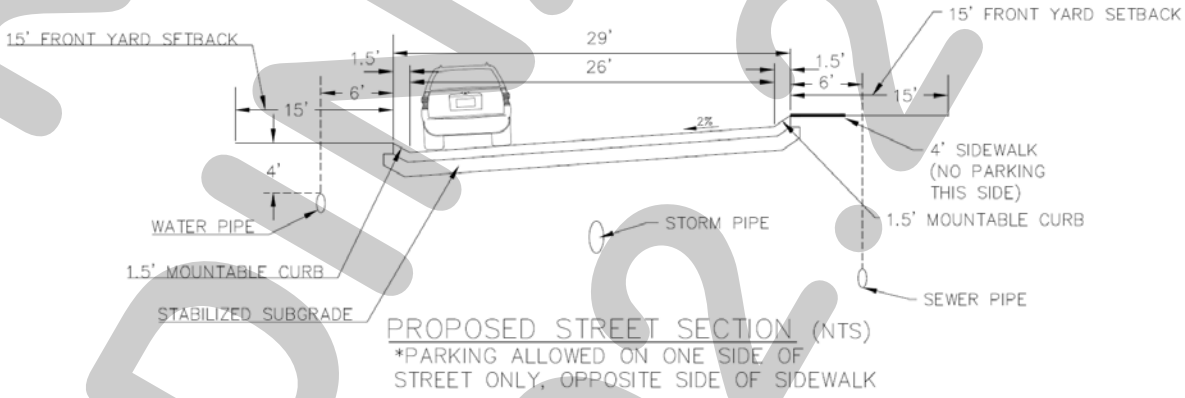
four (4) accent trees shall be planted per 100-feet of linear frontage. The developer shall also be responsible for the construction of a ten (10) foot sidewalk situated within the 50-foot landscape buffer adjacent to John King Boulevard. The required wrought iron fence along John King Boulevard may be situated within 40-feet of the right-of-way line.

(3) *Irrigation Requirements*. Irrigation shall be installed for all required landscaping located within common areas, landscape buffers and/or open space. Irrigation installed in these areas shall be designed by a Texas licensed irrigator or landscape architect and shall be maintained by the Homeowner's Association (HOA).

(4) *Hardscape.* Hardscape plans indicating the location of all sidewalks and trails shall be reviewed and approved with the *PD Site Plan*.

(G) Lighting. Light poles shall not exceed 20-feet in total height (*i.e. base and lighting standard*). All fixtures shall be directed downward and be positioned to concentrate light within the development area.

(H) Private Streets. With the exception of the 21-foot, one-way street situated adjacent to John King Boulevard the street cross sections for this development should conform to the following cross section:



(I) Open Space. The development shall consist of a minimum of 38% open space as calculated from the gross land area, and generally conform to the *Concept Plan* contained in *Exhibit 'B'* of this ordinance. The Homeowner's Association (HOA) shall maintain all common open space areas. For the purposes of this Planned Development District open space shall include all front yards, rear yards, common areas, buffers and floodplain installed by the developer, but does not include any landscaping, trees, patios and other improvements installed by the homeowner. Floodplain shall be calculated at a rate of 50% (*e.g. ½-acre for every acre provided*).

(J) Neighborhood Signage. Permanent subdivision identification signage shall be permitted at all major entry points for the proposed subdivision. Final design and location of any entry features shall be reviewed and approved with the *PD Site Plan*.

(K) Homeowner's Association (HOA). A Homeowner's Association shall be created to enforce the restrictions established in accordance with the requirements of

Section 38-15 of the Subdivision Regulations contained within the *Municipal Code of Ordinances* of the City of Rockwall. The HOA shall also maintain all neighborhood parks, trails, open space and common areas, irrigation, landscaping, amenity centers, and screening fences associated with this development, but it is not required to maintain additional landscaping or improvements added by the homeowner.

(L) Buried Utilities. New distribution power-lines required to serve the *Subject Property* shall be placed underground, whether such lines are located internally or along the perimeter of the *Subject Property*, unless otherwise authorized by the City Council. New transmission power-lines, or distribution lines of a size not typically or cost effectively placed underground (*3-phase lines*), or additional lines that are added to existing poles, may be above ground, if located along the perimeter of the *Subject Property*. The *Developer* shall not be required to re-locate existing overhead power-lines along the perimeter of the *Subject Property*. Temporary power-lines constructed across undeveloped portions of the *Subject Property* to facilitate development phasing and looping may be allowed above ground, but shall not be considered existing lines at the time the area is developed, and if they are to become permanent facilities, such lines shall be placed underground pursuant to this paragraph. Franchise utilities shall be placed within a ten (10) foot public utility easement behind the sidewalk, between the home and the property line.

(M) Variances. The variance procedures and standards for approval that are set forth in the Unified Development Code [*Ordinance No. 04-38*] shall apply to any application for variances to this ordinance.

DRAFT ORDINANCE 10.02.2017

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 09/12/2017

APPLICANT: Juan J. Vasquez of *Vasquez Engineering, LLC*

AGENDA ITEM: **SP2017-024;** *Drive-Through Restaurant at 3611 N. Goliad Street*

SUMMARY:

Discuss and consider a request by Juan J. Vasquez of Vasquez Engineering, LLC on behalf of the owner Don Silverman of Rockwall 205-552, LLC for the approval of a site plan for a restaurant with a drive-through on a 0.857-acre parcel of land identified as Lot 4, Block A, Dalton-Goliad Addition, City of Rockwall, Rockwall County, Texas, zoned General Retail (GR) District, situated within the North SH-205 Overlay (N-SH-205 OV) District, addressed as 3611 N. Goliad Street, and take any action necessary.

PURPOSE:

The applicant is requesting the approval of a site plan for the purpose of constructing a 2,822 SF restaurant with a drive-through (*i.e. Freddy's Frozen Custard*) on a 0.857-acre parcel of land. The development is located within the North SH-205 Overlay (*N-SH-205 OV*) District and will be required to meet the development standards for this district as stipulated by the Unified Development Code (UDC). The property is located north of the northwest corner of the intersection of N. Goliad Street [*SH-205*] and Dalton Road, and is addressed 3611 N. Goliad Street.

DENSITY AND DIMENSIONAL REQUIREMENTS:

Specific Use Permit (SUP) No. 171 [*Ordinance No. 17-39*] granted the requested land use (*i.e. a restaurant with drive-through facilities*) in August of this year. The proposed site will incorporate a total of 38 parking spaces, exceeding the minimum standards by ten (10) parking spaces. Access from Dalton Road and N. Goliad Street will be provided to the site through shared access easements that are located within the Dalton-Goliad Addition, and the primary access for the restaurant will be provided off N. Goliad Street [*SH-205*].

With the exception of the items listed in the *Project Plan Review* and the items listed in the *Recommendation* section of this case memo, the submitted site plan, building elevations, photometric, and landscape plans conform to the technical requirements contained within the UDC and the North SH-205 Overlay (*N-SH-205 OV*) District. A summary of the density and dimensional requirements are as follows:

Ordinance Provisions	*Zoning District Standards*	*Conformance to the Standards*
Minimum Lot Area	*6,000 Sq. Ft.*	*0.857-Acres; In Conformance*
Minimum Lot frontage	*60-Feet*	*x>60-Feet; In Conformance*
Minimum Lot Depth	*100-Feet*	*x>100-Feet; In Conformance*
Minimum Front Yard Setback	*15-Feet*	*x>15-Feet; In Conformance*
Minimum Rear Yard Setback	*10-Feet*[1]	*x>10-Feet; In Conformance*
Minimum Side Yard Setback	*10-Feet*[2]	*x>10-Feet; In Conformance*
Maximum Building Height	*36-Ft w/o SUP*[3]	*26' 2"; In Conformance*
Max Building/Lot Coverage	*40%*	*x<40%; In Conformance*

Ordinance Provisions	*Zoning District Standards*	*Conformance to the Standards*
Minimum Masonry Requirement	*90%*	*x>90%; In Comformance*
Floor Area Ratio	*2:1*	*x<2:1; In Conformance*
Minimum Number of Parking Spaces	*28*	*38 Provided; In Conformance*
Minimum Stone Requirement (SH205 OV)	*20% ea facade*	*x>20%; In Conformance*
Minimum Landscaping Percentage	*15%*	*x=21%; In Conformance*
Maximum Impervious Coverage	*85 to 90%*	*<85%; In Conformance*

NOTES:
[1]: Without fire retardant wall, or alley: ten feet, or as required by building and/or fire codes.
[2]: Without fire retardant wall: ten (10) feet, or as required by building and/or fire codes, or With fire retardant wall: zero feet.
[3]: Structures exceeding 36-ft in height require SUP.

ARCHITECTURAL REVIEW BOARD RECOMMENDATION:

On July 25, 2017, the Architectural Review Board (ARB) reviewed the submitted building elevations and made recommendations to the applicant to provide additional articulation and material variation that are indicative of other franchise locations in Texas. The revised elevations do not appear to meet the ARB's recommendation; however, The ARB will review the new elevations and forward a recommendation to the Planning and Zoning Commission after a review at the September 12, 2017 meeting.

RECOMMENDATIONS:

Should the Planning and Zoning Commission choose to approve the site plan, then staff would offer the following conditions of approval:

1) All staff comments provided by the Planning, Engineering and Fire Department must be addressed prior to the submittal of engineering plans.

2) Any construction or building necessary to complete this site plan request must conform to the requirements set forth by the UDC, the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

Discuss and consider a request by Juan J. Vasquez of Vasquez Engineering, LLC on behalf of the owner Don Silverman of Rockwall 205-552, LLC for the approval of a site plan for a restaurant with a drive-through on a 0.857-acre parcel of land identified as Lot 4, Block A, Dalton-Goliad Addition, City of Rockwall, Rockwall County, Texas, zoned General Retail (GR) District, situated within the North SH-205 Overlay (N-SH-205 OV) District, addressed as 3611 N. Goliad Street, and take any action necessary.

PLANNING COMMENTS - DAVID GONZALES - 07.20.2017

All staff comments are to be addressed and resubmitted by Tuesday, August 1, 2017. Please provide three large copies [24" X 36" FOLDED] and one PDF version for a subsequent review by staff:

Planning Department General Comments to be addressed are as follows:

1. Adherence to Engineering and Fire Department standards shall be required.
2. Re-label revised site plan documents with "Case No. SP2017-024" at the lower right corner of each plan.
3. All exterior signage requires submittal and approval of a separate building permit through the building inspections department.

VARIANCE FOR THE CITY COUNCIL TO CONSIDER:

1. In accordance with Sec. 6.11.C.2, of Article V, of the Unified Development Code (UDC), the North SH 205 Corridor Overlay (N-SH 205 OV) District requires all structures with a building footprint less than 6000-SF to be constructed with a pitched roof system. This will require a 3/4 majority vote of City Council for approval of the variance request.

EXCEPTIONS FOR THE PLANNING AND ZONING COMMISSION & CITY COUNCIL TO CONSIDER"

1. Vertical articulation required for the east and west elevations.

Please address the following Planning Comments for each plan submitted:

Site Plan:
1. Provide dumpster enclosure detail. Enclosure walls are to be a minimum of 8-ft in height with matching exterior materials as the primary building and includes a self-latching gate mechanism. Gate to be opaque.
2. Exception request to allow building footprint of less than 6000-SF to not have a pitched roof system. See Exception Request above for P&Z and CC to consider.

Landscape Plan:
1. What is the height of the shrubs used to screen the order board/speaker? They should be tall enough to provide potential noise abatement of the speaker for the residential properties to the north.
2. Provide one row of trees behind the building at the perimeter per the N-SH 205 OV district standards. There should be a minimum of 3 trees.

Photometric Plan:
1. Maximum overall height of the lighting pole standard is not to exceed 20-ft (includes base, light pole, and fixtures). Indicate as such.

Building Elevations:

Type of Review / Notes	Contact	Sent	Due	Received	Elapsed	Status	Remarks

1. Provide calculations for all exterior building materials - broken out for each facade.
2. Exception to the vertical articulation standards for the east and west elevations requried as indicated above.
3. Label each elevation as North, South, East, and West.
4. Label RTU's (dashed-in) as depicted on the side and drive-thru elevations.
5. Change materials sample board to reflect "natural' stone type rather than Coronado Stone.

The following are scheduled meeting dates that you and/or your representative(s) are required to attend regarding the Site Plan request. If you have any quesitons regarding this case, please feel free to contact DavidGonzales, AICP with thePlanning Department at 972-771-7745.

Meeting Dates to Attend:

Architectural Review Board: July 25, 2017 (5:00 p.m.) [Applicant to receive recommendations from ARB]

Planning - Work Session: July 25, 2017 (6:00p.m.) [Applicant to present/discuss project to P&Z]

Planning - Action: August 15, 2017 (6:00p.m.) [P&Z to take action (i.e. approve, approve with conditions, deny)]

City Council - Action: August 21, 2017 (6:00 p.m.) [FOR VARIANCE AND EXCEPTION REQUESTS ONLY]

GENERAL LAWN NOTES

EROSION CONTROL AND SOIL PREPARATION:
THE CONTRACTOR IS RESPONSIBLE FOR MAINTAINING TOP SOIL AT THE CORRECT GRADES. CONTRACTOR TO FINE GRADE AREAS TO REACH FINAL CONTOURS AS SPECIFIED PER CIVIL PLANS. ALL CONTOURS SHOULD ACHIEVE POSITIVE DRAINAGE AWAY FROM BUILDINGS AND STRUCTURES. WATER SHOULD NOT BE ABLE TO POOL IN ANY AREAS UNLESS SPECIFIED OTHERWISE. EROSION FABRIC SUCH AS JUTE MATTING OR OPEN WEAVE TO BE USED WHERE NECESSARY TO PREVENT SOIL EROSION.

ANY LOSS OF TOPSOIL OR GRASS DUE TO EROSION IS THE RESPONSIBILITY OF THE CONTRACTOR UNTIL IT IS 100% ESTABLISHED.

CONTRACTOR TO REMOVE ANY ROCKS 3/4" AND LARGER, STICKS AND DEBRIS PRIOR TO INSTALLATION OF TOPSOIL AND SOD.

FOUR (4") OF TOPSOIL SHALL BE APPLIED TO AREAS DISTURBED BY CONSTRUCTION RECEIVING SOD. IF TOPSOIL IS NOT AVAILABLE ON SITE, THE CONTRACTOR SHALL PROVIDE TOPSOIL AS APPROVED BY THE OWNER OR OWNERS REPRESENTATIVE.

TOPSOIL SHALL BE FRIABLE, NATURAL LOAM, FREE OF ROCKS, WEEDS, BRUSH, CLAY LUMPS, ROOTS, TWIGS, LITTER AND ENVIRONMENTAL CONTAMINANTS.

CONTRACTOR SHALL BE RESPONSIBLE FOR SOD UNTIL ACCEPTANCE. THIS SHALL INCLUDE, BUT NOT BE LIMITED TO: MOWING, WATERING, WEEDING, CULTIVATING, CLEANING AND REPLACING DEAD OR BARE AREAS TO KEEP PLANTS IN A VIGOROUS, HEALTHY CONDITION. SOD SHALL BE REPLACED IF NECESSARY.

SOLID SOD:
SOLID SOD SHALL BE PLACED ALONG ALL IMPERVIOUS EDGES, AT A MINIMUM. THIS SHALL INCLUDE CURBS, WALKS, INLETS, MANHOLES AND PLANTING BED AREAS. SOD SHALL COVER OTHER AREAS COMPLETELY AS INDICATED BY PLAN.

SOD SHALL BE STRONGLY ROOTED DROUGHT RESISTANT SOD, NOT LESS THAN 2 YEARS OLD, FREE OF WEEDS AND UNDESIRABLE NATIVE GRASS AND MACHINE CUT TO PAD THICKNESS OF 3/4" (-1/4"). EXCLUDING TOP GROWTH AND THATCH. PROVIDE ONLY SOD CAPABLE OF VIGOROUS GROWTH AND DEVELOPMENT WHEN PLANTED.

DO NOT INSTALL SOD IF IT IS DORMANT OR GROUND IS FROZEN. LAY SOD WITH TIGHTLY FITTING JOINTS, NO OVERLAPS WITH STAGGERED STRIPS TO OFFSET JOINTS.

SOD SHALL BE ROLLED TO CREATE A SMOOTH EVEN SURFACE. SOD SHOULD BE WATERED THOROUGHLY DURING INSTALLATION PROCESS.

SHOULD INSTALLATION OCCUR BETWEEN OCTOBER 1ST AND MARCH 1ST, SOD SHALL INCLUDE AN OVER-SEED OF ANNUAL RYE OR WINTER RYEGRASS AT A RATE OF FOUR POUNDS PER ONE THOUSAND SQUARE FEET FOR A GROWN-IN APPEARANCE. CONTRACTOR SHALL ENSURE CONFORMANCE TO § 15.0 OF TITLE 7, PART XXIX, HORTICULTURE COMMISSION CHAPTER 1.

HYDROMULCH:

SCARIFY SURFACE TO A MINIMUM OF 2" DEPTH PRIOR TO THE IMPORT TOPSOIL APPLICATION. TOP SOIL SHALL BE PLACED 2" IN DEPTH IN ALL AREAS TO BE SEEDED. CONTRACTOR TO SUPPLY HIGH QUALITY IMPORTED TOPSOIL HIGH IN HUMAS AND ORGANIC CONTENT FROM A LOCAL SUPPLY. IMPORTED TOPSOIL SHALL BE REASONABLY FREE OF CLAY LUMPS, COARSE SANDS, STONES, ROOTS AND OTHER FOREIGN DEBRIS.

IF INADEQUATE MOISTURE IS PRESENT IN SOIL, APPLY WATER AS NECESSARY FOR OPTIMUM MOISTURE FOR SEED APPLICATION.

ALL SEED SHALL BE HIGH QUALITY, TREATED LAWN TYPE SEED AND IS FREE OF NOXIOUS GRASS SEEDS. THE SEED APPLICATION SHALL BE UNIFORMLY DISTRIBUTED ON THE AREAS INDICATED ON PLANS. HYDROMULCH WITH BERMUDA GRASS SEED AT A RATE OF TWO POUNDS PER ONE THOUSAND SQUARE FEET.

IF INSTALLATION OCCURS BETWEEN OCTOBER 1ST AND APRIL 1ST, ALL HYDORMULCH AREAS SHALL BE OVER-SEEDED WITH ANNUAL RYE GRASS AT A RATE OF FOUR POUNDS PER ONE THOUSAND SQUARE FEET. CONTRACTOR TO RE-HYDROMULCH WITH BERMUDA GRASS AT THE END OF THE ANNUAL RYE GROWING SEASON.

AFTER APPLICATION, NO EQUIPMENT SHALL OPERATE OVER APPLIED AREAS. WATER SEEDED AREAS IMMEDIATELY AFTER INSTALLATION TO SATURATION.

ALL LAWN AREAS TO BE HYDROMULCHED SHALL ACHIEVE 100% COVERAGE PRIOR TO FINAL ACCEPTANCE.

LANDSCAPE NOTES

REFERENCE SITEWORK AND SPECIFICATIONS FOR INFORMATION NEEDED FOR LANDSCAPE WORK.

CONTRACTOR TO VERIFY AND LOCATE ALL PROPOSED AND EXISTING STRUCTURES. NOTIFY LANDSCAPE ARCHITECT OR DESIGNATED REPRESENTATIVE FOR ANY LAYOUT DISCREPANCIES OR ANY CONDITION THAT WOULD PROHIBIT THE INSTALLATION AS SHOWN.

CONTRACTOR SHALL CALL 811 TO VERIFY AND LOCATE ANY AND ALL UTILITIES ON SITE PRIOR TO COMMENCING WORK. LANDSCAPE ARCHITECT SHOULD BE NOTIFIED OF ANY CONFLICTS.

A MINIMUM OF 2% SLOPE SHALL BE PROVIDED AWAY FROM ALL STRUCTURES.

LANDSCAPE ISLANDS SHALL BE CROWNED, AND UNIFORM THROUGHOUT THE SITE.

ALL PLANTING AREAS SHALL BE GRADED SMOOTH TO ACHIEVE FINAL CONTOURS AS INDICATED ON PLAN WITH 3" OF TOPSOIL AND 3" OF COMPOST AND CONSISTENTLY BLENDED TO A DEPTH OF 6". ALL BEDS SHALL BE CROWNED TO ANTICIPATE SETTLEMENT AND ENSURE PROPER DRAINAGE.

PLANTING AREAS AND SOD TO BE SEPARATED BY STEEL EDGING. EDGING TO BE GREEN IN COLOR AND A MINIMUM OF 3/16" THICK. EDGING SHALL BE STAKED FROM THE INSIDE OF BED. EDGING NOT TO BE MORE THAN 1/2" ABOVE FINISHED GRADE.

MULCH SHALL BE INSTALLED AT 1/2" BELOW THE TOPS OF SIDEWALKS AND CURBING.

QUANTITIES ON THESE PLANS ARE FOR REFERENCE ONLY. THE SPACING OF PLANTS SHOULD BE AS INDICATED ON PLANS OR OTHERWISE NOTED. ALL TREES AND SHRUBS SHALL BE PLANTED PER DETAILS.

CONTAINER GROWN PLANT MATERIAL IS PREFERRED HOWEVER BALL AND BURLAP PLANT MATERIAL CAN BE SUBSTITUTED IF NEED BE AND IS APPROPRIATE TO THE SIZE AND QUALITY INDICATED ON THE PLANT MATERIAL LIST.

TREES SHALL BE PLANTED AT A MINIMUM OF 5' FROM ANY UTILITY LINE, SIDEWALK OR CURB. TREES SHALL ALSO BE 10' CLEAR FROM FIRE HYDRANTS.

4" OF SHREDDED HARDWOOD MULCH (2" SETTLED THICKNESS) SHALL BE PLACED OVER A 1 OZ WOVEN, WEED BARRIER FABRIC OR APPROVED EQUAL. WEED BARRIER FABRIC SHALL BE USED IN PLANT BEDS AND AROUND ALL TREES AND SHALL BE DE WITT WEED BARRIER OR APPROVED EQUAL. MULCH SHALL BE SHREDDED BARK OR RUBBER LANDSCAPE MULCH, PINE STRAW MULCH IS PROHIBITED.

CONTRACTOR TO PROVIDE UNIT PRICING OF LANDSCAPE MATERIALS AND BE RESPONSIBLE FOR OBTAINING ALL LANDSCAPE AND IRRIGATION PERMITS.

IRRIGATION:
IN THE ABSENCE OF AN IRRIGATION SYSTEM OR AREAS BEYOND THE COVERAGE LIMITS OF A PERMANENT IRRIGATION SYSTEM, CONTRACTOR SHALL WATER SOD TEMPORARILY, BY ANY MEANS AVAILABLE, TO DEVELOP ADEQUATE GROWTH. TURF SHALL BE IN 100% ESTABLISHMENT AT THE TIME OF ACCEPTANCE.

ALL PLANTING BEDS SHALL HAVE AN AUTOMATIC IRRIGATION SYSTEM WITH A FREEZE/RAIN SENSOR. SYSTEM SHALL ALSO HAVE AN ET WEATHER BASED CONTROLLER AND BE DESIGNED AND INSTALLED BY A LICENSED IRRIGATOR.

MAINTENANCE REQUIREMENTS:
VEGETATION SHOULD BE INSPECTED REGULARLY TO ENSURE THAT PLANT MATERIAL IS ESTABLISHING PROPERLY AND REMAINS IN A HEALTHY GROWING CONDITION APPROPRIATE FOR THE SEASON. IF DAMAGED OR REMOVED, PLANTS MUST BE REPLACED BY A SIMILAR VARIETY AND SIZE.

MOWING, TRIMMING, EDGING AND SUPERVISION OF WATER APPLICATIONS SHALL BE THE RESPONSIBILITY OF THE CONTRACTOR UNTIL THE OWNER OR OWNER'S REPRESENTATIVE ACCEPTS AND ASSUMES REGULAR MAINTENANCE.

ALL LANDSCAPE AREAS SHOULD BE CLEANED AND KEPT FREE OF TRASH, DEBRIS, WEEDS AND OTHER MATERIAL.

MISCELLANEOUS MATERIALS:

STEEL EDGING SHALL BE 3/16" X 4 X 16' DARK GREEN DURAEDGE STEEL LANDSCAPE EDGING.

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 09/12/2017

APPLICANT: Greg Wallis; *Mershawn Architects*

AGENDA ITEM: **SP2017-025**; *Cornerstone Church*

SUMMARY:

Discuss and consider a request by Greg Wallis of Mershawn Architects on behalf of Doug Fox of Cornerstone Church for the approval of a site plan for a church on a six (6) acre parcel of land identified as Tract 4-07 of the N. Butler Survey, Abstract No. 20, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the 205 By-Pass Overlay (205 BY-OV) District, addressed as 1565 Airport Road, and take any action necessary.

PURPOSE AND BACKGROUND:

The applicant is requesting approval of a site plan for an ~21,598 SF *church* [*i.e. Cornerstone Church*]. The proposed church is situated on a six (6) acre tract of land [i.e. *Tract 4-07 of the N. Butler Survey, Abstract No. 20*] and is zoned Commercial (C) District. The site is situated within the 205 By-pass Overlay (SH-205 BY-OV) District and is addressed as 1565 Airport Road.

On July 6, 2015, the City Council approved a Specific Use Permit (SUP) [*Case No. Z2015-017*] (*SUP No. S-138*) to allow an *Outdoor Commercial Amusement/Recreation Facility* [*i.e. baseball training facility*] in a Commercial (C) District. Staff should note that the existing SUP for an *Outdoor Commercial Amusement/Recreation Facility* is subject to Subsection 4.4, *Abandonment, Expiration, and Revocation*, of Section 4, *Specific Use Permits*, of Article IV, *Permissible Uses*, of the Unified Development Code (UDC) [*i.e. Ordinance No. 17-17*] and will expire if not utilized by March 20, 2018.

DENSITY AND DIMENSIONAL REQUIREMENTS:

According to Section 1, *Land Use Schedule,* of Article IV, *Permissible Uses*, of the Unified Development Code (UDC), the proposed use *(i.e. a church*) is a use permitted *by-right* in a Commercial (C) District and will not require any additional approvals from the Planning and Zoning Commission. The submitted site plan, landscape plan, photometric plan, and building elevations conform to the technical requirements contained within the UDC and the 205 BY- OV District standards. A summary of the density and dimensional requirements of the subject property are as follows:

Ordinance Provisions	*Zoning District Standards*	*Conformance to the Standards*
Minimum Lot Area	*10,000 SF*	*X=261,360 SF; In Conformance*
Minimum Lot frontage	*60-Feet*	*X=597-Feet; In Conformance*
Minimum Lot Depth	*100-Feet*	*X=290-588-Feet; In Conformance*
Minimum Front Yard Setback	*15-Feet*	*X~90-Feet; In Conformance*
Minimum Rear Yard Setback	*10-Feet*	*X~130-Feet; In Conformance*
Minimum Side Yard Setback	*10-Feet*	*X=70-250-Feet; In Conformance*

Ordinance Provisions	*Zoning District Standards*	*Conformance to the Standards*
Maximum Building Height	*60-Ft w/o SUP*	*~37-Feet; In Conformance*
Max Building/Lot Coverage	*60%*	*X=16%; In Conformance*
Minimum Masonry Requirement	*90%*	*X= 100%; In Conformance*
Minimum Number of Parking Spaces	*148*	*197 Provided; In Conformance*
Minimum Stone Requirement (SH205 OV)	*20% ea facade*	*X=77-100%; In Conformance*
Minimum Landscaping Percentage	*15%*	*28%; In Conformance*
Maximum Impervious Coverage	*85-90%*	*X<85%; In Conformance*

VARIANCE:

According to Subsection C, *Architectural Standards*, of Section 6.10, *205 By-Pass Corridor Overlay (205 BY-OV) District*, of Article V, *District Development Standards*, of the Unified Development Code (UDC), stucco may not be located in the first four (4) feet above grade on a façade visible from a street or public open space. In this case, the applicant is proposing to utilize stucco within the first four (4) feet on the south elevation, which is visible from Airport Road. The UDC states that the City Council may grant a variance to this section where a unique or extraordinary conditions exists. Approval of any variance to the overlay district requirements requires a ¾ majority vote. The applicant has stated that the purpose of the variance is architectural/aesthetic.

ARCHITECTURAL REVIEW BOARD

On August 29, 2017, the Architectural Review Board (ARB) reviewed the submitted building elevations and made recommendation to approve the building elevations and variance with the condition that shrubs be planted in front of the areas where the stucco is in the first four (4) feet above grade.

RECOMMENDATIONS:

If the Planning & Zoning Commission chooses to approve the applicant's request then staff would recommend the following conditions of approval:

1) All comments provided by the Planning, Engineering and Fire Department must be addressed prior to the submittal of a building permit;

2) Any construction or building necessary to complete this *Site Plan* request must conform to the requirements set forth by the UDC, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

(8/24/2017 11:02 AM KB)
SP2017-025 Cornerstone Church Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 This is a request by Greg Wallis of Mershawn Architects on behalf of Doug Fox of Cornerstone Church for the approval of a site plan for a church on a six(6) acre parcel of land identified as Tract 4-07 of the N. Butler Survey, Abstract No. 20, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the 205 By-Pass Overlay (205 BY-OV) District, addressed as 1310 Summer Lee Drive.
I.2 For questions or comments concerning this case, please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.
M.3 For reference, include the case number (SP2017-025) in the lower right hand corner of all pages on future submittals.
M.4 Parking for a church is 1 per 4 seats not 1 per 3. You are only required 148 spaces.
M.5 Please provide a materials sample board.
M.6 Please provide the date on the site plan (lower left corner doesn't have the date)
M.7 Please provide dimensions of all walls on site plan
M.8 Please provide distance from building to each property line.
M.9 Please show location of fire hydrants
M.10 Please indicate sidewalks
M.11 Please show centerline of Airport Road.
M.12 Please show any median breaks in Airport Road
M.13 Please show dimension of a typical parking space
M.14 Please show how mechanical equipment will be screened (e.g. foot mounted screen by parapet)—show dashline where the equipment will be.—on building elevations
M.15 Please provide pervious vs. impervious data.
M.16 Please provide site data on photometric plan
M.17 Please indicate mounting height (I see a note on the plan, but I cannot see what it is referencing)
M.18 Please provide cut sheets for all lighting.
M.19 Please check lighting levels along the south and west property lines and try to get as close to 0.2 FC as possible
M.20 Please indicate which elevation faces Airport road on building elevations.
M.21 Please provide building materials percentages per façade.
M.22 Please indicate parapet height.
M.23 Please take a look at our vertical articulation requirements. As shown, this may require a variance to vertical articulation.
I.24 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested by September 5, 2017. The Planning and Zoning Worksession for this case is August 29, 2017. The Planning and Zoning Meeting is September 12.
I.25 The City Council meeting date, if necessary, is September 18, 2017
I.26 This site plan will be required to go to Architectural Review Board at 5:00 on the days of the Planning and Zoning worksession and meeting.

ARCHITECTS

City of Rockwall
Planning and Zoning Department
Ryan Miller AICP

August 9, 2017

Mr. Ryan,

We are respectfully requesting a variance of the zoning ordinance for the Cornerstone Church project.
The first item is to extend the stucco on the exterior wall below the 4'-0" restriction.
The second item is in regard to not meeting 100% of the articulation requirement.

Thank you for your consideration,

Greg Wallis
Mershawn Architects

A+ Capable Luminaire

This item is an A+ capable luminaire, which has been designed and tested to provide consistent color appearance and system-level interoperability.

- All configurations of this luminaire meet the Acuity Brands' specification for chromatic consistency
- This luminaire is A+ Certified when ordered with DTL® controls marked by a shaded background. DTL DLL equipped luminaires meet the A+ specification for luminaire to photocontrol interoperability1
- This luminaire is part of an A+ Certified solution for ROAM®X or XPoint™ Wireless control networks, providing out-of-the-box control compatibility with simple commissioning, when ordered with drivers and control options marked by a shaded background[1]

To learn more about A+, visit www.acuitybrands.com/aplus.

1. See ordering tree for details.
2. A+ Certified Solutions for ROAM require the order of one ROAM node per luminaire. Sold Separately: Link to Roam; Link to DTL DLL

A+ Capable options indicated by this color background.

NOTES
1 30 LEDs (30C option) and rotated options (L90 or R90) only available together.
2 AMBPC is not available with BLC, LCCO or RCCO.
3 Not available with HS or DDL.
4 MVOLT driver operates on any line voltage from 120-277V (50/60 Hz).
5 Single fuse (SF) requires 120V, 277V or 347V. Double fuse (DF) requires 208V, 240V or 480V.
6 Not available in 20C or 30C at 530mA. Not available with BL30, BL50 or PNMT options.
7 Existing drilled pole only. Available as a separate combination accessory; for retrofit use only: PUMBA (finish) U; 1.5 G vibration load rating per ANCI C136.31.
8 Must order fixture with SPA mounting. Must be ordered as a separate accessory; see Accessories information. For use with 2-3/8" mast arm (not included).
9 Photocell ordered and shipped as a separate line item from Acuity Brands Controls. See accessories. Shorting Cap included.
10 If ROAM® node required, it must be ordered and shipped as a separate line item from Acuity Brands Controls. Shorting Cap included.
11 DMG option for 347V or 480V requires 1000mA.
12 Reference Motion Sensor table on page 3.
13 Reference PER Table on page 3 to see functionality.
14 Requires (2) separately switched circuits.
15 Not available with 347V, 480V, PNMT, PIR1FC3V or PIRH1FC3V. For PER5 or PER7 see PER Table on page 3.
16 Not available with 347V, 480V, PNMT, PIR1FC3V or PIRH1FC3V. For PER5 or PER7 see PER Table on page 3. Separate Dusk to Dawn required.
17 Not available with other controls options.
18 Not available with BLC, LCCO and RCCO distribution. Also available as a separate accessory; see Accessories information.
19 Requires luminaire to be specified with PER option. See PER Table.
20 For retrofit use only.

Projected LED Lumen Maintenance

Data references the extrapolated performance projections for the platforms noted in a **25°C ambient**, based on 10,000 hours of LED testing (tested per IESNA LM-80-08 and projected per IESNA TM-21-11).

To calculate LLF, use the lumen maintenance factor that corresponds to the desired number of operating hours below. For other lumen maintenance values, contact factory.

Operating Hours	0	25,000	50,000	100,000
Lumen Maintenance Factor	DSX0 LED 20C 1000			
	1	0.98	0.96	0.93
	DSX0 LED 40C 1000			
	1	0.98	0.95	0.90
	DSX0 LED 40C 700			
	1	0.99	0.99	0.99

Motion Sensor Default Settings						
Option	Dimmed State	High Level (when triggered)	Photocell Operation	Dwell Time	Ramp-up Time	Ramp-down Time
PIR or PIRH	3V (37%) Output	10V (100%) Output	Enabled @ 5FC	5 min	3 sec	5 min
*PIR1FC3V or PIRH1FC3V	3V (37%) Output	10V (100%) Output	Enabled @ 1FC	5 min	3 sec	5 min
*for use with Inline Dusk to Dawn or timer.

FEATURES & SPECIFICATIONS

INTENDED USE
The sleek design of the D-Series Size 0 reflects the embedded high performance LED technology. It is ideal for many commercial and municipal applications, such as parking lots, plazas, campuses, and pedestrian areas.

CONSTRUCTION
Single-piece die-cast aluminum housing has integral heat sink fins to optimize thermal management through conductive and convective cooling. Modular design allows for ease of maintenance and future light engine upgrades. The LED driver is mounted in direct contact with the casting to promote low operating temperature and long life. Housing is completely sealed against moisture and environmental contaminants (IP65). Low EPA (0.95 ft^2) for optimized pole wind loading.

FINISH
Exterior parts are protected by a zinc-infused Super Durable TGIC thermoset powder coat finish that provides superior resistance to corrosion and weathering. A tightly controlled multi-stage process ensures a minimum 3 mils thickness for a finish that can withstand extreme climate changes without cracking or peeling. Available in both textured and non-textured finishes.

OPTICS
Precision-molded proprietary acrylic lenses are engineered for superior area lighting distribution, uniformity, and pole spacing. Light engines are available in 3000 K, 4000 K or 5000 K (70 CRI) or optional 3000 K (70 minimum CRI) or 5000 K (70 CRI) configurations. The D-Series Size 0 has zero uplight and qualifies as a Nighttime Friendly™ product, meaning it is consistent with the LEED® and Green Globes™ criteria for eliminating wasteful uplight.

ELECTRICAL
Light engine(s) configurations consist of 20, 30 or 40 high-efficacy LEDs mounted to metal-core circuit boards to maximize heat dissipation and promote long life (up to L99/100,000 hours at 25°C). Class 1 electronic drivers are designed to have a power factor >90%, THD <20%, and an expected life of 100,000 hours with <1% failure rate. Easily serviceable 10kV or 6kV surge protection device meets a minimum Category C Low operation (per ANSI/IEEE C62.41.2).

INSTALLATION
Included mounting block and integral arm facilitate quick and easy installation. Stainless steel bolts fasten the mounting block securely to poles and walls, enabling the D-Series Size 0 to withstand up to a 3.0 G vibration load rating per ANSI C136.31. The D-Series Size 0 utilizes the AERIS™ series pole drilling pattern (template #8). Optional terminal block and NEMA photocontrol receptacle are also available.

LISTINGS
UL Listed for wet locations. Light engines are IP66 rated; luminaire is IP65 rated. Rated for -40°C minimum ambient. U.S. Patent No. D672,492 S. International patent pending.

DesignLights Consortium® (DLC) qualified product. Not all versions of this product may be DLC qualified. Please check the DLC Qualified Products List at www.designlights.org to confirm which versions are qualified.

International Dark-Sky Association (IDA) Fixture Seal of Approval (FSA) is available for all products on all products on this page utilizing 3000K color temperature only.

WARRANTY
5-year limited warranty. Complete warranty terms located at:
www.acuitybrands.com/CustomerResources/Terms_and_conditions.aspx

Note: Actual performance may differ as a result of end-user environment and application. All values are design or typical values, measured under laboratory conditions at 25 °C. Specifications subject to change without notice.

FEATURES & SPECIFICATIONS

INTENDED USE — Square Straight Steel is a general purpose light pole for up to 39-foot mounting heights. This pole provides a robust yet cost effective option for mounting area lights and floodlights.

CONSTRUCTION — **Pole Shaft:** The pole shaft is of uniform dimension and wall thickness and is made of a weldable-grade, hot-rolled, commercial-quality steel tubing with a minimum yield of 55 KSI (11-gauge, .1196"), or 50 KSI (7-gauge, .1793"). Shaft is one-piece with a full-length longitudinal high-frequency electric resistance weld. Uniformly square in cross-section with flat sides, small corner radii and excellent torsional qualities. Available shaft widths are 4", 5" and 6".

Pole Top: A top cap is provided for all poles that will receive drilling patterns for side-mount luminaire arm assemblies or when ordered with PT option.

Handhole: A reinforced handhole with grounding provision is provided at 18" from the base. Positioning the handhole lower may not be possible and requires engineering review; consult Tech Support-Outdoor for further information. Every handhole includes a cover and cover attachment hardware. The handhole has a nominal dimension of 2.5" x 5".

Base Cover: A durable ABS plastic two-piece full base cover, finished to match the pole, is provided with each pole assembly. Additional base cover options are available upon request.

Anchor Base/ Bolts: Anchor base is fabricated from steel that meets ASTM A36 standards and can be altered to match existing foundations; consult factory for modifications. Anchor bolts are manufactured to ASTM F1554 Standards grade 55, (55 KSI minimum yield strength and tensile strength of 75-95 KSI). Top threaded portion (nominal 12") is hot-dipped galvanized per ASTM A-153.

HARDWARE – All structural fasteners are high-strength galvanized carbon steel. All non-structural fasteners are galvanized or zinc-plated carbon steel or stainless steel.

FINISH – Standard powder-coat finishes include Dark Bronze, White, Black, Medium Bronze and Natural Aluminum colors. Classic finishes include Sandstone, Charcoal Gray, Tennis Green, Bright Red and Steel Blue colors. Architectural Colors and Special Finishes are available by quote and include, but are not limited to Hot-dipped Galvanized, Paint over Hot-dipped Galvanized, RAL Colors, Custom Colors and Extended Warranty Finishes. Factory-applied primer paint finish is available for customer field-paint applications.

WARRANTY — 1-year limited warranty. Complete warranty terms located at:
www.acuitybrands.com/CustomerResources/Terms_and_conditions.aspx

NOTE: Actual performance may differ as a result of end-user environment and application.
Specifications subject to change without notice.

SSS Square Straight Steel Poles

NOTES:

1. Wall thickness will be signified with a "C" (11 Gauge) or a "G" (7-gauge) in nomenclature. "C" - 0.1196" | "G" - 0.1793".
2. PT open top poles include top cap. When ordering tenon mounting and drill mounting for the same pole, follow this example: DM28/T20. The combination includes a required extra handhole.
3. The drilling template pattern to be used for a particular luminaire depends on the luminaire that is used. Refer to the Technical Data Section of the Outdoor Binder for Drilling Templates.
   Matrix with Generic Template Link at http://www.acuitybrands.com/-/media/Files/Acuity/Resources/Tools-and-Documents/Pole%20Resources/Pole%20Anchorage/Matrix%20Document/AnchorBoltMatrix.pdf?la=en
4. Insert "1" or "2" to designate fixture size; e.g. DM19AST**2**.
5. Specify location and orientation when ordering option.
   For "x": Specify the height above the base of pole in feet or feet and inches; separate feet and inches with a "-".
   Example: 5ft = 5 and 20ft 3in = 20-3
   For "y": Specify orientation from handhole (A,B,C,D)
   Refer to the Handhole Orientation diagram below.
   Example: 1/2" coupling at 5'8 ", orientation C = CPL12/5-8C
6. Horizontal arm is 18" x 2-3/8" O.D. tenon standard, with radius curve providing 12" rise and 2-3/8" O.D..
7. Combination of tenon-top and drill mount includes extra handhole.
8. Must add original order number of existing pole(s).
9. Use when mill certifications are required.
10. Provides enhanced corrosion resistance.
11. Additional colors available; see www.lithonia.com/archcolors or Architectural Colors brochure (Form No. 794.3). Available by formal quote only, consult factory for details.

IMPORTANT INSTALLATION NOTES:

- **Do not** erect poles without having fixtures installed.
- Factory-supplied templates must be used when setting anchor bolts. Lithonia Lighting will not accept claim for incorrect anchorage placement due to failure to use Lithonia Lighting factory templates.
- If poles are stored outside, all protective wrapping must be removed immediately upon delivery to prevent finish damage.
- Lithonia Lighting is not responsible for the foundation design.

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 09/12/2017

APPLICANT: Spencer Byington of *SWBC Real Estate, LLC*

AGENDA ITEM: **SP2017-027;** *Site Plan for SWBC Apartment Complex*

SUMMARY:

Discuss and consider a request by Spencer Byington of SWBC Real Estate, LLC on behalf of the owner Robert Lamberth of Pneuma Ventures, LTD for the approval of a site plan for a multi-family apartment complex on a 42.555-acre tract of land identified as Tract 1-4 of the J. M. Allen Survey, Abstract No. 2, City of Rockwall, Rockwall County, Texas, zoned Planned Development 83 (PD-83) District, situated within the SH-205 By-Pass Overlay (205 BY-OV) District, located east of the intersection of Discovery Boulevard and John King Boulevard, and take any action necessary.

PURPOSE:

On August 17, 2017, the applicant submitted an application for a site plan showing the proposed layout for a 590-unit multi-family apartment complex that will be developed on a 42.555-acre tract of land. The development will be constructed in two (2) phases of 295 units each. The subject property is situated within the SH-205 By-Pass OV, east of the intersection of Discovery Boulevard and John King Boulevard and is zoned *Light Industrial (LI) District*.

DENSITY AND DIMENSIONAL REQUIREMENTS:

According to Planned Development District 83 (*PD-83*), the proposed use (*i.e. multi-family apartment complex*) is permitted in compliance with the standards established by Ordinance 17-18, and will not require any additional approvals by the Planning and Zoning Commission or City Council. The submitted site plan, open space master plan, building elevations, landscape plan, treescape plan, and photometric plan conform to the technical requirements contained within the Unified Development Code (UDC) and Planned Development District 83 (PD-83), with the exception of the items listed in the *Recommendation* section of this case memo. The following is a summary of the density and dimensional requirements for the subject property.

Ordinance Provisions	*Zoning District Standards*	*Conformance to the Standards*
Minimum Lot Width	*60-feet*	*x>60-ft; In Conformance*
Minimum Lot Depth	*100-feet*	*x>100-ft; In Conformance*
Minimum Lot Area	*10,000 SF*	*x>10,000 SF; In Conformance*
Minimum Front Yard Setback	*25-feet*	*x> 25-ft; In Conformance*
Minimum Rear Yard Setback	*10-feet*	*x>10-ft: In Conformance*
Minimum Side Yard Setback	*10-feet*	*x>10-ft; In Conformance*
Minimum Separation Between Buildings	*20-Ft*	*x<60; In Conformance*
Max Building/Lot Coverage	*45%*	*x<45%; In Conformance*
Minimum Masonry Requirement	*90%*	*x>90%; In Conformance*
Maximum Building Height	*60-ft*	*x<60-ft; In Conformance*
Minimum Number of Parking Spaces	*1,064*	*1,064 Provided; In Conformance*
Minimum Stone Requirement (SH205 OV)	*20% ea facade*	*x>20%; Natural Stone*
Minimum Landscaping Percentage	*20%*	*x=20.49%; In Conformance*
Maximum Impervious Coverage	*85 to 90%*	*<85%; In Conformance*

TREESCAPE PLAN:

The applicant has provided a treescape plan and tree survey indicating the area to be primarily covered with non-protected trees (*i.e. cedar and hackberry trees*) that are 10.5 inches or less. According to Section 3, *Definitions – Protected tree,* of Article IX, *Tree Preservation*, of the Unified Development Code (*UDC*) …Hackberry and Cedar trees that are less than 11 inches dbh shall not be considered a protected tree. The applicant has indicated to staff that the land had previously been used as a ranch for grazing and has provided several aerial images of tree canopy coverage dating back as early as 1996. The aerial images (*for years 1996, 2001, 2005, and 2010*) provide chronological data depicting a transformation of the property from virtually no trees to its current state of coverage. Based on staff's conversation with the landscape architect, a site visit viewing the trees from rights-of-way and adjacent properties, staff is of the opinion that most of the trees on this site are non-protected cedar trees and is in agreement with the registered landscape architects professional assessment of the site. This means that tree mitigation will be satisfied by the proposed landscape plan, and no mitigation will be required.

ARCHITECTURAL REVIEW BOARD RECOMMENDATION:

On August 29, 2017, the Architectural Review Board (ARB) reviewed the submitted building elevations. The ARB made recommendations to the applicant to come back with a design that better conforms to the approved conceptual elevations. Specifically, the ARB was concerned about the lack of detail and a reduction of the architectural elements (*e.g. exposed rafters, balconies with railings, etc*.) depicted in the proposed building elevations. The ARB will forward a recommendation to the Planning and Zoning Commission on September 12, 2017.

PARKS BOARD RECOMMENDATION:

On September 6, 2017, the Parks Board approved a recommendation to assess the project fees based on the requirements for a property in Park District No. 31; however, the property is actually situated within Park District No. 25. This means that the fees being recommended by the Parks Board are incorrect and will need to be reassessed at the time of final plat. As part of this case the applicant is being permitted to use the fees to provide amenity within the proposed development. To verify that the amenity package is equal to the assessed fees the applicant will need to submit a detailed open space master plan outlining the proposed amenity package and corresponding cost.

RECOMMENDATIONS:

Should the Planning and Zoning Commission choose to approve the site plan and recommend approval of the open space master plan, staff would offer the following conditions of approval:

1) All staff comments provided by the Planning, Engineering and Fire Department must be addressed prior to the submittal of a building permit.

2) The development shall be required to adhere to the fees and any other recommendations that will be reassessed by the Parks Board at the time of final plat.

3) Any construction or building necessary to complete this Site Plan request must conform to the requirements set forth by the UDC, the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

(8/23/2017 2:26 PM KC) -Must meet and adhere to all Fire Code requirements. -Buildings or portions of buildings or facilities three or more stories or 30-feet or more in height above the lowest level of fire department vehicle access shall be provided with a fire lane a minimum of 15-feet to a maximum of 30-feet from the building and shall be positioned parallel to one entire side of the building. -Approved fire apparatus access roads shall extend to within 250 feet of all portions of the facility and all portions of the exterior walls of the first story of the building as measured by an approved route around the exterior of the building or facility. - Where a portion of the facility or building hereafter constructed within the jurisdiction is more than 600 feet from a hydrant on a fire apparatus access road, as measured by an approved route around the exterior of the facility or building, on-site fire hydrants and mains shall be provided where required by the fire code official. -Buildings over 5,000 sqft shall be equipped throughout with an approved automatic sprinkler system installed in accordance with NFPA. - The proposed location of the Fire Department Connection (FDC) shall be indicated on the plans. The FDC is required to be along the fire lane and within 100-feet as the hose lays, of a fire hydrant. -A minimum of a 5-foot wide sidewalk or other approved “all-weather” pathway shall be provided from the fire lane to the FDC. Parking/loading spaces are not considered a clear pathway. - Underground fire line piping shall have a 10-foot minimum separation from all other utilities and placed in a separate trench. Underground piping within 5-feet of the building may be combined with other utilities for entrance into the building. -Knox Boxes will be required on every building located at the riser room door. -Gates shall not obstructed fire apparatus access roads in any manner. The minimum widths and clearances established shall be maintained at alltimes. Gates shall open electromechanically using the Overhead Door Company Emergency Ingress System radio receiver.A manual back-up system shall be accessible on the entry side of the gate to allow access through the gate in the event of a power failure, or other failure of the electromechanical system. a) On swing gates and barrier arms, this system shall be designed: To open manually by one person removing the Knox padlock and/or pin that is secured in the gate arm. Knox padlock shall be clearly visible and easily accessible from the entry side of the gate. b) On slide gate, this system shall be designed: Open manually by one person utilizing an approved single manual release device. The manual release device shall be within 10 feet of the gate in a location that is clearly visible and is easily accessible from the entry side of the gate. Manual release device shall be located in a fire department approved weatherproof Box.

(8/22/2017 9:04 AM LS) Address assignment will be 2300 DISCOVERY BLVD, ROCKWALL, TX 75032 Please submit apartment unit address scheme drawing following the standards below: Section 6. Multiple-unit buildings. (b) Unit / Suite /Apartment numbers. Each unit in each multiple-unit building shall be assigned a single unit / suite / apartment number, and each unit / suite number / apartment shall be assigned based on the following rules: 1) Unit numbers should be sequenced and patterned in a logical, systematic, and intuitively clear way. 2) Increment and assign unit numbers in one single, continuous sweep for the entire building and / or site. This includes multiple building sites and means that each unit number will be unique on the whole site. Avoid oscillating back and forth across the building and / or site. 3) If there are ninety-nine (99) or fewer units on each floor of a multiple-unit building, then each unit will be assigned a three-digit unit number with the first digit representing the number of the floor on which the unit is located and the number represented by the final two digits being different from the number assigned to any other unit on the same floor. For example, the first-floor units will be assigned a unit number between 101 and 199; the second-floor units (if any) will be assigned a unit number between 201 and 299, and so forth. 4) If there are more than ninety-nine (99) units on any one floor of a multiple-unit building, then each unit will be assigned a four-digit unit number with the first digit representing the number of the floor on which the unit is located and the number represented by the final three digits being different from the number assigned to any other unit on the same floor. For example, the first-floor units will be assigned a unit number between 1001 and 1999; the second-floor units (if any) will be assigned a unit number between 2001 and 2999, and so forth. 5) Assignment of unit numbers shall take into consideration the potential for future additional space divisions, and numbers may be skipped in order to provide for such potential additions, although sequential order shall be maintained in assigning unit numbers. 6) Rooms intended and used for a primary purpose other than human occupancy, such as custodial closets, housekeeping rooms, utility closets, etc., shall be identified with a simple description and shall not be assigned a unit number. 7) Building letter or number (if required). Each building within a multiple-building complex shall be assigned a single building letter or number that is unique within that multiple-building complex. Said building letters / numbers shall be in consecutive order (e.g. Building A, B C, - 1, 2, 3, etc.) from front of complex to the rear of complex. Wherever possible, the main approved addressed entrance shall be located at the clubhouse, leasing building and/or main building and said building will be identified as Building #A or Building #1.

Discuss and consider a request by Spencer Byington of SWBC Real Estate, LLC on behalf of the owner Robert Lambreth of Pneuma Ventures, LTD for the approval of a site plan for a multi-family apartment complex on a 42.555-acre tract of land identified as Tract 1-4 of the J. M. Allen Survey, Abstract No. 2, City of Rockwall, Rockwall County, Texas, zoned Planned Development 83 (PD-83) District, situated within the SH-205 By-Pass Overlay (205 BY-OV) District, located east of the intersection of Discovery Boulevard and John King Boulevard, and take any action necessary.

The following staff comments are to be addressed and resubmitted no later than Tuesday, September 5, 2017. Please provide three large copies [24" X 36" FOLDED] and one PDF version for a subsequent review by staff:

Planning Department General Comments to be addressed:

1. Adherence to Engineering and Fire Department standards shall be required.
2. Submittal and approval of a Civil Engineering Plans and Final Plat prior to issuance of building permits. As a note, plat mylars must be received for filing purposes prior to release of any building permits.
3. Label site plan documents with "Case No. SP2017-027" at the lower right corner of each revised plan.
4. Provide adjacent property owner information on all (revised) plans.
5. Provide street label (i.e. Discovery Blvd.) on all (revised) plans.
6. Per PD Ordinance, provide all data [Phase I & Phase II (i.e. legends, site data, tabulations, parking, tree data, etc.)] on each plan submitted for the entire property.

VARIANCES TO BE CONSIDERED BY THE CITY COUNCIL AND PLANNING COMMISSION:

1. A variance the Architectural Requirements of PD-83 to allow Building 'D' to have less than 20% natural or quarried stone on each building facade. This variance requires approval by a 3/4 majority vote of the City Council.

2. A variance under Sec. 6.10, C.1.a, of Article V, of the UDC per the PD-83 to allow for a cultured stone product meeting thestandards as prescribed within this overlay district. The Planning and Zoning Commission may consider the use of high quality manufactured or cultured stone if the following standards of manufacturing and warranty apply to the product;

a) That the manufacturing molds should be made from actual stones and each piece should complement each other having the right shape, texture, size and detail of natural stone;

b) That the overtones of color should be integrated into the stone during the molding process, while the base color of the stone is blended entirely throughout;

c) That highly skilled artisans should be utilized to hand paint each piece in order to give each stone depth and variation of color;

d) That the use of the highest quality synthetic mineral oxides should be used to infuse the surface with rich, authentic tones; and

e)That the manufactured stone product shall have a minimum warranty of 75 years.

** This variance requires approval by the Planning and Zoning Commission. **

Please address the following Planning Comments for each plan submitted:

PD Site Plan:
1. Label and dimension (ROW width) Discovery Blvd.
2. Use a heavier scaled line for property boundary or lighten up building footprint, improvements, etc.
3. Indicate, dimension, and label all hardscape elements (sidewalks, trail systems, etc.) within the development.
4. Parking data and tabulations are to include both phases of the development.
5. Where are HVAC units located? See screening requirements in PD and provide appropriate screening for all units.
6. Indicate screening fence and provide detail.
7. Label and dimension all easements (i.e. firelane, public access, utility, drainage & detension, etc.)
8. Label all trash receptacles and provide detail of dumpster enclosure -- minimum 8-ft enclosures walls with exterior walls matching the primary structure and a self latching gate mechanism.
9. Are there any recycle trash receptacles? If any, where are they located?
10. Indicate and label a minimum 20-ft landscape buffer along Discovery Blvd.
11. Indicate and lable a minimum 10-ft building setback line for the eastern property line.
12. Unit Tabulation chart: calculate and provide the overall average square footage per unit Total.
13. Unit Tabulation and Parking Tabulation charts need to indicate numbers for each phase of the development.

Landscape Plan:

1. Provide Tree Data Table: 1) indicate tree type for each tree (canopy and accent). 2) indicate tree size being planted (3", 4", 4-ft tall, etc.), 3) indicate the number of each type tree provided.
2. Indicate and label all ground mounted mechanical equipement (i.e. HVAC units) and provide screening detail for each unit.
3. Provide a lighter gray scale for the building footprints and improvments so as to highlight trees being planted.
4. Provide a label indicating a minimum 20-ft landscape buffer along Discovery Blvd
5. Correct OPEN SPACE CHART and include A) 50% FLOODPLAIN = 185,130 S.F, and B) CALCULATED OPEN SPACE = 490,408 S.F
6. Correct language for BUFFER LANDSCAPE to indicate REQUIRED: A minimum "20-foot" landscape street buffer shall be required along Discovery Blvd street frontage.
7. Based on the total number of parking spaces, a minimum of 1 canopy tree for each 10 parking spaces is required to be planted within the development (no required parking space may be located more than 80-ft from a large canopy tree) that is internal to the parking lot. 101 large canopy trees required. Provide a data table with tree type and size meeting this requirement.

Treescape (tree survey) Plan:

1. Treescape (tree survey) plan is incomplete. Must show all trees on site (identifying number, type, caliper inch, whether being removed or saved, and include on mitigation chart).
2. Remove or indicate as ghost lines the layer for all improvements (i.e. parking lot, building footprint, improvements, etc.).
3. Mititation chart should have at a minimumall the information listed in No. 1 noted above and include totals for inches saved, removed, and mitigation balance.

Photometric Plan:

1. Light levels along the southern and eastern property exceed 0.2-FC. Adjust lighting to meet the maximum intensity of 0.2-FC at the property lines for the development. All lighting fixtures are to be directed down and shielded with a maximum one-inch reveal in order to control glare.

2. Provide cut sheets for all exterior lighting fixtures and poles.
3. Maximum overall height of light poles not to exceed 20-ft based on overlay district standards (205 BY-OV).

Building Elevations:

1. ARB recommendation forwarded to the Planning and Zoning Commission required.
2. Provide elevations for the Clubhouse (visible from Discovery Blvd.)
3. Building 'D' requries a variance to the minimum stone requriement per the PD ordinance. All building facades require a minimum of 20% natural or quarried stone. See above.
4. Variance the to allow for cultured stone rather than a natural or quarried stone product. See above.

Open Space Master Plan:
1. To be considered by the Parks Board on September 6, 2017 with their recommendation forwarded to the City Council for approval.
2. Provide a legend for all amenties and label (i.e. clubhouse, pool, trails, etc.).
3. Indicate screening fence along perimeter of property as per PD-83 requirements.
4. Provide a stree label for Discovery Blvd.
5. Provide adjacent property owner information.
6. Provide a list of what amenities will be available for the park area and where located.

The following are scheduled meeting dates that you and/or your representative(s) are required to attend regarding the PD Site Plan request. If you have any quesitons regarding this case, please feel free to contact David Gonzales, AICPwith the Planning Department at 972-771-7745 or e-mail dgonzales@rockwall.com

Meeting Dates to Attend:

Architectural Review Board: August 29, 2017 (5:00p.m.)[To provide recommendations to applicant]
Planning - Work Session: August 29, 2017 (6:00p.m.) [Applicant to present/discuss project to P&Z]

Parks Board: September 6, 2017 (6:00p.m.) [To provide recommendations to applicant/P&Z]

Architectural Review Board: September 12, 2017 (5:00p.m.) [To provide recommendations to applicant/P&Z]
Planning - Action: September 12, 2017 (6:00p.m.) [P&Z to take action (i.e. approve, approve with conditions, deny)]

City Council - Action: September 18, 2017 (6:00 p.m.) [FOR VARIANCE AND EXCEPTION REQUESTS ONLY]

- 4% ENGINEERING INSPECTION FEES
- IMPACT FEES
- DETENTION IS REQUIRED, NOT ALLOWED IN FLOOD PLAIN.
- OFF SITE SEWER & LIFT STATION UPGRADES REQUIRED (INCLUDING BUT NOT LIMITED TO A 15" & 18" GRAVITY SEWER, & MIMS LIFT STATION UPGRADE)
- ON SITE SEWER UPGRADES (UP-SIZING A 10" TO 15" & 8" TO 10") REQUIRED
- PROPERTY OWNER WILL BE RESPONSIBLE FOR MAINTAINING, REPAIR, & REPLACEMENT OF THE DETENTION & DRAINAGE SYSTEMS.
- MINIMUM UTILITY & DRAINAGE EASEMENT WIDTHS ARE 20'.
- ALL DEAD END PARKING TO HAVE A 15'x24' TURNAROUND AREA. (NO PARKING AREA TO BE INFORCED)
- ALL DRIVE AISLE TO BE A MINIMUM OF 24' WIDE.
- ADHERENCE TO ENGINEERING & FIRE DEPARTMENT STANDARDS SHALL BE REQUIRED.
- MUST MEET & ADHERE TO ALL FIRE CODE REQUIREMENTS.
- BUILDINGS OR PORTIONS OF BUILDINGS OR FACILITIES THREE OR MORE STORIES OR 30' OR MORE IN HEIGHT ABOVE THE LOWEST LEVEL OF THE FIRE DEPARTMENT VEHICLE ACCESS SHALL BE PROVIDED WITH A 24' FIRELANE A MIN OF 15' TO A MAX OF 30' FROM THE BUILDING & SHALL BE POSITIONED PARALLEL TO ONE ENTIRE SIDE OF THE BUILDING.
- APPROVED FIRE APPARATUS ACCESS ROADS SHALL EXTEND TO WITHIN 250' OF ALL PORTIONS OR THE FACILITY & ALL PORTIONS OF THE EXTERIOR WALLS OF THE FIRST STORY OF THE BUILDING AS MEASURED BY AN APPROVED ROUTE AROUND THE EXTERIOR OF THE BUILDING OR FACILITY.
- WHERE A PORTION OF THE FACILITY OR BUILDING HEREAFTER CONSTRUCTED WITHIN THE JURISDICTION IS MORE THAN 600' FROM A HYDRANT ON A FIRE APPARATUS ACCESS ROAD, AS MEASURED BY AN APPROVED ROUTE AROUND THE EXTERIOR OF THE FACILITY OR BUILDING, ON-SITE FIRE HYDRANTS & MAINS SHALL BE PROVIDED WHERE REQUIRED BY THE FIRE CODE OFFICIAL.
- BUILDINGS OVER 5,000 SF SHALL BE EQUIPPED THROUGHOUT WITH AN APPROVED AUTOMATIC SPRINKLER SYSTEM INSTALLED IN ACCORDANCE WITH NFPA.
- THE PROPOSED LOCATION OF THE FIRE DEPARTMENT CONNECTION (FDC) SHALL BE INDICATED ON THE PLANS. THE FDC IS REQUIRED TO BE ALONG THE 24' FIRELANE & WITHIN 100' AS THE HOSE LAYS, OF A FIRE HYDRANT.
- A MIN OF 5' WIDE SIDEWALK SHALL BE PROVIDED FROM THE 24' FIRELANE TO THE FDC. PARKING SPACES ARE NOT CONSIDERED A CLEAR PATHWAY.
-UNDERGROUND FIRE LINE PIPING SHALL HAVE A 10' MIN SEPERATION FROM ALL OTHER UTILITIES IN A SEPARATE TRENCH. UNDERGROUND PIPING WITHIN 5' OF THE BUILDING MAY BE COMBINED WITH OTHER UTILITIES FOR ENTRANCE INTO THE BUILDING.
- KNOX BOXES WILL BE REQUIRED ON EVERY BUILDING LOCATED AT THE RISER ROOM DOOR.
- GATES SHALL NOT OBSTRUCTE FIRE APPARATUS ACCESS ROADS IN ANY MANNER. THE MIN WIDTHS & CLEARANCES ESTABLISHED SHALL BE MAINTAINED AT ALL TIMES. GATES SHALL OPEN ELECTROMECHANICALLY USING THE OVERHEAD DOOR COMPANY EMERGENCY INGRESS SYSTEM RADIO RECEIVER. A MANUAL BACK-UP SYSTEM SHALL BE ACCESSIBLE ON THE ENTRY SIDE OF THE GATE TO ALLOW ACCESS THROUGH THE GATE IN THE EVENT OF A POWER FAILURE, OR OTHER FAILURE OF THE ELECTROMECHANICAL SYSTEM. THE SYSTEM SHALL BE DESIGNED TO OPEN MANUALLY BY ONE PERSON UTILIZING AN APPROVED SINGLE MANUAL RELEASE DEVICE. THE MANUAL RELEASE DEVICE SHALL BE WITHIN 10' OF THE GATE IN A LOCATION CLEARLY VISIBLE & IS EASILY ACCESSIBLE FROM THE ENTRY SIDE OF THE GATE. & BE LOCATED IN A FIRE DEPARTMENT APPROVED WEATHERPROOF BOX.
- HVAC UNITS TO BE SCREENED BY LANDSCAPING AND MECHANICAL WELLS.

TOTAL SITE SF = 1,853,313
FLOODPLAIN SF = 346,25 / 50% = 173,130
LANDSCAPE AREA = 305,278

TOTAL SITE(1,853,313) x 20% REQUIRED OPEN SPACE = 370,662 SF

50% FLOODPLAIN(173,130) + LANDSCAPE AREA(305,278) = 478,408 SF OF OPEN SPACE

LANDSCAPE ORDINANCE

CITY OF ROCKWALL

Final landscape plan will meet all City of Rockwall development ordinances.
All landscape will be maintained according to city standards.
All required landscape will be 100% watered by an underground irrigation system.

SITE LANDSCAPE
REQUIRED: All canopy/Shade trees planted within this development shall be a minimum of 4 caliper inches in size and all Accent/Ornamental trees shall be a minimum of 4 feet in total height.
PROVIDED: All canopy trees are 4 caliper inches
REQUIRED: A minimum of 20% (8.5 acres) open space. Floodplain acreage my comay count for up to 50% of the 20% open space requirement.
PROVIDED: 10% Floodplain + 16.5% Landscaped area = 26.5% Open Space

BUFFER LANDSCAPE
REQUIRED: A minimum 20' landscape street buffer shall be required along Discovery Blvd. street frontage.
PROVIDED: 20' landscape buffer

REQUIRED: Three large shade 3 and 2 small ornamental trees shall be required per 100 linear feet of street buffer frontage. Discovery Boulevard : 942 lf. of street frontage / 100 lf. = 28 canopy trees and 19 ornamental trees.
PROVIDED: 28 canopy trees + 19 ornamental trees

PARKING LANDSCAPE
REQUIRED: Any parking lot with more than two rows of spaces shall have a minimum of five spaces or 200 feet, whichever is greater, in the interior of the parking lot in landscaping. Such landscaping shall be counted toward the total landscape requirement.
REQUIRED: If the parking and maneuvering space exceeds 20,000 SF, one large canopy tree for every ten spaces.
80 parking spaces x 16 sq. ft. = 1280 sq. ft.
PROVIDED: 4,120 sq. ft. of landscape and 1 shade tree with in 80 feet of every parking space.

REQUIRED: Min. 1 canopy tree per 10 parking spaces planted internal to parking lot. Each parking stall shall be located no greater than 80' from a canopy tree. Phase 1 parking = 532 Phase 2 parking = 532 Total = 1064 parking spaces. 106 canopy trees required.
PROVIDED: (204) 3" canopy trees and (20) ornamental trees.

Introduction

The D-Series LED Bollard is a stylish, energy-saving, long-life solution designed to perform the way a bollard should—with zero uplight. An optical leap forward, this full cut-off luminaire will meet the most stringent of lighting codes. The D-Series LED Bollard's rugged construction, durable finish and long-lasting LEDs will provide years of maintenance-free service.

Specifications

Diameter: 8" Round *(20.3 cm)*

Height: 42" *(106.7 cm)*

Weight (max): 27 lbs *(12.25 kg)*

MRAB U Anchor bolts for DSXB [8]

NOTES

1. Only available in the 12C, ASY version.
2. Only available in the 16C, SYM version.
3. Only available with 450 AMBLW version.
4. Not available with ELCW.
5. MVOLT driver operates on any line voltage from 120-277V (50/60 Hz). Specify 120, 208, 240 or 277 options only when ordering with fusing (SF, DF options), or photocontrol (PE option).
6. Not available with 347V. Not available with fusing. Not available with 450 AMBLW.
7. Single fuse (SF) requires 120, 277, or 347 voltage option. Double fuse (DF) requires 208 or 240 voltage option.
8. MRAB U not available with L/AB4 option.

Performance Data

Lumen values are from photometric tests performed in accordance with IESNA LM-79-08. Data is considered to be representative of the configurations shown, within the tolerances allowed by Lighting Facts. Actual performance may differ as a result of end-user environment and application. Actual wattage may differ by +/- 8% when operating between 120-480V +/- 10%.

Light Engines	Drive Current	System Watts	3000 K					4000 K					5000 K					Limited Wavelength Amber				
			Lumens	LPW	B	U	G	Lumens	LPW	B	U	G	Lumens	LPW	B	U	G	Lumens	LPW	B	U	G
Asymmetric (12 LEDs)	350	16	1,194	75	1	0	1	1,283	80	1	0	1	1,291	81	1	0	1					
	530	22	1,719	78	1	0	1	1,847	84	1	0	1	1,859	85	1	0	1					
	700	31	2,173	70	1	0	1	2,335	75	1	0	1	2,349	76	1	0	1					
	Amber 450	16																348	22	1	0	1
Symmetric (16 LEDs)	350	20	1,558	78	1	0	0	1,674	84	1	0	0	1,685	84	1	0	0					
	530	28	2,232	80	2	0	1	2,397	86	2	0	1	2,412	86	2	0	1					
	700	39	2,802	72	2	0	1	3,009	77	2	0	1	3,028	78	2	0	1					
	Amber 450	20																419	21	1	0	1

Note: Available with phosphor-converted amber LED's (nomenclature AMBPC). These LED's produce light with 97+% >530 nm. Output can be calculated by applying a 0.7 factor to 4000 K lumen values and photometric files.

Projected LED Lumen Maintenance

Data references the extrapolated performance projections for the platforms noted in a **25°C ambient**, based on 10,000 hours of LED testing (tested per IESNA LM-80-08 and projected per IESNA TM-21-11).

To calculate LLF, use the lumen maintenance factor that corresponds to the desired number of operating hours below. For other lumen maintenance values, contact factory.

Operating Hours	0	25,000	50,000	100,000
Lumen Maintenance Factor	1.00	0.98	0.97	0.95

FEATURES & SPECIFICATIONS

INTENDED USE
The rugged construction and maintenance-free performance of the D-Series LED Bollard is ideal for illuminating building entryways, walking paths and pedestrian plazas, as well as any other location requiring a low-mounting-height light source.

CONSTRUCTION
One-piece 8-inch-round extruded aluminum shaft with thick side walls for extreme durability, and die-cast aluminum reflector and top cap. Die-cast aluminum mounting ring allows for easy leveling even in uneven areas and full 360-degree rotation for precise alignment during installation. Three ½" x 11" anchor bolts with double nuts and washers and 3-5/8" max. bolt circle template ensure stability. Overall height is 42" standard.

FINISH
Exterior parts are protected by a zinc-infused super durable TGIC thermoset powder coat finish that provides superior resistance to corrosion and weathering for maximum retention of gloss and luster. A tightly controlled multi-stage process ensures a minimum 3-mil thickness for a finish that can withstand the elements without cracking or peeling. Available in both textured and non-textured finishes.

OPTICS
Two 0% uplight optical distributions are available: symmetrical and asymmetrical. IP66 sealed LED light engine provides smoothly graduated illumination without uplight. Light engines are available in standard 4000 K (>70 CRI) or optional 3000 K (>80 CRI) or 5000 K (67 CRI). Limited-wavelength amber LEDs are also available.

ELECTRICAL
Light engines consist of high-efficacy LEDs mounted to metal-core circuit boards to maximize heat dissipation and promote long life (L95/100,000 hours at 700mA at 25°C). Class 2 electronic drivers are designed for an expected life of 100,000 hours with < 1% failure rate. Electrical components are mounted on a removable power tray.

LISTINGS
CSA certified to U.S. and Canadian standards. Light engines are IP66 rated. Rated for -40°C minimum ambient. Cold-weather emergency battery backup rated for -20°C minimum ambient.

WARRANTY
Five-year limited warranty. Complete warranty terms located at: www.acuitybrands.com/CustomerResources/Terms_and_conditions.aspx.

Note: Actual performance may differ as a result of end-user environment and application.
All values are design or typical values, measured under laboratory conditions at 25 °C.
Specifications subject to change without notice.

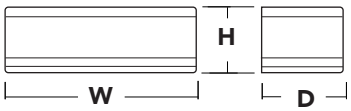
Width: 18" *(45.7 cm)*

Depth: 9" *(22.8 cm)*

Weight: 17 lbs *(7.7 kg)*

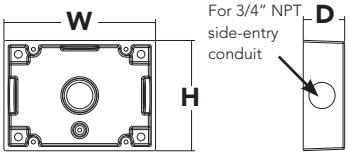


Optional Back Box (BBW)

Height: 4" *(10.2 cm)*

Width: 5-1/2" *(14.0 cm)*

Depth: 1-1/2" *(3.8 cm)*



Introduction

The classic Architectural Wall Sconce is now available with the latest in LED technology. The result is a long-life, maintenance-free product with typical energy savings of 75% compared to metal halide versions. The integral battery backup option provides emergency egress lighting, without the use of a back-box or remote gear, so installations maintain their aesthetic integrity.

The WSR LED is ideal for replacing existing 50 – 175W metal halide wall-mounted products. The expected service life is 20+ years of nighttime use.

Ordering Information

EXAMPLE: WSR LED 2 10A700/40K SR3 MVOLT DDBTXD

WSR LED

Emergency Battery Operation

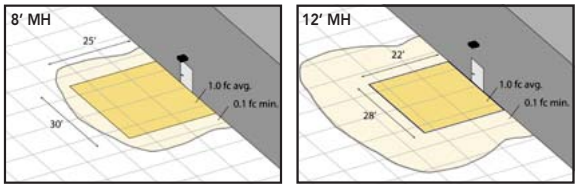
The emergency battery backup (ELCW option) is integral to the luminaire - no external housing required! This design provides reliable emergency operation while maintaining the aesthetics of the product.

All ELCW configurations include an independent secondary driver with an integral relay to immediately detect AC power loss. Dual light engines are wired in parallel so both engines operate in emergency mode and provide additional component redundancy. These design features meet various interpretations of NFPA 70/NEC 2008 - 700.16

The emergency battery will power the luminaire for a minimum duration of 90 minutes (maximum duration of three hours) from the time supply power is lost, per International Building Code Section 1006 and NFPA 101 Life Safety Code Section 7.9, provided luminaires are mounted at an appropriate height and illuminate an open space with no major obstructions.

The examples below show illuminance of 1 fc average and 0.1 fc minimum of the single-engine Type IV product in emergency mode.

WST LED 1 10A700/40K SR4
MVOLT ELCW
10' x 10' Gridlines
8' and 12' Mounting Height



NOTES

1. MVOLT driver operates on any line voltage from 120-277V (50/60 Hz). Specify 120, 208, 240 or 277 options only when ordering with photocell (PE), fusing (SF, DF), or dual switching (DS).
2. May also be ordered separately as an accessory. Ex: WSBBW DDBXD U. Must specify finish.
3. Must be ordered with fixture; cannot be field installed.
4. Not available with MVOLT option. Button photocell (PE) can be ordered with a dedicated voltage option. Single fuse (SF) requires 120, 277 or 347 voltage option. Double fuse (DF) requires 208, 240 or 480 voltage option.
5. Not available with 480V option. Not available with motion/ambient light sensor (PIR).
6. Integral battery pack is rated for -20° to 60°C operating temperature. ELCW warranty is 3-year period. Not available with 347V or 480V. Not available with WLU. Not available with ELCW.
7. WLU not available with PIR or ELCW.
8. Specifies the SensorSwitch SFOD-7-ODP control (photocell included); see Motion Sensor Guide for details. Includes ambient light sensor. Not available with "PE" option (button type photocell). Dimming driver standard. Not available with WLU, VG or WG.
9. Provides 50/50 luminaire operation via two independent drivers and light engines on two separate circuits. Not available with one engine, MVOLT, ELCW, WLU, SF, or DF. Must specify voltage; voltage must be the same for both drivers. When ordered with photocell (PE) or motion sensor (PIR), only the primary power source leads will be controlled.
10. See electrical section on page 2 for more details.

Performance Data

Lumen Output

Lumen values are from photometric tests performed in accordance with IESNA LM-79-08. Data is considered to be representative of the configurations shown, within the tolerances allowed by Lighting Facts.

Light Engines	Drive Current (mA)	Performance Package	System Watts (MVOLT[1])	Dist. Type	40K (4000K, 70 CRI)				
					Nominal Lumens	B	U	G	LPW
1 (10 LEDs)	700	10A700/--K	24W	SR2	2,005	1	0	1	84
				SR3	2,029	1	0	1	84
				SR4	1,959	1	0	1	82
2 (20 LEDs)	700	10A700/--K	47W	SR2	3,944	1	0	1	84
				SR3	4,028	1	0	1	86
				SR4	3,851	1	0	1	82

1 See electrical load chart for 347/480V system watts.

Lumen Ambient Temperature (LAT) Multipliers

Use these factors to determine relative lumen output for average ambient temperatures from 0-40°C (32-104°F).

Ambient		Lumen Multiplier
0°C	32°F	1.10
10°C	50°F	1.06
20°C	68°F	1.02
25°C	**77°F**	**1.00**
30°C	86°F	0.98
40°C	104°F	0.92

Projected LED Lumen Maintenance

Data references the extrapolated performance projections for the **WSR LED 2 10A700** platform in a **25°C ambient**, based on 10,000 hours of LED testing (tested per IESNA LM-80-08 and projected per IESNA TM-21-11).

To calculate LLF, use the lumen maintenance factor that corresponds to the desired number of operating hours below. For other lumen maintenance values, contact factory.

Operating Hours	0	25,000	50,000	100,000
Lumen Maintenance Factor	1.0	0.94	0.88	0.77

Electrical Load

Light Engines	Drive Current (mA)	System Watts	Current (A)					
			120	208	240	277	347	480
1	700	24W	0.24	0.14	0.12	0.1	-	-
		29W[1]	-	-	-	-	0.09	0.07
2	700	47W	0.44	0.27	0.23	0.20	-	-
		53W[1]	-	-	-	-	0.17	0.12

1 Higher wattage is due to electrical losses from step-down transformer.

FEATURES & SPECIFICATIONS

INTENDED USE

The classic architectural shape of the WSR LED was designed for applications such as hospitals, schools, malls, restaurants, and commercial buildings. The long life LEDs and driver make this luminaire nearly maintenance-free.

CONSTRUCTION

The single-piece die-cast aluminum housing integrates secondary heat sinks to optimize thermal transfer from the internal light engine heat sinks and promote long life. The driver is mounted in direct contact with the casting for a low operating temperature and long life. The die-cast door frame is fully gasketed with a one-piece solid silicone gasket to keep out moisture and dust, providing an IP65 rating for the luminaire.

FINISH

Exterior parts are protected by a zinc-infused Super Durable TGIC thermoset powder coat finish that provides superior resistance to corrosion and weathering. A tightly controlled multi-stage process ensures a minimum 3 mils thickness for a finish that can withstand extreme climate changes without cracking or peeling. Standard Super Durable colors include dark bronze, black, natural aluminum, sandstone and white. Available in textured and non-textured finishes.

OPTICS

Precision-molded acrylic lenses are engineered for superior distribution, uniformity, and spacing in wall-mount applications. Light engines are 4000K (70 CRI). The WSR LED has zero uplight and qualifies as a Nighttime Friendly™ product, meaning it is consistent with the LEED® and Green Globes™ criteria for eliminating wasteful uplight.

ELECTRICAL

Light engine(s) consist of 10 high-efficacy LEDs mounted to a metal core circuit board and integral aluminum heat sinks to maximize heat dissipation and promote long life (100,000 hrs at 25°C, L77). Class 2 electronic driver has a power factor >90%, THD <20%. The electronic driver has a power factor of >90%, THD <20%, and a minimum 2.5 KV surge protection. When ordering the SPD option, a separate surge protection device is installed within the luminaire which meets a minimum Category C low operation (per ANSI/IEEE C62.41.2).

INSTALLATION

A universal mounting plate with integral mounting support arms allows the fixture to hinge down for easy access while making wiring connections.

LISTINGS

CSA certified to U.S. and Canadian standards. Light engines are IP66 rated; luminaire is IP65 rated and suitable for wet locations when mounted with the lenses down. WLU option offers wet location listing in "up"orientation. Rated for -30°C minimum ambient.

DesignLights Consortium® (DLC) qualified product. Not all versions of this product may be DLC qualified. Please check the DLC Qualified Products List at www.designlights.org to confirm which versions are qualified.

WARRANTY

5-year limited warranty. Complete warranty terms located at: www.acuitybrands.com/CustomerResources/Terms_and_conditions.aspx.

Note: Actual performance may differ as a result of end-user environment and application. All values are design or typical values, measured under laboratory conditions at 25 °C. Specifications subject to change without notice.

FEATURES & SPECIFICATIONS

Contractor Select

Strip Lights

INTENDED USE

Ideal where high brightness and good illumination levels are required such as retail, light industrial and warehouses.

ATTRIBUTES

Fixture can be assembled with snap together components and requires no tools. Available in one lamp or two lamp configuration.

CONSTRUCTION

Heavy-duty channel, die-formed from Code-gauge steel.

Sturdy channel cover secured by captive quarter-turn latch for easy access to wireway.

Combination endplate/channel connector furnished with each fixture.

FINISH

Five-stage iron phosphate pretreatment ensures superior paint adhesion and rust resistance. Painted parts finished with high-gloss, baked white enamel.

ELECTRICAL SYSTEM

MVOLT ballasts are electronic, full light output-reduced energy. Less than 10% THD. Multi-volt operation, 120-277V.
120V ballasts are thermally protected, resetting, Class P, LPF, non-PCB, UL Listed, CSA Certified. Rapid-start ballasts are sound rated A.

INSTALLATION

For unit or row installations, surface or suspended mounting.

LISTING

UL listed to US and Canadian safety standards. For use in damp locations. Optional: Mexico NOM.

WARRANTY

2-year limited warranty. Complete warranty terms located at
www.acuitybrands.com/CustomerResources/Terms_and_conditions.aspx

NOTE: Actual performance may differ as a result of end-user environment and application. Specifications subject to change without notice.

A+ Capable Luminaire

This item is an A+ capable luminaire, which has been designed and tested to provide consistent color appearance and system-level interoperability.

- All configurations of this luminaire meet the Acuity Brands' specification for chromatic consistency
- This luminaire is A+ Certified when ordered with DTL® controls marked by a shaded background. DTL DLL equipped luminaires meet the A+ specification for luminaire to photocontrol interoperability1
- This luminaire is part of an A+ Certified solution for ROAM® or XPoint™ Wireless control networks, providing out-of-the-box control compatibility with simple commissioning, when ordered with drivers and control options marked by a shaded background[1]

To learn more about A+, visit www.acuitybrands.com/aplus.

1. See ordering tree for details.
2. A+ Certified Solutions for ROAM require the order of one ROAM node per luminaire. Sold Separately: Link to Roam; Link to DTL DLL

A+ Capable options indicated by this color background.

NOTES
1 P10, P11, P12 and P13 and rotated options (L90 or R90) only available together.
2 AMBPC is not available with BLC, LCCO, RCCO, P4, P7 or P13.
3 Not available with HS or DDL.
4 MVOLT driver operates on any line voltage from 120-277V (50/60 Hz).
5 Single fuse (SF) requires 120V, 277V or 347V. Double fuse (DF) requires 208V, 240V or 480V.
6 Not available in P4, P7 or P13. Not available with BL30, BL50 or PNMT options.
7 Existing drilled pole only. Available as a separate combination accessory; for retrofit use only: PUMBA (finish) U; 1.5 G vibration load rating per ANCI C136.31.
8 Must order fixture with SPA mounting. Must be ordered as a separate accessory; see Accessories information. For use with 2-3/8" mast arm (not included).
9 Photocell ordered and shipped as a separate line item from Acuity Brands Controls. See accessories. Shorting Cap included.
10 If ROAM® node required, it must be ordered and shipped as a separate line item from Acuity Brands Controls. Shorting Cap included.
11 Reference Motion Sensor table on page 3.
12 Reference PER Table on page 3 to see functionality.
13 Requires (2) separately switched circuits.
14 Not available with 347V, 480V or PNMT. For PER5 or PER7 see PER Table on page 3.
15 Not available with 347V, 480V, BL30 and BL50. For PER5 or PER7 see PER Table on page 3. Separate Dusk to Dawn required.
16 Not available with other dimming controls options.
17 Not available with BLC, LCCO and RCCO distribution. Also available as a separate accessory; see Accessories information.
18 Requires luminaire to be specified with PER, PER5 or PER7 option. See PER Table on page 3.
19 For retrofit use only.

FEATURES & SPECIFICATIONS

INTENDED USE
The sleek design of the D-Series Size 0 reflects the embedded high performance LED technology. It is ideal for many commercial and municipal applications, such as parking lots, plazas, campuses, and pedestrian areas.

CONSTRUCTION
Single-piece die-cast aluminum housing has integral heat sink fins to optimize thermal management through conductive and convective cooling. Modular design allows for ease of maintenance and future light engine upgrades. The LED driver is mounted in direct contact with the casting to promote low operating temperature and long life. Housing is completely sealed against moisture and environmental contaminants (IP65). Low EPA (0.95 ft^2) for optimized pole wind loading.

FINISH
Exterior parts are protected by a zinc-infused Super Durable TGIC thermoset powder coat finish that provides superior resistance to corrosion and weathering. A tightly controlled multi-stage process ensures a minimum 3 mils thickness for a finish that can withstand extreme climate changes without cracking or peeling. Available in both textured and non-textured finishes.

OPTICS
Precision-molded proprietary acrylic lenses are engineered for superior area lighting distribution, uniformity, and pole spacing. Light engines are available in 3000 K, 4000 K or 5000 K (70 CRI) configurations. The D-Series Size 0 has zero uplight and qualifies as a Nighttime Friendly™ product, meaning it is consistent with the LEED® and Green Globes™ criteria for eliminating wasteful uplight.

ELECTRICAL
Light engine(s) configurations consist of high-efficacy LEDs mounted to metal-core circuit boards to maximize heat dissipation and promote long life (up to L85/100,000 hours at 25°C). Class 1 electronic drivers are designed to have a power factor >90%, THD <20%, and an expected life of 100,000 hours with <1% failure rate. Easily serviceable 10kV surge protection device meets a minimum Category C Low operation (per ANSI/IEEE C62.41.2).

INSTALLATION
Included mounting block and integral arm facilitate quick and easy installation. Stainless steel bolts fasten the mounting block securely to poles and walls, enabling the D-Series Size 0 to withstand up to a 3.0 G vibration load rating per ANSI C136.31. The D-Series Size 0 utilizes the AERIS™ series pole drilling pattern (template #8). Optional terminal block and NEMA photocontrol receptacle are also available.

LISTINGS
UL Listed for wet locations. Light engines are IP66 rated; luminaire is IP65 rated. Rated for -40°C minimum ambient. U.S. Patent No. D672,492 S. International patent pending.

DesignLights Consortium® (DLC) qualified product. Not all versions of this product may be DLC qualified. Please check the DLC Qualified Products List at www.designlights.org to confirm which versions are qualified.

WARRANTY
5-year limited warranty. Complete warranty terms located at:
www.acuitybrands.com/CustomerResources/Terms_and_conditions.aspx

Note: Actual performance may differ as a result of end-user environment and application. All values are design or typical values, measured under laboratory conditions at 25 °C. Specifications subject to change without notice.

FEATURES & SPECIFICATIONS

INTENDED USE — Round Tapered Aluminum Hinged is a special purpose light pole for up to 20-foot mounting heights. This pole is an excellent choice for locations where maintenance access is limited.

CONSTRUCTION — **Pole Shaft**: The pole shaft is made of spun-tapered seamless 6063 alloy aluminum tubing, heat-treated to produce a T6 temper.

Pole Top: Options include tenon top, drilled for side mount fixture, tenon with drilling (includes extra handhole) and open top. Side drilled and open top poles include a removable aluminum top cap secured with three stainless-steel screws.

Handhole: An optional reinforced handhole with grounding provision is available. Every handhole includes a cover and cover attachment hardware.

Base Cover: A cast aluminum two-piece cover is included.

Anchor Base/Bolts: Anchor base is cast from A356 aluminum alloy and heat treated to T6 temper. Threaded grounding provision located in base plate. The 3/8-16 x .75 stainless steel grounding bolts are provided by installer. Anchor bolts conform to ASTM F1554 Grade 55 and are provided with two hex nuts and two flat washers. Bolts have an "L" blend on one end. All anchor bolts are hot-dipped galvanized a minimum of 12" nominal on the threaded end. Anchor bolts are made of steel rod having a minimum yield strength of 55,000 psi.

Hardware – All structural and non-structural fasteners are stainless-steel.

Finish – Standard finishes include Dark Bronze, White, Black, Medium Bronze, Natural Aluminum, or unpainted brushed aluminum finish. Classic colors include Sandstone, Charcoal Gray, Tennis Green, Bright Red and Steel Blue. Architectural Colors and Special Finishes are available by quote and include but are not limited to Duranodic Anodize, Paint over Duranodic Anodize, RAL Colors, Custom Colors and Extended Warranty Finishes.

WARRANTY — 1-year limited warranty. Complete warranty terms located at: www.acuitybrands.com/CustomerResources/Terms_and_conditions.aspx

NOTE: Actual performance may differ as a result of end-user environment and application. Specifications subject to change without notice.

Notes:

1. Wall thickness will be signified with a "C", "E" or a "G" in nomenclature. "C" - 0.125 | "E" - 0.156 | "G" - 0.188.
2. PT open top poles include top cap. When ordering tenon mounting and drill mounting for the same pole, follow this example: DM28/T20. The combination includes a required extra handhole.
3. The drilling template pattern to be used for a particular luminaire depends on the luminaire that is used. Refer to the Technical Data Section of the Outdoor Binder for Drilling Templates.
4. Insert "1" or "2" to designate fixture size; e.g. DM19AST2.
5. Specify location and orientation when ordering option. For "x": Specify the height above the base of pole in feet or feet and inches; separate feet and inches with a "-". Example: 5ft = 5 and 20ft 3in = 20-3 For "y": Specify orientation from handhole (A,B,C,D) Refer to the Handhole Orientation diagram below. Example: 1/2" coupling at 5' 8 ", orientation C = CPL12/5-8C
6. Horizontal arm is 18" x 2-3/8" O.D. tenon standard with radius curve providing 12' rise.
7. Combination of tenon-top and drill mount includes extra handhole.
8. Must add original order number of existing pole(s).
9. Use when mill certifications are required.
10. Additional colors available; see www.lithonia.com/archcolors or Architectural Colors brochure (Form No. 794.3). Available by formal quote only, consult factory for details.

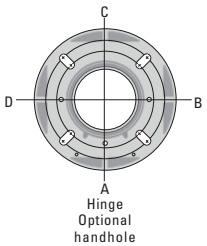
HINGE ORIENTATION



IMPORTANT INSTALLATION NOTES:

- Do not erect poles without having fixtures installed.
- Factory-supplied templates must be used when setting anchor bolts. Lithonia Lighting will not accept claim for incorrect anchorage placement due to failure to use factory template.
- If poles are stored outside, all protective wrapping must be removed immediately upon delivery to prevent finish damage.
- Lithonia Lighting is not responsible for the foundation design.

AGENDA
PLANNING AND ZONING COMMISSION WORK SESSION
City Hall, 385 South Goliad, Rockwall, Texas
Council Chambers
September 26, 2017
6:00 P.M.

CALL TO ORDER

CONSENT AGENDA

1. **P2017-041** (David)
   Consider a request by request by David Turnham for the approval of a final plat for Lot 1, Block A, Blueberry Hill Estate Addition being a 1.410-acre tract of land identified as Tract 9-01 of the J. E. Sherwood Survey, Abstract No. 193, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, addressed as 950 Clem Road, and take any action necessary.

2. **P2017-048** (David)
   Consider a request by Dan Warfield of Halff Associates, Inc. on behalf of John Wardell of Lake Pointe Church for the approval of a replat for Lot 3, Block A, Lake Pointe Baptist Church Addition being a 34.4904-acre parcel of land identified as Lot 1, Block A, Lake Pointe Baptist Church Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 701 E. IH-30, and take any action necessary.

3. **SP2017-023** (David)
   Discuss and consider a request by Kevin Patel of Triangle Engineering, LLC on behalf of the owner Michael Fisher of 1306 Summer Lee, LLC for the approval of a site plan for a medical office building on a 1.082-acre parcel of land identified as Lot 6, Block A, Temunovic Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 9 (PD-9) for General Retail (GR) District land uses, situated within the Scenic Overlay (SOV) District, addressed as 1310 Summer Lee Drive, and take any action necessary.

APPOINTMENTS

4. Appointment with Architectural Review Board representative to receive the Board's recommendations and comments for items on the agenda requiring architectural review.

PUBLIC HEARING

5. **Z2017-040** (Ryan)
   Hold a public hearing to discuss and consider a request by John Delin of Integrity Group, LLC on behalf of Jane Cullins for the approval of a zoning change from an Agricultural (AG) District to a Planned Development District for general retail and single-family residential land uses on a 37.932-acre tract of land identified as Tract 5 of the M. B. Jones Survey, Abstract No. 122, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the 205 By-Pass Overlay (205 BY-OV) District and East SH-66 Overlay (E SH-66 OV) District, located at the northeast corner of the intersection of SH-66 and John King Boulevard, and take any action necessary.

ACTION ITEMS

6. **MIS2017-010** (Korey)
   Discuss and consider a request by Brian and Darla Kelly for the approval of an exception to the minimum masonry requirements stipulated by Article V, *District Development Standards*, of the Unified Development Code to allow for the construction of a single-family home on a 3.217-acre tract of land identified as a portion of Tract 13-06 of the W. W. Ford Survey, Abstract No. 80, City of Rockwall, Rockwall County, Texas, zoned Single-Family Estate 2.0 (SFE-2.0) District, generally located along the north side of Hanby Lane south of the intersection of Jeff Boyd Road and Hanby Lane, and take any action necessary.

7. **SP2017-026** (David)
   Discuss and consider a request by William Adair on behalf of Raymond Jowers for the approval of a site plan for an industrial building on a 2.16-acre parcel of land identified as Lot 1-B, Bodin Industrial Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, addressed as 2040 Kristy Lane, and take any action necessary.

DISCUSSION ITEMS

8. **Z2017-041** **(Korey)**
   Hold a public hearing to discuss and consider a request by Mark Latham for the approval of a zoning change from a Multi-Family 14 (MF-14) District to a Downtown (DT) District for a 0.17-acre tract of land identified as part of Lots 1, 2 & 3, Block H, Eppstein Addition, City of Rockwall, Rockwall County, Texas, zoned Multi-Family 14 (MF-14) District, situated within the Historic Overlay (HOV) District, addressed as 310 S. Fannin Street, and take any action necessary.

9. **Z2017-042** **(David)**
   Hold a public hearing to discuss and consider a request by Jay Odom for the approval of a zoning change from a Single Family 7 (SF-7) District to a Downtown (DT) District for a 0.21-acre parcel of land identified as Lot D-1, Block 122, B. F. Boydston Addition, City of Rockwall, Rockwall County, Texas, zoned Single Family 7 (SF-7) District, situated within the Historic Overlay (HOV) District, addressed as 201 Olive Street, and take any action necessary.

10. **Z2017-043** **(David)**
    Hold a public hearing to discuss and consider a request by Austin Lewis of Lewis Real Estate Investments, Inc. on behalf of Meritage Homes of Texas, LLC for the approval of an amendment to Planned Development District 70 (PD-70) to incorporate a single-single family subdivision consisting of 19 single-family residential homes on a 4.329-acre tract of land identified as Tract 2-7 of the W. T. Deweese Survey, Abstract No. 71, City of Rockwall, Rockwall County, Texas, Planned Development District 70 (PD-70) for Single-Family 10 (SF-10) District land uses, located at the southeast corner of the intersection of Greenway Drive and FM-552, and take any action necessary.

11. **Z2017-044** **(David)**
    Hold a public hearing to discuss and consider a request by Sydney Brown of Godspeed Motors, LLC on behalf of the owner Greg Ollom for the approval of a Specific Use Permit (SUP) for an *Indoor Motor Vehicle Dealership/Showroom, New and/or Used* on a one (1) acre tract of land identified as Tract 5-1 of the J. Lockhart Survey, Abstract No. 134, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 1785 E. IH-30, and take any action necessary.

12. **Z2017-045** **(Korey)**
    Hold a public hearing to discuss and consider a request by David L. and Sue W. Hodgdon for the approval of a zoning change from an Agricultural (AG) District to a Single-Family Estate 2.0 (SFE-2.0) District on a 12.327-acre tract of land identified as Tract 1-01 of the T. Dean Survey, Abstract No. 69, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, addressed as 1085 Dalton Road, and take any action necessary.

13. **Z2017-046** **(David)**
    Hold a public hearing to discuss and consider a request by Jim Douglas of Douglas Properties, Inc. on behalf of Isabel Garrett of the McClendon Company for the approval of an amendment to Planned Development District 82 (PD-82) for the purpose incorporating an additional 59.065-acre tract of land into the existing single-family development being a 81.49-acre tract of land creating a 140.555-acre tract of land identified as a portion of Tract 8 and all of Tract 16 of the J. A. Ramsay Survey, Abstract No. 186, City of Rockwall, Rockwall County, Texas, Planned Development District 82 (PD-82) and Agricultural (AG) District, situated on the west side of Rochell Road south of SH-276, and take any action necessary.

14. **Z2017-047** **(Korey)**
    Hold a public hearing to discuss and consider a request by Trent Hyde for the approval of a Specific Use Permit (SUP) to allow for an accessory building that does not meet the minimum requirements as stipulated by Article IV, *Permissible Uses*, of the Unified Development Code for a 0.830-acre tract of land identified as the Wilson Addition, City of Rockwall, Rockwall County, Texas, zoned Single-Family 10 (SF-10) District, addressed as 218 W. Quail Run Road, and take any action necessary.

15. **Z2017-048** **(Korey)**
    Hold a public hearing to discuss and consider a request by Russell Phillips on behalf of Sandra McMullen for the approval of a Specific Use Permit (SUP) for a *mini-warehouse* facility on an 8.733-acre tract of land identified as a portion of Lot 16 and all of Lot 14, Rainbow Acres Addition, City of Rockwall, Rockwall County, Texas, zoned Single-Family Estate 4.0 (SFE-4.0) District, addressed as 259 Ranch Road, and take any action necessary.

16. **Z2017-049** **(Ryan)**
    Hold a public hearing to discuss and consider a request by John Arnold of the Skorburg Company on behalf of Breezy Hill 405, LTD for the approval of a zoning amendment to Planned Development District 74 (PD-74) to amend the concept plan and for the purpose of incorporating changes to the lot composition stipulated by the development standards contained in *Exhibit 'C'* of *Ordinance No. 16-59* for a 405.184-acre tract of land identified as the Breezy Hill Subdivision and situated within the J. Strickland Survey, Abstract No. 187, Rockwall, Rockwall County, Texas, generally located north of FM-552 and west of Breezy Hill Road, and take any action necessary.

17. **P2017-049** **(Korey)**
    Hold a public hearing to discuss and consider a request by David L. and Sue W. Hodgdon for the approval of a final plat for Lots 1 & 2, Block A, Hodgdon Addition being a 12.36-acre tract of land identified as Tract 1-01 of the T. Dean Survey, Abstract No. 69, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, addressed as 1085 Dalton Road, and take any action necessary.

18. **SP2017-030** **(David)**
    Discuss and consider a request by Cameron Slown of FC Cuny Corporation on behalf of Randall Noe of Rockwall Rental Properties, LP for the approval of a Site Plan for a motor vehicle dealership on a 4.86-acre tract of land identified as Tract 5 of the N. M. Ballard Survey, Abstract No. 99, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 1415 & 1501 E. IH-30, and take any action necessary.

19. Director's Report of post Council meeting outcomes of Planning & Zoning cases **(Ryan)**.

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 09/26/2017

APPLICANT: David Turnham

AGENDA ITEM: **P2017-041;** *Final Plat of Blueberry Hill Estate Addition*

SUMMARY:

Consider a request by request by David Turnham for the approval of a final plat for Lot 1, Block A, Blueberry Hill Estate Addition being a 1.410-acre tract of land identified as Tract 9-01 of the J. E. Sherwood Survey, Abstract No. 193, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, addressed as 950 Clem Road, and take any action necessary.

COMMENTS:

☑ The applicant is requesting approval of a final plat for a single-family residential lot on a 1.410-acre tract of land for the purpose of constructing a home. The subdivision will be known as the Blueberry Hill Estate Addition. The approval of the plat will run concurrently with the zoning change being requested [*Case No. Z2017-031*], which will change the zoning from Agricultural (AG) District to Single-Family 1 (SF-1) District. On September 18, 2017, the City Council unanimously approved the zoning change request at first reading of the ordinance. The second reading of the ordinance is scheduled for October 2, 2017, and will be placed on the *Consent Agenda* for City Council.

☑ The surveyor has completed the majority of the technical revisions requested by staff, and this plat, conforming to the requirements for final plats as stated in the *Subdivision Ordinance* in the Municipal Code of Ordinances, is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

☑ The applicant shall be required to adhere to the pro-rata equipment and case in lieu of land fees for Park District No. 26 which will be assessed at the Parks Board meeting on October 3, 2017 meeting. The fees will be due at final plat approval.

☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions listed in the *Recommendations* section below.

☑ With the exception of the items listed in the *Recommendation* section of this case memo, this plat is in substantial compliance with the requirements of the *Subdivision Ordinance* in the Municipal Code of Ordinances.

RECOMMENDATIONS:

If the Planning & Zoning Commission and City Council choose to approve the final plat for *Lot 1, Block A*, *Blueberry Hill Estate Addition*, staff would recommend the following conditions of approval:

1) All staff comments provided by the Planning, Engineering and Fire Department must be addressed prior to the submittal of a building permit; and,

2) Any construction resulting from the approval of this final plat shall conform to the requirements set forth by the Unified Development Code, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

Discuss and consider a request by David Turnham for the approval of a Final Plat for Single-Family 1 (SF-1) District for a 1.410-acre tract of land identified as Tract 9-01 of the J. E. Sherwood Survey, Abstract No. 193, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, addressed as 950 Clem Road, and take any action necessary.

PLANNING COMMENTS - DAVID GONZALES - 09.19.2017

The following staff comments are to be addressed and resubmitted no later than Tuesday, October 3, 2017. Please provide two FOLDED large copies [18" X 24"] and one PDF version for a subsequent review by staff:

1. Adherence to all Engineering and Fire Department standards shall be required.
2. Adherence to Parks Board recommendation from the October 3, 2017 meeting regarding park fees assessed for Park District No. 26.
2. Provide a label indicating "Case No. P2017-041" on the lower right corner on all pages of the revised submittal.
3. Delineate and label rights-of-way dedication for TXDOT roadway FM-3549 to be 120-ft ROW with a 10-ft dedication.
4. Provide adjacent property owner information.
5. Plat mylars are to be filed with Rockwall County prior to issuance of a building permit.
6. Correct Title Block to Read:

Final Plat
Lot 1, Block A
Blueberry Hill Estate Addition
Being 1.41-Acres
J. E. Sherwood Survey, Abstract No. 193
City of Rockwall, Rockwall County, Texas

** As a note and once the plat has been approved by the Planning and Zoning Commission and City Council, all staff comments are to be addressed and all revisions resubmitted and approved (by staff) prior to plat submittal on mylar for filing purposes. **

Meeting Dates to Attend - Although the plat is being placed on the Consent Agenda, staff would recommend that someone be present for the meetings. If you have any quesitons regarding this case, please feel free to contact David Gonzales, AICP with the Planning Department at 972-771-7745.

Meeting Dates to Attend:

Planning - Consent Agenda: Tuesday, September 26, 2017 (6:00p.m.)

City Council - Consent : Monday, October 2, 2017 (6:00 p.m.)

OWNER'S CERTIFICATE
(Public Dedication)

STATE OF TEXAS
COUNTY OF ROCKWALL

WHEREAS DAVID TURNHAM and LORI TURNHAM, BEING THE OWNERS OF A TRACT OF land in the County of Rockwall, State of Texas, said tract being described as follows:

All that certain lot, tract or parcel of land situated in the J. E. Sherwood Survey, Abstract No. 193, Rockwall County, Texas, being all of a tract of land as described as Tract II in a Warranty deed from The Estate of L.V. Parker to Lynn Victor Parker, dated June 20, 1995 and being recorded in Volume 1014, Page 249, of the Real Property Records, Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a P-K nail set for corner in the center of Clem Road, at the southwest corner of said Tract II and at the southeast corner of Lot 1, Mustang Acres Subdivision, First Installment, an Addition to Rockwall County, Texas, according to the Plat thereof recorded in Cabinet A, Slide 54 of the Plat Records of Rockwall County, Texas;

THENCE N. 01 deg. 09 min. 24 sec. W. a distance of 447.28 feet to a concrete TXDOT monument found for corner in the curving southwest right-of-way line of Fm 3549 Stodghill Road;

THENCE in a southeasterly direction along a curve to the left having a central angle of 33 deg. 26 min. 28 sec, a radius of 813.94 feet, a tangent of 244.51 feet, a chord of S. 38 deg. 33 min. 20 sec. E., 468.35 feet along said right-of-way line, an arc distance of 475.06 feet to a concrete TXDOT monument found for corner in the flare in said right-of-way;

THENCE S. 35 deg. 10 min. 42 sec. W. along said flare in right-of-way, a distance of 93.49 feet to a P-K nail set for corner in the center of Clem Road;

THENCE S. 88 deg. 52 min. 07 sec. W. along the center of Clem Road, a distance of 229.06 feet to the POINT OF BEGINNING and containing 61,453 square feet or 1.41 acres of land.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS
COUNTY OF ROCKWALL

I the undersigned owner of the land shown on this plat, and designated herein as BLUEBERRY HILL ESTATE, an Addition to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. I further certify that all other parties who have a mortgage or lien interest in the BLUEBERRY HILL ESTATE have been notified and signed this plat.

I understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same.

I also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of th eir respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maint aining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Roc kwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, sto rm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer an d/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as p rogress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

I further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; I , my successors and assigns hereby waive any claim, damage, or cause of action that I may have as a result of the dedication of exaction's made herein.

CASE NO. P2017-

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 09/26/2017

APPLICANT: Dan Warfield of *Halff Associates, Inc*.

AGENDA ITEM: **P2017-048;** *Replat of Lake Pointe Baptist Church Addition*

SUMMARY:

Consider a request by Dan Warfield of Halff Associates, Inc. on behalf of John Wardell of Lake Pointe Church for the approval of a replat for Lot 3, Block A, Lake Pointe Baptist Church Addition being a 34.4904-acre parcel of land identified as Lot 1, Block A, Lake Pointe Baptist Church Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 701 E. IH-30, and take any action necessary.

COMMENTS:

☑ The applicant is requesting approval of a replat for Lake Pointe Baptist Church Addition, which is currently identified as a 34.4904-acre parcel of land being Lot 1, Block A, Lake Pointe Baptist Church Addition. The purpose of the replat is to abandon and reestablish certain Firelane, Public Access, and Utility Easements located within the site. The subject property is zoned Commercial (C) District and is within the IH-30 Overlay (IH-30 OV) District, and addressed as 701 E. IH-30.

☑ The surveyor has completed the majority of the technical revisions requested by staff, and this plat, conforming to the requirements for replats as stated in the *Subdivision Ordinance* in the Municipal Code of Ordinances, is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions listed in the *Recommendations* section below.

☑ With the exception of the items listed in the *Recommendation* section of this case memo, this plat is in substantial compliance with the requirements of the *Subdivision Ordinance* in the Municipal Code of Ordinances.

RECOMMENDATIONS:

If the Planning & Zoning Commission and City Council choose to approve the replat for the *Lot 3, Block A, Lake Pointe Baptist Church Addition*, staff would recommend the following conditions of approval:

1) All staff comments provided by the Planning, Engineering and Fire Department must be addressed prior to the submittal of a building permit; and,

2) Any construction resulting from the approval of this final plat shall conform to the requirements set forth by the Unified Development Code, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

Consider a request by Dan Warfield of Halff Associates, Inc. on behalf of John Wardell of Lake Pointe Church for the approval of a replat for Lot 3, Block A, Lake Point Baptist Church Addition being a 34.4904-acre parcel of land identified as Lot 1, Block A, Lake Pointe Baptist Church Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 701 E. IH-30, and take any action necessary.

PLANNING COMMENTS - DAVID GONZALES - 09.19.2017

The following staff comments are to be addressed and resubmitted no later than Tuesday, October 3, 2017. Please provide two FOLDED large copies [18" X 24"] and one PDF version for a subsequent review by staff:

1. Adherence to all Engineering and Fire Department standards shall be required.
2. Provide a label indicating "Case No. P2017-048" on the lower right corner on all pages of the revised submittal.
3. Hatch all areas to be abandoned to better delineate what is being abandoned.
4. Delineate and label Drainage & Utility Easement located on the upper right side of page one next to call out S 29-22'-50" E.
5. Tie at least two (2) corners to city monumentation.
6. Relabel all Access Easements as "Public Access Easement" (e.g. Firelane, Public Access, and Utility Easement).
7. Page 4: Correct Owners Certificate to read to read Lot 3, Block A, Lake Pointe Baptist Church Addition rather than Third Amended Replat...where appropriate.
8. Page 4: Provide signature line for the Planning and Zoning Chairman under "Recommended for Final Approval"
9. Remove the Planning and Zoning signature line under "Approved" and place it above as indicated in No. 7.
10. Appears to be too many Noatary Certificates - only required for signators -- remove those not needed.
11. Notary Certificate not necessary for surveyor when plat is stamped by a Registered Land Surveyor.
12. Change Title Block to read:

Final Plat
Lot 3, Block A
Lake Pointe Baptist Church Addition
being a Replat of Lot 1, Block A
Second Amended Replat
Lake Pointe Baptist Church Addition
being a 34.4904-Acre Parcel
James Smith Survey, Abstract No. 200
E.P.G. Chisum Survey, Abstract No. 64
City of Rockwall, Rockwall County, Texas

** As a note and once the plat has been approved by the Planning and Zoning Commission and City Council, all staff comments are to be addressed and all revisions resubmitted and approved (by staff) prior to plat submittal on mylar for filing purposes. **

Meeting Dates to Attend - Although the plat is being placed on the Consent Agenda, staff would recommend that someone be present for the meetings. If you have any quesitons regarding this case, please feel free to contact David Gonzales, AICP with the Planning Department at 972-771-7745.

Meeting Dates to Attend:

Planning - Consent Agenda: Tuesday, September 26, 2017 (6:00p.m.)

City Council - Consent : Monday, October 2, 2017 (6:00 p.m.)

GAINES CHISUM SURVEY, ABSTRACT NO. 64 AND THE JAMES SMITH SURVEY, ABSTRACT NO. 200 IN THE CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS, AND BEING ALL OF LOT 1 IN BLOCK A OF SECOND AMENDED REPLAT OF LOT 1 IN BLOCK A OF LAKE POINT BAPTIST CHURCH ADDITION, AN ADDITION TO THE CITY OF ROCKWALL, TEXAS ACCORDING TO THE PLAT THEREOF RECORDED IN CABINET E, SLIDE 217 OF THE PLAT RECORDS OF ROCKWALL COUNTY, TEXAS, AND BEING ALL OF THOSE TRACTS OF LAND AS DESCRIBED IN WARRANTY DEED TO THE CHURCH ON THE ROCK AS RECORDED IN VOLUME 286, PAGE 11 AND VOLUME 248, PAGE 323 OF THE DEED RECORDS OF ROCKWALL COUNTY, TEXAS, AND BEING MORE PARTICULARLY DESCRIBED BY METES AND BOUNDS AS FOLLOWS:

BEGINNING AT A 1/2" IRON ROD FOUND FOR CORNER IN THE SOUTH RIGHT-OF-WAY LINE OF INTERSTATE HIGHWAY 30, SAID POINT BEING THE NORTHEAST CORNER OF SAID LOT 1 IN BLOCK A;

THENCE FOLLOWING ALONG THE EAST LINE OF SAID LOT IN BLOCK A OF LAKE POINT BAPTIST CHURCH ADDITION AND THE WEST LINE OF SAID LOT 1A IN BLOCK B OF RW MARKETCENTER ADDITION THE FOLLOWING COURSES AND DISTANCES NUMBERED (1) THROUGH (8);

1. SOUTH 11° 47' 11" EAST FOR A DISTANCE OF 249.84 FEET TO A POINT FOR CORNER;

2. SOUTH 29° 22' 50" EAST FOR A DISTANCE OF 282.69 FEET TO A POINT FOR CORNER, SAID POINT BEING THE BEGINNING OF A CURVE TO THE LEFT HAVING A RADIUS OF 210.00 FEET WITH A CENTRAL ANGLE OF 30° 23' 51" AND A CHORD BEARING SOUTH 14° 26' 40" EAST AT A DISTANCE OF 110.11 FEET;

3. SOUTHEASTERLY AND FOLLOWING ALONG SAID CURVE TO THE LEFT FOR AN ARC DISTANCE OF 111.41 FEET TO A POINT FOR CORNER;

4. SOUTH 29° 38' 36" EAST FOR A DISTANCE OF 227.00 FEET TO A POINT FOR CORNER, SAID POINT BEING THE BEGINNING OF A CURVE TO THE LEFT HAVING A RADIUS OF 210.00 FEET WITH A CENTRAL ANGLE OF 11° 25' 32" AND A CHORD BEARING SOUTH 35° 21' 22" EAST AT A DISTANCE OF 41.81 FEET;

5. SOUTHEASTERLY AND FOLLOWING ALONG SAID CURVE TO THE LEFT FOR AN ARC DISTANCE OF 41.88 FEET TO A POINT FOR CORNER;

6. SOUTH 41° 04' 08" EAST FOR A DISTANCE OF 94.02 FEET TO A POINT FOR CORNER, SAID POINT BEING THE BEGINNING OF A CURVE TO THE RIGHT HAVING A RADIUS OF 190.00 FEET WITH A CENTRAL ANGLE OF 11° 41' 18" AND A CHORD BEARING SOUTH 35° 13' 29" EAST AT A DISTANCE OF 38.69 FEET;

7. SOUTHEASTERLY AND FOLLOWING ALONG SAID CURVE TO THE RIGHT FOR AN ARC DISTANCE OF 38.76 FEET TO A POINT FOR CORNER;

8. SOUTH 29° 22' 50" EAST FOR A DISTANCE OF 521.04 FEET TO A POINT FOR CORNER, SAID POINT BEING THE SOUTHEASTERLY CORNER OF AFORESAID LOT 1 IN BLOCK A OF LAKEPOINTE BAPTIST CHURCH ADDITION AND BEING IN THE NORTHWEST RIGHT-OF-WAY LINE OF RALPH HALL PARKWAY (110' RIGHT-OF-WAY), SAID POINT ALSO BEING THE SOUTHWEST CORNER OF AFORESAID LOT 1A IN BLOCK B OF RW MARKETCENTER ADDITION, SAID POINT BEING THE BEGINNING OF A CURVE TO THE LEFT HAVING A RADIUS OF 1250.00 FEET WITH A CENTRAL ANGLE OF 08° 10' 23" AND A CHORD BEARING SOUTH 39° 29' 51" WEST AT A DISTANCE OF 178.16 FEET;

THENCE SOUTHWESTERLY AND FOLLOWING ALONG SAID CURVE TO THE LEFT AND ALONG THE NORTHWEST RIGHT-OF-WAY LINE OF SAID RALPH HALL PARKWAY FOR AN ARC DISTANCE OF 178.31 FEET TO A POINT FOR CORNER, SAID POINT BEING THE BEGINNING OF A CURVE TO THE RIGHT HAVING A RADIUS OF 1150.00 FEET WITH A CENTRAL ANGLE OF 08° 49' 46" AND A CHORD BEARING SOUTH 39° 49' 33" WEST AT A DISTANCE OF 177.04 FEET;

THENCE SOUTHWESTERLY AND FOLLOWING ALONG SAID CURVE TO THE RIGHT AND ALONG THE NORTHWE RIGHT-OF-WAY LINE OF SAID RALPH HALL PARKWAY FOR AN ARC DISTANCE OF 177.22 FEET TO A POINT FOR CORNER;

THENCE SOUTH 44° 14' 26" WEST AND CONTINUING ALONG THE NORTHWE RIGHT-OF-WAY LINE OF SAID RALPH HALL PARKWAY FOR A DISTANCE OF 171.71 FEET TO A POINT FOR CORNER, SAID POINT BEING THE EASTERLY CORNER OF LOT 2 IN BLOCK A OF AMENDED REPLAT OF LAKE POINTE BAPTIST CHURCH ADDITION, AN ADDITION TO THE CITY OF ROCKWALL, TEXAS ACCORDING TO THE PLAT THEREOF RECORDED IN CABINET E, SLIDE 217 OF THE PLAT RECORDS OF ROCKWALL COUNTY, TEXAS;

THENCE NORTH 46° 02' 14" WEST AND DEPARTING THE NORTHWEST RIGHT-OF-WAY LINE OF SAID RALPH HALL PARKWAY AND ALONG THE COMMON LINE OF AFORESAID LOTS 1 AND 2 IN BLOCK A OF LAKEPOINTE BAPTIST CHURCH ADDITION FOR A DISTANCE OF 242.92 FEET TO A POINT FOR CORNER;

THENCE SOUTH 43° 57' 49" WEST ALONG THE COMMON LINE OF AFORESAID LOTS 1 AND 2 IN BLOCK A OF LAKEPOINTE BAPTIST CHURCH ADDITION AND PASSING THE WESTERLY CORNER OF SAID LOT 2 AND THE NORTHERLY CORNER OF LOT 1 IN BLOCK 1 OF DRAKE ADDITION, AN ADDITION TO THE CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS ACCORDING TO THE PLAT THEREOF RECORDED IN CABINET E, SLIDE 301 OF THE MAP RECORDS OF ROCKWALL COUNTY, TEXAS AND ALONG THE SOUTHEASTERLY LINE OF A 60' DRIVEWAY EASEMENT FOR A DISTANCE OF 539.77 FEET TO A POINT FOR CORNER IN THE NORTHEAST RIGHT-OF-WAY LINE OF STEGER TOWNE DRIVE (65' RIGHT-OF-WAY), SAID POINT BEING THE BEGINNING OF A CURVE TO THE RIGHT HAVING A RADIUS OF 315.00 FEET WITH A CENTRAL ANGLE OF 29° 05' 23" AND A CHORD BEARING NORTH 69° 09' 56" WEST AT A DISTANCE OF 158.22 FEET;

THENCE NORTHWESTERLY ALONG THE NORTHEAST RIGHT-OF-WAY LINE OF SAID STEGER TOWNE DRIVE FOR AN ARC DISTANCE OF 159.93 FEET TO A POINT FOR CORNER, SAID POINT BEING IN THE SOUTH LINE OF LOT 3 IN BLOCK A OF STEGER TOWNE CROSSING PHASE 1, AN ADDITION TO THE CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS ACCORDING TO THE PLAT THEREOF RECORDED IN CABINET "C", SLIDE 345 OF THE MAP RECORDS OF ROCKWALL COUNTY, TEXAS, SAID POINT ALSO BEING IN THE SOUTH LINE OF A TRACT OF LAND DESCRIBED IN DEED TO STEGER DUNHILL, LLC AS RECORDED IN VOLUME 5251, PAGE 184 OF THE DEED RECORDS OF ROCKWALL COUNTY, TEXAS;

THENCE SOUTH 83° 42' 50" EAST ALONG THE SOUTH LINE OF SAID LOT 3 IN BLOCK A OF STEGER TOWNE CROSSING PHASE I AND THE COMMON NORTH LINE OF SAID 60' DRIVEWAY EASEMENT FOR A DISTANCE OF 108.03 FEET TO A POINT FOR CORNER;

THENCE NORTH 43° 57' 49" EAST ALONG THE EASTERLY LINE OF SAID LOT 3 IN BLOCK A OF STEGER TOWNE CROSSING PHASE I AND THE COMMON NORTH LINE OF SAID 60' DRIVEWAY EASEMENT FOR A DISTANCE OF 335.89 FEET TO A POINT FOR CORNER, SAID POINT BEING THE EASTERLY CORNER OF SAID LOT 3 IN BLOCK A OF STEGER TOWNE CROSSING PHASE I ADDITION AND BEING IN THE WESTERLY LINE OF LOT 1 IN BLOCK A OF LAKE POINTE BAPTIST ADDITION;

THENCE NORTH 46° 02' 14" WEST ALONG THE WESTERLY LINE OF SAID LOT 1 IN BLOCK A OF LAKE POINTE BAPTIST ADDITION AND THE NORTHEASTERLY LINE OF SAID LOT 3 IN BLOCK A OF STEGER TOWNE CROSSING PHASE 1 FOR A DISTANCE OF 857.57 FEET TO A POINT FOR CORNER, SAID POINT BEING THE MOST SOUTHERLY SOUTHEAST CORNER OF LOT 3 OF MILLER ADDITION, AN ADDITION TO THE CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS ACCORDING TO THE PLAT THEREOF RECORDED IN CABINET D, SLIDE 1 OF THE PLAT RECORDS OF ROCKWALL COUNTY, TEXAS;

THENCE NORTH 11° 47' 11" EAST ALONG THE COMMON LINE OF SAID LOT 3 OF MILLER ADDITION AND SAID LOT 1 IN BLOCK A OF LAKE POINTE BAPTIST ADDITION FOR A DISTANCE OF 90.49 FEET TO A POINT FOR CORNER;

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS}
COUNTY OF ROCKWALL}

WE, THE UNDERSIGNED OWNERS OF THE LAND SHOWN ON THIS PLAT, AND DESIGNATED HEREIN AS THE **THIRD AMENDED REPLAT OF LOT 1, BLOCK A, LAKE POINTE BAPTIST CHURCH ADDITION,** A SUBDIVISION TO THE CITY OF ROCKWALL, TEXAS, AND WHOSE NAME IS SUBSCRIBED HERETO, HEREBY DEDICATE TO THE USE OF THE PUBLIC FOREVER ALL STREETS, ALLEYS, PARKS, WATER COURSES, DRAINS, EASEMENTS AND PUBLIC PLACES THEREON SHOWN ON THE PURPOSE AND CONSIDERATION THEREIN EXPRESSED. WE FURTHER CERTIFY THAT ALL OTHER PARTIES WHO HAVE A MORTGAGE OR LIEN INTEREST IN **LAKE POINTE BAPTIST CHURCH ADDITION** HAVE BEEN NOTIFIED AND SIGNED THIS PLAT.

WE UNDERSTAND AND DO HEREBY RESERVE THE EASEMENT STRIPS SHOWN ON THIS PLAT FOR THE PURPOSES STATED AND FOR THE MUTUAL USE AND ACCOMMODATION OF ALL UTILITIES DESIRING TO USE OR USING SAME. WE ALSO UNDERSTAND THE FOLLOWING;

(1) NO BUILDINGS SHALL BE CONSTRUCTED OR PLACED UPON, OVER, OR ACROSS THE UTILITY EASEMENTS AS DESCRIBED HEREIN.

(2) ANY PUBLIC UTILITY SHALL HAVE THE RIGHT TO REMOVE AND KEEP REMOVED ALL OR PART OF ANY BUILDINGS, FENCES, TREES, SHRUBS, OR OTHER GROWTHS OR IMPROVEMENTS WHICH IN ANY WAY ENDANGER OR INTERFERE WITH CONSTRUCTION, MAINTENANCE OR EFFICIENCY OF THEIR RESPECTIVE SYSTEM ON ANY OF THESE EASEMENT STRIPS; AND ANY PUBLIC UTILITY SHALL AT ALL TIMES HAVE THE RIGHT OF INGRESS OR EGRESS TO, FROM AND UPON THE SAID EASEMENT STRIPS FOR PURPOSE OF CONSTRUCTION, RECONSTRUCTION, INSPECTING, PATROLLING, MAINTAINING, AND EITHER ADDING TO OR REMOVING ALL OR PART OF THEIR RESPECTIVE SYSTEM WITHOUT THE NECESSITY OF, AT ANY TIME, PROCURING THE PERMISSION OF ANYONE.

(3) THE CITY OF ROCKWALL WILL NOT BE RESPONSIBLE FOR ANY CLAIMS OF ANY NATURE RESULTING FROM OR OCCASIONED BY THE ESTABLISHMENT OF GRADE OF STREETS IN THE SUBDIVISION.

(4) THE DEVELOPER AND SUBDIVISION ENGINEER SHALL BEAR TOTAL RESPONSIBILITY FOR STORM DRAIN IMPROVEMENTS.

(5) THE DEVELOPER SHALL BE RESPONSIBLE FOR THE NECESSARY FACILITIES TO PROVIDE DRAINAGE PATTERNS AND DRAINAGE CONTROLS SUCH THAT PROPERTIES WITHIN THE DRAINAGE AREA ARE NOT ADVERSELY AFFECTED BY STORM DRAINAGE FROM THE DEVELOPMENT.

(6) NO HOUSE DWELLING UNIT, OR OTHER STRUCTURE SHALL BE CONSTRUCTED ON ANY LOT IN THIS ADDITION BY THE OWNER OR ANY OTHER PERSON UNTIL THE DEVELOPER AND/OR OWNER HAS COMPLIED WITH ALL REQUIREMENTS OF THE SUBDIVISION REGULATIONS OF THE CITY OF ROCKWALL REGARDING IMPROVEMENTS WITH RESPECT TO THE ENTIRE BLOCK ON THE STREET OR STREETS ON WHICH PROPERTY ABUTS, INCLUDING THE ACTUAL INSTALLATION OF STREETS WITH THE REQUIRED BASE AND PAVING, CURB AND GUTTER, WATER AND SEWER, DRAINAGE STRUCTURES, STORM STRUCTURES, STORM SEWERS, AND ALLEYS, ALL ACCORDING TO THE SPECIFICATIONS OF THE CITY OF ROCKWALL; OR

UNTIL AN ESCROW DEPOSIT, SUFFICIENT TO PAY FOR THE COST OF SUCH IMPROVEMENTS, AS DETERMINED BY THE CITY'S ENGINEER AND/OR CITY ADMINISTRATOR, COMPUTED ON A PRIVATE COMMERCIAL RATE BASIS, HAS BEEN MADE WITH THE CITY SECRETARY, ACCOMPANIED BY AN AGREEMENT SIGNED BY THE DEVELOPER AND/OR OWNER, AUTHORIZING THE CITY TO MAKE SUCH IMPROVEMENTS AT PREVAILING PRIVATE COMMERCIAL RATES, OR HAVE THE SAME MADE BY A CONTRACTOR AND PAY FOR THE SAME OUT OF THE ESCROW DEPOSIT, SHOULD THE DEVELOPER AND/OR OWNER FAIL OR REFUSE TO INSTALL THE REQUIRED IMPROVEMENTS WITHIN THE TIME STATED IN SUCH WRITTEN AGREEMENT, BUT IN NO CASE SHALL THE CITY BE OBLIGATED TO MAKE SUCH IMPROVEMENTS ITSELF. SUCH DEPOSIT MAY BE USED BY THE OWNER AND/OR DEVELOPER AS PROGRESS PAYMENTS AS THE WORK PROGRESSES IN MAKING SUCH IMPROVEMENTS BY MAKING CERTIFIED REQUISITIONS TO THE CITY SECRETARY, SUPPORTED BY EVIDENCE OF WORK DONE; OR

UNTIL THE DEVELOPER AND/OR OWNER FILES A CORPORATE SURETY BOND WITH THE CITY SECRETARY IN A SUM EQUAL TO THE COST OF SUCH IMPROVEMENTS FOR THE DESIGNATED AREA, GUARANTEEING THE INSTALLATION THEREOF WITHIN THE TIME STATED IN THE BOND, WHICH TIME SHALL BE FIXED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL.

WE FURTHER ACKNOWLEDGE THAT THE DEDICATIONS AND/OR EXACTION'S MADE HEREIN ARE PROPORTIONAL TO THE IMPACT OF THE SUBDIVISION UPON THE PUBLIC SERVICES REQUIRED IN ORDER THAT THE DEVELOPMENT WILL COMPORT WITH THE PRESENT AND FUTURE GROWTH NEEDS OF THE CITY; WE, OUR SUCCESSORS AND ASSIGNS HEREBY WAVE ANY CLAIM, DAMAGE, OR CAUSE OF ACTION THAT WE MAY HAVE AS A RESULT OF THE DEDICATION OF EXACTIONS MADE HEREIN.

NOTE: IT SHALL BE THE POLICY OF THE CITY OF ROCKWALL TO WITHHOLD ISSUING BUILDING PERMITS UNTIL ALL STREETS, WATER, SEWER AND STORM DRAINAGE SYSTEMS HAVE BEEN ACCEPTED BY THE CITY. THE APPROVAL OF A PLAT BY THE CITY DOES NOT CONSTITUTE ANY REPRESENTATION, ASSURANCE OR GUARANTEE THAT ANY BUILDING WITHIN SUCH PLAT SHALL BE APPROVED, AUTHORIZED OR PERMIT THEREFORE ISSUED, NOR SHALL SUCH APPROVAL CONSTITUTE ANY REPRESENTATION, ASSURANCE OR GUARANTEE BY THE CITY OF THE ADEQUACY AND AVAILABILITY FOR WATER FOR PERSONAL USE AND FIRE PROTECTION WITHIN SUCH PLAT, AS REQUIRED UNDER ORDINANCE 83-54.

RECOMMENDED FOR FINAL APPROVAL

PLANNING AND ZONING COMMISSION

APPROVED

I HEREBY CERTIFY THAT THE ABOVE AND FOREGOING PLAT OF AN ADDITION TO THE CITY OF ROCKWALL, TEXAS, WAS APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL ON THE _____ DAY OF _____, 20____.

THIS APPROVAL SHALL BE INVALID UNLESS THE APPROVED PLAT FOR SUCH ADDITION IS RECORDED IN THE OFFICE OF THE COUNTY CLERK OF ROCKWALL, COUNTY, TEXAS, WITHIN ONE HUNDRED EIGHTY (180) DAYS FROM SAID DATE OF FINAL APPROVAL.

SEPTEMBER 11, 2017

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 09/26/2017

APPLICANT: Kevin Patel of *Triangle Engineering, LLC*

AGENDA ITEM: **SP2017-023;** *Medical Office Building – 1310 Summer Lee Drive*

SUMMARY:

Discuss and consider a request by Kevin Patel of Triangle Engineering, LLC on behalf of the owner Michael Fisher of 1306 Summer Lee, LLC for the approval of a site plan for a medical office building on a 1.082-acre parcel of land identified as Lot 6, Block A, Temunovic Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 9 (PD-9) for General Retail (GR) District land uses, situated within the Scenic Overlay (SOV) District, addressed as 1310 Summer Lee Drive, and take any action necessary.

PURPOSE:

The applicant is requesting the approval of a site plan for the purpose of constructing an approximately 6,454 SF medical office building on a 1.082-acre parcel of land. The development is located within the Scenic Overlay (SOV) District and will be required to meet the development standards established within the Unified Development Code, with the exception of the landscape standards since the property fronts onto Summer Lee Drive and not Ridge Road. The property is generally located at the N.E. quadrant of Ridge Road and Summer Lee Drive and is addressed 1310 Summer Lee Drive. On September 18, 2017, the City Council approved the first reading of a specific use permit (SUP) ordinance allowing the structure to exceed 36-feet. The second reading of this ordinance is scheduled for October 2nd. An approval of the ordinance is a condition of approval of this site plan.

DENSITY AND DIMENSIONAL REQUIREMENTS:

The proposed medical office is permitted by right. The proposed site will incorporate a total of 43 parking spaces, exceeding the standards by ten (10) spaces. The site will have one (1) primary access point along Summer Lee Drive, which will be a 24-ft Firelane, Public Access, Utility and Drainage Easements. Two (2) cross access points will be available from the property to the west (*i.e. Young Medical Office*).

With the exception of the items listed in the *Project Plan Review* and the items listed in the *Recommendation* section of this case memo, the submitted site plan, building elevations, photometric, and landscape plans conform to the technical requirements contained within the Unified Development Code (UDC) and the Scenic Overlay (SOV) District. A summary of the density and dimensional requirements are as follows:

Ordinance Provisions	*Zoning District Standards*	*Conformance to the Standards*
Minimum Lot Area	*6,000 Sq. Ft.*	*1.082-Acres; In Conformance*
Minimum Lot frontage	*60-Feet*[1]	*x>60-Feet; In Conformance*
Minimum Lot Depth	*100-Feet*	*x>100-Feet; In Conformance*
Minimum Front Yard Setback	*15-Feet*	*x>15-Feet; In Conformance*
Minimum Rear Yard Setback	*10-Feet*[2]	*x>10-Feet; In Conformance*
Minimum Side Yard Setback	*10-Feet*[3]	*x>10-Feet; In Conformance*

Ordinance Provisions	*Zoning District Standards*	*Conformance to the Standards*
Maximum Building Height	*36-Ft w/o SUP[4]*	*51' 6"; SUP Pending*
Max Building/Lot Coverage	*40%*	*x<40%; In Conformance*
Minimum Masonry Requirement	*90%*	*x>90%; In Conformance*
Floor Area Ratio	*2:1*	*x<2:1; In Conformance*
Minimum Number of Parking Spaces	*33*	*43 Provided; In Conformance*
Minimum Stone Requirement (SH205 OV)	*20% ea facade*	*x>20%; In Conformance*
Minimum Landscaping Percentage	*15%*	*x>24.7%; In Conformance*
Maximum Impervious Coverage	*85 to 90%*	*<85%; In Conformance*

NOTES:
1. Minimum site frontage when adjacent to IH-30 .
2. Without fire retardant wall, or alley: ten feet, or as required by building and/or fire codes.
3. Without fire retardant wall: ten (10) feet, or as required by building and/or fire codes, or With fire retardant wall: zero feet.
4. Maximum height of structures per PD-9 [Ord. 86-55].

ARCHITECTURAL REVIEW BOARD RECOMMENDATION:

On July 25, 2017, the Architectural Review Board (ARB) reviewed the proposed building elevations for the site. General discussion concerning the agenda item took place between the board members and city staff. The board was generally pleased with the project and made a motion to recommend approval of the building elevations as submitted. The vote was approved unanimously 6 to 0 with one vacancy.

RECOMMENDATIONS:

Should the City Council choose to approve the requested variances, then staff would offer the following conditions of approval:

1) All staff comments provided by the Planning, Engineering and Fire Department must be addressed prior to the submittal of a building permit.

2) The approval of this site plan shall be conditional approval pending the approval of the SUP Ordinance [*Case No. Z2017-036*] associated with this case.

3) Any construction or building necessary to complete this Site Plan request must conform to the requirements set forth by the UDC, the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

REVISED PLANNING COMMENTS - DAVID GONZALES - 09.20.2017 All staff comments are to be addressed and resubmitted by Tuesday, October 3, 2017. Please provide one large copies [24" X 36" FOLDED] and one PDF version for a final/subsequent review by staff: Planning Department General Comments are as follows: 1. Approval of this Site Plan by the Planning and Zoning Commission on September 26, 2017 is considered to be conditional approval pending the approval of the 2nd Reading of the Specific Use Permit (Case No. Z2017-036) by City Council, including staff conditions as outlined in the Project Plan Review report. 2. Adherence to Engineering and Fire Department standards shall be required. Please address the following Planning Comments for each plan submitted: Site Plan: 1. FAUE defined in the Legend, but has not been used as a label on drives. Provide labels (FAUE) for all 24-ft Fire Lane, Public Access, Utility, and Drainage Easements (as appropriate). Landscape Plan: 1. Meets or exceeds the standards as established in the UDC as submitted. Treescape Plan: 1. Meets or exceeds the standards as established in the UDC as submitted. No mitigation requried. Photometric Plan: 1. Reduce light levels along the west property line. Light levels are not to exceed 0.2-FC at the property line. Building Elevations: 1. Requires approval of SUP to allow for clock tower element to exceed 36-ft in height [Case No. Z2017-036]. The following are scheduled meeting dates that you and/or your representative(s) are required to attend regarding the Site Plan request. If you have any quesitons regarding this case, please feel free to contact David Gonzales, AICP with the Planning Department at 972-771-7745. Meeting Dates to Attend: Planning - Action: September 26, 2017 (6:00p.m.) [P&Z to take action (i.e. approve, approve with conditions, deny)] City Council - Action: October 3, 2017 (6:00 p.m.) [SECOND READING OF SUP ORDINANCE FOR CASE NO. Z2017-036]

Discuss and consider a request by Kevin Patel of Triangle Engineering, LLC on behalf of the owner Michael Fisher of 1306 Summer Lee, LLC for the approval of a site plan for a medical office building on a 1.082-acre parcel of land identified as Lot 6, Block A, Temunovic Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 9 (PD-9) for General Retail (GR) District land uses, situated within the Scenic Overlay (SOV) District, addressed as 1310 Summer Lee Drive, and take any action necessary.

PLANNING COMMENTS - DAVID GONZALES - 07.20.2017

All staff comments are to be addressed and resubmitted by Tuesday, August 1, 2017. Please provide three large copies [24" X 36" FOLDED] and one PDF version for a subsequent review by staff:

Planning Department General Comments to be addressed are as follows:

1. Adherence to Engineering and Fire Department standards shall be required.
2. Re-label revised site plan documents with "Case No. SP2017-023" at the lower right corner of each plan.
3. All exterior signage requires submittal and approval of a separate building permit through the building inspections department.

Please address the following Planning Comments for each plan submitted:

Site Plan:
1. Provide dumpster enclosure detail. Enclosure walls are to be a minimum of 8-ft in height with matching exterior materials as the primary building and includes a self-latching gate mechanism. Gate to be opaque.
2. Remove labels 7" Thick Concrete Pavement from site plan.
3. Provide labels for all 24-ft Fire Lane, Public Access, Utility, and Drainage Easements (as appropriate).
4. Include Temunovic Addition when referencing legal description (ex. Lot 6, Block A, Temunovic Addition).
5. Remove owner information from building footprint (i.e. 1306 Summer Lee, LLC) as this may cause confusion with the actual address of this location which is 1310 Summer Lee Drive..
6. Change Title Block to reflect actual address for location as1310 Summer Lee Drive.
7. Indicate where HVAC units will be located and include screening of the units (i.e. landscaping, wing-walls, etc.).
8. Correct Site Data Summary Table for Parking Summary to read 1 space per 200 sq. ft.: Required = 33 spaces.

Landscape Plan:
1. Remove label at rear of property indicating 4" Tree and use tree symbology instead indicating tree placement.
2. Provide one row of trees behind the building at the perimeter per the SOV district standards. There should be a minimum of 3 trees.

Treescape Plan:
1. Based on this plan as submitted, cedar trees are mitigated at 11 inches or greater and the City does not consider the Mimosa tree as being mitigated for; therefore, there are no mitigation requirements for these trees being removed from the site.

Photometric Plan:
1. Maximum overall height of the lighting pole standard is not to exceed 20-ft (includes base, light pole, and fixtures). Provide detail Indicating as such.
2. Provide cut sheets for all exterior lighting fixtures.
3. Reduce light levels along the west property line. Light levels are not to exceed 0.2-FC at the property line.

Type of Review / Notes	Contact	Sent	Due	Received	Elapsed	Status	Remarks

Building Elevations:
1. Provide calculations for all exterior building materials - broken out for each facade.

The following are scheduled meeting dates that you and/or your representative(s) are required to attend regarding the Site Plan request. If you have any quesitons regarding this case, please feel free to contact David Gonzales, AICP with the Planning Department at 972-771-7745.

Meeting Dates to Attend:

Architectural Review Board: July 25, 2017 (5:00 p.m.) [Applicant to receive recommendations from ARB]

Planning - Work Session: July 25, 2017 (6:00p.m.) [Applicant to present/discuss project to P&Z]

Planning - Action: August 15, 2017 (6:00p.m.) [P&Z to take action (i.e. approve, approve with conditions, deny)]

City Council - Action: August 21, 2017 (6:00 p.m.) [FOR VARIANCE AND EXCEPTION REQUESTS ONLY]

-Summer Lee sidewalk assessment = $19.33/lf of frontage along Summer Lee
-Summer Lee roadway assessment = $95.12/lf of frontage along Summer Lee
-12" water line assessment = $38.80/lf of frontage along Summer Lee
- Detention side slopes to be a maximum of 4:1 if above ground
-Impact fees
-4% engineering inspection fees
- Must meet all engineering requirements
- Sewer is off-site and will require off-site easements

GENERAL NOTES

1. ALL CONSTRUCTION SHALL BE IN STRICT ACCORDANCE WITH THE STANDARDS OF THE CITY OF ROCKWALL.
2. A PERMIT IS REQUIRED TO CUT A CITY STREET OR WORK WITHIN THE RIGHT-OF-WAY. THE PERMIT IS ISSUED BY THE PUBLIC WORKS DEPARTMENT.
3. THE LOCATION OF UNDERGROUND UTILITIES INDICATED ON THE PLANS IS TAKEN FROM PUBLIC RECORDS. IT IS THE CONTRACTOR'S RESPONSIBILITY TO MAKE ARRANGEMENTS WITH THE OWNERS OF SUCH UNDERGROUND UTILITIES PRIOR TO WORKING IN THE AREA TO CONFIRM THEIR EXACT LOCATION AND TO DETERMINE WHETHER ANY ADDITIONAL UTILITIES OTHER THAN THOSE SHOWN ON THE PLANS MAY BE PRESENT. THE CONTRACTOR SHALL PRESERVE AND PROTECT ALL UNDERGROUND UTILITIES. IF EXISTING UNDERGROUND UTILITIES ARE DAMAGED, THE CONTRACTOR WILL BE RESPONSIBLE FOR THE COST OF REPAIRING THE UTILITY.
4. WHERE EXISTING UTILITIES OR SERVICE LINES ARE CUT, BROKEN OR DAMAGED, THE CONTRACTOR SHALL REPLACE OR REPAIR THE UTILITIES OR SERVICE LINES WITH THE SAME TYPE OF ORIGINAL MATERIAL AND CONSTRUCTION, OR BETTER, UNLESS OTHERWISE SHOWN OR NOTED ON THE PLANS, AT HIS OWN COST AND EXPENSE. THE CONTRACTOR SHALL IMMEDIATELY NOTIFY THE ENGINEER AT ONCE OF ANY CONFLICTS IN GRADES AND ALIGNMENT.
5. ALL EXCAVATIONS, TRENCHING AND SHORING OPERATIONS SHALL COMPLY WITH THE REQUIREMENTS OF THE U. S. DEPARTMENT OF LABOR, OSHA, "CONST. SAFETY AND HEALTH REGULATIONS.", VOL. 29, SUBPART P. PG. 128 - 137, AND ANY AMENDMENTS THERETO.
6. ADEQUATE MEASURES SHALL BE TAKEN TO PREVENT EROSION. IN THE EVENT THAT SIGNIFICANT EROSION OCCURS AS A RESULT OF CONSTRUCTION THE CONTRACTOR SHALL RESTORE THE ERODED AREA TO ORIGINAL CONDITION OR BETTER.
7. THE CONTRACTOR SHALL RESTORE ALL AREAS DISTURBED BY CONSTRUCTION TO ORIGINAL CONDITION OR BETTER. RESTORED AREAS INCLUDE, BUT ARE NOT LIMITED TO TRENCH BACKFILL, SIDE SLOPES, FENCES, CULVERT PIPES, DRAINAGE DITCHES, DRIVEWAYS, PRIVATE YARDS AND ROADWAYS.
8. ANY CHANGES NEEDED AFTER CONSTRUCTION PLANS HAVE BEEN RELEASED, SHALL BE APPROVED BY THE CITY ENGINEER. THESE CHANGES MUST BE RECEIVED IN WRITING FROM THE FROM THE DESIGN ENGINEER. THE DIRECTOR OF PUBLIC WORKS SHALL APPROVE ANY DEVIATIONS FROM STATE REGULATIONS.
9. THE CONTRACTOR SHALL PROVIDE "RED LINED" MARKED PRINTS TO THE ENGINEER PRIOR TO FINAL INSPECTION INDICATING ALL CONSTRUCTION WHICH DEVIATED FROM THE PLANS OR WAS CONSTRUCTED IN ADDITION TO THAT INDICATED ON THE PLANS.

GENERAL NOTES

1. ALL CONSTRUCTION SHALL BE IN STRICT ACCORDANCE WITH THE STANDARDS OF THE CITY OF ROCKWALL.

2. A PERMIT IS REQUIRED TO CUT A CITY STREET OR WORK WITHIN THE RIGHT-OF-WAY. THE PERMIT IS ISSUED BY THE PUBLIC WORKS DEPARTMENT.

3. THE LOCATION OF UNDERGROUND UTILITIES INDICATED ON THE PLANS IS TAKEN FROM PUBLIC RECORDS. IT IS THE CONTRACTOR'S RESPONSIBILITY TO MAKE ARRANGEMENTS WITH THE OWNERS OF SUCH UNDERGROUND UTILITIES PRIOR TO WORKING IN THE AREA TO CONFIRM THEIR EXACT LOCATION AND TO DETERMINE WHETHER ANY ADDITIONAL UTILITIES OTHER THAN THOSE SHOWN ON THE PLANS MAY BE PRESENT. THE CONTRACTOR SHALL PRESERVE AND PROTECT ALL UNDERGROUND UTILITIES. IF EXISTING UNDERGROUND UTILITIES ARE DAMAGED, THE CONTRACTOR WILL BE RESPONSIBLE FOR THE COST OF REPAIRING THE UTILITY.

4. WHERE EXISTING UTILITIES OR SERVICE LINES ARE CUT, BROKEN OR DAMAGED, THE CONTRACTOR SHALL REPLACE OR REPAIR THE UTILITIES OR SERVICE LINES WITH THE SAME TYPE OF ORIGINAL MATERIAL AND CONSTRUCTION, OR BETTER UNLESS OTHERWISE SHOWN OR NOTED ON THE PLANS, AT HIS OWN COST AND EXPENSE. THE CONTRACTOR SHALL IMMEDIATELY NOTIFY THE ENGINEER AT ONCE OF ANY CONFLICTS IN GRADES AND ALIGNMENT.

5. ALL EXCAVATIONS, TRENCHING AND SHORING OPERATIONS SHALL COMPLY WITH THE REQUIREMENTS OF THE U. S. DEPARTMENT OF LABOR, OSHA, "CONST. SAFETY AND HEALTH REGULATIONS.", VOL. 29, SUBPART P. PG. 128 - 137, AND ANY AMENDMENTS THERETO.

6. ADEQUATE MEASURES SHALL BE TAKEN TO PREVENT EROSION. IN THE EVENT THAT SIGNIFICANT EROSION OCCURS AS A RESULT OF CONSTRUCTION THE CONTRACTOR SHALL RESTORE THE ERODED AREA TO ORIGINAL CONDITION OR BETTER.

7. THE CONTRACTOR SHALL RESTORE ALL AREAS DISTURBED BY CONSTRUCTION TO ORIGINAL CONDITION OR BETTER. RESTORED AREAS INCLUDE, BUT ARE NOT LIMITED TO TRENCH BACKFILL, SIDE SLOPES, FENCES, CULVERT PIPES, DRAINAGE DITCHES, DRIVEWAYS, PRIVATE YARDS AND ROADWAYS.

8. ANY CHANGES NEEDED AFTER CONSTRUCTION PLANS HAVE BEEN RELEASED, SHALL BE APPROVED BY THE CITY ENGINEER. THESE CHANGES MUST BE RECEIVED IN WRITING FROM THE FROM THE DESIGN ENGINEER. THE DIRECTOR OF PUBLIC WORKS SHALL APPROVE ANY DEVIATIONS FROM STATE REGULATIONS.

9. THE CONTRACTOR SHALL PROVIDE "RED LINED" MARKED PRINTS TO THE ENGINEER PRIOR TO FINAL INSPECTION INDICATING ALL CONSTRUCTION WHICH DEVIATED FROM THE PLANS OR WAS CONSTRUCTED IN ADDITION TO THAT INDICATED ON THE PLANS.

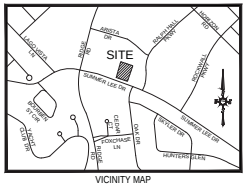
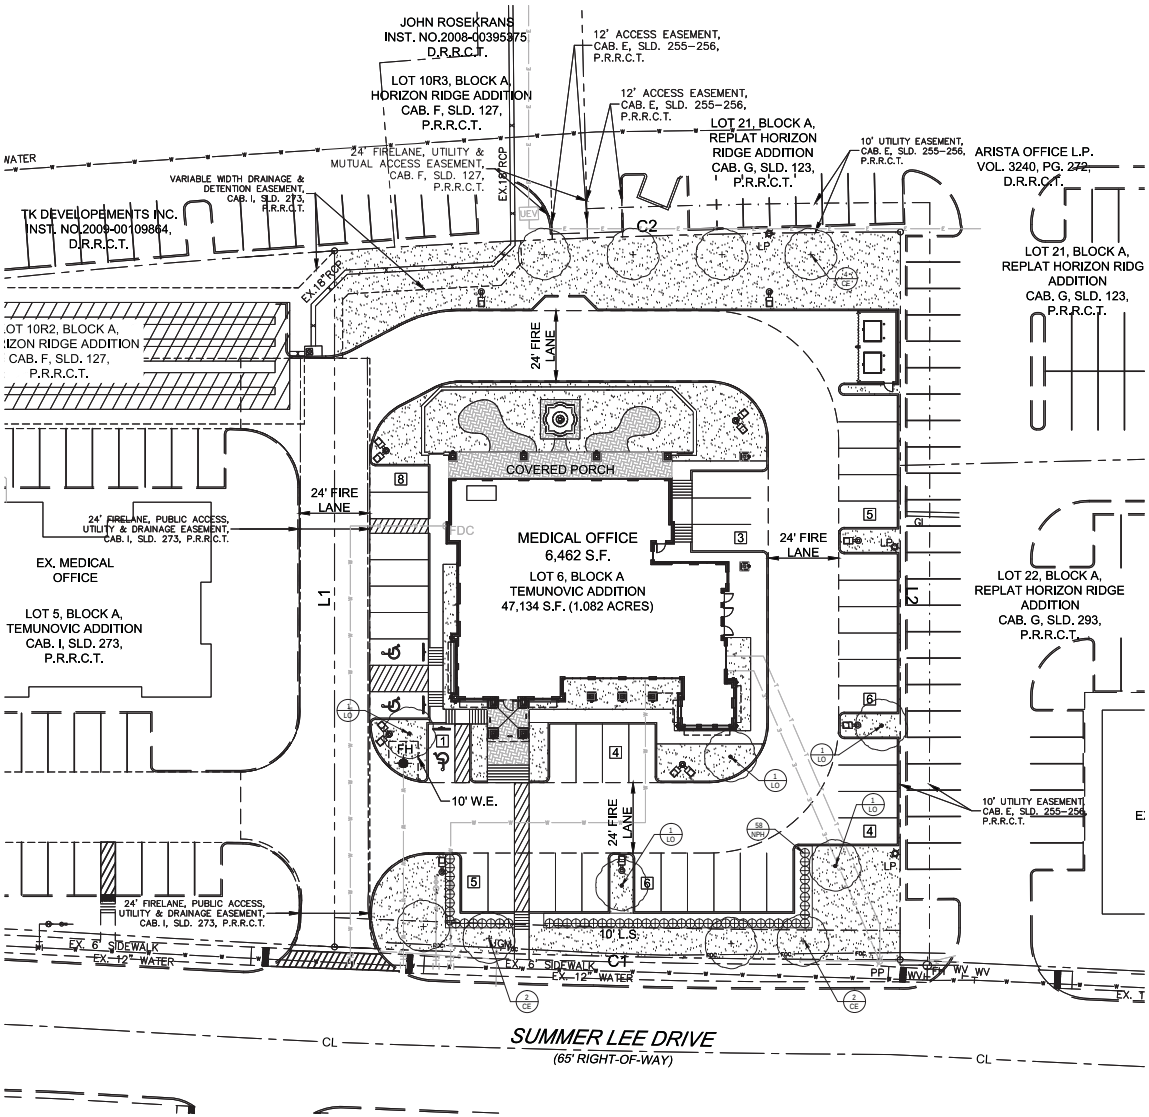
NOTE: "NO TREES SHALL BE WITHIN 5 FEET OF ANY UTILITY"



VICINITY MAP
N.T.S



GENERAL LAWN NOTES

1. FINE GRADE AREAS TO ACHIEVE FINAL CONTOURS INDICATED ON CIVIL PLANS.
2. ADJUST CONTOURS TO ACHIEVE POSITIVE DRAINAGE AWAY FROM BUILDINGS. PROVIDE UNIFORM ROUNDING AT TOP AND BOTTOM OF SLOPES AND OTHER BREAKS IN GRADE. CORRECT IRREGULARITIES AND AREAS WHERE WATER MAY STAND.
3. ALL LAWN AREAS TO RECEIVE SOLID SOD SHALL BE LEFT IN A MAXIMUM OF 1" BELOW FINAL FINISH GRADE. CONTRACTOR TO COORDINATE OPERATIONS WITH ON-SITE CONSTRUCTION MANAGER.
4. IMPORTED TOPSOIL SHALL BE NATURAL, FRIABLE SOIL FROM THE REGION, KNOWN AS BOTTOM AND SOIL. FREE FROM LUMPS, CLAY, TOXIC SUBSTANCES, ROOTS, DEBRIS, VEGETATION, STONES, CONTAINING NO SALT AND BLACK TO BROWN IN COLOR.
5. *ALL LAWN AREAS TO BE FINE GRADED, IRRIGATION TRENCHES COMPLETELY SETTLED, AND FINISH GRADE APPROVED BY THE OWNER'S CONSTRUCTION MANAGER OR ARCHITECT PRIOR TO INSTALLATION.*
6. *ALL ROCKS 3/4" DIAMETER AND LARGER, DIRT CLODS, STICKS, CONCRETE SPOILS, ETC. SHALL BE REMOVED PRIOR TO PLACING TOPSOIL AND ANY LAWN INSTALLATION*
7. CONTRACTOR SHALL PROVIDE (1") ONE INCH OF IMPORTED TOPSOIL ON ALL AREAS TO RECEIVE LAWN.

SOLID SOD NOTES

1. FINE GRADE AREAS TO ACHIEVE FINAL CONTOURS INDICATED. LEAVE AREAS TO RECEIVE TOPSOIL 3" BELOW FINAL DESIRED GRADE IN PLANTING AREAS AND 1" BELOW FINAL GRADE IN TURF AREAS.
2. ADJUST CONTOURS TO ACHIEVE POSITIVE DRAINAGE AWAY FROM BUILDINGS. PROVIDE UNIFORM ROUNDING AT TOP AND BOTTOM OF SLOPES AND OTHER BREAKS IN GRADE. CORRECT IRREGULARITIES AND AREAS WHERE WATER MAY STAND.
3. ALL LAWN AREAS TO RECEIVE SOLID SOD SHALL BE LEFT IN A MAXIMUM OF 1" BELOW FINAL FINISH GRADE. CONTRACTOR TO COORDINATE OPERATIONS WITH ON-SITE CONSTRUCTION MANAGER.
4. CONTRACTOR TO COORDINATE WITH ON-SITE CONSTRUCTION MANAGER FOR AVAILABILITY OF EXISTING TOPSOIL.
5. PLANT SOD BY HAND TO COVER INDICATED AREA COMPLETELY. INSURE EDGES OF SOD ARE TOUCHING. TOP DRESS JOINTS BY HAND WITH TOPSOIL TO FILL VOIDS.
6. ROLL GRASS AREAS TO ACHIEVE A SMOOTH, EVEN SURFACE, FREE FROM UNNATURAL UNDULATIONS.
7. WATER SOD THOROUGHLY AS SOD OPERATION PROGRESSES.
8. CONTRACTOR SHALL MAINTAIN ALL LAWN AREAS UNTIL FINAL ACCEPTANCE. THIS SHALL INCLUDE, BUT NOT LIMITED TO: MOWING, WATERING, WEEDING, CULTIVATING, CLEANING AND REPLACING DEAD OR BARE AREAS TO KEEP PLANTS IN A VIGOROUS, HEALTHY CONDITION.
9. CONTRACTOR SHALL GUARANTEE ESTABLISHMENT OF AN ACCEPTABLE TURF AREA AND SHALL PROVIDE REPLACEMENT FROM LOCAL SUPPLY IF NECESSARY.
10. IF INSTALLATION OCCURS BETWEEN SEPTEMBER 1 AND MARCH 1, ALL SOD AREAS TO BE OVER-SEEDED WITH WINTER RYEGRASS, AT A RATE OF (4) POUNDS PER ONE THOUSAND (1000) SQUARE FEET.

LANDSCAPE NOTES

1. CONTRACTOR SHALL VERIFY ALL EXISTING AND PROPOSED SITE ELEMENTS AND NOTIFY ARCHITECT OF ANY DISCREPANCIES. SURVEY DATA OF EXISTING CONDITIONS WAS SUPPLIED BY OTHERS.
2. CONTRACTOR SHALL LOCATE ALL EXISTING UNDERGROUND UTILITIES AND NOTIFY ARCHITECT OF ANY CONFLICTS. CONTRACTOR SHALL EXERCISE CAUTION WHEN WORKING IN THE VICINITY OF UNDERGROUND UTILITIES.
3. CONTRACTOR IS RESPONSIBLE FOR OBTAINING ALL REQUIRED LANDSCAPE AND IRRIGATION PERMITS.
4. CONTRACTOR TO PROVIDE A MINIMUM 2% SLOPE AWAY FROM ALL STRUCTURES.
5. ALL PLANTING BEDS AND LAWN AREAS TO BE SEPARATED BY STEEL EDGING. NO STEEL TO BE INSTALLED ADJACENT TO SIDEWALKS OR CURBS.
6. ALL LANDSCAPE AREAS TO BE 100% IRRIGATED WITH AN UNDERGROUND AUTOMATIC IRRIGATION SYSTEM AND SHALL INCLUDE RAIN AND FREEZE SENSORS.
7. ALL LAWN AREAS TO BE SOLID SOD BERMUDAGRASS, UNLESS OTHERWISE NOTED ON THE DRAWINGS.

LANDSCAPE TABULATIONS:

SITE REQUIREMENTS (site area 47,134 s.f.)
Re uirements: 15 site area to be landscaped

Re uired	Provided
7,070 s.f. (15)	11,666 s.f.

FRONT YARD REQUIREMENTS
Re uirements: 50 of re uired landscape must be located in front yard

Re uired	Provided
3,535 s.f. (50)	4,455 s.f.

STREET REQUIREMENTS
Re uirements: (1) tree 3" cal. per 50 l.f. of frontage

SHEET NAME:
LANDSCAPE PLAN

SHEET NUMBER:
L.2

SECTION 02900 - LANDSCAPE

PART 1 - GENERAL

1.1 REFERENCED DOCUMENTS

Refer to bidding requirements, special provisions, and schedules for additional requirements.

1.2 DESCRIPTION OF WORK

Work included: Furnish all supervision, labor, materials, services, equipment and appliances required to complete the work covered in conjunction with the landscaping covered in these specifications and landscaping plans, including:

1. Planting (trees, shrubs, and grass)
2. Bed preparation and fertilization
3. Notification of sources
4. Water and Maintenance until final acceptance
5. Guarantee

1.3 REFERENCE STANDARDS

A. American Standard for Nursery Stock published by American Association of Nurserymen 27 October 1980 Edition, by American National Standards Institute, Inc. (Z60.1) – plant material.

B. American Joint Committee on Horticultural Nomenclature: 1942 Edition of Standardized Plant Names.

C. Texas Association of Nurserymen, Grades and Standards.

D. Hortis Third, 1978 - Cornell University

1.4 NOTIFICATION OF SOURCES AND SUBMITTALS

A. The Contractor shall, within ten (10) days following acceptance of bid, notify the Architect/Owner of the sources of plant materials and bed preparation required for the project.

B. Samples: Provide representative quantities of sandy loam soil, mulch, bed mix material, gravel, and crushed stone. Samples shall be approved by Architect before use on project.

C. Product Data: Submit complete product data and specifications on all other specified materials.

D. Submit three representative samples of each variety of ornamental trees, shrubs, and groundcover plants for Architect's approval. When approved, tag, install, and maintain as representative samples for final installed plant materials.

E. File Certificates of Inspection of plant material by state, county, and federal authorities with Architect, if required.

F. Soil Analysis: Provide sandy loam soil analysis if requested by the Architect.

JOB CONDITIONS

A. General Contractor to complete the following punch list: Prior to Landscape Contractor initiating any portion of landscape installation. General Contractor shall leave planting bed areas three (3") inches below finish grade of sidewalks, drives and curbs as shown on the drawings. All lawn areas to receive solid sod shall be left one (1") inch below the finish grade of sidewalks, drives, and curbs. All construction debris shall be removed prior to Landscape Contractor beginning any work.

B. General Contractor shall provide topsoil as described in Section 02200 - Earthwork.

C. Storage of materials and equipment at the job site will be at the risk of the Landscape Contractor. The Owner cannot be held responsible for theft or damage.

1.6 MAINTENANCE AND GUARANTEE

A. Maintenance:

1. The Landscape Contractor will be held responsible for the maintenance of all work from the time of planting until final acceptance by the Owner. No trees, shrubs, groundcover or grass will be accepted unless they show a healthy growth and satisfactory foliage conditions.
2. Maintenance shall include watering of trees and plants, cultivation, weeding spraying, edging, pruning of trees, mowing of grass, cleaning up and all other work necessary of maintenance.
3. A written notice requesting final inspection and acceptance should be submitted to the Owner at least seven (7) days prior to completion. An on-site inspection by Owner and Landscape Contractor will be completed prior to written acceptance.
4. After final acceptance of installation, the Landscape Contractor will not be required to do any of the above listed work.

B. Guarantee:

1. Trees shall be guaranteed for a twelve (12) month period after acceptance. Shrubs and groundcover shall be guaranteed for twelve (12) months. The Contractor shall replace all dead materials as soon as weather permits and upon notification of the Owner. Plants, including trees, which have partially died so that shape, size, or symmetry has been damaged, shall be considered subject to replacement. In such cases, the opinion of the Owner shall be final.
   a. Plants used for replacement shall be of the same size and kind as those originally planted and shall be planted as originally specified. All work, including materials, labor and equipment used in replacements, shall carry a twelve (12) month guarantee. Any damage, including ruts in lawn or bed areas, incurred as a result of making replacements shall be immediately repaired.
   b. At the direction of the Owner, plants may be replaced at the start of the next year's planting season. In such cases, dead plants shall be removed from the premises immediately.
   c. When plant replacements are made, plants, soil mix, fertilizer and mulch are to be utilized as originally specified and reinspected for full compliance with Contract requirements. All replacements are to be included under "Work" of this section.
2. The Owner agrees that for the guarantee to be effective, he will water plants at least twice a week during dry periods and cultivate beds once a month after final acceptance.
3. The above guarantee shall not apply where plants die after acceptance because of injury from storms, hail, freeze, insects, diseases, injury by humans, machines or theft.
4. Acceptance for all landscape work shall be given after final inspection by the Owner provided the job is in a completed, undamaged condition, and there is a stand of grass in all lawn areas. At this time, the Owner will assume maintenance on the accepted work.

C. Repairs: Any necessary repairs under the Guarantee must be made within ten (10) days after receiving notice, weather permitting, and in the event the Landscape Contractor does not make repairs accordingly, the Owner, without further notice to Contractor, may provide materials and men to make such repairs at the expense of the Landscape Contractor.

1.7 QUALITY ASSURANCE

A. General: Comply with applicable Federal, State, County and Local regulations governing landscape materials and work.

B. Personnel: Employ only experienced personnel who are familiar with the required work. Provide full time supervision by a qualified foreman acceptable to Landscape Architect.

C. Selection of Plant Material:

1. Make contact with suppliers immediately upon obtaining notice of contract acceptance to select and book materials. Develop a program of maintenance (pruning and fertilization) which will insure the purchased materials will meet and/or exceed project specifications.
2. Landscape Architect will provide a key identifying each tree location on site. Written verification will be required to document material selection, source and delivery schedules to site.
3. Owner and/or Architect shall inspect all plant materials when reasonable at place of growth for compliance with requirements for genus, species, cultivar/variety, size and quality.
4. Owner and/or Architect retains the right to further inspect all plant material upon arrival at the site and during installation for size and condition of root balls, limbs, branching habit, insects, injuries, and latent defects.
5. Owner and/or Architect may reject unsatisfactory or defective material at any time during the process of work. Remove rejected materials from the site immediately. Plants damaged in transit or at job site shall be rejected.

1.8 PRODUCT DELIVERY, STORAGE AND HANDLING

A. Preparation:

1. Balled and Burlapped (B&B) Plants: Dig and prepare shipment in a manner that will not damage roots, branches, shape, and future development.
2. Container Grown Plants: Deliver plants in rigid container to hold ball shape and protect root mass.

A. Delivery:

1. Deliver packaged materials in sealed containers showing weight, analysis and name of manufacturer. Protect materials from deterioration during delivery and while stored at site.
2. Deliver only plant materials that can be planted in one day unless adequate storage and watering facilities are available on job site.
3. Protect root balls by heeling in with sawdust or other approved moisture retaining material if not planted within 24 hours of delivery.
4. Protect plants during delivery to prevent damage to root balls or desiccation of leaves. Keep plants moist at all times. Cover all materials during transport.
5. Notify Architect of delivery schedule 72 hours in advance so plant material may be observed upon arrival at job site.
6. Remove rejected plant material immediately from site.
7. To avoid damage or stress, do not lift, move, adjust to plumb, or otherwise manipulate plants by trunk or stems.

PART 2 - PRODUCTS

2.1 PLANTS

A. General: Well-formed No. 1 grade or better nursery grown stock. Listed plant heights are from tops of root balls to nominal tops of plants. Plant spread refers to nominal outer width of the plant, not to the outer leaf tips. Plants will be individually approved by the Architect and his decision as to their acceptability shall be final.

B. Quantities: The drawings and specifications are complimentary. Anything called for on one and not the other is as binding as if shown and called for on both. The plant schedule is an aid to bidders only. Confirm all quantities on plan.

C. Quality and size: Plant materials shall conform to the size given on the plan, and shall be healthy, symmetrical, well-shaped, full branched, and well rooted. The plants shall be free from injurious insects, diseases, injuries to the bark or roots, broken branches, objectionable disfigurements, insect eggs and larvae and are to be of specimen quality.

D. Approval: All plant materials shall be subject to the approval of the Owner. All plants which are found unsuitable in growth, or in any unhealthy, badly shaped, or undersized condition, will be rejected by the Landscape Architect, either before or after planting, and shall be removed at the expense of the Landscape Contractor and replaced with acceptable plants as specified.

E. Trees shall be healthy, full-branched, well-shaped and shall meet the trunk diameter and height requirements of the plant schedule. Balls shall be firm, neat, slightly tapered, and well wrapped in burlap. Any tree loose in the ball or with broken ball at time of planting will be rejected. Balls shall be ten (10") inched in diameter for each one (1") inch of trunk diameter. Measured six (6") inched above ball.

Nomenclature conforms to the customary nursery usage: for clarification, the term "multi-trunk" defines a plant having three (3) or more trunks of nearly equal diameter.

F. Pruning: All pruning of trees and shrubs, as directed by the Landscape Architect, shall be executed by the Landscape Contractor at no additional cost to the Owner.

2.2 SOIL PREPARATION MATERIALS

A. Sandy Loam:

1. Friable, fertile, dark, loamy soil, free of clay lumps, subsoil, stones and other extraneous material and reasonably free of weeds and foreign grasses. Loam containing Dallasgrass or Nutgrass shall be rejected.
2. Physical properties as follows:
   Clay – between 7-27 percent
   Silt – between 15-25 percent
   Sand – less than 52 percent
3. Organic matter shall be 3%-10% of total dry weight.
4. If requested, provide a certified soil analysis conducted by an approved soil testing laboratory verifying that sandy loam meets the above requirements.

B. Organic Material: Compost with a mixture of 80% vegetative matter and 20% animal waste. Ingredients should be a mix of course and fine textured material.

C. Premixed Bedding Soil as supplied by Vital Earth Resources, Gladewater, Texas. Professional Bedding Soil as supplied by Living Earth Technology, Dallas, Texas or Acid Gro Municipal Mix as supplied by Soil Building Systems, Dallas, Texas or approved equal.

D. Sharp Sand: Sharp sand must be free of seeds, soil particles and weeds.

E. Mulch: Double Shredded Hardwood Mulch, partially decomposed, dark brown. Living Earth Technologies or approved equal.

F. Organic Fertilizer: Fertilaid, Sustane, or Green Sense or equal as recommended for required applications. Fertilizer shall be delivered to the site in original unopened containers, each bearing the manufacturer's guaranteed statement of analysis.

A. Commercial Fertilizer: 10-20-10 or similar analysis. Nitrogen source to be a minimum 50% slow release organic Nitrogen (SCU or UF) with a minimum 8% sulphur and 4% iron plus micronutrients.

B. Peat: Commercial sphagnum peat moss or partially decomposed shredded pine bark or other approved organic material.

2.3 MISCELLANEOUS MATERIALS

A. Steel Edging: Shall be Ryerson "Estate Curbing", 1/8" x 4" with stakes 4' on center.

B. Staking Material for Shade Trees.

1. Post: Studded T-Post, #1 Armco with anchor plate, 6'-0" length; paint green.
2. Wire: 12 gauge, single strand, galvanized wire.
3. Rubber hose: 2 ply, fiber reinforced hose, minimum 1½ inch inside diameter. Color: Black.

C. Gravel: Washed native pea gravel, graded 1 in. to 1-1/2 in.

D. Filter Fabric: Mirafi 140N by Celanese Fibers Marketing Company, available at Lutfland Co., (214) 631-5250 or approved equal

PART 3 - EXECUTION

3.1 BED PREPARATION & FERTILIZATION

A. Landscape Contractor to inspect all existing conditions and report any deficiencies to the Owner.

B. All planting areas shall be conditioned as follows:

1. Prepare new planting beds by scraping away existing grass and weeds as necessary. Till existing soil to a depth of six (6") inches prior to placing compost and fertilizer. Apply fertilizer as per manufacturers recommendations. Add six (6") inches of compost and till into a depth of six (6") inches of the topsoil. Apply organic fertilizer such as Sustane or Green Sense at the rate of twenty (20) pounds per one thousand (1,000) square feet.
2. All planting areas shall receive a two (2") inch layer of specified mulch.
3. Backfill for tree pits shall be as follows: Use existing top soil on site (use imported topsoil as needed) free from large clumps, rocks, debris, caliche, subsoils, etc., placed in nine (9") inch layers and watered in thoroughly.

C. Grass Areas:

1. Areas to be Sold Sod Bermudagrass: Blocks of sod should be laid joint to joint, (staggered joints) after fertilizing the ground first. Roll grass areas to achieve a smooth, even surface. The joints between the blocks of sod should be filled with topsoil where they are evidently gaped open, then watered thoroughly.
2. Areas to be Hydromulch Common Bermudagrass: Hydromulch with bermudagrass seed at a rate of two (2) pounds per one thousand (1,000) square feet. Use a 4' x 8' batter board against the bed areas.

3.2 INSTALLATION

A. Maintenance of plant materials shall begin immediately after each plant is delivered to the site and shall continue until all construction has been satisfactorily accomplished.

B. Plant materials shall be delivered to the site only after the beds are prepared and area ready for planting. All shipments of nursery materials shall be thoroughly protected from the drying winds during transit. All plants which cannot be planted at once, after delivery to the site, shall be well protected against the possibility of drying by wind and sun. Balls of earth of B & B plants shall be kept covered with soil or other acceptable material. All plants remain the property of the Contractor until final acceptance.

C. Position the trees and shrubs in their intended location as per plan.

D. Notify the Landscape Architect for inspection and approval of all positioning of plant materials.

E. Excavate pits with vertical sides and horizontal bottom. Tree pits shall be large enough to permit handling and planting without injury to balls of earth or roots and shall be of such depth that, when planted and settled, the crown of the plant shall bear the same relationship to the finish grade as it did to soil surface in original place of growth.

F. Shrub and tree pits shall be no less than two (2) feet, twenty-four (24") inches, wider than the lateral dimension of earth ball and six (6") inches deeper than it's vertical dimension. Remove and haul from site all rocks and stones over one (1") inch in diameter. Plants should be thoroughly moist before removing containers.

G. Dig a wide, rough sided hole exactly the same depth as the height of the ball, especially at the surface of the ground. The sides of the hole should be rough and jagged, never slick or glazed.

H. Percolation Test: Fill the hole with water. If the water level does not percolate within 24 hours, the tree needs to move to another location or have drainage added. Install a PVC stand pipe per tree planting detail as approved by the Landscape Architect.

I. Backfill only with 5 parts existing soil or sandy loam and 1 part bed preparation. When the hole is dug in solid rock, top soil from the same area should not be used. Carefully settle by watering to prevent air pockets. Remove the burlap from the top 1/3 of the ball, as well as all nylon, plastic string and wire mesh. Container trees will usually be pot bound, if so follow standard nursery practice of 'root scoring'.

J. Do not wrap trees.

K. Do not over prune.

L. Mulch the top of the ball. Do not plant grass all the way to the trunk of the tree. Leave the area above the top of the ball and mulch with at least two (2") inches of specified mulch.

M. All plant beds and trees to be mulched with a minimum settled thickness of two (2") inches over the entire bed or pit.

N. Obstruction below ground: In the event that rock, or underground construction work or obstructions are encountered in any plant pit excavation work to be done under this section, alternate locations may be selected by the Owner. Where locations cannot be changed, the obstructions shall be removed to a depth of not less than three (3) feet below grade and no less than six (6") inches below the bottom of ball when plant is properly set at the required grade. The work of this section shall include the removal from the site of such rock or underground obstructions encountered at the cost of the Landscape Contractor.

O. Trees and large shrubs shall be staked as site conditions require. Position stakes to secure tree against seasonal prevailing winds.

P. Pruning and Mulching: Pruning shall be directed by the Architect and shall be pruned in accordance with standard horticultural practice following Fine Pruning, Class I pruning standards provided by National Arborist Association.

1. Dead wood or suckers and broken body bruised branches shall be removed. General lopping of the branches is not permitted. Do not cut terminal branches.
2. Pruning shall be done with clean, sharp tools.
3. Immediately after planting operations are completed, all tree pits shall be covered with a layer of organic material two (2") inches in depth. This limit of the organic material

Q. Steel Curbing Installation:

1. Curbing shall be signed as indicated on plans. Stake out limits of steel curbing and obtain Owners approval prior to installation.
2. All steel curbing shall be free of kinks and abrupt bends.
3. Top of curbing shall be 3/4" maximum height above grade.
1. Stakes are to be installed on the planting bed side of the curbing, as opposed to the grass side.
2. Do not install steel edging along sidewalks.
3. Cut steel edging at 45 degree angle where edging meets sidewalk.

3.3 CLEANUP AND ACCEPTANCE

A. Cleanup: During the work, the premises shall be kept neat and orderly at all times. Storage areas for all materials shall be so organized that they, too, are neat and orderly. All trash and debris shall be removed from the site as work progresses. Keep paved areas clean by sweeping or hosing at end of each days work.

EXISTING TREE TO REMAIN

EXISTING TREE TO BE REMOVED

TREE PROTECTION FENCING TO REMAIN DURING CONSTRUCTION REFER TO 01/L1.00

EXISTING TREE NOTES

1. *Existing trees to remain shall be protected during construction from tree structure damage and compaction of soil under and around dripline (canopy) of tree.*
2. *If any root structure is damaged during adjacent excavation/construction, notify the Architect immediately. It is recommended that a licensed Arborist be secured for the treatment of any possible tree wounds.*
3. *No disturbance of the soil greater than 4" shall be located closer to the tree trunk than 1/2 the distance of the drip line to the tree trunk. A minimum of 75% of the drip line and root zone shall be preserved at natural grade.*
4. *Any fine grading done within the critical root zones of the protected trees must be done with light machinery such as a bobcat or light tractor. No earth moving equipment with tracks is allowed within the critical root zone of the trees.*
5. *Material Storage: No materials intended for use in construction or waste materials accumulated due to excavation or demolition shall be placed within the limits of the dripline of any tree.*
6. *Equipment Cleaning/Liquid Disposal: No equipment may be cleaned, toxic solutions, or other liquid chemicals shall be deposited within the limits of the dripline of a tree. This would include but not be limited to paint, oil, solvents, asphalt, concrete, mortar, primers, etc.*
7. *Tree Attachments: No signs, wires or other attachments, other than those of a protective nature shall be attached to any tree.*
8. *Vehicular Traffic: No vehicular and construction equipment traffic or parking is allowed within the limits of the dripline of trees.*
9. *Boring of Utilities: May be permitted under protected trees in certain circumstances. The minimum length of the bore shall be the width of the tree's canopy and shall be a minimum depth of forty-eight (48") inches.*
10. *Trenching: Any irrigation trenching which must be done within the critical root zone of a tree shall be dug by hand and enter the area in a radial manner.*
11. *Tree Flagging: All trees to be removed from the site shall be flagged by the Contractor with bright red vinyl tape (3" width) wrapped around the main trunk at a height of four (4') feet above grade. Flagging shall be approved by Landscape Architect prior to any tree removal. Contractor shall contact Landscape Architect with 72 hour notice to schedule on-site meeting.*
12. *Protective Fencing: All trees to remain, as noted on drawings, shall have protective fencing located at the tree's dripline. The protective fencing may be comprised of snow fencing, orange vinyl construction fencing, chain link fence or other similar fencing with a four (4') foot approximate height. The protective fencing will be located as indicated on the Tree Protection Detail(s).*
13. *Bark Protection: In situations where a tree remains in the immediate area of intended construction, the tree shall be protected by enclosing the entire circumference of the tree's trunk with lumber encircled with wire or other means that does not damage the tree. Refer to Tree Protection Detail(s).*
14. *Construction Pruning: In a case where a low hanging limb is broken during the course of construction, the Contractor shall notify the Landscape Architect immediately. In no instance shall the Contractor prune any portion of the damaged tree without the prior approval by the Landscape Architect.*

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 09/26/2017

APPLICANT: John Delin, *Integrity Group, LLC*

AGENDA ITEM: **Z2017-040**; *Ladera Rockwall (AG to PD)*

SUMMARY:

Hold a public hearing to discuss and consider a request by John Delin of Integrity Group, LLC on behalf of Jane Cullins for the approval of a zoning change from an Agricultural (AG) District to a Planned Development District for general retail and single-family residential land uses on a 37.932-acre tract of land identified as Tract 5 of the M. B. Jones Survey, Abstract No. 122, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the 205 By-Pass Overlay (205 BY-OV) and the East SH-66 Overlay (E SH-66 OV) District , located at the northeast corner of the intersection of SH-66 and John King Boulevard, and take any action necessary.

PURPOSE AND BACKGROUND:

The majority of the subject property was annexed into the City of Rockwall and zoned Agricultural (AG) District on March 16, 1998 by *Case No. A1998-001* (*Ordinance No. 98-10*). The remainder of the property was annexed on March 2, 1960 by *Case No. A1960-001* (*Ordinance No. 60-01*). In 2007-2008, the City of Rockwall acquired a portion of the property for the future right-of-way for John King Boulevard. This divided the property into two (2) tracts of land, a 9.894-acre tract of land on the west side of John King Boulevard (*i.e. Tract 1*) and a 28.011-acre tract of land on the east side of John King Boulevard (*i.e. Tract 2*).

On August 18, 2017, the applicant -- *John Delin of Integrity Group, LLC* -- submitted two (2) development applications requesting to change the zoning of *Tract 1* (*i.e. Z2017-039*) from an Agricultural (AG) District to a General Retail (GR) District and to change *Tract 2* (*i.e. Z2017-040*) from an Agricultural (AG) District to a Planned Development District for an age restricted, senior living community that will be subject to the Single-Family 7 (SF-7) District land uses. As part of the application for *Tract 2*, the applicant stated that the age restriction would conform to the *Housing for Older Persons* exemption of the *Federal Fair Housing Act* as regulated by the *US Department of Housing and Urban Development*. The proposed age restricted, senior living community will consist of 84-89 single-family homes.

On September 12, 2017, the Planning and Zoning Commission approved *Case No. Z2017-039* (*i.e. Tract 1*) by a vote of 6-0, with Commissioner Fishman absent; however, *Case No. Z2017-040* (*i.e. Tract 2*) was continued by the Planning and Zoning Commission to allow the applicant time to provide clarifications and changes that were requested by the commissioners in the meeting. On September 18, 2017, the City Council approved a motion to remand *Case No. Z2017-039* back to the Planning and Zoning Commission, and directed staff to combine the case with *Case No. Z2017-040*. This motion was approved by a vote of 5-0 with Council Member Lewis absent and Council Member Macalik abstaining. The City Council's purpose in combining the request appeared to be twofold: [*1*] to allow the uses in the General Retail (GR) District to be further limited through the Planned Development District ordinance, and [*2*] to address the applicant's comments, which indicated that the two (2) cases were dependent upon each other.

ADJACENT LAND USES AND ACCESS:

The subject property is located on both sides of John King Boulevard, north of SH-66. A more detailed description of the adjacent land uses is as follows:

North: Directly north of the subject property on the east side of John King Boulevard is a vacant, 15.935-acre parcel of land zoned Agricultural (AG) District. Beyond this is FM-1141, which is identified as a M4D (*minor collector, four [4] lane, divided roadway*) on the City's *Master Thoroughfare Plan*. North of this thoroughfare is a single-family subdivision, which is situated outside the City's limits. On the east side of John King Boulevard north of the subject property is a 1.837-acre tract of land zoned Agricultural (AG) District. Beyond this parcel is a one (1) acre tract of land followed by a 5.702-acre tract of land. Both of these tracts of land are owned by the City of Rockwall and zoned Agricultural (AG) District.

South: Directly south of the subject property is Williams Street (*i.e. current alignment of SH-66*), which is identified as a *Minor Collector* on the City's *Master Thoroughfare Plan*. Beyond this thoroughfare is a portion of a 28.8836-acre tract of land, which is vacant and zoned Planned Development District 71 (PD-71) for limited Commercial (C) District land uses. Adjacent to this property and south of the western boundary of the subject property is a vacant 17.861-acre tract of land that was subdivided into 78 duplex lots in 1984. This property is zoned Two-Family (2F) District. Adjacent to this property is an undefined portion of Planned Development District 71 (PD-71), which allows for limited Commercial (C) District land uses.

East: Directly east of the subject property is a 65.274-acre portion of a larger 148.825-acre tract of land that is zoned Agricultural (AG) District. Situated on the property is an accessory building. Beyond this are various tracts of land zoned Agricultural (AG) District.

West: Directly west of the subject property is FM-1141, which is identified as a *Minor Collector* on the City's *Master Thoroughfare Plan*. Beyond this is a 13.376-acre tract of land, which was preliminary platted as the Highlands Subdivision (*Case No. P2017-021*). This subdivision will consist of 53 single-family lots and is zoned Planned Development District 5 (PD-5) for Zero Lot Line (ZL-5) District land uses/development standards.

TRACT 1: 9.894-ACRE TRACT OF LAND ON THE EASTSIDE OF JOHN KING BOULEVARD

On *Tract 1* the applicant is requesting limited General Retail (GR) District land uses. Specifically, the applicant is proposing to prohibit the following land uses, which are currently permitted *by-right* or by Specific Use Permit (SUP) within the General Retail (GR) District:

- ☑ Convent or Monastery
- ☑ Hotel or Motel
- ☑ Hotel, Residence
- ☑ Cemetery/Mausoleum
- ☑ Mortuary or Funeral Chapel
- ☑ Social Service Provider
- ☑ Billiard Parlor or Pool Hall
- ☑ Carnival, Circus, or Amusement Ride
- ☑ Commercial Amusement/Recreation (*Outside*)
- ☑ Gun Club, Skeet or Target Range (*Indoor*)
- ☑ Astrologer, Hypnotist, or Psychic Art and Science
- ☑ Night Club, Discotheque, or Dance Hall
- ☑ Secondhand Dealer
- ☑ Car Wash, Self Service
- ☑ Retail Store with Gasoline Product Sales (*Any Amount of Dispensers*)
- ☑ Service Station
- ☑ Mining and Extraction (*Sand, Gravel, Oil & Other*)

- ☑ Helipad
- ☑ Railroad Yard or Shop
- ☑ Transit Passenger Facility

In addition, the applicant is proposing to only allow a *Garden Supply/Plant Nursery* through a Specific Use Permit (SUP). This is similar to the land uses that were permitted within the Breezy Hill Subdivision for the General Retail (GR) District area at the northeast corner of FM-552 and John King Boulevard.

According to the purpose statements outlined in Section 4.4, *General Retail (GR) District*, of Article V, *District Development Standards*, of the Unified Development Code (UDC), "(t)he General Retail (GR) District is established to provide limited retail and service uses for one (1) or more neighborhoods … uses specified in this district include most types of retail activity and are located on, or at the intersections of major thoroughfares." The UDC goes on to state that this zoning designation is not intended to be a major retail district, and any land uses that are intensive commercial uses that produce large volumes of traffic should be avoided. In addition, "…(s)ince the zone will be located close to residential areas, the development standards are stringent and require a high standard of development…" These standards are as follows:

Ordinance Provisions	*Zoning District Standards*
Minimum Lot Area	*6,000 SF*
Minimum Lot Width	*60-Feet*
Minimum Lot Depth	*100-Feet*
Minimum Front Yard Setback	*15-Feet* [1]
Minimum Rear Yard Setback	*10-Feet (0-Feet w/ Fire Rated Wall)* [2]
Minimum Rear Yard Setback Adjacent to Residential	*20-Feet + (½ Height Greater than 36-Feet)* [2]
Minimum Side Yard Setback	*10-Feet (0-Feet w/ Fire Rated Wall)* [2]
Minimum Side Yard Setback Adjacent to Residential	*20-Feet + (½ Height Greater than 36-Feet)* [2]
Maximum Height	*60-Feet (Greater Than 36-Feet Requires SUP)*
Max Lot Coverage	*40%*
Minimum Masonry Requirement	*90%*
Maximum Building Size	*25,000 SF*
Minimum Landscaping Percentage	*15%*
Maximum Impervious Coverage	*85-90%*

Notes
[1]*: Parking should not be located between the front façade and the property line.*
[2]*: In no case shall the setback exceed more than 50-feet.*

Staff should also note that this property will be subject to all the standards of the SH-205 By-Pass Overlay (205 BY-OV) and East SH-66 Overlay (E SH-66 OV) Districts.

When looking at the applicant's request it should be noted that the subject property does appear to conform to the site specifications stipulated by the UDC for the General Retail (GR) District zoning designation. Specifically, it is located adjacent to two (2) major roadways (*i.e. Williams Street [the current alignment of SH-66] and John King Boulevard*) and is in close proximity to an existing and proposed residential subdivision (*i.e. Caruth Lakes and the Highlands*). In addition, the property is physically separated from these residential areas by a major roadway, (*i.e. FM-1141*), which alleviates any need for residential adjacency standards. Staff should note that with the recent changes to the SH-205 By-Pass Overlay (205 BY-OV) District -- *which now requires a minimum separation of 100-feet between John King Boulevard and any residential structure* -- the subject property may be better suited for a Future Land Use designation other than *Medium Density Residential*. This is furthered by floodplain that transverses the southwest corner of the property. With all this being said, zoning changes are discretionary decisions for the City Council.

TRACT 2: 28.011-ACRE TRACT OF LAND ON THE WESTSIDE OF JOHN KING BOULEVARD

Looking at *Tract 2*, the applicant's letter states the purpose of this area is to provide a "low-maintenance active adult community … that will be maintained and managed by the HOA …" The letter goes on to state that the community will incorporate a fitness trail, activity center with exercise pool, kitchen and gathering space, and ~12.8-acres of open space. The concept plan provided by the applicant shows that the proposed subdivision will be setup in a condominium regime (*i.e. all homes are situated on one [1] large lot as opposed to individual lots*), serviced by private streets, and the Homeowner's Association (HOA) will perform all maintenance of the grounds. Each home will be individually owned by the occupant. The concept plan also shows that the subdivision will be gated by a six (6) foot wrought iron fence, accessible from one (1) point entry adjacent to John King Boulevard, and have an exit only secondary access point on SH-66. A summary of the development standards for this project are as follows:

Table 1.1 Condominium Lot Requirements

Minimum Lot Width	*1,500'*
Minimum Lot Depth	*490'*
Minimum Lot Area	*28.0-Acres*
Minimum Setback Adjacent to John King Boulevard	*86'*
Minimum Setback Adjacent to SH-66	*20'*
Minimum Setback Adjacent to the Eastern & Northern Property Lines	*10'*

Table 1.2 Artificial Lot Requirements

Minimum Setback from a Private Street [1]	*15'*
Minimum Side Yard Distance Between Units	*6'*
Minimum Side Yard Setback from a Private Street [1]	*10'*
Minimum Rear Yard Distance Between Units	*20'*
Maximum Height	*35'*

General Notes:

1: *This setback shall be measured from the back of curb.*

2: *Variances of up to five (5) feet may be granted by the Director of Planning and Zoning on a case-by-case basis for artificial lots on curve-linear streets.*

3: *The minimum length of a driveway shall be 20-feet as measured from the edge of the approach to the garage door.*

The development standards provided by the applicant show that the community will consist of 89 single-family homes (*84 are depicted on the provided concept plan*) that will be composed of 15 different unit types ranging in minimum size from 1,600 SF to 2,100 SF. The overall density proposed with this subdivision will be 3.2 dwelling units/acre. The following is a summary of the proposed housing composition:

Table 2.1 Housing Unit Breakdown

Unit Type	*Unit Dimensions*	*Minimum Unit Size (SF)*	*Dwelling Units (#)*	*Dwelling Units*
1	*44.5' x 80'*	*1,600 SF*	*13*	*15.48%*
2 & 3	*42' x 77'*	*1,600 SF*	*50*	*59.52%*
4	*54' x 60'*	*1,600 SF*	*14*	*16.67%*
5	*64' x 50'*	*2,100 SF*	*7*	*08.33%*
		Total Units:	*84*	

The applicant has submitted proposed building elevations depicting four (4) of the 15 product types all of which are single story homes (*see attached housing plans*); however, the applicant has indicated that some of the homes have the option of adding a second story. Of the 15 building elevations, the applicant has stated that there are four (4) variations of each. This creates 60 different possibilities of housing design. The applicant is proposing to meet the City's minimum anti-monotony restrictions.

It should be noted that the development standards contained within the PD Ordinance deviate from the requirements of the Unified Development Code (UDC) and the Engineering Department's *Standards of Design and Construction* Manual in the following ways:

- ☑ According to the Engineering Department's *Standards of Design and Construction* Manual, "(t)he City Council may waive the residential alley requirement upon determination by the Council, if it is in the best interest of the City." In addition, the UDC requires all garages accessible from the street be configured in a *J-Swing* (*Traditional Swing*) or recessed garage format (*i.e. the garage is setback a minimum of 20-feet from the front façade of the primary structure*). Currently, the applicant is requesting to allow 100% *Flat Front Entry* garages (*i.e. even with the front façade of the primary structure*) in lieu of alleyways, *J-Swing* and/or recessed garage formats.

- ☑ According to Subsection I, *Residential Frontage Requirements*, of Section 6.10, *SH-205 By-Pass Overlay (205 BY-OV) District*, of the UDC, residential properties adjacent to John King Boulevard have the choice of providing one (1) of four (4) design alternatives: [*1*] provide an increased landscape buffer of 100-feet, [*2*] increase the rear yard building setback to 50-feet for properties backing to John King Boulevard, [*3*] incorporate a slip street with minimum of 50-feet of right-of-way in addition to a 50-foot landscape buffer, and [*4*] incorporate an eyebrow street with a 30-foot landscape buffer and 25-foot front yard building setback. All of these options are designed to provide a minimum of 100-feet of separation between John King Boulevard and any residential property facing or backing to the roadway. In this case, the applicant is providing a 50-foot landscape buffer with a slip street; however, the slip street is only 21-feet in width. This reduced street section creates a minimum separation of 95-feet from the front façade of the residential property to John King Boulevard.

- ☑ Required landscape buffers are generally prohibited from having any fencing or parking encroaching into the buffer. In this case, the proposed neighborhood fencing -- *which is a wrought iron fence with masonry columns* -- encroaches into the 50-foot landscape buffer along John King Boulevard up to ten (10) feet along the frontage. With this being said the applicant has stated that the parking and 21-foot street cross section do not encroach into the required buffer.

- ☑ According to Section 6.12, *East SH-66 Corridor Overlay (E SH-66 OV) District*, of the UDC the minimum residential landscape buffer for properties adjacent to SH-66 is 25-feet; however, the applicant is proposing a 20-foot landscape buffer. The applicant has stated that the closest property to SH-66 will meet the 25-foot separation requirements being 27.2-feet from the roadway.

- ☑ Currently, no zoning districts within the UDC has a side yard setback of less than five (5) feet (*with the exception of the Zero Lot Line [ZL-5] District which requires a minimum of a five [5] foot maintenance easement and a total building separation of ten [10] feet*). This generally equates to a minimum separation of buildings of ten (10) feet. In this case, the applicant is proposing a minimum separation between houses of six (6) feet. This would equate to a typical building setback of three (3) feet.

- ☑ According to the Engineering Department's *Standards of Design and Construction* Manual the minimum drive isle for a multi-family and non-residential property is 24-feet (*this project is multi-family/non-residential due to the private streets and single lot*). In this case the applicant is proposing a 21-foot one-way street section that represents a reduction in the minimum drive isle of three (3) feet.

By approving the proposed Planned Development District, the City Council is waiving these standards. Attached to this case memo is a draft ordinance for the City Council's review.

CONFORMANCE WITH THE COMPREHENSIVE PLAN:

In accordance with the *John King Boulevard Design Plan* contained in the Comprehensive Plan, the applicant has agreed to pave a ten (10) foot sidewalk along the frontages of *Tracts 1 & 2* adjacent to John King Boulevard. Staff has incorporated this into the Planned Development District Ordinance. In addition, the applicant has provided a schematic of a fountain and seat wall that will be installed adjacent to the ten (10) foot sidewalk in front of the development of *Tract 2*. This has also been incorporated into the Planned Development District Ordinance along with the enhanced intersection design that will be required for *Tract 1.*

The Future Land Use Map, adopted with the Comprehensive Plan, designates *Tract 1* for *Medium Density Residential* land uses and *Tract 2* for *Low Density Residential* land uses. Staff has verified that both of these properties have been designated for residential uses on the Future Land Use Map since at least 1986 (*i.e. prior to annexation in 1998*). In addition, the subject property has been identified for *Low Density Residential* and *Medium Density Residential* land uses since the adoption of the *Hometown 2000 Comprehensive Plan*. The proposed zoning change would necessitate that the designation of *Tract 1* be changed from a *Medium Density Residential* designation to a *Commercial* designation, and *Tract 2* be changed from a *Low Density Residential* designation to a *High Density Residential* designation.

With regard to *Tract 2*, the zoning proposal conforms to the majority of the residential policies and guidelines contained in the Comprehensive Plan; however, many of the residential standards contained in this document were not drafted to address the proposed residential product (*i.e. a single-family condominium development*). According to the Comprehensive Plan, a *High Density Residential* land use is defined as any development that exceeds three (3) units per gross acre. In this case, the density of the proposed subdivision is at 3.2-units per gross acre. The Comprehensive Plan goes on to state that "(h)igh density residential [*land uses*] should be used as a transitional use from commercial (*or existing retail*) use, or where it will serve as a logical extension of an existing high density development". In this case, the proposed development is adjacent to mostly agriculturally zoned land with no adjacent land uses that would warrant a transition of land uses.

With this being said, the approval of any changes to the Future Land Use Map or the approval of an increased density would be a discretionary decision for the City Council. Should the City Council choose to approve the applicant's request staff has included a condition of approval that would amend the Future Land Use Map to reflect the requested designations.

NOTIFICATION:

On September 1, 2017, staff mailed 13 notices to property owners and residents within 500-feet of the *Tract 1*. Staff also sent a notice to the Caruth Lakes Homeowner's Association (HOA), which is the only HOA/Neighborhood Organization located within 1,500 feet of the subject property. Additionally, staff posted a sign along John King Boulevard -- *which is the closest major roadway adjacent to the subject property* -- as required by the Unified Development Code (UDC). At the time this case memo was drafted staff had received two (2) notices in support for the applicant's request (*i.e. from the owner of the subject property and the property directly north of Tract 1*).

On September 1, 2017, staff mailed eight (8) notices to property owners and residents within 500-feet of *Tract 2*. Staff also sent a notice to the Caruth Lakes Homeowner's Association (HOA), which is the only HOA/Neighborhood Organization located within 1,500 feet of the subject property. Additionally, staff posted a sign along John King Boulevard -- *which is the closest major roadway adjacent to the subject property* -- as required by the Unified Development Code (UDC). At the time this case memo was drafted staff had received two (2) notice in support of the applicant's request (*i.e. from the owner of the subject property*).

RECOMMENDATIONS:

If the Planning and Zoning Commission chooses to recommend approval of the applicant's request to change the zoning of the subject property from an Agricultural (AG) District to a Planned Development District for limited General Retail (GR) District and Single-Family 7 (SF-7) District land uses, then staff would propose the following conditions of approval:

1) The applicant shall be responsible for maintaining compliance with the conditions contained within the *Planned Development District* ordinance;

2) By approving this zoning change, the City Council will effectively be approving changes to the Comprehensive Plan and Future Land Use Map. Specifically, this will change the designation of *Tract 1* from a *Medium Density Residential* designation to a *Commercial* designation, and *Tract 2* from a *Low Density Residential* designation to a *High Density Residential* designation; and,

3) Any construction resulting from the approval of this *zoning change* shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

NOTICE OF PUBLIC HEARING
CITY OF ROCKWALL, PLANNING & ZONING DEPARTMENT

PHONE: (972) 771-7745
EMAIL: PLANNING@ROCKWALL.COM

To Whom It May Concern:

You are hereby notified that the City of Rockwall Planning and Zoning Commission and City Council will consider the following application:

Case No. Z2017-039: Zoning Change AG to GR

Hold a public hearing to discuss and consider a request by John Delin of Integrity Group, LLC on behalf of Jane Cullins for the approval of a zoning change from an Agricultural (AG) District to a General Retail (GR) District for a 9.894-acre portion of a larger 37.932-acre tract of land identified as Tract 5, M. B. Jones Survey, Abstract No. 122, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the 205 By-Pass Overlay (205 BY-OV) District, located at the northeast corner of the intersection of SH-66 and John King Boulevard, and take any action necessary.

For the purpose of considering the effects of such a request, the Planning and Zoning Commission will hold a public hearing on **Tuesday, 9/12/2017 at 6:00 p.m.,** and the City Council will hold a public hearing on **Monday, 9/18/2017 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

Ryan Miller
Rockwall Planning and Zoning Dept.
385 S. Goliad Street
Rockwall, TX 75087

You may also email your comments to the Planning Department at planning@rockwall.com. If you choose to email the Planning Department please include your name and address for identification purposes.

Your comments must be received by **9/18/2017** to ensure they are included in the information provided to the City Council.

Sincerely,

Ryan Miller, AICP
Director of Planning & Zoning

MORE INFORMATION ON THIS CASE CAN BE FOUND ON THE CITY'S WEBSITE: HTTPS://SITES.GOOGLE.COM/SITE/ROCKWALLPLANNING/DEVELOPMENT-CASES

PLEASE RETURN THE BELOW FORM

Case No. Z2017-039: Zoning Change AG to GR

Please place a check mark on the appropriate line below:

☐ I am in favor of the request for the reasons listed below.

☐ I am opposed to the request for the reasons listed below.

Name:

Address:

Tex. Loc. Gov. Code, Sec. 211.006 (d) If a proposed change to a regulation or boundary is protested in accordance with this subsection, the proposed change must receive, in order to take effect, the affirmative vote of at least three-fourths of all members of the governing body. The protest must be written and signed by the owners of at least 20 percent of either: (1) the area of the lots or land covered by the proposed change; or (2) the area of the lots or land immediately adjoining the area covered by the proposed change and extending 200 feet from that area.

RE: Ladera Retail – Zoning Application
G&A Job Number: 17191

Mr. Miller,

Please accept this letter, on behalf of Integrity Group, as an explanation of the proposed application. We are submitting a Zoning Change Request application for review and approval on approximately 10 acres on the eastern edge Rockwall. The property is generally located along John King Blvd, directly north of Highway 66 and east of 1141. The existing zoning of this property is Agricultural. We would like to request the zoning be changed to General Business (GB) in order to property neighborhood services to the surrounding residential communities.

The property has the potential to accommodate up to 47,000 square feet of building. We have demonstrated how the site could be developed on the attached Concept Plan. The plan proposes two larger buildings fronting onto John Kind Blvd and a smaller building along FM 1141. Between the two larger buildings is enough space to allow for a plaza or gathering space area that would also provide outdoor dining opportunities. The proposed uses for these buildings can be retail, office, restaurant, personal services and other uses as permitted in the GB zoning district.

We feel that the proposed zoning request is appropriate for this area and will allow for services to be provided to the residents in the vicinity. Thank you for your consideration of the presented request and please feel free to contact us to discuss any comments or questions you may have.

Sincerely,

Randi L. Rivera

RE: Ladera Rockwall – Zoning PD Application Letter of Intent
G&A Job Number: 17191

Mr. Miller,

Please accept this letter, on behalf of Integrity Group, as an explanation of the proposed application. We are submitting a Zoning Change Request application for review and approval on approximately 28 acres on the eastern edge Rockwall. The property is generally located along John King Blvd, directly north of Highway 66 and east of 1141. The proposed zoning designation is a Planned Development for an active adult, age-restricted, private, condominium-style residential development.

Ladera Rockwall is a gated, privately maintained development containing a maximum of 3.2 dwelling units per gross acre of land and it will include amenity features such as fitness trails about 3,500 linear feet in length; an activity center with exercise pool, kitchen and gathering space; 12.8 acres of open space that consists of greenbelts, parks, gathering spaces, floodplain areas, and buffers; and a 50' landscape buffer along the John King Blvd. A wrought iron fence of at least 6-feet in height is located along the perimeter of the community. The gated entrance is located at the median opening on John King and it includes a divided entry with a landscaped median and enhanced entry features such as a fountain and enhanced landscaping. The secondary gated ingress/egress location is along SH 66. Both gated access points will provide for entry for emergency personnel with a Knox Box system.

The unique aspects about Ladera Rockwall are that it is a low-maintenance active adult community and that the development will be maintained and managed by the HOA – including all green space and home exteriors. The homes are smaller to attract empty nesters and those adults looking to down-size and still have high-end kitchens and large open living areas. There are several customization options for the size and the amenities within the homes. In addition, each home will have a private courtyard. The homes will not be on individually platted lots, as is typical for a traditional subdivision. Instead, the homeowners will own their house and a portion of the common grounds, which is similar to a condominium-style development. The fees they pay to the HOA will allow Ladera Rockwall to be privately maintained.

The proposed Planned Development includes development regulations that outline how the property will be developed. They include requirements for building separation, maximum density, minimum open space area, private street sections, and other types of regulations. Each home will be access via a mutual access easement and the private streets will be maintained by the HOA.

The Ladera communities have experienced immense success throughout the DFW area. We are excited to bring this unique living option to Rockwall. Thank you for your consideration of the presented request. Please feel free to contact us to discuss any comments or questions you have during the review of this request.

Sincerely,

Randi L. Rivera

BUILDER

TO SELL TO BOOMERS, HERE'S WHAT YOU HAVE TO KNOW

Nick Lehnert of KTGY Group has been thinking about what kind of houses people want for over four decades. Here, he offers clues on how to deliver the goods to The Next Big Wave of buyers.

By Nick Lehnert

For starters, let's be clear. When we say boomers, we're not talking about old folks. We're talking about a cohort whose most senior members will turn 69 this year.

I am a boomer, and if you're reading this, there's a decent chance that you are, too. Most of us have delayed retirement due to the 2008 recession. Lots of us don't have slowing down on our minds. Many of us are redefining what aging means. Here are other pertinent stats about this important--and under-served--wave of buyers:

--10,000 Americans daily turn 65.
--80% of boomers own their own homes—which is where their primary assets are. Those assets are rebounding post-downturn.
--25% own an additional piece of real estate.
--While boomers represent only 25% of the population, they also represent 75% of the wealth and 50% of the spending power.
--While some boomers will move to the city, over 80% will stay in single-family homes.

A Wave of Buyers With Big Decisions Ahead

So, here's the riddle. In the next five years, most of this age group is going to retire. But then, what are they going to do? The majority say that they'll age in place until they have to move. Most feel that their home is a place they can stay, despite the fact that in the majority of cases, their homes aren't age-friendly. In the Western States, most will stay within the state. On the east coast, many will leave cold climates in search of better weather. Some will be forced to sell their homes so that they can maintain the way they're accustomed to living.

An Underserved Group, A Big Opportunity

We've been talking about this age wave for years, but no one's really doing anything about it. Builders are figuring it out as they go, but for the majority, it's not something that becomes part of the conversation. Here on the West Coast, everyone is still building 2-story homes because dirt is so expensive.

Boomers are a huge--and hugely under-served—demographic, and they represent a big opportunity. While the traditional thinking used to be to silo seniors in places like Florida, the Carolinas and the southwest, this generation thinks completely differently. The majority push back against age-restricted environments. They don't want to be marginalized. So, how do we include them?

Buyers Who Will Probably Buy Again

Again, this cohort values real estate. They own a home--or two, and they're probably going to want to buy again. Much of the talk about next steps for boomers is focused around wealthy markets, but we need to deliver solutions for boomers who aren't of considerable means. Likely there's a transition ahead of going from one or two incomes to living off assets and social security. Some will have to sell their home to live as they want, and others will be okay.

Either way, there's a big population in the process of figuring out what their next move is, and that translates to a potential

Close X

sweet spot waiting to be filled. I'm not talking about grandeur, by the way. In particular, homes that are 1500 to 2200 square feet, or what I like to call a highly amenitized jewel box, is what this demographic is after.

Here are features to think about including when building for boomers.

1/ Single-Level Living Plans. Though boomers aren't aged, aging in place is on their mind, and that translates to a single-living floorplan, even with outdoor space at grade or close to it.

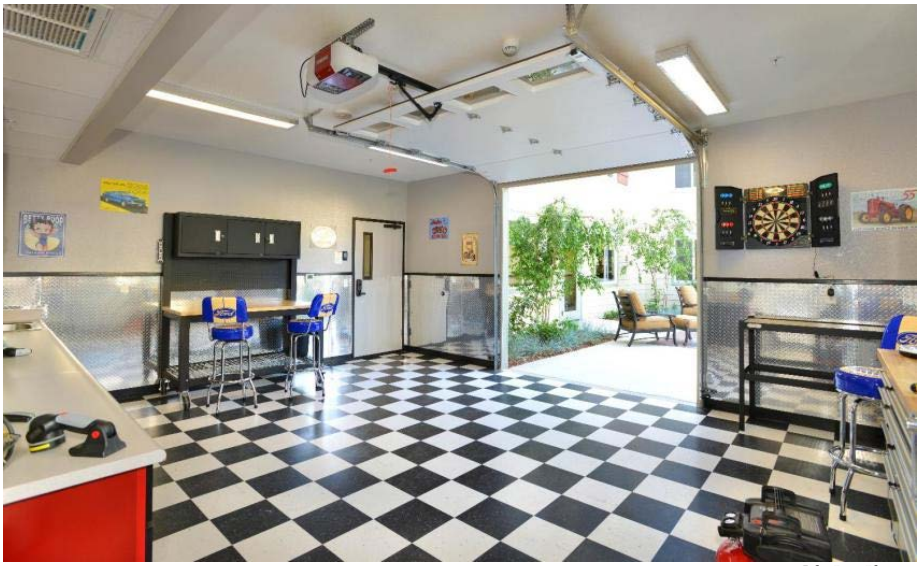
Courtesy KTGY Group

2/ Design Private Outdoor Space. Outdoor spaces are key no matter what the climate is. They make a home live larger, they make it feel special, they make it feel peaceful, and it's an amenity that boomers are used to and expect. The space needs to be large enough to accommodate entertaining. Boomers may not be partying hearty, but they prize connection and community, and want to have friends over.They also want low-maintenance and the ability to lock-and-leave so they can enjoy traveling.

Courtesy KTGY Group

3/ Reconsider The Two-Car Garage. The 300-some square feet of space devoted to 2 automobiles can be put to better use. Boomer couples may no longer have two cars. Many have bicycles--over 80 percent of Americans do. Space for bicycles, tinkering, and that extra refrigerator are novel ways of thinking about the garage, which needs to become customizable, whether it's for storage, puttering, cold drinks, hobbies, or crafts.

Close X



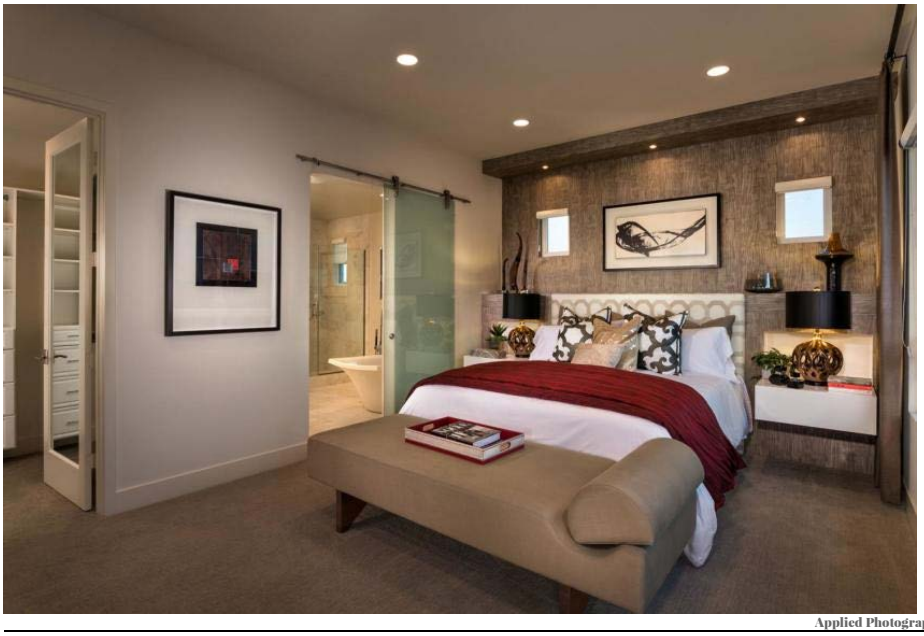
John Bare Photography

4/ Customization Will Seal the Deal. You don't have to go completely custom, but areas of the house need to become flex or idea spaces that can be used according to different needs, whether it's a sports-watching room, home office, tech room, or yoga or meditation room. If you're thinking media room, be sure to design in enough wall space for that flat screen TV.

Applied Photography

5/ Make the Master Suite Special. Don't let the bath be an afterthought. Master suites need to feel like havens,--and don't forget the bathtub. Peninsula tubs are great looking, but there's no deck area—no place to put soaps, sponges, candles and bath gels. Walk-in closets are super-important—both male and female boomers have wardrobes, and they need hanging space.

Close X



Applied Photography

6/ Include Kitchens for Cooking, Living, and Friends. Even if they're not partying up a storm, boomers are sharing good times with family, friends, and neighbors. They're baking cookies for colleagues, and they're making lasagna for friends in need. They'll also do anything for their kids. Kitchens are expensive, so builders have to be smart about how far they go.

Applied Photography

The oncoming age wave is a highly underserved cohort that wants something special, and it doesn't have to be big or super-deluxe. It's a huge opportunity for you to deliver homes that are right-sized, well-outfitted, and that are just what this very large group of buyers has been craving.

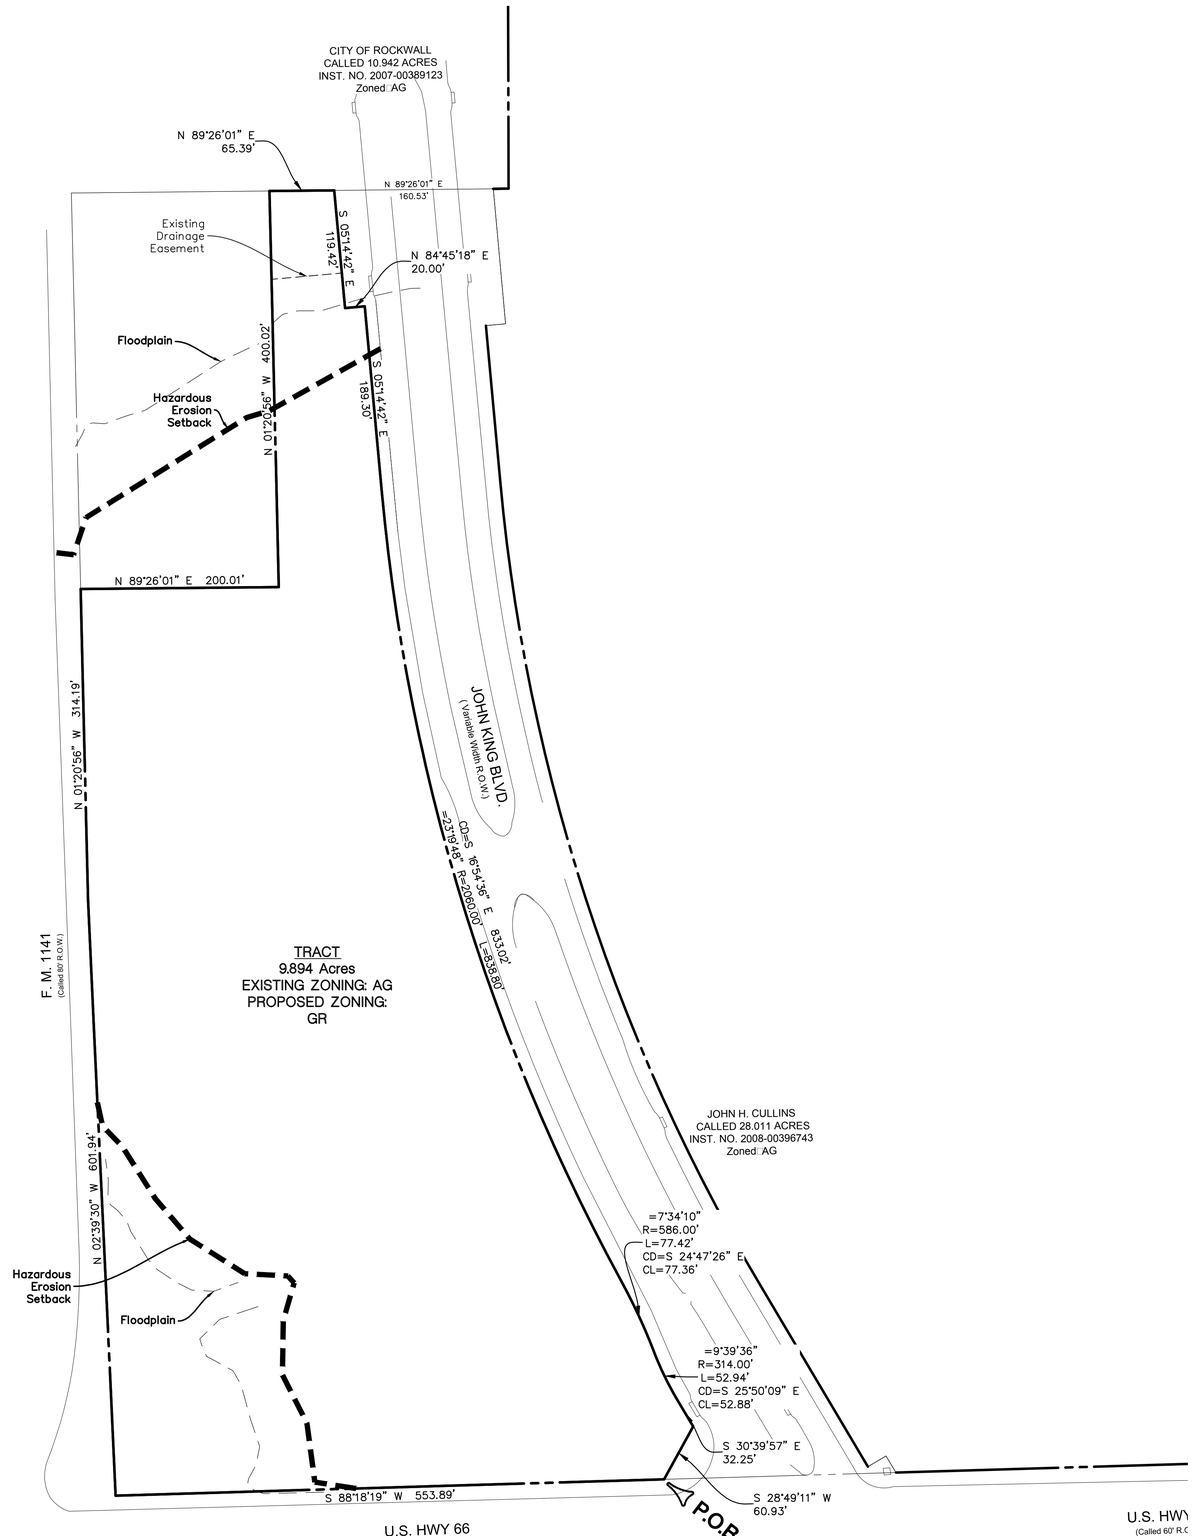
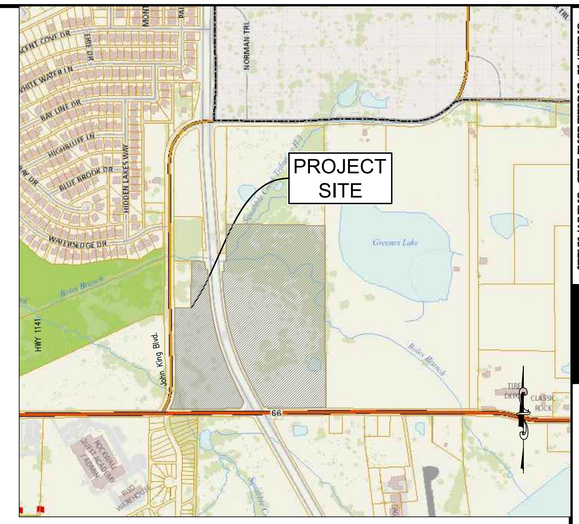
THENCE S 01°28'09" W, with the west line of said 73.2744 acre tract of land, a distance of 1555.42 W, with the west line of said 73.2744 acre tract of land, a distance of 1555.42 feet to the POINT OF BEGINNING and containing approximately 28.011 acres of land.





HWY 66 **Vicinity Map Not To Scale**

Site Data Summary

Item	Total	% of Total
Acreage of Proposed Site	28.011 Acres	100%
Flood Plain Acreage	7.821 Acres	27.92%
Open Space Acreage	12.8 Acres*	45.80%
Total Number of Dwelling Units by Type**		
Unit 1: 44.5'x80'	13	
Unit 2: 42'x77'	33	
Unit 3: 42'x68'	17	
Unit 4: 54'x60'	14	
Unit 5: 64'x50'	7	
Total Units***:	84	
Minimum Dwelling Unit Size:	1,600 SF	
Minimum Open Space:	38%	
Maximum Lot Density:	3.2 DU/Acre	
Maximum Height:	35'	
Setbacks:		
Front:	15'	
Side:	6' between units	
Rear:	20' between units	

* Excludes 50% of the total Flood Plain Area
** Unit breakdown subject to change based on homeowner preference
*** Total units may increase but not more than maximum density allows

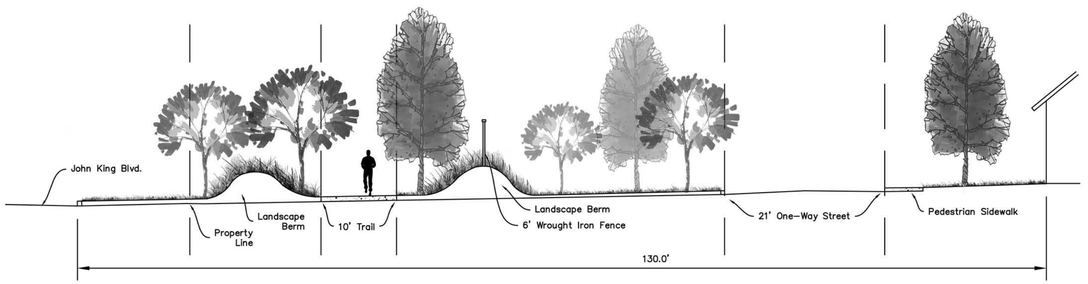
1. Ladera Rockwall shall be completed in one phase.

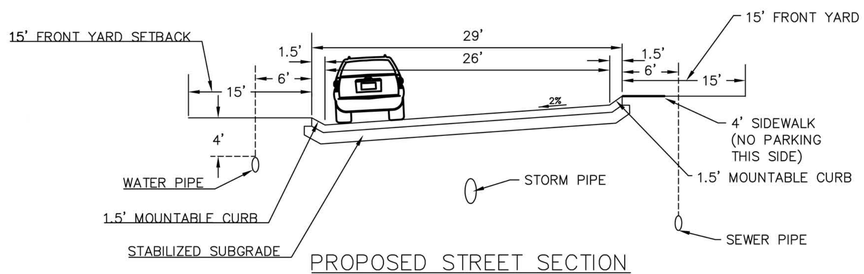
2. The Ladera HOA shall be responsible for the maintenance of all yards, open space, and landscape.

3. On-street parking shall be defined as parallel parking on one side of the street, as shown in the street section below. Off-street parking shall be defined as parking in residential driveways, garages or head-in parking spaces along the streets.

4. Masonry columns at a minimum spacing of 45' are only required along John King and U.S. Hwy 66.

5. UL #U356, 1-hour rated exterior wall assemblies used design complies with Table [illegible]C.





PROPOSED STREET SECTION
(NTS)
*PARKING ALLOWED ON ONE SIDE OF STREET ONLY, OPPOSITE SIDE OF SIDEWALK

CITY OF ROCKWALL

ORDINANCE NO. 17-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO GRANT A CHANGE IN ZONING FROM AN AGRICULTURAL (AG) DISTRICT TO A PLANNED DEVELOPMENT DISTRICT FOR LIMITED GENERAL RETAIL (GR) DISTRICT AND SINGLE FAMILY 7 (SF-7) DISTRICT LAND USES ON A 37.932-ACRE TRACT OF LAND IDENTIFIED AS TRACT 5 OF THE M. B. JONES SURVEY, ABSTRACT NO. 122, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE FULLY DESCRIBED HEREIN BY *EXHIBIT 'A'*; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS (*$2,000.00*) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City has received a request by the John Delin of Integrity Group, LLC on behalf of the owner Jane Cullins for the approval of a zoning change from Agricultural (AG) District to a Planned Development District for limited General Retail (GR) District and Single Family 7 (SF-7) District land uses on a 37.932-acre tract of land identified as Tract 5 of the M. B. Jones Survey, Abstract No. 122, City of Rockwall, Rockwall County, Texas and more fully described in *Exhibit 'A'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

NOW, THEREFORE, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

Section 1. That the *Subject Property* shall be used only in the manner and for the purposes authorized by this Planned Development District Ordinance and the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by granting this zoning change, and as maybe amended in the future;

Section 2. That development of the *Subject Property* shall be in accordance with the *Planned Development Concept Plans*, contained in *Exhibit 'B'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'B'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

Section 3. That development of the *Subject Property* shall be in accordance with the *Development Standards*, described in *Exhibit 'C'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'C'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

Section 4. That development of *Tract 1* of the *Subject Property -- as described in Exhibit 'A' and depicted in Exhibit 'B' of this ordinance* -- shall be in conformance with the schedule listed below (*except as set forth below with regard to simultaneous processing and approvals*).

(a) The procedures set forth in the City's subdivision regulations on the date this ordinance is approved by the City, as amended by this ordinance (*including Subsections 5(b) through 5(f)*

DRAFT 09.26.17

below), shall be the exclusive procedures applicable to the subdivision and platting of *Area 3* as depicted in *Exhibit 'B'* of this ordinance.

(b) The following plans and plats shall be required in the order listed below (*except as set forth below with regard to simultaneous processing and approvals*). The City Council shall act on an application for an *Open Space Master Plan* in accordance with the time period specified in *Section 212.009* of the *Texas Local Government Code*.

(1) Open Space Master Plan
(2) Master Plat
(3) Preliminary Plat
(4) PD Site Plan
(5) Final Plat

(c) *Open Space Master Plan.* An *Open Space Master Plan* for the *Subject Property* as depicted in *Exhibit 'B'* of this ordinance, prepared in accordance with this ordinance, and shall be considered for approval by the City Council following recommendation of the Parks and Recreation Board.

(d) *Master Plat.* A *Master Plat* for the *Subject Property* as depicted in *Exhibit 'B'* of this ordinance shall be submitted and shall identify the proposed timing of each phase of the proposed development. A *Master Plat* application may be processed by the City concurrently with an *Open Space Master Plan* for the development.

(e) *Preliminary Plat.* A *Preliminary Plat* covering all of the *Subject Property* as depicted in *Exhibit 'B'* of this ordinance shall be submitted and shall include a *Treescape Plan*. A *Preliminary Plat Application* may be processed by the City concurrently with a *Master Plat* and an *Open Space Master Plan Application* for the development.

(f) *PD Site Plan.* A *PD Site Plan* covering all of the *Subject Property* as depicted in *Exhibit 'B'* of this ordinance shall be submitted and shall identify all site/landscape/hardscape plan(s) for all open space, neighborhood parks, trail systems, street buffers and entry features. A *PD Site Plan* application may be processed by the City concurrently with a *Final Plat Application* for the development.

(g) *Final Plat.* Prior to the issuance of any building permits, a *Final Plat*, conforming to the *Preliminary Plat*, for all of the *Subject Property* as depicted in *Exhibit 'B'* of this ordinance shall be submitted for approval.

Section 5. That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars* ($2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

Section 6. That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

Section 7. The standards in this ordinance shall control in the event of a conflict between this ordinance and any provision of the Unified Development Code or any provision of the City Code, ordinance, resolution, rule, regulation, or procedure that provides a specific standard that is different from and inconsistent with this ordinance. References to zoning district regulations or other standards in the Unified Development Code (including references to the *Unified Development Code*), and references to

PD Development Standards

PD Development Standards.

Tract 1: 9.894-Acres of Non-Residential Property

(1) *Permitted Uses.* Unless specifically provided by this Planned Development ordinance, only those uses permitted within the General Retail (GR) District, as stipulated by the *Permissible Use Charts* contained in Article IV, *Permissible Uses*, of the Unified Development Code (UDC) [*Ordinance No. 04-38*] as heretofore amended, as amended herein by granting this zoning change, and as maybe amended in the future are permitted on *Tract 1* of the *Subject Property*; however, the following additions and conditions shall apply:

The following land uses shall be expressly prohibited on the *Subject Property*:

- ☑ Convent or Monastery
- ☑ Hotel or Motel
- ☑ Hotel, Residence
- ☑ Cemetery/Mausoleum
- ☑ Mortuary or Funeral Chapel
- ☑ Social Service Provider
- ☑ Billiard Parlor or Pool Hall
- ☑ Carnival, Circus, or Amusement Ride
- ☑ Commercial Amusement/Recreation (*Outside*)
- ☑ Gun Club, Skeet or Target Range (*Indoor*)
- ☑ Astrologer, Hypnotist, or Psychic Art and Science
- ☑ Night Club, Discotheque, or Dance Hall
- ☑ Secondhand Dealer
- ☑ Car Wash, Self Service
- ☑ Retail Store with Gasoline Product Sales (*Any Amount of Dispensers*)
- ☑ Service Station
- ☑ Mining and Extraction (*Sand, Gravel, Oil & Other*)
- ☑ Helipad
- ☑ Railroad Yard or Shop
- ☑ Transit Passenger Facility

The following additional use shall be permitted through a Specific Use Permit (SUP) on the *Subject Property*:

- ☑ Garden Supply/Plant Nursery

(2) *Density and Dimensional Requirements.* Any development on *Tract 1* of the *Subject Property* shall be subject to the development standards required for properties in a General Retail (GR) District as stipulated by Article V, *District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*] as heretofore amended, as amended herein by granting this zoning change, and as maybe amended in the future.

(3) *Landscape Buffers.* All landscape buffers and plantings located within the buffers shall adhere to the following:

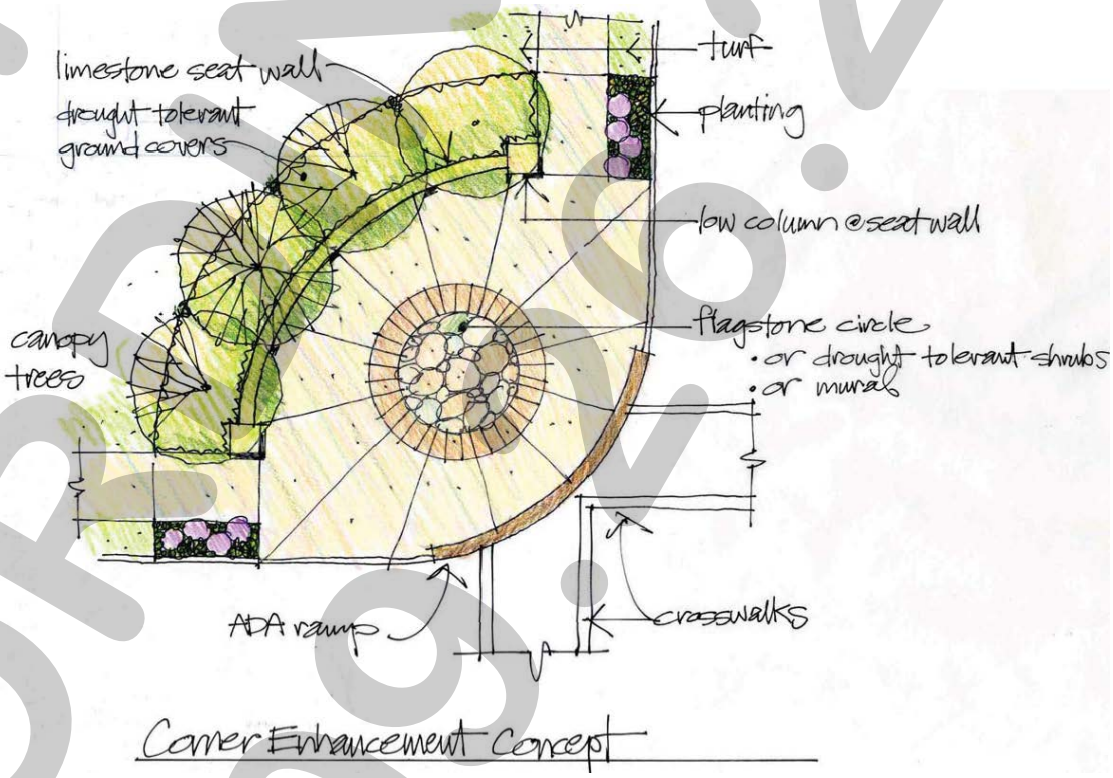
(a) Landscape Buffer (SH-66). A minimum of a 15-foot landscape buffer shall be provided along the frontage of SH-66 (*outside of and beyond any required right-of-way dedication*), and shall incorporate ground cover, a *built-up* berm and/or shrubbery or a combination thereof along the entire length of the frontage. Berms and/or shrubbery shall have a minimum height of 30-inches and a maximum height of 48-inches. In addition, two (2) canopy trees and four (4) accent trees shall be planted per 100-feet of linear frontage. The developer shall also be responsible for the construction of a five (5) foot sidewalk situated within the 15-foot landscape buffer adjacent to SH-66.

DRAFT ORDINANCE 09.26.2017

(b) Landscape Buffer and Sidewalks (John King Boulevard). A minimum of a 15-foot landscape buffer shall be provided along the frontage of John King Boulevard (*outside of and beyond any required right-of-way dedication*), and shall incorporate ground cover, a *built-up* berm and/or shrubbery or a combination thereof along the entire length of the frontage. Berms and/or shrubbery shall have a minimum height of 30-inches and a maximum height of 48-inches. In addition, two (2) canopy trees and four (4) accent trees shall be planted per 100-feet of linear frontage. The developer shall also be responsible for the construction of a ten (10) foot sidewalk situated within the 15-foot landscape buffer adjacent to John King Boulevard.

(c) Landscape Buffer (FM-1141). A minimum of a 15-foot landscape buffer shall be provided along the frontage of FM-1141 (*outside of and beyond any required right-of-way dedication*), and shall incorporate ground cover, a *built-up* berm and/or shrubbery or a combination thereof along the entire length of the frontage. Berms and/or shrubbery shall have a minimum height of 30-inches and a maximum height of 48-inches. In addition, two (2) canopy trees and four (4) accent trees shall be planted per 100-feet of linear frontage. The developer shall also be responsible for the construction of a five (5) foot sidewalk situated within the 15-foot landscape buffer adjacent to FM-1141.

(4) *Intersection Enhancements.* In accordance with the *John King Boulevard Design Concept Plan* the applicant shall be required to provide an intersection enhancement at the corner of the intersection of Williams Street (SH-66) and John King Boulevard that generally conforms to the following design:



DRAFT ORDINANCE 09.25.17

Tract 2: 28.011-Acres of Residential Property

(1) *Permitted Uses.* Unless specifically provided by this Planned Development ordinance, only those uses permitted within the Single Family 7 (SF-7) District, as stipulated by the *Permissible Use Charts* contained in Article IV, *Permissible Uses*, of the Unified Development Code (UDC) [*Ordinance No. 04-38*] as heretofore amended, as amended herein by granting this zoning change, and as maybe amended in the future are permitted on *Tract 2* of the *Subject Property*; however, the following additional land uses shall be permitted *by-right*:

- ☑ Activity Center
- ☑ Community Pool
- ☑ Gazebos/Pavilions
- ☑ Sports Courts

(2) *Unit Composition and Layout.* The unit composition and layout shall generally conform to the *Concept Plan* for *Tract 2* depicted in *Exhibit 'B'* and stated as follows:

Unit Type	*Unit Dimensions*	*Minimum Unit Size (SF)*	*Dwelling Units (#)*	*Dwelling Units*
1	*44.5' x 80'*	*1,600 SF*	*13*	*15.48%*
2 & 3	*42' x 77'*	*1,600 SF*	*50*	*59.52%*
4	*54' x 60'*	*1,600 SF*	*14*	*16.67%*
5	*64' x 50'*	*2,100 SF*	*7*	*08.33%*
		Total Units:	*84*	

(3) *Density and Dimensional Requirements.* The maximum permissible density for the *Subject Property* shall not exceed 3.2-units/acre; however, in no case should the proposed development exceed 89 single-family, residential units. The *Subject Property* shall maintain conformance with the following requirements:

(a) Condominium Requirement. The property shall be established as a condominium development pursuant to the requirements of *Chapter 82* of the *Texas Property Code*, and platted as a single lot.

(b) Lot Dimensional Requirements. The proposed condominium lot shall adhere to the following setbacks:

Minimum Lot Width	*1,500'*
Minimum Lot Depth	*490'*
Minimum Lot Area	*28.0-Acres*
Minimum Setback Adjacent to John King Boulevard	*86'*
Minimum Setback Adjacent to SH-66	*20'*
Minimum Setback Adjacent to the Eastern & Northern Property Lines	*10'*

DRAFT ORDINANCE 09.26.17

(c) *Internal Artificial Lot Requirements.* The units constructed on the proposed condominium lot shall adhere to the following dimensional requirements for artificial lots:

Minimum Setback from a Private Street [1] [2] [3]	*15'*
Minimum Side Yard Distance Between Units	*6'*
Minimum Side Yard Setback from a Private Street [1] [2]	*10'*
Minimum Rear Yard Distance Between Units	*20'*
Maximum Height	*35'*

General Notes:
[1]: *This setback shall be measured from the back of curb.*
[2]: *Variances of up to five (5) feet may be granted by the Director of Planning and Zoning on a case-by-case basis for artificial lots on curve-linear streets.*
[3]: *The minimum length of a driveway shall be 20-feet as measured from the edge of the approach to the garage door.*

(4) *Building Standards.* All development shall adhere to the following building standards:

(A) Masonry Requirement. The minimum masonry requirement for the exterior façades -- *excluding doors and windows* -- of all buildings shall be 80%. For the purposes of this ordinance the masonry requirement shall be limited to full width brick, natural stone, and cultured stone. Cementaceous fiberboard horizontal lap-siding (*e.g. HardiBoard or Hardy Plank*) and/or stucco (*i.e. three [3] part stucco or a comparable -- to be determined by staff*) shall be permitted to be used to meet up to 40% of the masonry requirement.

(B) Roof Pitch. A minimum of an *8:12* roof pitch is required on the front elevation of all structures. Porches and rear elevations shall have a minimum of a *4:12* roof pitch.

(C) Garage Orientation. Garages shall oriented in a *traditional swing* (or *j-swing*) or in a front entry configuration. If a front entry garage configuration is utilized it shall face the street and shall be located even with the front building façade of the primary structure. On *traditional swing* (or *j-swing*) garages a second single garage door facing the street is permitted if it is located behind the width of the double garage door.

(D) Anti-Monotony Restrictions. The development shall adhere to the following Anti-Monotony requirements (*for spacing requirements see the illustration on the following page*):

(1) Identical brick blends or paint colors may not occur on adjacent (side-by-side) properties along any block face without at least four (4) intervening homes of differing materials on the same side of the street beginning with the adjacent property and two (2) intervening homes of differing materials on the opposite side of the street.

(2) Front building elevations shall not repeat along any block face without at least four (4) intervening homes of differing appearance on the same side of the street and two (2) intervening homes of differing appearance on the opposite side of the street. Homes are considered to have a differing appearance if any of the following two (2) items deviate:

(a) Number of Stories
(b) Brick Color
(c) Roof Type and Layout
(d) Articulation of the Front Façade

(3) All roof shingles shall be an architectural or dimensional shingle, and have a 30-year rating. (*3-Tab Roofing Shingles are prohibited*).

DRAFT ORDINANCE 09-26-17

Illustration 1: Properties line up on the opposite side of the street. Where RED are the same.

Illustration 2: Properties do not line up on opposite side of the street. Where RED are the same.

(E) Fencing Standards. All residential privacy fencing shall be six (6) foot wrought iron/tubular steel fencing for transparent fencing and six (6) foot Simtek (*or a similar product*) fencing for non-transparent fencing. Fencing located along the exterior of the condominium lot shall be a minimum of six (6) foot wrought iron/tubular steel fencing with masonry columns a maximum of 45-feet on center. The masonry columns shall only be required adjacent to John King Boulevard and SH-66.

(F) Landscape and Hardscape Standards.

(1) *Residential Landscape.* All canopy trees planted within the condominium lot and not situated within a required landscape buffer shall be a minimum of three (3) inches in caliper and accent trees shall be a minimum of four (4) feet in height. All tree plantings shall conform to the City's tree planting guidelines and requirements stipulated in Appendix F, *Landscaping Guidelines and Requirements*, of the Unified Development Code.

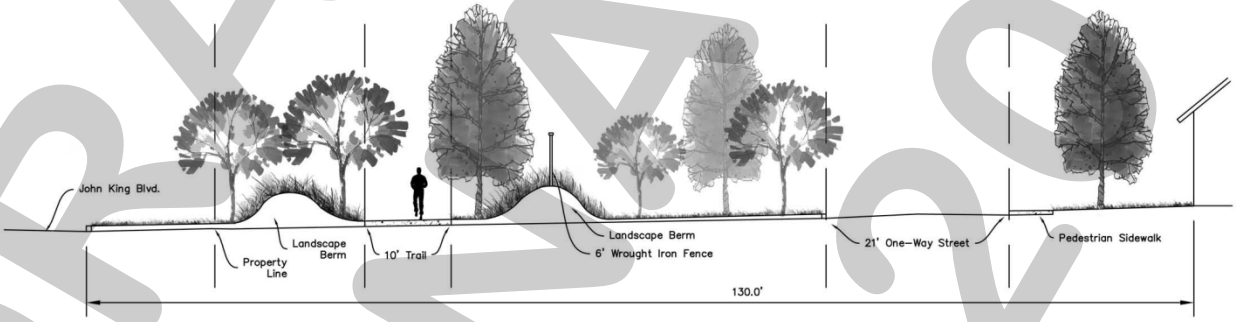
(2) *Landscape Buffers.* All landscape buffers and plantings located within the buffers shall be maintained by the Homeowner's Association (HOA) and shall conform to the following:

(a) Landscape Buffer (SH-66). A minimum of a 20-foot landscape buffer shall be provided along the frontage of SH-66 (*outside of and beyond any required right-of-way dedication*), and shall incorporate ground cover, a *built-up* berm and/or shrubbery or a combination thereof along the entire length of the frontage. Berms and/or shrubbery shall have a minimum height of 30-inches and a maximum height of 48-inches. In addition, two (2) canopy trees and four (4) accent trees shall be planted per 100-feet of linear frontage. The developer shall

DRAFT ORDINANCE 09.26.17

also be responsible for the construction of a five (5) foot sidewalk situated within the 20-foot landscape buffer adjacent to SH-66.

(b) Landscape Buffer and Sidewalks (John King Boulevard). A minimum of a 50-foot landscape buffer shall be provided along the frontage of John King Boulevard (*outside of and beyond any required right-of-way dedication*), and shall incorporate ground cover, a *built-up* berm and/or shrubbery or a combination thereof along the entire length of the frontage. Berms and/or shrubbery shall have a minimum height of 30-inches and a maximum height of 48-inches. In addition, three (3) canopy trees and four (4) accent trees shall be planted per 100-feet of linear frontage. The developer shall also be responsible for the construction of a ten (10) foot sidewalk situated within the 50-foot landscape buffer adjacent to John King Boulevard. The required wrought iron fence along John King Boulevard may be situated within 40-feet of the right-of-way line. In addition, the design of the buffer shall generally conform to the following cross section:

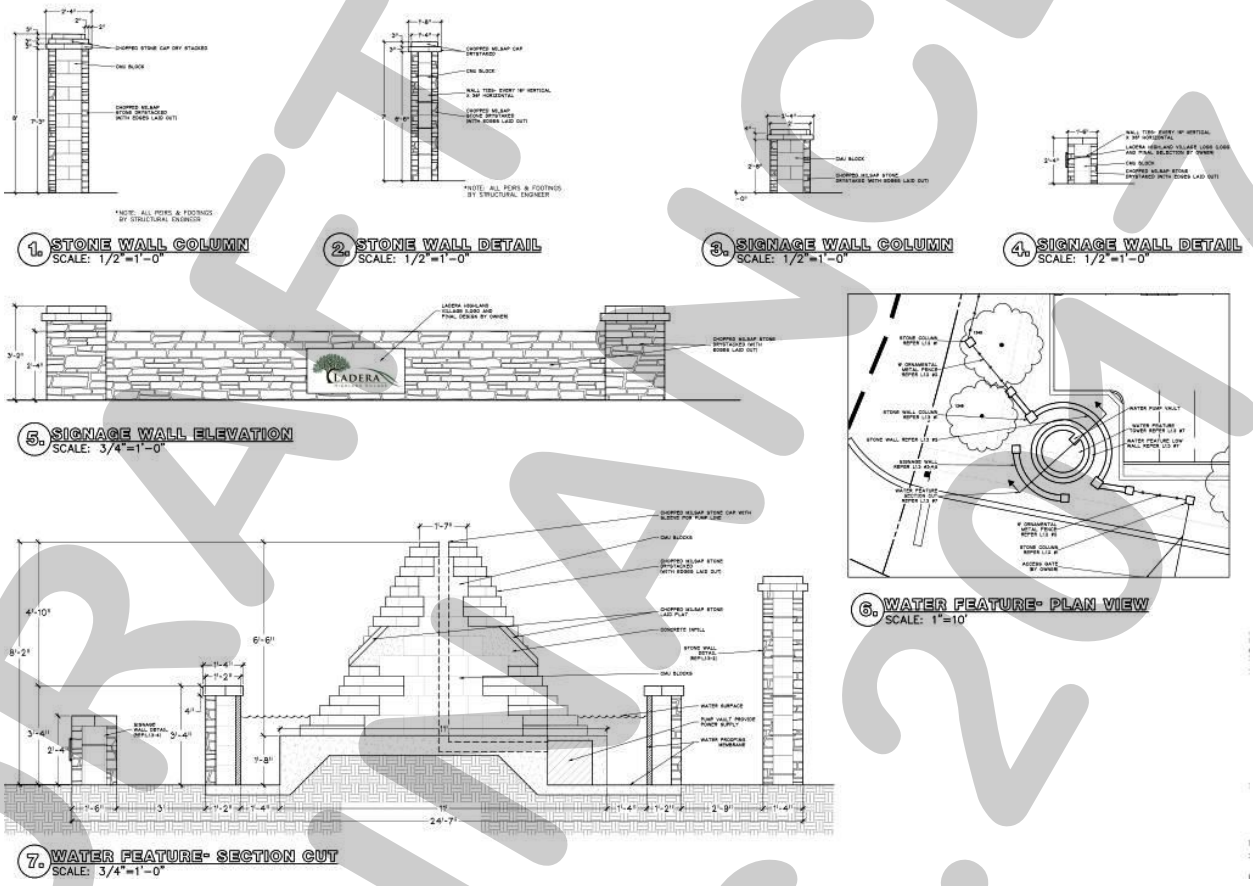


(3) *Irrigation Requirements*. Irrigation shall be installed for all required landscaping located within common areas, landscape buffers and/or open space. Irrigation installed in these areas shall be designed by a Texas licensed irrigator or landscape architect and shall be maintained by the Homeowner's Association (HOA).

(4) *Hardscape.* Hardscape plans indicating the location of all sidewalks and trails shall be reviewed and approved with the *PD Site Plan*.

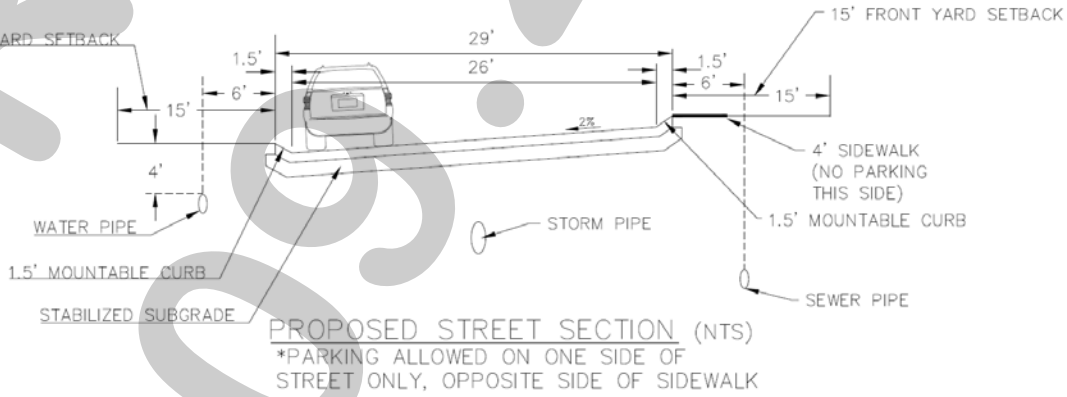
DRAFT ORDINANCE 09.26.17

(G) Trail Enhancements. In accordance with the *John King Boulevard Design Concept Plan* the applicant shall be required to provide a trail enhancement element that generally conforms to the following design:



(H) Lighting. Light poles shall not exceed 20-feet in total height (*i.e. base and lighting standard*). All fixtures shall be directed downward and be positioned to concentrate light within the development area.

(I) Private Streets. With the exception of the 21-foot, one-way street situated adjacent to John King Boulevard the street cross sections for this development should conform to the following cross section:



DRAFT
ORDINANCE
09.26.2017

(J) Open Space. The development shall consist of a minimum of 38% open space as calculated from the gross land area, and generally conform to the *Concept Plan* contained in *Exhibit 'B'* of this ordinance. The Homeowner's Association (HOA) shall maintain all common open space areas. For the purposes of this Planned Development District open space shall include all front yards, rear yards, common areas, buffers and floodplain installed by the developer, but does not include any landscaping, trees, patios and other improvements installed by the homeowner. Floodplain shall be calculated at a rate of 50% (*e.g. ½-acre for every acre provided*).

(K) Neighborhood Signage. Permanent subdivision identification signage shall be permitted at all major entry points for the proposed subdivision. Final design and location of any entry features shall be reviewed and approved with the *PD Site Plan*.

(L) Homeowner's Association (HOA). A Homeowner's Association shall be created to enforce the restrictions established in accordance with the requirements of *Section 38-15* of the Subdivision Regulations contained within the *Municipal Code of Ordinances* of the City of Rockwall. The HOA shall also maintain all neighborhood parks, trails, open space and common areas, irrigation, landscaping, amenity centers, and screening fences associated with this development, but it is not required to maintain additional landscaping or improvements added by the homeowner.

(M) Buried Utilities. New distribution power-lines required to serve the *Subject Property* shall be placed underground, whether such lines are located internally or along the perimeter of the *Subject Property*, unless otherwise authorized by the City Council. New transmission power-lines, or distribution lines of a size not typically or cost effectively placed underground (*3-phase lines*), or additional lines that are added to existing poles, may be above ground, if located along the perimeter of the *Subject Property*. The *Developer* shall not be required to re-locate existing overhead power-lines along the perimeter of the *Subject Property*. Temporary power-lines constructed across undeveloped portions of the *Subject Property* to facilitate development phasing and looping may be allowed above ground, but shall not be considered existing lines at the time the area is developed, and if they are to become permanent facilities, such lines shall be placed underground pursuant to this paragraph. Franchise utilities shall be placed within a ten (10) foot public utility easement behind the sidewalk, between the home and the property line.

(N) Variances. The variance procedures and standards for approval that are set forth in the Unified Development Code [*Ordinance No. 04-38*] shall apply to any application for variances to this ordinance.

DRAFT ORDINANCE 09.26.2017

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 09/26/2017

APPLICANT: Brian and Darla Kelly

AGENDA ITEM: **MIS2017-010**; *Masonry Exception*

SUMMARY:

This is a request by Brian and Darla Kelly for the approval of an exception to the minimum masonry requirements stipulated by Article V, District Development Standards, of the Unified Development Code to allow for the construction of a single-family home on a 3.217-acre tract of land identified as a portion of Tract 13-06 of the W. W. Ford Survey, Abstract No. 80, City of Rockwall, Rockwall County, Texas, zoned Single-Family Estate 2.0 (SFE-2.0) District, addressed as 631 Hanby Lane, and take any action necessary.

CHARACTERISTICS OF REQUEST:

The subject property is located along the north side of Hanby Lane south of the intersection of Jeff Boyd Road and Hanby Lane. The property is currently vacant and on August 21, 2017, the City Council approved a request [*Case No. Z2017-032*] to rezone the subject property from an Agricultural (AG) District to a Single-Family Estates 2.0 (SFE-2.0) District.

The applicants have submitted a request for an exception to the minimum masonry requirements for the purpose of constructing an ~3,083 SF home on the subject property. According to the applicants' letter, the proposed home constructed in will be a modern farmhouse style. The applicants are proposing to utilize 100% fiber-cement [*e.g. Hardie Board*] siding in a vertical board and baton pattern that will be painted white.

According to *Subsection 3.1A.1*, *Exterior Wall Material*s, of *Section 3, Residential Districts*, of *Article V*, *District Development Standard*s, of the Unified Development Code (UDC), all buildings 120 SF or more and over ten (10) feet in height shall have exterior walls constructed of at least 80% masonry materials with no more than 50% being Hardie Board or other similar cementaceous material. Buildings not meeting this requirement shall require approval of the Planning and Zoning Commission and City Council. According to *Subsection 3.1.A.3, Exterior Wall Materials*, of *Section 3, Residential Districts*, of *Article V, District Development Standard*s, of the Unified Development Code (UDC), exceptions to these requirement may be permitted on a case-by-case basis by the City Council upon submission and approval of elevation drawings of the subject structure, and material samples. In this case, the applicants have provided examples of the style of home and siding in the attached packet.

RECOMMENDATIONS:

If the Planning & Zoning Commission and City Council choose to approve the applicant's request staff would recommend the following conditions:

1) Any construction or building allowed by this request must conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

MIS2017-010 Masonry Exception 631 Hanby Lane Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 This is a request to discuss and consider a request by Brian and Darla Kelly for the approval of an exception to the minimum masonry requirements stipulated by Article V, District Development Standards, of the Unified Development Code to allow for the construction of a single-family home on a 3.217-acre tract of land identified as a portion of Tract 13-06 of the W. W. Ford Survey, Abstract No. 80, City of Rockwall, Rockwall County, Texas, zoned Single-Family Estate 2.0 (SFE-2.0) District, generally located along the north side of Hanby Lane south of the intersection of Jeff Boyd Road and Hanby Lane
I.2 For questions or comments concerning this case, please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.
M.3 For reference, include the case number (MIS2017-010) in the lower right hand corner of all pages on future submittals.
I.4 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested by October 3, 2017.
I.5 The Planning and Zoning Meeting will be September 26, 2017. The City Council meeting date is October 2, 2017.
I.6 All meetings will be held at 6:00 p.m. in the Council Chambers at City Hall.

Rockwall, TX 75087

Dear City of Rockwall:

I am writing to request a variance from the masonry requirements for the exterior of new homes within the City of Rockwall. My wife Darla Kelly and I are building a 3083 sf. single family home on our 3.27 acre property at 631 Hanby Lane. The house will be our permanent residence.

The house style is a modern farmhouse. The exterior will be fiber-cement (Hardie Board) siding in a vertical board and baton pattern. The exterior will be white. The look will be similar to the homes in the Park Place subdivision. The architectural style will fit the countryside location and add variety to the cities landscape. The modern farmhouse look has become quite popular in recent years.

I have attached elevations of the home and pictures of the finished exterior.

Thank you for your time in considering my request. I look forward to hearing from you.

Sincerely,

B. Kelly

Brian Kelly

GENERAL NOTES

This plan was designed and drafted BY Advanced Designs Inc. to meet average conditions and codes in the State of Nebraska at the time it was designed. This plan was also designed for seismic zone 1. Because codes and requirements can change and may vary from jurisdiction to jurisdiction, cannot warrant Compliance with any specific code or regulation. Consult your local building official to determine the suitability of these plans for your specific site and application. This plan can be adapted to your local building codes and requirements, however, it is the responsibility of the purchaser and/or builder of this plan to see that the structure is built in strict compliance with all governing municipal codes (city, county, state and federal). The purchaser and/or builder of this plan releases the designer from any claims or lawsuits that may arise during the construction of this structure or anytime thereafter.

- If the contractor or sub-contractor, in the course of their work finds any discrepancies between the plan and the physical conditions of the site or structure, or any errors in the plans or specifications, it shall be their responsibility to immediately inform ADI, who will promptly verify and if necessary correct the working drawings. Any work done after such discovery will be done at the contractor's expense.

DESIGN LOADS:

- Floor: 40 psf. live, 15 psf. dead
- Roof: 30 psf. live, 10 psf. dead
- Ceiling: 10 psf. live, 5 psf. dead
- Soil bearing Capacity - 1500 psf.
- Live loads, dead loads, wind loads, snow loads, lateral loads, seismic zoning and any specialty loading conditions will need to be confirmed before construction and adjustments to plans made accordingly. See your local building officials for verification of your specific load data, zoning restrictions and site conditions.

CONCRETE AND FOUNDATIONS:

- All foundation walls and slabs on grade shall be 3000 PSI (28-day compressive strength concrete), unless noted otherwise.
- All interior slabs on grade shall bear on 4" compacted granular fill with 6 mil. polyethylene vapor barrier underneath.
- Provide proper expansion and control joints as per local requirements.
- All 36" x 36" x 18" concrete pads to have (3) #5 rods each way.
- All 48" x 48" x 24" concrete pads to have (4) #5 rods each way.
- Foundation walls are not to be backfilled until properly braced.
- Verify depth of frost footings with your local codes.
- Provide termite protection as required by HUD minimum property standards.
- Foundation bolts must be anchored to sill plate with 5/8" bolts embedded 15" in concrete walls.

STEEL:

- All structural steel for beams and plates shall comply with ASTM specification A-36.
- All structural steel for steel columns shall comply with ASTM specification A-53 Grade B or A-501.
- All reinforcing steel for concrete shall comply with ASTM specification A-615 Grade 60.
- Provide steel shims in all beam pockets.
- Steel columns are to be 3" I.D. (inside diameter) unless noted otherwise.

FRAMING MEMBERS:

- Unless noted otherwise, all framing lumber shall have the following characteristics:
  Fb = 1,000 psi Fv = 75 psi E = 1,400,000 psi
- Contractor to confirm the size, spacing and stress characteristics of all framing and structural members to meet your local code requirements.
- Hole sizes and locations in GluLam or Laminated Veneered Lumber (L.V.L.) members are to be confirmed by a professional engineer.
- Any structural or framing members not indicated on the plan are to be sized by contractor.
- Double floor joists under all partition walls, unless noted otherwise.
- All subflooring is assumed to be 3/4" thick, glued & nailed.
- All exterior walls are dimensioned to outside of 1/2" sheathing
- Calculated dimensions take precedence over scaled dimensions.
- All angled walls on floor plans are at 45 degree angle, unless otherwise noted.
- Any wall 12'-0" high or higher shall be 2x6 and balloon framed.
- Unless noted otherwise, above all openings that are:
  (1) Load bearing and less than or equal to 3 ft. ..... use 4x6.
  (2) Load bearing and more than 3 ft. ..... use (2) 2x12 with 1/2" Plywood between.
  (3) Non-load bearing and less than or equal to 6 ft. .....use 4x6.
  (4) Non-load bearing and more than 6 ft. ..... use (2) 2x12 with 1/2" Plywood between.
  (5) All exterior openings use (2) 2x12 with 1/2" Plywood between.
- All trusses to be engineered by truss manufacturer according to the loading indicated on this plan.
- All exterior corners shall be braced in each direction with let-in diagonal bracing or plywood.
- Place (1) row of 1" x 3" cross-bridging on all spans over 8'-0" and (2) rows of 1" x 3" cross-bridging on all spans over 16'-0".
- Collar ties are to be spaced 4'-0" o.c.
- All purlins and kickers are to be 2x6's unless noted otherwise.
- Any hip or valley rafters over a 28'-0" span are to be Laminated Veneer Lumber (L.V.L.).

MISC. NOTES:

- Prefabricated fireplaces and flues are to be U.L. approved and installed as per manufacturer's specifications.
- All materials, supplies and equipment to be installed as per manufacturer's specifications and per local codes and requirements.
- Provide proper insulation for all plumbing.
- 1/2" water-resistant drywall around shower's, tubs and whirlpools.
- 1/2" drywall on interior walls and ceilings.
- 5/8" type "X" fire code drywall on garage walls and ceilings.
- When no brand is specified windows are called out by glass size only.
- Windows, if not noted, are assumed to be casements.
- Header heights are labeled to bottom of arched transoms.
- Confirm window openings for your local egress requirements and minimum light and ventilation requirements.
- Headroom at stairs shall have a minimum clearance of 6'-8" high.
- Provide proper handrails at stairs per local codes.
- The mechanical and electrical layouts are suggested only. Consult your mechanical and electrical contractors for exact specifications, locations and sizes.
- Jog flue to rear of ridge as necessary.
- Provide proper wiring for all electrical appliances, mechanical equipment and whirlpools per manufacturer's specifications.
- Air conditioner locations may vary depending on restrictive covenants and codes.

PROPERTY DESCRIPTION:

BEING A 3.217 ACRE TRACT OF LAND SITUATED IN THE W. W. FORD SURVEY, ABSTRACT NO. 80, ROCKWALL COUNTY, TEXAS, BEING ALL THAT CERTAIN TRACT OF LAND DESCRIBED IN DEED TO WAYNE CURTIS JONES, AS RECORDED IN INSTRUMENT NO. 20130000500815, DEED RECORDS, ROCKWALL COUNTY, TEXAS (SAID TRACT BEING DESCRIBED BY METES AND BOUNDS IN VOLUME 4062, PAGE 212, SAID DEED RECORDS), AND BEING MORE PARTICULARLY DESCRIBED BY METES AND BOUNDS AS FOLLOWS:

BEGINNING AT A 1/2-INCH IRON ROD FOUND FROM WHICH A 1/2-INCH IRON ROD FOUND BEARS SOUTH 67° 47' 15" WEST - 2.18 FEET, SAID FIRST MENTIONED IRON ROD BEING THE SOUTH CORNER OF SAID JONES TRACT, AND BEING ON THE MOST SOUTHWESTERLY NORTHEAST LINE OF THAT CERTAIN TRACT OF LAND DESCRIBED IN DEED TO JOHN N. CULLINS AND WIFE, JANE M. CULLINS, AS RECORDED IN VOLUME 539, PAGE 187, SAID DEED RECORDS;

THENCE NORTH 44° 45' 20" WEST, A DISTANCE OF 150.00 FEET ALONG THE COMMON LINE OF SAID JONES TRACT AND SAID CULLINS TRACT TO A 1/2-INCH IRON ROD SET AT THE WEST CORNER OF SAID JONES TRACT;

THENCE NORTH 56° 35' 51" EAST ALONG SAID COMMON LINE, PASSING THE MOST NORTHERLY EAST CORNER OF SAID CULLINS TRACT AND THE SOUTH CORNER OF THAT CERTAIN TRACT OF LAND DESCRIBED IN DEED TO PSB INDEMNITY FAMILY LIMITED PARTNERSHIP, AS RECORDED IN INSTRUMENT NO. 20140000006357, AFORESAID DEED RECORDS, AT A DISTANCE OF 518.08 FEET AND CONTINUING ALONG THE COMMON LINE OF SAID JONES AND PSB TRACTS A TOTAL DISTANCE OF 740.80 FEET TO A 1/2-INCH IRON ROD SET AT THE COMMON NORTH CORNER OF SAID JONES TRACT AND THAT CERTAIN TRACT OF LAND DESCRIBED IN DEED TO JOANN VOSTITSIANOS JONES, AS RECORDED IN INSTRUMENT NO. 20130000500814, SAID DEED RECORDS;

THENCE SOUTH 08° 42' 38" EAST, A DISTANCE OF 309.89 FEET ALONG THE COMMON LINE OF SAID JONES TRACTS TO A 1/2-INCH IRON ROD SET AT THE COMMON SOUTH CORNER OF SAID TRACTS, SAID IRON ROD BEING ON THE MOST SOUTHERLY NORTHWEST LINE OF THAT CERTAIN TRACT OF LAND DESCRIBED IN DEED TO JOANN VOSTITSIANOS JONES, AS RECORDED IN INSTRUMENT NO. 20130000500815, SAID DEED RECORDS;

THENCE SOUTH 68° 31' 52" WEST ALONG THE COMMON LINE OF SAID JONES (20130000500816) AND JONES (20130000500815) TRACTS, PASSING THE MOST SOUTHERLY WEST CORNER OF SAID JONES TRACT (20130000500815) AT A DISTANCE OF 111.54 FEET AND CONTINUING ALONG THE SOUTHEAST LINE OF SAID JONES TRACT (20130000500815) A TOTAL DISTANCE OF 568.84 FEET TO THE POINT OF BEGINNING AND CONTAINING 140,138 SQUARE FEET OR 3.217 ACRES OF LAND.

FEMA NOTE

FLOOD INFORMATION:
A PORTION OF THIS SUBJECT PROPERTY APPEARS TO BE WITHIN THE LIMITS OF A 100-YEAR FLOOD HAZARD ZONE, ACCORDING TO THE MAP PUBLISHED BY THE FEDERAL EMERGENCY MANAGEMENT AGENCY, AND HAS A ZONE "A, V" RATING AS SHOWN BY MAP NO. 48397C0110 , DATED SEPTEMBER 26, 2008.

SURVEYOR'S CERTIFICATION:

THIS IS TO CERTIFY THAT ON THIS DATE A SURVEY WAS MADE ON THE GROUND UNDER MY SUPERVISION AND IS TRUE AND CORRECT REPRESENTATION OF THE DIMENSIONS AND CALLS OF PROPERTY LINES AND LOCATION AND TYPE OF IMPROVEMENTS, IF ANY, NO VISIBLE AND APPARENT EASEMENTS, CONFLICTS, OVERLAPPING OF PROTRUSIONS, EXCEPT AS SHOWN. THIS SURVEY IS NOT TO BE UTILIZED FOR CONSTRUCTION PURPOSES AND WAS PREPARED WITHOUT THE BENEFIT OF A TITLE COMMITMENT PROVIDED BY A TITLE COMPANY. THERE MAY BE EASEMENTS AND OTHER MATTERS OF RECORD AFFECTING THE PROPERTY SHOWN HEREON THAT ONLY A PROPER TITLE SEARCH WOULD REVEAL. THIS SURVEY IS SUBJECT TO ANY AND ALL COVENANT AND RESTRICTIONS PERTAINING TO THE RECORDED PLAT REFERENCED HEREON.

GENERAL NOTES:

1.) THE BASIS OF BEARINGS FOR THIS SURVEY WAS DERIVED FROM DATA PROVIDED ON THE DEED RECORDED IN VOL. 4062, PG. 212, D.R.R.C.T.
2.) THERE ARE NO VISIBLE CONFLICTS OR PROTRUSIONS, EXCEPT AS SHOWN. FENCES MAY BE MEANDERING.
3.) THIS SURVEY IS FOR THE EXCLUSIVE USE OF THE NAMED CLIENT, MORTGAGE COMPANY, TITLE COMPANY, OR OTHER.
4.) ANY OF THE SITE, ALL EASEMENTS, RIGHTS-OF-WAY OR OTHER LOCATABLE MATTERS OF RECORD SHOWN OR NOTED HEREON IS/ARE DERIVED FROM THE RECORDED PLAT. THE VESTING DEED, OR THE TITLE REPORT AND SUPPORTING DOCUMENTS. ALL SUCH ITEMS WERE OBTAINED DURING THE RESEARCH PHASE OF THIS SURVEY OR PROVIDED BY THE CLIENT/TITLE COMPANY LISTED HEREON. PREMIER SURVEYING MAKES NO REPRESENTATION AS TO THE ACCURACY OR COMPLETENESS OF SUCH ITEMS AND HAS MADE NO ATTEMPTS TO OBTAIN OR SHOW ANY ADDITIONAL RESTRICTIONS ON OR NEAR THIS PROPERTY PUT IN PLACE BY LOCAL MUNICIPALITIES OR ASSOCIATIONS.
5.) THIS SURVEY IS NOT TO BE USED FOR CONSTRUCTION PURPOSES.
6.) THIS SURVEY IS NOT INTENDED TO ADDRESS OR IDENTIFY WETLANDS, FAULT LINES, TOXIC OR HAZARDOUS WASTE AREAS, SUBSIDENCE, OR ANY OTHER ENVIRONMENTAL OR GEOLOGICAL ISSUE.
7.) THE EXISTING UTILITIES DEPICTED HEREON ARE BASED ON FIELD LOCATION OF VISIBLE ABOVE-GROUND EVIDENCE, UTILITIES AND OTHER MINOR IMPROVEMENTS MAY EXIST THAT ARE NOT SHOWN ON THIS SURVEY. PREMIER SURVEYING IS NOT RESPONSIBLE FOR THE EXACT LOCATION OF SUBSURFACE UTILITIES, NOR FOR ANY DAMAGES BY ANY CONSTRUCTION OR EXCAVATION ON OR NEAR SAID UTILITIES.
8.) SYMBOLS AS SHOWN IN THE LEGEND ARE NOT TO SCALE AND MAY HAVE BEEN MOVED FROM THE ACTUAL HORIZONTAL LOCATION FOR CLARITY.

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 09/26/2017

APPLICANT: William Adair

AGENDA ITEM: **SP2017-026;** *2040 Kristy Lane – Jowers Warehouse*

SUMMARY:

Discuss and consider a request by William Adair on behalf of Raymond Jowers for the approval of a site plan for an industrial building on a 2.16-acre parcel of land identified as Lot 1-B, Bodin Industrial Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, addressed as 2040 Kristy Lane, and take any action necessary.

PURPOSE:

The applicant is requesting approval of a site plan for the purpose of constructing an approximately 14,500 sq. ft. *office/warehouse building* on a 2.16-acre parcel of land. The development is zoned Light Industrial (LI) District and will be required to meet the development standards for this district as stipulated by the Unified Development Code (UDC). The proposed development is located south of the intersection of IH-30 and Kristy Lane and is addressed as 2040 Kirsty Lane.

DENSITY AND DIMENSIONAL REQUIREMENTS:

The proposed office/warehouse IS permitted by right within the Light Industrial (LI) District and will incorporate a total of 25 parking spaces. The site will be accessed via 24-ft Firelane, Public Access and Utility Easement from Kristy Lane.

With the allowance of the exception requested and the items listed in the *Recommendation* section of this case memo, the submitted site plan, building elevations, photometric, and landscape plans conform to the technical requirements contained within the Unified Development Code (UDC) and the IH-30 Overlay (IH-30) District. A summary of the density and dimensional requirements are as follows:

Ordinance Provisions	*Zoning District Standards*	*Conformance to the Standards*
Minimum Lot Area	*12,500 SF*	*2.16-Acres; In Conformance*
Minimum Lot frontage	*100-Feet*	*x>170-Feet; In Conformance*
Minimum Lot Depth	*125-Feet*	*x>495-Feet; In Conformance*
Minimum Front Yard Setback	*25-Feet*	*x>25-Feet; In Conformance*
Minimum Rear Yard Setback	*10-Feet*[1]	*x>10-Feet; In Conformance*
Minimum Side Yard Setback	*0-Feet*[2]	*x>10-Feet; In Conformance*
Maximum Building Height	*60-Ft w/o SUP*	*x=25-ft; In Conformance*
Max Building/Lot Coverage	*60%*	*<60%; In Conformance*
Minimum Masonry Requirement	*90%*	*x>90%; In Conformance*

Ordinance Provisions	*Zoning District Standards*	*Conformance to the Standards*
Floor Area Ratio	*2:1*	*x<4:1; In Conformance*
Minimum Number of Parking Spaces	*24*	*25 Provided; In Conformance*
Minimum Stone Requirement	*20% ea facade*	*x>20%; Cultured Stone*
Minimum Landscaping Percentage	*10%*	*x>10%; In Conformance*
Maximum Impervious Coverage	*80 to 85%*	*<85%; In Conformance*

NOTES:
1. Without fire retardant wall, or alley: ten feet, or as required by building and/or fire codes.
2. Without fire retardant wall: Fifteen (15) feet plus one-half of the building over 36-ft (zero feet w/ fire retardant wall + ½ >36-ft.)

EXCEPTION REQUEST:

The applicant is requesting an exception to the Unified Development Code (UDC) for the section outlined below. As a note, an exception requested of the UDC requires passage by a simple majority vote of those City Council members present. The request is as follows:

a) Sec. 5.1.C, of Article V, of the UDC, an exception to allow for not meeting the horizontal articulation as required for the east and west elevations as depicted on the building elevations as submitted.

ARCHITECTURAL REVIEW BOARD RECOMMENDATION:

On August 29, 2017, the Architectural Review Board (ARB) reviewed the building elevations and requested the applicant clearly delineate the materials on the elevations and to provide a material sample board. After meeting with the applicant, the ARB took no action and requested the applicant return for a subsequent review. The applicant has revised the elevations, submitted material samples, and will receive a recommendation from the ARB at the September 26, 2107 meeting.

RECOMMENDATIONS:

Should the Planning and Zoning Commission choose to approve the site plan and recommend approval of the exception being requested as outlined in staff's report, then staff would offer the following conditions of approval:

1) All staff comments provided by the Planning, Engineering and Fire Department must be addressed prior to the submittal of a building permit.

2) Any construction or building necessary to complete this Site Plan request must conform to the requirements set forth by the UDC, the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

City of Rockwall

(9/21/2017 12:58 PM AA)
The FDC is required to be along the fire lane and within 100-feet as the hose lays, of a fire hydrant.
Show locations of all existing and proposed fire hydrants being utilized to meet this requirement.

Reduce length of fire lane along west side of the building by 56-feet, to a maximum dead-end length of 150-feet, or provide approved turnaround.

(8/23/2017 10:02 AM KC) -Must meet and adhere to all Fire Code requirements. -Buildings over 5,000 sqft shall be equipped throughout with an approved automatic sprinkler system installed in accordance with NFPA 13. -Approved fire apparatus access roads shall extend to within 250 feet of all portions of the facility and all portions of the exterior walls of the first story of the building as measured by an approved route around the exterior of the building or facility. -The proposed location of the Fire Department Connection (FDC) shall be indicated on the plans. The FDC is required to be along the fire lane and within 100-feet as the hose lays, of a fire hydrant. -A minimum of a 5-foot wide sidewalk or other approved "all-weather" pathway shall be provided from the fire lane to the FDC. Parking/loading spaces are not considered a clear pathway. - Underground piping shall have a 10-foot minimum separation from all other utilities and placed in a separate trench. Underground piping within 5-feet of the building may be combined with other utilities for entrance into the building.

Discuss and consider a request by William Adair on behalf of Raymond Jowers for the approval of a site plan for an industrial building on a 2.16-acre parcel of land identified as Lot 1-B, Bodin Industrial Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, addressed as 2040 Kristy Lane, and take any action necessary.

PLANNING COMMENTS - DAVID GONZALES - 09.20.2017

All staff comments are to be addressed and resubmitted by Tuesday, October 3, 2017. Please provide two large copies [24" X 36" FOLDED] and one PDF version for a final/subsequent review by staff:

Planning Department General Comments to be addressed are as follows:

1. Adherence to Engineering and Fire Department standards shall be required.
2. All exterior signage requires submittal and approval of a separate building permit through the building inspections department.

EXCEPTIONS FOR THE PLANNING AND ZONING COMMISSION & CITY COUNCIL TO CONSIDER"

1. Per Sec. 5.1.C, of Article V, of the UDC, horizontal articulation is required for the east and west elevations.

Please address the following Planning Comments for each plan submitted:

Site Plan:
1. Provide dumpster enclosure detail indicating that the enclosure walls are to be a minimum of 6-ft in height with matching exterior materials as the primary buildin and includes a self-latching gate mechanism. Gate to be opaque.
2. Approval of an exceptionto allow for not meeting the standards for horizontal articulaton for the east and west elevations is required. See Exception Request above for P&Z and CC to consider.

Landscape Plan:
1. The Landscape Plan submitted meets or exceeds the minimum standards established by the UDC.

Photometric Plan:
1. Provide a photometric plan for all exterior lighting and cut sheets of all exterior light fixtures.
2. Maximum overall height of the lighting pole standard is not to exceed 20-ft (includes base, light pole, and fixtures).
3. Maximum intensity of exterior lighing is not to exceed 0.2-FC at the property lines.

Building Elevations:
1. Exception to the horizontal articulation standards for the east and west elevations requried as indicated above.
2. Elevation requires a recommendation of the Architectural Reivew Board (ARB).

The following are scheduled meeting dates that you and/or your representative(s) are required to attend regarding the Site Plan request. If you have any quesitons regarding this case, please feel free to contact DavidGonzales, AICP with thePlanning Department at 972-771-7745.

Meeting Dates to Attend:

PLANNING COMMENTS - DAVID GONZALES - 07.20.2017

All staff comments are to be addressed and resubmitted by Tuesday, September 6, 2017. Please provide three large copies [24" X 36" FOLDED] and one PDF version for a subsequent review by staff:

Planning Department General Comments to be addressed are as follows:

1. Adherence to Engineering and Fire Department standards shall be required.
2. Re-label revised site plan documents with "Case No. SP2017-026" at the lower right corner of each plan.
3. All exterior signage requires submittal and approval of a separate building permit through the building inspections department.
4. See Site Plan check list for informational requirements associated with a site plan submittal (i.e. site plan, landscape plan, photometric plan, building elevations).

EXCEPTIONS FOR THE PLANNING AND ZONING COMMISSION & CITY COUNCIL TO CONSIDER"

1. Per Sec. 5.1.A.1, of Article V, of the UDC, a minimum of 20% stone is required on all walls visible from a public street or open space. Provide calculation for each facade meeting this requirement or approval of an exception of required for each elevation not meeting this standard.
2. Per Sec. 5.1.C, of Article V, of the UDC, horizontal articulation is required for the east and west elevations.

Please address the following Planning Comments for each plan submitted:

Site Plan:
1. Provide dumpster enclosure detail. Enclosure walls are to be a minimum of 6-ft in height with matching exterior materials as the primary building and includes a self-latching gate mechanism. Gate to be opaque.
2. Approval of an exceptionto allow for not meeting the standards for horizontal articulaton for the east and west elevations is required. See Exception Request above for P&Z and CC to consider.
3. Indicate and dimension all easements (i.e. firelane, public access, utility, detension & drainage, etc.)
4. Indicate and dimension a minimum 10-ft landscape buffer along Kristy Lane.
5. Provide a label for the streets name along Kristy Lane.
6. Indicate and label appropriate setbacks based on the Light Industrial District standards.
7. Where will the HVAC units be located? Indicate screening of the units (i.e. landscapeing, wing-wall, etc.).
8. For the purpose of establishing the parking ratio's, please provide the square footage of the office and warehouse. Office is parked at 1 space per 300 sq. ft and warehouse is parked at 1 space per 1000 sq. ft.
9. Provide property owner information for each adjacent lot.
10. Label plan as Site Plan.

Landscape Plan:
1. Provide a detailed Landscape Plan.

Photometric Plan:

1. Provide a photometric plan for all exterior lighting and cut sheets of all exterior light fixtures.
2. Maximum overall height of the lighting pole standard is not to exceed 20-ft (includes base, light pole, and fixtures).
3. Maximum intensity of exterior lighing is not to exceed 0.2-FC at the property lines.

Building Elevations:

1. Provide calculations for all exterior building materials - broken out for each facade.
2. Minimum 20% stone required for all facades. If standards are not met, see exception request listed above.
2. Exception to the horizontal articulation standards for the east and west elevations requried as indicated above.
3. Verify labels for each elevation. Appears that the east elevation should be north and the west should be south and so on for all elevations.
4. What type of roofing material will be used? provide label for roof material.
5. Remove landscaping from this plan and provide a landscape plan.
6. Elevation requires arecommendation of the Architectural Reivew Board (ARB).
7. Provide a materials sample board for review by the ARB.
7. Label plan as Building Elevations.

The following are scheduled meeting dates that you and/or your representative(s) are required to attend regarding the Site Plan request. If you have any quesitons regarding this case, please feel free to contact DavidGonzales, AICP with thePlanning Department at 972-771-7745.

Meeting Dates to Attend:

Architectural Review Board: August 29, 2017 (5:00 p.m.) [Applicant to receive recommendations from ARB]

Planning - Work Session: August 29, 2017 (6:00p.m.) [Applicant to present/discuss project to P&Z]

Architectural Review Board: September 12, 2017 (5:00 p.m.) [Subsequent meeting if necessary]

Planning - Action: September 12, 2017 (6:00p.m.) [P&Z to take action (i.e. approve, approve with conditions, deny)]

City Council - Action: September 18, 2017 (6:00 p.m.) [FOR VARIANCE AND EXCEPTION REQUESTS ONLY]

Z2017-41 Zoning Change (MF-14 to DT) Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 This is a request by Mark Latham for the approval of a zoning change from a Multi-Family 14 (MF-14) District to a Downtown (DT) District for a 0.17-acre tract of land identified as part of Lots 1, 2 & 3, Block H, Eppstein Addition, City of Rockwall, Rockwall County, Texas, zoned Multi-Family 14 (MF-14) District, situated within the Historic Overlay (HOV) District, addressed as 310 S. Fannin Street.

I.2 For questions or comments concerning this case, please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.

M.3 For reference, include the case number (Z2017-041) in the lower right hand corner of all pages on future submittals.

I.4 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested by October 2, 2017. The Planning & Zoning Worksession for this case is September 26, 2017. The Planning and Zoning Meeting date for this case is October 10, 2017. A representative is required to attend all meetings.

I.5 The projected City Council meeting dates for this are October 16, 2017 and November 6, 2017.

CITY OF ROCKWALL

ORDINANCE NO. 17-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED SO AS TO FURTHER AMEND THE ZONING MAP TO ADOPT A CHANGE IN ZONING FROM A MULTI-FAMILY 14 (MF-14) DISTRICT TO A DOWNTOWN (DT) DISTRICT FOR A 0.17-ACRE TRACT OF LAND IDENTIFIED AS PART OF LOTS 1, 2, AND 3, BLOCK H, EPPSTEIN ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE SPECIFICALLY DESCRIBED IN EXHIBIT *'A'* AND DEPICTED IN EXHIBIT *'B'* OF THIS ORDINANCE; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City has received a request from Mark Latham for the approval of an amendment to the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall to adopt a change in zoning from a Multi-Family 14 (MF-14) District to a Downtown (DT) District for a 0.17-acre tract of land identified as Part of Lots 1, 2, and 3, Block H, Eppstein Addition, City of Rockwall, Rockwall County, Texas, and more specifically described in *Exhibit 'A'* and depicted in *Exhibit 'B'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

NOW, THEREFORE, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

SECTION 1. That the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, Texas, as heretofore amended, be and the same are hereby amended by amending the zoning map of the City of Rockwall so as to change the zoning of the *Subject Property* from a Multi-Family 14 (MF-14) District to a Downtown (DT) District; and

SECTION 2. That the *Subject Property* shall be used and developed only in the manner and for the purposes provided for a *Downtown (DT) District* as stipulated by *Subsection 4.8, Downtown (DT) District,* of *Section 4, Commercial (C) Districts* and Subsection 6.2, *Historic Overlay (HOV) District*, of *Section 6*, *Overlay Districts,* of *Article V, District Development Standards,* of the *Unified Development Code* [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by granting of this zoning change, and as may be amended in the future;

DRAFT ORDINANCE 1.06.2017

SECTION 3. That the official zoning map of the City be corrected to reflect the changes in the zoning described herein.

SECTION 4. Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *TWO THOUSAND DOLLARS* ($2,000.00) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

SECTION 5. If any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code of the City of Rockwall, Texas, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable.

SECTION 6. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be and the same are hereby repealed, and all other ordinances of the City of Rockwall not in conflict with the provisions of this ordinance shall remain in full force and effect.

SECTION 7. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, ON THIS THE 6th DAY OF NOVEMBER, 2017.

Re: Zoning Change Application for Vacant Lot at 201 Olive St, Rockwall, TX 750877

To: The City of Rockwall,

This letter is to explain my request to change the zoning on the lot that I own on Olive St to a commercially zoned lot. I have been a long-time owner of a Rockwall business, Rockwall Mortgage, for several years and have leased office space in the Old Downtown Square since 2002.

I feel the lot itself sits within an already existing commercial area: a clothing store, law office and other businesses across the street, and Bin 303 restaurant right next door with the parking lot of the restaurant resting on the property line to my lot. An expansion of the restaurant including a cabana/bar was recently approved by the city, bringing the restaurant even closer to the property line. Most folks that I have spoken with assumed that it was already zoned commercial, considering putting a single-family residence would be out of place in that spot.

I live at 405 N Fannin St and the rear of my lot (approximately 1 acre in size) backs up to both the subject lot and the restaurant Bin 303. This location on Olive St would be an ideal spot for me to office from. My plan is to build a small owner-occupied office on the lot.

Thank you,

Jay Odom

NOTICE OF PUBLIC HEARING
CITY OF ROCKWALL, PLANNING & ZONING DEPARTMENT

PHONE: (972) 771-7745
EMAIL: PLANNING@ROCKWALL.COM

To Whom It May Concern:

You are hereby notified that the City of Rockwall Historic Preservation Advisory Board, Planning and Zoning Commission and City Council will consider the following application:

Case No. H2017-014/ Z2017-042: 201 Olive Street

Hold a public hearing to discuss and consider a request by Jay Odom for the approval of a zoning change from a Single Family 7 (SF-7) District to a Downtown (DT) District for a 0.21-acre parcel of land identified as Lot D-1, Block 122, B. F. Boydston Addition, City of Rockwall, Rockwall County, Texas, zoned Single Family 7 (SF-7) District, situated within the Historic Overlay (HOV) District, addressed as 201 Olive Street, and take any action necessary.

For the purpose of considering the effects of such a request, the Historical Preservation Advisory Board, will hold a public hearing on **Thursday, September 21, 2017.** ThePlanning and Zoning Commission will hold a public hearing on **Tuesday, 10/10/2017 at 6:00 p.m.,** and the City Council will hold a public hearing on **Monday, 10/16/2017 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

David Gonzales
Rockwall Planning and Zoning Dept.
385 S. Goliad Street
Rockwall, TX 75087

You may also email your comments to the Planning Department at planning@rockwall.com. If you choose to email the Planning Department please include your name and address for identification purposes.

Your comments must be received by **10/16/2017** to ensure they are included in the information provided to the City Council.

Sincerely,

Ryan Miller, AICP
Director of Planning & Zoning

CITY OF ROCKWALL

ORDINANCE NO. 17-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED SO AS TO FURTHER AMEND THE ZONING MAP TO ADOPT A CHANGE IN ZONING FROM A SINGLE-FAMILY 7 (SF-7) DISTRICT TO A DOWNTOWN (DT) DISTRICT FOR A 0.21-ACRE TRACT OF LAND IDENTIFIED AS LOT D-1, BLOCK 122, B. F. BOYDSTON ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE SPECIFICALLY DESCRIBED IN EXHIBIT *'A'* AND DEPICTED IN EXHIBIT '*B*' OF THIS ORDINANCE; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City has received a request from Jay Odom for the approval of an amendment to the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall to adopt a change in zoning from a Single-Family 7 (SF-7) District to a Downtown (DT) District for a 0.21-acre tract of land identified as Lot D-1, Block 122, B. F. Boydston Addition, City of Rockwall, Rockwall County, Texas, and more specifically described in *Exhibit 'A'* and depicted in *Exhibit 'B'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

NOW, THEREFORE, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

SECTION 1. That the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, Texas, as heretofore amended, be and the same are hereby amended by amending the zoning map of the City of Rockwall so as to change the zoning of the *Subject Property* from a Single-Family 7 (SF-7) District to a Downtown (DT) District; and

SECTION 2. That the *Subject Property* shall be used and developed only in the manner and for the purposes provided for a *Downtown (DT) District* as stipulated by *Subsection 4.8, Downtown (DT) District,* of *Section 4, Commercial (C) Districts* and Subsection 6.2, *Historic Overlay (HOV) District*, of S*ection 6*, *Overlay Districts* of *Article V, District Development Standards,* of the *Unified Development Code* [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by granting of this zoning change, and as may be amended in the future;

SECTION 3. That the official zoning map of the City be corrected to reflect the changes in the zoning described herein.

SECTION 4. Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *TWO THOUSAND DOLLARS* ($2,000.00) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

SECTION 5. If any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code of the City of Rockwall, Texas, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable.

SECTION 6. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be and the same are hereby repealed, and all other ordinances of the City of Rockwall not in conflict with the provisions of this ordinance shall remain in full force and effect.

SECTION 7. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, ON THIS THE 6th DAY OF NOVEMBER, 2017.

_____
Jim Pruitt, *Mayor*

DESCRIPTION

All that certain lot, tract or parcel of land situated in the B.F. BOYDSTUN SURVEY, ABSTRACT NO. 14, City of Rockwall, Rockwall County, Texas, and being part of a tract of land as described in a Warranty deed from Othe Gene and Janice W. Peoples to Polly Peoples Redden and Ross Redden dated July 17, 2005 and being recorded in Volume 4107, Page 105 of the Real Property Records of Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 5/8" iron rod found for corner in the north right-of-way line of Olive Street, at the southwest corner of a tract of land as described in a Warranty deed from Ronald D. Austin to Cynthia Wallace, as recorded in Volume 5007, Page 8, of the Official Public Records of Rockwall County, Texas, and being N 88 deg. 03 min. 08 sec. W, a distance of 150.05 feet from the intersection of said right-of-way with the west right-of-way of N. Farmin Street;

THENCE N. 87 deg. 53 min. 08 sec. W, along the north line of Olive Street, a distance of 49.97 feet to a 1/2" iron rod found for corner at the southeast corner of Lot 1, Block 1, BIN 303 RESTAURANT, an Addition to the City of Rockwall, Texas, according to the Plat thereof recorded in Cabinet G, Slide 341 of the Plat Records of Rockwall County, Texas;

THENCE N. 07 deg. 56 min. 08 sec. E, along the east line of said Addition, a distance of 188.84 feet to a 1/2" iron rod found for corner at the northeast corner of said Addition, and being in the south boundary line of a 0.20 acre tract of land as described in a Warranty deed to Jay Odom and Allison Odom, as recorded in Volume 2190, Page 296, of the Official Public Records of Rockwall County, Texas;

THENCE S. 84 deg. 00 min. 00 sec. E, along the south line of said Odom tract, a distance of 50.00 feet to a 1/2" iron rod found for corner at an inner "L" corner of same;

THENCE S. 06 deg. 42 min. 32 sec. W, along a west boundary line of said Odom tract, a distance of 32.67 feet to a 1/2" iron rod found for corner at the south most southwest corner of same and in the north boundary line of said Wallace tract;

THENCE N. 85 deg. 53 min. 23 sec. W, along the north line of said Wallace tract, a distance of 6.59 feet to a 1/2" iron rod found for corner at the northwest corner of same;

THENCE S. 05 deg. 49 min. 33 sec. W, along the west line of said Wallace tract, a distance of 152.46 feet to the POINT OF BEGINNING and containing 0.20 acres of land.

NOTES

1) According to F.E.M.A. Flood Insurance Rate Map, Community Panel No. 48397C0030 L dated Sept. 26, 2008, this property lies in Zone X. This property does not appear to lie within a 100-year flood plain.

2) BEARING SOURCE: RECORDED DEED IN VOL. 804, PG. 43, R.P.R.R.C.T.

3) ALL 1/2" IRS ARE CAPPED WITH YELLOW PLASTIC CAPS "RPLS 5034."

SURVEYOR'S CERTIFICATE

I, Harold D. Fetty, III, Registered Professional Land Surveyor No. 5034, do hereby certify that the above plat is the result of a survey made on the ground by me or under my supervision on the date shown hereon; and that all corners and monuments shown thereon were found or placed as shown, and that this plat is the result of a careful collection of the best evidence available to me and my opinion is based on the facts as found at the time of survey. This survey meets the requirements of the Minimum Standards of Practice as approved and published by the Texas Board of Professional Land Surveying, effective September 1, 1992 and subsequent revisions, and the same was surveyed under my supervision on the ground this the 24th day of August, 2015.

Applicant hasn't evaluated the existing lift station to verify capacity
Must meet all engineering requirements
This plan doesn't work with each building being lotted out. It doesn't meet any of the engineering requirements

FYI:
- Detention is required (east side is to be fully detained from C=.35 to C=.80 and the western side detained from C=.5 to C=.80)
- 4% Engineering Inspection Fees
- Impact Fees
- Dumpster area to drain to oil/water separator
- FM 552 right-of-way dedication to equal 60' from the centerline
- Pro-rata for 16" water = $19.75/lf along FM 552
- Sewer to be installed to the lift station at the school in an easement (not in the right-of-way)
- Stoney Hollow sewer pro-rata $345.75/acre
- Fee to have the lift station evaluated to see if the station will need to be upgraded for the proposed use.
- Parking to be 20'x9'
- 10' utility easement along FM 552

FIRE	Ariana Hargrove	9/13/2017	9/20/2017	9/21/2017	8	APPROVED	see comment

(9/21/2017 1:10 PM AA)
Must meet all Fire requirements

Type of Review / Notes	Contact	Sent	Due	Received	Elapsed	Status	Remarks

Hold a public hearing to discuss and consider a request by Austin Lewis of Lewis Real Estate Investments, Inc. on behalf of Meritage Homes of Texas, LLC for the approval of an amendment to Planned Development District 70 (PD-70) to incorporate a single-single family subdivision consisting of 19 single-family residential homes on a 4.329-acre tract of land identified as Tract 2-7 of the W. T. Deweese Survey, Abstract No. 71, City of Rockwall, Rockwall County, Texas, Planned Development District 70 (PD-70) for Single-Family 10 (SF-10) District land uses, located at the southeast corner of the intersection of Greenway Drive and FM-552, and take any action necessary.

PLANNING COMMENTS - DAVID GONZALES - 09.19.2017

The following staff comments are to be addressed and resubmitted no later than Tuesday, October 3, 2017 (three large copies FOLDED and one PDF version) for subsequent review by staff. For questions or comments concerning this case please contact David Gonzales, AICP in the Planning Department at (972) 772-6488 or email dgonzales@rockwall.com.

• On all future submittals please include the Case Number (Z2017-043) in the lower right hand corner.

• When provided, please review the Draft Ordinance prior to the Planning & Zoning Meeting scheduled for October 10, 2017.

Please address the following Planning Department comments:

1. Must adhere to Engineering, Building Inspection, and Fire Departments standards.
2. The submitted lot configuration does not meet the standards within the subdivision ordinance and the UDC due to the lots not fronting onto a public street.
3. If the drive will be used as a city street, it must meet the minimum standards for a city street and requires a minimum 50-ft right-of-way with the road section being a minimum of 29-feet back to back. See engineering design standards for compliance.
4. The overall lot count within PD-70 must not exceed 918 units.

The following are scheduled meeting dates that you and/or your representative(s) are required to attend regarding the zoning change request. All meetings will be held in the City's Council Chambers and begin at 6:00 p.m. If you have any quesitons regarding this case, please feel free to contact David Gonzales, AICP with the Planning Department at 972-771-7745.

Meeting Dates to Attend:

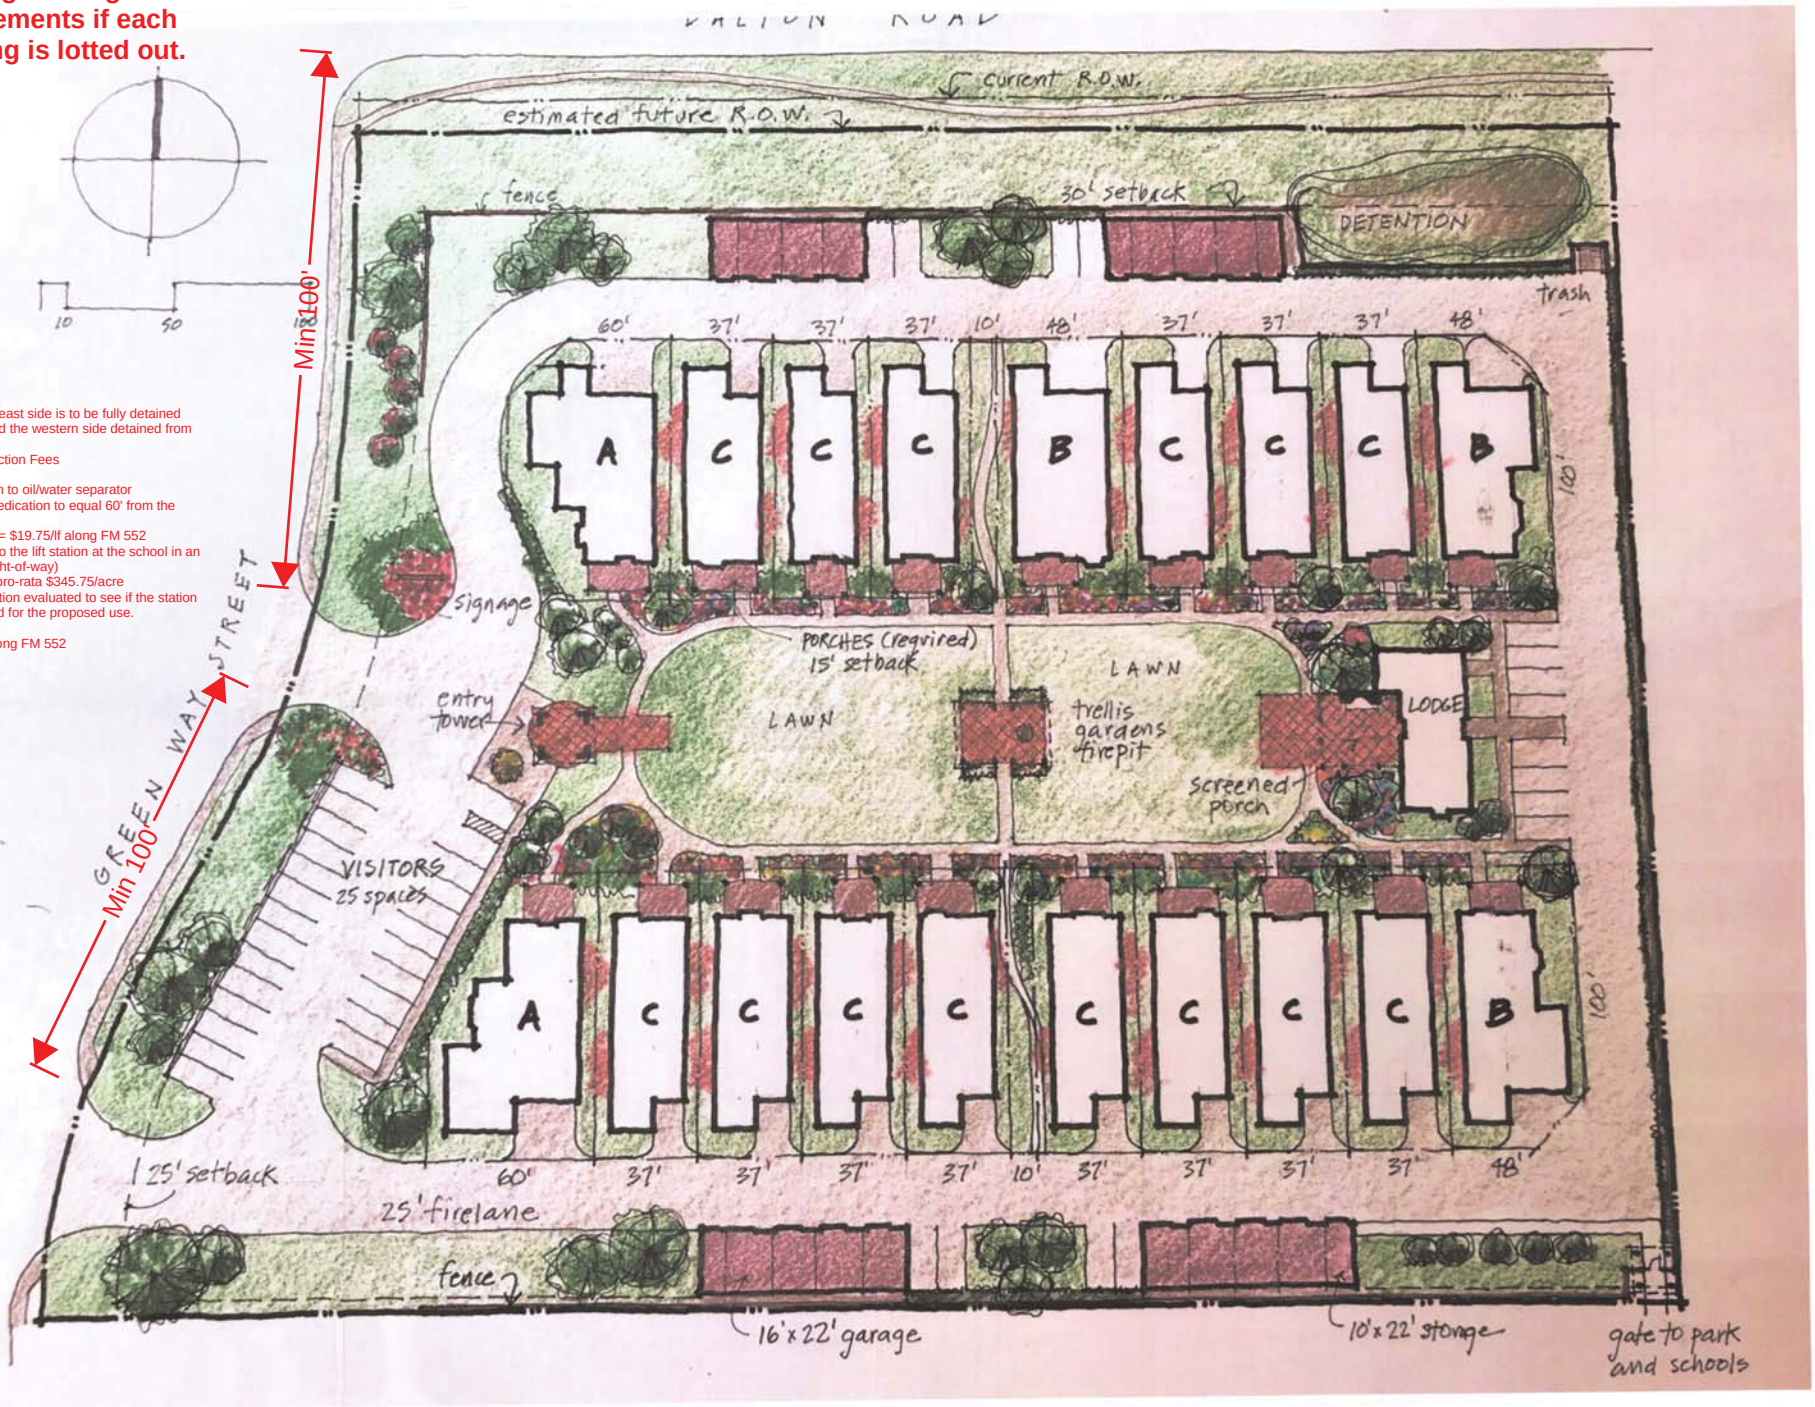
Planning - Work Session: September 26, 2017 (6:00p.m.) [Applicant to present case to P&Z for discussion].

Planning - Public Hearing: October 10, 2017 (6:00p.m.) [P&Z to take action (i.e. approve, approve with conditions, or deny)

City Council - Pulblic Hearing: October 16, 2017 (6:00 p.m.) [1st Reading of Ordinance]

City Council - Action Item: November 6, 2017 (6:00 p.m.) [2nd Reading of Ordinance]

This doesn't comply with any engineering requirements if each building is lotted out.



- Detention is required (east side is to be fully detained from C=.35 to C=.80 and the western side detained from C=.5 to C=.80)
- 4% Engineering Inspection Fees
- Impact Fees
- Dumpster area to drain to oil/water separator
- FM 552 right-of-way dedication to equal 60' from the centerline
- Pro-rata for 16" water = $19.75/lf along FM 552
- Sewer to be installed to the lift station at the school in an easement (not in the right-of-way)
- Stoney Hollow sewer pro-rata $345.75/acre
- Fee to have the lift station evaluated to see if the station will need to be upgraded for the proposed use.
- Parking to be 20'x9'
- 10' utility easement along FM 552

Re: Letter of Explanation for Re-Zoning

Lewis Real Estate Investments, Inc. is hereby making application to amend PD -70 which includes the subject 5.288 acre tract of land located at the southeast corner of FM 552 and Greenway Drive. Current permitted use is single-family lots ranging in size from 6,000-20,000 sq. ft. with 936 total dwelling units.

Lewis Real Estate Investments, Inc. and partner, David Dillard, noted senior housing architect are requesting an amendment to PD-70 in order to develop a "pocket neighborhood", a community oriented small neighborhood with 19 dwelling units with front porches fronting on a common green space. Lot sizes range from 3,700 sq. ft. to 6,000 sq. ft. The dwelling units ranging from 1,600 sq. ft. to 2,900 sq. ft. will be regulated by design standards to a cottage craftsman style home with different elevations. Residents will be able to walk around the green visiting with neighbors who are on the front porch. The neighborhood will include a community building equipped with kitchen to accommodate resident meetings, family gatherings, and other uses. Each residence will have two-car parking either in dwelling and/or separate garages depending on dwelling size. Visitor parking and a special entry feature adjoin the commons.

Thank you for your favorable consideration of this request.

Sincerely,

Austin Lewis

Type of Review / Notes	Contact	Sent	Due	Received	Elapsed	Status	Remarks

Hold a public hearing to discuss and consider a request by Sydney Brown of Godspeed Motors, LLC on behalf of the owner Greg Ollom for the approval of a Specific Use Permit (SUP) for an Indoor Motor Vehicle Dealership/Showroom, New and/or Used on a one (1) acre tract of land identified as Tract 5-1 of the J. Lockhart Survey, Abstract No. 134, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 1785 E. IH-30, and take any action necessary.

PLANNING COMMENTS - DAVID GONZALES - 09.19.2017

An SUP for an indoor motor vehicle dealership shall be restricted as follows:

A. Per Sec. 2.1.8 Auto and marine-related use conditions, of Article IV, of the Unified Development Code is as follows:

Indoor motor vehicle dealership/showroom, new and/or used. The indoor storage of operable automobiles in a fully enclosed building for the purpose of holding such vehicles for sale, lease, distribution, or storage.

1. The sales/storage facility must be a completely enclosed building.
2. Outside display or storage of vehicles shall be prohibited. This includes storing vehicles under canopies/awnings or similar covered structures.
3. All activities shall remain inside the building (i.e. no detailing, sales activities, et cetera shall be performed outside the building).
4. Accessory uses may be allowed in compliance with the "permissible use charts" located within section 1.1 of this article.

B. The area designated for an indoor motor vehicle dealership use shall be restricted to Suite 1 of 1785 E. IH-30, which is a 2500 SF area (50' x 50') as depicted in Exhibit 'B'.

C. The indoor motor vehicle dealership shall be restricted to the sale of motor vehicles only (i.e. cars and light trucks).

D. The subject property shall meet all fire department requirements for this particular use.

The following are scheduled meeting dates that you and/or your representative(s) are required to attend regarding the zoning change request. All meetings will be held in the City's Council Chambers and begin at 6:00 p.m. If you have any quesitons regarding this case, please feel free to contact David Gonzales, AICP with the Planning Department at 972-771-7745.

Meeting Dates to Attend:

Planning - Work Session: September 26, 2017 (6:00p.m.) [Applicant to present case to P&Z for discussion].

Planning - Public Hearing: October 10, 2017 (6:00p.m.) [P&Z to take action (i.e. approve, approve with conditions, or deny)

City Council - Pulblic Hearing: October 16, 2017 (6:00 p.m.) [1st Reading of Ordinance]

City Council - Action Item: November 6, 2017 (6:00 p.m.) [2nd Reading of Ordinance]

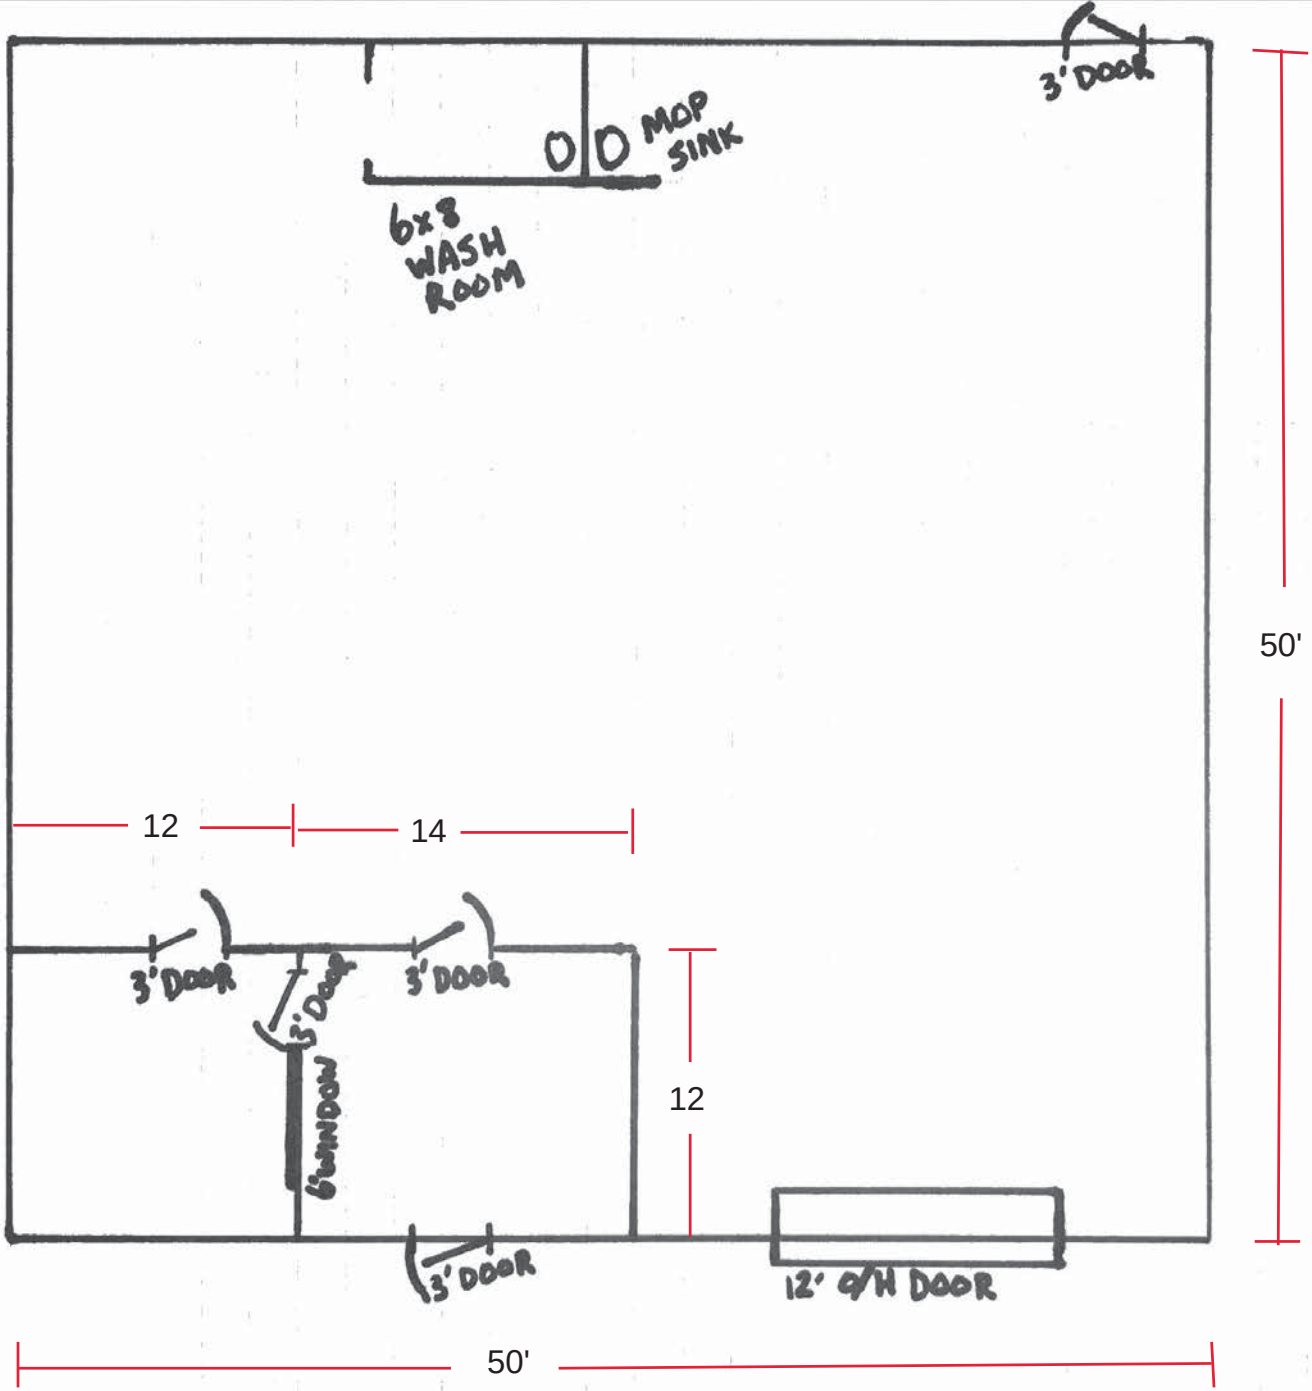
Mr. Sydney Brown
Godspeed Motors LLC
2003 Dover Drive
Rowlett, TX 75088

To Whom It May Concern:

Godspeed Motors LLC will specialize in online auto sales of gently used, pre-owned vehicles, primarily consisting of trucks and SUV's to retail consumers and small businesses. We intend to also serve as a "broker" creating a personal shopping experience for clients who have a desire for a particular vehicle, eliminating the hassle of their search and haggling of price. This business model strays away from traditional auto sales as it reduces the on hand inventory, allows us to store vehicles in a safe enclosed showroom environment, and places us in more of a consultant role versus pressured sales associated with car buying.

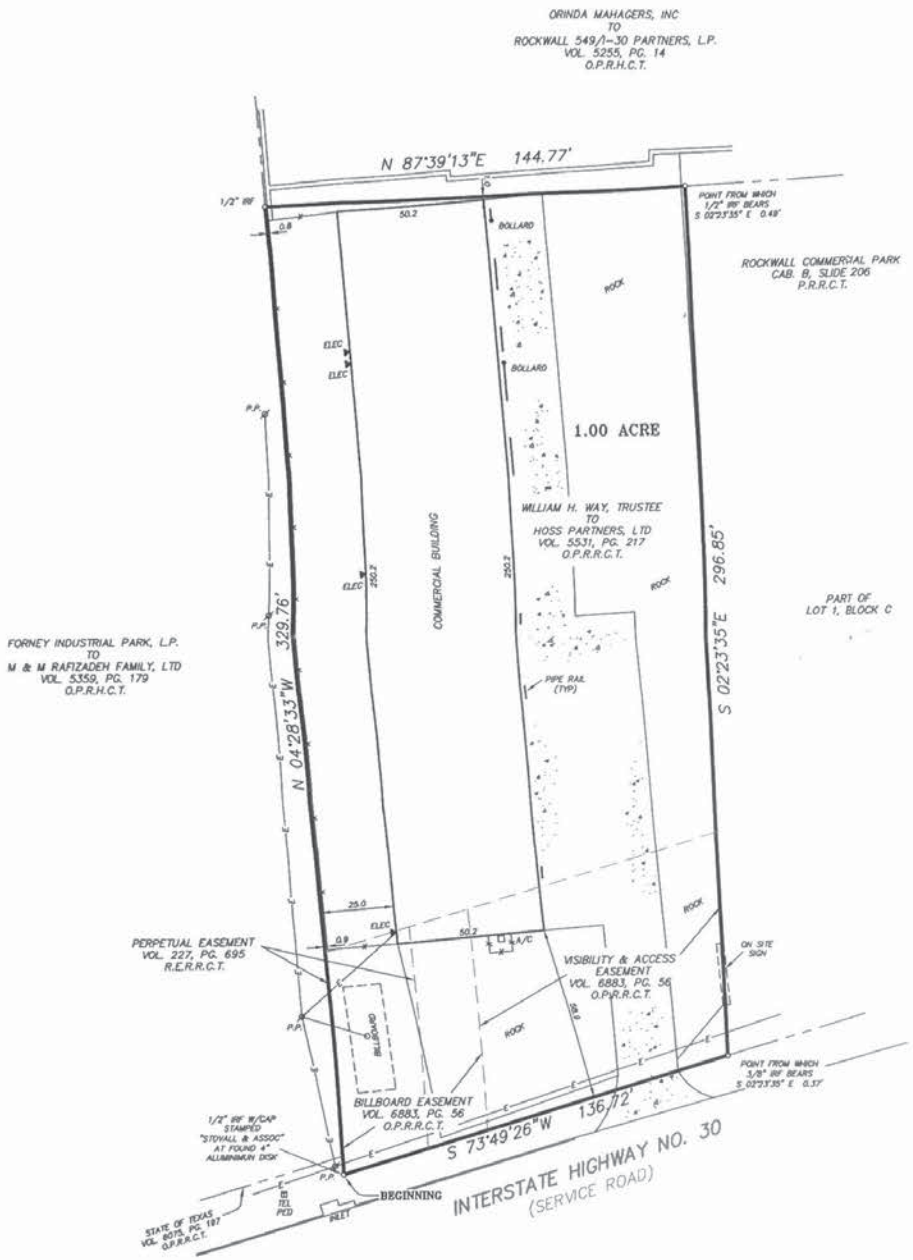
I would like to thank you in advance for your time spent with this review, and welcome any questions you may have.

Sydney Brown



1785 EI-30 SUITE 101

ROCKWALL, TX 75087



DESCRIPTION

All that certain lot, tract or parcel of land situated in the John Lockhart Survey, Abstract No. 134, Rockwall County, Texas, and being known as that tract of land described in a Deed from William H. Way, Trustee, to Hoss Properties, LLC, as recorded in Volume 5531, Page 217 of the Real Property Records of Rockwall County, Texas (hereinafter called Subject Tract), and being more particularly described as follows:

BEGINNING at a 1/2" iron rod with plastic cap stamped "STOVALL & ASSOC." found for corner in the North line of Interstate Highway No. 30 at the Southwest corner of the above cited Subject Tract, said point also being the Southeast corner of that tract of land described in a Deed from M & M Rafizadeh Family, Ltd., to the State of Texas, as recorded in Volume 6075, Page 197 of the Official Public Records of Rockwall County, Texas, said point also being at a 4" aluminum disk found;

THENCE N. 04 deg. 28 min. 33 sec. W. with the West line of said Subject Tract and the East line of said State of Texas tract, passing the Northeast corner of said State of Texas tract at a distance of 6.13 feet, and continuing with the West line of said Subject Tract and the East line of that tract of land described in a Deed from Forney Industrial Park, L.P., to M & M Rafizadeh Family, Ltd., as recorded in Volume 5359, Page 179 of the Official Public Records of Rockwall County, Texas, for a total distance of 329.76 feet to a 1/2" iron rod found for corner at the Northwest corner of said Subject Tract, said point also being the most Westerly Southwest corner of Lot 1, Block C of the Rockwall Commercial Park, an Addition to Rockwall County, according to the Plat thereof recorded in Cabinet B, Slide 206 of the Plat Records of Rockwall County, Texas, said point also being the most Westerly Southwest corner of that tract of land described in a Deed from Orinda Managers, Inc., to Rockwall 549 / I-30 Partners, L.P., as recorded in Volume 5255, Page 14 of the Official Public Records of Rockwall County, Texas (hereinafter called Tract Two);

THENCE N. 87 deg. 39 min. 13 sec. E. with the North line of said Subject Tract and the most Westerly South line of Lot 1, Block C, and the most Westerly South line of said Tract Two a distance of 144.77 feet to a point for corner at the Northeast corner of said Subject Tract, said point also being an interior corner of Lot 1, Block C, from which a 1/2" iron rod found bears S. 02 deg. 23 min. 35 sec. E. a distance of 0.49 feet;

THENCE S. 02 deg. 23 min. 35 sec. E. with the East line of said Subject Tract and the most Southerly West line of Lot 1, Block C, a distance of 296.85 feet to a point for corner in the North line of Interstate Highway No. 30 at the Southeast corner of said Subject Tract, said point also being the most Southerly Southwest corner of Lot 1, Block C, from which a 3/8" iron rod found bears S. 02 deg. 23 min. 35 sec. E. a distance of 0.37 feet;

THENCE S. 73 deg. 49 min. 26 sec. W. with the North line of Interstate Highway No. 30 a distance of 136.72 feet to the POINT OF BEGINNING and containing 1.00 acre of land.

NOTES

1) BEARING SOURCE: THE MOST WESTERLY WEST LINE OF TRACT RECORDED IN VOL. 699 PG. 102 R.P.R.H.C.T.

2) ALL IRON RODS SET ARE CAPPED WITH PLASTIC CAPS STAMPED "STOVALL & ASSOC."

3) SURVEY PREPARED WITH BENEFIT OF TITLE COMMITMENT, G.F. NO. 14709-12-00359 EFFECTIVE DATE JULY 10, 2012.

4) "C.M." = CONTROL MONUMENT

5) THIS TRACT IS SUBJECT TO THE EASEMENT RECORDED IN VOL. 50, PG. 421 D.R.R.C.T.

6) THE FOLLOWING EASEMENTS DO NOT LIE ON THIS TRACT (I) VOL. 208, PG. 740 D.R.R.C.T. (II) VOL. 307, PG. 78 D.R.R.C.T.

I, Donald S. Holder, Registered Professional Land Surveyor, State of Texas, do certify that the plat hereon was made from measurements performed on the ground, the lines and dimensions of said property being indicated by the plat, the improvements are within the boundaries of the property, set back from the property lines the distances indicated and there are NO VISIBLE EASEMENTS, ENCROACHMENTS, CONFLICTS OR PROTRUSIONS, except as shown on the plat hereon.

Z2017-45 Zoning Change (AG to SFE 2.0) Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 This is a request by David L. and Sue W. Hodgdon for the approval of a zoning change from an Agricultural (AG) District to a Single-Family Estate 2.0 (SFE-2.0) District on a 12.327-acre tract of land identified as Tract 1-01 of the T. Dean Survey, Abstract No. 69, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, addressed as 1085 Dalton Road.
I.2 For questions or comments concerning this case, please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.
M.3 For reference, include the case number (Z2017-045) in the lower right hand corner of all pages on future submittals.
I.4 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested by October 2, 2017. The Planning & Zoning Worksession for this case is September 26, 2017. The Planning and Zoning Meeting date for this case is October 10, 2017. A representative is required to attend all meetings.
I.5 The projected City Council meeting dates for this are October 16, 2017 and November 6, 2017.

CASE P2017-

OWNER'S CERTIFICATE
(Public Dedication)

STATE OF TEXAS
COUNTY OF ROCKWALL

WHEREAS DAVID L. HODGDON and SUE WYCHE HODGDON, BEING THE OWNERS OF A TRACT OF land in the County of Rockwall, State of Texas, said tract being described as follows:

All that certain lot, tract or parcel of land situated in the THOMAS DEAN SURVEY, ABSTRACT NO. 69, City of Rockwall, Rockwall County, Texas, and being a part of that tract of land as described in a Deed to David L. Hodgdon, as recorded in Volume 132, Page 605 of the Real Property Records of Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 1/2" iron rod with plastic cap found for corner at the Northeast corner of Lot 1, Block C of PROMENADE HARBOR, an Addition to the City of Rockwall, Texas, according to the Plat thereof recorded in Cabinet E, Slide 155, of the Plat Records of Rockwall County, Texas, and at the intersection of the South right-of-way line of Dalton Road, per Volume 2459, Page 19 of the Real Property Records of Rockwall County, Texas, with the west boundary line of said Hodgdon tract;

THENCE N. 89 deg. 14 min. 02 sec. E. along the South right-of-way line of Dalton Road, a distance of 600.26 feet to a 1/2" iron rod with plastic cap found for corner at the northwest corner of Lot 1, Block A of SHORES NORTH PHASE 6, an Addition to the City of Rockwall, Texas, according to the Plat thereof recorded in Cabinet E, Slide 163 of the Plat Records of Rockwalll County, Texas;

THENCE S. 00 deg. 22 min. 39 sec. E. along the west of said Addition and the east line of Hodgdon tract, a distance of 898.71 feet to a 1/2" iron rod found for corner at the southeast corner of said Hodgdon tract;

THENCE S. 89 deg. 35 min. 19 sec. W. along the south boundary line of said tract, a distance of 600.00 feet to a 1/2" iron rod found for corner;

THENCE N. 00 deg. 23 min. 36 sec. W. along the west line of Hodgdon tract and east line of Promenade Harbor, a distance of 895.00 feet to the POINT OF BEGINNING and containing 538,224 square feet or 12.36 acres of land.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS
COUNTY OF ROCKWALL

I the undersigned owner of the land shown on this plat, and designated herein as HODGDON ADDITION, an Addition to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed.

I further certify that all other parties who have a mortgage or lien interest in the HODGDON ADDITION, have been notified and signed this plat.

I understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same.

I also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of th eir respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maint aining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Roc kwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, sto rm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer an d/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as p rogress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

I further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; I , my successors and assigns hereby waive any claim, damage, or cause of action that I may have as a result of the dedication of exaction's made herein.

Hold a public hearing to discuss and consider a request by Jim Douglas of Douglas Properties, Inc. on behalf of Isabel Garrett of the McClendon Company for the approval of an amendment to Planned Development District 82 (PD-82) for the purpose incorporating an additional 59.065-acre tract of land into the existing single-family development being a 81.49-acre tract of land creating a 140.555-acre tract of land identified as a portion of Tract 8 and all of Tract 16 of the J. A. Ramsay Survey, Abstract No. 186, City of Rockwall, Rockwall County, Texas, Planned Development District 82 (PD-82) and Agricultural (AG) District, situated on the west side of Rochell Road south of SH-276, and take any action necessary.

PLANNING COMMENTS - DAVID GONZALES - 09.19.2017

The following staff comments are to be addressed and resubmitted no later than Tuesday, October 3, 2017 (three large copies FOLDED and one PDF version) for subsequent review by staff. For questions or comments concerning this case please contact David Gonzales in the Planning Department at (972) 772-6488 or email dgonzales@rockwall.com

• On all future submittals please include the Case Number (Z2017-046) in the lower right hand corner.

• Please review the Draft Ordinance prior to the Planning & Zoning Meeting scheduled for October 10, 2017.

• Please make the following corrections/additions to the Concept Plan:

(1) Correct and/or include the following within the legend:
a. Maximum Density - 2.506 d.u/acre
b. Provide Canopy Trees at 1 per 50 Linear Feet of Frontage (Open Space/Trails/Park Area) -- as depicted on the Ph II Open Space Plan.
c. Change Open Space calculation to equal 20.3% Total Open Space.
(2) Provide a typical street cross section for the proposed Minor Collector street to be located along the southern portion of the development, as indicated on the City's Thoroughfare Plan.

• The following are a list of Comprehensive Plan (plan) policies that have not been satisfied or could benefit from clarification:

(1) The plan also requires that all lots less than 12,000 sq. ft. must be located within 800-ft of a public park or open space corridor in order to benefit from a property value premium. Provide an exhibit indicating conformance to this requirement.
(2) All residential lots that are 16,000 SF or less should be served by an alley. A request to waive this requirement by the City Council may be approved through the PD Ordinance.

The following are scheduled meeting dates that you and/or your representative(s) are required to attend regarding the zoning change request. All meetings will be held in the City's Council Chambers and begin at 6:00 p.m. If you have any quesitons regarding this case, please feel free to contact David Gonzales, AICP with the Planning Department at 972-771-7745.

Meeting Dates to Attend:

Planning - Work Session: September 26, 2017 (6:00p.m.) [Applicant to present case to P&Z for discussion].

Planning - Public Hearing: October 10, 2017 (6:00p.m.) [P&Z to take action (i.e. approve, approve with conditions, or deny)

Type of Review / Notes	Contact	Sent	Due	Received	Elapsed	Status	Remarks
City Council - Pulblic Hearing: October 16, 2017 (6:00 p.m.) [1st Reading of Ordinance]							
City Council - Action Item: November 6, 2017 (6:00 p.m.) [2nd Reading of Ordinance]

RE: TERRACINA ESTATES
59.06 Acres
ROCKWALL, TX

Dear Mr. Miller

Douglas properties proposes to develop this tract to mirror Terracina Estates (PD – 82) which is also being developed by Douglas properties. The proposed open space percentages and amenities compliment Terracina Estates development, This development will provide a linear park system which when connecting to Terracina Estates will be nearly a mile of park with amenities maintained by the H.O.A.

If you have any questions or if we can be of any further assistance, please do not hesitate to contact our office.

Sincerely,

Richard Hovas, P.E.

ENGINEERING CONCEPT DESIGN, LP

DESCRIPTION
59.065 acre
John A. Ramsey Survey AB- 127
City of Rockwall, Rockwall County, Texas

BEING a 59.065 acre tract of land located in the John A. Ramsey Survey AB- 127, in the City of Rockwall, Rockwall County, Texas, being a part of Tracts 1 and 2 as described in a deed to The McClendon Corporation as recorded in, Volume 91 Page 526, Deed Records Rockwall County Texas (DRRCT) and more particularly described as follows;

COMMENCING at a found 1/2-inch iron rod for the southwest corner of Sterling Farms Addition, an Addition to the City of Rockwall as recorded Slide C, Page 396, Plat Records Rockwall County Texas (PRRCT), said point being in the common north line of said Tract 2, and being in the East right of way line for Farm to Market Road 543;

THENCE N 88°52'38" E with the common line of said McClendon Tract 2, and said Addition a distance of 805.64 feet to the POINT OF BEGINNING, from said point a found iron rod for the common southerly corner of Lots 17 and 16 of said Sterling Farms Addition bears S 88°52' W, 3.52 feet, and an iron rod with Powell & Powell Cap bears S 48°54' E, 6.45 feet;

THENCE N 88°52'36" E, a distance of 1773.18 feet to a point for southeast corner of said Sterling Farms Addition, and the westerly southwest corner of Timber Creek Estates, Phase 2 & 3, an Addition to the City of Rockwall as recorded in Cabinet E, Slides 55-57, Plat Records Rockwall County Texas (PRRCT);

THENCE easterly and southerly with the line common to said Timber Creek Estates and said McClendon tract 2 as follows:

N 89°51'04" E, a distance of 523.95 feet to a point for a corner in said common line;

S 01°05'16" E, a distance of 612.61 feet to a 1/2-inch iron rod for the southerly southwest corner of said Timber Creek Estates;

THENCE S 01°01'20" E continuing with the east line of said McClendon tract and with the west line of that West Union Investments, Co. tract as described in Volume 377, Page 273, Deed Records Rockwall County Texas, at 1644.86 feet pass a found 3/8-inch iron rod, continuing for a total distance of 1648.36 feet to a found fence post for corner, being on the north line of Ridge Haven Estates, an Addition to the City of Rockwall as recorded in Book A, Slide 213, (PRRCT);

THENCE N 88°53'47" W with the north line of said Addition, a distance of 284.75 feet to a found 1/2-inch iron rod for the northwest corner of said Addition, same being the northeast corner of Fontanna Ranch Phase II, an Addition to the City of Rockwall as recorded in Instrument No. 20170000010844, Official Public Records Rockwall County Texas (OPRRCT);

THENCE S 89°19'19" W with the north line of Fontanna Ranch, a distance of 447.16 feet to a found 1/2-inch iron rod;

THENCE N 01°00'46" W, a distance of 18.05 feet to a found iron rod with Powell & Powell cap for a corner of said Fontanna Ranch and being the southwesterly corner of that tact described in a Special Warranty Deed to iHeartMedia Tower Company, I, LLC, as recorded in Instrument No. 20150000005151, (OPRRCT);

THENCE N 48°03’24” E, a distance of 611.61 feet to a found ½-iron rod with Powell & Powell cap for the southeast corner of said iHeartMedia Tower Company tract;

THENCE N 48°54’08” W with the northeasterly line of said iHeartMedia Tower Company tract, a distance of 2734.38 feet to the POINT OF BEGINNING, and containing 59.065 acres of land, more or less.

(9/22/2017 8:26 AM KB)
Z2017-47 SUP for 218 W. Quail Run Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 This is a request by Trent Hyde for the approval of a Specific Use Permit (SUP) to allow for an accessory building that does not meet the minimum requirements as stipulated by Article IV, Permissible Uses, of the Unified Development Code for a 0.830-acre tract of land identified as the Wilson Addition, City of Rockwall, Rockwall County, Texas, zoned Single-Family 10 (SF-10) District, addressed as 218 W. Quail Run Roa

I.2 For questions or comments concerning this case, please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.

M.3 For reference, include the case number (Z2017-047) in the lower right hand corner of all pages on future submittals.

I.4 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested by October 2, 2017. The Planning & Zoning Worksession for this case is September 26, 2017. The Planning and Zoning Meeting date for this case is October 10, 2017. A representative is required to attend all meetings.

I.5 The projected City Council meeting dates for this are October 16, 2017 and November 6, 2017.

To Whom It May Concern:

I, Trent Hyde, the property owner at 218 West Quail Run Road in Rockwall, Texas, is requesting permits to build a 700 square foot outdoor metal building to be used for additional storage at my residence.

Being that my property is almost an acre in size, I would like to construct this permanent building in my residential backyard.

Please provide your approval at your earliest convenience.

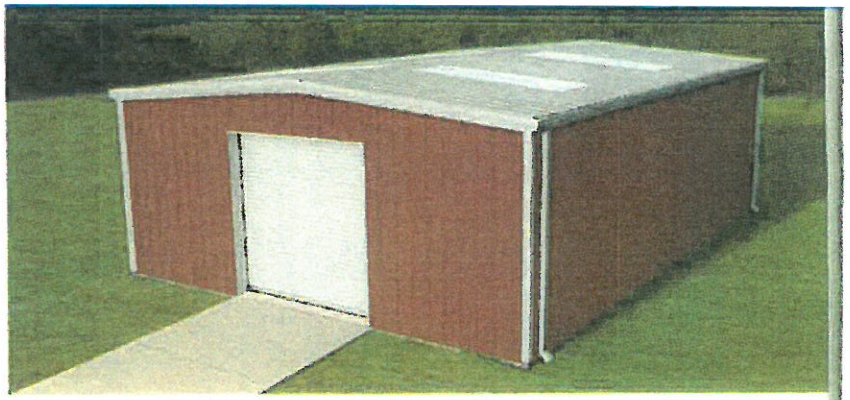
Thank you!

Trent Hyde

Trent Hyde

OPTIONAL ITEMS:

- Roll-up doors
- Windows
- Ridge vents
- Insulation
- Walk doors
- Additional colors



STANDARD SERIES KITS

Raising the bar for quality, flexibility and ease of assembly.

When considering quality and value, our Standard Series Kits are the finest pre-designed steel buildings you can buy. They're built of heavy-duty, 26-gauge commercial grade steel and set the standard for ease of assembly and flexibility. Whether you need a workshop, garage, barn or large storage space, you can't go wrong with the Standard Series. Available in six sizes, they can be assembled with bolts and screws – no welding required.

AVAILABLE SIZES

WORKSHOP
24' x 24' x 10' –
One 10' x 7'4" framed opening

GARAGE
24' x 30' x 11' –
One 16' x 8' framed opening

BIG WORKSHOP
30' x 40' x 12' –
One 10' x 10' framed opening

SMALL BARN
30' x 50' x 12' –
One 12' x 10' framed opening

BIG BARN
40' x 50' x 14' –
One 12' x 12' framed opening

BIG BARN XL
40' x 60' x 16' –
Two 14' x 14' framed openings

Note: Please check local building codes before ordering

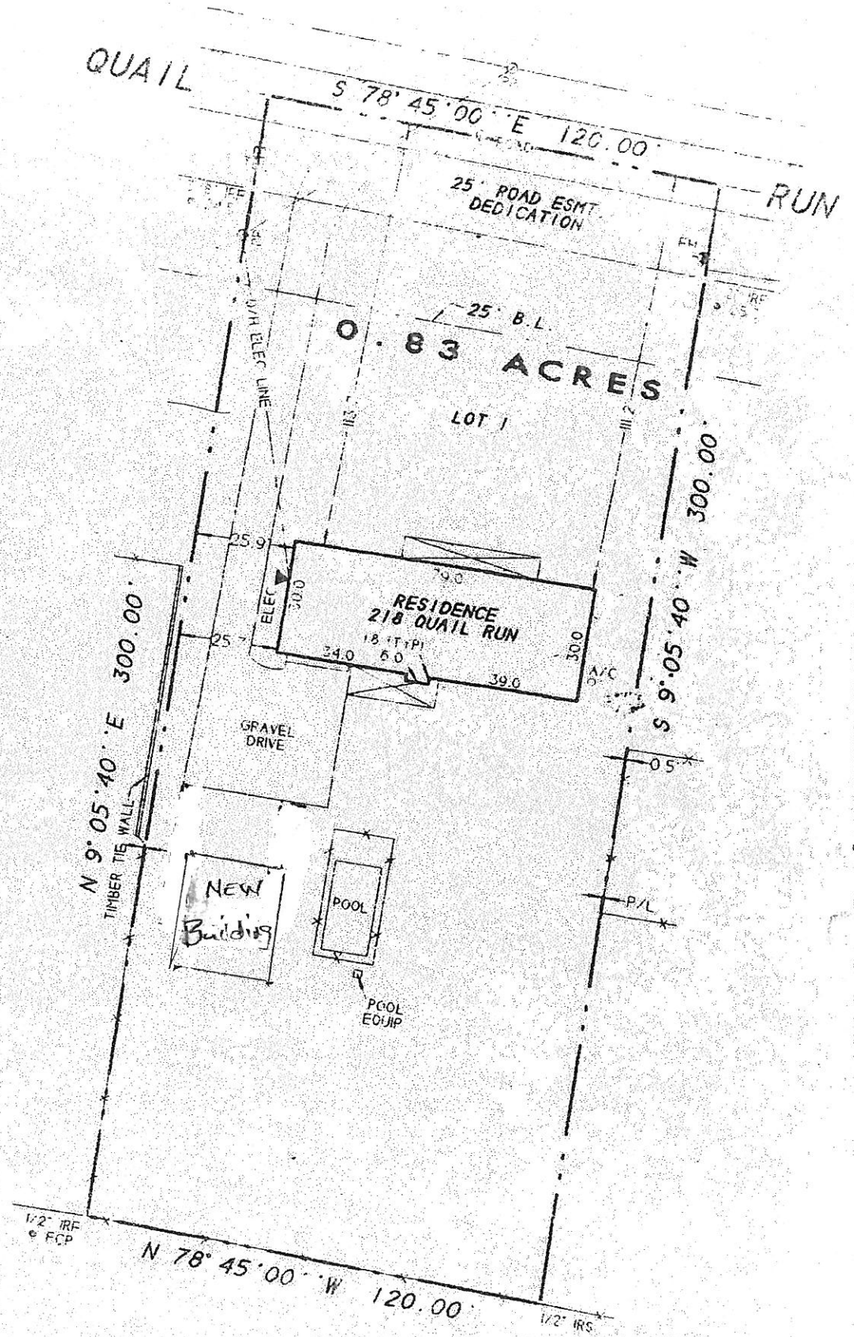
EACH KIT INCLUDES:

- Bolt-together frame
- Coldform end walls
- 26-gauge Galvalume roof with 20-year limited warranty
- 26-gauge colored walls with 30-year limited warranty (white, tan, light stone, light gray)
- Basic trim package
- Anchor bolt plans and erection drawings

LOAD OPTIONS AVAILABLE:

- Utility 20/10/115 mph frame load (IBC 12)
- Basic 20/20/140 mph frame load (IBC 12)
- TWI 20/10/120 mph frame load (IBC 06)
- Snow 20/30/130 mph frame load (IBC 12)
- Premium 20/10/150 mph frame load (IBC 12)

<< Roof: White; Walls: Charcoal; Trim: White; Roll-up Door: White; Top Left - Roof: Burnished Slate; Walls: Light Stone; Trim: Burnished Slate; Roll-up Door: Burnished Slate; Top Right - Roof: White; Walls: Rustic Red; Trim: White; Roll-up Door: White



DESCRIPTION

BEING LOT 1, of the WILSON ADDITION, an Addition to the City of Rockwall, Rockwall County, Texas, according to the plat thereof, recorded in Cabinet A, Slide 275, of the Plat Records of Rockwall County, Texas.

NOTES

1) According to F.E.M.A Flood Insurance Rate Map, Community Panel No. 480543 0005 C dated June 16, 1992, this property lies in Zone X. This property does not appear to lie within a 100 - year flood plain.

2) BEARING SOURCE: RECORDED PLAT.

SURVEYOR'S CERTIFICATE

I, Harold D. Fetty, III, Registered Professional Land Surveyor, State of Texas, do hereby certify that the above plat of the property surveyed for HERITAGE TITLE COMPANY, GREAT WESTERN FINANCIAL, and TRENT & DEBRA HYDE at 218 QUAIL RUN, ROCKWALL, Texas, is true and correct, there are no visible or apparent encroachments, protrusions or conflicts from adjoining owners or easements (other than shown) and the same was surveyed by me on the ground the 10th day of February, 1999.

CITY OF ROCKWALL

ORDINANCE NO. 17-XX

SPECIFIC USE PERMIT NO. S-XXX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT (SUP) TO ALLOW FOR AN ACCESSORY BUILDING THAT DOES NOT MEET THE MINIMUM REQUIREMENTS, ON A 0.830-ACRE TRACT OF LAND ZONED SINGLE-FAMILY 10 (SF-10) DISTRICT AND IDENTIFIED AS THE WILSON ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OR FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, a request has been made by Trent Hyde for the approval for a Specific Use Permit (SUP) for the purpose constructing an accessory building that does not meet the minimum masonry requirements and exceeds the maximum size requirements as stipulated by the Unified Development Code (UDC), situated on 0.830-acre tract of land, zoned Single-Family 10 (SF-10) District, and being identified as the Wilson Addition, City of Rockwall, Rockwall County, Texas, addressed as 218 West Quail Run Road, and being more specifically described in *Exhibit 'A'* and depicted in *Exhibit 'B'* of this ordinance, which herein after shall be referred to as the *Subject Property* and incorporated reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall should be amended as follows:

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

SECTION 1. That the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit allowing for the establishment of a metal accessory building that does not conform to the minimum masonry requirements and maximum size requirements for accessory buildings in a Single-Family 10 (SF-10) District as stipulated by *Section 2.1* of *Article IV, Permissible Uses,* and *Section 3*.2 of *Article V, District Development Standards,* of the Unified Development Code [*Ordinance No. 04-38*] on the *Subject Property*; and

SECTION 2. That the *Subject Property* shall be used only in the manner and for the purposes described in this Specific Use Permit (SUP) ordinance and as specifically set forth in *Subsection 3.4, Single-Family 10 (SF-10) District,* of *Section 3, Residential Districts*, of *Article V, District Development Standards,* of the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by the granting of this zoning change, and as my be amended in the future, and shall be subject to the following operational conditions:

DRAFT ORDINANCE 04.03.17

2.1 OPERATIONAL CONDITIONS

The following conditions shall pertain to the construction of an accessory building on the subject property, and conformance to these operations is required for continued operation:

1) The accessory building shall generally conform to the site plan depicted in *Exhibit 'C"* of this ordinance.

2) The accessory building shall not exceed a maximum size of 700 SF.

3) The accessory building shall not exceed a maximum overall height of 15-feet.

4) The subject property shall have no more than two (2) accessory buildings.

5) The accessory building is subject to administrative review in the event that the *Subject Property* is sold, conveyed or altered in any manner.

2.2 COMPLIANCE

Approval of this ordinance in accordance with Section 8.3, *Council Approval or Denial*, of Article II, *Authority and Administrative Procedures*, of the Unified Development Code (UDC) will require compliance to the following:

1) Upon obtaining a Certificate of Occupancy (CO), should any business or establishment operating under the guidelines of this ordinance fail to meet the minimum operational requirements set forth herein and outline in the Unified Development Code (UDC), the City Council may (*after proper notice*) initiate proceedings to revoke the Specific Use Permit (SUP) in accordance with Section 4.4.(3) of Article IV, *Permissible Uses*, of the Unified Development Code (UDC).

SECTION 3. That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

SECTION 4. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict.

SECTION 5. Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *TWO THOUSAND DOLLARS* (*$2,000.00*) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

SECTION 6. If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

SECTION 7. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 6th DAY OF NOVEMBER, 2017.

CITY OF ROCKWALL

ORDINANCE NO. 17-XX
SPECIFIC USE PERMIT NO. S-XXX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT (SUP) TO ALLOW A MINI-WAREHOUSE FACILITY WITHIN A COMMERCIAL (C) DISTRICT, ON A 8.733-ACRE TRACT OF LAND BEING IDENTIFIED AS A PORTION OF LOT 16 AND ALL OF LOT 17, RAINBO ACRES ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE

WHEREAS, the City has received a request from Russell Phillips for the approval of a Specific Use Permit (SUP) to allow for a *Mini-Warehouse Facility* in a Commercial (C) District on a 8.733-acre tract of land being described as a portion of Lot 16 and all of Lot 17, Rainbo Acres Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, addressed as 259 Ranch Trail, and being more specifically described in *Exhibit 'A'* and depicted in *'Exhibit 'B'* of this ordinance, which herein after shall be referred to as the *Subject Property* and incorporated reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall should be amended as follows:

NOW, THEREFORE, **BE IT ORDAINED** by the City Council of the City of Rockwall, Texas;

SECTION 1. That the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit (SUP) allowing a *Mini-Warehouse* within a Commercial (C) District as stipulated by Article IV, *Permissible Uses*, of the Unified Development Code [*Ordinance No. 04-38*] on the *Subject Property*; and

SECTION 2. That the Specific Use Permit (SUP) shall be subject to the conditions set forth in *Subsection 2.1.10, Wholesale, Distribution, and Storage,* of *Section 2*, *Use Standards*, of *Article IV, Permissible Uses, and Subsection 4.5, Commercial (C) District,* of *Section 4*, *Commercial District,* of *Article V*, *District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*], as heretofore amended and as may be amended in the future, and shall be subject to the following operational conditions:

DRAFT ORDINANCE 11.06.17

2.1 OPERATIONAL CONDITIONS

The following conditions shall pertain to the operation of a portable food service facility on the subject property, and conformance to these operations is required for continued operation:

1) The development shall generally conform to the Concept Plan depicted in *Exhibit 'C'* of this ordinance.

2) The building elevations shall generally conform to the Concept Building Elevations depicted in *Exhibit 'D'* of this ordinance.

3) The maximum number of storage units provided shall not exceed 579 units for the facility.

4) The residential unit as an accessory to the permitted use shall not exceed 1,600 square feet.

5) The residential unit may exceed one story, but shall not be greater than 36 feet in height.

6) No outside storage of any kind shall be allowed (including the outside storage of boats, recreational vehicles, and motor or self-propelled vehicles).

7) Businesses shall not be allowed to operate within individual storage units.

8) The commercial operation of rental trucks and trailers shall be prohibited.

2.2 COMPLIANCE

Approval of this ordinance in accordance with Section 8.3, *Council Approval or Denial*, of Article II, *Authority and Administrative Procedures*, of the Unified Development Code (UDC) will require compliance to the following:

1) Upon obtaining a Certificate of Occupancy (CO), should any business or establishment operating under the guidelines of this ordinance fail to meet the minimum operational requirements set forth herein and outline in the Unified Development Code (UDC), the City Council may (*after proper notice*) initiate proceedings to revoke the Specific Use Permit (SUP) in accordance with Section 4.4.(3) of Article IV, *Permissible Uses*, of the Unified Development Code (UDC).

SECTION 3. That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

SECTION 4. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict.

SECTION 5. Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *TWO THOUSAND DOLLARS* ($2,000.00) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

SECTION 6. If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and

DRAFT ORDINANCE

the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

SECTION 7. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides;

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 6TH DAY OF NOVEMBER, 2017.

_____

Jim Pruitt, *Mayor*

ATTEST:

_____

Kristy Cole, *City Secretary*

APPROVED AS TO FORM:

_____

Frank J. Garza, *City Attorney*

Z2017-049 (Amendment to PD-74 [Breezy Hill Subdivision]): Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 This case is for the approval of a zoning amendment to Planned Development District 74 (PD-74) to amend the concept plan and for the purpose of incorporating changes to the lot composition stipulated by the development standards contained in Exhibit 'C' of Ordinance No. 16-59 for a 405.184-acre tract of land identified as the Breezy Hill Subdivision and situated within the J. Strickland Survey, Abstract No. 187, Rockwall, Rockwall County, Texas, and generally located north of FM-552 and west of Breezy Hill Road.

I.2 For questions or comments concerning this case please contact Ryan Miller in the Planning Department at (972) 772-6441 or email rcmiller@rockwall.com.

M.3 On all future submittals please include the case number (Z2017-049) in the lower right hand corner.

I.4 Please review the Draft Ordinance prior to the Planning & Zoning Meeting on September 26, 2017.

I.5 Please note that staff has removed the Variation in Lot Composition section of the ordinance. This means that all phases will need to conform to the Concept Plan attached to the ordinance.

I.6 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested. Revisions for this case will be due to staff on October 3, 2017 by no later than 3:00 p.m.; however, staff encourages the applicant to submit revisions as soon as possible to give staff ample time to review the case prior to the October 10, 2017 Planning & Zoning Meeting.

I.7 The projected City Council dates for this case are project to be: 1) October 16, 2017 [1st Reading], and 2) November 6, 2017 (Tuesday) [2nd Reading].

Infrastructure Statement

Drainage Facilities:
There are natural drainage ways within the project and detention will be required.

Sanitary Sewer Facilities:
This site will utilize lift stations and force mains to send the sewer flows to the existing sewer trunk line located at the intersection of FM 552 and Highway 205

Water Facilities:
There is an existing water line located in FM 552. A new 16"water line will be constructed along John King Boulevard north of FM 552 to service this tract.

CASE #2017-XXX

CITY OF ROCKWALL

ORDINANCE NO. 16-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING PLANNED DEVELOPMENT DISTRICT 74 (PD-74) [*ORDINANCE NO. 16-59*] AND THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, BY AMENDING THE PLANNED DEVELOPMENT CONCEPT PLAN AND THE DEVELOPMENT STANDARDS APPROVED WITH ORDINANCE NO. 16-59, BEING A 405.184-ACRE TRACT OF LAND SITUATED IN THE J. STRICKLAND SURVEY, ABSTRACT NO. 187, T. R. BAILEY SURVEY, ABSTRACT NO. 30 AND THE J. SIMMONS SURVEY, ABSTRACT NO. 190, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE FULLY DESCRIBED HEREIN BY EXHIBIT 'A'; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City has received a request by the John Arnold of the Skorburg Company on behalf of Breezy Hill 405, LTD for an amendment to the Planned Development Concept Plan and Development Standards contained within Planned Development District 74 (PD-74) [*specifically contained within Ordinance No. 16-59*] and the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, for a 405.184-acre tract of land situated in the J. Strickland Survey, Abstract No. 187, T. R. Bailey Survey, Abstract No. 30 and the J. Simmons Survey, Abstract No. 190, Rockwall, Rockwall County, Texas and more fully described in *Exhibit 'A'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that Planned Development District 74 [*Ordinance No. 16-59*] and the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

Section 1. That the approval of this ordinance shall supersede all requirements stipulated in *Ordinance No. 16-59*;

Section 2. That the *Subject Property* shall be used only in the manner and for the purposes authorized by this Planned Development District Ordinance and the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by granting this zoning change, and as maybe amended in the future;

Section 3. That development of the *Subject Property* shall generally be in accordance with the *Planned Development Concept Plan*, described in *Exhibit 'B'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'B'*, which is deemed hereby to be a condition of

DRAFT 09.26.17

approval of the amended zoning classification for the *Subject Property*;

Section 4. That development of the *Subject Property* shall generally be in accordance with the *Development Standards*, described in *Exhibit 'C'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'C'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

Section 5. That a master parks and open space plan for the Property, prepared in accordance with this ordinance and consistent with the *Planned Development Concept Plan*, (*Open Space Master Plan*) shall be considered for approval by the City Council following recommendation of the Parks and Recreation Board.

Section 6. That development of the *Subject Property* shall be in conformance with the schedule listed below (*except as set forth below with regard to simultaneous processing and approvals*).

(a) The procedures set forth in the City's subdivision regulations on the date this ordinance is approved by the City, as amended by this ordinance (*including Subsections 5(b) through 5(f) below*), shall be the exclusive procedures applicable to the subdivision and platting of the Property.

(b) The following plans and plats shall be required in the order listed below (*except as set forth below with regard to simultaneous processing and approvals*). The City Council shall act on an application for an *Open Space Master Plan* in accordance with the time period specified in Section 212.009 of the Texas Local Government Code.

1. Open Space Master Plan
2. Master plat
3. PD development plans (*required for retail areas only*)
4. PD site plans
5. Preliminary plats
6. Final plats

(c) A Master Plat application covering all of the *Subject Property*, other than the area designated on the *Planned Development Concept Plan* as *Retail*, shall be submitted and shall identify each phase of development. No master plat application shall be approved until the *Open Space Master Plan* for all of the Property has been approved; however, the *Open Space Master Plan* may be processed by the City concurrently with the master plat application.

(d) A *PD Development Plan* must be approved for the area designated on the Concept Plan as *Retail* prior to submittal of a *PD Site Plan* application and/or a preliminary plat application. No master plat is required for the area designated on the Concept Plan as *Retail*. A traffic impact analysis for the retail tract shall be submitted with the *PD Development Plan* to determine the extent and timing of any recommended facilities and/or improvements to the surrounding roadway network. The traffic impact analysis may be updated with each *PD Site Plan* for the retail tract.

(e) A preliminary plat application shall be submitted for each phase of residential development. A *PD Site* Plan application, including a site plan application for improvements for parkland or trails, may be processed by the City concurrently with a preliminary plat application for that phase of the development.

(f) A *Capital Facilities Agreement* in the form of *Exhibit 'D',* attached hereto and incorporated herein by reference as *Exhibit 'D',* shall be executed by Developer providing for delivery of adequate public facilities and services within the District.

Section 7. That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine

DRAFT ORDINANCE 05.26.17

not to exceed the sum of *Two Thousand Dollars* ($2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

Section 8. That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

Section 9. The standards in this ordinance shall control in the event of a conflict between this ordinance and any provision of the Unified Development Code or any provision of the City Code, ordinance, resolution, rule, regulation, or procedure that provides a specific standard that is different from and inconsistent with this ordinance. References to zoning district regulations or other standards in the Unified Development Code (including references to the *Unified Development Code*), and references to overlay districts, in this ordinance or any of the Exhibits hereto are those in effect on the date this ordinance was passed and approved by the City Council of the City of Rockwall, Texas;

Section 10. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides;

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 6TH DAY OF NOVEMBER, 2017.

_____
Jim Pruitt, *Mayor*

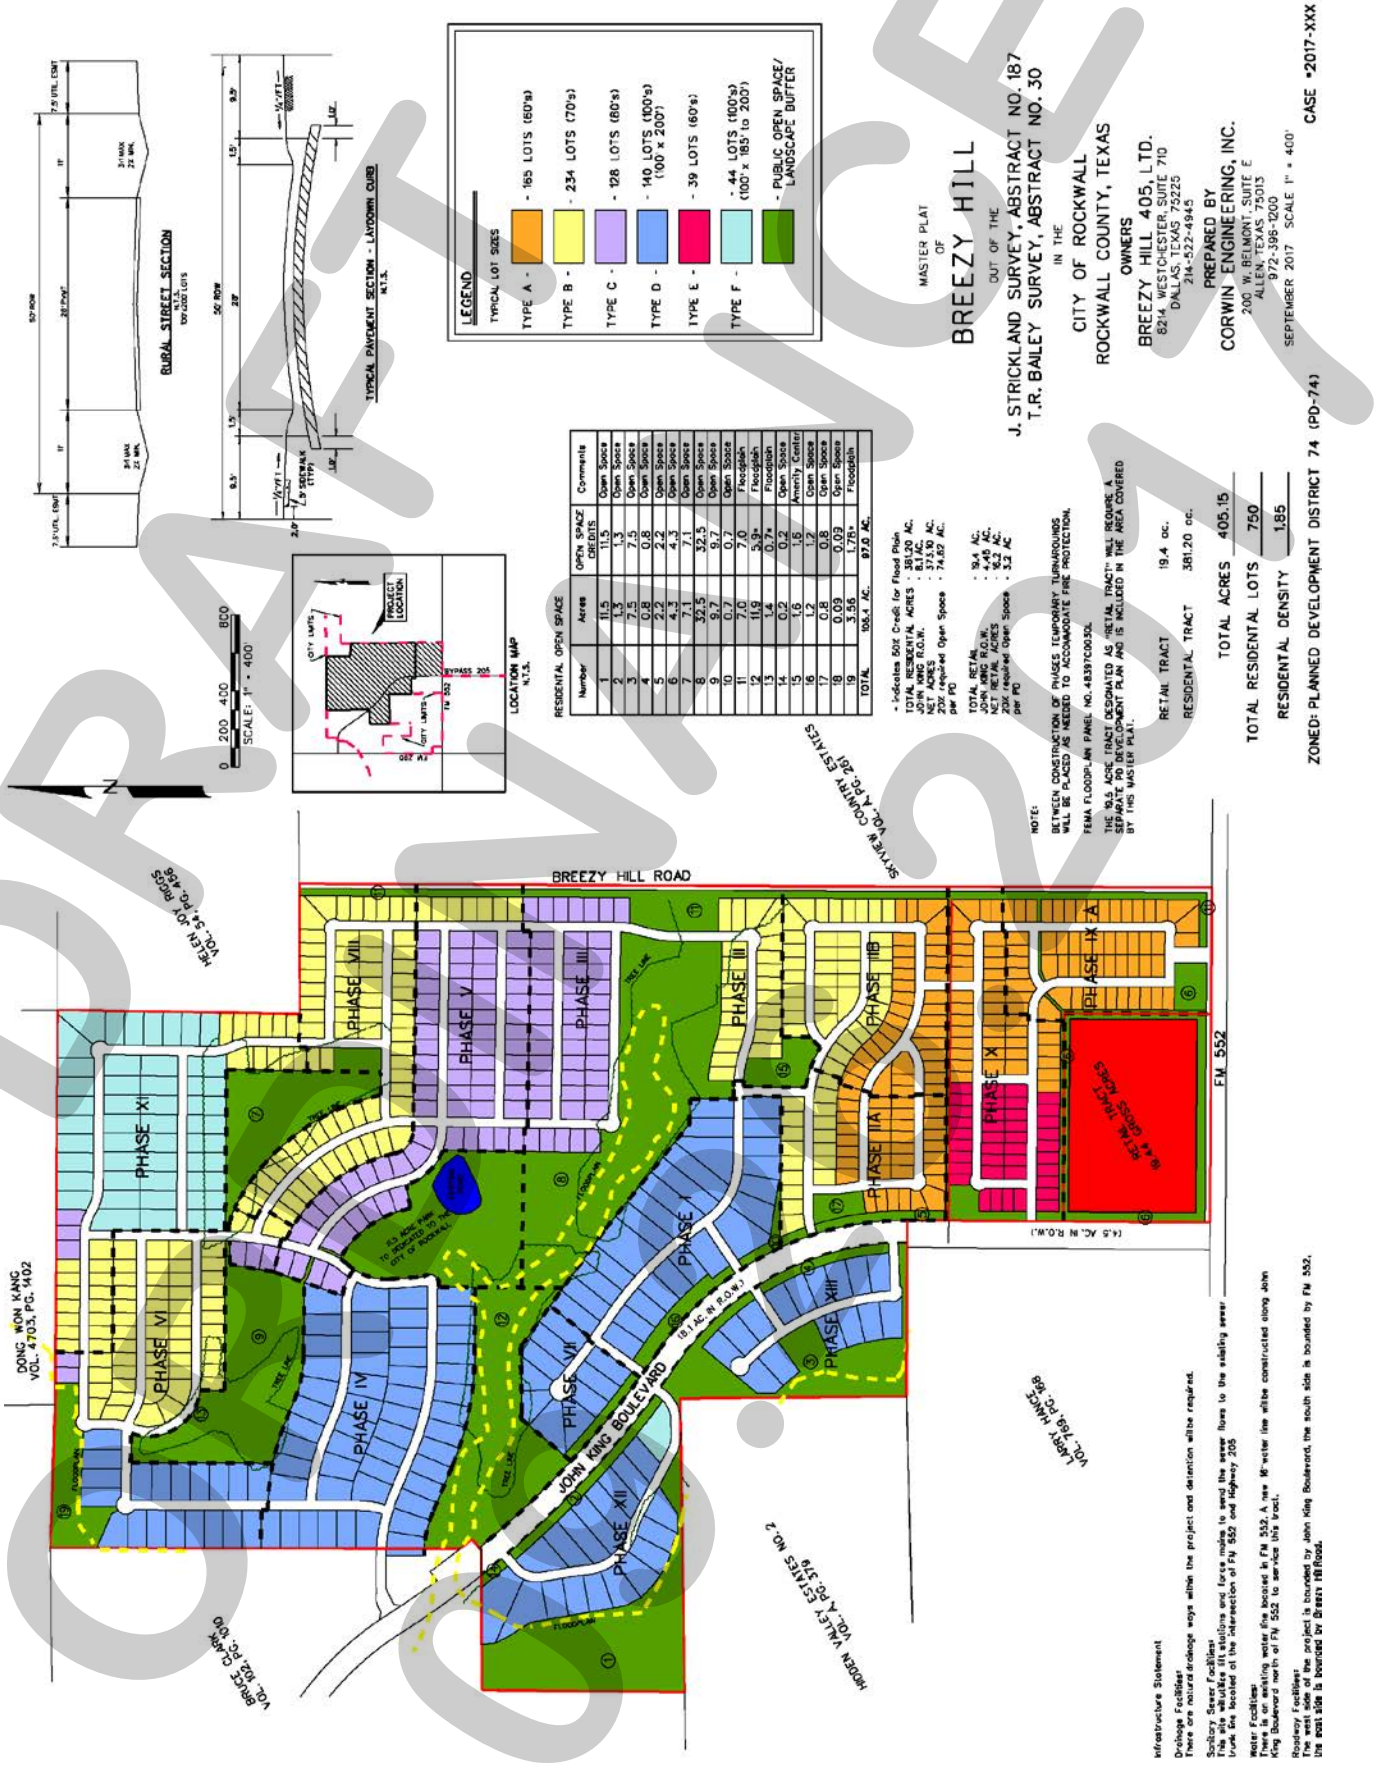
DRAFT ORDINANCE 09.26.2017

Exhibit 'B':
Concept Plan



DRAFT NOT FOR OFFICIAL USE

Exhibit 'C':
PD Development Standards

A. GENERAL REQUIREMENTS

1. *Uses Allowed.* The following uses are permitted for the Property.

    a. *Residential uses*. Uses permitted of right or by Specific Use Permit (SUP) for the Single Family 10 (SF-10) District, as set forth in Article IV, *Permissible Uses*, of the Unified Development Code (UDC) [*Ordinance 04-38*], shall be allowed for areas designated as single-family on the *Concept Plan*, subject to approval of a Specific Use Permit (SUP) if required by the Single Family 10 (SF-10) District regulations.

    b. *Non-residential uses*. Non-residential uses shall be allowed only within the area designated as retail on the approved *Concept Plan* for the district, and are limited to those uses permitted of right or by special use permit for the General Retail (GR) District subject to approval of a *PD Development Plan* and *PD Site Plan* in accordance with the Planned Development District regulations contained in Section 2 of Article X, *Planned Development Regulations*. of the Unified Development Code [*Ordinance No. 04-38*], and subject to approval of a Specific Use Permit (SUP) if required by the General Retail (GR) District regulations; provided, however, that the following uses are expressly prohibited:

    - ☑ Animal Hospital, Clinic
    - ☑ Convent or Monastery
    - ☑ Hotel or Motel
    - ☑ Hotel, Residence
    - ☑ Cemetery/Mausoleum
    - ☑ Mortuary of Funeral Chapel
    - ☑ Social Service Provider
    - ☑ Billiard Parlor or Pool Hall
    - ☑ Carnival, Circus, or Amusement Ride
    - ☑ Commercial Amusement/Recreation (Outside)
    - ☑ Gun Club, Skeet or Target Range (indoor)
    - ☑ Astrologer, Hypnotist, or Psychic Art and Science
    - ☑ Garden Supply/Plant Nursery
    - ☑ Night Club, Discotheque, or Dance Hall
    - ☑ Secondhand Dealer
    - ☑ Car Wash, Self Service*
    - ☑ Service Station*
    - ☑ Mining and Extraction (Sand, Gravel, Oil & other)
    - ☑ Helipad
    - ☑ Railroad Yard or Shop
    - ☑ Transit Passenger Facility

    ** Not including a convenience store with an accessory car wash use or more than four (4) gas pumps, which accessory uses are permitted by SUP.*

    The following additional use shall be permitted of right in the PD District:

    - ☑ Grocery Store with a maximum building area of one hundred and thirty thousand (130,000) square feet.

    c. *Design of Non-Residential Uses.* The retail area shall be designed to be pedestrian-oriented and easily accessible to adjacent residential neighborhoods. Additionally, the retail area shall be designed and constructed to be integrated with adjacent uses, not separated from them by screening walls or other physical barriers. This will be accomplished by creating paths from adjacent development into the retail area and through the use of landscaping buffers, building design and other urban design elements to create compatibility with the surrounding residential neighborhood.

DRAFT ORDINANCE 09.26.2017

d. *Density and Lot Composition*. No more than 750 single-family residential dwelling units may be constructed within the *Subject Property*. The single-family residential units shall be allocated by product type in accordance with the following table:

Table 1: Lot Composition

Lot Type	Lot Size Minimum	Lot SF Minimum	Driveway Access	Total Units	Total Dwelling Units (%)
A	60' x 120'	7,200	Front	165	22.00%
B	70' x 120'	8,400	Front	234	31.20%
C	80' x 125'	10,000	Front	128	17.07%
D	100' x 200'	20,000	Front	140	18.67%
E	60' x 120'	7,200	Front	39	05.20%
F	100' x 180'	18,000	Front	44	05.87%
	AVERAGE LOT SIZE:	**10,000**			
			MAXIMUM ALLOWED TOTAL UNITS:	750	**100%**

2. *Development Standards Applicable.* Except as may be modified by these *Development Standards*, residential uses shall be subject to the development standards for a Single Family 10 (SF-10) District, as set forth in Section 3.4 of Article V, *District Development Standards*, Unified Development Code [*Ordinance No. 04-38*]; to the development standards in the SH-205 Bypass Overlay (205 BY-OV) District; and to all supplemental standards contained in the Unified Development Code [*Ordinance No. 04-38*].

B. SPECIAL DEVELOPMENT STANDARDS

1. *Dimensional Standards for Residential Uses.*

Table 2: Lot Type Matrix

Lot Types	A	B	C	D	E	F
Maximum Building Height	36'	36'	36'	36'	36'	36'
Minimum Air Conditioned Square Footage	2,200	2,400	2,600 [2]	3,000	2,200	3,000
Minimum Front Yard Building Setback	20' [4]	20'	20'	40' [3]	20' [4]	40' [3]
Minimum Rear Yard Building Setback	10'	10'	15'	15'	10'	15'
Minimum Side Yard (*Interior*)	5'	5'	6'	7'	5'	7'
Minimum Side Yard Adjacent to a Street	15'	15'	15'	15'	15'	15'
Minimum Distance of Driveway (*from Property Line*)	20'	20'	20'	40'	20'	40'
Minimum Lot Area (*Square Feet*)	7,200	8,400	10,000	20,000	7,200	18,000
Minimum Lot Frontage [1]	60'	70'	80'	100'	60'	100'

Notes:

[1]*: Lots fronting onto curvilinear streets, cul-de-sacs and eyebrows may be reduced by twenty percent (20%) in lot width measured at the front property line provided that the lot width will be met at the front building line. Additionally, the lot depth on lots fronting onto curvilinear streets, cul-de-sacs and eyebrows may be reduced by up to 10 percent (10%) but shall meet the minimum lot size for each lot type as referenced within Table 1.*

[2]*: A maximum of 20% of the lots may have homes not less than 2,500 sq. ft.*

[3]*: The Director of Planning or his designee may grant a reduction in the required 40-foot front yard building setback of up to five (5) feet for lots situated along cul-de-sacs or curvilinear streets, or where a 40-foot front yard building setback would create an undue hardship on the property.*

[4]*: Front porch may encroach to within 10-feet of the front property line on Lot Types 'A', 'B', 'C' & 'E'.*

DRAFT ORDINANCE 09.26.2017

2. Development Standards for Residential Uses by Lot Product/Type

a. *Detached Single Family Lot Type A*

Development Standards	
Minimum Lot Size	7,200 SF
Minimum Lot Width (@ Front Building Line)	60'
Minimum Lot Depth	110'
Minimum Lot Width (Corner Lot)	65'
Minimum Side Yard Setback	5'
Minimum Front Yard Building Setback	20'
Minimum Rear Yard Building Setback	10'
Minimum Air Conditioned Square Footage	2,200 SF
Minimum Roof Pitch	8:12 Except for 4:12 on Porch Roofs
Minimum Masonry Requirement [*Brick, Stone, Cultured Stone, 3-Part Stucco*]	80%
Garage Orientation	Garages will be allowed to have the garage accessed from the street using traditional "swing" or "J" drive. Second single garage door facing street is permitted behind (width) of double garage door in "swing" or "J" configuration only. A minimum of 33% of Type 'A' lots shall have 3-car garages.
Maximum Lot Coverage	65%

b. *Detached Single Family Lot Type B*

Development Standards	
Minimum Lot Size	8,400 SF
Minimum Lot Width (@ Front Building Line)	70'
Minimum Lot Depth	120'
Minimum Lot Width (Corner Lot)	75'
Minimum Side Yard Setback	5'
Minimum Front Yard Building Setback	20'
Minimum Rear Yard Building Setback	10'
Minimum Air Conditioned Square Footage	2,400 SF
Minimum Roof Pitch	8:12 Except for 4:12 on Porch Roofs
Minimum Masonry Requirement [*Brick, Stone, Cultured Stone, 3-Part Stucco*]	80%
Garage Orientation	Garages will be allowed to have the garage accessed from the street using traditional "swing" or "J" drives. Second single garage door facing street is permitted behind (width) of double garage door in "swing" or "J" configuration only. A minimum of 33% of Type 'B' lots shall have 3 car garages.
Maximum Lot Coverage	65%

DRAFT
09.26.2017

c. *Detached Single Family Lot Type C*

Development Standards	
Minimum Lot Size	10,000 SF
Minimum Lot Width (@ Front Building Line)	80'
Minimum Lot Depth	125'
Minimum Lot Width (Corner Lot)	85'
Minimum Side Yard Setback	6'
Minimum Front Yard Building Setback	20'
Minimum Rear Yard Building Setback	15'
Minimum Air Conditioned Square Footage	2,600 SF [1]
Minimum Roof Pitch	8:12 Except for 4:12 on Porch Roofs
Minimum Masonry Requirement [*Brick, Stone, Cultured Stone, 3-Part Stucco*]	80%
Garage Orientation	Traditional "swing" or "J" drive required. Second single garage door facing street is permitted behind (width) of double garage door in "swing" or "J" configuration only. A minimum of 80% of Type 'C' lots shall have 3 car garages.
Maximum Lot Coverage	65%

Notes:
[1]: A maximum of 20% of the lots may have homes not less than 2,500 sq. ft.

d. *Detached Single Family Lot Type D*

Development Standards	
Minimum Lot Size	20,000 SF
Minimum Lot Width (@ Front Building Line)	100'
Minimum Lot Depth	175'
Minimum Lot Width (Corner Lot)	100'
Minimum Side Yard Setback	7'
Minimum Front Yard Building Setback	40' [1]
Minimum Rear Yard Building Setback	15'
Minimum Air Conditioned Square Footage	3,000 SF
Minimum Roof Pitch	8:12 Except for 4:12 on Porch Roofs
Minimum Masonry Requirement [*Brick, Stone, Cultured Stone, 3-Part Stucco*]	80%
Garage Orientation	Traditional "swing" or "J" drive required. Single garage door facing street is permitted behind (width) of double garage door in "swing" or "J" configuration only. 80% of Type D lots shall have a minimum of 3 car garages.
Maximum Lot Coverage	70%

Notes:
[1]: The Director of Planning or his designee may grant a reduction in the required 40-foot front yard building setback of up to five (5) feet for lots situated along cul-de-sacs or curvilinear streets, or where a 40-foot front yard building setback would create an undue hardship on the property.

DRAFT ORDINANCE 09.26.2017

e. Detached Single Family Lot Type E

Development Standards	
Minimum Lot Size	7,200 SF
Minimum Lot Width (@ Front Building Line)	60'
Minimum Lot Depth	110'
Minimum Lot Width (Corner Lot)	65'
Minimum Side Yard Setback	5'
Minimum Front Yard Building Setback	20' (Front porch may encroach to within 10-feet of the front property line) [1]
Minimum Rear Yard Building Setback	10'
Minimum Air Conditioned Square Footage	2,200 SF
Minimum Roof Pitch	8:12 Except for 4:12 on Porch Roofs
Minimum Masonry Requirement [Brick, Stone, Cultured Stone, 3-Part Stucco]	80%
Garage Orientation [1]	Up to 50% of garages will be allowed to be accessed from the street in a front entry format (i.e. facing the street even with the front façade of the primary structure); however, a minimum driveway length of 20-feet must be provided. The remaining garages will be in a "traditional swing" or "j-swing" format or have a garage door that is a minimum of 20-feet behind the front façade of the primary structure.
Maximum Lot Coverage	65%

Notes:
[1]: No two adjacent lots on the same side of the street may have front entry only garages facing the street.

f. *Detached Single Family Lot Type D*

Development Standards	
Minimum Lot Size	20,000 SF
Minimum Lot Width (@ Front Building Line)	100'
Minimum Lot Depth	175'
Minimum Lot Width (Corner Lot)	100'
Minimum Side Yard Setback	7'
Minimum Front Yard Building Setback	40' [1]
Minimum Rear Yard Building Setback	15'
Minimum Air Conditioned Square Footage	3,000 SF
Minimum Roof Pitch	8:12 Except for 4:12 on Porch Roofs
Minimum Masonry Requirement [*Brick, Stone, Cultured Stone, 3-Part Stucco*]	80%
Garage Orientation	Traditional "swing" or "J" drive required. Single garage door facing street is permitted behind (width) of double garage door in "swing" or "J" configuration only. 80% of Type D lots shall have a minimum of 3 car garages.
Maximum Lot Coverage	70%

Notes:
[1]: The Director of Planning or his designee may grant a reduction in the required 40-foot front yard building setback of up to five (5) feet for lots situated along cul-de-sacs or curvilinear streets, or where a 40-foot front yard building setback would create an undue hardship on the property.

DRAFT ORDINANCE 09.20.17

3. *Fencing.* All individual residential fencing for lots less than 20,000 square feet shall be cedar standard fencing material (minimum ½" thickness) or better (spruce fencing will not be allowed). All cedar pickets shall be placed on the "public side" facing the street, alley or neighboring property. Lots containing 20,000 sq. ft., lots located along perimeter roadways, and lots abutting open spaces, greenbelts and parks shall be required to install tubular steel fencing. Corner lot fencing (adjacent to the street) shall provide masonry columns at forty-five feet (45') off center spacing that begins at the rear property line corner and terminates ten feet (10') behind the front yard building setback line. A maximum six (6') foot solid board on board "panel" cedar fencing shall be allowed between the masonry columns along the side and/or rear yard lot adjacent to a street. In addition, the fencing shall be setback from the side property line adjacent to a street a minimum of five feet (5'). The property owner shall maintain that portion of the property outside the fence.
4. *Anti-Monotony Features.* Lot types shall incorporate the following elevation features.

Table 3 : Anti-Monotony Matrix

Lot Type	Lot Size (Approx.)	Elevation Features
A	60' x 120'	i., ii., iii.
B	70' x 120'	i., ii., iii.
C	80' x 125'	i., ii., iii.
D	100' x 200'	i., ii., iii.
E	60' x 120'	i., ii.
F	100' x 180'	i., ii., iii.

i. Exterior facade must be composed of eighty percent (80%) masonry (brick, stone, cultured stone, or three-part stucco). Identical brick blends may not occur to adjacent (side-by-side) properties. Elevations shall not repeat along the fronting or siding streetscape without at least four (4) intervening homes of sufficient dissimilarity (to be determined by the ARC) on the same side of the street and (2) intervening homes on the opposite side of the street). The rear elevation of homes backing to open spaces or thoroughfares shall not repeat without at least two (2) intervening homes of sufficient dissimilarity (to be determined by the ARC). Masonry (brick, stone, cultured stone, or three-part stucco) chimneys shall be required on all homes.
ii. Minimum of 8:12 roof pitch, except for 4:12 roof pitches on porches. For each phase, a maximum of four compatible roof colors may be used. Dimensional shingles shall be used. Crown molding will be installed in all living and family rooms, unless vaulted or pop-up ceilings are utilized. No Formica counters in kitchens and bathrooms, no blown acoustic ceilings. No vinyl flooring will be used in kitchens.
iii. For front entry driveway access a traditional "swing" or "J" drive will be used. Second single garage door facing street is permitted behind (width) of double garage door in "swing" or "J" configuration only.

5. *Streetscape Landscape.* Prior to issuance of a Certificate of Occupancy, yards for all single-family lots in the District shall be landscaped with large canopy trees.

(1) Two minimum three (3) inch trees measured six (6) inches above the root ball shall be planted in the front yard of an interior lot.
(2) Two minimum three (3) inch trees measured six (6) inches above the root ball shall be planted in the front yard of a corner lot and two additional trees of same caliper shall be planted in the side yard facing the street.
(3) For purposes of this section only, the term "front yard" includes the area within the dedicated right-of-way for a parkway immediately adjoining the front yard of the lot.

DRAFT ORDINANCE 03.20.17

6. *Master Design Guidelines.* Additional design guidelines specific to each phase of development that shall apply to all single-family dwellings units within that phase of development, shall be submitted to the City prior to issuance of any building permits for that portion of the development.

C. STANDARDS FOR DISTRICT DESIGN AND CONNECTIVITY

1. *Streetscape Standards for Collectors & Non-Fronting Thoroughfares.* All streets, excluding drives, fire lanes and private parking areas, shall be built according to City of Rockwall street standards. Sidewalks and Hike / Bike trails are to be placed according to city requirements and as set forth in the Open Space Master Plan for the District.

    a. *Buffer-Strip* and Sidewalks (John King Boulevard Overlay District). The landscape buffer strip along John King Blvd shall be as described in the City of Rockwall Unified Development Code, Article V (District Development Standards), Section 6.10 E (Landscape Standards) and be a minimum width of fifty (50) feet as shown on the Planned Development Concept Plan in Exhibit 'B'. Additionally, the developer shall construct a minimum of a ten (10) foot sidewalk, on both sides of John King Boulevard, within the fifty (50) foot landscape buffer strip as recommended by the John King Boulevard Design Concept Plan located in the Comprehensive Plan of the City of Rockwall.
    b. *Buffer-Strip (FM 552).* A landscape buffer strip with a minimum width of fifteen (15) feet shall be provided along the frontage of FM 552, and shall be landscaped with at least one canopy tree per 30-ft and a combination of berms and shrubbery to be reviewed with the PD Site Plan(s) for the retail tract.
    c. *Buffer-Strip (Breezy Hill) Retail.* The minimum buffer width between the proposed retail area and Breezy Hill Rd shall be fifty (50) feet, and shall include a berm with a minimum height of five (5) feet with at least three (3) canopy trees and four (4) accent trees per 100-ft of frontage. A detail of this landscape buffer shall be approved by the Planning and Zoning Commission and City Council at the time of PD Development Plan for the retail tract.
    d. *Buffer-Strip (Breezy Hill) Residential.* A landscape buffer strip with a minimum width of ten (10) feet shall be provided between any residential area and Breezy Hill Rd.
    e. *Irrigation.* Any irrigation installed in landscape areas and public parks must be designed by a Texas licensed irrigator or landscape architect.
    f. *Fencing.* The Association will maintain all common area and perimeter fencing surrounding the Property. Such perimeter fencing shall be composed of six foot (6') tall tubular steel fencing with masonry entry features or such other fencing as may be approved by the City at the time of platting. Perimeter screening may also be accomplished by earthen berms landscaped with living screening. Property owners will maintain all fences constructed on private property.
    g. *Curvilinear Walks.* Walks are to be a minimum of five feet (5') wide to six feet (6') maximum width (hike and bike trail) consistent with the approved Open Space Master Plan. "Collector streets" with or without center medians may incorporate sidewalks six feet (6') in width adjacent to or within "front yard" landscape easements. Walks may meander within parkway and common area; however, edge of walk shall be no closer than four feet (4') from back-of-curb.
    h. *Medians.* Any proposed median openings shall meet the City standards at the time of PD site plan approval.

2. *Lighting.* Light poles shall not exceed twenty feet (20') in height. All light fixtures shall direct light downward and be contained to the site.

DRAFT ORDINANCE 05.2017

3. *Sidewalks.* At a minimum, sidewalks located on lay down curb section streets shall begin four feet (4') behind the back of curb and be five feet (5') in overall width. Sidewalks will not be required on rural street sections.
4. Curbing. Within certain lot types "A, B, & C" "roll up, lay down curbing" may be incorporated in an effort to minimize frequent curb cuts and maximize streetscape continuity, as approved by the City of Rockwall (Engineering Department) with approval of the final plat application.
5. *Buried Utilities.* New distribution power-lines required to serve the Property shall be placed underground, whether such lines are located internally or along the perimeter of the Property, unless otherwise authorized by the City Council. New transmission power-lines, or distribution lines of a size not typically or cost effectively placed underground (3 phase lines), or additional lines that are added to existing poles, may be above ground, if located along the perimeter of the Property, except along the 205 Bypass. Additionally, if such above ground lines are installed along the perimeter of the property and adjacent to non-residential use, then the lines shall be installed behind the non-residential buildings where the installation is possible. The Developer shall not be required to re-locate existing overhead power-lines along the perimeter of the Property. Temporary power-lines constructed across undeveloped portions of the Property to facilitate development phasing and looping may be allowed above ground, but shall not be considered "existing lines" at the time the area is developed, and if they are to become permanent facilities, such lines shall be placed underground pursuant to this paragraph.
6. *Parks and Open Space.*
    a. Residential and retail acreages (net of right-of-way dedication) shall contain no less than 20% open space and.
    b. Allowable open space may include but is not limited to 50% of floodplain, amenity center, public or private parks, trails, natural areas, buffers, traffic circle medians, entry features, common areas (including any Association recreation center or similar facilities) and other features depicted on the Development Plan, as set forth in the Open Space Master Plan prepared in accordance with subparagraph (c) below. Street right of way will not be included as open space. At least 80% of the single-family dwellings within the development shall be located within eight hundred feet (800') of public or private open space. In order to qualify, such open space must be at least one (1) continuous acre in area, not including roadway buffers less than fifty (50') feet in width.
    c. The Developer shall prepare the Open Space Master Plan to be consistent with the approved Development Plan. The purpose of an Open Space Master Plan is to supplement the Development Plan by providing an additional level of detail for public and private open space areas. The Open Space Master Plan shall identify the locations of and improvements to public parks, and other public and private open space or common areas and shall illustrate an integral system of trail improvements that, together with intervening land held by other property owners or the City, is designed to connect residential areas, schools and retail areas within the District to parks and open space within the District and that provides for continuation and connection of the trail system to off-site parks and open space, in accordance with the City's Master Park and Recreation Plan. The Open Space Master Plan shall clearly differentiate public parks from private facilities and common lands to be maintained by the Association. The locations of public parks, school sites and other public and private open space or common areas shown on the Open Space Master Plan shall be in conformance with the Development Plan. The Open Space Master Plan shall include a phasing plan for construction of all trails, parks, common open space and facilities. The Open Space Master Plan shall be considered for approval if it complies with this section, the applicable City regulations, the Development Plan, and generally accepted park-planning practices.
    d. The District shall contain not less than eleven (11) acres of land to be used as public or private parkland. A minimum of eleven (11) contiguous acres shall be dedicated to the

DRAFT ORDINANCE

City in accordance with the City's Neighborhood Parkland Dedication Ordinance on approval of the final plats for those phases adjacent to or abutting the proposed parkland dedication and will provide access to said parkland area. The remaining parkland area will be retained as a private park within the District. Park improvements shall be constructed in accordance with the approved Open Space Master Plan. The site plan incorporating the design of park improvements and hike/bike trail improvements shall be considered for approval with the final plat for the phase of the development containing such improvements. Performance of the obligations in this subparagraph shall be deemed to fully satisfy the City's Neighborhood Parkland Dedication Ordinance regarding land dedication. At the time of recordation of final plats for each phase, the Developer shall pay park improvement fees to the City. These fees shall be held in an escrow account until the parkland is dedicated to the City, at which time the Developer shall inform the City if the Developer wishes to use the escrowed fees as well as future fees to construct park improvements. Prior to construction, said improvements shall be approved by Parks Director, approval not to be unreasonably withheld, and invoices for improvements shall be submitted to Parks Director for approval. Performance of the obligations in this subparagraph shall be deemed to fully satisfy the City's Neighborhood Parkland Dedication Ordinance regarding park development fees, provided that park improvements are installed at a value equal or exceeding the value of park improvement fees for the entire District applicable at that time, or improvement fees are paid. Thereafter, the Developer shall not be responsible for additional parkland dedication or park development fees associated with the Property, except as otherwise may be provided in a capital facilities agreement approved by the City.

7. Developer shall provide a minimum of one (1) retention pond in the District with hard edges and fountain features. The exact configuration and location of the ponds will be determined at development. All retention pond hardedges shall be similar to the hardedge shown on *Figure 1* (below).

Figure 1: *Retention Pond with Hardedge.*

8. *Signage.* Permanent subdivision identification signage shall be permitted at all major entry points, in general conformance to the signage shown in Figure 2 & 3 (below). Final design of entry features to be determined with the Planned Development Site Plan.

Figure 2: *Example of Subdivision Signage Locations*

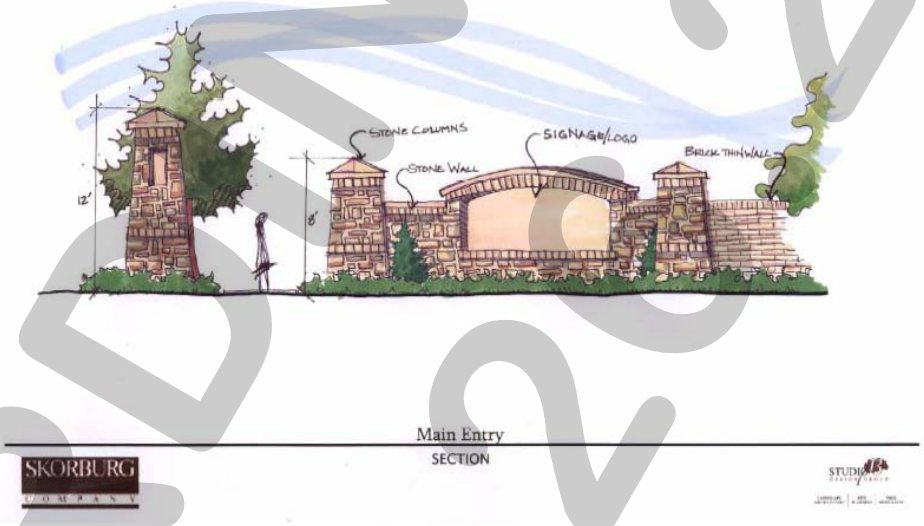


Figure 3: *Example of Subdivision Signage Design Standard*

9. *Variances.* The variance procedures and standards for approval set forth in the Unified Development Code shall apply to any application for variances to this ordinance.
10. *Amenity Center.* Site plan, landscape plan and building elevations for the Amenity Center shall be approved by the Planning and Zoning Commission prior to construction.
11. *Trees.* All trees planted within the District shall be a minimum three (3) inch caliper measured six (6) inches above the root ball.

DRAFT ORDINANCE 09.2017

EXHIBIT 'D': CAPITAL FACILITIES AGREEMENT FOR BREEZY HILL

THIS CAPITAL FACILITIES AGREEMENT (the "Agreement") is by and among the Breezy Hill 405, Ltd, ("Breezy" or "Developer") and the City of Rockwall, Texas ("City" or "Rockwall "),

I. RECITALS

1. Breezy seeks to rezone and subdivide the Property for single-family residential use and certain commercial uses. Breezy shall submit an application to rezone the 405 acres north of FM-552 (the "Property") as a planned development (PD) district for a development currently known as Breezy Hill (the "PD District"),

NOW, THEREFORE, in consideration of the foregoing recitals and mutual covenants contained herein, the Parties hereto agree as follows:

II. ADEQUATE PUBLIC FACILITIES

1. *General Provisions.*

a. *Adequacy Required.* Development of the Property shall be supported with adequate levels of public facilities and services, Adequate facilities and services are those that (i) comply with the applicable City regulations, including this Agreement, and (ii) are consistent with generally accepted engineering and planning practices for similar developments, The Parties agree that the dedication and construction of public improvements, or the contribution of proportionate development fees, required to support development of the Property shall precede or be concurrent with the construction of private improvements to the land, in accordance with the phasing provisions incorporated within this section, or as otherwise may be provided through approval of a master plat.

b. *Proportionality.* The Parties agree that the dedication or construction of public improvements, or the contributions of development fees, provided for in this Agreement are roughly proportional to the nature and extent of the proposed development of the Property on the City's public facilities systems. Breezy hereby covenants not to sue the City for any claim, or otherwise consent to participate in any action against the City arising from any claim by such party or by its affiliates, alleging that application of the adequate facilities requirements set forth in this Part II of the Agreement to the development of the Property, or the imposition of conditions to a plat application for a portion of the Property that are consistent with the requirements of this section, are not roughly proportional to the impacts of the development depicted in the Concept Plan, including but not limited to any action premised upon Tex. Loc. Gov't Code sec. 212.904 or successor statute. Such covenant not to sue touches and concerns the Property, and is a covenant running with the land such that it binds successors-in-interest and assigns of Breezy. Should any successor-in-interest or assign of Breezy other than an affiliate of Breezy assert any of the foregoing claims in a court of competent jurisdiction, in violation of this Subsection 1 (b), with respect to the development of any portion of the Property, the Parties agree that, with respect to such portion of the Property or all of the Property, at the City's option, this Agreement thereupon shall become null and void and any rights that may otherwise have

BLS

DRAFT ORDINANCE 09-18-2017

vested under then existing state law shall be waived upon such event. Breezy further agrees that the City may expressly rely upon the provisions of this paragraph in any certification under section 212.904 and that a court in determining rough proportionality may consider all of the Property. Should Breezy or an affiliate of Breezy violate the covenant not to sue contained in this paragraph, the City may either enforce the covenant or pursue the remedies provided for herein that are applicable to successors or assigns, other than affiliates. As used in this Agreement, the term "affiliate" means any person, corporation, partnership, or other entity controlled by, controlling, or under common control with Breezy.

c. *No Waiver.* The requirements in this Part II shall be considered additional standards and conditions applicable to development within the PD District. Except in the event of a conflict between the standards in this Agreement and other standards applicable within the District, nothing in this Agreement shall be construed as superseding any requirement or standard in the City's subdivision or utility regulations relating to provision of adequate public facilities and services.

2. *Wastewater Services.*

a. *City as Provider.* The City shall be the supplier of wastewater services to the Property.

b. *Line Extensions.* The Developer shall extend wastewater mains sufficient to serve each phase of development within the PD District, sized in accordance with the City's master plan for wastewater facilities and constructed in accordance with the phasing schedule approved in conjunction with the Developer's master plat application. The Developer shall design and construct a lift station in order to serve the development within the PD District. The Developer shall be entitled to pro-rata fees for the costs of over-sizing the lift station from other future developments using the lift station, calculated on a per acreage basis. Developer also shall be eligible for credits against, wastewater impact fees otherwise due for construction of improvements identified and included in the City's wastewater improvements plan for impact fees, in accordance with the City's then existing impact fee regulations. Provisions for City participation in oversize costs, rebate of pro-rata fees or provision of impact fee credits shall be set forth in a facilities and reimbursement agreement between the Developer and the City.

c. *Payment of Impact Fees.* Wastewater impact fees shall be paid at rates and at the times provided for in the City's then existing impact fee regulations.

3. *Water Services*

a. *City as provider.* The City shall be the supplier of water services to the Property. The City represents that it has sufficient capacity to serve the Property.

b. *Line Extensions.* The Developer shall extend water mains sufficient to serve each phase of development within the PD District, sized in accordance with

BJ

DRAFT ORDINANCE 09.25.2017

the City's master plan for water facilities and constructed in accordance with the phasing schedule approved in conjunction with the Developer's master plat application. The Developer shall be eligible for City participation in the costs of over-sizing water distribution mains or appurtenances that serve other land in addition to the Property, in accordance with the City's standard policies, or for collection of pro-rata fees for such facilities. Developer also shall be eligible for credits against, water impact fees otherwise due for construction of improvements identified and included in the City's water improvements plan for impact fees, in accordance with the City's then existing impact fee regulations. Provisions for City participation in oversize costs, rebate of pro rata fees or provision of impact fee credits shall be set forth in a facilities and reimbursement agreement between the' Developer and the City.

c. *Payment of Impact Fees.* Water impact fees shall be paid at rates and at the times provided for in the City's then existing impact fee regulations.

4. *Road Improvements.* The Developer shall make the following road improvements.

a. *John King Boulevard (Highway 205 Bypass).* The Developer shall have no obligation with respect to construction of John King Blvd. other than as outlined herein regarding payment of road impact fees.

b. *FM-552 Improvements.* The Developer shall dedicate rights-of-way for and construct turn lanes and acceleration/deceleration lanes concurrent with construction of any road on the Property that intersects FM 552, in accordance with City and TXDOT standards and specifications at the time of development of adjoining property.

c. *Breezy Hill Road Improvements.* The Developer shall dedicate a minimum of twenty-five feet (25') of right-of-way or such right-of-way as is needed to construct a twenty-four foot (24') concrete rural section of Breezy Hill Road and appurtenances adjacent to the Property, together with a two-foot (2') asphalt or concrete shoulder on either side of the concrete section, the total not to exceed twenty-eight feet (28') in width, from the northern point of Breezy Hill Road adjacent to the Property, to FM-552, as shown on the Development Plan. The Developer also shall dedicate and improve a minimum landscape buffer of ten feet (10') for the residential tract and fifty feet (50') for the retail tract, adjacent to the right-of-way for Breezy Hill Road, designed in accordance with the requirements of a PD District then in effect for a rural collector. The bar ditch that abuts the buffer strip, designed to a maximum slope of 3: 1, shall not encroach into the required ten-foot or fifty-foot buffer area, except to the extent that the buffers exceed ten feet (10') in width. The Developer shall dedicate right-of-way for Breezy Hill Road and the landscape buffer at the time of final plat approval for any lot abutting Breezy Hill Road. Developer shall construct Breezy Hill Road in conjunction with the retail tract that is final platted adjacent to Breezy Hill Road. Breezy Hill Road will be constructed from the northernmost intersection created by any portion of the retail tract being platted, south to FM-552. Developer shall install any

BL)

DRAFT ORDINANCE 09-18-2017

needed expansion of existing culverts created by such construction or the development, of such retail tract.

d. *Payment of Roadway Impact Fees.* Roadway impact fees shall be paid at rates and at the times provided for in the City's then existing impact fee regulations. Construction costs incurred by Developer for roadway improvements in this Agreement that are included in the City's roadway improvements plan for impact fees shall be credited against roadway impact fees otherwise due, in accordance with the City's impact fee regulations.

5. *Drainage Improvements.* Dedication of rights-of-way for and construction of drainage improvements shall be provided as specified in conditions imposed with approval of the master plat for development within the PD District and in accordance with City standards and specifications.

6. *Parks and Open Space.*

a. The Developer or a property owners association shall maintain public parklands and improvements within the development for a period of three (3) months from the completion and acceptance of the improvements. Thereafter, the City shall assume responsibilities for maintenance. All open space and improvements which are not dedicated as parkland to the City shall be maintained as common areas in perpetuity by the property owners association for the PD District. Additionally, the property owners association shall maintain Developer-installed landscaping areas in public rights-of-way and public drainage ways internal to and adjacent to the Property.

III. GENERAL PROVISIONS

1. Notice on Sale. The Developer shall provide the City with notice of the sale of any tract or parcel within the District that has not been platted at the following address:

Rockwall City Manager
Rockwall City Hall
385 S. Goliad Street
Rockwall, TX 75087

2. *Recording.* This Agreement is intended to run with the land, and shall be recorded in the Real Property Records, Rockwall County, Texas.

3. *Term of Agreement.* This Agreement shall terminate two (2) years following the City's acceptance of the dedication and construction of the public improvements described herein serving the last phase of development within the PD District, after which the City agrees, upon the request of the Developer to execute a termination of this Agreement in recordable form. Any reimbursements for payment of impact fees shall not expire.

4. *Effective Date.* This Agreement shall take effect upon the date of its execution by the last of the Parties to the Agreement; provided, however, that Breezy shall execute this Agreement no later than five (5) business days following the

BU

DRAFT ORDINANCE 09.26.17

effective date of the PD zoning ordinance for the Property. If Breezy fails to execute this Agreement within such period, this Agreement shall become null and void, and unless a subsequent agreement, acceptable to the City and the Developer, is agreed to, the City may thereafter deny any PD site plan, master plat or other plat application on grounds that the application is not supported by adequate public facilities and services.

5. *Severability.* Invalidation of any provision of this Agreement by judgment or court order shall not invalidate any of the remaining provisions which shall remain in full force and effect, unless such remaining provisions are an integral part of the invalid provisions or the invalid provision is necessary to give effect to the remaining provisions.

6. *Enforcement.* This Agreement may be enforced by the Parties by any proceeding at law or in equity. Failure to do so shall not be deemed a waiver to enforce the provisions of this Agreement thereafter.

7. *Venue.* Venue for this Agreement shall be in Rockwall County, Texas.

8. *Execution.* This Agreement may be separately executed in individual counterparts, and upon execution, shall constitute one and the same instrument.

9. *Amendment.* This Agreement may only be amended in writing upon mutual consent of the City and the Developer.

10. *Joint preparation.* This Agreement shall be deemed to have been jointly prepared by all Parties hereto, and no ambiguity of this Agreement shall be construed against any party based upon the identity of the author of this Agreement or any portion thereof.

11. *Recitals Incorporated.* Statements and representations contained herein are to be considered contractual in nature and not merely recitations of fact. The Recitals contained in Part I of this Agreement hereby are expressly incorporated into this Agreement by reference.

12. *Construction.* All references herein in the singular shall be construed to include the plural where applicable, the masculine to include the feminine and neuter genders.

13. *Authority.* Each of the signatories to this Agreement represents and warrants that he is authorized to execute this Agreement and bind his principals to the terms and provisions hereof. Each Party warrants that any action required to be taken in order for this Agreement to be binding on it has been duly and properly taken prior to the execution of this Agreement.

14. *Conflicts.* In the event of a conflict between this Agreement and any provision of the Unified Development Code, the City Code, or any City ordinance, rule, regulation, or procedure that provides a specific standard that is different from and inconsistent with this Agreement, the standards in this Agreement shall control.

BLJ

DRAFT ORDINANCE 09.26.2017

EXHIBIT 'D': CAPITAL FACILITIES AGREEMENT FOR BREEZY HILL

15. *No Waiver*. Developer retains the right to challenge the application of any City impact fee regulations to the Property solely on the basis that such regulations fail to comply with Chapter 395 of the Texas Local Government Code, as amended. If Developer prevails in such a claim, impact fees shall be applied to the development of the Property and paid by the Developer, as applicable, in accordance with the court order.

P2017-49 Lots 1 & 2, Block A, Hodgdon AdditionPlease address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 This is a request by David L. and Sue W. Hodgdon for the approval of a final plat for Lots 1 & 2, Block A, Hodgdon Addition being a 12.36-acre tract of land identified as Tract 1-01 of the T. Dean Survey, Abstract No. 69, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, addressed as 1085 Dalton Road
I.2 For questions or comments concerning this case, please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.
M.3 For reference, include the case number (P2017-049) in the lower right hand corner of all pages on future submittals.
M.4 Please add “Lots 1 & 2, Block A” to title block (above Hodgdon Addition).
M.5 Please show the 50-foot front yard setbacks adjacent to Dalton Road on both lots.
M.6 Please look at Beacon Hill Drive, Avonlea Drive, Nova Park Court, and Hickory Trail and label as “Private Road” if these are not City streets.
I.7 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested by October 3, 2017. The Planning and Zoning Worksession for this case is September 26, 2017. The Planning and Zoning Meeting for this case is October 10, 2017. The Park Board Meeting for this case is October 3, 2017.
I.8 The projected City Council meeting date and subsequent approval for this plat is October 16, 2017

CASE P2017-

OWNER'S CERTIFICATE
(Public Dedication)

STATE OF TEXAS
COUNTY OF ROCKWALL

WHEREAS DAVID L. HODGDON and SUE WYCHE HODGDON, BEING THE OWNERS OF A TRACT OF land in the County of Rockwall, State of Texas, said tract being described as follows:

All that certain lot, tract or parcel of land situated in the THOMAS DEAN SURVEY, ABSTRACT NO. 69, City of Rockwall, Rockwall County, Texas, and being a part of that tract of land as described in a Deed to David L. Hodgdon, as recorded in Volume 132, Page 605 of the Real Property Records of Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 1/2" iron rod with plastic cap found for corner at the Northeast corner of Lot 1, Block C of PROMENADE HARBOR, an Addition to the City of Rockwall, Texas, according to the Plat thereof recorded in Cabinet E, Slide 155, of the Plat Records of Rockwall County, Texas, and at the intersection of the South right-of-way line of Dalton Road, per Volume 2459, Page 19 of the Real Property Records of Rockwall County, Texas, with the west boundary line of said Hodgdon tract;

THENCE N. 89 deg. 14 min. 02 sec. E. along the South right-of-way line of Dalton Road, a distance of 600.26 feet to a 1/2" iron rod with plastic cap found for corner at the northwest corner of Lot 1, Block A of SHORES NORTH PHASE 6, an Addition to the City of Rockwall, Texas, according to the Plat thereof recorded in Cabinet E, Slide 163 of the Plat Records of Rockwalll County, Texas;

THENCE S. 00 deg. 22 min. 39 sec. E. along the west of said Addition and the east line of Hodgdon tract, a distance of 898.71 feet to a 1/2" iron rod found for corner at the southeast corner of said Hodgdon tract;

THENCE S. 89 deg. 35 min. 19 sec. W. along the south boundary line of said tract, a distance of 600.00 feet to a 1/2" iron rod found for corner;

THENCE N. 00 deg. 23 min. 36 sec. W. along the west line of Hodgdon tract and east line of Promenade Harbor, a distance of 895.00 feet to the POINT OF BEGINNING and containing 538,224 square feet or 12.36 acres of land.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS
COUNTY OF ROCKWALL

I the undersigned owner of the land shown on this plat, and designated herein as HODGDON ADDITION, an Addition to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed.

I further certify that all other parties who have a mortgage or lien interest in the HODGDON ADDITION, have been notified and signed this plat.

I understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same.

I also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of th eir respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maint aining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Roc kwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, sto rm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer an d/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as p rogress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

I further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; I , my successors and assigns hereby waive any claim, damage, or cause of action that I may have as a result of the dedication of exaction's made herein.

Discuss and consider a request by Cameron Slown of FC Cuny Corporation on behalf of Randall Noe of Rockwall Rental Properties, LP for the approval of a Site Plan for a motor vehicle dealership on a 4.86-acre tract of land identified as Tract 5 of the N. M. Ballard Survey, Abstract No. 99, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 1415 & 1501 E. IH-30, and take any action necessary.

PLANNING COMMENTS - DAVID GONZALES - 09.20.2017

All staff comments are to be addressed and resubmitted by Tuesday, October 3, 2017. Please provide three large copies [24" X 36" FOLDED] and one PDF version for a subsequent review by staff:

Planning Department General Comments to be addressed are as follows:

1. Adherence to Engineering and Fire Department standards shall be required.
2. Re-label revised site plan documents with "Case No. SP2017-030" at the lower right corner of each plan.
3. All exterior signage requires submittal and approval of a separate building permit through the building inspections department. As a note, free standing signs are not to overhang or encroach into any easements.

VARIANCES AND EXCEPTIONS FOR THE CITY COUNCIL TO CONSIDER:
As a note, all variances to the IH-30 OV District requires approval by a 3/4 majority vote of City Council:

The following are considered variance requests to the IH-30 OV District:

1. Per Sec. 6.6.C.1, of Article V, of the UDC, a minimum of 20% stone is required on all walls. Provide calculations for each facade. All facades as submitted do not meet the standards establihed for the OV district.
2. Per Sec. 6.6.C.1.a, of Article V, of the UDC, requires each exterior wall to consist of 90% masonry materials such as natural or quarried stone, brick, glass block or glass, tile, cast metal and custom concrete masonry units (CCMU). The ACM panelling does not meet these standards.
3. Per Sec. 6.6.C.1.b, of Article V, of the UDC, requires secondary materials used on a facade to comprise less than 10% of an elevation area. The EIFS as indicted on the east and west elevations exceed the 10% standard. Since I don not have the north elevation in this submittal, check to see if a variance is required for this elevation as well. The south (front) elevation may meet the standards; however, I will need material calculations in order to determine if a variance is needed for this elevation.
4. Per Sec. 6.6.C.5, of Article V, of the UDC, requires all buildings to be architecturally finished on all four sides with the same materials, detailing, and features with one row of trees planted at the perimeter behind the building. Provide the north elevation to determine if meeting this requirement and provide one row of trees at the rear of the building.

VARIANCE TO UDC FOR CITY COUNCIL TO CONSIDER:

1. Sec. 2.1.8 Auto and marine related use conditons, of Art. IV, of the UDC - Garage doors or bays shall not to face a public street. Approval by a simple majority vote of City Council required.

EXCEPTIONS TO THE UDC TO BE CONSIDERED:

1. Per Sec. 5.1.C.1.a & b, of Article V, of the UDC, requires that each facade meet the minimum stanards for horizontal and vertical articulation as defined in these sections. The buildings north, south, east, and west elevations may not meet these standards. Provide measurements for building height for each wall to determine.

Requires approval by a simple majority vote of City Council.

Please address the following Planning Comments for each plan submitted:

Site Plan:
1. Is there a trash dumpster located on this site? If so, provide dumpster enclosure detail. Enclosure walls are to be a minimum of 8-ft in height with matching exterior materials as the primary building and includes a self-latching gate mechanism. Gate to be opaque.
2. Approval of an exceptionto allow for not meeting the standards for horizontal (and vertical) articulaton for the north, south, and west elevations is required. See Exception Request above for P&Z and CC to consider.
3. Indicate, dimension, and label all easements (i.e. firelane, public access, utility, detension & drainage, etc.) for site.
4. Indicate and label appropriate setbacks based on the Light Industrial District standards.
5. Garage doors or bays shall not to face a public street as indicated in the variance section above.
6. Move Landscape Buffer label over landscape buffer area and delineate.

Landscape Plan:
1. Provide a row of trees along the rear perimeter of the property per the IH-30 OV standards.
2. No parking space may be more than 80-ft from the trunk of a large canopy tree. Spaces along the rear not meeting this requirement.
3. Under Landscaping General Requirements - No. 3 - Irrigation plan to be submitted with building permit.

Photometric Plan:
1. Provide a photometric plan for all exterior lighting and cut sheets of all exterior light fixtures.
2. Maximum overall height of the lighting pole standard is not to exceed 20-ft (includes base, light pole, and fixtures).
3. Maximum intensity of exterior lighing is not to exceed 0.2-FC at the property lines.

Building Elevations:
1. Provide a North facing elevation for review.
2. Provide calculations for all exterior building materials - broken out for each facade.
3. See compliance standards for all Variances and Exception as listed above (i.e. 20% stone, EIFS, ACM panelling, vertical and horizontal articulation, and 4-sided architecture).
4. Dash in RTU's. Must be screened from rights-of-way and adjacent properties.
5. Provide the over-all height for all walls on each facade.
6. Elevation requires a recommendation of the Architectural Reivew Board (ARB). See scheduled meeting date below.

The following are scheduled meeting dates that you and/or your representative(s) are required to attend regarding the Site Plan request. Ifyou have any quesitons regarding this case, please feel free to contact DavidGonzales, AICP with thePlanning Department at 972-771-7745.

Meeting Dates to Attend:

Architectural Review Board: September 26, 2017 (5:00 p.m.) [Applicant to receive recommendations from ARB]

Planning - Work Session: September 26, 2017 (6:00p.m.) [Applicant to present/discuss project to P&Z]

Type of Review / Notes	Contact	Sent	Due	Received	Elapsed	Status	Remarks
Architectural Review Board: October 10, 2017 (5:00 p.m.) [Subsequent meeting if necessary]							
Planning - Action: October 10, 2017 (6:00p.m.) [P&Z to take action (i.e. approve, approve with conditions, deny)]							
City Council - Action: October 16, 2017 (6:00 p.m.) [FOR VARIANCE AND EXCEPTION REQUESTS ONLY]							

All easements are to be a minimum of 20' wide
All parking to be 20'x9' adjacent to the building and anywhere there isn't a 2' clear over hang (head to head or adjacent to a property line/right-of-way
Flood study will be required including review fees
Parallel parking is required to be 9'x22'
No detention is allowed in the flood plain
Add a 5' utility easement along I-30 service road
Install 12" water line along the City right-of-way
Pave 24' in the City right-of-way
Install 5' sidewalk in the City right-of-way
Need to show proposed utilities on the landscape plan...no trees within 5' of any utility
TXDOT permit required on all driveways/roads with a TIA
Impact fees
4% engineering fees

AGENDA
PLANNING AND ZONING COMMISSION PUBLIC HEARING
City Hall, 385 South Goliad, Rockwall, Texas
Council Chambers
October 10, 2017
6:00 P.M.

CALL TO ORDER

CONSENT AGENDA

1. **Approval of Minutes** for the *July 11, 2017* Planning and Zoning Commission meeting.
2. **Approval of Minutes** for the *September 12, 2017* Planning and Zoning Commission meeting.

3. **P2017-049** **(Korey)**
   Discuss and consider a request by David L. and Sue W. Hodgdon for the approval of a final plat for Lots 1 & 2, Block A, Hodgdon Addition being a 12.36-acre tract of land identified as Tract 1-01 of the T. Dean Survey, Abstract No. 69, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, addressed as 1085 Dalton Road, and take any action necessary.

4. **P2017-033** **(Korey)**
   Discuss and consider a request by Mario Ramirez for the approval of a replat for Lot 1, Block K, Rockwall Lake Estates West being a 0.27-acre tract of land identified as Lots 908, 909 & 910, Block E, Rockwall Lake Estates #1, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 75 (PD-75) for Single Family 7 (SF-7) District land uses, addressed as 894 & 908 Lakeside Drive, and take any action necessary.

APPOINTMENTS

5. Appointment with Architectural Review Board representative to receive the Board's recommendations and comments for items on the agenda requiring architectural review.

PUBLIC HEARING ITEMS

6. **Z2017-041** **(Korey)**
   Hold a public hearing to discuss and consider a request by Mark Latham for the approval of a zoning change from a Multi-Family 14 (MF-14) District to a Downtown (DT) District for a 0.17-acre tract of land identified as part of Lots 1, 2 & 3, Block H, Eppstein Addition, City of Rockwall, Rockwall County, Texas, zoned Multi-Family 14 (MF-14) District, situated within the Historic Overlay (HOV) District, addressed as 310 S. Fannin Street, and take any action necessary.

7. **Z2017-042** **(David)**
   Hold a public hearing to discuss and consider a request by Jay Odom for the approval of a zoning change from a Single Family 7 (SF-7) District to a Downtown (DT) District for a 0.21-acre parcel of land identified as Lot D-1, Block 122, B. F. Boydston Addition, City of Rockwall, Rockwall County, Texas, zoned Single Family 7 (SF-7) District, situated within the Historic Overlay (HOV) District, addressed as 201 Olive Street, and take any action necessary.

8. **Z2017-043** **(David)**
   Hold a public hearing to discuss and consider a request by Austin Lewis of Lewis Real Estate Investments, Inc. on behalf of Stone Creek Balance, LTD for the approval of an amendment to Planned Development District 70 (PD-70) to incorporate a single-single family subdivision consisting of 19 single-family residential homes on a 5.28-acre tract of land identified as Tract 2-7 of the W. T. Deweese Survey, Abstract No. 71, City of Rockwall, Rockwall County, Texas, Planned Development District 70 (PD-70) for Single-Family 10 (SF-10) District land uses, located at the southeast corner of the intersection of Greenway Drive and FM-552, and take any action necessary.

9. **Z2017-044** **(David)**
   Hold a public hearing to discuss and consider a request by Sydney Brown of Godspeed Motors, LLC on behalf of the owner Greg Ollom for the approval of a Specific Use Permit (SUP) for an *Indoor Motor Vehicle Dealership/Showroom, New and/or Used* on a one (1) acre tract of land identified as Tract 5-1 of the J. Lockhart Survey, Abstract No. 134, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI)

District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 1785 E. IH-30, and take any action necessary.

10. Z2017-045 **(Korey)**
Hold a public hearing to discuss and consider a request by David L. and Sue W. Hodgdon for the approval of a zoning change from an Agricultural (AG) District to a Single-Family Estate 2.0 (SFE-2.0) District on a 12.327-acre tract of land identified as Tract 1-01 of the T. Dean Survey, Abstract No. 69, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, addressed as 1085 Dalton Road, and take any action necessary.

11. Z2017-046 **(David)**
Hold a public hearing to discuss and consider a request by Jim Douglas of Douglas Properties, Inc. on behalf of Isabel Garrett of the McClendon Company for the approval of an amendment to Planned Development District 82 (PD-82) for the purpose incorporating an additional 59.065-acre tract of land into the existing single-family development being a 81.49-acre tract of land creating a 140.555-acre tract of land identified as a portion of Tract 8 and all of Tract 16 of the J. A. Ramsay Survey, Abstract No. 186, City of Rockwall, Rockwall County, Texas, Planned Development District 82 (PD-82) and Agricultural (AG) District, situated on the west side of Rochell Road south of SH-276, and take any action necessary.

12. Z2017-047 **(Korey)**
Hold a public hearing to discuss and consider a request by Trent Hyde for the approval of a Specific Use Permit (SUP) to allow for an accessory building that does not meet the minimum requirements as stipulated by Article IV, *Permissible Uses*, of the Unified Development Code for a 0.830-acre tract of land identified as the Wilson Addition, City of Rockwall, Rockwall County, Texas, zoned Single-Family 10 (SF-10) District, addressed as 218 W. Quail Run Road, and take any action necessary.

13. Z2017-048 **(Korey)**
Hold a public hearing to discuss and consider a request by Russell Phillips on behalf of Sandra McMullen for the approval of a Specific Use Permit (SUP) for a *mini-warehouse* facility on an 8.733-acre tract of land identified as a portion of Lot 16 and all of Lot 14, Rainbo Acres Addition, City of Rockwall, Rockwall County, Texas, zoned Single-Family Estate 4.0 (SFE-4.0) District, addressed as 259 Ranch Road, and take any action necessary.

14. Z2017-049 **(Ryan)**
Hold a public hearing to discuss and consider a request by John Arnold of the Skorburg Company on behalf of Breezy Hill 405, LTD for the approval of a zoning amendment to Planned Development District 74 (PD-74) to amend the concept plan and for the purpose of incorporating changes to the lot composition stipulated by the development standards contained in *Exhibit 'C'* of *Ordinance No. 16-59* for a 405.184-acre tract of land identified as the Breezy Hill Subdivision and situated within the J. Strickland Survey, Abstract No. 187, Rockwall, Rockwall County, Texas, generally located north of FM-552 and west of Breezy Hill Road, and take any action necessary.

ACTION ITEMS

15. SP2017-030 **(David)**
Discuss and consider a request by Cameron Slown of FC Cuny Corporation on behalf of Randall Noe of Rockwall Rental Properties, LP for the approval of a Site Plan for a motor vehicle dealership on a 4.86-acre tract of land identified as Tract 5 of the N. M. Ballard Survey, Abstract No. 99, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 1415 & 1501 E. IH-30, and take any action necessary.

DISCUSSION ITEMS

16. Director's Report of post Council meeting outcomes of Planning & Zoning cases **(Ryan)**.

- ✓ P2017-041: Lot 1, Block A, Blueberry Hill Estate Addition [*Approved*]
- ✓ P2017-048: Lot 3, Block A, Lake Pointe Baptist Church Addition [*Approved*]
- ✓ Z2017-031: Zoning Change (AG to SF-1) [*950 Clem Road*] (*2nd Reading*) [*Approved*]
- ✓ Z2017-036: SUP for 1310 Summer Lee Drive (*2nd Reading*) [*Approved*]
- ✓ Z2017-037: Zoning Change (SFE-4.0 to C) [*259 Ranch Trail*] (*2nd Reading*) [*Approved*]
- ✓ Z2017-038: SUP for 302 Ranch Trail (*2nd Reading*) [*Approved*]
- ✓ Z2017-040: Zoning Change for Ladera of Rockwall (AG to PD) (*1st Reading*) [*Approved*]
- ✓ SP2017-008: Variances for 2040 Kristy Lane [*Approved*]

- ✓ MIS2017-009: Masonry Exception for 631 Hanby Lane [*Approved*]

MINUTES

PLANNING AND ZONING COMMISSION PUBLIC HEARING

City Hall, 385 South Goliad, Rockwall, Texas
Council Chambers
July 11, 2017
6:00 P.M.

I. CALL TO ORDER

Vice-Chairman Trowbridge called the meeting to order at 6:02p.m. The Commissioners present at the meeting were Jerry Welch, Eric Chodun, Annie Fishman, Mark Moeller and Tracey Logan. Absent was Chairman Johnny Lyons. Staff members present were Planning Director, Ryan Miller, Senior Planner David Gonzales, Planner, Korey Brooks, Planning Coordinator, Laura Morales, Assistant Engineer, Amy Williams and Civil Engineer Jeremy White.

II. CONSENT AGENDA

1. Approval of Minutes for the June 27, 2017 Planning and Zoning Commission meeting.

2. P2017-032

Discuss and consider a request by Cody Brooks, PE of Bannister Engineering on behalf of John Arnold of the Skorburg Co. for the approval of a preliminary plat for the Gideon Grove Subdivision consisting of 72 single-family residential lots on a 29.185-acre tract of land identified as a portion of Tract 1-01 of the S. R. Barnes Survey, Abstract No. 13, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 77 (PD-77), situated within the 205 By-Pass Corridor Overlay (205 BY-OV) District, located at the northeast corner of the intersection of E. Quail Run Road and John King Boulevard, and take any action necessary.

3. SP2017-019

Discuss and consider a request by Juan J. Vasquez of Vasquez Engineering, LLC on behalf of Himmat Chauhan of JAGH Hospitality for the approval of a site plan for a hotel a 1.74-acre parcel of land identified as Lot 1, Block A, Comfort Inn & Suites, Rockwall Towne Centre Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within IH-30 Overlay (IH-30 OV) and Scenic Overlay (SOV) Districts, addressed as 700 E. IH-30, and take any action necessary.

4. SP2017-020

Discuss and consider a request by Cody Brooks, PE of Bannister Engineering on behalf of John Arnold of the Skorburg Co. for the approval of a site plan/master open space plan for the Gideon Grove Subdivision consisting of 72 single-family residential lots on a 29.185-acre tract of land identified as a portion of Tract 1-01 of the S. R. Barnes Survey, Abstract No. 13, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 77 (PD-77), situated within the 205 By-Pass Corridor Overlay (205 BY-OV) District, located at the northeast corner of the intersection of E. Quail Run Road and John King Boulevard, and take any action necessary.

Vice-Chairman Trowbridge pulled consent agenda item #3. Commissioner Chodun made a motion to approve the consent agenda. Commissioner Logan seconded the motion which passed by a vote of 6-0, with Chairman Lyons absent.

III. APPOINTMENTS

5. Appointment with Architectural Review Board representative to receive the Board's recommendations and comments for items on the agenda requiring architectural review.

Architectural Review Board representative, John Womble, advised the Commission that SP2017-019 will be tabled due to the applicant not being present to address some concerns the Board had.

Commissioner Welch made a motion to approve to table SP2017-019. Commissioner Fishman seconded the motion which passed by a vote of 6-0, with Chairman Lyons absent.

IV. PUBLIC HEARING ITEMS

6. Z2017-023

Hold a public hearing to discuss and consider a request by Joe Wimpee for the approval of a zoning change from an Agricultural (AG) District to a Single-Family Estate 4.0 (SFE-4.0) District for an 8.1232-acre tract of land identified as Tract 2 of the C. W. Jones Survey, Abstract No. 127, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, generally located north of the intersection of Dalton Road and Promenade Place, and take any action necessary.

Planner, Korey Brooks, advised the applicant was unable to attend the meeting and he then gave a brief explanation of the request stating that the applicant is requesting to rezone the property from Agriculture to a Single-Family Estate 4.0 for the purpose of building a single family home. The property will be located next to a potential park on the take line. According to the UDC, any properties that are agriculturally zoned that are less than ten acres have to be rezoned in order to build a single family home. The Future Land Use Map designates the subject property for Medium Density Residential land uses, which are defined as single-family developments with 2-3 units per acre. The applicant's request is in conformance with the Future Land Use map.

Mr. Brooks went on to state that staff sent 49 notices to property owners and residents within 500-feet of the subject property and notified the Promenade Harbor and The Shores/Ray Hubbard Homeowners Associations. Staff received one notice in favor and one in opposition of the request.

Vice-Chairman Trowbridge opened up the public hearing and asked for any questions from the Commission.

Commissioner Welch made a motion to approve Z2017-023, there being no second the motion failed, and Vice-Chairman Trowbridge brought the item back to the Commission for discussion or questions.

Commissioner Chodun asked concerning a notice that was received from a resident that was concerned with increased traffic should the request be approved. Mr. Brooks stated he believes that resident believed that it would be a residential subdivision being developed instead of just one single family home.

Commissioner Fishman asked concerning the property bordering a park. Mr. Brooks explained that it may be a potentially future park.

Vice-Chairman Trowbridge asked if there was anyone who wished to speak to come forward and do so.

Frances Wagner
512 Windsor Way
Rockwall, TX

Mrs. Wagner came forward and expressed concern over new development increasing the displacement of rabbits that is causing havoc in surrounding neighborhoods would like to see the City bring in Wild Life as new developments come in to assist in capturing the rabbits.

Vice-Chairman Trowbridge asked if anyone else wished to speak concerning the case to come forward and do so, there being no one indicating such Vice-Chairman Trowbridge closed the public hearing and brought the item back to the Commission.

Commissioner Moeller made a motion to approve Z2017-023 with staff recommendations. Commissioner Welch seconded the motion which passed by a vote of 6-0, with Chairman Lyons absent.

7. Z2017-024

Hold a public hearing to discuss and consider a request by Alex Freeman of Pinnacle Montessori Franchise Co. on behalf of George R. Weatherford for the approval of a Specific Use Permit (SUP) for a daycare facility for a 2.38-acre parcel of land identified as Tract 6 of the J. Strickland Survey, Abstract No. 187, City of Rockwall, Rockwall County, Texas, zoned Residential-Office (RO) District, situated

within the North SH 205 Overlay (N-SH 205 OV) District, addressed as 4031 N. Goliad Street, and take any action necessary.

Planner, Korey Brooks, gave a brief explanation of the request stating that the applicant is requesting the approval of a Specific Use Permit to allow a 10,970 SF daycare facility in a Residential Office District. The applicant had previously submitted a request in May of this year to rezone the subject property from Residential Office District to General Retail District to allow for a Montessori School and a general retail store. However on June 13, 2017, the applicant requested to withdraw the case with the intention on changing the request from a rezoning request to a SUP request for a Montessori School/daycare and a second SUP request for a general retail store.

Mr. Brooks further stated that according to the UDC, a daycare facility requires an SUP in a Residential Office District. Should the SUP be approved, the applicant will be required to submit a site for approval by the Architectural Review Board and the Planning and Zoning Commission. The site will also be subject to the North Goliad Corridor Overlay District standards. The applicant is proposing to utilize wrought iron and landscape screening the development from the adjacent residential properties to the north, south, and west property lines. Additionally, the Montessori School/daycare will be built to a residential scale of 25-feet in height. According to the applicant, the proposed daycare facility will have a maximum enrollment of 180 children ranging from infant to third grade. According to the concept plan, the daycare facility will have a drop-off location that will accommodate six vehicles. Additional vehicles will cue in the drive aisle of the development to minimize the effect on traffic along SH 205. The proposed general retail store will be constructed of a similar design to the Montessori School/daycare facility and will be of residential scale as well. Directly north of the subject property is a single-family home. Beyond that is a commercial business and both of these properties are zoned Residential Office. Further north, is vacant land and is zoned Agriculture. Directly south of the subject property is a single-family residential subdivision that is zoned Single-Family 10 and beyond this is a future shopping center that is zoned General Retail. The Future Land Use Map designates this area as Medium Density Single-Family Residential. Beyond this is Dalton Road, which is identified as a major collector, 4 lane undivided roadway. Directly east of the subject property is SH-205, which is identified as a TXDOT highway and beyond that is a mini warehouse facility that is not in the city limits. Directly west of the subject property is a single-family residential subdivision which is zoned Single-Family 10 and beyond that is the Rockwall City Limits and City of Dallas take line.

Mr. Brooks went on to state that staff sent 69 notices to property owners and residents within 500-feet of the subject property and notified the Castle Ridge Phase 2 Homeowners Association. At the time the report was written staff received one notice in opposition of the request however today staff received further notices that were in opposition. Mr. Brooks that the applicant shall be responsible for maintaining compliance with the operational conditions contains in the SUP ordinance which are as follows: a)The building shall generally conform to the concept plan and building elevations depicted in Exhibit 'A' and Exhibit 'B' of the attached ordinance. b) The site shall have a ten foot landscape buffer and shall include accent trees a minimum of four feet in height at 20-feet on center adjacent to all residential properties (i.e. north, south, and west property lines). c) A shrub row shall be provided as headlight screening for any parking adjacent to SH-205. d) All parking areas shall be screened from all residential properties. e) The dumpster shall not face any residential property and should be located away from the residential properties to the west. f) Cross-access shall be provided as depicted in Exhibit 'B' of the draft ordinance. g) Incidental display and outside storage shall be strictly prohibited. h) Should the property be subdivided, a parking agreement between the two properties may be required to be approved by City Council to ensure both uses are sufficiently parked. i) At the time of engineering, a Traffic Impact Analysis will be required. And additionally any construction or building necessary to complete this request must conform to the requirements set forth by the UDC, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

Mr. Brooks advised the Commission the applicant was present and available for questions as well as staff.

Vice-Chairman Trowbridge asked the Commission if there were any questions for staff.

Commissioner Logan asked concerning the parking, would they have to follow the standard parking requirements and expressed concern that it appeared to have insufficient parking. Mr. Brooks stated the parking will be taken care of at the time of site plan.

Vice-Chairman Trowbridge opened up the public hearing and asked the applicant to come forward and speak.

Brad Williams
2728 N. Harvard
Dallas, TX

Mr. Williams came forward and gave a brief power point presentation that detailed the request. He stated that to clarify the request; they are requesting a Specific Use Permit and are not looking to change the underlying zone, the request is simply for an SUP for a daycare and a SUP for a general retail store. He spoke of the concept plan which will have the daycare center and the General Retail Store. There is a 30 feet easement which will provide a buffer between their building and the adjoining neighborhood. They are proposing a residential inspired design to fit well with the neighborhood. They will not be asking any variances but rather meet all of the City requirements as written. Mr. Williams went on to talk of the Montessori Schooling that will be a secular education that would consist of 180 students maximum which they don't anticipate to be at full enrollment early on. The state law dictates staffing levels which will be based on enrollment. The hours of operation for the daycare will be open will be 6:30 am-6:30 pm. It will operate during the summer; however they anticipate a lower level of enrollment.

Mr. Williams went on to talk of what the general retail use would entail which would be after school oriented programming/tenants for elementary ages and below. They will be open to children that are not enrolled as well. The hours will be workdays 2pm-8pm and closed on the weekends. It will be approximately 7,000 square feet. They are open to whatever option concerning the screening options whether it be masonry, wrought iron, living screen or a combination of both. With the concern some neighbors had with increased traffic, he spoke of what they believe the estimated traffic to be. Mr. Williams also spoke of the question that was brought up concerning surrounding competition near the proposed subject property, they feel the demand is there and having similar uses nearby would not create a problem.

Mr. Williams respectfully asked the Commission for approval and stated he was available for any questions.

Vice-Chairman Trowbridge asked concerning the screening. Mr. Williams stated they are open to any suggestion the Commission or City has that would be a better fit.

Commissioner Fishman asked if they would still move forward with the Montessori SUP if the General Retail Use SUP be denied. Mr. Williams explained that he would have to consult his client on that question, but ideally the business model is to have both. They have the same concept in other locations and it has worked out well.

Vice-Chairman Trowbridge opened up the public hearing and asked if anyone wished to speak to come forward and do so.

Frances Wagner
512 Windsor Way
Rockwall, TX

Ms. Wagner came forward and stated she is going to speak for herself but also representing her neighbors and she stated her strong opposition to the request. She feels that with a Montessori school already being built very near to the subject property and with the elementary school nearby there is no need for another one. She strongly urged the Commission to decline the request.

Suelaine Callaway
517 Sellers Court
Rockwall, TX

Ms. Callaway came forward and stated her and her husband live directly behind the proposal and is in opposition of the request. She feels it will affect her property value there will be increased traffic that will pose an issue.

Jennifer Dayman
519 Sellers Court
Rockwall, TX

Ms. Dayman came forward and stated her strong opposition to the request. She spoke of coming before the City Council in 2011 when the subject property was changed from Agricultural zoning to Residential Office and was made to believe it would be more of a "home turned office" type businesses that would be allowed. She is concerned with the issue of noise with the close proximity. She is also concerned with the traffic issues it will cause.

Dennis Dayman
519 Sellers Court
Rockwall, TX

Mr. Dayman came forward and stated he is in opposition of the request. His main concerns is with the increased traffic the daycare and general retail will produce as well as possibly affecting the property value of their home.

Yvonne Sullivan
521 Sellers Court
Rockwall, TX

Ms. Sullivan came forward and stated her opposition to the request. She is concerned with the increased traffic it will cause, the lighting issues, the increased noise and the addition to the daycare to the two that are already within a two mile radius.

Vice-Chairman Trowbridge asked the applicant to come forward for any rebuttal.

Mr. Williams came forward and stated that with respect to the lighting and timing is an issue that could be addressed in the conditions of approval which they would strictly adhere to. Concerning the screening they are open to doing a living screen that once the shrubbery grew would provide ample screening. Concerning the traffic they will work as closely with TXDOT because the expansion and turn lane that is causing concern is handled by TXDOT. Concerning the competition, they feel that although there are other Montessori's in the surrounding areas they feel the demand is there. He added that the concerns that if they were to end up vacating the property what would the next owner bring in, but with the conditions that will be in place would require the next property owner to adhere to the same conditions.

Commissioner Fishman asked if there any timing requirements for the lighting. Mr. Brooks stated it has to be shielded down however there is no time limit as to how long they would need to stay off.

Commissioner Fishman expressed concern with the noise that some residents felt would cause a problem to surrounding homes. Commissioner Logan expressed concern with the additional traffic it would cause.

Mr. Williams addressed Commissioner Fishman's concern with the noise issue that the neighbors are concerned with. He feels the masonry wall that they will provide will be ample screening to shield noise to those surrounding homes.

Vice-Chairman Trowbridge closed the public hearing and brought the item back to the Commission for discussion or a motion.

Commissioner Chodun generally stated that with the property being zoned Residential Office there will be something developed there eventually and the Montessori school is a viable option as there is no certainty that something else that is developed would not have more traffic or a different purpose.

Commissioner Moeller generally echoed Commissioner Chodun's thoughts and expressed favoring a masonry wall with the living screen that the applicant is proposing would alleviate some of the residents' concerns.

Commissioner Logan generally expressed the same thoughts of fellow Commissioners comments and short of no development coming in, she generally feels the Montessori school is a good fit specifically because of the willingness of the applicant to work with surrounding neighbors' concerns as best they can.

Commissioner Chodun made a motion to approve Z2017-024 with staff recommendations. Commissioner Moeller seconded the motion, which passed by a vote of 6-0, with Chairman Lyons absent.

8. Z2017-025

Hold a public hearing to discuss and consider a request by Alex Freeman of Pinnacle Montessori Franchise Co. on behalf of George R. Weatherford for the approval of a Specific Use Permit (SUP) for a general retail store for a 2.38-acre parcel of land identified as Tract 6 of the J. Strickland Survey, Abstract No. 187, City of Rockwall, Rockwall County, Texas, zoned Residential-Office (RO) District, situated within the North SH 205 Overlay (N-SH 205 OV) District, addressed as 4031 N. Goliad Street, and take any action necessary.

Planner, Korey Brooks, gave a brief explanation of the request stating that the applicant is requesting the approval of a Specific Use Permit to allow a general retail store in a Residential Office District. On May 12, 2017, the applicant submitted a request to rezone the subject property from Residential Office District to General Retail) District to allow for a Montessori School/daycare and a general retail store however, on June 13, 2017, the applicant requested to withdraw the case with the intention on changing the request from a rezoning request to a SUP request for a Montessori School and a second SUP request for a general retail store.

Mr. Brooks went on to state that according to the UDC a general retail store requires an SUP in a Residential Office and should the SUP be approved, the applicant will be required to submit a site for approval by the Architectural Review Board and the Planning and Zoning Commission and will be subject to the North Goliad Corridor Overlay District standards. The applicant is proposing to utilize wrought iron and landscape screening the development from the adjacent residential properties located adjacent to the north, south, and west property lines. Additionally, the general retail store will be built to a residential scale of 22-feet in height. According to the applicant, the proposed general retail store will house child-oriented uses complementary to the Montessori School/day care use such as a karate academy, dance academy, music school, math/educational classes, and STEM classes. Although it is not the applicant's intent to target the typical uses of a strip center such as a donut shop, dry cleaners, and nail salon, these uses would be allowed should the SUP be approved. According to the applicant, the playground area will be located behind the general retail store. Additionally, a row of trees will be provided behind the general retail store to screen from the adjacent residential properties located to the west. All proposed parking areas will be screened from the adjacent residential properties and incidental display/outside storage will be prohibited. The proposed Montessori School/daycare facility will be constructed of a similar design to the general retail store and will be of residential scale of 25-feet in height.

Mr. Brooks further stated that on July 3, 2017, staff sent 69 notices to property owners and residents within 500-feet of the subject property and notified the Castle Ridge Phase 2 Homeowners Association and at the time the report was drafted, staff received one notice in favor and two notices and one email in opposition of the request however today staff additionally received one more notice in opposition.

Mr. Brooks went over the conditions of approval which are that 1)the applicant shall be responsible for maintaining compliance with the operational conditions contained in the SUP ordinance which are as follows: a) The building shall generally conform to the concept plan and building elevations depicted in Exhibit 'A' and Exhibit 'B' of the draft ordinance. b)The site shall have a ten foot landscape buffer and shall include accent trees a minimum of four feet in height at 20-feet on center adjacent to all residential properties c) a shrub row shall be provided as headlight screening for any parking adjacent to SH-205. d) All parking areas shall be screened from all residential properties. e) The dumpster shall not face any residential

property and should be located away from the residential properties to the west. f) Cross-access shall be provided as depicted in Exhibit 'B of the draft ordinance'. g) Canopy trees shall be provided behind the general retail store. h)Incidental display and outside storage shall be strictly prohibited .i) Should the property be subdivided, a parking agreement between the two properties may be required to be approved by the City Council to ensure both uses are sufficiently parked. j) The general retail store shall be limited to 7,000 SF k) at the time of engineering; a Traffic Impact Analysis will be required. And lastly 2) Any construction or building necessary to complete this request must conform to the requirements set forth by the UDC, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

Mr. Brooks advised the Commission that the applicant was present and staff was available for questions.

Commissioner Chodun asked if there was a more restrictive use than a General Retail Store use possibly ancillary to educational or training. Mr. Brooks stated the Land Use chart doesn't identify every use that's possible therefore those uses fall under General Retail.

Vice-Chairman Trowbridge asked staff to clarify that although the request is intended for ancillary retail to the Montessori school, it would not necessarily be limited to those uses. Mr. Brooks stated that anything that is allowed and fall into General Retail would be allowed such as a donut shop.

Vice-Chairman Trowbridge opened up the public hearing and asked the applicant to come forward and speak.

Brad Williams
2727 N. Harvard Street
Dallas, TX

Mr. Williams came forward and stated that he is surprised to learn that a donut shop would be an allowed use it is however not there intent or goal. He added that in recognizing that there are limitations to the use classifications he wishes there were a more narrow classification that they could have selected for their application because by having that it would have helped clarify of what their intent is. They would be willing to add as a condition of the SUP limited uses if that is something the Commission wanted to do and if it was something that they as applicants would be allowed to do, to limit the uses. Mr. Miller added that typically uses cannot be limited as part of the SUP, it's only meant to limit operational and compliance constraints, therefore in this case the uses could not be limited.

Mr. Williams went on to state that he would not go over his power pointe presentation, having already done so in the previous agenda item, but was open to any questions the Commission had.

Vice-Chairman Trowbridge asked if the parking would be both in the front and on the back. Mr. Williams provided the concept plan which showed where they are proposing to have the parking area.

Commissioner Logan asked how the applicant will attract the tenants for the uses they are proposing. Mr. Williams stated they will be the landlords and therefore can target such tenants and can be sure they lease to such tenants. He asked his colleague that has more knowledge of that to add additional feedback.

Lin Wang
100 N. Central Expressway
Dallas, TX

Ms. Wang came forward and stated they have been in operation for over 12 years and they have a source that finds the tenants they are searching for and have been successful in the past.

Commissioner Fishman asked what other types of tenants aside from karate/dance classes they would be looking to lease to. Mr. Williams answered that those are basically the uses they are currently looking to have.

Vice-Chairman Trowbridge asked if anyone wished to speak to come forward and do so.

Sulaine Calloway
517 Sellars Court
Rockwall, TX

Mrs. Calloway came forward and stated her strong opposition to the request. Her concern is with the General Retail because if they are unable to obtain the tenants that they have the intent to bring, the fear is what would happen to that retail spot and how that would affect the property values.

Jennifer Dayman
519 Sellers Court
Rockwall, TX

Mrs. Dayman came forward and stated her strong opposition to the request.

Yvonne Sullivan
521 Sellars Court
Rockwall, TX

Ms. Sullivan came forward and stated her opposition to the request. She feels there are plenty of child accessible facilities and one more is not needed as well as the traffic issues that it will create. She urged the Commission to deny the request.

Vice-Chairman Trowbridge asked the applicant to come forward for any rebuttal.

Mr. Williams came forward and addressed concerns of what uses that could come in that the neighbors are worried would come in such as nail salons. He clarified with staff that such use would require another SUP. With concern as to the tenants they will lease to, they currently do not have an entitled property and therefore do not have any tenants but they look forward to actively looking for the tenants that will fit the uses they are proposing as soon as they get approval. With concern of the screening, he feels he is hearing conflicting requests from the surrounding neighborhood, if they want sound barrier it would require the masonry wall, but that would prevent the free flow and connectivity. Concerning the competition they would face they feel economically they are in a good spot with the demand. Mr. Williams added that they feel this would be a great fit to the community.

Vice-Chairman Trowbridge asked if the developments in Allen and Murphy that were given as examples have an adjacent retail use next to them. Mr. Williams stated that the Allen location does but the Murphy location does not.

Commissioner Welch asked concerning the 7,000 square foot building would have five bays and would they be then looking to house five tenants or would that fluctuate dependent on tenant size. Mr. Williams stated he believed with clarification from staff that should the request be approved, the elevation then becomes a part of the ordinance, six units would not be allowed. Mr. Miller added that the Commission could request that the retail be no larger than 7,000 square feet as indicated by the tenant and that it generally conform to the building elevations that are currently being proposed. It would be taken to the Architectural Review Board for their review and recommendation at the site plan process.

Vice-Chairman Trowbridge closed the public hearing and brought the item back to the Commission for discussion or a motion.

Vice-Chairman Trowbridge generally expressed being in favor of the request with a highly restrictive approval.

Commissioner Chodun expressed concern over the concerns the residents expressed he feels if the uses that they're suggesting for the retail portion are an important to the school, why not

teach them in the school itself, he generally expressed leaning against the retail portion of the request.

Commissioner Logan spoke of the concept seems to be a good one for those parents wishing to have their children participate in an after school program and having it offered on the same property would facilitate it for parents to not have to drive them and generally expressed being in favor of the request.

Commissioner Fishman generally expressed being in favor of the request.

Commissioner Moeller generally expressed being in favor of the request.

General discussion took place between the Commission concerning the concerns discussed.

Commissioner Moeller made a motion to approve the SUP for a general retail store with the condition that the number of suites be limited to no more than five (5) suites and with staff recommendations. Commissioner Welch seconded the motion, which passed by a vote of 5-1 with Commissioner Chodun dissenting and Chairman Lyons absent.

Vice-Chairman Trowbridge called for a recess at 8:04 p.m.

Vice-Chairman Trowbridge brought the meeting back to order at 8:13 p.m.

9. Z2017-026

Hold a public hearing to discuss and consider a city initiated request for the approval of a text amendment amending Section 4.1, Lots Less Than Five (5) Acres, of Article VI, Parking and Loading, of the Unified Development Code and Chapter 26, Motor Vehicles and Traffic, of the Municipal Code of Ordinances for the purpose of consolidating language relating to the storage of recreation vehicles and adding provisions to allow extended parking, and take any action necessary.

Senior Planner, David Gonzales, gave a brief explanation of the case stating that on June 5, 2017, the City Council directed staff to bring forward changes to Section 4.1, Lots Less Than Five Acres of Article VI, Parking and Loading, of the Unified Development Code and Chapter 26, Section 26-507, Parking Oversized and Recreational Vehicles in Residential Areas of Article VII, Stopping, Standing or Parking of the Municipal Code of Ordinances for the purpose of consolidating common language within these sections, deleting Subsections 'C', 'D' & 'E' of Section 4.1 of the UDC, and incorporating these sections into Section 26-507 of Chapter 26 of the Municipal Code of Ordinances. The amendment would allow for extended parking of recreational vehicles for a maximum of five days by registration. In addition, the amendment would clarify and define the terms for "boats" and "recreational vehicles." By removing that portion of Section 4.1 from the UDC this will prevent duplication of the code. As a result of this direction, staff prepared a draft Text Amendment. In accordance, with Section 4.2 of Article XI, Zoning Related Applications, of the UDC staff is bringing the proposed amendments forward to the Planning and Zoning Commission for a recommendation to the City Council. Staff should note that it is only within the purview of the Planning and Zoning Commission to make recommendations on the material being removed from the UDC and not on the content being incorporated into the Municipal Code of Ordinance. In accordance with the policies of the UDC and state law staff posted notice of the text amendment in the he Rockwall Harold Banner on June 30, 2017.

Mr. Gonzales advised the Commission staff was available for questions.

Vice-Chairman Trowbridge asked if there has been any change in the language since the work session where it was last discussed. Mr. Gonzales stated there were not any changes since the Work Session and it will be taken forward to City Council next.

Commissioner Chodun asked if the parking would include public streets. Mr. Gonzales stated it would include the street as well.

Vice-Chairman Trowbridge opened up the public hearing and asked if anyone wished to speak to come forward and do so, there being no one indicating such, Vice-Chairman Trowbridge closed the public hearing and brought the item back to the Commission for discussion or approval.

Commissioner Moeller made a motion to approve Z2017-026 with staff recommendations. Vice-Chairman Trowbridge seconded the motion which passed by a vote of 6-0, with Chairman Lyons absent.

10. Z2017-027

Hold a public hearing to discuss and consider a request by Mahbub Dewan of D1 Architect on behalf of Deepak Gandhi for the approval of a Specific Use Permit (SUP) for the purpose of allowing a residence hotel in a Commercial (C) District that exceeds 36-feet in height within the Scenic Overlay (SOV) District on a 5.217-acre parcel of land identified as a portion of Lot 8 and all of Lots 9 & 11, Block A, La Jolla Pointe, Phase 2 Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the Scenic Overlay (SOV) and IH-30 Overlay (IH-30 OV) Districts, generally located along La Jolla Pointe Drive, east of the intersection of La Jolla Pointe Drive and Laguna Drive, and take any action necessary.

Senior Planner, David Gonzales, gave a brief explanation of the request stating that the applicant, Mahbub Dewan, is requesting the approval of a Specific Use Permit to allow a residence hotel on a 5.217-acre parcel of land located south of IH-30, adjacent to Ralph Hall Court zoned Commercial. According to the UDC a residence hotel requires a SUP within a Commercial District. The proposed four story Residence Hotel will be the Hyatt House brand and will have approximately 90 rooms available for extended stay. Extended or long term stay is not only nightly, weekly, and/or monthly rental of the suites, but includes kitchen facilities that are available within the room. Although the subject property is within the IH-30 Overlay and the Scenic Overlay Districts, it does not have direct frontage along IH-30 or Ridge Road. The property does have frontage along La Jolla Pointe Drive. The site can be accessed from Ridge Road and Village Drive, which connects to La Jolla Pointe and Laguna Drive. In addition, the site can be accessed from Catalina Drive via IH-30 Frontage Road. It should be noted that since the property does not have directed access on IH-30, it is not permitted a pole sign. As a note, the subject property is within the Scenic Overlay District, which incorporates special use standards for structures exceeding 36-ft in height, and requires an SUP. If the applicants request for the Residence Hotel be approved, staff included a condition of approval allowing the structure to have an overall height of four stories not to exceed 60-feet. Additionally the applicant's request conforms to all applicable requirements regarding a Specific Use Permit; however, granting an SUP remains a discretionary act of the City Council and if approved the applicant will be required to submit a site plan and replat the lot.

Mr. Gonzales further stated that on June 29, 2017, staff mailed 45 notices to property owners and residents within 500-feet of the subject property and emailed a notice to the Turtle Cove and Lakeside Village Homeowner's Associations and staff received one email notice in favor of the request.

Mr. Gonzales advised the Commission that a representative of the applicant was present and staff was available for questions.

Vice-Chairman Trowbridge asked if the reason it requires an SUP is for the fact that it's a residence hotel and because of its height and because it falls within the Overlay District. Mr. Gonzales stated that was correct.

Vice-Chairman Trowbridge opened up the public hearing and asked the applicant to come forward and speak.

Kevin Hilchey
6128 FM 911
Longview, TX

Mr. Hilchey gave a brief power pointe presentation of the request that showed the concept plan for the proposed Hyatt House and generally spoke that the subject property would be adjacent to a Hampton Inn as well as to numerous restaurants that surround the area. He spoke of the history of the Hyatt brand and of similar properties they have been involved in. The Hyatt Place project will have 100 rooms and the Hyatt House project will be 80 rooms and is referred to as an extended stay where a guest typically stays between 3-14 days. The hotel does provide full cooking for the guest however typically guests don't take advantage of that because the facility provides food service and a free breakfast.

Mr. Hilchey advised the Commission for any questions concerning the extended stay project he may answer.

Commissioner Chodun asked where the closest Hyatt House project was located in Texas. Mr. Hilchey stated the closest ones are located in Dallas. Commissioner Chodun asked if those locations incorporate the Hyatt Hotel within the same vicinity. Mr. Hilchey stated that there are Hyatt Places in proximity but not on the same land.

Commissioner Welch asked concerning the connectivity of the parking lot down into the pad site of the restaurants. Mr. Hilchey stated that the franchise has asked for accessibility to the surrounding restaurants and that will be discussed at the time of site plan.

Commissioner Logan expressed that although Hyatt is a good brand, there is usually some reservations when discussing allowing an extended stay hotel and asked Mr. Hilchey if Hyatt has maintained ownership of all that they've built. Mr. Hilchey explained that Hyatt typically would own and operates in major feeder cities. In the last ten years Hyatt has taken these two products and moved out onto secondary markets and they're doing that thru a franchise model. They (the applicant) will be the owner and operators of the business under license of Hyatt and they in turn make them live up to certain standards. Mr. Hilchey added that he is not aware of a Hyatt project that has been built in the state of Texas that is no longer a Hyatt project, meaning there has not been an exchange of brand within a franchisee as sometime is seen with other hotel names.

Vice-Chairman Trowbridge asked concerning the franchise PIP agreement, the premium average rate, and the overall demand. Mr. Hilchey explained that they have a six year agreement which is called a soft good PIP, a ten year full PIP, another soft PIP at 16 years and then at 20 years if the license is renewed Hyatt gives another improvement plan. Vice-Chairman Trowbridge asked what happens if the Hyatt standards are not maintained. Mr. Hilchey explained that if that were to happen Hyatt has the ability to drop the use of the Hyatt name. Concerning the rate, Mr. Hilchey stated they are expecting to average around $139 a night which is just slightly lower than the Texas rate. Concerning the overall demand, the preliminary reports from Smith travel research shows that demand is growing on a pretty regular basis in the City of Rockwall.

Commissioner Chodun asked if they would consider splitting the cases, if the Hyatt House doesn't get approved and the Hyatt Place does, would they still pursue forward or is it specifically a joint project. Mr. Hilchey stated that the Hyatt House is the secondary project and the Hyatt Place is the primary project. They plan on developing and starting on the Hyatt Place first and continue to analyze the market to make sure they have not made improper assumptions about the market, continue their research and at some later point develop the Hyatt House.

Commissioner Chodun asked if the Hyatt Place would have any suites. Mr. Hilchey stated it would not have any cooking facilities, only small refrigerators.

Vice-Chairman Trowbridge asked if anyone wished to speak to come forward and do so.

Glen Sparks
3322 Lakeside Drive
Rockwall, TX

Mr. Sparks came forward and stated he was in generally in favor of the request although he has concerns with the height and the adverse effects that would have on their properties. He also is concerned with the additional traffic it will cause. He feels the Hyatt is a good brand name and hopes it always remain that because his concern for the extended stay is if there could be a time limitation on how long someone can stay. Mr. Gonzales stated that time limitations are not regulated.

Kristen Minth
3406 Lakeside Drive
Rockwall, TX

Ms. Minth came forward came forward and generally expressed being in favor of the request. Her general reservation and concern was with the "extended stay" component but she feels the

Hyatt is a good name and high standards would like to make sure that it stays a "Hyatt" brand.

Mr. Miller added that the SUP cannot tie down the brand itself however what can be done is tie down the elevations that they've submitted in the ordinance which is somewhat of a protection because most hotel brands have their own elevations.

Mr. Hilchey added that the reason they are requesting approval for the Hyatt House now is because they are looking to buy both franchises with the purchase of the property.

Vice-Chairman Trowbridge asked if there was anyone else who wished to speak to come forward and do so there being no one indicating such Vice-Chairman Trowbridge closed the public hearing and brought the item back to the Commission for discussion or motion.

Commissioner Welch made a motion to approve Z2017-027 with staff recommendations. Commissioner Moeller seconded the motion which passed by a vote of 5-1, with Vice-Chairman Trowbridge dissenting and Chairman Lyons absent.

11. Z2017-028

Hold a public hearing to discuss and consider a request by Mahbub Dewan of D1 Architect on behalf of Deepak Gandhi for the approval of a Specific Use Permit (SUP) for the purpose of allowing a hotel in a Commercial (C) District that exceeds 36-feet in height within the Scenic Overlay (SOV) District on a 5.217-acre parcel of land identified as a portion of Lot 8 and all of Lots 9 & 11, Block A, La Jolla Pointe, Phase 2 Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the Scenic Overlay (SOV) and IH-30 Overlay (IH-30 OV) Districts, generally located along La Jolla Pointe Drive, east of the intersection of La Jolla Pointe Drive and Laguna Drive, and take any action necessary.

Senior Planner, David Gonzales, gave a brief explanation of the request stating that the applicant, Mahbub Dewan, is requesting the approval of a Specific Use Permit to allow a hotel on a 5.217-acre parcel of land located south of IH-30, adjacent to Ralph Hall Court that is zoned Commercial. According to the UDC a hotel requires a SUP within a Commercial District. The proposed four story Hotel will be under the Hyatt Place banner, and will have approximately 100 rooms available for general stay not extended/residency stay. This SUP request is being proposed in conjunction with an SUP request for a residence hotel which is for the Hyatt House, which will be located directly adjacent to this hotel. Although the subject property is within the IH-30 Overlay and the Scenic Overlay Districts, it does not have direct frontage along IH-30 or Ridge Road but does have frontage along La Jolla Pointe Drive. The site can be accessed from Ridge Road and Village Drive which connects to La Jolla Pointe and Laguna Drive. In addition, the site can be accessed from Catalina Drive via IH-30 Frontage Road. Additionally since the property does not have directed access on IH-30, it is not permitted a pole sign. The subject property is within the Scenic Overlay District, which incorporates special use standards for structures exceeding 36-ft in height, and requires an SUP. The applicant's request conforms to all applicable requirements regarding a Specific Use Permit however, granting an SUP remains a discretionary act of the City Council and if approved the applicant will be required to submit a site plan and replat the lot.

Mr. Gonzales further stated that on June 29, 2017, staff mailed 45 notices to property owners and residents within 500-feet of the subject property and also emailed a notice to the Turtle Cove and Lakeside Village HOA's), which are the only HOA's Staff has received one email notice in favor of the request.

Mr. Gonzales advised the Commission the applicant was present and available for questions as well as staff.

Vice-Chairman Trowbridge asked the applicant to come forward.

Kevin Hilchey
6128 FM 911
Longview, TX

Mr. Hilchey came forward and advised the Commission he would allow his architect to further elaborate on the request.

Mahbub Dewan
(No address given)

Mr. Dewan came forward and stated he is the architect for the project. He provided slide show presentation that showed elevation renderings and he gave a brief explanation of what the heights and elevations will entail. He advised the Commission they are looking to build a good product for the community.

Commissioner Logan asked concerning the elevation looking at the top floor of the building, what appears to be a logo. Mr. Dewan stated that is just a prototype identity for the new Hyatt Place.

Vice-Chairman Trowbridge asked if there would be any convention space. Mr. Hilchey stated there would be meeting space in the Hyatt Place of approximately 1,600 square feet that could be divided into three different spaces as well as a board room.

Vice-Chairman Trowbridge opened up the public hearing and asked anyone who wished to speak to come forward and do so.

Kristen Minth
3406 Lakeside Drive
Rockwall, TX

Ms. Minth came forward and generally expressed being in favor of the request.

Vice-Chairman Trowbridge asked if anyone else wished to speak to come forward and do so, there being no one indicating such, Vice-Chairman Trowbridge closed the public hearing and brought the item back to the Commission for discussion or a motion.

Commissioner Chodun made a motion to approve with staff recommendations. Commissioner Logan seconded the motion, which passed by a vote of 6-0, with Chairman Lyons absent.

12. Z2017-029
Hold a public hearing to discuss and consider a request by Juan J. Vasquez of Vasquez Engineering, LLC on behalf of the owner Don Silverman of Rockwall 205-552, LLC for the approval of a Specific Use Permit (SUP) for an ~3,000 SF restaurant with drive-through on a 0.857-acre parcel of land identified as Lot 4, Block A, Dalton-Goliad Addition, City of Rockwall, Rockwall County, Texas, zoned General Retail (GR) District, situated within the North SH-205 Overlay (N-SH-205 OV) District, addressed as 3611 N. Goliad Street, and take any action necessary.

Senior Planner, David Gonzales, gave a brief explanation of the case stating that the applicant, Juan J. Vasquez, is requesting the approval of a Specific Use Permit to allow a restaurant greater than 2,000 SF with a Drive-Through use on a 0.857-acre parcel of land located at the northwest corner of Dalton Road and N. Goliad Street. According to the UDC a restaurant greater than 2,000 SF with a drive-through requires an SUP within a General Retail District. The proposed single-story building will be a 3,010 SF Freddy's Frozen Custard restaurant. The applicant has indicated that the drive-through window and order kiosk will be oriented away from the single-family neighborhood to the north of the subject property. In addition, the applicant's request and concept plan conforms to all applicable requirements regarding a Specific Use Permit; however, granting an SUP remains a discretionary act of the City Council. If approved the applicant will be required to submit a site plan and replat the lot.

Mr. Gonzales further stated that on June 29, 2017, staff mailed 28 notices to property owners and residents within 500-feet of the subject property and emailed a notice to the Castle Ridge Phase 2 and the Shores/Ray Hubbard Homeowner's Associations. Staff did receive one notice in favor of the request.

Mr. Gonzales advised the Commission that the applicant was present and available for questions as well as staff.

Vice-Chairman Trowbridge asked for clarification if the SUP was due to the drive-thru component. Mr. Gonzales stated that was correct.

Vice-Chairman Trowbridge opened up the public hearing and asked the applicant to come forward and speak.

Juan Vasquez
Vasquez Engineering
1919 S. Shiloh Road
Garland, TX

Mr. Vasquez came forward and stated he is representing the land owner as well as the developer which is Freddy's Frozen Custard and will be his, the franchisees, sixth location within the North Dallas area. The franchisee owns the property and will develop, build and maintain the property. Mr. Vasquez went on to state that they have been working with staff on the location of the menu board, which will be facing away from the home owners. Also, there is another lot between the subject property and the home owners that will serve as a buffer when that lot develops as they will be required to build a screen wall. In addition they will add additional landscaping around the menu board to further mitigate any potential noise. Mr. Vasquez advised the Commission he is available for any questions the Commission may have.

Vice-Chairman Trowbridge asked the Commission for questions for staff or the applicant.

Commissioner Chodun asked how many franchise locations are within the country. Mr. Vasquez stated he would refer that question to his colleague.

John McClure
4099 Mcqueen Suite 300
Dallas, TX

Mr. McClure came forward and stated they are the franchisee for the Dallas area, they have seven counties, and this will be their sixth store which they are excited about coming into Rockwall. There are 250 Freddy's nationwide with about 8 that are corporate owned, the rest are franchises.

Vice-Chairman Trowbridge asked if anyone wished to speak to come forward and do so, there being no one indicating such, Vice-Chairman Trowbridge closed the public hearing and brought the item back to the Commission for discussion or a motion.

Vice-Chairman Trowbridge made a motion to approve with staff recommendations. Commissioner Welch seconded the motion which passed by a vote of 6-0, with Chairman Lyons absent.

13. Z2017-030
Hold a public hearing to discuss and consider a request by Calise Barraque of The Mint Julep on behalf of the owner Caprice Michelle of Rockwall Rustic Ranch, LLC for the approval of a Specific Use Permit (SUP) for a general retail store on a 0.183-acre parcel of land identified as Lot 1, Block A, Rockwall Rustic Ranch Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50), situated within the North Goliad Corridor Overlay (NGC OV) District, addressed as 406 N. Goliad Street, and take any action necessary.

Planner, Korey Brooks, gave a brief explanation of the request stating that the applicant is requesting the approval of a Specific Use Permit to allow for a general retail store and the subject property is zoned Planned Development District 50. On October 6, 2014, the City Council approved a Specific Use Permit to allow a restaurant, less than 2,000 SF without a drive in. Currently, the applicant is requesting to establish a business, The Mint Julep that sells home furnishings, refinished and painted antique and vintage furniture, candles, skincare, new clothing, which is merchandise that would be considered general retail. In addition, the applicant would like to sell new clothing in a limited section of the building, an area approximately 200 square feet. According to S the Unified Development Code and the Planned Development District 50 standards, a general retail store is permitted with an SUP. According to

the PD-50 standards, the sale of new clothing is prohibited, however, similar requests have been approved previously, Hazel and Olive, Hallie B, as an accessory use to the main business; however, this request is discretionary to the Planning and Zoning Commission and City Council. The floor plan that the applicant submitted shows that the sale of new clothing will be limited to 200 SF of the building. Additionally, incidental display outside storage and the sale of new clothing will be prohibited. The development is in conformance with the parking requirements for a general retail store and the applicant is providing 28 parking spaces. Staff should note that the existing SUP for a restaurant, less than 2,000 SF without a drive-in is subject to Section 4.4, Abandonment, Expiration, and Revocation of a Specific Use Permit of Article IV, Permissible Uses, of the Unified Development Code will expire if not utilized by March 20, 2018. The applicant's request is generally in conformance with the Unified Development Code; however, granting a Specific Use Permit is a discretionary decision for the Planning and Zoning Commission and City Council.

Mr. Brooks further noted that on July 3, 2017, staff sent 109 notices to property owners and residents within 500-feet of the subject property. Staff received two notices in favor of the request at the time the memo was drafted and also two additional notices also in favor since then.

Mr. Brooks advised the Commission the applicant was present and available for questions as well as staff.

Vice-Chairman Trowbridge opened the public hearing and asked the applicant to come forward.

Calise Barraque
406 N. Goliad Rd.
Rockwall, TX

Ms. Barraque came forward and stated she is looking to open a general retail store that will feature local artists and vendors. She respectfully asked the Commission for their approval.

Vice-Chairman Trowbridge asked if anyone wished to speak to come forward and do so, there being no one indicating such, Vice-Chairman Trowbridge closed the public hearing and brought the item back to the Commission for discussion or a motion.

General discussion took place between the Commission concerning PD-50 and the use the applicant is proposing.

Commissioner Logan made a motion to approve to approve with staff recommendations. Commissioner Fishman seconded the motion which passed by a vote of 6-0, with Chairman Lyons absent.

V. DISCUSSION ITEMS

14. Director's Report of post Council meeting outcomes of Planning & Zoning cases.

- ✓ P2017-029: Lots 1, Block A, Dirkse Addition [*Approved*]
- ✓ P2017-031: Lots 1, Block A, Wimpee Acres Addition [*Approved*]
- ✓ Z2017-020: Rockwall SIL (AG & C to PD) (*1st Reading*) [*Denied*]
- ✓ Z2017-022: 205 By-Pass Corridor Overlay (205 BY-OV) District Amendments (*2nd Reading*) [*Approved*]
- ✓ H2017-007: Rescind Landmark Designation for 902 N. Goliad Street (*2nd Reading*) [*Approved*]

Planning Director, Ryan Miller, provided a brief update about the outcome of the above referenced case at the City Council meeting.

VI. ADJOURNMENT

Vice-Chairman Trowbridge adjourned the meeting at 9:28 p.m.

PASSED AND APPROVED BY THE PLANNING & ZONING COMMISSION OF THE CITY OF ROCKWALL, Texas, this _____ day of _____, 2017.

_____
Johnny Lyons, Chairman

Attest:

Laura Morales, Planning Coordinator

MINUTES

PLANNING AND ZONING COMMISSION PUBLIC HEARING
City Hall, 385 South Goliad, Rockwall, Texas
Council Chambers
September 12, 2017
6:00 P.M.

I. CALL TO ORDER

Chairman Lyons called the meeting to order at 6:03 p.m. The Commissioners present at the meeting were, Eric Chodun, Mark Moeller, Tracey Logan, Patrick Trowbridge and Jerry Welch. Commissioner Annie Fishman was absent from the meeting. Staff members present were Planning Director, Ryan Miller, Senior Planner David Gonzales, Planner, Korey Brooks, Planning Coordinator, Laura Morales, and Civil Engineer Jeremy White.

II. CONSENT AGENDA

1. Approval of Minutes for the August 29, 2017 Planning and Zoning Commission meeting.

2. P2017-047

Consider a request by Cameron Slown of FC Cuny Corporation on behalf of Randal Currington of Fontanna Ranch, LP for the approval of a final plat for *Phase III* of the Fontanna Ranch Subdivision containing 53 single-family residential lots on a 27.80-acre tract of land identified as Tract 19 of the J. A. Ramsey Survey, Abstract No. 186, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 67 (PD-67) for Single-Family 16 (SF-16) District land uses, generally located east of FM-549 and south of SH-276, and take any action necessary.

Commissioner Logan made a motion to approve the consent agenda. Commissioner Trowbridge seconded the motion, which passed by a vote of 6-0, with Commissioner Fishman absent.

III. APPOINTMENTS

3. Appointment with Architectural Review Board representative to receive the Board's recommendations and comments for items on the agenda requiring architectural review.

The Architectural Review representative gave a brief explanation concerning agenda items that were discussed at the Architectural Review Board meeting.

IV. PUBLIC HEARING ITEMS

4. Z2017-031

Hold a public hearing to discuss and consider a request by David Turnham for the approval of a zoning change from an Agricultural (AG) District to a Single-Family 1 (SF-1) District for a 1.410-acre tract of land identified as Tract 9-01 of the J. E. Sherwood Survey, Abstract No. 193, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, addressed as 950 Clem Road, and take any action necessary.

Senior Planner, David Gonzales, gave a brief explanation of the request stating that the applicants are requesting a zoning change from an Agricultural to Single- Family 1 because the acreage for the plot does not fit to a Family Estate. The Future Land Use Map designates the area as Low Density Residential therefore the request is in conformance with the Future Land Use Map. Mr. Gonzales explained that the land uses adjacent to the subject property are North of the subject property is Stodghill Lane, which is identified as a TXDOT 4D on the Master Thoroughfare Plan. Located on the east side of Stodghill Lane is an unincorporated area with single-family residential homes. On the west sides of Stodghill Lane there are several properties zoned as Single Family Estate 1.5 & 4.0 Districts. South of the subject property is a 1 acre tract of land with a single-family home that is zoned Agricultural District. Adjacent to this single-family home is 62-acre tract of vacant land zoned Agricultural District. East of the subject property is an unincorporated tract of land with an existing single- family residential home on the property. And west of the subject property are single-family homes that are zoned Single-Family Estate-4.0 District

Mr. Gonzales added that on September 1, 2017, staff mailed 8 notices to property owners and residents within 500-feet of the subject property. There are no Homeowner's Associations or Neighborhood Organizations located within 1,500-feet of the subject property participating in the notification program. Staff has received 1 notice in favor of the applicant's request.

Mr. Gonzales advised the Commission the applicants were present and available for questions, as well as staff.

Chairman Lyons opened up the public hearing and asked the applicants to come forward.
Laurie Turnham
1480 Madison Drive
Rockwall, TX

David Turnham
1480 Madison Drive
Rockwall, TX

Mr. and Mrs. Turnham came forward and respectfully asked the Commission for their approval and added that they were available for any question.

Chairman Lyons asked if there was anyone who wished to speak concerning this case to come forward and do so, there being no one indicating such; Chairman Lyons closed the public hearing and brought the item back to the Commission for discussion or action.

Commissioner Trowbridge made a motion to approve Z2017-031 with staff recommendations. Commissioner Moeller seconded the motion with a vote of 6-0 with Commissioner Fishman absent.

5. Z2017-034
Hold a public hearing to discuss and consider a request by Mike Richter of Mingling Mouth on behalf of Marlyn Roberts for the approval of a Specific Use Permit (SUP) for a *Portable Beverage and/or Food Service Facility* on a 2.02-acre parcel of land identified as Lot 2, Block 1, Meadowcreek Business Center, Phase 1 Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the SH-205 Overlay (SH-205 OV) District, addressed as 2625 S. Goliad Street [*SH-205*], and take any action necessary.

Chairman Lyons advised the Commission that the applicant has requested to withdraw the case and action would need to be taken to accept or deny the withdrawal.

Commissioner Trowbridge made a motion to accept the withdrawal of Z2017-034. Commissioner Welch seconded the motion which passed by a vote of 6-0, with Commissioner Fishman absent.

6. Z2017-035
Hold a public hearing to discuss and consider a request by Mike Richter of Mingling Mouth on behalf of Matt Wavering of the Rockwall Economic Development Corporation (REDC) for the approval of a Specific Use Permit (SUP) for a *Portable Beverage and/or Food Service Facility* on a 4.895-acre parcel of land identified as Lot 4, Block C, Rockwall Technology Park Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, addressed as 2610 Observation Trail, and take any action necessary.

Chairman Lyons advised the Commission that the applicant has requested to withdraw the case and action would need to be taken to accept or deny the withdrawal.

Commissioner Chodun seconded the motion to accept the withdrawal for Z2017-035. Commissioner Welch seconded the motion which passed by a vote of 6-0, with Commissioner Fishman absent.

7. Z2017-036
Hold a public hearing to discuss and consider a request by Kevin Patel of Triangle Engineering, LLC on behalf of Michael Fisher of 1306 Summer Lee, LLC for the approval of a Specific Use Permit (SUP) for a medical office building exceeding 36-feet in height in the Scenic Overlay (SOV) District on a 1.082-acre

parcel of land identified as Lot 6, Block A, Temunovic Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 9 (PD-9) for General Retail (GR) District land uses, situated within the Scenic Overlay (SOV) District, addressed as 1310 Summer Lee Drive, and take any action necessary.

Senior Planner, David Gonzales, gave a brief explanation of the request stating that the applicant, Kevin Patel of Triangle Engineering, LLC, is requesting the approval of a Specific Use Permit to allow for a structure that will exceed 36-feet in height within the Scenic Overlay District on a 1.082-acre parcel of land generally located west of the intersection of Summer Lee Drive and West Ralph Hall Parkway. The subject property is zoned Planned Development District 9 for General Retail District land uses. According to the Unified Development Code any structure over 36-feet in height requires a Specific Use Permit. The proposed single-story building will be a 6,454 SF medical office facility. It should be noted that the applicant has submitted a site plan and on July 25, 2017 ARB recommended approval of the building elevations with the increase height. The site plan case has been tabled pending the outcome of this SUP request. Granting a SUP remains a discretionary act of the City Council. If approved the applicant will be required to site plan and replat the lot.

Mr. Gonzales further noted that the directly north and adjacent to the subject property are office buildings, which are zoned PD-9. Directly south of the subject property is an orthodontic office and the Foxchase residential subdivision, which is also zoned PD-9. Directly east of the subject property is an office building, and beyond that is the Sandknop Medical facility and those properties are zoned PD-9. And directly west of the subject property is Lowrance/Young Dental Offices, which are also zoned PD-9.

Mr. Gonzales went on to state that on September 1, 2017, staff mailed 51 notices to property owners and residents within 500-feet of the subject property and also emailed a notice to the Chandlers Landing and Lago Vista HOA's, which are the only HOA's located within 1,500-feet of the subject property participating in the notification program. Staff has received 3 notices in favor of the applicant's request and 2 in opposition.

Mr. Gonzales advised the Commission the applicant was present and available for questions as well as staff.

Chairman Lyons opened up the public hearing and asked the applicant to come forward.

Robert Stensland
Stensland Group Architects
5151 Bent Tree Forest Drive Suite 560
Dallas, TX

Mr. Stensland came forward and stated that his clients wish to build something exceptional for the City by incorporating the clock tower and in order for it to look proportionate it would need to be something taller and therefore the reason they are requesting the SUP. He added that they received positive comments after meeting with the Architectural Review Board.

Chairman Lyons asked the Commission for any questions for the applicant or staff.

Commissioner Trowbridge asked if the second level to the clock tower would have any windows or would allow view to surrounding homes. Mr. Stensland stated there would be no windows; it would be empty like a shell.

Chairman Lyons asked if there was anyone wishing to speak to come forward and do so, there being no one indicating such, Chairman Lyons closed the public hearing and brought the item back to the Commission for discussion or a motion.

Chairman Lyons generally expressed being in favor of the request, he feels if the Architectural Review Board was in favor he felt the building looks good the way they're proposing.

Commissioner Chodun stated he didn't feel there was compelling reason for allowing the variance to the building, and the aesthetics in the other facilities in the surrounding areas are not similar to the proposed building.

Commissioner Logan generally expressed the same reasoning as Commissioner Chodun, she added that general when the Commission reviews height variances it usually is for three to four story buildings and this is only a one story building.

Commissioner Trowbridge stated he felt the building is a nice alternative to a lot of boxes that seem to be filling the City, he generally expressed being in favor of the uniqueness of the building.

Commissioner Moeller stated he agreed with Commissioner Trowbridge's thoughts adding that the building is appealing and generally expressed being in favor of the request.

Chairman Lyons made a motion to approve Z2017-036 with staff recommendations. Commissioner Trowbridge seconded the motion which passed by a vote of 4-2, with Commissioners Logan and Chodun dissenting and Commissioner Fishman absent.

8. Z2017-037

Hold a public hearing to discuss and consider a request by Russell Phillips on behalf of Sandra McMullen for the approval of a zoning change from a Single-Family Estate 4.0 (SFE-4.0) District to a Commercial (C) District for a 8.733-acre tract of land identified as a portion of Lot 16 and all of Lot 14, Rainbow Acres Addition, City of Rockwall, Rockwall County, Texas, zoned Single-Family Estate 4.0 (SFE-4.0) District, addressed as 259 Ranch Road, and take any action necessary.

Planner, Korey Brooks, gave a brief explanation of the request stating that the applicant the applicant is requesting to rezone the subject property from a Single-Family Estate 4.0 District to a Commercial District. The applicant has stated that he intends to utilize the subject property for commercial land uses. All of the surrounding properties are currently zoned Commercial District and should the request be approved, any new development shall be subject to the Commercial District standards stipulated in the Unified Development Code.

Mr. Brooks further explained that directly north of the subject property are commercial structures and beyond that is vacant land adjacent to County Line Road which is identified as a Minor Collector on the City's Master Thoroughfare Plan and those areas are zoned Commercial District. Directly south of the subject property are commercial structures. Directly east of the subject property is a large, vacant tract of land that is zoned Agricultural District. Band directly west of the subject property is Ranch Trail Road which is identified as a minor collector. Beyond this are commercial structures and those areas are zoned Commercial. The Future Land Use Map designates the subject property for Commercial land uses and the applicant's request is in conformance with this designation.

Mr. Brooks went on to state that on September 1, 2017, staff sent thirty notices to property owners and residents within 500-feet of the subject property. There are no HOA's/Neighborhood Associations within 1,500-feet of the subject property. Staff did not receive any notices either in opposition or in favor of the request.

Chairman Lyons opened up the public hearing and asked the applicant to come forward and speak.

Russell Philips
521 Moraine Way
Heath, TX

Mr. Phillips came forward and stated they are looking to continue with the commercial buildings that are currently out there that surround the area and working with the uses along those lines. He respectfully asked the Commission for their approval.

Chairman Lyons asked if anyone wished to speak to come forward and do so, there being no one indicating such, Chairman Lyons closed the public hearing and brought the item back to the Commission for discussion or a motion.

Commissioner Chodun made a motion to approve Z2017-037 with staff recommendations. Commissioner Trowbridge seconded the motion which passed by a vote of 6-0 with Commissioner Fishman absent.

9. Z2017-038

Hold a public hearing to discuss and consider a request by Lori Stevens of Patriot Paws Service Dogs for the approval of a Specific Use Permit (SUP) for a residential care facility on a 3.466-acre parcel of land identified as Lot 1, Block A, Patriot Paws Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, addressed as 302 Ranch Trail, and take any action necessary.

Senior Planner, David Gonzales, gave a brief explanation of the request stating that the applicant, Lori Stevens of Patriot Paws Service Dogs, is requesting the approval of a Specific Use Permit to allow a Residential Care Facility use. The subject property is addressed as 302 Ranch Trail and is zoned Commercial District and in this case and for the purpose of this use, a Residential Care Facility is defined as a facility that allows for the short-term occupancy, occupancy not to exceed 14 days, of a disabled American veteran and/or others with mobile disabilities that require special training for a service animal. According to the Unified Development Code a Residential Care Facility requires a Specific Use Permit within a Commercial District. Currently, there is an existing two bedroom, single-story home on the subject property, and north of the Patriot Paws facility. Parking for this facility will be in accordance with the Article V, Parking and Loading, of the UDC and requires a minimum of one space per bedroom. The single-story home will either be remodeled or demolished and reconstructed for the purpose of providing short-term occupancy of disabled American veterans in need of additional training with their service animal. Granting a SUP remains a discretionary act for the City Council and if approved the applicant will be required to submit a site plan and replat the property.

Mr. Gonzales further stated that on September 1, 2017, staff mailed 31 notices to property owners and residents within 500-feet of the subject property. There are no Homeowner's Associations or Neighborhood Organizations located within 1,500-feet of the subject property participating in the notification program. Staff has not received any notices regarding the applicant's request.

Mr. Gonzales advised the Commission the applicant was present and available for questions as well as staff.

Chairman Lyons opened up the public hearing and asked the applicant to come forward.

Laurie Stevens
254 Ranch Trail
Rockwall, TX

Ms. Stevens came forward and stated she is joined at tonight's meeting with two individuals from the Dallas Builders Association who have taken on the project as one of their charities.

Phil Crone
Dallas Builders Association
5816 W. Plano Pkwy
Plano, TX

Mr. Crone came forward and stated he is the Executive Officer for the Dallas Builders Association.

Scott Roberts
Creative Architects
1026 Creekwood
Garland, TX

Mr. Roberts came forward and stated he is one of the architects with the project and works with Creative Architects.

Mr. Crone added that they have many members who are willing and able to help with the project which is looking to be a rebuild of the facility because that will be the best fit the needs of Patriot Paws and specifically the veterans that will benefit from it.

Commissioner Trowbridge asked what the maximum capacity would be of veterans staying at one time. Ms. Stevens stated that with the home only being two bedrooms it would be two people at a time, unless a family member accompanies them.

Chairman Lyons asked if anyone wished to speak to come forward and do so, there being no one indicating such, Chairman Lyons closed the public hearing and brought the item back to the Commission for discussion or a motion.

Commissioner Trowbridge made a motion to approve Z2017-038 with staff recommendations. Chairman Lyons seconded the motion which passed by a vote of 6-0 with Commissioner Fishman absent.

10. Z2017-039

Hold a public hearing to discuss and consider a request by John Delin of Integrity Group, LLC on behalf of Jane Cullins for the approval of a zoning change from an Agricultural (AG) District to a General Retail (GR) District for a 9.894-acre portion of a larger 37.932-acre tract of land identified as Tract 5, M. B. Jones Survey, Abstract No. 122, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the 205 By-Pass Overlay (205 BY-OV) District and East SH-66 Overlay (E SH-66 OV) District, located at the northeast corner of the intersection of SH-66 and John King Boulevard, and take any action necessary.

Planning Director, Ryan Miller, gave a brief explanation of the request stating that the applicant is requesting approval of a zoning change from an Agricultural District to a General Retail District for a 9.894 acre portion of a larger 37.932 acre tract of land zoned Agricultural District, situated within the 205 By-Pass Overlay District and East SH-66 Overlay District, located at the northeast corner of the intersection of SH-66 and John King Boulevard. The land uses adjacent to the subject property directly north of the subject property is a 1.837-acre tract of land zoned Agricultural District. Beyond this parcel is a 1 acre tract of land followed by a 5.702-acre tract of land and both of these tracts of land are owned by the City and are zoned AG. Directly south of the subject property is Williams Street which is identified as a Minor Collector on the City's Master Thoroughfare Plan. Beyond this thoroughfare is a vacant 17.861-acre tract of land that was subdivided into 78 duplex lots in 1984 that property is zoned Two-Family District. Adjacent to this property is an undefined portion of Planned Development District 71 which allows for limited Commercial land uses. Directly east of the subject property is John King Boulevard, which is identified as a P6D on the City's Master Thoroughfare Plan and beyond this is a vacant 37.932-acre tract of land that is zoned AG. Directly west of the subject property is FM-1141, which is identified as a Minor Collector on the City's Master Thoroughfare Plan and beyond that is a 13.376-acre tract of land, which was preliminary platted as the Highlands Subdivision and that subdivision will consist of 53 single-family lots and is zoned Planned Development District 5 for Zero Lot Line District land uses/development standards.

Mr. Miller further stated that the applicant is requested to change the subject property form and Agricultural District to a General Retail District and they have provided a concept plan showing generally how they could develop it, and if approved it will be required to go thru the site plan process and would have to adhere to the General Retail standards. Looking at the applicant's request Mr. Miller noted that the subject property does appear to conform to the site specifications stipulated by the UDC for the General Retail District zoning designation. Specifically, it is located adjacent to two major roadways, Williams Street the current alignment of SH-66 and John King Boulevard and is in close proximity to an existing and proposed residential subdivision which are Caruth Lakes and the Highlands. In addition, the property is physically separated from these residential areas by a major roadway, FM-1141 which alleviates any need for residential adjacency standards. Additionally with the recent changes to the SH-205 By-Pass Overlay District which now requires a minimum separation of 100 feet between John King Boulevard and any residential property the subject property may be better suited for a Future Land Use designation other than Medium Density Residential however, zoning changes are discretionary decisions for the City Council. If approved a condition of approval will be to change the Future Land Use Map from a Medium Density Residential designation to a Commercial Designation.

Mr. Miller went on to state that on September 1, 2017, staff mailed 13 notices to property owners and residents within 500-feet of the subject property and sent a notice to the Caruth Lakes

Homeowner's Association which is the only HOA located within 1,500 feet of the subject property. Staff received one notice back from the property owner in favor of the request.

Mr. Miller advised the Commission the applicant was present and available for questions as well as staff.

Chairman Lyons opened up the public hearing and asked the applicant to come forward.

Jon Delin
Integrity Group
2565 Strader Road
Justin, TX

Mr. Delin came forward and stated he is with Integrity Group and he is accompanied with several other colleagues that are involved in the project should the Commission have any specific questions he may not be able to answer. Mr. Delin went on to provide a power point presentation that included details of the proposed project which he had presented at the previous Work Session however it now included some changes they addressed which arose from some concerns that were brought up during that meeting that they've worked with staff on. He spoke of the topography issues that they are faced with the subject property which would make it challenging to use it as any type of residential use, which is why they are requesting to change it to the General Retail use. Some ideas they've considered would be a strip mall center or a garden office. Mr. Delin advised the Commission he and his colleagues were available for any questions.

Commissioner Trowbridge asked if the frontage would be primarily on John King Blvd or would it be on FM -1149 Mr. Delin stated the frontage would primarily be on John King, however there is the ability to put some kind of facility on the FM-1141 side as a standalone and would not be connected.

Chairman Lyons asked if anyone wished to speak to come forward and do so.

Jane Cullins Davis
775 Jeff Boyd Road
Rockwall, TX

Mrs. Cullins came forward and stated she has owned the subject property for some time and has a contract with Integrity Group to sell it and is therefore in favor of the request.

Bill Bricker
505 Westway Drive
Rockwall, TX

Mr. Bricker came forward and stated he represents the property to the south of the subject property. He generally is not opposed to the retail as he feels it probably is the best use of the property however across the street he is restricted to PD-71 and therefore doesn't seem conducive to his business to allow it to go to General Retail without some restrictions. He is neither opposed nor in favor but would like restrictions to be placed.

Chairman Lyons asked if there could be restrictions placed to the uses. Mr. Miller advised the Commission that a chart of the uses permitted for General Retail was included in the packet they were provided but the Planning and Zoning Commission does have the ability to recommend a more restrictive zoning. Chairman Lyons added that after reviewing the uses he does not feel there are any uses that stand out that would not fit in that area especially being along John King Blvd.

Chairman Lyons asked if there was anyone else who wished to speak to come forward and do so, there being no one indicating such; Chairman Lyons closed the public hearing and brought the item back to the Commission for discussion or a motion.

Commissioner Trowbridge generally expressed being in favor of the request adding that what the applicant is proposing seems to be the best use.

Commissioner Trowbridge made a motion to approve Z2017-039 with staff recommendations. Commissioner Welch seconded the motion which passed by a vote of 6-0 with Commissioner Fishman absent.

11. Z2017-040

Hold a public hearing to discuss and consider a request by John Delin of Integrity Group, LLC on behalf of Jane Cullins for the approval of a zoning change from an Agricultural (AG) District to a Planned Development District for a single-family residential land uses on a 28.011-acre portion of a larger 37.932-acre tract of land identified as Tract 5 of the M. B. Jones Survey, Abstract No. 122, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the 205 By-Pass Overlay (205 BY-OV) District and East SH-66 Overlay (E SH-66 OV) District, located at the northeast corner of the intersection of SH-66 and John King Boulevard, and take any action necessary.

Planning Director, Ryan Miller, gave a brief explanation of the request stating that subject property is east of the last case that was just discussed located at John King Blvd. and SH-66 and is zoned Agricultural District, and is situated within the 205 By-Pass Overlay and the East SH-66 Overlay District. The land uses adjacent to the subject property are directly north of the subject property is a vacant, 15.935-acre parcel of land zoned AG District and beyond that is FM-1141, which is identified as a minor collector, four lane, divided roadway on the City's Master Thoroughfare Plan. North of this thoroughfare is a single-family subdivision, which is situated outside the City's limits. Directly south of the subject property is Williams Street current alignment of SH-66 which is identified as a Minor Collector on the City's Master Thoroughfare Plan. Beyond this is an undefined portion of a 28.8836-acre tract of land, which is vacant and zoned Planned Development District 71 for limited Commercial District land uses. Directly east of the subject property is a 65.274-acre portion of a larger 148.825-acre tract of land that is zoned AG and situated on the property is an accessory building. Directly west of the subject property is John King Boulevard, which is designated as a principle arterial, six lane divided roadway on the City's Master Thoroughfare Plan and beyond that is the remaining 9.894-acre portion of the larger 36.932-acre tract of land that is composed of the subject property and is zoned AG and the applicant has an active zoning case requesting to rezone this property to a General Retail which was discussed prior to this agenda item.

Mr. Miller further noted that the development standards provided by the applicant show that the community will consist of 89 single-family homes of which 84 are depicted on the concept plan that will be composed of 4 different unit types ranging in size from 1,600 SF to 2,100 SF. The overall density proposed with this subdivision will be 3.2 dwelling units/acre. Additionally according to the applicant's letter submitted with the request the purpose of the request is to provide a "low-maintenance active adult community that will be maintained and managed by the HOA". The letter goes on to state that the community will incorporate a fitness trail, activity center with exercise pool, kitchen and gathering space, and 12.8acres of open space. The concept plan provided by the applicant shows that the proposed subdivision will be setup in a condominium regime meaning that all homes are situated on one large lot as opposed to individual lots, serviced by private streets, and the Homeowner's Association will perform all maintenance of the grounds and each home will be individually owned by the occupant. The concept plan also shows that the subdivision will be gated by a 6 foot wrought iron fence, accessible from 1 point entry adjacent to John King Boulevard, and have an emergency exit onto SH-66. In addition the applicant has submitted proposed building elevations depicting 4 product types all of which are single story homes; however, the applicant has indicated that some of the homes have the option of adding a second story and of the 4 building elevations, the applicant has stated that 4 variations of each building elevation exist which creates 16 different possibilities of housing design. The applicant is proposing to meet the City's minimum anti-monotony restrictions and thru the PD they will be meeting the anti-monotony requirements however there are some areas where they deviate from the Unified Development Code and the Engineering Standards of Design, specifically they are proposing 100% flat entry garages. In addition they are departing from the newly adopted SH-205 Bypass standards that give residential developments adjacent to John King the choice of providing 1 of four 4 design alternatives: [1] provide an increased landscape buffer of 100-feet, [2] increase the rear yard building setback to 50-feet for properties backing to John King Boulevard, [3] incorporate a slip street with minimum of 50-feet of right-of-way in addition to a 50-foot landscape buffer, and [4] incorporate an eyebrow street with a 30-foot landscape buffer and 25-foot front yard building setback. All of these options are designed to provide a minimum of 100-feet of separation between John King Boulevard and any residential property facing or backing to the roadway. In this case, the applicant is providing a 50-foot landscape buffer with a slip street; however, the

slip street is only 21-feet in width. This reduced street section creates a separation of 86-feet from the residential property and John King Boulevard. The application does have a building setback of 15-feet that would create a 101-foot separation between the residential structure and John King Boulevard; however, as it is currently depicted it would not meet 1 of the 4 approved design alternatives. Additionally, according to the UDC the minimum residential landscape buffer for properties adjacent to SH-66 is 25-feet and the applicant is proposing a 20-foot landscape buffer; however, the applicant is proposing to fence 10 feet of the landscape buffer, leaving only 10 feet of the buffer to meet the intent of the required separation between SH-66 and the proposed development. The applicant will be required to provide a 5 foot sidewalk in this reduced landscape buffer.

Mr. Miller went on to explain that the zoning proposal does conform to the majority of the residential policies and guidelines contained in the Comprehensive Plan. The Future Land Use Map contained in the Comprehensive Plan, designates the subject property for Low Density Residential land uses. The proposed zoning change would necessitate that this designation be amended from a Low Density Residential designation to a High Density Residential designation which according to the Comprehensive Plan, a High Density Residential land use is defined as any development that exceeds 3 units per gross acre. In this case, the density of the proposed subdivision is at 3.2-units per gross acre. The Comprehensive Plan further states that high density residential land uses should be used as a transitional use from commercial or existing retail use, or where it will serve as a logical extension of an existing high density development. In this case, the proposed development is adjacent to mostly agriculturally zoned land with no adjacent land uses that would warrant a transition. The approval of any changes to the Future Land Use Map or the approval of an increased density would be discretionary decisions for the City Council and should the City Council choose to approve the applicant's request a condition of approval has been included that would amend the Future Land Use Map to reflect the proposed change in land use from a Low Density Residential designation to a High Density Residential designation.

Mr. Miller further stated that on September 1, 2017, staff mailed 8 notices to property owners and residents within 500-feet of the subject property and also sent a notice to the Caruth Lakes HOA. Staff received one notice from the property owner in favor of the request.

Mr. Miller advised the Commission that the applicant was present and available for questions as well as staff.

Commissioner Logan posed the question concerning whether or not there would need to be a sound barrier and expressed her concerns pertaining to that as possibly being an issue along John King.

Commissioner Chodun asked if Caruth Lakes was a PD and what their density is. Mr. Miller stated that on the Future Land Use Map it is designated as a Medium Density residential development and since densities are done based on gross the park area would count against their density and therefore could be less than 3 units per acre.

Chairman Lyons asked what the open space percentage was. Mr. Miller stated that typically 20% is required and in this tract there is a large floodplain area which would be counted as open space as well.

Chairman Lyons opened up the public hearing and asked the applicant to come forward.

Jon Delin
2565 Strader Road
Justin, TX

Mr. Delin came forward and provided a power point presentation detailing the request that showed the concept plan of the semi-custom homes they provide. It included price points, floor plans and amenities it will include. He also addressed the Commission's questions and concerns throughout the presentation. He stated that concerning the noise concern along John King they will place landscape berms along the 50 foot buffer that they anticipate to be four to five feet high which they feel will create a good softening between John King and the front of those homes. Concerning the garages, they are asking for a deviation of the j-swing because

after doing many demographic studies those show that 76% of buyers come in out of a three garage environment and are not looking for a third car garage.
He went on to say that after speaking with realtors they feel that there is a strong demand for this type product for active seniors and they are looking forward to working with the City in bringing in this development they feel will be a great fit to the community.

Chairman Lyons asked the Commission for any questions for the applicant.

Commissioner Trowbridge expressed liking the concept and feels it is something the City needs, however along SH-66 there is a lot of traffic along there and expressed concern with the 20 foot setback they are proposing to provide along that State Highway.

General discussion took place concerning the type of buffer off of SH-66 and the type (rod iron fencing) and setbacks.

Randy Rivera
G&A Consultants
(No address given)

Ms. Rivera came forward and provided a concept plan diagram and explained the detailed plan of how the houses are set up and how the setback would be to the houses along that side.

Chairman Lyons asked if anyone wished to speak to come forward and do so.

Bob Wacker
806 Mira Mar
Rockwall, TX

Mr. Wacker came forward and expressed not being in favor of the request. He generally expressed having an issue with the amount of space that would be between the homes, the flat front garages which cause vehicles to overlap on the street, and overall the development being high density.

Allen Scott
11346 Mason Drive
Lavon, TX

Mr. Scott came forward and stated he has been a realtor for the last 25 years and feels this type of product is needed and is in high demand because there is not a product such as this anywhere close. He has visited the properties the developer has now and has seen what good quality product the outcome produces. He is strongly in favor of the request.

Jane Cullins Davis
775 John King Blvd.
Rockwall, TX

Ms. Cullins Davis came forward and stated she is the property owner and is in favor of the request. She feels Rockwall needs a development such as what is being proposed.

Bill Bricker
505 Westway
Rockwall, TX

Mr. Bricker came forward and generally expressed not being in favor of the request with his main concern being quality and the setbacks.

Caprice Michelle
1827 Mystique
Rockwall, TX

Ms. Michelle came forward and expressed being in favor of the request. As a realtor she sees that this type of product is something her clients are looking for and she feels

Chairman Lyons asked if there was anyone else who wished to speak to come forward, there being no one indicating such Chairman Lyons asked the applicant to come forward for any rebuttal. Mr. Delin came forward and addressed the concerns with the HOA as well as the setbacks.

Chairman Lyons closed the public hearing and brought the item back to the Commission for discussion or a motion.

General discussion took place between the Commission concerning the setbacks and the proposed density that is being proposed.

Commissioner Welch asked staff if they are looking at the product to be single family or a condo. Mr. Miller explained it would be a single family.

Commissioner Welch asked staff if it could be approved with a recommendation to make the setback a condition.

Commissioner Trowbridge made a motion to approve the request pending the development conform to the SH-66 Overlay District requirements. Commissioner Welch seconded the motion which failed by a vote of 3-3 with Commissioners Chodun, Lyons, and Moeller dissenting and Commissioner Fishman absent.

Chairman Lyons made a motion to table the case. Commissioner Trowbridge seconded the motion which passed by a vote of 6-0, with Commissioner Fishman absent.

Chairman Lyons called for a recess at 8:00 p.m.

Chairman Lyons called the meeting back to order at 8:10 p.m.

V. ACTION ITEMS

12. SP2017-024

Discuss and consider a request by Juan J. Vasquez of Vasquez Engineering, LLC on behalf of the owner Don Silverman of Rockwall 205-552, LLC for the approval of a site plan for a restaurant with a drive-through on a 0.857-acre parcel of land identified as Lot 4, Block A, Dalton-Goliad Addition, City of Rockwall, Rockwall County, Texas, zoned General Retail (GR) District, situated within the North SH-205 Overlay (N-SH-205 OV) District, addressed as 3611 N. Goliad Street, and take any action necessary.

Senior Planner, David Gonzales, gave a brief explanation of the request stating that the applicant is requesting approval of a site plan. They came before the Commission in August of this year requesting an SUP for the drive thru facility and came to the work session in July requesting to table due to some minor items they wanted to make after meeting with ARB. The submitted site plan, building elevations, photometric, and landscape plans conform to the technical requirements contained within the UDC however after discussion with the ARB, there are some minor items that need to be addressed with the building elevations and the applicant has agreed to the items the ARB is asking to be addressed and therefore the ARB has recommended approval based on those conditions. In addition since the subject property is within the North SH-205 Overlay District and does not have a pitched roof they will be seeking a variance to that as well.

Mr. Gonzales advised the Commission the applicant is present and available for questions as well as staff.

Commissioner Chodun asked if based on the ARB's recommendation would the Commission be reviewing it again. Mr. Gonzales stated that based on the ARB's recommendations staff would take a look at the revisions to make sure they hit all the enhancements that they agreed to add and if there is any issue and staff feels it needs to bring it back to the Commission they would do that, but it is not anticipated that to happen.

Chairman Lyons asked the applicant to come forward.

Juan Vasquez

1919 S. Shiloh Road
Garland, TX

Mr. Vasquez came forward and stated they met with the Architectural Review Board earlier and will be addressing the recommendations they received from them and providing staff with those revisions to staff.

Chairman Lyons made a motion to approve SP2017-024 with staff recommendations. Commissioner Trowbridge seconded the motion which passed by a vote of 6-0, with Commissioner Fishman absent.

Chairman Lyons advised the Commission he would be recusing himself from the following agenda item and Vice-Chairman Trowbridge proceeded to present the following agenda item.

13. SP2017-025
Discuss and consider a request by Greg Wallis of Mershawn Architects on behalf of Doug Fox of Cornerstone Church for the approval of a site plan for a church on a six (6) acre parcel of land identified as Tract 4-07 of the N. Butler Survey, Abstract No. 20, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the 205 By-Pass Overlay (205 BY-OV) District, addressed as 1565 Airport Road, and take any action necessary.

Planner, Korey Brooks, gave a brief explanation of the request stating that the applicant is requesting approval of a site plan for a 21,598 square foot church, Cornerstone Church. The proposed church is situated on a 6 acre tract of land and is zoned Commercial District. The site is situated within the 205 By-pass Overlay District and is addressed as 1565 Airport Road.

Mr. Brooks went on to explain that on July 6, 2015, the City Council approved a Specific Use Permit to allow an Outdoor Commercial Amusement/Recreation Facility, baseball training facility in a Commercial District. The existing SUP for an Outdoor Commercial Amusement/Recreation Facility is subject to expire if not utilized by March 20, 2018. The proposed use is a use permitted by-right in a Commercial District and will not require any additional approvals from the Planning and Zoning Commission. The submitted site plan, landscape plan, photometric plan, and building elevations conform to the technical requirements contained within the UDC and the 205 BY- OV District standards with the exception of one variance that the applicant is requesting. According to the UDC, stucco may not be located in the first 4 feet above grade on a façade visible from a street or public open space. In this case, the applicant is proposing to utilize stucco within the first 4 feet on the south elevation, which is visible from Airport Road. The UDC states that the City Council may grant a variance to this section where a unique or extraordinary condition exists. Approval of any variance to the overlay district requirements requires a ¾ majority vote. The applicant has stated that the purpose of the variance is architectural/aesthetic.
Mr. Brooks went on to state that on August 29, 2017, the ARB reviewed the submitted building elevations and made recommendation to approve the building elevations and variance with the condition that shrubs be planted in front of the areas where the stucco is in the first 4 feet above grade.

Mr. Brooks advised the Commission that the applicant was present and available for questions as well as staff.

Commissioner Welch asked staff for clarification concerning the existing SUP on the property. Mr. Brooks explained that on the lot there is an existing SUP for a baseball facility, however that developer has decided not to utilize that SUP and it will expire March of 2018.

Vice-Chairman Trowbridge asked the applicant to come forward.

Wayne Mershawn
2323 Ridge Road
Rockwall, TX

Mr. Mershawn came forward and stated he is the architect for the project and is available for any questions the Commission may have.

Commissioner Chodun asked what the maximum occupancy of the church will be. Mr. Mershawn stated it would be approximately 600 seating.

Commissioner Logan made a motion to approve SP2017-025 with staff recommendations. Commissioner Chodun seconded the motion which passed by a vote of 5-0, with Commissioner Fishman absent and Chairman Lyons recusing himself.

14. SP2017-027

Discuss and consider a request by Spencer Byington of SWBC Real Estate, LLC on behalf of the owner Robert Lamberth of Pneuma Ventures, LTD for the approval of a site plan for a multi-family apartment complex on a 42.555-acre tract of land identified as Tract 1-4 of the J. M. Allen Survey, Abstract No. 2, City of Rockwall, Rockwall County, Texas, zoned Planned Development 83 (PD-83) District, situated within the SH-205 By-Pass Overlay (205 BY-OV) District, located east of the intersection of Discovery Boulevard and John King Boulevard, and take any action necessary.

Senior Planner, David Gonzales, gave a brief explanation of the request stating that the applicant is requesting approval of a site plan for a multi-family apartment complex. On August 17, 2017, the applicant submitted an application for a site plan showing the proposed layout for a 590-unit multi-family apartment complex that will be developed on a 42.555-acre tract of land. The development will be constructed in 2 phases of 295 units each. The subject property is situated within the SH-205 By-Pass OV, east of the intersection of Discovery Boulevard and John King Boulevard and is zoned Light Industrial District. According to Planned Development District 83, the proposed use for a multi-family apartment complex is permitted in compliance with the standards established by Ordinance 17-18, and will not require any additional approvals by the Planning and Zoning Commission or City Council. The submitted site plan, open space master plan, building elevations, landscape plan, treescape plan, and photometric plan conform to the technical requirements contained within the UDC and Planned Development District 83, with the exception of the open space master plan and landscape plan. The applicant has provided a treescape plan and tree survey indicating the area to be primarily covered with non-protected trees which are cedar and hackberry trees that are 10.5 inches or less. According to the UDC Hackberry and Cedar trees that are less than 11 inches dbh shall not be considered a protected tree. The applicant has indicated to staff that the land had previously been used as a ranch for grazing and has provided several aerial images of tree canopy coverage dating back as early as 1996. The aerial images for years 1996, 2001, 2005, and 2010 provide chronological data depicting a transformation of the property from virtually no trees to its current state of coverage. Based on staff's conversation with the landscape architect, a site visit viewing the trees from rights-of-way and adjacent properties, staff is of the opinion that most of the trees on this site are non-protected cedar trees and is in agreement with the registered landscape architects professional assessment of the site. This means that tree mitigation will be satisfied by the proposed landscape plan, and no mitigation will be required.

Mr. Gonzales further stated that on August 29, 2017, the ARB reviewed the submitted building elevations and made recommendations to the applicant to come back with a design that better conforms to the approved conceptual elevations. Specifically, the ARB was concerned about the lack of detail and a reduction of the architectural elements such as exposed rafters, balconies with railings, depicted in the proposed building elevations. The ARB met with the applicant this evening and was in agreement with the applicants revised building elevations. Additionally on September 6, 2017, the Parks Board approved a recommendation to assess the project fees based on the requirements for a property in Park District No. 31; however, the property is actually situated within Park District No. 25 which means that the fees being recommended by the Parks Board are incorrect and will need to be reassessed at the time of final plat. As part of this case the applicant is being permitted to use the fees to provide amenity within the proposed development. To verify that the amenity package is equal to the assessed fees the applicant will need to submit a detailed open space master plan outlining the proposed amenity package and corresponding cost.

Mr. Gonzales advised that the applicant is present and available for questions as well as staff.

Chairman Lyons asked if there were any variances that needed to be considered. Mr. Gonzales stated there were not.

Commissioner Trowbridge asked if they were only being allowed to remove the cedar trees where the buildings are being built. Mr. Gonzales stated that was correct.

Chairman Lyons asked the applicant to come forward.

Spencer Byington
5600 South FM-148
Kauffman, TX

Mr. Byington came forward and stated he is with SWBC.

Brian Ramsey
1255 West 15th
Plano, TX

Mr. Ramsey came forward and stated he is with Cross Architects and expressed appreciation for staff in working with them thus far and stated he was available for any questions the Commission may have.

Commissioner Trowbridge asked if on the site plan, were both phases being done or are they starting out only with one phase. Mr. Gonzales explained that the approval is based on the full site plan for both Phase I and Phase II however, as far as developing, they will be developing in two different phases.

Commissioner Moeller made a motion to approve SP2017-027 with staff recommendations. Commissioner Chodun seconded the motion which passed by a vote of 6-0 with Commissioner Fishman absent.

VI. DISCUSSION ITEMS

15. Director's Report of post Council meeting outcomes of Planning & Zoning cases.

- ✓ P2017-040: Lot 1, Block A, Texas Roadhouse Addition [*Approved*]
- ✓ P2017-042: Lot 2, Block A, Comfort Inn & Suites, Rockwall Towne Centre Addition [*Approved*]
- ✓ P2017-043: Lot 1, Block A, North Lakeshore Daycare Addition [*Approved*]
- ✓ P2017-044: Lot 1, Block A, Everybody Massage Addition [*Approved*]
- ✓ P2017-045: Lots 1 & 2, Block A, SWBC Rockwall Addition [*Approved*]
- ✓ Z2017-027: SUP for a Residence Hotel (*2nd Reading*) [*Approved*]
- ✓ Z2017-032: Zoning Change (AG to SFE-2.0) (*2nd Reading*) [*Approved*]
- ✓ Z2017-033: SUP for Music Studio (*2nd Reading*) [*Approved*]
- ✓ MIS2017-008: Masonry Exception for Rockwall High School [*Approved*]
- ✓ MIS2017-009: Sign Variance for Sabrina's Flowers [*Denied*]

Planning Director, Ryan Miller, **provided a brief update about the outcome of the above referenced case at the City Council meeting.**

VII. ADJOURNMENT

Chairman Lyons adjourned the meeting at 8:42 p.m.

PASSED AND APPROVED BY THE PLANNING & ZONING COMMISSION OF THE CITY OF ROCKWALL, Texas, this _____ day of _____, 2017.

_____
Johnny Lyons, Chairman

Attest:

_____

Laura Morales, Planning Coordinator

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 10/10/2017

APPLICANT: David L. and Sue W. Hodgdon

AGENDA ITEM: **P2017-049;** *Lots 1 & 2, Block A, Hodgdon Addition*

SUMMARY:

Discuss and consider a request by David L. and Sue W. Hodgdon for the approval of a final plat for Lots 1 & 2, Block A, Hodgdon Addition being a 12.36-acre tract of land identified as Tract 1-01 of the T. Dean Survey, Abstract No. 69, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, addressed as 1085 Dalton Road, and take any action necessary.

PLAT INFORMATION:

- ☑ The objective of this request is to final plat one (1) tract of land [*i.e*. *Tract 1-01 of the T. Dean Survey, Abstract No. 69*] into two (2) parcels of land [*Lots 1 & 2, Block A, Hodgdon Addition*] for the purpose of creating a lot for the construction of a single-family home.

- ☑ The application has also submitted a request [*i.e. Case No. Z2017-045]* to rezone the subject property from an Agriculture (AG) District to a Single-Family Estate 2.0 (SFE-2.0) District.

- ☑ On October 3, 2017, the Park Board reviewed the Final Plat and made a recommendation to approve the plat with the following condition:

    1) The developer is to pay pro-rata equipment fees required in the amount of $516.00 and cash-in-lieu of land fees in the amount of $386.00 for a total amount of $902.00.

- ☑ The surveyor has completed the majority of the technical revisions requested by staff, and this plat, conforming to the requirements for final plats as stated in the Subdivision Ordinance in the Municipal Code of Ordinances, is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

- ☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Recommendation* section below.

- ☑ With the exception of the items listed in the *Recommendation* section of this case memo, this plat is in substantial compliance with the requirements of the Subdivision Ordinance in the Municipal Code of Ordinances.

RECOMMENDATIONS:

If the Planning and Zoning Commission chooses to recommend approval the *final plat* for *Lots 1 & 2, Block A, Hodgdon Addition,* staff would recommend the following conditions:

1) All technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat;

2) Any construction resulting from the approval of this *final plat* shall conform to the requirements set forth by the Unified Development Code, the International Building Code,

the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

I.1 This is a request by David L. and Sue W. Hodgdon for the approval of a final plat for Lots 1 & 2, Block A, Hodgdon Addition being a 12.36-acre tract of land identified as Tract 1-01 of the T. Dean Survey, Abstract No. 69, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, addressed as 1085 Dalton Road
I.2 For questions or comments concerning this case, please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.
M.3 For reference, include the case number (P2017-049) in the lower right hand corner of all pages on future submittals.
M.4 Please add “Lots 1 & 2, Block A” to title block (above Hodgdon Addition).
M.5 Please show the 50-foot front yard setbacks adjacent to Dalton Road on both lots.
M.6 Please look at Beacon Hill Drive, Avonlea Drive, Nova Park Court, and Hickory Trail and label as “Private Road” if these are not City streets.
I.7 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested by October 3, 2017. The Planning and Zoning Worksession for this case is September 26, 2017. The Planning and Zoning Meeting for this case is October 10, 2017. The Park Board Meeting for this case is October 3, 2017.
I.8 The projected City Council meeting date and subsequent approval for this plat is October 16, 2017

CASE P2017-

OWNER'S CERTIFICATE
(Public Dedication)

STATE OF TEXAS
COUNTY OF ROCKWALL

WHEREAS DAVID L. HODGDON and SUE WYCHE HODGDON, BEING THE OWNERS OF A TRACT OF land in the County of Rockwall, State of Texas, said tract being described as follows:

All that certain lot, tract or parcel of land situated in the THOMAS DEAN SURVEY, ABSTRACT NO. 69, City of Rockwall, Rockwall County, Texas, and being a part of that tract of land as described in a Deed to David L. Hodgdon, as recorded in Volume 132, Page 605 of the Real Property Records of Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 1/2" iron rod with plastic cap found for corner at the Northeast corner of Lot 1, Block C of PROMENADE HARBOR, an Addition to the City of Rockwall, Texas, according to the Plat thereof recorded in Cabinet E, Slide 155, of the Plat Records of Rockwall County, Texas, and at the intersection of the South right-of-way line of Dalton Road, per Volume 2459, Page 19 of the Real Property Records of Rockwall County, Texas, with the west boundary line of said Hodgdon tract;

THENCE N. 89 deg. 14 min. 02 sec. E. along the South right-of-way line of Dalton Road, a distance of 600.26 feet to a 1/2" iron rod with plastic cap found for corner at the northwest corner of Lot 1, Block A of SHORES NORTH PHASE 6, an Addition to the City of Rockwall, Texas, according to the Plat thereof recorded in Cabinet E, Slide 163 of the Plat Records of Rockwalll County, Texas;

THENCE S. 00 deg. 22 min. 39 sec. E. along the west of said Addition and the east line of Hodgdon tract, a distance of 898.71 feet to a 1/2" iron rod found for corner at the southeast corner of said Hodgdon tract;

THENCE S. 89 deg. 35 min. 19 sec. W. along the south boundary line of said tract, a distance of 600.00 feet to a 1/2" iron rod found for corner;

THENCE N. 00 deg. 23 min. 36 sec. W. along the west line of Hodgdon tract and east line of Promenade Harbor, a distance of 895.00 feet to the POINT OF BEGINNING and containing 538,224 square feet or 12.36 acres of land.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS
COUNTY OF ROCKWALL

I the undersigned owner of the land shown on this plat, and designated herein as HODGDON ADDITION, an Addition to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed.

I further certify that all other parties who have a mortgage or lien interest in the HODGDON ADDITION, have been notified and signed this plat.

I understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same.

I also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of th eir respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maint aining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Roc kwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, sto rm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer an d/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as p rogress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

I further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; I , my successors and assigns hereby waive any claim, damage, or cause of action that I may have as a result of the dedication of exaction's made herein.

CASE P2017-

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 10/10/2017

APPLICANT: Mario Ramirez

AGENDA ITEM: **P2017-033;** *Lot 1, Block K, Rockwall Lake Estates Addition*

SUMMARY:

Discuss and consider a request by Mario Ramirez for the approval of a replat for Lot 1, Block K, Rockwall Lake Estates West being a 0.27-acre tract of land identified as Lots 908, 909 & 910, Block E, Rockwall Lake Estates #1, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 75 (PD-75) for Single Family 7 (SF-7) District land uses, addressed as 894 & 908 Lakeside Drive, and take any action necessary.

PLAT INFORMATION:

- ☑ The objective of this request is to replat three (3) parcels of land [*i.e. Lots 908, 909, & 910, Block E, Rockwall Lake Estates West*] into one (1) parcel of land [*Lot 1, Block K, Rockwall lake Estates West Addition*] for the purpose combining three (3) lots into one (1) lot.

- ☑ The surveyor has completed the majority of the technical revisions requested by staff, and this plat, conforming to the requirements for final plats as stated in the Subdivision Ordinance in the Municipal Code of Ordinances, is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

- ☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Recommendation* section below.

- ☑ With the exception of the items listed in the *Recommendation* section of this case memo, this plat is in substantial compliance with the requirements of the Subdivision Ordinance in the Municipal Code of Ordinances.

RECOMMENDATIONS:

If the Planning and Zoning Commission chooses to approve the *replat* for *Lot 1, Block K, Rockwall Lake Estates West,* staff would recommend the following conditions:

1) All technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat;

2) Any construction resulting from the approval of this *replat* shall conform to the requirements set forth by the Unified Development Code, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

WHEREAS , MARIO RAMIREZ, BEING THE OWNER OF A TRACT OF land in the County of Rockwall, State of Texas, said tract being described as follows:

BEING known as Lots 908 through Lot 910 in Block E, of ROCKWALL LAKE DEVELOPMENT NO. 1 formerly LAKE ECHO, an Addition to Rockwall County, Texas, according to the Plat thereof recorded in Cabinet A, Slide 1 of the Plat Records of Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 1/2" iron rod found in the South right-of-way of Perch Road (50' right-of-way) and at the Northwest corner of Lot 908 and the Northeast corner of Lot 907;

THENCE N. 45 deg. 30 min. 00 sec. E. (BASIS OF BEARING) along the South right-of-way of Perch Road passing at 50 feet the Northeast corner of Lot 908 and the Northwest corner of Lot 909 and continuing a total distance of 132.72 feet to the intersection of said Perch Road and the South right-of-way of Lakeside Drive (50' right-of-way) 1/2" iron rod found for corner;

THENCE in a Southeasterly direction along a curve to the right having a central angle of 6 deg. 12 min. 32 sec., a radius of 969.45 feet, a tangent of 52.58 feet, a chord of S. 27 deg. 18 min. 43 sec. E., 105.00 feet along the curving South boundary line of said Lakeside Drive, an arc distance of 105.05 feet to a 1/2" iron found at the Southeast corner of Lot 910 and at the Northeast corner of Lot 911;

THENCE S. 45 deg. 30 min. 00 sec. W. along the Northwest line of Lots 911 and 912 and the Southeast line of Lots 910 and 908, a distance of 101.71 feet to a 1/2" iron rod found at the common corner of Lots 912, 913, 907 and 908;

THENCE N. 44 deg. 29 min. 10 sec. W. along the common line of Lots 907 and 908, a distance of 100.31 feet to the POINT OF BEGINNING and containing 11,857 square feet or 0.27 acres of land.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS
COUNTY OF ROCKWALL

I the undersigned owner of the land shown on this plat, and designated herein as ROCKWALL LAKE ESTATES WEST, LOT 930, BLOCK E, an Addition to the City of Rockwall, Texas and whose name is subscribed hereto, hereby dedicated to the use of public forever all streets, alleys parks water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. I further certify that all other parties who have a mortgage or lien interest in the subdivision have been notified and signed this plat.

I understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same.

I also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasional by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers and alleys, all according to the specifications of the City of Rockwall; or Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

I further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; I, my successors and assigns hereby waive any claim, damage, or cause of action that I may have as a result of the dedication of exaction's made herein.

AGENDA ITEM: **Z2017-042**; Rezone from SF-7 to DT- *201 Olive St.*

SUMMARY:

Hold a public hearing to discuss and consider a request by Jay Odom for the approval of a zoning change from a Single Family 7 (SF-7) District to Downtown (DT) District for a 0.21-acre parcel of land identified as Lot D-1, Block 122, B. F. Boydston Addition, City of Rockwall, Rockwall County, Texas, zoned Single Family 7 (SF-7) District, situated within the Historic Overlay (HOV) District, addressed as 201 Olive Street, and take any action necessary.

PURPOSE & CHARACTERISTICS OF REQUEST:

The applicant, Jay Odom, has submitted an application requesting to rezone the subject property from a Single Family 7 (SF-7) District to Downtown (DT) District. The subject property is a *Non Contributing* property, is located within the Historic Overlay (HO) District and Old Town Rockwall (OTR) Historic District, and is identified as Lot D-1, Block 122, B. F. Boydston Addition. The property is currently vacant and is situated adjacent to Bin 303 (*western property line*) and 401 N. Fannin Street (*western property line*).

The applicant has stated that the purpose of the zoning change is to construct an office building. According to Article IV, *Permissible Uses*, of the Unified Development Code (UDC) a general office land use is permitted *by-right* in the Downtown (DT) District. In a letter provided by the applicant, the applicant has stated that in his opinion an office building would be more suitable for the subject property compared to a single-family home. The applicant goes on to state that this opinion is based on the properties adjacency to a non-residential land use (*i.e. Bin 303*).

ADJACENT LAND USES AND ACCESS:

The land uses adjacent to the subject property are as follows:

North: Directly north of the subject property is a single-family home addressed as 405 N. Fannin Street. This property is designated as a *Low Contributing* property and is zoned Single-Family 7 (SF-7) District.

South: Directly south of the subject property is Olive Street followed by several office buildings zoned Downtown (DT) District.

East: Directly east of the subject property is a single-family home addressed as 401 N. Fannin Street. This property is designated as a *High Contributing* property and is zoned Single-Family 7 (SF-7) District.

West: Directly west of the subject property is Bin 303 (*i.e. 105 Olive Street*). This property is designated as a *High Contributing* property and is zoned General Retail (GR) District.

ANALYSIS AND CONFORMANCE WITH THE UDC & COMPREHENSIVE PLAN:

The Future Land Use Map contained in the Comprehensive Plan designates the subject property for *Medium Density Residential* land uses. The proposed zoning change would require this designation to be changed to a *Commercial* designation. Staff should note that if approved as an office building, this parcel would provide a transition from a higher intensity land use (*i.e. Bin 303*) to the single-family residential property (*which is adjacent to the eastern boundary of the subject property*).

Should the request be approved, the site plan will require a recommendation by the Historic Preservation Advisory Board (HPAB) forwarded to the Planning and Zoning Commission prior to any construction. In addition, the property would need to meet the requirements of Section 4.8, *Downtown District*, of Article V, *District Development Standards*, of the UDC. Provided in your packet is the applicant's letter requesting the zoning change and a summary of the land uses permitted within the Downtown (DT) District. The Historic Preservation Advisory Board (*HPAB*) and the Planning and Zoning Commission's recommendation for the proposed zoning change will be forwarded to the City Council. The rezoning of a property is a discretionary act of the City Council. Should the City Council approve the applicant's request, staff has included a condition of approval that would amend the Future Land Use Map to reflect the proposed change in land use from a *Medium Density Single-Family Residential* to *a Downtown District* designation.

NOTIFICATION:

On September 12, 2017, staff mailed 91 notices to property owners and residents within 500-feet of the subject property. There is no Homeowner's Association (HOA) or Neighborhood Organization located within 1,500-feet participating in the notification program. Additionally, staff posted a sign on the subject property, and advertised the public hearings in the Rockwall Harold Banner as required by the Unified Development Code (UDC). At the time this case memo was drafted staff has received two (2) responses in favor of the applicant's request.

RECOMMENDATIONS:

Should the Planning and Zoning Commission choose to recommend approval of the applicant's request to rezone the subject property from a Single Family 7 (SF-7) District to Downtown (DT) District, staff would recommend the following conditions of approval:

1) By approving this zoning change, the City Council will effectively be approving changes to the Comprehensive Plan and Future Land Use Map. Specifically, this will change the designation of the subject property from a *Medium Density Residential* designation to a *Downtown District* designation; and,

2) Any construction or building necessary to complete this change in zoning request must conform to the requirements set forth by the UDC, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

HISTORIC PRESERVATION ADVISORY BOARD:

On September 21, 2017, the Historic Preservation Advisory Board's motion to recommend approval of the zoning change request passed by a vote of 6 to 0 with Board Member Odom recusing himself.

Re: Zoning Change Application for Vacant Lot at 201 Olive St, Rockwall, TX 750877

To: The City of Rockwall,

This letter is to explain my request to change the zoning on the lot that I own on Olive St to a commercially zoned lot. I have been a long-time owner of a Rockwall business, Rockwall Mortgage, for several years and have leased office space in the Old Downtown Square since 2002.

I feel the lot itself sits within an already existing commercial area: a clothing store, law office and other businesses across the street, and Bin 303 restaurant right next door with the parking lot of the restaurant resting on the property line to my lot. An expansion of the restaurant including a cabana/bar was recently approved by the city, bringing the restaurant even closer to the property line. Most folks that I have spoken with assumed that it was already zoned commercial, considering putting a single-family residence would be out of place in that spot.

I live at 405 N Fannin St and the rear of my lot (approximately 1 acre in size) backs up to both the subject lot and the restaurant Bin 303. This location on Olive St would be an ideal spot for me to office from. My plan is to build a small owner-occupied office on the lot.

Thank you,

Jay Odom

NOTICE OF PUBLIC HEARING
CITY OF ROCKWALL, PLANNING & ZONING DEPARTMENT

PHONE: (972) 771-7745
EMAIL: PLANNING@ROCKWALL.COM

To Whom It May Concern:

You are hereby notified that the City of Rockwall Historic Preservation Advisory Board, Planning and Zoning Commission and City Council will consider the following application:

Case No. H2017-014/ Z2017-042: 201 Olive Street

Hold a public hearing to discuss and consider a request by Jay Odom for the approval of a zoning change from a Single Family 7 (SF-7) District to a Downtown (DT) District for a 0.21-acre parcel of land identified as Lot D-1, Block 122, B. F. Boydston Addition, City of Rockwall, Rockwall County, Texas, zoned Single Family 7 (SF-7) District, situated within the Historic Overlay (HOV) District, addressed as 201 Olive Street, and take any action necessary.

For the purpose of considering the effects of such a request, the Historical Preservation Advisory Board, will hold a public hearing on **Thursday, September 21, 2017.** ThePlanning and Zoning Commission will hold a public hearing on **Tuesday, 10/10/2017 at 6:00 p.m.,** and the City Council will hold a public hearing on **Monday, 10/16/2017 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

David Gonzales
Rockwall Planning and Zoning Dept.
385 S. Goliad Street
Rockwall, TX 75087

You may also email your comments to the Planning Department at planning@rockwall.com. If you choose to email the Planning Department please include your name and address for identification purposes.

Your comments must be received by **10/16/2017** to ensure they are included in the information provided to the City Council.

Sincerely,

Ryan Miller, AICP
Director of Planning & Zoning

CITY OF ROCKWALL

ORDINANCE NO. 17-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED SO AS TO FURTHER AMEND THE ZONING MAP TO ADOPT A CHANGE IN ZONING FROM A SINGLE-FAMILY 7 (SF-7) DISTRICT TO A DOWNTOWN (DT) DISTRICT FOR A 0.21-ACRE TRACT OF LAND IDENTIFIED AS LOT D-1, BLOCK 122, B. F. BOYDSTON ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE SPECIFICALLY DESCRIBED IN EXHIBIT *'A'* AND DEPICTED IN EXHIBIT '*B*' OF THIS ORDINANCE; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City has received a request from Jay Odom for the approval of an amendment to the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall to adopt a change in zoning from a Single-Family 7 (SF-7) District to a Downtown (DT) District for a 0.21-acre tract of land identified as Lot D-1, Block 122, B. F. Boydston Addition, City of Rockwall, Rockwall County, Texas, and more specifically described in *Exhibit 'A'* and depicted in *Exhibit 'B'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

NOW, THEREFORE, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

SECTION 1. That the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, Texas, as heretofore amended, be and the same are hereby amended by amending the zoning map of the City of Rockwall so as to change the zoning of the *Subject Property* from a Single-Family 7 (SF-7) District to a Downtown (DT) District; and

SECTION 2. That the *Subject Property* shall be used and developed only in the manner and for the purposes provided for a *Downtown (DT) District* as stipulated by *Subsection 4.8, Downtown (DT) District,* of *Section 4, Commercial (C) Districts* and Subsection 6.2, *Historic Overlay (HOV) District*, of *Section 6*, *Overlay Districts* of *Article V, District Development Standards,* of the *Unified Development Code* [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by granting of this zoning change, and as may be amended in the future;

SECTION 3. That the official zoning map of the City be corrected to reflect the changes in the zoning described herein.

SECTION 4. Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *TWO THOUSAND DOLLARS* ($2,000.00) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

SECTION 5. If any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code of the City of Rockwall, Texas, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable.

SECTION 6. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be and the same are hereby repealed, and all other ordinances of the City of Rockwall not in conflict with the provisions of this ordinance shall remain in full force and effect.

SECTION 7. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, ON THIS THE 6th DAY OF NOVEMBER, 2017.

_____
Jim Pruitt, *Mayor*

ATTEST:

_____
Kristy Cole, *City Secretary*

APPROVED AS TO FORM:

_____
Frank J. Garza, *City Attorney*

1st Reading: *October 16, 2017*

2nd Reading: *November 6, 2017*

DRAFT

Exhibit 'A'
Legal Description

All that certain lot, tract or parcel of land situated in the City of Rockwall, Rockwall County, Texas, and being a part of the B.F. Boydstun Survey, Abstract No. 14, being the east 50 feet of a tract of land described in Volume 32 at Page 370 of the Deed Records of Rockwall County, being the same lot, tract or parcel of land conveyed from the Heirs of Eugene Payne, Sr. to Denton E. Payne by Deed recorded in Volume 65 at Page 580 of the Deed Records of Rockwall County and being further described as follows:

BEGINNING at a 5/8 inch iron rod found for corner near a fence corner post on the north line of Olive Street, being the southeast corner of said Payne tract and said parent tract described in Volume 32 at Page 370 and bearing N 88°03'08" W a distance of 150.05 feet from the intersection of said north line of Olive Street with the West line of North Fannin Street (State Highway No. 66);

THENCE N. 90° 00' 00" W with the north line of Olive Street, a distance of 50.08 feet to a ½ inch iron pipe found for corner at the southwest comer of said Payne tract;

THENCE N. 06° 26' 18" E. a distance of 187.80 feet to a ½ inch iron rod set in a fence for corner, being on the north line of said parent tract and the westernmost south line of the tract of land conveyed to Cedo and Julia Rakich by deed recorded in Volume 804 at Page 43 of the Real Property Records of Rockwall County;

THENCE S. 85° 55' 40" E. along said fence, a distance of 49.81 feet to a fence corner post found and called for in said parent tract and Payne Deed for comer, said corner also being an interior corner in the south line of said Rakich tract;

THENCE S. 06° 26' 18" W. with the east line of said parent tract and subject Payne tract, passing a ½ inch iron rod found at 31.7 feet at the southernmost southwest comer of said Rakich tract and continuing, for a total distance of 184.24 feet returning to the Point of Beginning and containing 0.213 acres of land and also being known as No. 201 Olive Street, and being the same property described in the Report of Sale heretofore filed in the County Court of Rockwall County, Texas, In Re: Estate of Lucille Reeder, an Incapacitated Person, in Cause No. 6833.

DESCRIPTION

All that certain lot, tract or parcel of land situated in the B.F. BOYDSTUN SURVEY, ABSTRACT NO. 14, City of Rockwall, Rockwall County, Texas, and being part of a tract of land as described in a Warranty deed from Othe Gene and Janice W. Peoples to Polly Peoples Redden and Ross Redden dated July 17, 2005 and being recorded in Volume 4107, Page 105 of the Real Property Records of Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 5/8" iron rod found for corner in the north right-of-way line of Olive Street, at the southwest corner of a tract of land as described in a Warranty deed from Ronald D. Austin to Cynthia Wallace, as recorded in Volume 5007, Page 8, of the Official Public Records of Rockwall County, Texas, and being N 88 deg. 03 min. 08 sec. W, a distance of 150.05 feet from the intersection of said right-of-way with the west right-of-way of N. Farmin Street;

THENCE N. 87 deg. 53 min. 08 sec. W, along the north line of Olive Street, a distance of 49.97 feet to a 1/2" iron rod found for corner at the southeast corner of Lot 1, Block 1, BIN 303 RESTAURANT, an Addition to the City of Rockwall, Texas, according to the Plat thereof recorded in Cabinet G, Slide 341 of the Plat Records of Rockwall County, Texas;

THENCE N. 07 deg. 56 min. 08 sec. E, along the east line of said Addition, a distance of 188.84 feet to a 1/2" iron rod found for corner at the northeast corner of said Addition, and being in the south boundary line of a 0.20 acre tract of land as described in a Warranty deed to Jay Odom and Allison Odom, as recorded in Volume 2190, Page 296, of the Official Public Records of Rockwall County, Texas;

THENCE S. 84 deg. 00 min. 00 sec. E, along the south line of said Odom tract, a distance of 50.00 feet to a 1/2" iron rod found for corner at an inner "L" corner of same;

THENCE S. 06 deg. 42 min. 32 sec. W, along a west boundary line of said Odom tract, a distance of 32.67 feet to a 1/2" iron rod found for corner at the south most southwest corner of same and in the north boundary line of said Wallace tract;

THENCE N. 85 deg. 53 min. 23 sec. W, along the north line of said Wallace tract, a distance of 6.59 feet to a 1/2" iron rod found for corner at the northwest corner of same;

THENCE S. 05 deg. 49 min. 33 sec. W, along the west line of said Wallace tract, a distance of 152.46 feet to the POINT OF BEGINNING and containing 0.20 acres of land.

NOTES

1) According to F.E.M.A. Flood Insurance Rate Map, Community Panel No. 48397C0030 L dated Sept. 26, 2008, this property lies in Zone X. This property does not appear to lie within a 100-year flood plain.

2) BEARING SOURCE: RECORDED DEED IN VOL. 804, PG. 43, R.P.R.R.C.T.

3) ALL 1/2" IRS ARE CAPPED WITH YELLOW PLASTIC CAPS "RPLS 5034."

SURVEYOR'S CERTIFICATE

I, Harold D. Fetty, III, Registered Professional Land Surveyor No. 5034, do hereby certify that the above plat is the result of a survey made on the ground by me or under my supervision on the date shown hereon; and that all corners and monuments shown thereon were found or placed as shown, and that this plat is the result of a careful collection of the best evidence available to me and my opinion is based on the facts as found at the time of survey. This survey meets the requirements of the Minimum Standards of Practice as approved and published by the Texas Board of Professional Land Surveying, effective September 1, 1992 and subsequent revisions, and the same was surveyed under my supervision on the ground this the 24th day of August, 2015.

CITY OF ROCKWALL, TEXAS
MEMORANDUM

TO: Planning and Zoning Commission

FROM: David Gonzales, *Senior Planner*

CC: Rick Crowley, *City Manager*
Brad Griggs, *Assistant City Manager*
Ryan Miller, *Director of Planning and Zoning*

DATE: October 10, 2017

SUBJECT: Z2017-043; Amendment to PD- 70 – *Pocket Neighborhood*

The applicant, Austin Lewis is requesting to postpone the public hearing regarding a proposed zoning case scheduled for October 10, 2017 meeting before the Planning and Zoning Commission. If granted, this means that the projected Planning and Zoning Commission public hearing would be held on Tuesday, October 24, 2017 and the City Council public hearing would be held on Monday, November 6, 2017.

According to Section 6.2, *Public Hearing Postponements, Recess, and Continuations*, of the Article II of the Unified Development Code (UDC), a public hearing may be postponed by announcing the postponement at the public hearing and indicating the time and place the new hearing is scheduled to begin; however, the date and time of the postponed public hearing cannot be greater than 60 days from the original public hearing date. The announcement of a postponement shall be sufficient notice and no additional notice shall be required.

Gonzales, David

From: Austin Lewis [redacted]
Sent: Wednesday, October 04, 2017 10:48 AM
To: Gonzales, David
Subject: P & Z Meeting October 10, 2017, Case #Z2017-043

David,

In accordance with our conversation, Lewis Real Estate Investments, Inc. is hereby requesting that the hearing on the above referenced case be tabled in order to allow us time to complete the necessary revised drawings for presentation. We understand that the next date for P&Z is October 24, 2017,

Thank you,

Austin Lewis
Lewis Real Estate Investments, Inc.

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 10/10/2017

APPLICANT: Austin Lewis of *Lewis Real Estate Investments, Inc.*

AGENDA ITEM: **Z2017-043**; *Amendment to PD-70 – Pocket Neighborhood*

SUMMARY:

Hold a public hearing to discuss and consider a request by Austin Lewis of Lewis Real Estate Investments, Inc. on behalf of Stone Creek Balance, LTD for the approval of an amendment to Planned Development District 70 (PD-70) to incorporate a single-single family subdivision consisting of 19 single-family residential homes on a 5.28-acre tract of land identified as Tract 2-7 of the W. T. Deweese Survey, Abstract No. 71, City of Rockwall, Rockwall County, Texas, Planned Development District 70 (PD-70) for Single-Family 10 (SF-10) District land uses, located at the southeast corner of the intersection of Greenway Drive and FM-552, and take any action necessary.

PURPOSE AND BACKGROUND:

The *subject property*, which was annexed into the City on May 19, 1986 by *Ordinance No. 86-37*, is located at the southeast corner of the intersection of Greenway Drive and FM-552, is a 5.28-acre tract of land that is currently vacant, and zoned Planned Development District No. 70 (PD-70). On September 6, 2017, the applicant submitted an application requesting to amend Planned Development District No. 70 (PD-70) [*Ordinance No. 09-44*] for the purpose of incorporating a single-family subdivision that will contain 19 single-family residential homes. If approved, the amended *Concept Plan* will incorporate a designation for the proposed 19 single family homes as a *Pocket Neighborhood* (PN) and will net the single-family lot mix total for inclusion within PD-70. Based on the *Concept Plan* established with PD-70 [*Ordinance No. 11-35*], the *subject property* has 11 Type E lots (*i.e. 70' x 120'*) designated for this property. Under *Exhibit 'C'*, *PD Development Standards* for *PD-70*, *Section A.1.e*, *Variation in Lot Composition* reads*:*

> *The allocation of single-family dwellings among lot types may deviate from that in subsection (d), provided that the maximum allowed total dwellings units does not exceed 918 units, the average lot size is not less than 8,000 sq. ft., and the following rules are met: (1) Lot types A, C, & E may increase not more than 5% in aggregate number.*

This would allow the proposed eight (8) additional Type PN (*i.e. Pocket Neighborhood*) lots for the *subject property* to be absorbed by reducing the lot count and allocating the reduction within the A, C, and/or E type lots and therefore, will not exceed the prescribed lot count of 918 single-family lots within the Stone Creek Development.

ADJACENT LAND USES AND ACCESS:

The land uses adjacent to the subject property are as follows:

North: Directly north of the *subject property* is FM-552. Beyond this is an unincorporated area containing single-family homes.

South: Directly south of the *subject property* is a 12.003-acre vacant tract of land owned by the Rockwall Independent School District. Beyond this are single-family home located within the Stone Creek Subdivision and zoned PD-70.

East: Directly east of the *subject property* is J.W. Williams Middle School that sets on a 25.569-acre tract of land and is zoned SF-16.

West: Directly west of the *subject property* is an 8.223-acre tract of land dedicated as open space within the Stone Creek Subdivision, and is zoned PD-70.

CHARACTERISTICS OF THE REQUEST:

According to the *Concept Plan* the applicant is proposing to develop a *Pocket Neighborhood* (PN) which is characterized as a community oriented small neighborhood with front porches fronting onto a common green space. The common area will include a trellis garden with a fire pit, a walking trail, and a screened porch area at the amenity center. Of the 19 single-family home sites, 14 lots will measure 37' x 100' (*i.e. 3,700 SF)* in area. The applicant intends to establish separate design standards within PD-70 for this development that would allow for the construction of cottage craftsman style homes ranging from 1,600 SF to 2,600 SF for each lot. Additionally, the applicant intends to provide a private street for the community, and dedicating a 25-ft firelane. The private street is required to meet City standards for neighborhood street design, measuring a minimum of 29'ft back to back. This type layout will also require the dedication of 20-ft easements for water and sewer services. Furthermore, and based on the *Concept Plan*, the layout of the lot configuration for the single-family residential lots do not meet the City's standards for subdivision. Under *Section 38.1*, of *Article I*, of *Chapter 38, Subdivision*, 'Lot' means and undivided tract or parcel of land have frontage on a public street and which is, or in the future may be, offered for sale, conveyance, transfer or improvement as a building site, which is designated as a distinct and separate tract. The applicant is requesting a w*aiver* to the Subdivision Ordinance, Chapter 38, of the Municipal Code of Ordinances to allow for not meeting the required lot frontage on a public street for the *subject property* as depicted on the proposed *Concept Plan*. Finally, it is also the intent of the applicant to create a separate Home Owners Association for the proposed Pocket Neighborhood (PN) in order to service the private streets and common areas. With this being said, a *waiver* to the *Subdivision Ordinance* is a discretionary decision for the City Council.

A summary of the requested density and dimensional requirements is as follows:

Lot Type (see Concept Plan) ►	***A***	***B***	***C***
Minimum Lot Width	37'	48'	60'
Minimum Lot Depth	100'	100'	100'
Minimum Lot Area	3,700 SF	4,800 SF	6,000 SF
Minimum Front Yard Setback	*TBD*	*TBD*	*TBD*
Minimum Side Yard Setback	*TBD*	*TBD*	*TBD*
Minimum Side Yard Setback (Adjacent to a Street)	*TBD*	*TBD*	*TBD*
Minimum Length of Driveway Pavement	*TBD*	*TBD*	*TBD*
Maximum Height	36'	36'	36'
Minimum Rear Yard Setback	*TBD*	*TBD*	*TBD*
Minimum Area/Dwelling Unit (SF)	1,600 SF	1,600 SF	1,600 SF
Maximum Lot Coverage	80%	80%	80%

SUMMARY OF WAIVERS:

The following is a summary of the requirements being requested with the amendment to Planned Development District No. 70 (PD-70) for the *Pocket Neighborhood* (PN) for the *subject property* that depart from the requirements of the UDC:

1) *Masonry Requirements.* The UDC allows the exterior building façades to be composed of up to 50% cementaceous materials. In this case, the applicant is proposing a variation that could include up to 100% cementaceous material lap siding, which is an increase of 50%.

CONFORMANCE WITH THE COMPREHENSIVE PLAN:

The Future Land Use Map contained within the Comprehensive Plan designates the *subject property* as *Public Uses* land designation. According to the Comprehensive Plan, a *Public Uses* designation is generally defined as a use operated exclusively by a public body having the purpose of serving the public health, safety or general welfare. This includes uses such as public schools, parks, playground, and administrative and service facilities. In this case, Planned Development District No. 70 (PD-70) is an established horizontal mixed use development with a lot mix establishing a maximum of 918 single-family units and designated on the Future Land Use Map as *Medium Density Single-Family Residential.* According to the Comprehensive Plan, *Medium Density Single-Family Residential* is areas that consist of the single-family developments that have typically been built in Rockwall. They may be 2-3 units per acre, but generally about three (3) units per acre. The current Concept Plan (*i.e. Master Plat for Stone Creek*) indicates a density of 2.33 units per acre based on 918 home sites. The applicants request for a *Pocket Neighborhood* (PN) will not have an effect on the total number of units allowed for the development based on a variation to the lot composition as established in *Exhibit 'C', Development Standards*, of PD-70, and as outlined in staff's report. With this being said, the proposed Concept Plan is a discretionary decision for the City Council.

NOTIFICATION:

On September 29, 2017, staff mailed 888 notices to property owners and residents within 500-feet of the *subject property*. Staff also emailed notices to the Quail Run Valley, The Shores/Ray Hubbard, Lakeview Summit, and Promenade Harbor Homeowner's Associations (HOA's), which are the only HOA's located within 1,500 feet of the *subject property* participating in the notification program. Additionally, staff posted a sign adjacent to the *subject property* along FM-552 and advertised the public hearings in the Rockwall Harold Banner as required by the Unified Development Code (UDC). At the time this case memo was drafted, staff has received one (1) notice in favor of and six (6) notices opposed to the request.

RECOMMENDATIONS:

If the Planning and Zoning Commission chooses to recommend approval of the applicant's request to amend Planned Development District No. 70 (PD-70) for the *subject property*, then staff would propose the following conditions of approval:

1) The applicant shall be responsible for maintaining compliance with the conditions contained within the *Planned Development District* ordinance; and,

2) By approving this zoning change, the City Council will effectively be approving changes to the Comprehensive Plan and Future Land Use Map. Specifically, this will change the designation of the subject property from a *Public Uses* designation to a Medium Density Residential designation; and,

3) Approval of a waiver by the City Council for not meeting the lot frontage requirements on a public street as established in the Subdivision Ordinance, Chapter 38 of the City of Rockwall Municipal Code of Ordinances; and,

4) Any construction resulting from the approval of this *zoning change* shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

Applicant hasn't evaluated the existing lift station to verify capacity
Must meet all engineering requirements
This plan doesn't work with each building being lotted out. It doesn't meet any of the engineering requirements

FYI:
- Detention is required (east side is to be fully detained from C=.35 to C=.80 and the western side detained from C=.5 to C=.80)
- 4% Engineering Inspection Fees
- Impact Fees
- Dumpster area to drain to oil/water separator
- FM 552 right-of-way dedication to equal 60' from the centerline
- Pro-rata for 16" water = $19.75/lf along FM 552
- Sewer to be installed to the lift station at the school in an easement (not in the right-of-way)
- Stoney Hollow sewer pro-rata $345.75/acre
- Fee to have the lift station evaluated to see if the station will need to be upgraded for the proposed use.
- Parking to be 20'x9'
- 10' utility easement along FM 552

Hold a public hearing to discuss and consider a request by Austin Lewis of Lewis Real Estate Investments, Inc. on behalf of Meritage Homes of Texas, LLC for the approval of an amendment to Planned Development District 70 (PD-70) to incorporate a single-single family subdivision consisting of 19 single-family residential homes on a 4.329-acre tract of land identified as Tract 2-7 of the W. T. Deweese Survey, Abstract No. 71, City of Rockwall, Rockwall County, Texas, Planned Development District 70 (PD-70) for Single-Family 10 (SF-10) District land uses, located at the southeast corner of the intersection of Greenway Drive and FM-552, and take any action necessary.

PLANNING COMMENTS - DAVID GONZALES - 09.19.2017

The following staff comments are to be addressed and resubmitted no later than Tuesday, October 3, 2017 (three large copies FOLDED and one PDF version) for subsequent review by staff. For questions or comments concerning this case please contact David Gonzales, AICP in the Planning Department at (972) 772-6488 or email dgonzales@rockwall.com.

• On all future submittals please include the Case Number (Z2017-043) in the lower right hand corner.

• When provided, please review the Draft Ordinance prior to the Planning & Zoning Meeting scheduled for October 10, 2017.

Please address the following Planning Department comments:

1. Must adhere to Engineering, Building Inspection, and Fire Departments standards.
2. The submitted lot configuration does not meet the standards within the subdivision ordinance and the UDC due to the lots not fronting onto a public street.
3. If the drive will be used as a city street, it must meet the minimum standards for a city street and requires a minimum 50-ft right-of-way with the road section being a minimum of 29-feet back to back. See engineering design standards for compliance.
4. The overall lot count within PD-70 must not exceed 918 units.

The following are scheduled meeting dates that you and/or your representative(s) are required to attend regarding the zoning change request. All meetings will be held in the City's Council Chambers and begin at 6:00 p.m. If you have any quesitons regarding this case, please feel free to contact David Gonzales, AICP with the Planning Department at 972-771-7745.

Meeting Dates to Attend:

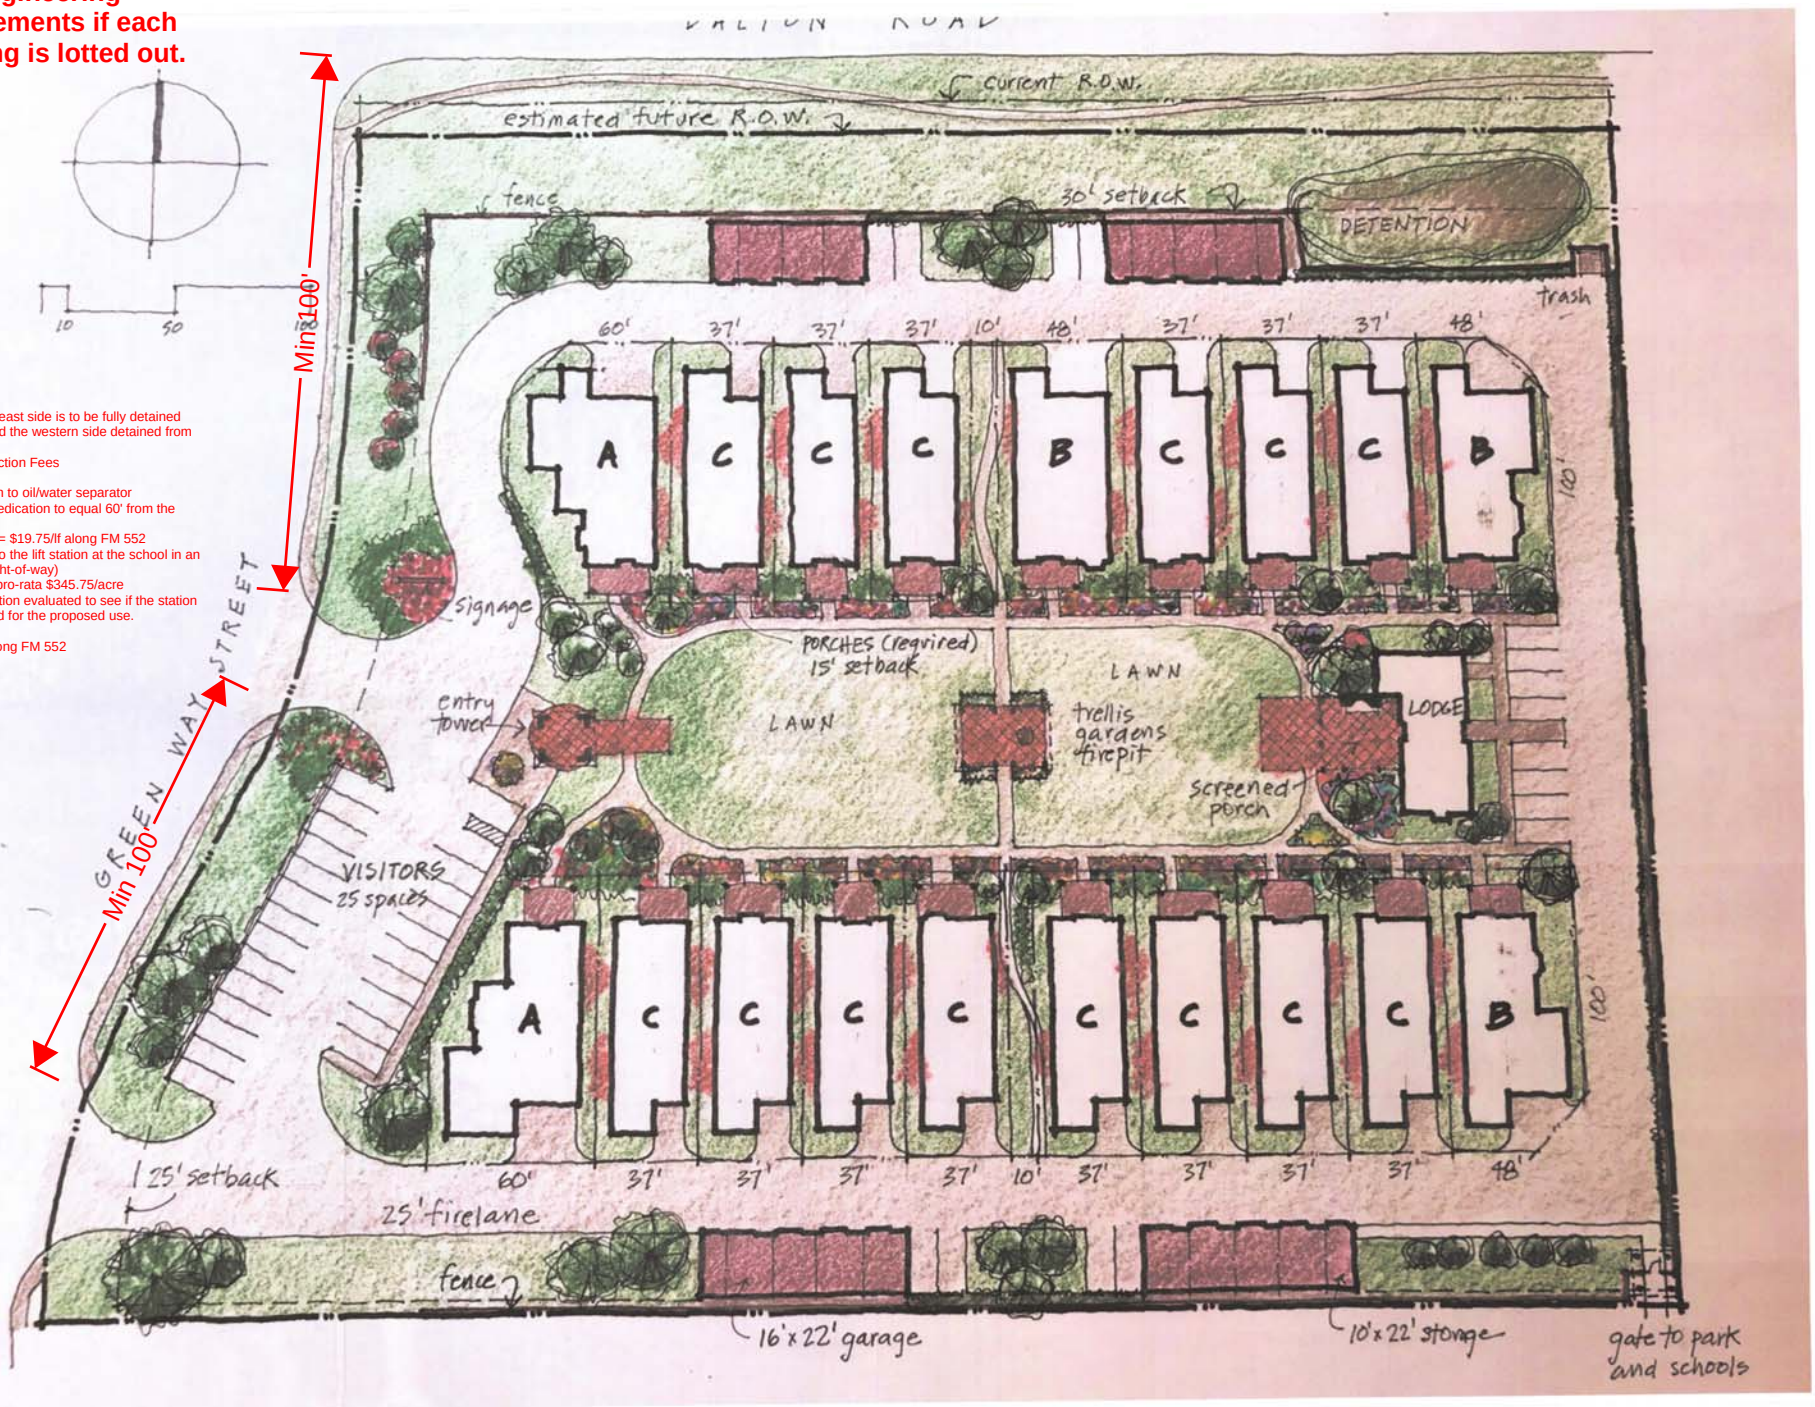
Planning - Work Session: September 26, 2017 (6:00p.m.) [Applicant to present case to P&Z for discussion].

Planning - Public Hearing: October 10, 2017 (6:00p.m.) [P&Z to take action (i.e. approve, approve with conditions, or deny)

City Council - Pulblic Hearing: October 16, 2017 (6:00 p.m.) [1st Reading of Ordinance]

City Council - Action Item: November 6, 2017 (6:00 p.m.) [2nd Reading of Ordinance]

This doesn't comply with any engineering requirements if each building is lotted out.



- Detention is required (east side is to be fully detained from C=.35 to C=.80 and the western side detained from C=.5 to C=.80)
- 4% Engineering Inspection Fees
- Impact Fees
- Dumpster area to drain to oil/water separator
- FM 552 right-of-way dedication to equal 60' from the centerline
- Pro-rata for 16" water = $19.75/lf along FM 552
- Sewer to be installed to the lift station at the school in an easement (not in the right-of-way)
- Stoney Hollow sewer pro-rata $345.75/acre
- Fee to have the lift station evaluated to see if the station will need to be upgraded for the proposed use.
- Parking to be 20'x9'
- 10' utility easement along FM 552

Re: Letter of Explanation for Re-Zoning

Lewis Real Estate Investments, Inc. is hereby making application to amend PD -70 which includes the subject 5.288 acre tract of land located at the southeast corner of FM 552 and Greenway Drive. Current permitted use is single-family lots ranging in size from 6,000-20,000 sq. ft. with 936 total dwelling units.

Lewis Real Estate Investments, Inc. and partner, David Dillard, noted senior housing architect are requesting an amendment to PD-70 in order to develop a "pocket neighborhood", a community oriented small neighborhood with 19 dwelling units with front porches fronting on a common green space. Lot sizes range from 3,700 sq. ft. to 6,000 sq. ft. The dwelling units ranging from 1,600 sq. ft. to 2,900 sq. ft. will be regulated by design standards to a cottage craftsman style home with different elevations. Residents will be able to walk around the green visiting with neighbors who are on the front porch. The neighborhood will include a community building equipped with kitchen to accommodate resident meetings, family gatherings, and other uses. Each residence will have two-car parking either in dwelling and/or separate garages depending on dwelling size. Visitor parking and a special entry feature adjoin the commons.

Thank you for your favorable consideration of this request.

Sincerely,

Austin Lewis

LEGAL DESCRIPTION

BEING, a tract of land situated in the W.T. DeWeese Survey, Abstract No. 71 in the City of Rockwall, Rockwall County, Texas, being part of a tract of land as described in Stone Creek Balance LTD., Clerks File No. 2007-00375394 in said Deed Records, and being more particularly described as follows:

BEGINNING, at a ¾ inch iron rod found at the northwest corner of Rockwall Middle School No. 4 Addition, an addition to the City of Rockwall, as described in Cabinet F, Page 67, in the Plat Records of Rockwall County, Texas, being in the south line of F.M. 552 (Variable R.O.W.);

THENCE, South 00°35'35" East, along the west line of said Rockwall Middle School No. 4 Addition, for a distance of 448.41 feet, to a ½ inch iron rod found with a yellow cap stamped Corwin Eng. Inc., also being the northeast corner of RISD Elementary School Addition Lot 1, an addition to the City of Rockwall, as described in Cab. H, Pg. 341-342 in said Plat Records;

THENCE, South 89°24'25" West, departing said west line and along the north line of said RISD Elementary School Addition Lot 1 , for a distance of 575.05 feet, to a ½ inch iron rod found with a yellow cap stamped Corwin Eng. Inc., at the northwest corner of said RISD Elementary School Addition Lot 1, and being in the east line of Green Way Drive (60' R.O.W.);

THENCE, North 00°23'36" West, along said east line, for a distance of 15.60 feet, to a ½ inch iron rod set with a yellow cap stamped Corwin Eng. Inc., being at the point of curvature of a curve to the right, having a radius of 220.00 feet, a central angle of 24°00'43", and a tangent of 46.79 feet;

THENCE, continuing along said east line and with said curve to the right for an arc distance of 92.20 feet (Chord Bearing North 11°36'46" East – 91.53 feet), to a ½ inch iron rod set with a yellow cap stamped Corwin Eng., Inc. being the point of tangency;

THENCE, North 23°37'08" East, continuing along said east line, for a distance of 130.36 feet, to a ½ inch iron rod set with a yellow cap stamped Corwin Eng. Inc., being on a curve to the left, having a radius of 280.00 feet, a central angle 24°26'55", and tangent of 60.66 feet;

THENCE, continuing along said east line and with said curve to the left for an arc distance of 119.48 feet (Chord Bearing North 11°23'40" East – 118.57 feet), to a ½ inch iron rod set with a yellow cap stamped Corwin Eng. Inc. at the point of tangency;

THENCE, North 00°49'47" West, continuing along said east line, for a distance of 106.39 feet, to a ½ inch iron rod set with a yellow cap stamped Corwin Eng. Inc., being in the south line of said F.M. 552;

THENCE, North 89°09'25" East, along said south line, for a distance of 477.99 feet, to the POINT OF BEGINNING and containing 5.288 acres of land.

Subject: Neighborhood Notification Program: Notice of zoning request
Attachments: PUBLIC NOTICE.pdf

To whom it may concern:

Per your participation in the Neighborhood Notification Program, you are receiving this notification to inform your organization and residents of a request for a zoning change that lies within 1,500 feet of the boundaries of your neighborhood or subdivision. As the primary contact for the organization, you are encouraged to share this information with the residents of your subdivision. Please find attached a map detailing the location of the subject property requesting the zoning change in relation to your subdivision boundaries. Additionally, below is a summary of the zoning request that will also be published in the Rockwall Herald Banner ***September 29, 2017***. The Planning and Zoning Commission will hold a public hearing on ***Tuesday 10/10/2017at 6:00 p.m.***, and the City Council will hold a public hearing on ***Monday, 10/16/2017 at 6:00 p.m***. These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street. These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street. If you have any questions or comments regarding this request, the contact information for the Planning Department is listed below. Additional information can also be found at https://sites.google.com/site/rockwallplanning/development-cases

Z2017-043- Amendment to PD-70
Hold a public hearing to discuss and consider a request by Austin Lewis of Lewis Real Estate Investments, Inc. on behalf of Meritage Homes of Texas, LLC for the approval of an amendment to Planned Development District 70 (PD-70) to incorporate a single-single family subdivision consisting of 19 single-family residential homes on a 5.28-acre tract of land identified as Tract 2-7 of the W. T. Deweese Survey, Abstract No. 71, City of Rockwall, Rockwall County, Texas, Planned Development District 70 (PD-70) for Single-Family 10 (SF-10) District land uses, located at the southeast corner of the intersection of Greenway Drive and FM-552, and take any action necessary.

If this email is reaching you in error, please forward it to your HOA or neighborhood group representative and update the contact information at http://www.rockwall.com/planning/hoa.asp.

Sincerely,

Laura Morales
Planning & Zoning Coordinator

NOTICE OF PUBLIC HEARING
CITY OF ROCKWALL, PLANNING & ZONING DEPARTMENT

PHONE: (972) 771-7745
EMAIL: PLANNING@ROCKWALL.COM

To Whom It May Concern:

You are hereby notified that the City of Rockwall Planning and Zoning Commission and City Council will consider the following application:

Case No. Z2017-043: Amendment to PD-70

Hold a public hearing to discuss and consider a request by Austin Lewis of Lewis Real Estate Investments, Inc. on behalf of Meritage Homes of Texas, LLC for the approval of an amendment to Planned Development District 70 (PD-70) to incorporate a single-single family subdivision consisting of 19 single-family residential homes on a 5.28-acre tract of land identified as Tract 2-7 of the W. T. Deweese Survey, Abstract No. 71, City of Rockwall, Rockwall County, Texas, Planned Development District 70 (PD-70) for Single-Family 10 (SF-10) District land uses, located at the southeast corner of the intersection of Greenway Drive and FM-552, and take any action necessary.

For the purpose of considering the effects of such a request, the Planning and Zoning Commission will hold a public hearing on **Tuesday, 10/10/2017 at 6:00 p.m.,** and the City Council will hold a public hearing on **Monday, 10/16/2017 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

David Gonzales
Rockwall Planning and Zoning Dept.
385 S. Goliad Street
Rockwall, TX 75087

You may also email your comments to the Planning Department at planning@rockwall.com. If you choose to email the Planning Department please include your name and address for identification purposes.

Your comments must be received by **10/16/2017** to ensure they are included in the information provided to the City Council.

Sincerely,

Ryan Miller, AICP
Director of Planning & Zoning

MORE INFORMATION ON THIS CASE CAN BE FOUND ON THE CITY'S WEBSITE: HTTPS://SITES.GOOGLE.COM/SITE/ROCKWALLPLANNING/DEVELOPMENT-CASES

PLEASE RETURN THE BELOW FORM

Case No. Z2017-043: Amendment to PD-70

Please place a check mark on the appropriate line below:

☐ I am in favor of the request for the reasons listed below.

☐ I am opposed to the request for the reasons listed below.

Name:

Address:

Tex. Loc. Gov. Code, Sec. 211.006 (d) If a proposed change to a regulation or boundary is protested in accordance with this subsection, the proposed change must receive, in order to take effect, the affirmative vote of at least three-fourths of all members of the governing body. The protest must be written and signed by the owners of at least 20 percent of either: (1) the area of the lots or land covered by the proposed change; or (2) the area of the lots or land immediately adjoining the area covered by the proposed change and extending 200 feet from that area.

NOTICE OF PUBLIC HEARING
CITY OF ROCKWALL, PLANNING & ZONING DEPARTMENT

PHONE: (972) 771-7745
EMAIL: PLANNING@ROCKWALL.COM

To Whom It May Concern:

You are hereby notified that the City of Rockwall Planning and Zoning Commission and City Council will consider the following application:

Case No. Z2017-043: Amendment to PD-70

Hold a public hearing to discuss and consider a request by Austin Lewis of Lewis Real Estate Investments, Inc. on behalf of Meritage Homes of Texas, LLC for the approval of an amendment to Planned Development District 70 (PD-70) to incorporate a single-single family subdivision consisting of 19 single-family residential homes on a 5.28-acre tract of land identified as Tract 2-7 of the W. T. Deweese Survey, Abstract No. 71, City of Rockwall, Rockwall County, Texas, Planned Development District 70 (PD-70) for Single-Family 10 (SF-10) District land uses, located at the southeast corner of the intersection of Greenway Drive and FM-552, and take any action necessary.

For the purpose of considering the effects of such a request, the Planning and Zoning Commission will hold a public hearing on **Tuesday, 10/10/2017 at 6:00 p.m.**, and the City Council will hold a public hearing on **Monday, 10/16/2017 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

David Gonzales
Rockwall Planning and Zoning Dept.
385 S. Goliad Street
Rockwall, TX 75087

You may also email your comments to the Planning Department at planning@rockwall.com. If you choose to email the Planning Department please include your name and address for identification purposes.

Your comments must be received by **10/16/2017** to ensure they are included in the information provided to the City Council.

Sincerely,

Ryan Miller, AICP
Director of Planning & Zoning

☐ I am in favor of the request for the reasons listed below.

☒ I am opposed to the request for the reasons listed below.

Devalues the properties of original Stonecreek homeowners. Keep that land for the use of the future school."

Name: Amber & Chandler Johnson

Address: 503 Knox Dr. Rockwall, TX 75087

Tex. Loc. Gov. Code, Sec. 211.006 (d) If a proposed change to a regulation or boundary is protested in accordance with this subsection, the proposed change must receive, in order to take effect, the affirmative vote of at least three-fourths of all members of the governing body. The protest must be written and signed by the owners of at least 20 percent of either: (1) the area of the lots or land covered by the proposed change; or (2) the area of the lots or land immediately adjoining the area covered by the proposed change and extending 200 feet from that area.

To Whom It May Concern:

You are hereby notified that the City of Rockwall Planning and Zoning Commission and City Council will consider the following application:

Case No. Z2017-043: Amendment to PD-70

Hold a public hearing to discuss and consider a request by Austin Lewis of Lewis Real Estate Investments, Inc. on behalf of Meritage Homes of Texas, LLC for the approval of an amendment to Planned Development District 70 (PD-70) to incorporate a single-single family subdivision consisting of 19 single-family residential homes on a 5.28-acre tract of land identified as Tract 2-7 of the W. T. Deweese Survey, Abstract No. 71, City of Rockwall, Rockwall County, Texas, Planned Development District 70 (PD-70) for Single-Family 10 (SF-10) District land uses, located at the southeast corner of the intersection of Greenway Drive and FM-552, and take any action necessary.

For the purpose of considering the effects of such a request, the Planning and Zoning Commission will hold a public hearing on **Tuesday, 10/10/2017 at 6:00 p.m.**, and the City Council will hold a public hearing on **Monday, 10/16/2017 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

David Gonzales
Rockwall Planning and Zoning Dept.
385 S. Goliad Street
Rockwall, TX 75087

You may also email your comments to the Planning Department at planning@rockwall.com. If you choose to email the Planning Department please include your name and address for identification purposes.

Your comments must be received by **10/16/2017** to ensure they are included in the information provided to the City Council.

Sincerely,

Ryan Miller, AICP
Director of Planning & Zoning

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 10/10/2017

APPLICANT: Sydney Brown *of Godspeed Motors*

AGENDA ITEM: **Z2017-044**; *SUP for Indoor Motor Vehicle Dealership – 1785 E. IH-30*

SUMMARY:

Hold a public hearing to discuss and consider a request by Sydney Brown of Godspeed Motors, LLC on behalf of the owner Greg Ollom for the approval of a Specific Use Permit (SUP) for an *Indoor Motor Vehicle Dealership/Showroom, New and/or Used* on a one (1) acre tract of land identified as Tract 5-1 of the J. Lockhart Survey, Abstract No. 134, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 1785 E. IH-30, and take any action necessary.

BACKGROUND AND PURPOSE:

The applicant, Sydney Brown *of Godspeed Motors*, is requesting the approval of a Specific Use Permit (*SUP*) to allow an *Indoor Motor Vehicle Dealership, New and/or Used* on a one (1) acre tract of land generally located along the IH-30 Frontage Road, and just east of Conveyor Street. The *subject property* is addressed as 1785 E. IH-30, Suite 1, and is within the IH-30 OV and zoned Light Industrial (LI) District.

ADJACENT LAND USES AND ACCESS:

The land uses adjacent to the subject property are as follows:

North: Directly north of the *subject property* is a 6.96-acre parcel of land containing a metal building owned by Rockwall 549/I30 Partners, LP and zoned Light Industrial (LI) District.

South: Directly south of the *subject property* is IH-30. Beyond that is the 5.96-acre tract of land identified as Rockwall Kia which is zoned Light Industrial (LI) District.

East: Directly east of the *subject property* is a metal building on a 1.025-acre tract of land that is adjacent to Conveyor Street and is zoned Light Industrial (LI) District.

West: Directly west of the *subject property* is the a 9.955-acre vacant tract of land zoned Agricultural (AG) District.

CHARACTERISTICS OF THE REQUEST:

On November 11, 2014, the City Council approved an ordinance that added *Indoor Motor Vehicle Dealership, New and/or Used* to the permissible use chart within the UDC and requiring an SUP within the *Commercial* (C), *Heavy Commercial* (HC), *Light Industrial* (LI), or *Heavy Industrial* (HI) zoning districts. This ordinance defined this land use as, "(t)he indoor storage of operable automobiles in a fully enclosed building for the purpose of holding such vehicles for sale, lease, distribution, or storage." The applicants business model is generally internet based -- *not traditional auto sales* -- with on hand inventory limited to the interior of the buildings showroom floor. The applicant's floor plan submitted with the SUP request indicates the area to be a maximum of 2,500 S.F. (*i.e. 50-ft x 50-ft area*). Section 2.1.8, *Auto and Marine-Related Use Conditions*, of Article IV, *Permissible Uses*, of the Unified Development Code outlines the

special conditions for this use. The following is a summary of the applicant's request and its complaints to these special conditions:

Code Requirement	*Proposed Plan*	*Compliance*
The sale/storage facility must be a completely enclosed building.	2,500 SF Indoor Facility	Yes
Outside display or storage of vehicles shall be prohibited. This includes storing vehicles under canopies/awnings or similar covered structures.	2,500 SF Indoor Facility	Yes
All activities shall remain inside the building (i.e. no detailing, sales activities or other operation activities shall be performed outside the building).	2,500 SF Indoor Facility	Yes
Accessory uses may be allowed in compliance with the Permissible Use Charts located within Section 1.1 of Article IV, Permissible Uses of the Unified Development Code (UDC).	Not Identified	N/A
The indoor motor vehicle dealership shall be restricted to the sale of motor vehicles only (i.e. cars and light trucks).	Trucks, Cars and SUV's Primarily Used Vehicles	Yes

If approved, the SUP would limited by allowing the use only within the enclosed building area designated on the floor plan for Suite 1 and as depicted in *Exhibit 'B'* of the draft ordinance, and not the entire 12,500 S.F. building. Granting a SUP remains a discretionary act for the City Council. Contained in the attached packet is a copy of the applicant's letter and the draft ordinance.

NOTIFICATION:

On September 29, 2017, staff mailed 17 notices to property owners and residents within 500-feet of the *subject property*. There are no Homeowner's Associations (*HOA's*) or Neighborhood Organizations located within 1,500-feet of the *subject property* participating in the notification program. Additionally, staff posted a sign on the *subject property*, and advertised the public hearings in the Rockwall Harold Banner as required by the UDC. At the time this case memo was drafted staff has not received any notices regarding the applicant's request.

RECOMMENDATIONS:

If the Planning and Zoning Commission and City Council choose to approve the applicant's request for a Specific Use Permit (SUP) to allow an *Indoor Motor Vehicle Dealership, New and/or Used* use on the *subject property*, staff would recommend the following conditions of approval:

1) The applicant shall comply with all Planning, Engineering and Fire comments prior to the approval of a site plan; and,

2) The following conditions pertain to an *indoor motor vehicle dealership/showroom, new and/or used* on the *Subject Property*, and conformance to these conditions is required for continued operations:

    a) The sales/storage facility must be a completely enclosed building.

    b) Outside display or storage of vehicles shall be prohibited. This includes storing vehicles under canopies/awnings or similar covered structures.

    c) All activities shall remain inside the building (*i.e. no detailing, sales activities or other*

operation activities shall be performed outside the building).

d) Accessory uses may be allowed in compliance with the *Permissible Use Charts* located within Section 1.1 of Article IV, Permissible Uses of the Unified Development Code (UDC).

e) The area designated for an *indoor motor vehicle dealership/showroom, new and/or used* shall be restricted to Suite 1 of 1785 E. IH-30, which is a 2,500 SF area (50' x 50') depicted in *Exhibit 'B'* of the ordinance.

f) The indoor motor vehicle dealership shall be restricted to the sale of motor vehicles only (*i.e. cars and light trucks*).

g) The subject property shall comply with all fire department standards for such use.

3) Any construction or building necessary to complete this request must conform to the requirements set forth by the UDC, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

IH-30, and take any action necessary.

PLANNING COMMENTS - DAVID GONZALES - 09.19.2017

An SUP for an indoor motor vehicle dealership shall be restricted as follows:

A. Per Sec. 2.1.8 Auto and marine-related use conditions, of Article IV, of the Unified Development Code is as follows:

Indoor motor vehicle dealership/showroom, new and/or used. The indoor storage of operable automobiles in a fully enclosed building for the purpose of holding such vehicles for sale, lease, distribution, or storage.

1. The sales/storage facility must be a completely enclosed building.
2. Outside display or storage of vehicles shall be prohibited. This includes storing vehicles under canopies/awnings or similar covered structures.
3. All activities shall remain inside the building (i.e. no detailing, sales activities, et cetera shall be performed outside the building).
4. Accessory uses may be allowed in compliance with the "permissible use charts" located within section 1.1 of this article.

B. The area designated for an indoor motor vehicle dealership use shall be restricted to Suite 1 of 1785 E. IH-30, which is a 2500 SF area (50' x 50') as depicted in Exhibit 'B'.

C. The indoor motor vehicle dealership shall be restricted to the sale of motor vehicles only (i.e. cars and light trucks).

D. The subject property shall meet all fire department requirements for this particular use.

The following are scheduled meeting dates that you and/or your representative(s) are required to attend regarding the zoning change request. All meetings will be held in the City's Council Chambers and begin at 6:00 p.m. If you have any quesitons regarding this case, please feel free to contact David Gonzales, AICP with the Planning Department at 972-771-7745.

Meeting Dates to Attend:

Planning - Work Session: September 26, 2017 (6:00p.m.) [Applicant to present case to P&Z for discussion].

Planning - Public Hearing: October 10, 2017 (6:00p.m.) [P&Z to take action (i.e. approve, approve with conditions, or deny)

City Council - Pulblic Hearing: October 16, 2017 (6:00 p.m.) [1st Reading of Ordinance]

City Council - Action Item: November 6, 2017 (6:00 p.m.) [2nd Reading of Ordinance]

September 13, 2017

Mr. Sydney Brown
Godspeed Motors LLC
2003 Dover Drive
Rowlett, TX 75088

To Whom It May Concern:

Godspeed Motors LLC will specialize in online auto sales of gently used, pre-owned vehicles, primarily consisting of trucks and SUV's to retail consumers and small businesses. We intend to also serve as a "broker" creating a personal shopping experience for clients who have a desire for a particular vehicle, eliminating the hassle of their search and haggling of price. This business model strays away from traditional auto sales as it reduces the on hand inventory, allows us to store vehicles in a safe enclosed showroom environment, and places us in more of a consultant role versus pressured sales associated with car buying.

I would like to thank you in advance for your time spent with this review, and welcome any questions you may have.

CITY OF ROCKWALL

ORDINANCE NO. 17-___

SPECIFIC USE PERMIT NO. S-

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO FURTHER AMEND THE ZONING MAP TO ADOPT A SPECIFIC USE PERMIT (SUP) WITHIN A LIGHT INDUSTRIAL (LI) DISTRICT ALLOWING FOR AN INDOOR MOTOR VEHICLE DEALERSHIP/SHOWROOM LOCATED IN A 2,500 SQUARE FOOT PORTION OF AN APPROXIMATELY 12,500 SQUARE FOOT BUILDING AS INDICATED IN *EXHIBIT 'A'* AND *EXHIBIT 'B'* OF THIS ORDINANCE, AND ADDRESSED AS 1785 E. IH-30, SUITE ONE, WHICH IS LOCATED ON A ONE (1) ACRE TRACT OF LAND IDENTIFIED AS TRACT 5-1 OF THE J. LOCKHART SURVEY, ABSTRACT NO. 134, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OR FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, a request has been made by Sydney Brown of Godspeed Motors, LLC on behalf of the owner Greg Ollom for a Specific Use Permit within a Light Industrial (LI) District allowing for an *Indoor Motor Vehicle Dealership/Showroom* located in a 2,500 square foot portion of an approximately 12,500 square foot building as indicated in *Exhibit 'A'* and *Exhibit 'B'* of this ordinance, and addressed as 1785 E. IH-30, Suite One, which is located on a one (1) acre tract of land described as Tract 5-1 of the J. Lockhart Survey, Abstract No. 134, City of Rockwall, Rockwall County, Texas and more fully described in *Exhibit 'A'* and *Exhibit 'B'* of this ordinance, which herein after shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Unified Development Code of the City of Rockwall should be amended as follows:

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

Section 1. That the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit (SUP) allowing for an *Indoor Motor Vehicle Dealership/Showroom* within a *Light Industrial (LI) District*, as stipulated by *Section 2.1.8, Auto and Marine-Related Use Conditions, of Article IV, Permissible Uses*, of the Unified Development Code [*Ordinance No. 04-38*] for the *Subject Property*;

and

Section 2. That the Specific Use Permit shall be subject to the conditions set forth in *Section 2.1.8, Auto and Marine-Related Use Conditions*, *of Article IV, Permissible Uses and Section 5.3, Light Industrial (LI) District*, *of Article V*, *District Development Standards*, of the City of Rockwall Unified Development Code (Ordinance No. 04-38) as heretofore amended, as amended herein by granting of this zoning change, and as may be amended in the future, and shall be subject to the additional following conditions:

2.1 OPERATIONAL CONDITIONS

The following conditions pertain to an *indoor motor vehicle dealership/showroom, new and/or used* on the *Subject Property*, and conformance to these conditions is required for continued operations:

1) The sales/storage facility must be a completely enclosed building.

2) Outside display or storage of vehicles shall be prohibited. This includes storing vehicles under canopies/awnings or similar covered structures.

3) All activities shall remain inside the building (i.e. no detailing, sales activities, et cetera shall be performed outside the building).

4) Accessory uses may be allowed in compliance with the "permissible use charts" located within Section 1.1 of Article IV, of the Unified Development Code.

5) The area designated for an *indoor motor vehicle dealership/showroom, new and/or used* shall be restricted to Suite One of 1785 E. IH-30, which is a 2,500 SF area (50' x 50'), and as depicted in Exhibit 'B' of this ordinance.

6) The indoor motor vehicle dealership shall be restricted to the sale of motor vehicles only (i.e. cars and light trucks).

7) The subject property shall comply with all fire department standards for such use.

2.2 COMPLIANCE

Approval of this ordinance in accordance with Section 8.3, *Council Approval or Denial*, of Article II, *Authority and Administrative Procedures*, of the Unified Development Code (UDC) will require compliance to the following:

1) Upon obtaining a Certificate of Occupancy (CO), should any business or establishment operating under the guidelines of this ordinance fail to meet the minimum operational requirements set forth herein and outline in the Unified Development Code (UDC), the City Council may (*after proper notice*) initiate proceedings to revoke the Specific Use Permit (SUP) in accordance with Section 4.4.(3) of Article IV, *Permissible Uses*, of the Unified Development Code (UDC).

Section 3. That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

DRAFT

Section 4. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict.

Section 5. Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of TWO THOUSAND DOLLARS ($2,000.00) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

Section 6. If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

Section 7. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 6TH DAY OF NOVEMBER, 2017.

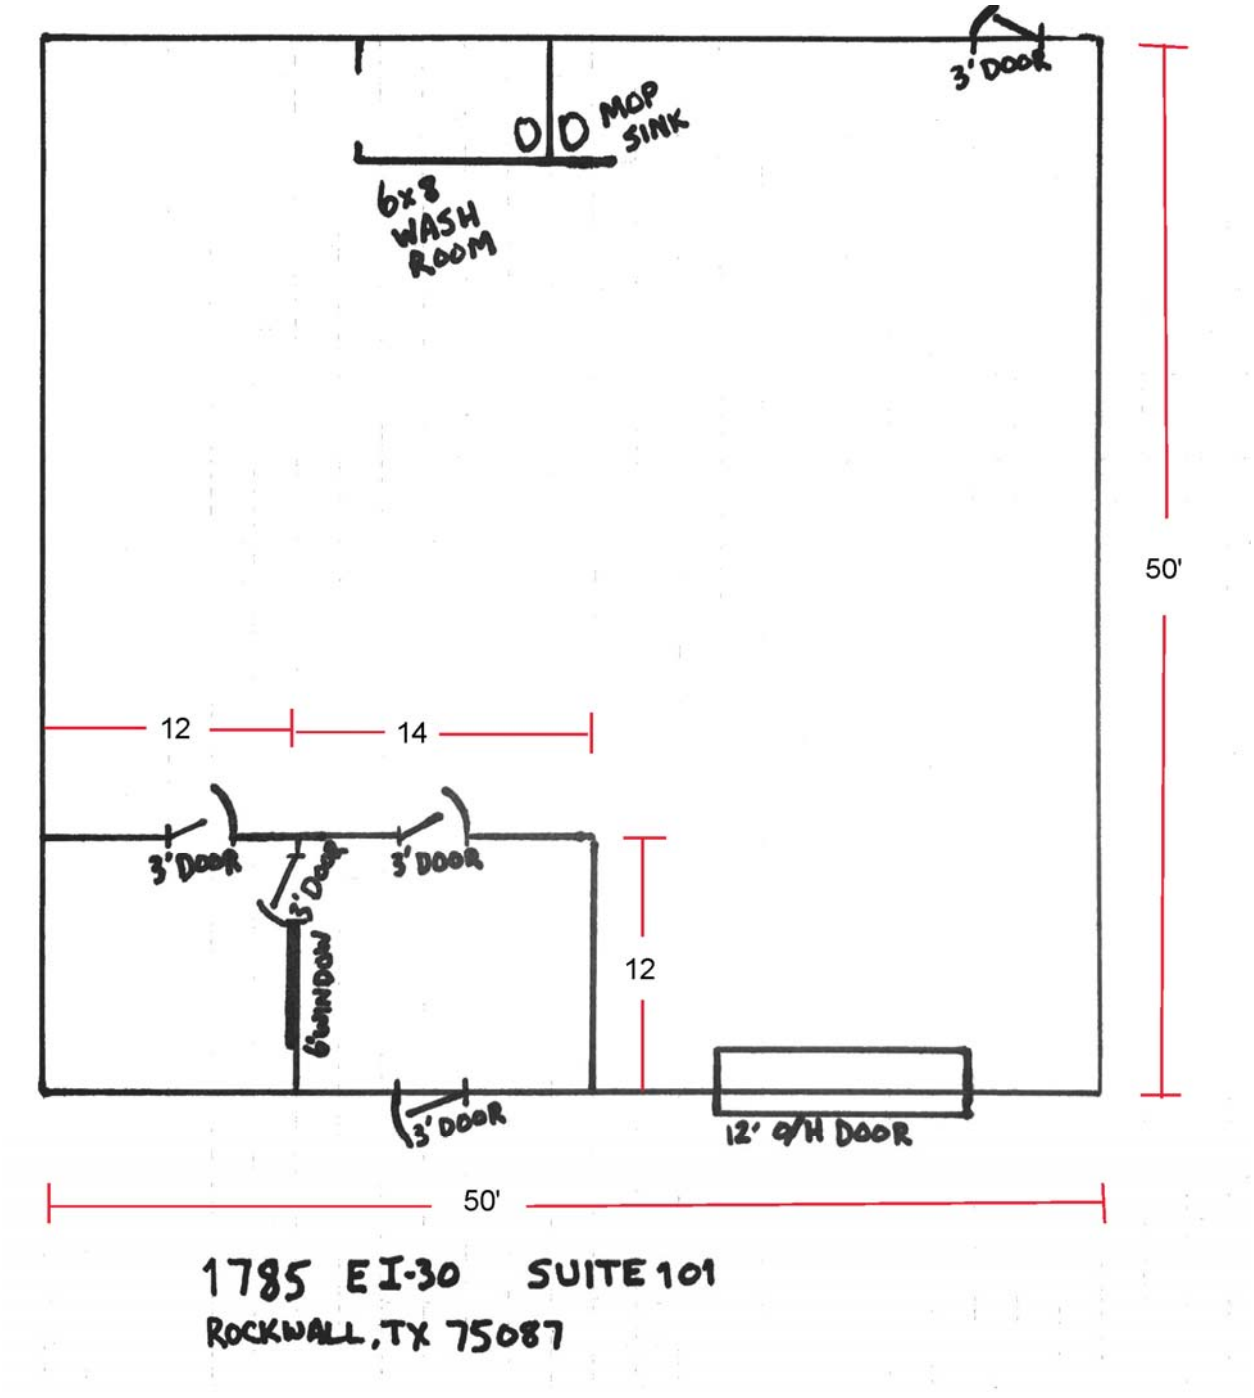
Exhibit 'A' - Survey



CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 10/10/2017

APPLICANT: David L. and Sue W. Hodgdon

AGENDA ITEM: **Z2017-045**; Zoning Change (*AG to SFE-2.0)*

SUMMARY:

Hold a public hearing to discuss and consider a request by David L. and Sue W. Hodgdon for the approval of a zoning change from an Agricultural (AG) District to a Single-Family Estate 2.0 (SFE-2.0) District on a 12.327-acre tract of land identified as Tract 1-01 of the T. Dean Survey, Abstract No. 69, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, addressed as 1085 Dalton Road, and take any action necessary.

PURPOSE AND CHARACTERISTICS OF THE REQUEST:

The subject property is a 12.327-acre tract of land identified as a Tract 1-01 of the T. Dean Survey, Abstract No. 69, City of Rockwall, Rockwall County, Texas. The applicant is requesting to rezone the property from an Agricultural (AG) District to a Single-Family Estate 2.0 (SFE-2.0) District for the purpose of constructing one (1) single-family home1. The applicant has also submitted a request [*Case No. P2017-049*] to final plat one (1) tract of land into two (2) parcels of land [*i.e. Lots 1 & 2, Block A, Hodgdon Addition*]. According to Section 2.1, *Agriculture (AG) District,* of Article V, *District Development Standards*, of the Unified Development Code (UDC), a single-family dwelling is allowed on any Agriculture (AG) District zoned property that is more than ten (10) acres. Since the resulting subject properties will be less than ten (10) acres, the tracts will need to be rezoned. Currently, floodplain traverses the property and should any improvements impact the floodplain, the applicant could be required to submit a flood study.

ADJACENT LAND USES AND ACCESS:

The land uses adjacent to the subject property are all follows:

North: Directly north of the subject property Dalton Road which is identified as a M4U (*Major Collector, four [4] lane, undivided roadway)*. Beyond this is a tract of vacant land that is zoned Agriculture (AG) District).

South: Directly south of the subject property is a single-family residential subdivision [*i.e. Promenade Harbor*] zoned Single-Family 10 (SF-10). Beyond this is Asbourne Drive which is identified as a *Minor Collector*.

East: Directly east of the subject property is a single-family residential subdivision [*i.e. The Shores*] zoned Planned Development District 3 (PD-3). Beyond this is a large tract of land that is zoned Agricultural (AG) District.

West: Directly west of the subject property is a single-family residential subdivision [*i.e. Promenade Harbor*] zoned Single-Family 10 (SF-10). Beyond this is a large tract of land [*i.e. the Takeline*] that is outside of the City Limits.

CONFORMANCE WITH THE COMPREHENSIVE PLAN:

The Future Land Use Map, adopted with the Comprehensive Plan, designates the subject property for *Medium-Density Residential* land uses, which are defined as single-family developments with two (2) to three (3) units per gross acre. The applicant's request is in conformance with the Future Land Use Map.

NOTIFICATION:

On September 29, 2017, staff sent 66 notices to property owners and residents within 500-feet of the subject property and situated in the City Limits. Staff also notified the Shoal Creek and Hidden Valley Homeowner's Associations (HOA's) which are the only HOA's/Neighborhood Associations within 1,500 feet. Additionally, staff posted a sign on the subject property as required by the UDC. At the time this report was drafted, staff had not received any notices concerning this case.

RECOMMENDATIONS:

Should Planning and Zoning Commission choose to recommend approval of the applicant's request to change the zoning of the subject property from an Agricultural (AG) District to a Single-Family Estate 2.0 (SFE-2.0) District then staff would propose the following conditions of approval:

1) A flood study will be required if it is determined that the development will affect the floodplain.

2) Any construction resulting from the approval of this *zoning change* shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

Z2017-45 Zoning Change (AG to SFE 2.0) Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 This is a request by David L. and Sue W. Hodgdon for the approval of a zoning change from an Agricultural (AG) District to a Single-Family Estate 2.0 (SFE-2.0) District on a 12.327-acre tract of land identified as Tract 1-01 of the T. Dean Survey, Abstract No. 69, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, addressed as 1085 Dalton Road.
I.2 For questions or comments concerning this case, please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.
M.3 For reference, include the case number (Z2017-045) in the lower right hand corner of all pages on future submittals.
I.4 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested by October 2, 2017. The Planning & Zoning Worksession for this case is September 26, 2017. The Planning and Zoning Meeting date for this case is October 10, 2017. A representative is required to attend all meetings.
I.5 The projected City Council meeting dates for this are October 16, 2017 and November 6, 2017.

CASE P2017-

OWNER'S CERTIFICATE
(Public Dedication)

STATE OF TEXAS
COUNTY OF ROCKWALL

WHEREAS DAVID L. HODGDON and SUE WYCHE HODGDON, BEING THE OWNERS OF A TRACT OF land in the County of Rockwall, State of Texas, said tract being described as follows:

All that certain lot, tract or parcel of land situated in the THOMAS DEAN SURVEY, ABSTRACT NO. 69, City of Rockwall, Rockwall County, Texas, and being a part of that tract of land as described in a Deed to David L. Hodgdon, as recorded in Volume 132, Page 605 of the Real Property Records of Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 1/2" iron rod with plastic cap found for corner at the Northeast corner of Lot 1, Block C of PROMENADE HARBOR, an Addition to the City of Rockwall, Texas, according to the Plat thereof recorded in Cabinet E, Slide 155, of the Plat Records of Rockwall County, Texas, and at the intersection of the South right-of-way line of Dalton Road, per Volume 2459, Page 19 of the Real Property Records of Rockwall County, Texas, with the west boundary line of said Hodgdon tract;

THENCE N. 89 deg. 14 min. 02 sec. E. along the South right-of-way line of Dalton Road, a distance of 600.26 feet to a 1/2" iron rod with plastic cap found for corner at the northwest corner of Lot 1, Block A of SHORES NORTH PHASE 6, an Addition to the City of Rockwall, Texas, according to the Plat thereof recorded in Cabinet E, Slide 163 of the Plat Records of Rockwalll County, Texas;

THENCE S. 00 deg. 22 min. 39 sec. E. along the west of said Addition and the east line of Hodgdon tract, a distance of 898.71 feet to a 1/2" iron rod found for corner at the southeast corner of said Hodgdon tract;

THENCE S. 89 deg. 35 min. 19 sec. W. along the south boundary line of said tract, a distance of 600.00 feet to a 1/2" iron rod found for corner;

THENCE N. 00 deg. 23 min. 36 sec. W. along the west line of Hodgdon tract and east line of Promenade Harbor, a distance of 895.00 feet to the POINT OF BEGINNING and containing 538,224 square feet or 12.36 acres of land.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS
COUNTY OF ROCKWALL

I the undersigned owner of the land shown on this plat, and designated herein as HODGDON ADDITION, an Addition to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed.

I further certify that all other parties who have a mortgage or lien interest in the HODGDON ADDITION, have been notified and signed this plat.

I understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same.

I also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of th eir respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maint aining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Roc kwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, sto rm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer an d/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as p rogress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

I further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; I , my successors and assigns hereby waive any claim, damage, or cause of action that I may have as a result of the dedication of exaction's made herein.

CASE P2017-

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 10/10/2017

APPLICANT: Jim Douglas of *Douglas Properties, Inc.*

AGENDA ITEM: **Z2017-046**; Terracina Estates Phase II *(AG to Amend PD-82)*

SUMMARY:

Hold a public hearing to discuss and consider a request by Jim Douglas of Douglas Properties, Inc. on behalf of Isabel Garrett of the McClendon Company for the approval of an amendment to Planned Development District 82 (PD-82) for the purpose incorporating an additional 59.065-acre tract of land into the existing single-family development being a 81.49-acre tract of land creating a 140.555-acre tract of land identified as a portion of Tract 8 and all of Tract 16 of the J. A. Ramsay Survey, Abstract No. 186, City of Rockwall, Rockwall County, Texas, Planned Development District 82 (PD-82) and Agricultural (AG) District, situated on the west side of Rochell Road south of SH-276, and take any action necessary.

PURPOSE AND BACKGROUND:

On September 15, 2017, the applicant submitted an application requesting to rezone a 59.065-acre tract of land from an Agricultural (AG) District to a Planned Development District by amending Planned Development District No. 82 (PD-82) for a single-family, residential subdivision that will incorporate an additional 148 single-family residential lots, and creating *Phase II* for the *Terracina Estates Subdivision*. If approved, the 59.065-acre tract of land (*i.e. Phase II*) and the 81.49-acre tract of land (*i.e. Phase I*) will combine for a total of 140-555-acres and will have a total of 352 single-family residential lots. The subject property, which was annexed into the City on July 21, 1997 by *Ordinance No. 97-14*, is located west side of Rochelle Road south of SH-276, adjacent to Timber Creek Estates Subdivision. The *subject property* is currently vacant land that is zoned Agricultural (AG) District.

ADJACENT LAND USES AND ACCESS:

The land uses adjacent to the subject property are as follows:

North: Directly north of the *subject property* is the Timber Creek Subdivision. This property is zoned for Single Family 10 (SF-10) District land uses.

South: Directly south of the *subject property* are a portion of the Fontana Ranch, Phase II Addition and the corporate limits of the City. The adjacent properties contain single-family home sites that front onto their respective neighborhood streets.

East: Directly east of the *subject property* is undeveloped area for Phase I of the Terracina Estates Subdivision (PD-82) that will contain 204 single family home sites fronting onto Rochell Road.

West: Directly west of the *subject property* is a 39.26-acre tract of land containing multiple radio tower antenna's for the IHeartMedia Tower Company, and is zoned Agricultural (AG) District.

CHARACTERISTICS OF THE REQUEST:

According to the concept plan for the Terracina Estates, Phase II Addition, it is the intent of the applicant to provide an additional 148 single-family residential lots by amending Planned Development District No. 82 (PD-82). The amendment would allow for a total of 352 single-family lots [*i.e. 148 proposed lots (Phase II) plus 204 lots (Phase I)*], with a minimum lot size of 8,125 SF (*i.e. 65' x 125' lots*) in area. It should be noted that the *Concept Plan* for *Phase II* indicates the larger 10,000 SF lots (*i.e. 80' x 120'*) will be located along the northern boundary of the *subject property*, adjacent to the Sterling Farms and Timber Creek Additions. The 8,125 SF lots will be located in the center of the addition, and along the eastern boundary of the *subject property* creating a transition of the lots, while lining up with those in *Phase I*. Furthermore, the applicant intends to purchase a portion of the property from IHeartMedia for the purpose of dedicating this as right-of way, and connecting the minor collector street (*Street H*) to Guadalupe Drive in the Fontanna Ranch Subdivision. This will create access for the neighborhoods to the elementary school, all parks, and conforms to the City's *Master Thoroughfare Plan*.

The proposed development of *Phase II* will provide an additional 6.45–acre park with amenities such as a playground, Dog Park, benches, and an 8-ft meandering trail that also provides access to the 9.0-acre public park located in *Phase I*. The *Concept Plan* indicates the inclusion of 12.0-acres of net open space (*or 20.32%*), exceeding the minimum 20% requirement. The location of the park and open space along the western boundary of the development of *Phase II* will provide an additional buffer from the IHeartMedia Tower Company's antenna park. The applicant has also indicated that a minimum of a 10-ft landscape buffer along the proposed minor collector street (*Street H*) will include large canopy trees planted along the perimeter of the roadway at a minimum of 50-ft intervals. The applicant will also be required to provide a minimum of a five (5) foot sidewalk that will be constructed within the rights-of-way of the development. Staff has included these as development requirements within the Planned Development District Ordinance.

A summary of the requested density and dimensional requirements is as follows:

Lot Type (see Concept Plan) ►	***A***	***B***
Minimum Lot Width [1] & [5]	65'	80'
Minimum Lot Depth	125'	125'
Minimum Lot Area	8,125 SF	10,000 SF
Minimum Front Yard Setback [2]	20'	20'
Minimum Side Yard Setback	5'	5'
Minimum Side Yard Setback (Adjacent to a Street) [2]	10'	10'
Minimum Length of Driveway Pavement	25'	25'
Maximum Height [3]	36'	36'
Minimum Rear Yard Setback [4]	10'	10'
Minimum Area/Dwelling Unit (SF)	1,800 SF	2,000 SF
Maximum Lot Coverage	65%	65%

General Notes:

[1]: The minimum lot width shall be measured at the *Front Yard Building Setback*.

[2]: The location of the *Front Yard Building Setback* as measured from the front property line.

[3]: The *Maximum Height* shall be measured to the eave or top plate (whichever is greater) of the single family home.

[4]: As measured from the rear yard property line.

[5]: Lots fronting onto a curvilinear street, cul-de-sac or eyebrow may have the lot width reduced by up to 20% as measured at the front property line provided that the lot width is met at the front building line. Additionally, the lot depth on lots fronting onto curvilinear streets, cul-de-sacs and eyebrows maybe reduced by up to ten (10%) percent, but shall meet the minimum lot size for each lot type.

Waivers to Code Requirements:

It should be noted that the development standards contained within the PD Ordinance deviate from the requirements of the Engineering Department's Standards of Design and Construction Manual and the Unified Development Code (UDC) in the following ways:

1) According to the Engineering Department's Standards of Design and Construction Manual, "(t)he City Council may waive the residential alley requirement upon determination by the Council, if it is in the best interest of the City." Currently, the applicant is requesting to allow J-Swing and/or Front Entry garages that comply with Article VI, Parking and Loading, of the Unified Development Code (UDC) in lieu of alleys. This requirement has been waived for other subdivisions throughout the City when the PD Ordinance conforms to the requirements stipulated by the UDC.

2) According to the Unified Development Code, Article VI, Section 4. – Residential Parking, Sec. 4.1., A, "...single-family…parking garages must be located at least 20 feet behind the front building facade for front entry garages, unless it is a "J-Swing" garage where the garage door is perpendicular to the street." The applicant is proposing 100% of the lots to be front entry styled garages for *Phase II*, with the standards approved in PD-82 [*Ordinance No. 16-43*] to remain in effect for *Phase I,* which allows for a minimum of 30% "J-Swing" configuration.

CONFORMANCE WITH THE COMPREHENSIVE PLAN:

The Future Land Use Map contained within the Comprehensive Plan designates the subject property as *Low Density Residential* land uses. According to the Comprehensive Plan, the *Low Density Residential* designation is generally defined as single family development consisting of less than 2 units per acre; however, a density up to 2.5 units per gross acre may be allowed within a Planned Development district that includes the dedication and/or development of additional amenities that exceed the minimum standards for residential Planned Developments. These amenities may include but not limited to parks and open space, neighborhood amenity centers, development of trails and parks in flood plains, municipal parks and/or recreation facilities, etc. In this case, the applicant is proposing a density of 2.50 units per gross acre and is proposing an approximately 6.45-acre park incorporating an eight (8)-ft concrete hike and bike trail system, a playground area, Dog Park, benches, and other features as depicted on the *Park Concept Plan*. This is inclusive of the 9.0-acre public park that was approved with Phase I of the Terracina Estates Addition.

The proposed zoning does appear to conform to the majority of the Comprehensive Plan's policies and guidelines with the exception of the required proximity of residential lots less than 12,000 sq. ft. to a neighborhood oriented park or open space. The Comprehensive Plan's policy requires the lots to be no further than 800-ft from a public park or open space in order to benefit from a property value premium. An approximation of no more than 7 lots (*or 4.7% of the lots*) located in the North East quadrant of the development are not within the 800-ft. minimum distance requirement. With this being said, the proposed Concept Plan is a discretionary decision for the City Council.

NOTIFICATION:

On September 29, 2017, staff mailed 142 notices to property owners and residents within 500-feet of the subject property. Staff also emailed notices to the Lofland Farms, Timber Creek, and Fontana Ranch Homeowner's Associations (HOA's), which are the only HOA's located within 1,500 feet of the *subject property* participating in the notification program. Additionally, staff posted a sign adjacent to the *subject property* along Rochell Road and advertised the public hearings in the Rockwall Harold Banner as required by the Unified Development Code (UDC). At the time this case memo was drafted, staff has received one (1) notice opposed to the request.

RECOMMENDATIONS:

If the Planning and Zoning Commission chooses to recommend approval of the applicant's request to rezone the *subject property* from an Agricultural (AG) District by amending Planned Development District No. 82 (PD-82), then staff would propose the following conditions of approval:

1) The applicant shall be responsible for maintaining compliance with the conditions contained within the *Planned Development District* ordinance;

2) Any construction resulting from the approval of this *zoning change* shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

Hold a public hearing to discuss and consider a request by Jim Douglas of Douglas Properties, Inc. on behalf of Isabel Garrett of the McClendon Company for the approval of an amendment to Planned Development District 82 (PD-82) for the purpose incorporating an additional 59.065-acre tract of land into the existing single-family development being a 81.49-acre tract of land creating a 140.555-acre tract of land identified as a portion of Tract 8 and all of Tract 16 of the J. A. Ramsay Survey, Abstract No. 186, City of Rockwall, Rockwall County, Texas, Planned Development District 82 (PD-82) and Agricultural (AG) District, situated on the west side of Rochell Road south of SH-276, and take any action necessary.

PLANNING COMMENTS - DAVID GONZALES - 09.19.2017

The following staff comments are to be addressed and resubmitted no later than Tuesday, October 3, 2017 (three large copies FOLDED and one PDF version) for subsequent review by staff. For questions or comments concerning this case please contact David Gonzales in the Planning Department at (972) 772-6488 or email dgonzales@rockwall.com

• On all future submittals please include the Case Number (Z2017-046) in the lower right hand corner.

• Please review the Draft Ordinance prior to the Planning & Zoning Meeting scheduled for October 10, 2017.

• Please make the following corrections/additions to the Concept Plan:

(1) Correct and/or include the following within the legend:
a. Maximum Density - 2.506 d.u/acre
b. Provide Canopy Trees at 1 per 50 Linear Feet of Frontage (Open Space/Trails/Park Area) -- as depicted on the Ph II Open Space Plan.
c. Change Open Space calculation to equal 20.3% Total Open Space.
(2) Provide a typical street cross section for the proposed Minor Collector street to be located along the southern portion of the development, as indicated on the City's Thoroughfare Plan.

• The following are a list of Comprehensive Plan (plan) policies that have not been satisfied or could benefit from clarification:

(1) The plan also requires that all lots less than 12,000 sq. ft. must be located within 800-ft of a public park or open space corridor in order to benefit from a property value premium. Provide an exhibit indicating conformance to this requirement.
(2) All residential lots that are 16,000 SF or less should be served by an alley. A request to waive this requirement by the City Council may be approved through the PD Ordinance.

The following are scheduled meeting dates that you and/or your representative(s) are required to attend regarding the zoning change request. All meetings will be held in the City's Council Chambers and begin at 6:00 p.m. If you have any quesitons regarding this case, please feel free to contact David Gonzales, AICP with the Planning Department at 972-771-7745.

Meeting Dates to Attend:

Planning - Work Session: September 26, 2017 (6:00p.m.) [Applicant to present case to P&Z for discussion].

Planning - Public Hearing: October 10, 2017 (6:00p.m.) [P&Z to take action (i.e. approve, approve with conditions, or deny)

RE: TERRACINA ESTATES
59.06 Acres
ROCKWALL, TX

Dear Mr. Miller

Douglas properties proposes to develop this tract to mirror Terracina Estates (PD – 82) which is also being developed by Douglas properties. The proposed open space percentages and amenities compliment Terracina Estates development, This development will provide a linear park system which when connecting to Terracina Estates will be nearly a mile of park with amenities maintained by the H.O.A.

If you have any questions or if we can be of any further assistance, please do not hesitate to contact our office.

Sincerely,

Richard Hovas, P.E.

Subject: Neighborhood Notification Program: Notice of zoning request
Attachments: PUBLIC NOTICE.pdf

To whom it may concern:

Per your participation in the Neighborhood Notification Program, you are receiving this notification to inform your organization and residents of a request for a zoning change that lies within 1,500 feet of the boundaries of your neighborhood or subdivision. As the primary contact for the organization, you are encouraged to share this information with the residents of your subdivision. Please find attached a map detailing the location of the subject property requesting the zoning change in relation to your subdivision boundaries. Additionally, below is a summary of the zoning request that will also be published in the Rockwall Herald Banner ***September 29, 2017***. The Planning and Zoning Commission will hold a public hearing on ***Tuesday 10/10/2017at 6:00 p.m.***, and the City Council will hold a public hearing on ***Monday, 10/16/2017 at 6:00 p.m***. These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street. These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street. If you have any questions or comments regarding this request, the contact information for the Planning Department is listed below. Additional information can also be found at https://sites.google.com/site/rockwallplanning/development-cases

Z2017-046- Amendment to PD-82
Hold a public hearing to discuss and consider a request by Jim Douglas of Douglas Properties, Inc. on behalf of Isabel Garrett of the McClendon Company for the approval of an amendment to Planned Development District 82 (PD-82) for the purpose incorporating an additional 59.065-acre tract of land into the existing single-family development being a 81.49-acre tract of land creating a 140.555-acre tract of land identified as a portion of Tract 8 and all of Tract 16 of the J. A. Ramsay Survey, Abstract No. 186, City of Rockwall, Rockwall County, Texas, Planned Development District 82 (PD-82) and Agricultural (AG) District, situated on the west side of Rochell Road south of SH-276, and take any action necessary.

If this email is reaching you in error, please forward it to your HOA or neighborhood group representative and update the contact information at http://www.rockwall.com/planning/hoa.asp.

NOTICE OF PUBLIC HEARING
CITY OF ROCKWALL, PLANNING & ZONING DEPARTMENT

PHONE: (972) 771-7745
EMAIL: PLANNING@ROCKWALL.COM

To Whom It May Concern:

You are hereby notified that the City of Rockwall Planning and Zoning Commission and City Council will consider the following application:

Case No. Z2017-046: Terracina Phase II - Amend PD-82

Hold a public hearing to discuss and consider a request by Jim Douglas of Douglas Properties, Inc. on behalf of Isabel Garrett of the McClendon Company for the approval of an amendment to Planned Development District 82 (PD-82) for the purpose incorporating an additional 59.065-acre tract of land into the existing single-family development being a 81.49-acre tract of land creating a 140.555-acre tract of land identified as a portion of Tract 8 and all of Tract 16 of the J. A. Ramsay Survey, Abstract No. 186, City of Rockwall, Rockwall County, Texas, Planned Development District 82 (PD-82) and Agricultural (AG) District, situated on the west side of Rochell Road south of SH-276, and take any action necessary.

For the purpose of considering the effects of such a request, the Planning and Zoning Commission will hold a public hearing on **Tuesday, 10/10/2017 at 6:00 p.m.,** and the City Council will hold a public hearing on **Monday, 10/16/2017 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

David Gonzales
Rockwall Planning and Zoning Dept.
385 S. Goliad Street
Rockwall, TX 75087

You may also email your comments to the Planning Department at planning@rockwall.com. If you choose to email the Planning Department please include your name and address for identification purposes.

Your comments must be received by **10/16/2017** to ensure they are included in the information provided to the City Council.

Sincerely,

Ryan Miller, AICP
Director of Planning & Zoning

PLEASE RETURN THE BELOW FORM

Case No. Z2017-046: Terracina Phase II - Amend PD-82

Please place a check mark on the appropriate line below:

☐ I am in favor of the request for the reasons listed below.

☐ I am opposed to the request for the reasons listed below.

Name:

Address:

Tex. Loc. Gov. Code, Sec. 211.006 (d) If a proposed change to a regulation or boundary is protested in accordance with this subsection, the proposed change must receive, in order to take effect, the affirmative vote of at least three-fourths of all members of the governing body. The protest must be written and signed by the owners of at least 20 percent of either: (1) the area of the lots or land covered by the proposed change; or (2) the area of the lots or land immediately adjoining the area covered by the proposed change and extending 200 feet from that area.

NOTICE OF PUBLIC HEARING
CITY OF ROCKWALL, PLANNING & ZONING DEPARTMENT

PHONE: (972) 771-7745
EMAIL: PLANNING@ROCKWALL.COM

To Whom It May Concern:

You are hereby notified that the City of Rockwall Planning and Zoning Commission and City Council will consider the following application:

Case No. Z2017-046: Terracina Phase II - Amend PD-82

Hold a public hearing to discuss and consider a request by Jim Douglas of Douglas Properties, Inc. on behalf of Isabel Garrett of the McClendon Company for the approval of an amendment to Planned Development District 82 (PD-82) for the purpose incorporating an additional 59.065-acre tract of land into the existing single-family development being a 81.49-acre tract of land creating a 140.555-acre tract of land identified as a portion of Tract 8 and all of Tract 16 of the J. A. Ramsay Survey, Abstract No. 186, City of Rockwall, Rockwall County, Texas, Planned Development District 82 (PD-82) and Agricultural (AG) District, situated on the west side of Rochell Road south of SH-276, and take any action necessary.

For the purpose of considering the effects of such a request, the Planning and Zoning Commission will hold a public hearing on **Tuesday, 10/10/2017 at 6:00 p.m.**, and the City Council will hold a public hearing on **Monday, 10/16/2017 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

David Gonzales
Rockwall Planning and Zoning Dept.
385 S. Goliad Street
Rockwall, TX 75087

You may also email your comments to the Planning Department at planning@rockwall.com. If you choose to email the Planning Department please include your name and address for identification purposes.

Your comments must be received by **10/16/2017** to ensure they are included in the information provided to the City Council.

Sincerely,

Ryan Miller, AICP
Director of Planning & Zoning

PLEASE RETURN THE BELOW FORM

Case No. Z2017-046: Terracina Phase II - Amend PD-82

Please place a check mark on the appropriate line below:

☐ I am in favor of the request for the reasons listed below.

☒ I am opposed to the request for the reasons listed below.

Too much traffic now in TimberCreek, not enough entrances and exits. This addition will make it much much WORSE!

Name:

Address:

Tex. Loc. Gov. Code, Sec. 211.006 (d) If a proposed change to a regulation or boundary is protested in accordance with this subsection, the proposed change must receive, in order to take effect, the affirmative vote of at least three-fourths of all members of the governing body. The protest must be written and signed by the owners of at least 20 percent of either: (1) the area of the lots or land covered by the proposed change; or (2) the area of the lots or land immediately adjoining the area covered by the proposed change and extending 200 feet from that area.

PLEASE SEE LOCATION MAP OF SUBJECT PROPERTY ON THE BACK OF THIS NOTICE

DESCRIPTION
59.065 acre
John A. Ramsey Survey AB- 127
City of Rockwall, Rockwall County, Texas

BEING a 59.065 acre tract of land located in the John A. Ramsey Survey AB- 127, in the City of Rockwall, Rockwall County, Texas, being a part of Tracts 1 and 2 as described in a deed to The McClendon Corporation as recorded in, Volume 91 Page 526, Deed Records Rockwall County Texas (DRRCT) and more particularly described as follows;

COMMENCING at a found 1/2-inch iron rod for the southwest corner of Sterling Farms Addition, an Addition to the City of Rockwall as recorded Slide C, Page 396, Plat Records Rockwall County Texas (PRRCT), said point being in the common north line of said Tract 2, and being in the East right of way line for Farm to Market Road 543;

THENCE N 88°52'38" E with the common line of said McClendon Tract 2, and said Addition a distance of 805.64 feet to the POINT OF BEGINNING, from said point a found iron rod for the common southerly corner of Lots 17 and 16 of said Sterling Farms Addition bears S 88°52' W, 3.52 feet, and an iron rod with Powell & Powell Cap bears S 48°54' E, 6.45 feet;

THENCE N 88°52'36" E, a distance of 1773.18 feet to a point for southeast corner of said Sterling Farms Addition, and the westerly southwest corner of Timber Creek Estates, Phase 2 & 3, an Addition to the City of Rockwall as recorded in Cabinet E, Slides 55-57, Plat Records Rockwall County Texas (PRRCT);

THENCE easterly and southerly with the line common to said Timber Creek Estates and said McClendon tract 2 as follows:

N 89°51'04" E, a distance of 523.95 feet to a point for a corner in said common line;

S 01°05'16" E, a distance of 612.61 feet to a 1/2-inch iron rod for the southerly southwest corner of said Timber Creek Estates;

THENCE S 01°01'20" E continuing with the east line of said McClendon tract and with the west line of that West Union Investments, Co. tract as described in Volume 377, Page 273, Deed Records Rockwall County Texas, at 1644.86 feet pass a found 3/8-inch iron rod, continuing for a total distance of 1648.36 feet to a found fence post for corner, being on the north line of Ridge Haven Estates, an Addition to the City of Rockwall as recorded in Book A, Slide 213, (PRRCT);

THENCE N 88°53'47" W with the north line of said Addition, a distance of 284.75 feet to a found 1/2- inch iron rod for the northwest corner of said Addition, same being the northeast corner of Fontanna Ranch Phase II, an Addition to the City of Rockwall as recorded in Instrument No. 20170000010844, Official Public Records Rockwall County Texas (OPRRCT);

THENCE S 89°19'19" W with the north line of Fontanna Ranch, a distance of 447.16 feet to a found 1/2- inch iron rod;

THENCE N 01°00'46" W, a distance of 18.05 feet to a found iron rod with Powell & Powell cap for a corner of said Fontanna Ranch and being the southwesterly corner of that tact described in a Special Warranty Deed to iHeartMedia Tower Company, I, LLC, as recorded in Instrument No.
20150000005151, (OPRRCT);

THENCE N 48°03'24" E, a distance of 611.61 feet to a found ½-iron rod with Powell & Powell cap for the southeast corner of said iHeartMedia Tower Company tract;

THENCE N 48°54'08" W with the northeasterly line of said iHeartMedia Tower Company tract, a distance of 2734.38 feet to the POINT OF BEGINNING, and containing 59.065 acres of land, more or less.

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 10/10/2017

APPLICANT: Trent Hyde

AGENDA ITEM: **Z2017-047;** 218 W. Quail Run Road (*SUP*)

SUMMARY:

Hold a public hearing to discuss and consider a request by Trent Hyde for the approval of a Specific Use Permit (SUP) to allow for an accessory building that does not meet the minimum requirements as stipulated by *Article IV, Permissible Uses*, of the Unified Development Code for a 0.830-acre tract of land identified as the Wilson Addition, City of Rockwall, Rockwall County, Texas, zoned Single-Family 10 (SF-10) District, addressed as 218 W. Quail Run Road, and take any action necessary.

PURPOSE AND BACKGROUND INFORMATION

The applicant, Trent Hyde is requesting the approval of a Specific Use Permit (SUP) to allow for an accessory building that does not meet the minimum requirements stipulated Article VI, *Permissible Uses*, of the Unified Development Code (UDC). The subject property is a 0.830-acre tract of land zoned Single-Family 10 (SF-10) District. The applicant is proposing to construct an ~20-foot tall metal building that will be approximately 700 SF. The proposed accessory building will be located behind the main structure ~11-feet from the side property line and ~70-feet from the rear property line. Additionally, the accessory building will be screened from public view with a fence. According to the UDC, properties within a Single-Family 10 (SF-10) District are permitted two (2) accessory buildings that are a maximum of 225 SF. In addition, the UDC states that an accessory building shall be clad with the same materials that are found on the primary structure. In this case, the proposed accessory building will be 475 SF larger than what is permitted by the ordinance, constructed out of metal. As a result, the applicant is required to apply for a SUP. The approval of this SUP is a discretionary decision for the Planning and Zoning Commission and City Council.

ADJACENT LAND USES AND ACCESS:

The land uses adjacent to the subject property are as follows.

North: Directly north of the subject property is a single-family residential subdivision [*i.e. The Random Oaks art the Shores*] that is zoned Planned Development District 3 (PD-3) for single-family residential land uses. Beyond this is Ridge Road West which is identified as a *Minor Collector.*

South: Directly south of the subject property is a large vacant tract of land zoned Planned Development District 65 (PD-65) for General Retail (GR) District Land Uses. . Beyond this is a single-family residential subdivision [*i.e. Lakeview Summit*]. This area is zoned Planned Development District 29 (PD-29).

East: Directly east of the subject property is a single-family home followed by a vacant tract of land. These areas are zoned Single-Family 10 (SF-10) District. Beyond this

is a daycare facility [*i.e. Children's Lighthouse*]. This area is zoned Planned Development District 65 (PD-65) for General Retail (GR) District land uses.

West: Directly west of the subject property are several single-family homes that are zoned Single-Family 10 (SF-10) District. Beyond this is vacant tract of land zoned Planned Development 65 (PD-65) for General Retail (GR) and Single-Family 10 (SF-10) District land uses.

NOTIFICATION:

On September 29, 2017, staff mailed 43 notices to property owners and occupants within 500-feet of the subject property. Staff also notified the Shores/Ray Hubbard, Stone Creek and Quail Run Valley Homeowner's Associations (HOA's) which are the only HOA's and/or Neighborhood Organizations within 1,500-feet of the subject property and participating in the notification program. Additionally, staff posted a sign on the subject property as required by the UDC. At the time this report was drafted, staff has not received any notices concerning this case.

RECOMMENDATIONS:

Should the Planning and Zoning Commission and City Council choose to approve the SUP request, staff would offer the following conditions of approval:

1) The accessory building be subject to the operational conditions contained in the SUP ordinance, which are as follows:

    a) The accessory building shall generally conform to the site plan depicted in *Exhibit 'C''* of the SUP.

    b) The accessory building shall not exceed a maximum size of 700 SF.

    c) The accessory building shall not exceed a maximum overall height of 20-feet.

    d) The accessory building is subject to administrative review in the event that the Subject Property is sold, conveyed or altered in any manner.

2) Any construction or building necessary to complete this request must conform to the requirements set forth by the UDC, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

To Whom It May Concern:

I, Trent Hyde, the property owner at 218 West Quail Run Road in Rockwall, Texas, is requesting permits to build a 700 square foot outdoor metal building to be used for additional storage at my residence.

Being that my property is almost an acre in size, I would like to construct this permanent building in my residential backyard.

Please provide your approval at your earliest convenience.

Thank you!

Trent Hyde

STANDARD SERIES KITS

Raising the bar for quality, flexibility and ease of assembly.

When considering quality and value, our Standard Series Kits are the finest pre-designed steel buildings you can buy. They're built of heavy-duty, 26-gauge commercial grade steel and set the standard for ease of assembly and flexibility. Whether you need a workshop, garage, barn or large storage space, you can't go wrong with the Standard Series. Available in six sizes, they can be assembled with bolts and screws – no welding required.

AVAILABLE SIZES

WORKSHOP
24' x 24' x 10' –
One 10' x 7'4" framed opening

GARAGE
24' x 30' x 11' –
One 16' x 8' framed opening

BIG WORKSHOP
30' x 40' x 12' –
One 10' x 10' framed opening

SMALL BARN
30' x 50' x 12' –
One 12' x 10' framed opening

BIG BARN
40' x 50' x 14' –
One 12' x 12' framed opening

BIG BARN XL
40' x 60' x 16' –
Two 14' x 14' framed openings

Note: Please check local building codes before ordering

EACH KIT INCLUDES:

- Bolt-together frame
- Coldform end walls
- 26-gauge Galvalume roof with 20-year limited warranty
- 26-gauge colored walls with 30-year limited warranty (white, tan, light stone, light gray)
- Basic trim package
- Anchor bolt plans and erection drawings

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 10/10/2017

APPLICANT: Russell Phillips

AGENDA ITEM: **Z2017-048**; *SUP for Mini-Warehouse*

SUMMARY:

Hold a public hearing to discuss and consider a request by Russell Phillips on behalf of Sandra McMullen for the approval of a Specific Use Permit (SUP) for a mini-warehouse facility on an 8.733-acre tract of land identified as a portion of Lot 16 and all of Lot 14, Rainbo Acres Addition, City of Rockwall, Rockwall County, Texas, zoned Single-Family Estate 4.0 (SFE-4.0) District, addressed as 259 Ranch Road, and take any action necessary.

PURPOSE:

The applicant is requesting the approval of a Specific Use Permit (SUP) to allow for a *mini-warehouse*. The subject property is zoned Commercial (C) District and is situated adjacent to Mims Road on 8.733-acre tract of land identified as a portion of Lot 16 and all of Lot 14, Rainbo Acres Addition. This property is addressed as 259 Ranch Trail.

ADJACENT LAND USES AND ACCESS:

The land uses adjacent to the subject property are all follows:

North: Directly north of the subject property are commercial structures. Beyond this is vacant land adjacent to County Line Road, which is identified as a *Minor Collector* on the City's Master Thoroughfare Plan. These areas are zoned Commercial (C) District.

South: Directly south of the subject property are commercial structures. Beyond this is vacant land that is adjacent to FM-3097, which is identified as a *M4D (Major Collector, four [4] lane, divided roadway)* on the City's Master Thoroughfare Plan. This area is zoned Commercial (C) District.

East: Directly east of the subject property is a large, vacant tract of land that is zoned Agricultural (AG) District. Beyond this is a single-family residential subdivision, which is zoned Single-Family Estates 1.5 (SFE-1.5) District.

West: Directly west of the subject property is Ranch Trail Road, which is identified as a (*Minor Collector)*. Beyond this are commercial structures, that are zoned Commercial (C) District.

The applicant is requesting the approval of an SUP to allow for an ~575-unit mini-warehouse facility. According to the concept plan and building elevations, the mini-warehouse facility will be comprised of multiple buildings [i.e. ~24 buildings], ranging in size from five (5) storage units to 108 storage units. Additionally, the applicant is proposing a masonry façade on the perimeter of all buildings that are visible from the street; however, the applicant is proposing to utilize

metal facades on the interior buildings. Staff should note that most of the surrounding buildings are constructed of metal. Each building will have drive-up units with roll-up doors. None of the roll-up doors will face Ranch Trail or Horizon Road. The leasing office will be a two (2) story building. With the exception of the leasing office, the applicant is proposing to provide landscape screening allowing the mini-warehouse facility to have limited visibility from Ranch Trail and Horizon Road. Additionally, the northeast portion of the subject property is wooded and the applicant is proposing to save trees in the area to act as a screen to the adjacent properties.

According to Section 1.1, *Land Use and Building*s, of Article IV, *Permissible Uses*, of the Unified Development Code (UDC) a mini-warehouse is permitted in a Commercial (C) District by Specific Use Permit (SUP), which is a discretionary decision for the Planning and Zoning Commission and the City Council. Should this request be approved, the applicant will be required to submit a site plan, landscape plan, photometric plan, and building elevations to the Architectural Review Board and the Planning and Zoning Commission. Attached is a concept plan and building elevations, and conformance to these plans is a requirement of the draft ordinance.

CHARACTERISTICS OF THE REQUEST

Section 2.1.10, *Wholesale, Distribution, and Storage*, of A*rticle IV, Permissible Uses*, of the Unified Development Code (UDC) details the specific land use requirements for a *Mini-Warehouse Facility*. The following is a summary of the applicant's proposal and its compliance to these land use requirements:

Code Requirement	*Proposed Plan*	*Compliance*
The maximum site area shall not exceed five (5) acres.	8.733-Acres	*Not In Conformance*
The maximum number of storage units shall not exceed 125 units per acre.	575 units	In Conformance[1]
The maximum height shall not exceed one (1) story, except for the residential unit which shall be less that 36-feet.	The proposed buildings are one (1) story with a two (2) story leasing office.	In Conformance
The minimum number of parking spaces required is two (2). Parking requirement is three (3) spaces plus one (1) per 100 units.	Nine (9) parking spaces are and nine (9) parking spaces are provided.	In Conformance
No direct access from FM740, SH205, SH66, SH276, FM3097, FM552, FM549 or John King Boulevard.	The site does not have direct access from any roadway and is only accessible via Ranch Trail.	In Conformance
Overhead doors shall not face adjacent streets.	The buildings are not visible from any adjacent streets or roadways.	In Conformance
All exterior walls facing the front, side and rear property lines shall be 100% brick construction.	All exterior walls facing Ranch Trail will incorporate brick and stone.	*Not In Conformance*
The front, side and rear building setback areas shall incorporate clustered landscaping.	The Concept Landscape Plan provided shows clustered landscaping along the perimeter of the facility.	In Conformance
Gates shall be incorporated limiting access to the facility.	Wrought iron gates are being proposed.	In Conformance
Screening fences shall be wrought iron or masonry.	Landscape screening and wrought Iron fencing are shown on the site plan.	In Conformance
Concrete shall be used for all paving.	All future paving will be concrete.	In Conformance
Roof shall have a minimum roof pitch of 1:3 and be constructed with metal standing seam.	The leasing office is the only building visible from the street and will have a minimum roof pitch of 1:3, however the remaining buildings will not.	*Not In Conformance*

Lighting standards shall be limited to a maximum of 20-feet in height.	Will be handled at the time of site plan submittal on the Photometric Plan. The SUP Ordinance include this requirement under the Operational Conditions.	Photometric Plan (Site Plan)
A single residential unit not exceeding 1,600 SF in size is permitted.	There will be no residential unit.	In Conformance
Outside Storage shall be prohibited.	The site will not have outside storage.	In Conformance

1. Note: At 5-acres a maximum of 625 units are permitted.

NOTIFICATION:

On September 29, 2017, staff sent thirty (30) notices to property owners and residents within 500-feet of the subject property. There are no HOA's/Neighborhood Associations within 1,500-feet of the subject property. Additionally, staff posted a sign on the subject property as required by the UDC. At the time this report was drafted, staff had not received any notices concerning this case.

RECOMMENDATIONS:

Should the Planning and Zoning Commission and City Council choose to approve the specific use permit request, staff would offer the following conditions of approval:

1. The applicant shall be responsible for maintaining compliance with the operational conditions contained in the SUP ordinance and summarized as follows:

    a) The development shall generally conform to the Concept Plan depicted in *Exhibit 'C'* of the SUP.

    b) The building elevations shall generally conform to the *Concept Building Elevations* depicted in *Exhibit 'D'* of the attached ordinance.

    c) The maximum number of storage units provided shall not exceed 575 units for the facility.

    d) The residential unit/caretaker's quarters shall not exceed 1,600 square feet.

    e) The residential unit/caretaker's quarters shall not be greater than 36 feet in height.

    f) No outside storage of any kind shall be allowed (including, but not limited to the outside storage of boats, recreational vehicles, and motor or self-propelled vehicles).

    g) Businesses shall not be allowed to operate within individual storage units.

    h) The commercial operation of rental trucks and trailers shall be prohibited

2. Any construction or building necessary to complete this request must conform to the requirements set forth by the UDC, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

Z2017-48 SUP for 259 Ranch Trail Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 This is a request by Russell Phillips on behalf of Sandra McMullen for the approval of a Specific Use Permit (SUP) for a mini-warehouse facility on an 8.733-acre tract of land identified as a portion of Lot 16 and all of Lot 14, Rainbow Acres Addition, City of Rockwall, Rockwall County, Texas, zoned Single-Family Estate 4.0 (SFE-4.0) District, addressed as 259 Ranch Road
I.2 For questions or comments concerning this case, please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.
M.3 For reference, include the case number (Z2017-048) in the lower right hand corner of all pages on future submittals.
I.4 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested by October 2, 2017. The Planning & Zoning Worksession for this case is September 26, 2017. The Planning and Zoning Meeting date for this case is October 10, 2017. A representative is required to attend all meetings.
I.5 The projected City Council meeting dates for this are October 16, 2017 and November 6, 2017.

CITY OF ROCKWALL

ORDINANCE NO. 17-XX
SPECIFIC USE PERMIT NO. S-XXX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT (SUP) TO ALLOW A MINI-WAREHOUSE FACILITY WITHIN A COMMERCIAL (C) DISTRICT, ON A 8.733-ACRE TRACT OF LAND BEING IDENTIFIED AS A PORTION OF LOT 16 AND ALL OF LOT 17, RAINBO ACRES ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE

WHEREAS, the City has received a request from Russell Phillips for the approval of a Specific Use Permit (SUP) to allow for a *Mini-Warehouse Facility* in a Commercial (C) District on a 8.733-acre tract of land being described as a portion of Lot 16 and all of Lot 17, Rainbo Acres Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, addressed as 259 Ranch Trail, and being more specifically described in *Exhibit 'A'* and depicted in *'Exhibit 'B'* of this ordinance, which herein after shall be referred to as the *Subject Property* and incorporated reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall should be amended as follows:

NOW, THEREFORE, **BE IT ORDAINED** by the City Council of the City of Rockwall, Texas;

SECTION 1. That the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit (SUP) allowing a *Mini-Warehouse* within a Commercial (C) District as stipulated by Article IV, *Permissible Uses*, of the Unified Development Code [*Ordinance No. 04-38*] on the *Subject Property*; and

SECTION 2. That the Specific Use Permit (SUP) shall be subject to the conditions set forth in *Subsection 2.1.10, Wholesale, Distribution, and Storage,* of *Section 2*, *Use Standards*, of *Article IV, Permissible Uses, and Subsection 4.5, Commercial (C) District,* of *Section 4*, *Commercial District,* of *Article V*, *District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*], as heretofore amended and as may be amended in the future, and shall be subject to the following operational conditions:

DRAFT ORDINANCE 11.06.17

2.1 OPERATIONAL CONDITIONS

The following conditions shall pertain to the operation of a portable food service facility on the subject property, and conformance to these operations is required for continued operation:

1) The development shall generally conform to the Concept Plan depicted in *Exhibit 'C'* of this ordinance.

2) The building elevations shall generally conform to the Concept Building Elevations depicted in *Exhibit 'D'* of this ordinance.

3) The maximum number of storage units provided shall not exceed 579 units for the facility.

4) The residential unit as an accessory to the permitted use shall not exceed 1,600 square feet.

5) The residential unit may exceed one story, but shall not be greater than 36 feet in height.

6) No outside storage of any kind shall be allowed (including the outside storage of boats, recreational vehicles, and motor or self-propelled vehicles).

7) Businesses shall not be allowed to operate within individual storage units.

8) The commercial operation of rental trucks and trailers shall be prohibited.

2.2 COMPLIANCE

Approval of this ordinance in accordance with Section 8.3, *Council Approval or Denial*, of Article II, *Authority and Administrative Procedures*, of the Unified Development Code (UDC) will require compliance to the following:

1) Upon obtaining a Certificate of Occupancy (CO), should any business or establishment operating under the guidelines of this ordinance fail to meet the minimum operational requirements set forth herein and outline in the Unified Development Code (UDC), the City Council may (*after proper notice*) initiate proceedings to revoke the Specific Use Permit (SUP) in accordance with Section 4.4.(3) of Article IV, *Permissible Uses*, of the Unified Development Code (UDC).

SECTION 3. That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

SECTION 4. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict.

SECTION 5. Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *TWO THOUSAND DOLLARS* ($2,000.00) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

SECTION 6. If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and

DRAFT ORDINANCE

the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

SECTION 7. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides;

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 6TH DAY OF NOVEMBER, 2017.

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 10/10/2017

APPLICANT: John Arnold, *Skorburg Company*

AGENDA ITEM: **Z2017-049**; *Amendments to PD-74 (Breezy Hill Subdivision)*

SUMMARY:

Hold a public hearing to discuss and consider a request by John Arnold of the Skorburg Company on behalf of BH Balance 405, LTD for the approval of a zoning amendment to Planned Development District 74 (PD-74) to amend the concept plan and for the purpose of incorporating changes to the lot composition stipulated by the development standards contained in Exhibit 'C' of Ordinance No. 16-59 for a 405.184-acre tract of land identified as the Breezy Hill Subdivision and situated within the J. Strickland Survey, Abstract No. 187, Rockwall, Rockwall County, Texas, generally located north of FM-552 and west of Breezy Hill Road, and take any action necessary.

BACKGROUND:

The property was annexed in 2008 after three (3) years of litigation that lead to the execution of a Chapter 212 Development Agreement. In accordance with this agreement, the property was zoned to Planned Development District 74 (PD-74) on April 20, 2009 with the intention of being a master planned residential community that offered tracts of land designated for retail/office, residential, and institutional land uses. The approval of this zoning change altered the existing 212 Development Agreement -- *which originally permitted 810 single-family residential lots and did not contain any retail acreage* -- to include 658 single-family residential lots and a 59-acre tract of land designated for general retail land uses. The retail tract of land is located at the northeast corner of the intersection of FM-552 and John King Boulevard.

On October 1, 2012 the City Council approved an amendment to Planned Development District 74 (PD-74) modifying the concept plan to remove the school sites that were originally required by the *Facilities Agreement* and to adjust the lot mix accordingly [*i.e. increasing the number of lots from 658 to 691*]. The lot mix was again increased on July 7, 2014 from 691 lots to 742 lots for the purpose of incorporating two (2) additional phases (*i.e. Phases IXA & IXB*) and to reduce the land designated as commercial/retail from 59.4-acres to 33.7-acres. On November 7, 2017, the City Council approved another amendment to Planned Development District 74 (PD-74) modifying the concept plan to further reduce the commercial/retail land from 33.7-acres to 19.49-acres for the purpose of adding 40, 60' x 120' lots and increasing the overall lot count from 742 to 776. As part of this amendment, the applicant was granted entitlement to allow 50%, of the additional 40 lots (*i.e. 20 lots*), to incorporate a flat front entry garage (*i.e. garage doors even with the front façade of the home*). The adjusted/current lot mix is as follows:

Lot Types	*A*	*B*	*C*	*D*	*E*
Typical Lot Frontage (Feet)	*60'*	*70'*	*80'*	*100'*	*60'*
Typical Lot Depth (Feet)	*120'*	*120'*	*125'*	*200'*	*110'*
Minimum Lot Size (Sq. Ft.)	*7,200 SF*	*8,400 SF*	*10,000 SF*	*20,000 SF*	*7,200 SF*
Number of Units	*186*	*117*	*326*	*107*	*40*
Dwelling Unit %	*23.97%*	*15.08%*	*42.01%*	*13.79%*	*5.15%*

PURPOSE:

The applicant has submitted an application requesting to amend Planned Development District 74 (PD-74) [*Ordinance No. 14-26*] to approve an alternate concept plan and development standards. Specifically, the applicant is requesting to reduce the number of lots in the subdivision from 776 to 750 for the purpose constructing additional 100' x 200' and 100' x 180' lots. As part of this request the applicant is also requesting to allow 50% of the remaining 94, 70' x 120' lots to be allowed to incorporate a flat front entry garage.

CHARACTERISTICS OF THE REQUEST:

Currently, Planned Development District 74 (PD-74) [*Ordinance No. 16-59*] requires the applicant to construct 326, 80' x 125' lots. The applicant is requesting to reduce this to 137, 80' x 125' lots for the purpose of adding 33, 100' x 200' lots and 44, 100' x 180' lots. In addition, the applicant will be reducing the 60' x 120' lots by 22 and increasing the 70' x 120' lots by 108. These changes will reduce the overall lot count from 776 lots to 750 lots, reducing the overall density of the development from ~2.02-units/acre to ~1.85-units/acre. These changes will necessitate creating two (2) new lot types (*i.e. Type 'F' & 'G'*). The *Type 'F'* lot is the proposed 44, 100' x 180' lots and the *Type 'G'* lot includes 94 of the 225, 70' x 120' lots. For the *Type 'G'* lots the applicant is requesting that 50% (*i.e. 47 lots*) be permitted to have a flat front entry garage product (*i.e. the garage is even with the front façade of the house*). This means that the applicant will be allowed to have a total of 67 flat front entry garages between the *Type 'E'* and *Type 'G'* lots. A summary of the resulting lot mix is as follows:

Lot Types	*A*	*B*	*C*	*D*	*E*	*F*	*G*
Typical Lot Frontage (Feet)	*60'*	*70'*	*80'*	*100'*	*60'*	*100'*	*70'*
Typical Lot Depth (Feet)	*120'*	*120'*	*125'*	*200'*	*110'*	*180'*	*120'*
Minimum Lot Size (Sq. Ft.)	*7,200 SF*	*8,400 SF*	*10,000 SF*	*20,000 SF*	*7,200 SF*	*18,000 SF*	*8,400 SF*
Number of Units	*164*	*131*	*137*	*140*	*40*	*44*	*94*
Dwelling Unit %	*21.86%*	*17.46%*	*18.27%*	*18.67%*	*5.34%*	*5.87%*	*12.53%*

CONFORMANCE WITH THE COMPREHENSIVE PLAN:

The Future Land Use Map contained within the Comprehensive Plan designates the subject property for *Commercial* and *Low Density Residential* land uses. These designations are in conformance with the applicant's request.

NOTIFICATION:

On September 29, 2017, staff mailed 560 notices to property owners and residents within 500-feet of the subject property. Staff also emailed a notice to the Stoney Hollow and Breezy Hill Homeowner's Associations (HOA's), which are the only HOA's located within 1,500 feet of the subject property. Additionally, staff posted a sign at the corner of FM-552 and John King Boulevard, and advertised the public hearings in the Rockwall Harold Banner as required by the Unified Development Code (UDC). At the time this case memo was drafted staff had not received any notices.

RECOMMENDATIONS:

If the Planning and Zoning Commission recommends approval of the applicant's request to amend Planned Development District 74 (PD-74) then staff would propose the following conditions of approval:

1) The applicant shall be responsible for maintaining compliance with the conditions contained within the *Planned Development District* ordinance;

2) Any construction resulting from the approval of this *zoning amendment* shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

Cc:	Miller, Ryan; Gonzales, David; Brooks, Korey
Subject:	Neighborhood Notification Program: Notice of zoning request
Date:	Friday, September 29, 2017 4:41:01 PM
Attachments:	PUBLIC NOTICE.pdf

To whom it may concern:

Per your participation in the Neighborhood Notification Program, you are receiving this notification to inform your organization and residents of a request for a zoning change that lies within 1,500 feet of the boundaries of your neighborhood or subdivision. As the primary contact for the organization, you are encouraged to share this information with the residents of your subdivision. Please find attached a map detailing the location of the subject property requesting the zoning change in relation to your subdivision boundaries. Additionally, below is a summary of the zoning request that will also be published in the Rockwall Herald Banner ***September 29, 2017***. The Planning and Zoning Commission will hold a public hearing on ***Tuesday 10/10/2017at 6:00 p.m.***, and the City Council will hold a public hearing on ***Monday, 10/16/2017 at 6:00 p.m***. These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street. These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street. If you have any questions or comments regarding this request, the contact information for the Planning Department is listed below. Additional information can also be found at https://sites.google.com/site/rockwallplanning/development-cases

> **Z2017-049- Amendment to PD-74**
> **Hold a public hearing to discuss and consider a request by John Arnold of the Skorburg Company on behalf of Breezy Hill 405, LTD for the approval of a zoning amendment to Planned Development District 74 (PD-74) to amend the concept plan and for the purpose of incorporating changes to the lot composition stipulated by the development standards contained in Exhibit 'C' of Ordinance No. 16-59 for a 405.184-acre tract of land identified as the Breezy Hill Subdivision and situated within the J. Strickland Survey, Abstract No. 187, Rockwall, Rockwall County, Texas, generally located north of FM-552 and west of Breezy Hill Road, and take any action necessary.**

If this email is reaching you in error, please forward it to your HOA or neighborhood group representative and update the contact information at http://www.rockwall.com/planning/hoa.asp.

Sincerely,

Laura Morales
Planning & Zoning Coordinator

Infrastructure Statement

Drainage Facilities:
There are natural drainage ways within the project and detention will be required.

Sanitary Sewer Facilities:
This site will utilize lift stations and force mains to send the sewer flows to the existing sewer trunk line located at the intersection of FM 552 and Highway 205

Water Facilities:
There is an existing water line located in FM 552. A new 16"water line will be constructed along John King Boulevard north of FM 552 to service this tract.

CASE #2017-XXX

CITY OF ROCKWALL

ORDINANCE NO. 16-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING PLANNED DEVELOPMENT DISTRICT 74 (PD-74) [*ORDINANCE NO. 16-59*] AND THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, BY AMENDING THE PLANNED DEVELOPMENT CONCEPT PLAN AND THE DEVELOPMENT STANDARDS APPROVED WITH ORDINANCE NO. 16-59, BEING A 405.184-ACRE TRACT OF LAND SITUATED IN THE J. STRICKLAND SURVEY, ABSTRACT NO. 187, T. R. BAILEY SURVEY, ABSTRACT NO. 30 AND THE J. SIMMONS SURVEY, ABSTRACT NO. 190, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE FULLY DESCRIBED HEREIN BY EXHIBIT 'A'; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City has received a request by the John Arnold of the Skorburg Company on behalf of Breezy Hill 405, LTD for an amendment to the Planned Development Concept Plan and Development Standards contained within Planned Development District 74 (PD-74) [*specifically contained within Ordinance No. 16-59*] and the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, for a 405.184-acre tract of land situated in the J. Strickland Survey, Abstract No. 187, T. R. Bailey Survey, Abstract No. 30 and the J. Simmons Survey, Abstract No. 190, Rockwall, Rockwall County, Texas and more fully described in *Exhibit 'A'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that Planned Development District 74 [*Ordinance No. 16-59*] and the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

Section 1. That the approval of this ordinance shall supersede all requirements stipulated in *Ordinance No. 16-59*;

Section 2. That the *Subject Property* shall be used only in the manner and for the purposes authorized by this Planned Development District Ordinance and the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by granting this zoning change, and as maybe amended in the future;

Section 3. That development of the *Subject Property* shall generally be in accordance with the *Planned Development Concept Plan*, described in *Exhibit 'B'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'B'*, which is deemed hereby to be a condition of

DRAFT ORDINANCE NO. 17

approval of the amended zoning classification for the *Subject Property*;

Section 4. That development of the *Subject Property* shall generally be in accordance with the *Development Standards*, described in *Exhibit 'C'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'C'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

Section 5. That a master parks and open space plan for the Property, prepared in accordance with this ordinance and consistent with the *Planned Development Concept Plan*, (*Open Space Master Plan*) shall be considered for approval by the City Council following recommendation of the Parks and Recreation Board.

Section 6. That development of the *Subject Property* shall be in conformance with the schedule listed below (*except as set forth below with regard to simultaneous processing and approvals*).

(a) The procedures set forth in the City's subdivision regulations on the date this ordinance is approved by the City, as amended by this ordinance (*including Subsections 5(b) through 5(f) below*), shall be the exclusive procedures applicable to the subdivision and platting of the Property.

(b) The following plans and plats shall be required in the order listed below (*except as set forth below with regard to simultaneous processing and approvals*). The City Council shall act on an application for an *Open Space Master Plan* in accordance with the time period specified in Section 212.009 of the Texas Local Government Code.

1. Open Space Master Plan
2. Master plat
3. PD development plans (*required for retail areas only*)
4. PD site plans
5. Preliminary plats
6. Final plats

(c) A Master Plat application covering all of the *Subject Property*, other than the area designated on the *Planned Development Concept Plan* as *Retail*, shall be submitted and shall identify each phase of development. No master plat application shall be approved until the *Open Space Master Plan* for all of the Property has been approved; however, the *Open Space Master Plan* may be processed by the City concurrently with the master plat application.

(d) A *PD Development Plan* must be approved for the area designated on the Concept Plan as *Retail* prior to submittal of a *PD Site Plan* application and/or a preliminary plat application. No master plat is required for the area designated on the Concept Plan as *Retail*. A traffic impact analysis for the retail tract shall be submitted with the *PD Development Plan* to determine the extent and timing of any recommended facilities and/or improvements to the surrounding roadway network. The traffic impact analysis may be updated with each *PD Site Plan* for the retail tract.

(e) A preliminary plat application shall be submitted for each phase of residential development. A *PD Site* Plan application, including a site plan application for improvements for parkland or trails, may be processed by the City concurrently with a preliminary plat application for that phase of the development.

(f) A *Capital Facilities Agreement* in the form of *Exhibit 'D',* attached hereto and incorporated herein by reference as *Exhibit 'D',* shall be executed by Developer providing for delivery of adequate public facilities and services within the District.

Section 7. That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine

DRAFT ORDINANCE NO. 17-XX

not to exceed the sum of *Two Thousand Dollars* ($2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

Section 8. That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

Section 9. The standards in this ordinance shall control in the event of a conflict between this ordinance and any provision of the Unified Development Code or any provision of the City Code, ordinance, resolution, rule, regulation, or procedure that provides a specific standard that is different from and inconsistent with this ordinance. References to zoning district regulations or other standards in the Unified Development Code (including references to the *Unified Development Code*), and references to overlay districts, in this ordinance or any of the Exhibits hereto are those in effect on the date this ordinance was passed and approved by the City Council of the City of Rockwall, Texas;

Section 10. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides;

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 6TH DAY OF NOVEMBER, 2017.

_____
Jim Pruitt, *Mayor*

DRAFT

Exhibit 'C':
PD Development Standards

A. GENERAL REQUIREMENTS

1. *Uses Allowed.* The following uses are permitted for the Property.

   a. *Residential uses*. Uses permitted of right or by Specific Use Permit (SUP) for the Single Family 10 (SF-10) District, as set forth in Article IV, *Permissible Uses*, of the Unified Development Code (UDC) [*Ordinance 04-38*], shall be allowed for areas designated as single-family on the *Concept Plan*, subject to approval of a Specific Use Permit (SUP) if required by the Single Family 10 (SF-10) District regulations.

   b. *Non-residential uses*. Non-residential uses shall be allowed only within the area designated as retail on the approved *Concept Plan* for the district, and are limited to those uses permitted of right or by special use permit for the General Retail (GR) District subject to approval of a *PD Development Plan* and *PD Site Plan* in accordance with the Planned Development District regulations contained in Section 2 of Article X, *Planned Development Regulations*. of the Unified Development Code [*Ordinance No. 04-38*], and subject to approval of a Specific Use Permit (SUP) if required by the General Retail (GR) District regulations; provided, however, that the following uses are expressly prohibited:

   - ☑ Animal Hospital, Clinic
   - ☑ Convent or Monastery
   - ☑ Hotel or Motel
   - ☑ Hotel, Residence
   - ☑ Cemetery/Mausoleum
   - ☑ Mortuary of Funeral Chapel
   - ☑ Social Service Provider
   - ☑ Billiard Parlor or Pool Hall
   - ☑ Carnival, Circus, or Amusement Ride
   - ☑ Commercial Amusement/Recreation (Outside)
   - ☑ Gun Club, Skeet or Target Range (indoor)
   - ☑ Astrologer, Hypnotist, or Psychic Art and Science
   - ☑ Garden Supply/Plant Nursery
   - ☑ Night Club, Discotheque, or Dance Hall
   - ☑ Secondhand Dealer
   - ☑ Car Wash, Self Service*
   - ☑ Service Station*
   - ☑ Mining and Extraction (Sand, Gravel, Oil & other)
   - ☑ Helipad
   - ☑ Railroad Yard or Shop
   - ☑ Transit Passenger Facility

   ** Not including a convenience store with an accessory car wash use or more than four (4) gas pumps, which accessory uses are permitted by SUP.*

   The following additional use shall be permitted of right in the PD District:

   - ☑ Grocery Store with a maximum building area of one hundred and thirty thousand (130,000) square feet.

   c. *Design of Non-Residential Uses.* The retail area shall be designed to be pedestrian-oriented and easily accessible to adjacent residential neighborhoods. Additionally, the retail area shall be designed and constructed to be integrated with adjacent uses, not separated from them by screening walls or other physical barriers. This will be accomplished by creating paths from adjacent development into the retail area and through the use of landscaping buffers, building design and other urban design elements to create compatibility with the surrounding residential neighborhood.

DRAFT ORDINANCE 10.2017

d. *Density and Lot Composition*. No more than 750 single-family residential dwelling units may be constructed within the *Subject Property*. The single-family residential units shall be allocated by product type in accordance with the following table:

Table 1: Lot Composition

Lot Type	Lot Size Minimum	Lot SF Minimum	Driveway Access	Total Units	Total Dwelling Units (%)
A	60' x 120'	7,200	Front	164	21.86%
B	70' x 120'	8,400	Front	131	17.46%
C	80' x 125'	10,000	Front	137	18.27%
D	100' x 200'	20,000	Front	140	18.67%
E	60' x 120'	7,200	Front	40	05.34%
F	100' x 180'	18,000	Front	44	05.87%
G	70' x 120'	8,400	Front	94	12.53%
AVERAGE LOT SIZE:		**10,000**			
			MAXIMUM ALLOWED TOTAL UNITS:	750	**100%**

2. *Development Standards Applicable.* Except as may be modified by these *Development Standards*, residential uses shall be subject to the development standards for a Single Family 10 (SF-10) District, as set forth in Section 3.4 of Article V, *District Development Standards*, Unified Development Code [*Ordinance No. 04-38*]; to the development standards in the SH-205 Bypass Overlay (205 BY-OV) District; and to all supplemental standards contained in the Unified Development Code [*Ordinance No. 04-38*].

B. SPECIAL DEVELOPMENT STANDARDS

1. Dimensional Standards for Residential Uses.

Table 2: Lot Type Matrix

Lot Types	A	B	C	D	E	F	G
Maximum Building Height	36'	36'	36'	36'	36'	36'	36'
Minimum Air Conditioned Square Footage	2,200	2,400	2,600 [2]	3,000	2,200	3,000	2,400
Minimum Front Yard Building Setback	20' [4]	20'	20'	40' [3]	20' [4]	40' [3]	20'
Minimum Rear Yard Building Setback	10'	10'	15'	15'	10'	15'	10'
Minimum Side Yard (*Interior*)	5'	5'	6'	7'	5'	7'	5'
Minimum Side Yard Adjacent to a Street	15'	15'	15'	15'	15'	15'	15'
Minimum Distance of Driveway (*from Property Line*)	20'	20'	20'	40'	20'	40'	20'
Minimum Lot Area (*Square Feet*)	7,200	8,400	10,000	20,000	7,200	18,000	8,400
Minimum Lot Frontage [1]	60'	70'	80'	100'	60'	100'	70'

Notes:

[1]: *Lots fronting onto curvilinear streets, cul-de-sacs and eyebrows may be reduced by twenty percent (20%) in lot width measured at the front property line provided that the lot width will be met at the front building line. Additionally, the lot depth on lots fronting onto curvilinear streets, cul-de-sacs and eyebrows may be reduced by up to 10 percent (10%) but shall meet the minimum lot size for each lot type as referenced within Table 1.*

[2]: *A maximum of 20% of the lots may have homes not less than 2,500 sq. ft.*

[3]: *The Director of Planning or his designee may grant a reduction in the required 40-foot front yard building setback of up to five (5) feet for lots situated along cul-de-sacs or curvilinear streets, or where a 40-foot front yard building setback would create an undue hardship on the property.*

[4]: *Front porch may encroach to within 10-feet of the front property line on Lot Types 'A', 'B', 'C' & 'E'.*

DRAFT ORDINANCE

2. Development Standards for Residential Uses by Lot Product/Type

a. *Detached Single Family Lot Type A*

Development Standards	
Minimum Lot Size	7,200 SF
Minimum Lot Width (@ Front Building Line)	60'
Minimum Lot Depth	110'
Minimum Lot Width (Corner Lot)	65'
Minimum Side Yard Setback	5'
Minimum Front Yard Building Setback	20'
Minimum Rear Yard Building Setback	10'
Minimum Air Conditioned Square Footage	2,200 SF
Minimum Roof Pitch	8:12 Except for 4:12 on Porch Roofs
Minimum Masonry Requirement [*Brick, Stone, Cultured Stone, 3-Part Stucco*]	80%
Garage Orientation	Garages will be allowed to have the garage accessed from the street using traditional "swing" or "J" drive. Second single garage door facing street is permitted behind (width) of double garage door in "swing" or "J" configuration only. A minimum of 33% of Type 'A' lots shall have 3-car garages.
Maximum Lot Coverage	65%

b. *Detached Single Family Lot Type B*

Development Standards	
Minimum Lot Size	8,400 SF
Minimum Lot Width (@ Front Building Line)	70'
Minimum Lot Depth	120'
Minimum Lot Width (Corner Lot)	75'
Minimum Side Yard Setback	5'
Minimum Front Yard Building Setback	20'
Minimum Rear Yard Building Setback	10'
Minimum Air Conditioned Square Footage	2,400 SF
Minimum Roof Pitch	8:12 Except for 4:12 on Porch Roofs
Minimum Masonry Requirement [*Brick, Stone, Cultured Stone, 3-Part Stucco*]	80%
Garage Orientation	Garages will be allowed to have the garage accessed from the street using traditional "swing" or "J" drives. Second single garage door facing street is permitted behind (width) of double garage door in "swing" or "J" configuration only. A minimum of 33% of Type 'B' lots shall have 3 car garages.
Maximum Lot Coverage	65%

DRAFT NOT FOR SIGNATURE 10.10.2017

c. *Detached Single Family Lot Type C*

Development Standards	
Minimum Lot Size	10,000 SF
Minimum Lot Width (@ Front Building Line)	80'
Minimum Lot Depth	125'
Minimum Lot Width (Corner Lot)	85'
Minimum Side Yard Setback	6'
Minimum Front Yard Building Setback	20'
Minimum Rear Yard Building Setback	15'
Minimum Air Conditioned Square Footage	2,600 SF [1]
Minimum Roof Pitch	8:12 Except for 4:12 on Porch Roofs
Minimum Masonry Requirement [*Brick, Stone, Cultured Stone, 3-Part Stucco*]	80%
Garage Orientation	Traditional "swing" or "J" drive required. Second single garage door facing street is permitted behind (width) of double garage door in "swing" or "J" configuration only. A minimum of 80% of Type 'C' lots shall have 3 car garages.
Maximum Lot Coverage	65%

Notes:
[1]: A maximum of 20% of the lots may have homes not less than 2,500 sq. ft.

d. *Detached Single Family Lot Type D*

Development Standards	
Minimum Lot Size	20,000 SF
Minimum Lot Width (@ Front Building Line)	100'
Minimum Lot Depth	175'
Minimum Lot Width (Corner Lot)	100'
Minimum Side Yard Setback	7'
Minimum Front Yard Building Setback	40' [1]
Minimum Rear Yard Building Setback	15'
Minimum Air Conditioned Square Footage	3,000 SF
Minimum Roof Pitch	8:12 Except for 4:12 on Porch Roofs
Minimum Masonry Requirement [*Brick, Stone, Cultured Stone, 3-Part Stucco*]	80%
Garage Orientation	Traditional "swing" or "J" drive required. Single garage door facing street is permitted behind (width) of double garage door in "swing" or "J" configuration only. 80% of Type D lots shall have a minimum of 3 car garages.
Maximum Lot Coverage	70%

Notes:
[1]: The Director of Planning or his designee may grant a reduction in the required 40-foot front yard building setback of up to five (5) feet for lots situated along cul-de-sacs or curvilinear streets, or where a 40-foot front yard building setback would create an undue hardship on the property.

DRAFT ORDINANCE 10.31.2017

e. Detached Single Family Lot Type E

Development Standards	
Minimum Lot Size	7,200 SF
Minimum Lot Width (@ Front Building Line)	60'
Minimum Lot Depth	110'
Minimum Lot Width (Corner Lot)	65'
Minimum Side Yard Setback	5'
Minimum Front Yard Building Setback	20' (Front porch may encroach to within 10-feet of the front property line) [1]
Minimum Rear Yard Building Setback	10'
Minimum Air Conditioned Square Footage	2,200 SF
Minimum Roof Pitch	8:12 Except for 4:12 on Porch Roofs
Minimum Masonry Requirement [Brick, Stone, Cultured Stone, 3-Part Stucco]	80%
Garage Orientation [1]	Up to 50% of garages will be allowed to be accessed from the street in a front entry format (i.e. facing the street even with the front façade of the primary structure); however, a minimum driveway length of 20-feet must be provided. The remaining garages will be in a "traditional swing" or "j-swing" format or have a garage door that is a minimum of 20-feet behind the front façade of the primary structure.
Maximum Lot Coverage	65%

Notes:
[1]: *No two adjacent lots on the same side of the street may have front entry only garages facing the street.*

f. *Detached Single Family Lot Type F*

Development Standards	
Minimum Lot Size	20,000 SF
Minimum Lot Width (@ Front Building Line)	100'
Minimum Lot Depth	175'
Minimum Lot Width (Corner Lot)	100'
Minimum Side Yard Setback	7'
Minimum Front Yard Building Setback	40' [1]
Minimum Rear Yard Building Setback	15'
Minimum Air Conditioned Square Footage	3,000 SF
Minimum Roof Pitch	8:12 Except for 4:12 on Porch Roofs
Minimum Masonry Requirement [*Brick, Stone, Cultured Stone, 3-Part Stucco*]	80%
Garage Orientation	Traditional "swing" or "J" drive required. Single garage door facing street is permitted behind (width) of double garage door in "swing" or "J" configuration only. 80% of Type D lots shall have a minimum of 3 car garages.
Maximum Lot Coverage	70%

Notes:
[1]: *The Director of Planning or his designee may grant a reduction in the required 40-foot front yard building setback of up to five (5) feet for lots situated along cul-de-sacs or curvilinear streets, or where a 40-foot front yard building setback would create an undue hardship on the property.*

DRAFT ORDINANCE 10.10.2017

g. *Detached Single Family Lot Type G*

Development Standards	
Minimum Lot Size	8,400 SF
Minimum Lot Width (@ Front Building Line)	70'
Minimum Lot Depth	120'
Minimum Lot Width (Corner Lot)	75'
Minimum Side Yard Setback	5'
Minimum Front Yard Building Setback	20'
Minimum Rear Yard Building Setback	10'
Minimum Air Conditioned Square Footage	2,400 SF
Minimum Roof Pitch	8:12 Except for 4:12 on Porch Roofs
Minimum Masonry Requirement [*Brick, Stone, Cultured Stone, 3-Part Stucco*]	80%
Garage Orientation	Up to 50% of garages will be allowed to be accessed from the street in a front entry format (i.e. facing the street even with the front façade of the primary structure); however, a minimum driveway length of 20-feet must be provided. The remaining garages will be in a "traditional swing" or "j-swing" format or have a garage door that is a minimum of 20-feet behind the front façade of the primary structure.
Maximum Lot Coverage	65%

3. *Fencing.* All individual residential fencing for lots less than 20,000 square feet shall be cedar standard fencing material (minimum ½" thickness) or better (spruce fencing will not be allowed). All cedar pickets shall be placed on the "public side" facing the street, alley or neighboring property. Lots containing 20,000 sq. ft., lots located along perimeter roadways, and lots abutting open spaces, greenbelts and parks shall be required to install tubular steel fencing. Corner lot fencing (adjacent to the street) shall provide masonry columns at forty-five feet (45') off center spacing that begins at the rear property line corner and terminates ten feet (10') behind the front yard building setback line. A maximum six (6') foot solid board on board "panel" cedar fencing shall be allowed between the masonry columns along the side and/or rear yard lot adjacent to a street. In addition, the fencing shall be setback from the side property line adjacent to a street a minimum of five feet (5'). The property owner shall maintain that portion of the property outside the fence.
4. *Anti-Monotony Features.* Lot types shall incorporate the following elevation features.

Table 3 : Anti-Monotony Matrix

Lot Type	Lot Size (Approx.)	Elevation Features
A	60' x 120'	i., ii., iii.
B	70' x 120'	i., ii., iii.
C	80' x 125'	i., ii., iii.
D	100' x 200'	i., ii., iii.
E	60' x 120'	i., ii.
F	100' x 180'	i., ii., iii.
G	70' x 120'	i., ii.

i. Exterior facade must be composed of eighty percent (80%) masonry (brick, stone, cultured stone, or three-part stucco). Identical brick blends may not occur to adjacent (side-by-side) properties. Elevations shall not repeat along the fronting or siding

DRAFT ORDINANCE

streetscape without at least four (4) intervening homes of sufficient dissimilarity (to be determined by the ARC) on the same side of the street and (2) intervening homes on the opposite side of the street). The rear elevation of homes backing to open spaces or thoroughfares shall not repeat without at least two (2) intervening homes of sufficient dissimilarity (to be determined by the ARC). Masonry (brick, stone, cultured stone, or three-part stucco) chimneys shall be required on all homes.

ii. Minimum of 8:12 roof pitch, except for 4:12 roof pitches on porches. For each phase, a maximum of four compatible roof colors may be used. Dimensional shingles shall be used. Crown molding will be installed in all living and family rooms, unless vaulted or pop-up ceilings are utilized. No Formica counters in kitchens and bathrooms, no blown acoustic ceilings. No vinyl flooring will be used in kitchens.

iii. For front entry driveway access a traditional "swing" or "J" drive will be used. Second single garage door facing street is permitted behind (width) of double garage door in "swing" or "J" configuration only.

5. *Streetscape Landscape.* Prior to issuance of a Certificate of Occupancy, yards for all single-family lots in the District shall be landscaped with large canopy trees.

   (1) Two minimum three (3) inch trees measured six (6) inches above the root ball shall be planted in the front yard of an interior lot.
   (2) Two minimum three (3) inch trees measured six (6) inches above the root ball shall be planted in the front yard of a corner lot and two additional trees of same caliper shall be planted in the side yard facing the street.
   (3) For purposes of this section only, the term "front yard" includes the area within the dedicated right-of-way for a parkway immediately adjoining the front yard of the lot.

6. *Master Design Guidelines.* Additional design guidelines specific to each phase of development that shall apply to all single-family dwellings units within that phase of development, shall be submitted to the City prior to issuance of any building permits for that portion of the development.

C. STANDARDS FOR DISTRICT DESIGN AND CONNECTIVITY

1. *Streetscape Standards for Collectors & Non-Fronting Thoroughfares.* All streets, excluding drives, fire lanes and private parking areas, shall be built according to City of Rockwall street standards. Sidewalks and Hike / Bike trails are to be placed according to city requirements and as set forth in the Open Space Master Plan for the District.

   a. *Buffer-Strip* and Sidewalks (John King Boulevard Overlay District). The landscape buffer strip along John King Blvd shall be as described in the City of Rockwall Unified Development Code, Article V (District Development Standards), Section 6.10 E (Landscape Standards) and be a minimum width of fifty (50) feet as shown on the Planned Development Concept Plan in Exhibit 'B'. Additionally, the developer shall construct a minimum of a ten (10) foot sidewalk, on both sides of John King Boulevard, within the fifty (50) foot landscape buffer strip as recommended by the John King Boulevard Design Concept Plan located in the Comprehensive Plan of the City of Rockwall.
   b. *Buffer-Strip (FM 552).* A landscape buffer strip with a minimum width of fifteen (15) feet shall be provided along the frontage of FM 552, and shall be landscaped with at least one canopy tree per 30-ft and a combination of berms and shrubbery to be reviewed with the PD Site Plan(s) for the retail tract.

c. *Buffer-Strip (Breezy Hill) Retail.* The minimum buffer width between the proposed retail area and Breezy Hill Rd shall be fifty (50) feet, and shall include a berm with a minimum height of five (5) feet with at least three (3) canopy trees and four (4) accent trees per 100-ft of frontage. A detail of this landscape buffer shall be approved by the Planning and Zoning Commission and City Council at the time of PD Development Plan for the retail tract.
d. *Buffer-Strip (Breezy Hill) Residential.* A landscape buffer strip with a minimum width of ten (10) feet shall be provided between any residential area and Breezy Hill Rd.
e. *Irrigation.* Any irrigation installed in landscape areas and public parks must be designed by a Texas licensed irrigator or landscape architect.
f. *Fencing.* The Association will maintain all common area and perimeter fencing surrounding the Property. Such perimeter fencing shall be composed of six foot (6') tall tubular steel fencing with masonry entry features or such other fencing as may be approved by the City at the time of platting. Perimeter screening may also be accomplished by earthen berms landscaped with living screening. Property owners will maintain all fences constructed on private property.
g. *Curvilinear Walks.* Walks are to be a minimum of five feet (5') wide to six feet (6') maximum width (hike and bike trail) consistent with the approved Open Space Master Plan. "Collector streets" with or without center medians may incorporate sidewalks six feet (6') in width adjacent to or within "front yard" landscape easements. Walks may meander within parkway and common area; however, edge of walk shall be no closer than four feet (4') from back-of-curb.
h. *Medians.* Any proposed median openings shall meet the City standards at the time of PD site plan approval.

2. *Lighting.* Light poles shall not exceed twenty feet (20') in height. All light fixtures shall direct light downward and be contained to the site.
3. *Sidewalks.* At a minimum, sidewalks located on lay down curb section streets shall begin four feet (4') behind the back of curb and be five feet (5') in overall width. Sidewalks will not be required on rural street sections.
4. Curbing. Within certain lot types "A, B, & C" "roll up, lay down curbing" may be incorporated in an effort to minimize frequent curb cuts and maximize streetscape continuity, as approved by the City of Rockwall (Engineering Department) with approval of the final plat application.
5. *Buried Utilities.* New distribution power-lines required to serve the Property shall be placed underground, whether such lines are located internally or along the perimeter of the Property, unless otherwise authorized by the City Council. New transmission power-lines, or distribution lines of a size not typically or cost effectively placed underground (3 phase lines), or additional lines that are added to existing poles, may be above ground, if located along the perimeter of the Property, except along the 205 Bypass. Additionally, if such above ground lines are installed along the perimeter of the property and adjacent to non-residential use, then the lines shall be installed behind the non-residential buildings where the installation is possible. The Developer shall not be required to re-locate existing overhead power-lines along the perimeter of the Property. Temporary power-lines constructed across undeveloped portions of the Property to facilitate development phasing and looping may be allowed above ground, but shall not be considered "existing lines" at the time the area is developed, and if they are to become permanent facilities, such lines shall be placed underground pursuant to this paragraph.
6. *Parks and Open Space.*
   a. Residential and retail acreages (net of right-of-way dedication) shall contain no less than 20% open space and.
   b. Allowable open space may include but is not limited to 50% of floodplain, amenity center, public or private parks, trails, natural areas, buffers, traffic circle medians, entry features,

DRAFT ORDINANCE 10.10.2017

common areas (including any Association recreation center or similar facilities) and other features depicted on the Development Plan, as set forth in the Open Space Master Plan prepared in accordance with subparagraph (c) below. Street right of way will not be included as open space. At least 80% of the single-family dwellings within the development shall be located within eight hundred feet (800') of public or private open space. In order to qualify, such open space must be at least one (1) continuous acre in area, not including roadway buffers less than fifty (50') feet in width.

c. The Developer shall prepare the Open Space Master Plan to be consistent with the approved Development Plan. The purpose of an Open Space Master Plan is to supplement the Development Plan by providing an additional level of detail for public and private open space areas. The Open Space Master Plan shall identify the locations of and improvements to public parks, and other public and private open space or common areas and shall illustrate an integral system of trail improvements that, together with intervening land held by other property owners or the City, is designed to connect residential areas, schools and retail areas within the District to parks and open space within the District and that provides for continuation and connection of the trail system to off-site parks and open space, in accordance with the City's Master Park and Recreation Plan. The Open Space Master Plan shall clearly differentiate public parks from private facilities and common lands to be maintained by the Association. The locations of public parks, school sites and other public and private open space or common areas shown on the Open Space Master Plan shall be in conformance with the Development Plan. The Open Space Master Plan shall include a phasing plan for construction of all trails, parks, common open space and facilities. The Open Space Master Plan shall be considered for approval if it complies with this section, the applicable City regulations, the Development Plan, and generally accepted park-planning practices.

d. The District shall contain not less than eleven (11) acres of land to be used as public or private parkland. A minimum of eleven (11) contiguous acres shall be dedicated to the City in accordance with the City's Neighborhood Parkland Dedication Ordinance on approval of the final plats for those phases adjacent to or abutting the proposed parkland dedication and will provide access to said parkland area. The remaining parkland area will be retained as a private park within the District. Park improvements shall be constructed in accordance with the approved Open Space Master Plan. The site plan incorporating the design of park improvements and hike/bike trail improvements shall be considered for approval with the final plat for the phase of the development containing such improvements. Performance of the obligations in this subparagraph shall be deemed to fully satisfy the City's Neighborhood Parkland Dedication Ordinance regarding land dedication. At the time of recordation of final plats for each phase, the Developer shall pay park improvement fees to the City. These fees shall be held in an escrow account until the parkland is dedicated to the City, at which time the Developer shall inform the City if the Developer wishes to use the escrowed fees as well as future fees to construct park improvements. Prior to construction, said improvements shall be approved by Parks Director, approval not to be unreasonably withheld, and invoices for improvements shall be submitted to Parks Director for approval. Performance of the obligations in this subparagraph shall be deemed to fully satisfy the City's Neighborhood Parkland Dedication Ordinance regarding park development fees, provided that park improvements are installed at a value equal or exceeding the value of park improvement fees for the entire District applicable at that time, or improvement fees are paid. Thereafter, the Developer shall not be responsible for additional parkland dedication or park development fees associated with the Property, except as otherwise may be provided in a capital facilities agreement approved by the City.

DRAFT ORDINANCE

7. Developer shall provide a minimum of one (1) retention pond in the District with hard edges and fountain features. The exact configuration and location of the ponds will be determined at development. All retention pond hardedges shall be similar to the hardedge shown on *Figure 1* (below).

Figure 1: *Retention Pond with Hardedge.*

8. *Signage.* Permanent subdivision identification signage shall be permitted at all major entry points, in general conformance to the signage shown in Figure 2 & 3 (below). Final design of entry features to be determined with the Planned Development Site Plan.

Figure 2: *Example of Subdivision Signage Locations*

DRAFT ORDINANCE 10.10.2017

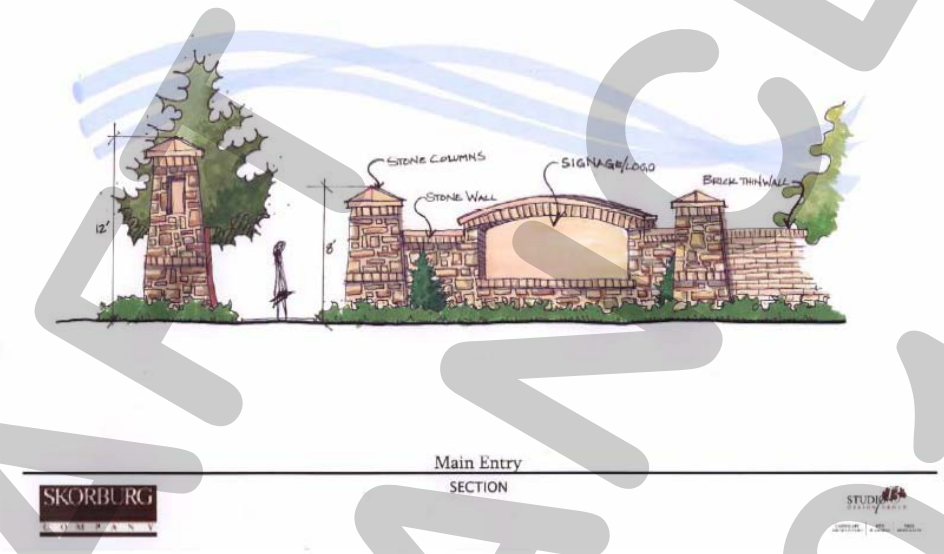

Figure 3: *Example of Subdivision Signage Design Standard*

9. *Variances.* The variance procedures and standards for approval set forth in the Unified Development Code shall apply to any application for variances to this ordinance.
10. *Amenity Center.* Site plan, landscape plan and building elevations for the Amenity Center shall be approved by the Planning and Zoning Commission prior to construction.
11. *Trees.* All trees planted within the District shall be a minimum three (3) inch caliper measured six (6) inches above the root ball.

DRAFT ORDINANCE 10.10.2017

EXHIBIT 'D': CAPITAL FACILITIES AGREEMENT FOR BREEZY HILL

THIS CAPITAL FACILITIES AGREEMENT (the "Agreement") is by and among the Breezy Hill 405, Ltd, ("Breezy" or "Developer") and the City of Rockwall, Texas ("City" or "Rockwall "),

I. RECITALS

1. Breezy seeks to rezone and subdivide the Property for single-family residential use and certain commercial uses. Breezy shall submit an application to rezone the 405 acres north of FM-552 (the "Property") as a planned development (PD) district for a development currently known as Breezy Hill (the "PD District"),

NOW, THEREFORE, in consideration of the foregoing recitals and mutual covenants contained herein, the Parties hereto agree as follows:

II. ADEQUATE PUBLIC FACILITIES

1. *General Provisions.*

a. *Adequacy Required.* Development of the Property shall be supported with adequate levels of public facilities and services, Adequate facilities and services are those that (i) comply with the applicable City regulations, including this Agreement, and (ii) are consistent with generally accepted engineering and planning practices for similar developments, The Parties agree that the dedication and construction of public improvements, or the contribution of proportionate development fees, required to support development of the Property shall precede or be concurrent with the construction of private improvements to the land, in accordance with the phasing provisions incorporated within this section, or as otherwise may be provided through approval of a master plat.

b. *Proportionality.* The Parties agree that the dedication or construction of public improvements, or the contributions of development fees, provided for in this Agreement are roughly proportional to the nature and extent of the proposed development of the Property on the City's public facilities systems. Breezy hereby covenants not to sue the City for any claim, or otherwise consent to participate in any action against the City arising from any claim by such party or by its affiliates, alleging that application of the adequate facilities requirements set forth in this Part II of the Agreement to the development of the Property, or the imposition of conditions to a plat application for a portion of the Property that are consistent with the requirements of this section, are not roughly proportional to the impacts of the development depicted in the Concept Plan, including but not limited to any action premised upon Tex. Loc. Gov't Code sec. 212.904 or successor statute. Such covenant not to sue touches and concerns the Property, and is a covenant running with the land such that it binds successors-in-interest and assigns of Breezy. Should any successor-in-interest or assign of Breezy other than an affiliate of Breezy assert any of the foregoing claims in a court of competent jurisdiction, in violation of this Subsection 1 (b), with respect to the development of any portion of the Property, the Parties agree that, with respect to such portion of the Property or all of the Property, at the City's option, this Agreement thereupon shall become null and void and any rights that may otherwise have

BLS

DRAFT ORDINANCE 10/3/17

vested under then existing state law shall be waived upon such event. Breezy further agrees that the City may expressly rely upon the provisions of this paragraph in any certification under section 212.904 and that a court in determining rough proportionality may consider all of the Property. Should Breezy or an affiliate of Breezy violate the covenant not to sue contained in this paragraph, the City may either enforce the covenant or pursue the remedies provided for herein that are applicable to successors or assigns, other than affiliates. As used in this Agreement, the term "affiliate" means any person, corporation, partnership, or other entity controlled by, controlling, or under common control with Breezy.

c. *No Waiver.* The requirements in this Part II shall be considered additional standards and conditions applicable to development within the PD District. Except in the event of a conflict between the standards in this Agreement and other standards applicable within the District, nothing in this Agreement shall be construed as superseding any requirement or standard in the City's subdivision or utility regulations relating to provision of adequate public facilities and services.

2. *Wastewater Services.*

a. *City as Provider.* The City shall be the supplier of wastewater services to the Property.

b. *Line Extensions.* The Developer shall extend wastewater mains sufficient to serve each phase of development within the PD District, sized in accordance with the City's master plan for wastewater facilities and constructed in accordance with the phasing schedule approved in conjunction with the Developer's master plat application. The Developer shall design and construct a lift station in order to serve the development within the PD District. The Developer shall be entitled to pro-rata fees for the costs of over-sizing the lift station from other future developments using the lift station, calculated on a per acreage basis. Developer also shall be eligible for credits against, wastewater impact fees otherwise due for construction of improvements identified and included in the City's wastewater improvements plan for impact fees, in accordance with the City's then existing impact fee regulations. Provisions for City participation in oversize costs, rebate of pro-rata fees or provision of impact fee credits shall be set forth in a facilities and reimbursement agreement between the Developer and the City.

c. *Payment of Impact Fees.* Wastewater impact fees shall be paid at rates and at the times provided for in the City's then existing impact fee regulations.

3. *Water Services*

a. *City as provider.* The City shall be the supplier of water services to the Property. The City represents that it has sufficient capacity to serve the Property.

b. *Line Extensions.* The Developer shall extend water mains sufficient to serve each phase of development within the PD District, sized in accordance with

BJ

DRAFT ORDINANCE 10.16.2017

the City's master plan for water facilities and constructed in accordance with the phasing schedule approved in conjunction with the Developer's master plat application. The Developer shall be eligible for City participation in the costs of over-sizing water distribution mains or appurtenances that serve other land in addition to the Property, in accordance with the City's standard policies, or for collection of pro-rata fees for such facilities. Developer also shall be eligible for credits against, water impact fees otherwise due for construction of improvements identified and included in the City's water improvements plan for impact fees, in accordance with the City's then existing impact fee regulations. Provisions for City participation in oversize costs, rebate of pro rata fees or provision of impact fee credits shall be set forth in a facilities and reimbursement agreement between the' Developer and the City.

c. *Payment of Impact Fees.* Water impact fees shall be paid at rates and at the times provided for in the City's then existing impact fee regulations.

4. *Road Improvements.* The Developer shall make the following road improvements.

a. *John King Boulevard (Highway 205 Bypass).* The Developer shall have no obligation with respect to construction of John King Blvd. other than as outlined herein regarding payment of road impact fees.

b. *FM-552 Improvements.* The Developer shall dedicate rights-of-way for and construct turn lanes and acceleration/deceleration lanes concurrent with construction of any road on the Property that intersects FM 552, in accordance with City and TXDOT standards and specifications at the time of development of adjoining property.

c. *Breezy Hill Road Improvements.* The Developer shall dedicate a minimum of twenty-five feet (25') of right-of-way or such right-of-way as is needed to construct a twenty-four foot (24') concrete rural section of Breezy Hill Road and appurtenances adjacent to the Property, together with a two-foot (2') asphalt or concrete shoulder on either side of the concrete section, the total not to exceed twenty-eight feet (28') in width, from the northern point of Breezy Hill Road adjacent to the Property, to FM-552, as shown on the Development Plan. The Developer also shall dedicate and improve a minimum landscape buffer of ten feet (10') for the residential tract and fifty feet (50') for the retail tract, adjacent to the right-of-way for Breezy Hill Road, designed in accordance with the requirements of a PD District then in effect for a rural collector. The bar ditch that abuts the buffer strip, designed to a maximum slope of 3: 1, shall not encroach into the required ten-foot or fifty-foot buffer area, except to the extent that the buffers exceed ten feet (10') in width. The Developer shall dedicate right-of-way for Breezy Hill Road and the landscape buffer at the time of final plat approval for any lot abutting Breezy Hill Road. Developer shall construct Breezy Hill Road in conjunction with the retail tract that is final platted adjacent to Breezy Hill Road. Breezy Hill Road will be constructed from the northernmost intersection created by any portion of the retail tract being platted, south to FM-552. Developer shall install any

BL)

DRAFT ORDINANCE 10-2-2017

needed expansion of existing culverts created by such construction or the development, of such retail tract.

d. *Payment of Roadway Impact Fees.* Roadway impact fees shall be paid at rates and at the times provided for in the City's then existing impact fee regulations. Construction costs incurred by Developer for roadway improvements in this Agreement that are included in the City's roadway improvements plan for impact fees shall be credited against roadway impact fees otherwise due, in accordance with the City's impact fee regulations.

5. *Drainage Improvements.* Dedication of rights-of-way for and construction of drainage improvements shall be provided as specified in conditions imposed with approval of the master plat for development within the PD District and in accordance with City standards and specifications.

6. *Parks and Open Space.*

a. The Developer or a property owners association shall maintain public parklands and improvements within the development for a period of three (3) months from the completion and acceptance of the improvements. Thereafter, the City shall assume responsibilities for maintenance. All open space and improvements which are not dedicated as parkland to the City shall be maintained as common areas in perpetuity by the property owners association for the PD District. Additionally, the property owners association shall maintain Developer-installed landscaping areas in public rights-of-way and public drainage ways internal to and adjacent to the Property.

III. GENERAL PROVISIONS

1. Notice on Sale. The Developer shall provide the City with notice of the sale of any tract or parcel within the District that has not been platted at the following address:

Rockwall City Manager
Rockwall City Hall
385 S. Goliad Street
Rockwall, TX 75087

2. *Recording.* This Agreement is intended to run with the land, and shall be recorded in the Real Property Records, Rockwall County, Texas.

3. *Term of Agreement.* This Agreement shall terminate two (2) years following the City's acceptance of the dedication and construction of the public improvements described herein serving the last phase of development within the PD District, after which the City agrees, upon the request of the Developer to execute a termination of this Agreement in recordable form. Any reimbursements for payment of impact fees shall not expire.

4. *Effective Date.* This Agreement shall take effect upon the date of its execution by the last of the Parties to the Agreement; provided, however, that Breezy shall execute this Agreement no later than five (5) business days following the

BU

DRAFT ORDINANCE 10.2017

effective date of the PD zoning ordinance for the Property. If Breezy fails to execute this Agreement within such period, this Agreement shall become null and void, and unless a subsequent agreement, acceptable to the City and the Developer, is agreed to, the City may thereafter deny any PD site plan, master plat or other plat application on grounds that the application is not supported by adequate public facilities and services.

5. *Severability.* Invalidation of any provision of this Agreement by judgment or court order shall not invalidate any of the remaining provisions which shall remain in full force and effect, unless such remaining provisions are an integral part of the invalid provisions or the invalid provision is necessary to give effect to the remaining provisions.

6. *Enforcement.* This Agreement may be enforced by the Parties by any proceeding at law or in equity. Failure to do so shall not be deemed a waiver to enforce the provisions of this Agreement thereafter.

7. *Venue.* Venue for this Agreement shall be in Rockwall County, Texas.

8. *Execution.* This Agreement may be separately executed in individual counterparts, and upon execution, shall constitute one and the same instrument.

9. *Amendment.* This Agreement may only be amended in writing upon mutual consent of the City and the Developer.

10. *Joint preparation.* This Agreement shall be deemed to have been jointly prepared by all Parties hereto, and no ambiguity of this Agreement shall be construed against any party based upon the identity of the author of this Agreement or any portion thereof.

11. *Recitals Incorporated.* Statements and representations contained herein are to be considered contractual in nature and not merely recitations of fact. The Recitals contained in Part I of this Agreement hereby are expressly incorporated into this Agreement by reference.

12. *Construction.* All references herein in the singular shall be construed to include the plural where applicable, the masculine to include the feminine and neuter genders.

13. *Authority.* Each of the signatories to this Agreement represents and warrants that he is authorized to execute this Agreement and bind his principals to the terms and provisions hereof. Each Party warrants that any action required to be taken in order for this Agreement to be binding on it has been duly and properly taken prior to the execution of this Agreement.

14. *Conflicts.* In the event of a conflict between this Agreement and any provision of the Unified Development Code, the City Code, or any City ordinance, rule, regulation, or procedure that provides a specific standard that is different from and inconsistent with this Agreement, the standards in this Agreement shall control.

BLJ

DRAFT ORDINANCE 10.02.17

EXHIBIT 'D': CAPITAL FACILITIES AGREEMENT FOR BREEZY HILL

15. *No Waiver*. Developer retains the right to challenge the application of any City impact fee regulations to the Property solely on the basis that such regulations fail to comply with Chapter 395 of the Texas Local Government Code, as amended. If Developer prevails in such a claim, impact fees shall be applied to the development of the Property and paid by the Developer, as applicable, in accordance with the court order.

DRAFT ORDINANCE 10.15.2017

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 10/10/2017

APPLICANT: Cameron Slown of *FC Cuny Corporation*

AGENDA ITEM: **SP2017-030;** *New Car Dealership - Subaru*

SUMMARY:

Discuss and consider a request by Cameron Slown of FC Cuny Corporation on behalf of Randall Noe of Rockwall Rental Properties, LP for the approval of a Site Plan for a motor vehicle dealership on a 4.86-acre tract of land identified as Tract 5 of the N. M. Ballard Survey, Abstract No. 99, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 1415 & 1501 E. IH-30, and take any action necessary.

PURPOSE:

The applicant, Cameron Slown of FC Cuny Corporation on behalf of Randall Noe of Rockwall Rental Properties, is requesting approval of a site plan for the purpose of constructing a new car dealership (*i.e. Subaru*) on a 4.86-acre tract of land. The site is generally located west of the intersection of IH-30 and John King Blvd, is addressed as 1501 E. IH-30, and is zoned *Light Industrial* (*LI*) *District*. The property is located within the *IH-30 Overlay* (*IH-30 OV*) *District* and is subject to the standards established for this district; however, the applicant will be seeking variances to certain standards established within the Unified Development Code as outlined in staff's report.

DENSITY AND DIMENSIONAL REQUIREMENTS:

The proposed dealership (*i.e. Subaru*) is allowed by *SUP No. S-166* for a *Motor Vehicle Dealership, New* (*Cars and Light Trucks*) [*Ord. No. 17-27*], which was approved in May of this year allowing for the development. The Subaru dealership will incorporate a total of 340 parking spaces for the site, with 119 parking spaces being required for a retail building at a ratio of one (1) space per 250 S.F. The remaining 221 parking spaces will be used for display of the new car inventory. The majorities of these display spaces is designed as dual head-in parking spaces and require a dimension of 20-ft length x 9-ft width per the City's Engineering Standards of Design and Construction criteria. The applicant is seeking a waiver to these design standards and is requesting to allow 18-ft x 9-ft dual head-in parking spaces for display of the new car inventory. This will require approval of a waiver by City Council and has been added as a condition of approval. The site will have a total of two (2) points of entry via 24-ft Firelane, Public Access, and Utility Easements along the IH-30 Frontage Road.

With the exception of the variances requested and the items listed in the *Recommendation* section of this case memo, the submitted site plan and building elevations conform to the technical requirements contained within the Unified Development Code (UDC) and the IH-30 Overlay (IH-30) District. However, at the time of this report the revised photometric and landscape plans have not been resubmitted for review. These plans require staff review for compliance to the UDC and require approval of the Planning and Zoning Commission. A summary of the density and dimensional requirements are as follows:

Ordinance Provisions	*Zoning District Standards*	*Conformance to the Standards*
Minimum Lot Area	*One (1) Acre*	*8.613-Acres; In Conformance*
Minimum Lot frontage	*200-Feet[1]*	*x>200-Feet; In Conformance*
Minimum Lot Depth	*200-Feet*	*x>200-Feet; In Conformance*
Minimum Front Yard Setback	*25-Feet*	*x>25-Feet; In Conformance*
Minimum Rear Yard Setback	*10-Feet[2]*	*x>10-Feet; In Conformance*
Minimum Side Yard Setback	*10-Feet[3]*	*x>10-Feet; In Conformance*
Maximum Building Height	*60-Ft w/o SUP*	*28' .0"; In Conformance*
Max Building/Lot Coverage	*60%*	*<60%; In Conformance*
Minimum Masonry Requirement	*90%*	*x<90%; Variance Requested*
Floor Area Ratio	*2:1*	*x<4:1; In Conformance*
Minimum Number of Parking Spaces	*119*	*340 Provided; In Conformance*
Minimum Stone Requirement (IH-30 OV)	*20% ea facade*	*x<20%; Variance Requested*
Minimum Landscaping Percentage	*10%*	*x=22.6%; In Conformance*
Maximum Impervious Coverage	*85 to 90%*	*<85%; In Conformance*

NOTES:
1. Minimum site frontage when adjacent to IH-30 .
2. Without fire retardant wall, fifteen feet plus one-half of the building height over 36 feet.
3. Without fire retardant wall, or alley: ten (10) feet, or as required by building and/or fire codes.

VARIANCE REQUESTS:

1) The applicant is requesting variances to the Unified Development Code (UDC) for the sections outlined below. As a note, a variance request to the IH-30 OV District requires passage by a ¾ majority vote of those City Council members present, while a simple majority vote is required for a variance to the standards of the UDC. The requests are as follows:

   a) Article V, Section 6.6, IH-30 Overlay (IH-30 OV) District Standards – A variance to allow for not meeting the 20% natural or quarried stone requirement for the north building elevations as established in *Sec. 6.6, C.1* of *Article V,* of the *Unified Development Code* (UDC) by allowing for 10.1% on the north elevation as depicted on the building elevations submitted. ***[¾ Majority Vote]***

   b) Article V, Section 6.6 IH-30 Overlay (IH-30 OV) District Standards – A variance to allow for exceeding more than 50% use of a cementaceous product (*i.e. 3-part stucco*) for the north and west elevations as established in *Section 6.6, C.1.a,* of *Article V,* of the *Unified Development Code* (UDC) by allowing 89.9% for the north and 51.6% for the west elevations as depicted on the building elevations submitted. ***[¾ Majority Vote]***

   c) Article V, Section 6.6 IH-30 Overlay (IH-30 OV) District Standards – A variance to allow for the building not meeting architectural finishing for all four sides of the building with the same materials, detailing, and features for the north elevation as established in *Section 6.6, C.5, of Article V, of the Unified Development Code* (UDC) by allowing the north elevation to not incorporate elements (*e.g. canopies, ACM panels, storefront glass, etc*.) visible on the south, east, and west elevations as depicted on the building elevations submitted. ***[¾ Majority Vote]***

   d) Article V, Section. 5.1.C, of the Unified Development Code (UDC) Standards - A variance to allow for not meeting the horizontal articulation standards for the north elevation and the vertical articulation standards for the north and south elevations by allowing the north and south elevations as depicted on the building elevations as submitted. ***[Simple Majority Vote]***

e) Article IV, Section. 2.1.8, Auto and Marine Related Uses, of the Unified Development Code (UDC) Standards - A variance to allow for garage doors associated with the service drive area to face IH-30 (*i.e. south building elevation*) and not meeting the standards as established in *Section 2.1.8, of Article IV, of the Unified Development Code* (UDC) which states garage doors or bays shall not face the street or a residential lot by allowing for the garage doors or bay to face IH-30 as depicted on the building elevations as submitted. ***[Simple Majority Vote]***

ARCHITECTURAL REVIEW BOARD RECOMMENDATION:

On September 26, 2017, the Architectural Review Board (ARB) reviewed the proposed building elevations for the site. General discussion concerning the agenda item took place between the board members and city staff. The board was concerned with the amount of ACM paneling being featured on the front elevation, the lack of stone required for all sides of the building, the amount of EIFS being used on the north, east, and west elevations, and the lack of vertical articulation. The applicant indicated that the building is representative of a prototypical structure and would communicate the boards concerns with the owner. The ARB will provide a recommendation to the Planning and Zoning Commission during the next scheduled meeting to be held on October 10, 2017.

RECOMMENDATIONS:

Should the Planning and Zoning Commission and City Council choose to approve the site plan and the requested variances, then staff would offer the following conditions of approval:

1) All staff comments provided by the Planning, Engineering and Fire Department must be addressed prior to the submittal of a building permit.

2) Approval of a waiver to the Engineering Standards of Design and Construction by the City Council to allow for the new car inventory display parking spaces to be dimensioned as requested, and as generally depicted on the site plan.

3) Approval of the revised Landscape and Photometric Plans by the Planning and Zoning Commission.

4) Any construction or building necessary to complete this Site Plan request must conform to the requirements set forth by the UDC, the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING COMMENTS - DAVID GONZALES - 10.04.2017

All staff comments are to be addressed and resubmitted by Tuesday, October 17, 2017. Please provide two (2) large copies [24" X 36" FOLDED] and one PDF version for a final/subsequent review by staff:

Planning Department General Comments to be addressed are as follows:

1. Adherence to Engineering and Fire Department standards shall be required.
2. All exterior signage requires submittal and approval of a separate building permit through the building inspections department. As a note, free standing signs are not to overhang or encroach into any easements.

VARIANCES AND EXCEPTIONS FOR THE CITY COUNCIL TO CONSIDER:
As a note, all variances to the IH-30 OV District requires approval by a 3/4 majority vote of City Council:

The following are considered variance requests to the IH-30 OV District:

1. Per Sec. 6.6.C.1, of Article V, of the UDC, a minimum of 20% stone is required on all walls - north elevation.
2. Per Sec. 6.6.C.1.a, of Article V, of the UDC, requires each exterior wall to consist of 90% masonry materials such as natural or quarried stone, brick, glass block or glass, tile, cast metal and custom concrete masonry units (CCMU). The ACM panelling does not meet these standards.
3. Per Sec. 6.6.C.5, of Article V, of the UDC, requires all buildings to be architecturally finished on all four sides with the same materials, detailing, and features with one row of trees planted at the perimeter behind the building. A) North elevation B) Provide one row of trees at the rear of the building.

VARIANCE TO UDC FOR CITY COUNCIL TO CONSIDER:

1. Sec. 2.1.8 Auto and marine related use conditons, of Art. IV, of the UDC - Garage doors or bays shall not to face a public street. Approval by a simple majority vote of City Council required.

EXCEPTIONS TO THE UDC TO BE CONSIDERED:

1. Per Sec. 5.1.C.1.a & b, of Article V, of the UDC, requires that each facade meet the minimum stanards forhorizontal and vertical articulation as defined in these sections. The buildings north and south elevations do not meet these standards. Requires approval by a simple majority vote of City Council.

Please address the following Planning Comments for each plan submitted:

Site Plan:
1. Approval of an exceptionto allow for not meeting the standards for horizontal (and vertical) articulaton for the north and south elevations is required. See Exception Request above for P&Z and CC to consider.
2. Garage doors or bays shall not to face a public street as indicated in the variance section above.

Landscape Plan:
1. Provide a row of trees along the rear perimeter of the property per the IH-30 OV standards.
2. No parking space may be more than 80-ft from the trunk of a large canopy tree. Spaces along the rear not meeting this requirement.

Type of Review / Notes	Contact	Sent	Due	Received	Elapsed	Status	Remarks
3. Under Landscaping General Requirements - No. 3 - Irrigation plan to be submitted with building permit. Photometric Plan: 1. Provide a photometric plan for all exterior lighting and cut sheets of all exterior light fixtures. 2. Maximum overall height of the lighting pole standard is not to exceed 20-ft (includes base, light pole, and fixtures). 3. Maximum intensity of exterior lighing is not to exceed 0.2-FC at the property lines. Building Elevations: 1. Dash in RTU's. Must be screened from rights-of-way and adjacent properties. 2. Provide the over-all height for all walls on each facade. 3. Elevation requires a recommendation of the Architectural Reivew Board (ARB). See scheduled meeting date below. The following are scheduled meeting dates that you and/or your representative(s) are required to attend regarding the Site Plan request. Ifyou have any quesitons regarding this case, please feel free to contact DavidGonzales, AICP with thePlanning Department at 972-771-7745. Meeting Dates to Attend: Architectural Review Board: October 10, 2017 (5:00 p.m.) [Subsequent meeting] Planning - Action: October 10, 2017 (6:00p.m.) [P&Z to take action (i.e. approve, approve with conditions, deny)] City Council - Action: October 16, 2017 (6:00 p.m.) [FOR VARIANCE AND EXCEPTION REQUESTS ONLY]							
PLANNING	David Gonzales	9/17/2017	9/24/2017	9/19/2017	2	COMMENTS	See comments

Discuss and consider a request by Cameron Slown of FC Cuny Corporation on behalf of Randall Noe of Rockwall Rental Properties, LP for the approval of a Site Plan for a motor vehicle dealership on a 4.86-acre tract of land identified as Tract 5 of the N. M. Ballard Survey, Abstract No. 99, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 1415 & 1501 E. IH-30, and take any action necessary.

PLANNING COMMENTS - DAVID GONZALES - 09.20.2017

All staff comments are to be addressed and resubmitted by Tuesday, October 3, 2017. Please provide three large copies [24" X 36" FOLDED] and one PDF version for a subsequent review by staff:

Planning Department General Comments to be addressed are as follows:

1. Adherence to Engineering and Fire Department standards shall be required.
2. Re-label revised site plan documents with "Case No. SP2017-030" at the lower right corner of each plan.
3. All exterior signage requires submittal and approval of a separate building permit through the building inspections department. As a note, free standing signs are not to overhang or encroach into any easements.

VARIANCES AND EXCEPTIONS FOR THE CITY COUNCIL TO CONSIDER:
As a note, all variances to the IH-30 OV District requires approval by a 3/4 majority vote of City Council:

The following are considered variance requests to the IH-30 OV District:

1. Per Sec. 6.6.C.1, of Article V, of the UDC, a minimum of 20% stone is required on all walls. Provide calculations for each facade. All facades as submitted do not meet the standards establihed for the OV district.
2. Per Sec. 6.6.C.1.a, of Article V, of the UDC, requires each exterior wall to consist of 90% masonry materials such as natural or quarried stone, brick, glass block or glass, tile, cast metal and custom concrete masonry units (CCMU). The ACM panelling does not meet these standards.
3. Per Sec. 6.6.C.1.b, of Article V, of the UDC, requires secondary materials used on a facade to comprise less than 10% of an elevation area. The EIFS as indicted on the east and west elevations exceed the 10% standard. Since I don not have the north elevation in this submittal, check to see if a variance is required for this elevation as well. The south (front) elevation may meet the standards; however, I will need material calculations in order to determine if a variance is needed for this elevation.
4. Per Sec. 6.6.C.5, of Article V, of the UDC, requires all buildings to be architecturally finished on all four sides with the same materials, detailing, and features with one row of trees planted at the perimeter behind the building. Provide the north elevation to determine if meeting this requirement and provide one row of trees at the rear of the building.

VARIANCE TO UDC FOR CITY COUNCIL TO CONSIDER:

1. Sec. 2.1.8 Auto and marine related use conditons, of Art. IV, of the UDC - Garage doors or bays shall not to face a public street. Approval by a simple majority vote of City Council required.

EXCEPTIONS TO THE UDC TO BE CONSIDERED:

1. Per Sec. 5.1.C.1.a & b, of Article V, of the UDC, requires that each facade meet the minimum stanards for horizontal and vertical articulation as defined in these sections. The buildings north, south, east, and west elevations may not meet these standards. Provide measurements for building height for each wall to determine.

Requires approval by a simple majority vote of City Council.

Please address the following Planning Comments for each plan submitted:

Site Plan:
1. Is there a trash dumpster located on this site? If so, provide dumpster enclosure detail. Enclosure walls are to be a minimum of 8-ft in height with matching exterior materials as the primary building and includes a self-latching gate mechanism. Gate to be opaque.
2. Approval of an exceptionto allow for not meeting the standards for horizontal (and vertical) articulaton for the north, south, and west elevations is required. See Exception Request above for P&Z and CC to consider.
3. Indicate, dimension, and label all easements (i.e. firelane, public access, utility, detension & drainage, etc.) for site.
4. Indicate and label appropriate setbacks based on the Light Industrial District standards.
5. Garage doors or bays shall not to face a public street as indicated in the variance section above.
6. Move Landscape Buffer label over landscape buffer area and delineate.

Landscape Plan:
1. Provide a row of trees along the rear perimeter of the property per the IH-30 OV standards.
2. No parking space may be more than 80-ft from the trunk of a large canopy tree. Spaces along the rear not meeting this requirement.
3. Under Landscaping General Requirements - No. 3 - Irrigation plan to be submitted with building permit.

Photometric Plan:
1. Provide a photometric plan for all exterior lighting and cut sheets of all exterior light fixtures.
2. Maximum overall height of the lighting pole standard is not to exceed 20-ft (includes base, light pole, and fixtures).
3. Maximum intensity of exterior lighing is not to exceed 0.2-FC at the property lines.

Building Elevations:
1. Provide a North facing elevation for review.
2. Provide calculations for all exterior building materials - broken out for each facade.
3. See compliance standards for all Variances and Exception as listed above (i.e. 20% stone, EIFS, ACM panelling, vertical and horizontal articulation, and 4-sided architecture).
4. Dash in RTU's. Must be screened from rights-of-way and adjacent properties.
5. Provide the over-all height for all walls on each facade.
6. Elevation requires a recommendation of the Architectural Reivew Board (ARB). See scheduled meeting date below.

The following are scheduled meeting dates that you and/or your representative(s) are required to attend regarding the Site Plan request. Ifyou have any quesitons regarding this case, please feel free to contact DavidGonzales, AICP with thePlanning Department at 972-771-7745.

Meeting Dates to Attend:

Architectural Review Board: September 26, 2017 (5:00 p.m.) [Applicant to receive recommendations from ARB]

Planning - Work Session: September 26, 2017 (6:00p.m.) [Applicant to present/discuss project to P&Z]

Type of Review / Notes	Contact	Sent	Due	Received	Elapsed	Status	Remarks
Architectural Review Board: October 10, 2017 (5:00 p.m.) [Subsequent meeting if necessary]							
Planning - Action: October 10, 2017 (6:00p.m.) [P&Z to take action (i.e. approve, approve with conditions, deny)]							
City Council - Action: October 16, 2017 (6:00 p.m.) [FOR VARIANCE AND EXCEPTION REQUESTS ONLY]

AGENDA
PLANNING AND ZONING COMMISSION WORK SESSION
City Hall, 385 South Goliad, Rockwall, Texas
Council Chambers
October 24, 2017
6:00 P.M.

CALL TO ORDER

CONSENT AGENDA

1. **Approval of Minutes** for the *October 10, 2017* Planning and Zoning Commission meeting.

2. **P2017-056** **(Korey)**
   Discuss and consider a request by Rich Houston on behalf of R. Fifty Green Homes, LLC for the approval of an amending plat for Lots 3 & 4, Block A, Solar Village Addition, containing six (6) single family lots on a 2.055-acre tract of land identified as Lots 1-6, Block A, Solar Village Addition, City of Rockwall, Rockwall County, Texas, zoned Single Family 7 (SF-7) District, located directly west of the intersection of Williams Street (*SH-66*) and Caruth Lane, and take any action necessary.

APPOINTMENTS

3. Appointment with Architectural Review Board representative to receive the Board's recommendations and comments for items on the agenda requiring architectural review.

4. Appointment with Bart Tinsley of Rockwall SIL, LLC to consider a request to submit a new zoning application for a zoning change from an Agricultural (AG) and Commercial (C) District to a Planned Development District for an age-restricted multi-family apartment complex and memory care facility on a 12.40-acre tract of land identified as Tract 8 of the B. J. T. Lewis Survey, Abstract No. 255, City of Rockwall, Rockwall County, Texas, in accordance with Section 8.3, *Council Approval or Denial*, of Article II, *Authority and Administrative Procedures*, of the Unified Development Code, and take any action necessary. **(David)**

5. Appointment with Trent Hyde to consider a request to submit a new zoning application for a Specific Use Permit (SUP) to allow for a detached garage on a 0.830-acre tract of land identified as the Wilson Addition, City of Rockwall, Rockwall County, Texas, in accordance with Section 8.3, *Council Approval or Denial*, of Article II, *Authority and Administrative Procedures*, of the Unified Development Code, and take any action necessary. **(Korey)**

PUBLIC HEARING

6. **Z2017-043** **(David)**
   Hold a public hearing to discuss and consider a request by Austin Lewis of Lewis Real Estate Investments, Inc. on behalf of Stone Creek Balance, LTD for the approval of an amendment to Planned Development District 70 (PD-70) to incorporate a single-single family subdivision consisting of 19 single-family residential homes on a 5.28-acre tract of land identified as Tract 2-7 of the W. T. Deweese Survey, Abstract No. 71, City of Rockwall, Rockwall County, Texas, Planned Development District 70 (PD-70) for Single-Family 10 (SF-10) District land uses, located at the southeast corner of the intersection of Greenway Drive and FM-552, and take any action necessary [*Request to Postpone to November 14, 2017*].

ACTION ITEMS

7. **P2017-057** **(David)**
   Discuss and consider a request by Ed Cavendish of VPS Construction for the approval of a reinstatement request for the preliminary plat for Marina Village in accordance with Section 38-8(f) of the Subdivision Ordinance contained in the Municipal Code of Ordinances, and being a 6.888-acre tract of land, zoned Planned Development District 8 (PD-8), generally located south on the south side of Henry M. Chandler Drive west of Ridge Road [*FM-740*], originally approved by City Council on September 21, 1992, and take any action necessary.

DISCUSSION ITEMS

8. **Z2017-050** **(Korey)**
   Hold a public hearing to discuss and consider a request by Jim Albracht of Divine Peace Lutheran Church on behalf of Iris Smith of Rockwall Wedding Chapel for the approval of a Specific Use Permit (SUP) for a church in the Downtown (DT) District on a 0.804-acre tract of land identified as Lots 1-3, Block W and Lots 1-4, Block T, Rockwall OT Addition, City of Rockwall, Rockwall County, Texas, zoned Downtown (DT) District, addressed as 203 & 305 S. Fannin Street, and take any action necessary.

9. **Z2017-051** **(David)**
   Hold a public hearing to discuss and consider a request by Bart Tinsley of Rockwall SIL, LLC on behalf of the owner Don Cameron of Cameron & Cameron for the approval of a zoning change from an Agricultural (AG) and Commercial (C) District to a Planned Development District for an age-restricted multi-family apartment complex and memory care facility on a 12.40-acre tract of land identified as Tract 8 of the B. J. T. Lewis Survey, Abstract No. 255, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) and Commercial (C) District, situated within the SH-205 Overlay (SH-205 OV) District, located on the west side of T. L. Townsend Drive south of Justin Road, and take any action necessary.

10. **Z2017-052** **(David)**
    Hold a public hearing to discuss and consider a request by Pat Atkins of Saddlestar Land Development on behalf of the Stagliano Family Trust for the approval of a zoning change from a Commercial (C) District and Heavy Commercial (HC) District to a Planned Development District for commercial/retail, single-family and townhome land uses on a 63.72-acre tract of land identified as Tract 3 of the W. H. Barnes Survey, Abstract No. 26, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) and Heavy Commercial (HC) District, situated within the SH-205 Overlay (SH-205 OV) District, located at the northwest corner of S. Goliad Street [*SH-205*] and Mims Road, and take any action necessary.

11. **Z2017-053** **(Korey)**
    Hold a public hearing to discuss and consider a request by Kelly Duncan for the approval of a Specific Use Permit (SUP) to allow for an accessory building that does not meet the minimum requirements as stipulated by Article IV, *Permissible Uses*, of the Unified Development Code for a 4.60-acre tract of land identified as Lot 3 of the Rolling Meadows Subdivision, City of Rockwall, Rockwall County, Texas, zoned Single-Family Estate 4.0 (SFE-4.0) District, addressed as 2705 Rolling Meadows Drive, and take any action necessary.

12. **Z2017-054** **(Ryan)**
    Hold a public hearing to discuss and consider a City initiated zoning request for the approval of a text amendment to Article IX, *Tree Preservation*, of the Unified Development Code [*Ordinance No. 04-38*] for the purpose of making general corrections and clarifications to the code, and take any action necessary.

13. **Z2017-055** **(Ryan)**
    Hold a public hearing and consider a request by Kevin Hickman of PegasusAblon on behalf of Rockwall Rental Properties, LP for the approval of a PD Development Plan amending Ordinance 13-16 and in accordance with Ordinance No. 10-21, for a 7.344-acre tract of land identified as Lot 9, Block A, Harbor-Rockwall Addition and Tract 16 of the M. J. Barksdale Survey, Abstract No. 11, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), situated within the IH-30 (IH-30) Overlay District, located at the southwest corner of the intersection of the IH-30 frontage road and Lakefront Trail, and take any action necessary.

14. **P2017-051** **(David)**
    Discuss and consider a request by Dub Douphrate of Douphrate & Associates, Inc. on behalf of BSKJ Development, Inc. for the approval of a preliminary plat for Lots 1-8, Block A, Carrier Drive Business Park Addition being a 17.0-acre portion of a larger 43.851-acre tract of land identified as Tract 1-4 of the J. M. Allen Survey, Abstract No. 2, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the SH-276 Overlay (SH-276 OV) District, generally located east of the intersection of SH-276 and John King Boulevard, and take any action necessary.

15. **P2017-052** **(Korey)**
    Discuss and consider a request by Brian Kelly for the approval of a final plat for Lot 1, Block A, Kelly Ranch Addition being a 3.217-acre portion of a larger 9.195-acre tract of land identified as Tract 13-06 of the W. W. Ford Survey, Abstract No. 80, City of Rockwall, Rockwall County, Texas, zoned Single-Family Estate 2.0 (SFE-2.0) District, addressed as 631 Hanby Lane, and take any action necessary.

16. **P2017-053** (Korey)
Hold a public hearing to discuss and consider a request by Bart Carroll of Carroll Consulting Group, LLC for the approval of a replat for Lots 19, 20 & 21 of the Hidden Valley Estates No. 2 Addition being a 4.716-acre tract of land currently identified as Lot 11 of the Hidden Valley Estates No. 2 Addition, Rockwall County, Texas, situated within the City of Rockwall's Extraterritorial Jurisdiction (ETJ), addressed as 1 and 1A Wildbriar Street, and take any action necessary.

17. **P2017-054** (David)
Discuss and consider a request by Jim Douglas of Douglas Properties, Inc. on behalf of Isabel Garrett of the McClendon Company for the approval of a master plat for the Terracina Estates Subdivision consisting of 352 single-family lots on a 140.555-acre tract of land identified as a portion of Tract 8 and all of Tract 16 of the J. A. Ramsay Survey, Abstract No. 186, City of Rockwall, Rockwall County, Texas, Planned Development District 82 (PD-82) for Single-Family 10 (SF-10) District land uses, situated on the west side of Rochell Road south of SH-276, and take any action necessary.

18. **P2017-055** (David)
Discuss and consider a request by Jim Douglas of Douglas Properties, Inc. on behalf of Isabel Garrett of the McClendon Company for the approval of a preliminary plat for *Phase 1* of the Terracina Estates Subdivision consisting of 110 single-family lots on a 54.995-acre portion of a larger 81.49-acre tract of land identified as Tract 16 of the J. A. Ramsay Survey, Abstract No. 186, City of Rockwall, Rockwall County, Texas, Planned Development District 82 (PD-82) for Single-Family 10 (SF-10) District land uses, situated on the west side of Rochell Road south of SH-276, and take any action necessary.

19. **SP2017-031** (David)
Discuss and consider a request by Ed Cavendish of VPS Construction for the approval of a site plan/master open space plan for the Spyglass Hill, Phase 4 Subdivision consisting of 33 single-family residential lots on a 6.888-acre tract of land, zoned Planned Development District 8 (PD-8), generally located south on the south side of Henry M. Chandler Drive west of Ridge Road [FM-740], and take any action necessary.

20. **SP2017-032** (Korey)
Discuss and consider a request by Deric Salser of Salser Development Group on behalf of Russ Porter of Rockwall School of Music for the approval of a site plan for a music studio on a 0.747-acre portion of a larger 2.49-acre parcel of land identified as Lot 9, Block A, Flagstone Corners Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 60 (PD-60) for Residential-Office (RO) District land uses, addressed as 1830 & 1842 Mims Road, and take any action necessary.

21. **SP2017-033** (David)
Discuss and consider a request by Juan J. Vasquez of Vasquez Engineering, LLC on behalf of Deepak Gandhi of Rockwall Inn Keepers I, LTD for the approval of a site plan for a hotel on a 2.681-acre identified as a portion of Lots 9 & 11, Block A, La Jolla Pointe, Phase 2 Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) and Scenic Overlay (SOV) Districts, located at the southeast corner of the intersection of Laguna Drive and La Jolla Pointe Drive, and take any action necessary.

22. **SP2017-034** (Korey)
Discuss and consider a request by Mike Whittle of Whittle Development, Inc. on behalf of Randall Noe of N&H Legacy Partners for the approval of a site plan for an office buildings on 0.44-acre tract of land identified as Lot 2, Block 2, Alliance Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 57 (PD-57) for Commercial (C) District land uses, addressed as 6520 Alliance Drive, and take any action necessary.

23. **SP2017-035** (Korey)
Discuss and consider a request by Johnathan Kerby of Kimley-Horn & Associates, Inc. on behalf of Harold E. Weinberger & Elana Kroll for the approval of a site plan for a retail/restaurant strip center on a 1.6123-acre parcel of land identified as Lot 2, Block A, Rockwall Market Center East Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 819 E. IH-30, and take any action necessary.

24. **SP2017-036** (Korey)
Discuss and consider a request by Mike Whittle of Whittle Development, Inc. on behalf of Randall Noe of N&H Legacy Partners for the approval of a site plan for an office buildings on 0.55-acre tract of land identified as Lot 3, Block 2, Alliance Addition, City of Rockwall, Rockwall County, Texas, zoned Planned

Development District 57 (PD-57) for Commercial (C) District land uses, addressed as 6530 Alliance Drive, and take any action necessary.

25. Director's Report of post Council meeting outcomes of Planning & Zoning cases **(Ryan)**.

Absent were Commissioners Mark Moeller, Tracey Logan and Chairman Johnny Lyons. Staff members present were Planning Director, Ryan Miller, Senior Planner David Gonzales, Planner, Korey Brooks, Planning Coordinator, Laura Morales, Assistant Engineer, Amy Williams, Civil Engineers Jeremy White and Sarah Hager.

II. CONSENT AGENDA

1. Approval of Minutes for the July 11, 2017 Planning and Zoning Commission meeting.

2. Approval of Minutes for the September 12, 2017 Planning and Zoning Commission meeting.

3. P2017-049

Discuss and consider a request by David L. and Sue W. Hodgdon for the approval of a final plat for Lots 1 & 2, Block A, Hodgdon Addition being a 12.36-acre tract of land identified as Tract 1-01 of the T. Dean Survey, Abstract No. 69, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, addressed as 1085 Dalton Road, and take any action necessary.

4. P2017-033

Discuss and consider a request by Mario Ramirez for the approval of a replat for Lot 1, Block K, Rockwall Lake Estates West being a 0.27-acre tract of land identified as Lots 908, 909 & 910, Block E, Rockwall Lake Estates #1, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 75 (PD-75) for Single Family 7 (SF-7) District land uses, addressed as 894 & 908 Lakeside Drive, and take any action necessary.

Commissioner Chodun made a motion to approve the consent agenda. Commissioner Welch seconded the motion which passed by a vote of 4-0, with Chairman Lyons and Commissioners Logan and Moeller absent.

III. APPOINTMENTS

5. Appointment with Architectural Review Board representative to receive the Board's recommendations and comments for items on the agenda requiring architectural review.

The Architectural Review representative gave a brief explanation concerning agenda items that were discussed at the Architectural Review Board meeting.

Vice Chairman Trowbridge advised the Commission that items #10 and #12 would be moved up on the agenda.

IV. PUBLIC HEARING ITEMS

6. Z2017-041

Hold a public hearing to discuss and consider a request by Mark Latham for the approval of a zoning change from a Multi-Family 14 (MF-14) District to a Downtown (DT) District for a 0.17-acre tract of land identified as part of Lots 1, 2 & 3, Block H, Eppstein Addition, City of Rockwall, Rockwall County, Texas, zoned Multi-Family 14 (MF-14) District, situated within the Historic Overlay (HOV) District, addressed as 310 S. Fannin Street, and take any action necessary.

Planner Brooks advised the Commission that the applicant has requested to withdraw the case.

Commissioner Welch made a motion to accept the withdrawal as requested. Commissioner Fishman seconded the motion which passed by a vote of 3-1 with Vice-Chairman Trowbridge dissenting, Chairman Lyons and Commissioners Logan and Moeller absent.

7. Z2017-042

Hold a public hearing to discuss and consider a request by Jay Odom for the approval of a zoning change from a Single Family 7 (SF-7) District to a Downtown (DT) District for a 0.21-acre parcel of land identified as Lot D-1, Block 122, B. F. Boydston Addition, City of Rockwall, Rockwall County, Texas, zoned Single Family 7 (SF-7) District, situated within the Historic Overlay (HOV) District, addressed as 201 Olive Street, and take any action necessary.

Senior Planner, David Gonzales, gave a brief explanation of the request stating that the applicant is requesting to rezone the subject property from a Single Family 7 District to Downtown District. The subject property is a Non Contributing property, is located within the Historic Overlay District and Old Town Rockwall Historic District. The property is currently vacant and is situated adjacent to Bin 303 and 401 N. Fannin Street. The applicant has stated that the purpose of the zoning change is to construct an office building. According to the UDC a general office land use is permitted by-right in the Downtown District. In a letter provided by the applicant, the applicant has stated that in his opinion an office building would be more suitable for the subject property compared to a single-family home and that opinion is based on the properties adjacency to a non-residential land use, Bin 303. Directly north of the subject property is a single-family home addressed as 405 N. Fannin Street and is designated as a Low Contributing property and is zoned Single-Family 7 District. Directly south of the subject property is Olive Street followed by several office buildings zoned Downtown District. Directly east of the subject property is a single-family home addressed as 401 N. Fannin Street and is designated as a High Contributing property and is zoned Single-Family 7 District. Directly west of the subject property is Bin 303 and is designated as a High Contributing property and is zoned General Retail.

Mr. Gonzales went on to explain that the Future Land Use Map contained in the Comprehensive Plan designates the subject property for Medium Density Residential land uses. The proposed zoning change would require this designation to be changed to a Commercial designation. If approved as an office building, this parcel would provide a transition from a higher intensity land use to the single-family residential property. If the request is approved, the site plan will require a recommendation by the Historic Preservation Advisory Board forwarded to the Planning and Zoning Commission prior to any construction. If the City Council approves the applicant's request, staff has included a condition of approval that would amend the Future Land Use Map to reflect the proposed change in land use from a Medium Density Single-Family Residential to a Downtown District designation.

Mr. Gonzales further stated that on September 12, 2017, staff mailed 91 notices to property owners and residents within 500-feet of the subject property. There is no Homeowner's Association or Neighborhood Organization located within 1,500-feet participating in the notification program. Additionally, staff posted a sign on the subject property, and advertised the public hearings in the Rockwall Harold Banner as required Staff has received two responses in favor of the applicant's request.

Mr. Gonzales advised the Commission the applicant was present and available for questions as well as staff.

Vice-Chairman Trowbridge asked the applicant to come forward.

Alison Odom
405 N. Fannin Street
Rockwall, TX

Mrs. Odom came forward and advised the Commission she was available for any questions they may have.

Vice-Chairman Trowbridge opened up the public hearing and asked anyone who wished to speak concerning the case to come forward and do so, there being no one indicating such, Vice-

Chairman Trowbridge closed the public hearing and brought the item back to the Commission for discussion or a motion.

Commissioner Chodun made a motion to approve Z2017-042 with staff recommendations. Commissioner Fishman seconded the motion which passed by a vote of 4-0 with Chairman Lyons and Commissioners Logan and Moeller absent.

8. Z2017-043

Hold a public hearing to discuss and consider a request by Austin Lewis of Lewis Real Estate Investments, Inc. on behalf of Stone Creek Balance, LTD for the approval of an amendment to Planned Development District 70 (PD-70) to incorporate a single-single family subdivision consisting of 19 single-family residential homes on a 5.28-acre tract of land identified as Tract 2-7 of the W. T. Deweese Survey, Abstract No. 71, City of Rockwall, Rockwall County, Texas, Planned Development District 70 (PD-70) for Single-Family 10 (SF-10) District land uses, located at the southeast corner of the intersection of Greenway Drive and FM-552, and take any action necessary.

Senior Planner, David Gonzales, advised the Commission that the applicant submitted a memorandum requesting to postpone the case to the next scheduled Planning and Zoning meeting.

Commissioner Fishman made a motion to accept the postponement. Commissioner Chodun seconded the motion which passed by a vote of 4-0 with Chairman Lyons and Commissioners Logan and Moeller absent.

9. Z2017-044

Hold a public hearing to discuss and consider a request by Sydney Brown of Godspeed Motors, LLC on behalf of the owner Greg Ollom for the approval of a Specific Use Permit (SUP) for an *Indoor Motor Vehicle Dealership/Showroom, New and/or Used* on a one (1) acre tract of land identified as Tract 5-1 of the J. Lockhart Survey, Abstract No. 134, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 1785 E. IH-30, And take any action necessary.

Senior Planner, David Gonzales, gave a brief explanation of the case stating that the applicant is requesting a Specific Use Permit to allow for an indoor motor vehicle dealership for new and/or used vehicles. The subject property is located within a Light Industrial District within the IH-30 Overlay District. Directly north of the subject property is a 6.96-acre parcel of land containing a metal building owned by Rockwall 549/I30 Partners, LP and zoned Light Industrial District. Directly south of the subject property is IH-30. Beyond that is the 5.96-acre tract of land identified as Rockwall Kia which is zoned Light Industrial District. Directly east of the subject property is a metal building on a 1.025-acre tract of land that is adjacent to Conveyor Street and is zoned Light Industrial District. Directly west of the subject property is the a 9.955-acre vacant tract of land zoned Agricultural District.

Mr. Gonzales went on to explain that the City Council approved an ordinance to include this use in 2014 to allow for an indoor motor vehicle dealership with stipulations that it would require a Specific Use Permit not only in the Commercial and Heavy Commercial District but also in the Light Industrial District. City Council defined specifically within the ordinance that the indoor storage of operable automobiles in a fully enclosed building for the purpose of holding such vehicles for sale, lease, distribution, or storage. Those were the conditions should someone make a request for an indoor motor vehicle use. In this case the applicant is requesting to be in suite 1 which is a 50x50 2,500 square foot facility and he would be limited by the SUP to that specific area and nothing would be outside other than signage.

Mr. Gonzales further stated that on September 29, 2017, staff mailed 17 notices to property owners and residents within 500-feet of the subject property. There are no Homeowner's Associations (HOA's) or Neighborhood Organizations located within 1,500-feet of the subject property participating in the notification program. Additionally, staff posted a sign on the subject property, and advertised the public hearings in the Rockwall Harold Banner as required by the UDC. Staff did not receive any notices regarding the applicant's request.

Mr. Gonzales advised the Commission the applicant was present and available for questions as well as staff.

Vice-Chairman Trowbridge asked how many car dealerships are currently on the IH-30 corridor. Mr. Gonzales stated there are eleven car dealerships as well as one that is on tonight's agenda requesting approval of a site plan for a Subaru dealership that has not started construction.

Commissioner Welch asked if the applicant was leasing or did he own the property, and if it is leased would the SUP terminate at the time the lease terminated. Mr. Gonzales explained that the applicant would be leasing and the SUP would stay with the property and if the next tenant does not continue the same use it would terminate within one year.

Commissioner Chodun asked if there was anything such as this existing in the City currently. Mr. Gonzales stated that there is one currently, internet based such as what the applicant is proposing.

Vice-Chairman Trowbridge asked the applicant to come forward and speak.

Sydney Brown
2003 Dover Drive
Rowlett, TX

Mr. Brown came forward and explained that they are not the traditional car sales dealership the location they are looking to house from is not designated to be a car lot since they will strictly be indoors in the confined building. The business is run over the phone or via internet. Typically when they purchase a car it has already been spoken for and the facility serves as a temporary garage until the customer comes to pick it up. There would not be any vehicles parked outside. He respectfully asked the Commission for their approval.

Vice-Trowbridge asked the amount of vehicles they anticipate having at any one time. Mr. Brown sated approximately seven.

Commissioner Welch asked staff if the Fire Marshall had any input concerning the request. Planning Director, Ryan Miller, explained that the Fire Marshall gave the applicant comments and they would have to adhere to all fire codes.

Commissioner Fishman asked the reason for the applicant's desire to be in Rockwall. Mr. Brown stated the feel the demographics and the market of Rockwall are very good.

Commissioner Chodun asked if it is a good market but are

Vice-Chairman Trowbridge asked concerning the sales tax revenue. Mr. Brown explained that it is $6.25 to the State.

Vice-Chairman Trowbridge opened up the public hearing and asked if anyone wished to speak concerning the case to come forward and do so, there being no one indicating such, Vice-Chairman Trowbridge closed the public hearing and brought the item back to the Commission for discussion or a motion.

General discussion took place between the Commission concerning if this would be a use that would fit this type of business in this area and the success of this type of business.

Commissioner Welch made a motion to approve Z2017-044. Commissioner Fishman seconded the motion which passed by a vote of 4-0 with Chairman Lyons and Commissioners Moeller and Logan absent.

10. Z2017-045
Hold a public hearing to discuss and consider a request by David L. and Sue W. Hodgdon for the approval of a zoning change from an Agricultural (AG) District to a Single-Family Estate 2.0 (SFE-2.0) District on a 12.327-acre tract of land identified as Tract 1-01 of the T. Dean Survey, Abstract No. 69, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, addressed as 1085 Dalton Road, and take any action necessary.

Planner, Korey Brooks, gave a brief explanation of the request stating that the applicant is requesting to rezone the property from an Agricultural District to a Single-Family Estate 2.0 District for the purpose of constructing one single-family home. The applicant has also submitted a request to final plat one tract of land into two parcels of land. According to the Unified Development Code a single-family dwelling is allowed on any Agriculture District zoned property that is more than ten acres. Since the resulting subject properties will be less than ten acres, the tracts will need to be rezoned. Currently, floodplain traverses the property and should any improvements impact the floodplain, the applicant could be required to submit a flood study. Directly north of the subject property is Dalton Road which is identified as a Major Collector, four lane, undivided roadway and beyond this is a tract of vacant land that is zoned Agriculture District. Directly south of the subject property is a single-family residential subdivision and beyond this is Ashbourne Drive which is identified as a Minor Collector. Directly east of the subject property is a single-family residential subdivision zoned Planned Development District and beyond that is a large tract of land that is zoned Agricultural District. And directly west of the subject property is a single-family residential subdivision zoned Single-Family 10 and beyond that is a large tract of land, which is Takeline that is outside of the City Limits.

Mr. Brooks went on to explain that the Future Land Use Map, adopted with the Comprehensive Plan, designates the subject property for Medium-Density Residential land uses, which are defined as single-family developments with 2 to 3 units per gross acre. The applicant's request is in conformance with the Future Land Use Map.

Mr. Brooks further stated that on September 29, 2017, staff sent 66 notices to property owners and residents within 500-feet of the subject property and situated in the City Limits. Staff also notified the Shoal Creek and Hidden Valley Homeowner's Associations which are the only HOA's/Neighborhood Associations within 1,500feet. Staff did not receive any notices concerning this case.

Mr. Brooks advised the Commission the applicant was present and available for questions as well as staff.

Vice-Chairman Trowbridge opened up the public hearing asked the applicant if he had any additional information to provide.

David Hodgdon
(No address given)

Mr. Hodgdon did not provide any additional information, advised the Commission he was available for any questions they may have.

Vice-Chairman Trowbridge opened up the public hearing and asked if there was anyone wishing to speak to come forward and do so.

Joann Pepper
2621 Egan Ridge Lane
Rockwall, TX

Ms. Pepper asked what will happen to the trees east of lot 1 along the take line. Mr. Brooks explained that those trees are primarily in the floodplain which is an area that cannot be built on and therefore they will be preserved.

Vice-Chairman Trowbridge asked if there was anyone else to wish to speak to come forward and do so, there being no one indicating such, Vice-Chairman Trowbridge closed the public hearing and brought the item back to the Commission for discussion or a motion.

Commissioner Welch made a motion to approve Z2017-045 with staff recommendations. Commissioner Fishman seconded the motion which passed by a vote of 4-0, with Chairman Lyons and Commissioners Logan and Moeller absent.

11. Z2017-046

Hold a public hearing to discuss and consider a request by Jim Douglas of Douglas Properties, Inc. on behalf of Isabel Garrett of the McClendon Company for the approval of an amendment to Planned Development District 82 (PD-82) for the purpose incorporating an additional 59.065-acre tract of land into the existing single-family development being a 81.49-acre tract of land creating a 140.555-acre tract of land identified as a portion of Tract 8 and all of Tract 16 of the J. A. Ramsay Survey, Abstract No. 186, City of Rockwall, Rockwall County, Texas, Planned Development District 82 (PD-82) and Agricultural (AG) District, situated on the west side of Rochell Road south of SH-276, and take any action necessary.

Senior Planner, David Gonzales, gave a brief explanation of the request stating that the applicant is requesting to amend PD-82. He provided a location map showing that the subject property is right below the Timber Creek Subdivision, right at the city limits. Fontanna Ranch is located south and west of the subject property and to the west there is also a multiple antenna tower for the IHEARTMEDIA Tower Company which somewhat creates a buffer. The applicant is requesting to amend PD-82 which was approved for 204 single lots last year and the lot mix that was approved at that time were 65 and 80 foot lots with minimum lot area of 8,125 square feet for the 65's and 10,000 square feet for the 80's. According to the concept plan for Phase II, the applicant is requesting to provide an additional 148 single-family residential lots. The amendment would allow for a total of 352 single-family lots 148 proposed lots Phase II plus 204 lots in Phase I, with a minimum lot size of 8,125 square feet. The Concept Plan for Phase II indicates the larger 10,000 square foot lots which would be 80' x 120 will be located along the northern boundary of the subject property, adjacent to the Sterling Farms and Timber Creek Additions. The 8,125 SF lots will be located in the center of the addition, and along the eastern boundary of the subject property creating a transition of the lots, while lining up with those in Phase I. The applicant intends to purchase a portion of the property from IHeartMedia for the purpose of dedicating this as right-of way, and connecting the minor collector street (Street H) to Guadalupe Drive in the Fontanna Ranch Subdivision this will create access for the neighborhoods to the elementary school, all parks, and conforms to the City's Master Thoroughfare Plan. The proposed development of Phase II will provide an additional 6.45–acre park with amenities such as a playground, Dog Park, benches, and an 8-ft meandering trail that also provides access to the 9.0-acre public park located in Phase I. The Concept Plan indicates the inclusion of 12.0-acres of net open space exceeds the minimum 20% requirement. The location of the park and open space along the western boundary of the development of Phase II will provide an additional buffer from the IHeartMedia Tower Company's antenna park. The applicant has also indicated that a minimum of a 10-ft landscape buffer along the proposed minor collector street (Street H) will include large canopy trees planted along the perimeter of the roadway at a minimum of 50-ft intervals. The applicant will also be required to provide a minimum of a five 5 foot sidewalk that will be constructed within the rights-of-way of the development.

Mr. Gonzales further explained that the applicant is requesting 100% front entry garages and will require the Commission to decide how they want to proceed with the j-swing drives. Also, it will require a waiver to the alley requirement since they will not have alleys with the front entry drive and it will require City Council approval. The Future Land Use Map contained within the Comprehensive Plan designates the subject property as Low Density Residential land uses. According to the Comprehensive Plan, the Low Density Residential designation is generally defined as single family development consisting of less than 2 units per acre; however, a density up to 2.5 units per gross acre may be allowed within a Planned Development district that includes the dedication and/or development of additional amenities that exceed the minimum standards for residential Planned Developments. In this case, the applicant is proposing a density of 2.50 units per gross acre and is proposing an approximately 6.45-acre park incorporating an 8 foot concrete hike and bike trail system, a playground area, Dog Park, benches, and other features as depicted on the Park Concept Plan. This is inclusive of the 9.0-acre public park that was approved with Phase I.

Mr. Gonzales went on to explain that the proposed zoning does appear to conform to the majority of the Comprehensive Plan's policies and guidelines with the exception of the required proximity of residential lots less than 12,000 sq. ft. to a neighborhood oriented park or open space. The Comprehensive Plan's policy requires the lots to be no further than 800-ft from a public park or open space in order to benefit from a property value premium. An approximation of no more than 7 lots, or 4.7% of the lots located in the North East quadrant of the development

are not within the 800-ft. minimum distance requirement. The proposed Concept Plan is a discretionary decision for the City Council.

Mr. Gonzales went on to state that on September 29, 2017, staff mailed 142 notices to property owners and residents within 500-feet of the subject property. Staff also emailed notices to the Lofland Farms, Timber Creek, and Fontana Ranch Homeowner's Associations. Staff received two notices in opposition to the request.

Mr. Gonzales advised the Commission that the applicant was present and available for questions as well as staff.

Mr. Miller pointed out in the location map provided that the zoning request is for the entire PD-82.

Commissioner Chodun asked staff if the applicant was requesting to amend the entire PD to allow front entry, or just Phase II. Mr. Gonzales stated it would be just for Phase II and Phase I will remain the same which allows 70% front entry and 30% j-swing, in combination to both it would be 80/20% total.

Vice-Trowbridge asked the applicant to come forward and speak.

Jim Douglas
Douglas Properties
2309 Avenue K
Plano, TX

Mr. Douglas came forward and provided a power point presentation and gave a brief explanation of the request which detailed the park and park amenities that would be provided. Bloomfield Homes will be the builder and the garages both front entry or j-swing they use cedar upgraded doors and they use different architecture looks which will have a good drive up appeal they use a variation of brick and stone and are upgraded homes. He explained that what can be done in this subdivision is instead of having the 80/20 mix only in Phase I they can have it spread throughout as there is a good mix of the two size lots throughout. He went on to say that they are careful to use different floor plans and elevations to get the variation of the look. They will take the radio tower lot and make it more of an as best they can by having the open space next to it instead of the houses and they feel that is a good use of the land as well as connecting the park with the other park in the original PD. Concerning the roadway to the south, they have talked to the people that have the towers and they have agreed to work with them to buy that strip of land to allow the street connection.

Mr. Douglas advised the Commission he was available for any questions.

Commissioner Chodun asked who would be responsible for maintaining the open space and would there be two HOA's. Mr. Douglas stated it would be the Home Owner's Association that would maintain both phases and there will only be one HOA.

Commissioner Fishman asked the reason for why they're utilizing more front face garages as opposed to the j-swing. Mr. Douglas stated the consumer shows to prefer the front face to allow them to have more yard and less driveway.

Vice-Chairman Trowbridge opened up the public hearing and asked anyone who wished to speak concerning the case to come forward and do so.

Kevin Baswell
1715 FM549
Rockwall, TX

Mr. Baswell came forward and showed where his property was located using the provided location map. He asked for clarification concerning the north drive that Mr. Douglas spoke of to get to FM549. Mr. Baswell generally expressed being in opposition of the request, he would like the City not to add anymore residential area into this area that at one time was rural. He stated that when he bought his acreage property, that is one of the things that drew him to Rockwall. He doesn't agree with how his neighbor to the south was allowed to replat ten acres into two 5

acre lots to build two separate homes, he feels that has caused him to lose privacy to the south side of him.

Joanne Pepper
2621 Egan Ridge Lane
Rockwall, TX

Ms. Pepper came forward and asked if there has been a study done to see if the schools in the surrounding area can accommodate the additional 352 houses that are being built. Mr. Miller explained that the school does base their planning off of the City's Future Land Use Map, and this property was indicated to be a Low Density Residential and this proposal does conform to that.

Vice-Chairman Trowbridge asked if there was anyone else wishing to speak, there being no one indicating such Vice-Chairman asked the applicant to come forward and offer any rebuttal.

Mr. Douglas came forward and stated that concerning the roadway, the tower people own a strip along the north side which is how they access the towers, and even without that there will still be three points of access.

Commissioner Welch asked if on the j-swing would it be primarily a third car garage. Mr. Douglas stated that j-swing were exclusively three car garages therefore it would be a combination of two and three's.

Vice-Chairman Trowbridge closed the public hearing and brought the item back to the Commission for discussion or a motion.

Commissioner Fishman stated she sees how the two phases work well providing a lot of nice amenities, she however did express some reservation in approving a phase that would allow 100% front entry, she would like to see the j-swing mixed in more throughout the phase. She also would like to see consistency coming out of the Commission that when they are approving j-swings that they are staying consistent, would like for them to push to adhere to what Phase I has of 70/30 to see that reflected in Phase II.

Vice-Chairman Trowbridge generally agreed with Commissioner Fishman's comments and reservations.

Commissioner Chodun also generally agreed with Commissioner Fishman, he feels they should stay consistent.

Commissioner Welch generally expressed being in favor of the request he agrees that the market is calling for more front entry garages. He feels that as a Commission they should not only look for how they've decided on things in the past but also what the community wants.

Commissioner Chodun made a motion to approve the amendment to PD-82 with staff conditions and to include a recommendation for the entire PD to incorporate front entry driveways with a minimum of 30% in a "J" swing configuration and the remaining 70% of the driveways to be a front entry configuration and situated equal to or behind the front façade of the primary structure. Commissioner Fishman seconded the motion, which passed by a vote of 3-1, with Commissioner Welch dissenting and Chairman Lyons and Commissioners Logan and Moeller absent.

12. Z2017-047
Hold a public hearing to discuss and consider a request by Trent Hyde for the approval of a Specific Use Permit (SUP) to allow for an accessory building that does not meet the minimum requirements as stipulated by Article IV, *Permissible Uses*, of the Unified Development Code for a 0.830-acre tract of land identified as the Wilson Addition, City of Rockwall, Rockwall County, Texas, zoned Single-Family 10 (SF-10) District, addressed as 218 W. Quail Run Road, and take any action necessary.

Planner, Korey Brooks, gave a brief explanation of the request stating that the applicant is requesting the approval of a Specific Use Permit to allow for an accessory building that does not meet the minimum requirements stipulated in the UDC. The subject property is a 0.830-acre

tract of land zoned Single-Family 10 District. The applicant is proposing to construct a 20 foot tall metal building that will be approximately 700 square feet. The proposed accessory building will be located behind the main structure 11 feet from the side property line and 70feet from the rear property line. Additionally, the accessory building will be screened from public view with a fence. According to the UDC, properties within a Single-Family 10 District are permitted two accessory buildings that are a maximum of 225 square feet. In addition, the UDC states that an accessory building shall be clad with the same materials that are found on the primary structure. In this case, the proposed accessory building will be 475 square feet larger than what is permitted by the ordinance, constructed out of metal. As a result, the applicant is required to apply for a SUP. The approval of this SUP is a discretionary decision for the Planning and Zoning Commission and City Council.

Mr. Brooks further stated that on September 29, 2017, staff mailed 43 notices to property owners and occupants within 500-feet of the subject property and also notified the Shores/Ray Hubbard, Stone Creek and Quail Run Valley Homeowner's Associations which are the only HOA's and/or Neighborhood Organizations within 1,500-feet of the subject property and participating in the notification program. Additionally, staff posted a sign on the subject property as required by the UDC. Staff received one email and notice in favor and one notice in opposition of the request.

Mr. Brooks advised the Commission the applicant was present and available for questions as well as staff.

Vice-Chairman Trowbridge opened up the public hearing and asked the applicant to come forward.

Trent Hyde
218 W. Quail Run Road
Rockwall, TX

Mr. Hyde came forward and stated he is looking to build a 700 foot building that will be on cement slab. It will be a Morgan building and he would like to add the ridge vent and will have good curb appeal.

Commissioner Fishman asked what the applicant would be using the accessory building for. Mr. Hyde stated it will be used for storage, tractors and his vehicles.

Vice-Chairman Trowbridge asked if there was anyone wishing to speak concerning the case to come forward and do so.

Michael Hunter
Quail Run Road
Rockwall, TX

Mr. Hunter came forward and stated he resides within the neighborhood of Mr. Hyde and is in support of the request. He also spoke with the other five neighbors on Quail Run and he indicated they also are in favor of the request.

Vice-Chairman Trowbridge asked if there was anyone else to wish to speak to come forward and do so, there being no one indicating such, Vice-Chairman Trowbridge closed the public hearing and brought the item back to the Commission for discussion or a motion.

Commissioner Fishman made a motion to approve Z2017-047 with staff recommendations. Commissioner Welch seconded the motion which passed by a vote of 4-0 with Chairman Lyons and Commissioners Moeller and Logan absent.

13. Z2017-048

Hold a public hearing to discuss and consider a request by Russell Phillips on behalf of Sandra McMullen for the approval of a Specific Use Permit (SUP) for a *mini-warehouse* facility on an 8.733-acre tract of land identified as a portion of Lot 16 and all of Lot 14, Rainbo Acres Addition, City of Rockwall, Rockwall County, Texas, zoned Single-Family Estate 4.0 (SFE-4.0) District, addressed as 259 Ranch Road, and take any action necessary.

Planner, Korey Brooks, advised the Commission that the caption states that the property is zoned SFE-4.0, however last month the Commission recommended approval of a zoning change for this tract and it had not finished going thru Council at the time. That has now gone thru Council's first reading and is now a Commercial tract of land. Mr. Brooks went on to give a brief explanation stating that the applicant is requesting the approval of an SUP to allow for a 575 unit mini-warehouse facility. According to the concept plan and building elevations, the mini-warehouse facility will be comprised of 24 buildings, ranging in size from 5 storage units to 108 storage units. Additionally, the applicant is proposing a masonry façade on the perimeter of all buildings that are visible from the street; however, the applicant is proposing to utilize metal facades on the interior buildings. Most of the surrounding buildings are constructed of metal. Each building will have drive-up units with roll-up doors and none of the roll-up doors will face Ranch Trail or Horizon Road. The leasing office will be a 2 story building. With the exception of the leasing office, the applicant is proposing to provide landscape screening allowing the mini-warehouse facility to have limited visibility from Ranch Trail and Horizon Road. The northeast portion of the property is wooded and the applicant is proposing to save trees in the area to act as a screen to the adjacent properties. Directly north of the subject property are commercial structures and beyond that is vacant land adjacent to County Line Road, which is identified as a Minor Collector on the City's Master Thoroughfare Plan and are zoned Commercial. Directly south of the subject property are commercial structures. Beyond this is vacant land that is adjacent to FM-3097, which is identified as a Major Collector, 4 lane, divided roadway on the City's Master Thoroughfare Plan and is zoned Commercial District. Directly east of the subject property is a large, vacant tract of land that is zoned Agricultural District and beyond that is a single-family residential subdivision, which is zoned Single-Family Estates 1.5. Directly west of the subject property is Ranch Trail Road, which is identified as a Minor Collector and beyond that are commercial structures, that are zoned Commercial District.

Mr. Brooks further added that according to the UDC a mini-warehouse is permitted in a Commercial District by Specific Use Permit, which is a discretionary decision for the Planning and Zoning Commission and the City Council. If the request be approved, the applicant will be required to submit a site plan, landscape plan, photometric plan, and building elevations to the Architectural Review Board and the Planning and Zoning Commission. Additionally, on September 29, 2017, staff sent 30 notices to property owners and residents within 500-feet of the subject property. There are no HOA's/Neighborhood Associations within 1,500-feet of the subject property. Staff received one notice in opposition of the request.

Mr. Brooks advised the Commission that the applicant was present to answer any questions as well as staff.

Vice-Chairman Trowbridge asked if there was any zoning within the City that allows mini-warehouses by right. Mr. Brooks stated the Light Industrial District allows it by right.
Commissioner Chodun asked if Ranch Trail is set up to allow for the egress and digress for that type of daily use that this request will bring. Mr. Brooks explained that Ranch Trail is identified as a minor collector two lane road and therefore would be set up for such use.

Vice-Chairman Trowbridge asked the applicant to come forward.

Russell Phillips
521 Moraine Way
Heath, TX

Mr. Phillips came forward and gave a brief explanation of the request. He is looking for an exception to the 100% masonry requirement; the leasing office will be full masonry which will be closest to the road and everything that faces Ranch Trail those walls would be full masonry as well. Heading towards the back of the property there are fourteen to sixteen foot cedars that go all around the perimeter of the property which he feels gives a nice barrier to any other location. He doesn't feel there would be an issue with traffic, because most people do not visit very often. He believes it will be well received in the area.

Vice-Chairman Trowbridge asked concerning the tree line surrounding the building. Mr. Phillips provided pictures which showed where the existing tree line runs thru and indicated he plans on conserving those trees as they are on the subject property and they will continue to be maintained.

Commissioner Choudun asked staff if the ordinance could require continual screening in the rear of the property. Mr. Brooks stated the Commission could amend the ordinance to make that a requirement to include an evergreen screen. Mr. Phillips added that they do not mind that, as they prefer the natural screening as opposed to other screening methods.

Vice-Chairman Trowbridge opened up the public hearing and asked anyone who wished to speak concerning the case to come forward and do, there being no one indicating such; Vice-Chairman Trowbridge closed the public hearing and brought the item back to the Commission for discussion or a motion.

Commissioner Welch made a motion to approve Z2017-048 with staff recommendations. Commissioner Chodun asked Commissioner Welch to amend his motion to include continual screening. Commissioner Welch accepted and went on to make a motion to approve Z2017-048 with the condition that the developer provides landscape screening along all property lines. Commissioner Welch seconded the motion which passed by a vote of 4-0 with Chairman Lyons and Commissioners Moeller and Logan absent.

14. Z2017-049
Hold a public hearing to discuss and consider a request by John Arnold of the Skorburg Company on behalf of Breezy Hill 405, LTD for the approval of a zoning amendment to Planned Development District 74 (PD-74) to amend the concept plan and for the purpose of incorporating changes to the lot composition stipulated by the development standards contained in *Exhibit 'C'* of *Ordinance No. 16-59* for a 405.184-acre tract of land identified as the Breezy Hill Subdivision and situated within the J. Strickland Survey, Abstract No. 187, Rockwall, Rockwall County, Texas, generally located north of FM-552 and west of Breezy Hill Road, and take any action necessary.

Planning Director, Ryan Miller, gave a brief explanation of the request stating that the subject property is the Breezy Hill Subdivision which was originally put into a 212 Development Agreement that allowed it to have 810 single family homes. It was then annexed in 2008 and then zoned in 2009 at which time the property incorporated 59 acres of Commercial which replaced some of the proposed residential units and the overall lot count ended up 658, that was amended in 2012 from 658 to 691 and then again in 2014 with a lot count was increased from 691 to 742 they removed some of the school sites that were originally shown in the concept plan opening up room for more lots, that also reduced the Commercial acreage from 59 acres to 39 acres. Earlier this year the lot count was increased from 742 to 776 and the Commercial acreage was reduced from 33 acres to 19 acres and that was to allow for 40 new homes in Phase 10. Also incorporated at the last change was the ability for them to incorporate 20 flat front entry garages, currently the zoning only allows j-swing where the garage is situated 20 feet behind the front façade of the house. The applicant has submitted an application requesting to amend Planned Development District 74 to approve an alternate concept plan and development standards. Specifically, the applicant is requesting to reduce the number of lots in the subdivision from 776 to 750 for the purpose constructing additional 100' x 200' and 100' x 180' lots. As part of this request the applicant is also requesting to allow 50% of the remaining 94, 70' x 120' lots to be allowed to incorporate a flat front entry garage. Currently, PD-74 requires the applicant to construct 326, 80' x 125' lots. The applicant is requesting to reduce this to 137, 80' x 125' lots for the purpose of adding 33, 100' x 200' lots and 44, 100' x 180' lots. In addition, the applicant will be reducing the 60' x 120' lots by 22 and increasing the 70' x 120' lots by 108. These changes will reduce the overall lot count from 776 lots to 750 lots, reducing the overall density of the development from 2.02-units/acre to 1.85-units/acre. These changes will necessitate creating 2 new lot types which would be type 'F' & 'G' The Type 'F' lot is the proposed 44, 100' x 180' lots and the Type 'G' lot includes 94 of the 225, 70' x 120' lots. For the Type 'G' lots the applicant is requesting that 50%, 47 lots, be permitted to have a flat front entry garage product. This means that the applicant will be allowed to have a total of 67 flat front entry garages between the Type 'E' and Type 'G' lots. The Future Land Use Map contained within the Comprehensive Plan designates the subject property for Commercial and Low Density Residential land uses and these designations are in conformance with the applicant's request.

Mr. Miller went on to state that on September 29, 2017, staff mailed 560 notices to property owners and residents within 500-feet of the subject property and also emailed a notice to the Stoney Hollow and Breezy Hill Homeowner's Associations, which are the only HOA's located within 1,500 feet of the subject property. Staff did not receive any notices back either in favor or in opposition.

Mr. Miller advised the Commission the applicant was present and available for questions as well as staff.

Vice-Chairman Trowbridge asked what the setback are as depicted for this phase and concerning the recent moratorium that was put in place by the City Council to set back from John King. Mr. Miller explained that as part of the original zoning which is mostly maintained throughout, right now the applicant is required a 50 foot landscape buffer which was in place prior to the changes.

Vice-Chairman Trowbridge asked the applicant to come forward.

Adam Buzcek
8214 Westchester Drive
Dallas, TX

Mr. Buzcek came forward and provided a power pointe presentation detailing their request. He stated they had a very well attended informative HOA meeting where they met with the residents to keep them aware of their proposal and they got positive feedback from those residents. He explained that the they are looking to do 26 fewer lots reducing the density from 1.92 to 1.85 and keeping the 20% open space. The power point provided what areas would be impacted by the request. He indicated that their request is to adjust to what the market shows to be successful and what the consumer has shown they are looking for. He respectfully asked the Commission for their approval and stated he was available for questions.

Vice-Chairman Trowbridge asked if the 100's have different development standards than the 70's and 80's and asked for clarification concerning the non-curve culverts they show. Mr. Buzcek explained that only difference between Category D and the new lots, Category F, is the 15 foot minimum depth and with both those categories they would have a culvert that would allow more green space less concrete, it has been a very well embraced product by the consumer.

Vice-Chairman Trowbridge spoke of being in favor of the recent change to the setback requirements along John King that was approved by Council , and with that asked how deep the lots that face John King on the west side. Mr. Buzcek stated that they are approximately 200 feet allowing for room for berm and everything that is required in accordance to the PD.

Vice-Chairman Trowbridge opened up the public hearing and asked anyone who wished to speak concerning the case to come forward and do so.

Jim Smith
6090 Amhurst
Rockwall, TX

Mr. Smith came forward expressed being in favor of the request. He feels it is a positive move on the developer has put forward and encouraged the Commission to vote in favor of the request.

Bruce Clark
313 Shenandoah Lane
Rockwall, TX

Mr. Clark came forward and stated his property backs up to the Skorburg property and he generally expressed being in favor of the request however he is concerned with drainage issues as that tends to be a problem now. He asked staff if there would be any special provisions put in place. Mr. Miller stated there are not any special provisions or anything in the Planned Development District, but they will be required to meet all the city's drainage requirements as well as any Engineering Standards of Design.

Bob Wacker
309 Featherstone
Rockwall, TX

Mr. Wacker came forward and expressed being in favor of the request. He noted as a point of reference that the City Council recently did approve a waiver to the John King setback requirement that was recently passed for the Ladera Senior Community.

Vice-Chairman Trowbridge opened up the public hearing and asked anyone who wished to speak concerning the case to come forward and do, there being no one indicating such; Vice-Chairman Trowbridge closed the public hearing and brought the item back to the Commission for discussion or a motion.

Vice-Chairman Trowbridge noted that the setback that was approved for the Ladera project recently was only for two or three lots and was approximately a 95 foot setback; although he likes that the lots are larger he would like to stay consistent to the moratorium for the 100 foot setback and adhere to it as close as possible.

Commissioner Chodun generally expressed being in favor of the request.

Commissioner Fishman expressed being in favor of the request, likes the new plan that is being presented, having the larger lots meets the current market request.

Commissioner Chodun made a motion to approve Z2017-049 with staff recommendations. Commissioner Fishman seconded the motion which passed by a vote of 3-1, with Vice-Chairman Trowbridge dissenting, Chairman Lyons and Commissioners Logan and Moeller absent.

V. ACTION ITEMS

15. SP2017-030

Discuss and consider a request by Cameron Slown of FC Cuny Corporation on behalf of Randall Noe of Rockwall Rental Properties, LP for the approval of a Site Plan for a motor vehicle dealership on a 4.86-acre tract of land identified as Tract 5 of the N. M. Ballard Survey, Abstract No. 99, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 1415 & 1501 E. IH-30, and take any action necessary.

Senior Planner, David Gonzales, gave a brief explanation of the request stating that the applicant is requesting site plan approval of the Subaru car dealership. The SUP was approved earlier this year that allowed for the new card dealership. The Subaru dealership will incorporate a total of 340 parking spaces for the site, with 119 parking spaces being required for a retail building at a ratio of 1 space per 250 square feet. The remaining 221 parking spaces will be used for display of the new car inventory. The majorities of these display spaces is designed as dual head-in parking spaces and require a dimension of 20-ft length x 9-ft width per the City's Engineering Standards of Design and Construction criteria. The applicant is seeking a waiver to these design standards and is requesting to allow 18-ft x 9-ft dual head-in parking spaces for display of the new car inventory. This will require approval of a waiver by City Council and has been added as a condition of approval. The site will have a total of 2 points of entry via 24-ft fire lane, Public Access, and Utility Easements along the IH-30 Frontage Road. With the exception of the variances that the applicant is requesting that were listed in the Commission's case memo, the submitted site plan, landscape plan, photometric plan, and building elevations conform to the technical requirements contained within the UDC and the IH-30 Overlay District. Mr. Gonzales noted that most of the waivers have to do with the north elevation which faces a heavily treed area that is primarily a floodplain and therefore would have limited visibility. Mr. Gonzales went over the five variance requests and one waiver that the applicant is requesting along with the vote it will require to pass. The Architectural Review Board took a look at the elevations and they did recommend approval including all the variances that are associated with the request.

Mr. Gonzales stated that the applicant was present and available for questions as well as staff.

Vice-Chairman Trowbridge asked the applicant to come forward.

Chris Cuny
FC Cuny Corporation
2 Horizon Court
Heath, TX

Mr. Cuny came forward and stated that Jimmy Strohmeyer will be the architect of record working on the project who has worked to modify the elevations, the main thing is the back elevations, but it is in a floodplain area therefore there should not be any issue with visibility and he ARB met and they recommended approval. In terms of the parking spaces their intent is for the

required spaces to be for visitors and for the retail, and those will meet the City standards. It is the parking for the inventory that they are requesting the waiver for. He respectfully asked the Commission for their consideration and approval.

Vice- Chairman brought the item back to the Commission for questions, discussion or motion.

Commissioner Chodun made a motion to approve SP2017-030 with staff recommendations including Commissioner Welch seconded the motion which passed by a vote of 4-0 with Chairman Lyons and Commissioners Logan and Moeller absent.

VI. DISCUSSION ITEMS

16. Director's Report of post Council meeting outcomes of Planning & Zoning cases.

- ✓ P2017-041: Lot 1, Block A, Blueberry Hill Estate Addition [*Approved*]
- ✓ P2017-048: Lot 3, Block A, Lake Pointe Baptist Church Addition [*Approved*]
- ✓ Z2017-031: Zoning Change (AG to SF-1) [*950 Clem Road*] (*2nd Reading*) [*Approved*]
- ✓ Z2017-036: SUP for 1310 Summer Lee Drive (*2nd Reading*) [*Approved*]
- ✓ Z2017-037: Zoning Change (SFE-4.0 to C) [*259 Ranch Trail*] (*2nd Reading*) [*Approved*]
- ✓ Z2017-038: SUP for 302 Ranch Trail (*2nd Reading*) [*Approved*]
- ✓ Z2017-040: Zoning Change for Ladera of Rockwall (AG to PD) (*1st Reading*) [*Approved*]
- ✓ SP2017-008: Variances for 2040 Kristy Lane [*Approved*]
- ✓ MIS2017-009: Masonry Exception for 631 Hanby Lane [*Approved*]

Planning Director, Ryan Miller, **provided a brief update about the outcome of the above referenced cases at the City Council meeting.**

VII. ADJOURNMENT

Vice-Chairman Trowbridge adjourned the meeting at 8:22 p.m.

PASSED AND APPROVED BY THE PLANNING & ZONING COMMISSION OF THE CITY OF ROCKWALL, Texas, this _____ day of _____, 2017.

P2017-56 Lots 1-6, Block A, Solar Village Addition

Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 This is a request by Rich Houston on behalf of R. Fifty Green Homes, LLC for the approval of an amending plat for Lots 1-6, Block A, Solar Village Addition, containing six (6) single family lots on a 2.055-acre tract of land identified as Lots 1-6, Block A, Solar Village Addition, City of Rockwall, Rockwall County, Texas, zoned Single Family 7 (SF-7) District, located directly west of the intersection of Williams Street (SH-66) and Caruth Lane.

I.2 For questions or comments concerning this case, please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.

M.3 For reference, include the case number (P2017-056) in the lower right hand corner of all pages on future submittals.

M.4 Please note the standard Title Block format:

Type of Plat [Master, Preliminary, Final or Replat]

Subdivision Name (Proposed or Approved)

Lot / Block Designation Number of Lots (Proposed)

Total Acreage

City, State, County

M.5 Please check the graphic scale. It seems to be off.

M.6 Please check the callouts. The callouts on Page 1 do not seem to match the legal description on Page 2.

M.7 Please show the entire right-of-way for Heath Street, including the centerline

M.8 Please use a different line type for lot lines. It is difficult to determine where the lots are v.s. easements, etc. Also, please show a legend for different line types.

M.9 Please highlight the changes to the plat.

M.10 If possible, move the Surveyor's Certificate to Page 2—not necessarily a requirement. We usually prefer the certificate and stamp on page 2, if the plat is a 2-page plat.

M.11 Is there a street adjacent to the West property line? The vicinity map indicates a street. Is this a private driveway? If so, show it on the plat and label as "Private Drive". If this is a city street, show and label street name.

M.12 Check the acreage in the Legal Description. It doesn't match the acreage in the title block.

M.13 Check the alignment of the numbered list on Page 2. Some of the lines aren't aligned.

M.14 Please check the paragraphs under the numbered list on Page 2. Some of the lines have a paragraph break in the middle of a word. Please see markup.

M.15 Please remove the extra period at the end of the Planning and Zoning Commission signature line.

M.16 Please remove the period after "Date" under the Planning and Zoning Commissioner's signature line.

M.17 Please remove the extra signature line next to the Planning and Zoning Commission signature line.

M.18 Please check the Mayor's signature line. "Rockwall" is missing an L.

I.19 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested by November 7, 2017. The Planning and Zoning Meeting for this case is October 24, 2017.

I.20 The projected City Council meeting date and subsequent approval for this plat is November 6, 2017

STATE OF TEXAS §
COUNTY OF ROCKWALL §

WHEREAS R FIFTY GREEN HOMES, BEING THE OWNER OF A TRACT of land in the County of Rockwall, State of Texas, said tract being described as follows:

WHEREAS R FIFTY GREEN HOMES is the owner of all that certain lot, tract, or parcel of land lying and being situated in the Reuben Ballard Survey, Abstract Number 29, having a Patent date of February 23, 1854, Patent Number 112, Patent Volume 9, Certificate Number 889, File Number 001573, City of Rockwall, Rockwall County, Texas, and being all of a 2.055 acre tract of land conveyed by Douglas D. Morris To Douglas and Lynda Morris 2010 Revocable Trust by Warranty Deed dated July 15, 2011, as recorded in Volume 6502, Page 189, of the Deed Records of Rockwall, Rockwall County, Texas, and being that certain tract of land conveyed by Douglas Dwight Morris, as Trustee of the Douglas and Lynda Morris Revocable Trust and Billy Peoples, individually, to R Fifty Green Homes by General Warranty Deed dated October 24, 2013, as recorded in the Official Public Records of Rockwall, Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 5/8" Iron Rebar with a orange plastic cap stamped "PROBECK 5187" found for the southwest corner of R Fifty Green Homes tract of land and being also the southeast corner of that certain called 6.300 acre tract of land conveyed to Rockwall Assembly of God recorded in Volume 119 at Page 973 of the Deed Records of Rockwall, Rockwall County, Texas, said 5/8" Iron Rebar also being in the northwesterly line of Williams Street, (a.k.a. State Highway No. 66), being a 60.00 feet wide public right-of-way from which point a found 1/2" Iron Rebar bears, South 32° 37' 13" East, a distance of 0.27 feet;

THENCE North 31° 12' 54" West, departing the northwesterly line of State Highway No. 66, continuing with the westerly line of R Fifty Green Homes tract of land and the easterly line of Rockwall Assembly of God's tract of land, passing at a distance of 185.14 feet the southeast corner of Lot 9, Block A, of Green Meadows Addition, an addition to the City of Rockwall according to the Map or Plat thereof recorded in Cabinet A at Slide 117 of the Plat Records of Rockwall, Rockwall County, Texas, continuing in all a total distance of 369.73 feet to a point for the northwest corner of R Fifty Green Homes tract of land said point being in the centerline of Heath Street, a variable width public right-of-way, from which point a found 1/2" Iron Rebar bears, South 29° 59' 45" East, a distance of 25.02 feet;

THENCE North 88° 52' 07" East, continuing with the north line of R Fifty Green Homes tract of land and the centerline of Heath Street, a distance of 107.50 feet to a point for corner;

THENCE South 85° 52' 53" East, continuing with the north line of said R Fifty Green Homes tract of land and the centerline of said Heath Street, a distance of 517.43 feet, to a point for the northeast corner of R Fifty Green Homes tract of land said point lying in the northwesterly line of State Highway No. 66 said point being also the beginning of a non-tangent curve concave to the left from which point the radius bears South 35° 12' 53" East, a distance of 775.03 feet, having a chord bearing and distance of South 61° 03' 16" West, 169.27 feet;

THENCE continuing southwesterly with said curve concave to the left and the southeasterly line of R Fifty Green Homes tract of land, and the northwesterly line of State Highway No. 66, through a central angle of 12° 32' 18" an arc distance of 169.60 feet to a 5/8" Iron Rebar with an orange plastic cap stamped "PROBECK 5187" found for corner and the end of said curve;

THENCE South 54° 47' 07" West, continuing with the southwesterly line of the said R Fifty Green Homes tract of land and the northwesterly line of State Highway No. 66, a distance of 321.00 feet to the **PLACE OF BEGINNING** containing 89,502 square feet or 2.055 acres of land, of which 10,007 square feet or 0.229 acres lie within the roadway of Heath Street, leaving a net area of 79,495 square feet or 1.824 acres or land.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS §
COUNTY OF ROCKWALL §

I the undersigned owner of the land shown on this plat, and designated herein as the **SOLAR VILLAGE** subdivision to the City of Rockwall, Rockwall County Texas, and whose name is subscribed hereto, do hereby dedicate to the use of the public forever all streets, alleys, parks, watercourses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. I further certify that all other parties who have a mortgage or lien interest in the **SOLAR VILLAGE** subdivision have been notified and signed this plat.

I understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. I also understand the following:

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.
2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction reconstruction, inspecting, patrolling, maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.
3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.
4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.
5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.
6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the d
eveloper and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required im

provements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by
making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council o
f the City of Rockwall.

I further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the Subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; I, my successors and assigns hereby waive any claim, damage, or cause of action that I may have as a result of the dedication of exactions made herein.

CITY OF ROCKWALL, TEXAS
MEMORANDUM

TO: Planning and Zoning Commission

FROM: David Gonzales, *Senior Planner*

C.C.: Ryan Miller, *Director of Planning and Zoning*

DATE: October 24, 2017

SUBJECT: Change of Request Letter by Bart Tinsley of The Alder Group

On July 03, 2017, the City Council denied a request to change the zoning of a 12.40-acre tract of land located north of the intersection of E. Yellow Jacket Lane and T. L. Townsend Drive (*see attached location map*) from an Agricultural (AG) and Commercial (C) District to a Planned Development District for a multi-family apartment complex [*Case No. Z2017-020*]. Since the request was denied without an indication of prejudice the action was considered to be a denial with prejudice *(§8.3.B, Article II*). This motion restricts the ability of the applicant to submit a zoning application for any portion of the subject property -- unless the application is for a more restrictive, less intense use or development *(§8.3.B, Article II*) -- for a period of one (1) year from the date of denial. In accordance with *Section 8.3.D, Council Approval or Denial*, of *Article II, Authority and Administrative Procedures*, of the *Unified Development Code* the applicant submitted a written request to the Director of Planning on October 13, 2017seeking approval from the Planning and Zoning Commission to refile a zoning change requesting a Planned Development District for a multi-family apartment complex and memory care facility. As part of the written request, the applicant has submitted a concept plan and proposed building elevations for both uses. In addition, the applicant has stated that this request does represent a substantial change for the use of the property by introducing a separate memory care facility and reducing the unit count and height of the multi-family component by constructing a three (3) story complex rather than four (4) stories.

Staff has determined that the proposed changes to the original request are substantial enough to bring forward to the Planning and Zoning Commission. The Commission is tasked with determining if the changes that the applicant has submitted represent 1) a more restrictive or less intense use or development, and/or 2) if there is an actual change in conditions relating to zoning principles of the tract or parcel of land or the property surrounding it.

The applicant and staff will be available at the meeting to answer any questions.

CITY OF ROCKWALL, TEXAS
MEMORANDUM

TO: Planning and Zoning Commission

FROM: Korey Brooks

CC: Ryan Miller, *Director of Planning and Zoning*

DATE: October 24, 2017

SUBJECT: Change of Request Letter by Trent Hyde

On October 16, 2017, the City Council denied a request by Trent Hyde for the approval of a Specific Use Permit (SUP) to allow for an accessory building that does not meet the minimum requirements as stipulated in *Article IV, Permissible Uses*, of the Unified Development Code. Since then, the applicant has made several changes to his request and would like the Planning and Zoning Commission to consider allowing him to submit another SUP application.

According to Section 8.3, *Council Approval or Denial*, of Article II, *Authority and Administrative Procedures,* of the Unified Development Code (UDC), if a request is denied with prejudice, a new application for the same lot or tract of land may be submitted within one (1) year *only* if the new request is for a more restrictive or less intense use or development or if there is a change in conditions relating to the zoning principles of the lot or parcel of land or the property surrounding it. Should a change of conditions exist, the applicant may submit a written request describing the change of conditions to the Director of Planning. On October 19, 2017, the applicant submitted a written request seeking approval from the Planning and Zoning Commission to refile a request for Specific Use Permit (SUP) to allow for a *detached garage*.

As part of the original request, the applicant proposed to construct a second accessory building on the subject property. The existing accessory building is approximately 200 SF and the requested metal accessory building was approximately 700 SF and 17-feet high. The applicant is now proposing to construct an approximately 700 SF detached garage that will have a concrete slab. Additionally, the detached garage will be approximately 15-feet high and clad in Hardie Board (or similar cementaceous material). Furthermore, the applicant is proposing to relocate the existing 200 SF building to the rear of the property.

Staff has determined that the proposed changes to the original request are substantial enough to bring to the Planning and Zoning Commission. The Planning and Zoning Commission is tasked with determining if the proposed changes are 1) more restrictive or less intense use or development and/or 2) if there is an actual change in conditions relating to zoning principles of the tract of land or the property surrounding it.

Attached is the applicant's *Change in Request Letter*.

Hi Korey,
I would like to build a 700 sq. ft. detached garage, on a concrete slab, 15 feet in high at the peak. I will cover it in hardy board or a can install a spray on lime stone Wayne's Scott. I would like to move my existing 200 sq. ft building to the back of my property to keep yard equipment in.

Thank you,

Trent Hyde

CITY OF ROCKWALL, TEXAS
MEMORANDUM

TO: Planning and Zoning Commission

FROM: David Gonzales, *Senior Planner*

CC: Rick Crowley, *City Manager*
Brad Griggs, *Assistant City Manager*
Ryan Miller, *Director of Planning and Zoning*

DATE: October 24, 2017

SUBJECT: Z2017-043; Amendment to PD- 70 – *Pocket Neighborhood*

The applicant, Austin Lewis is requesting to postpone the public hearing regarding a proposed zoning case scheduled for October 24, 2017 meeting before the Planning and Zoning Commission. As you may recall, the Planning and Zoning Commission has granted the applicants request to postpone the October 10, 2017 for the purpose of revisions to their plan. This will be a subsequent request to postpone for the same purpose and if granted, this means that the projected Planning and Zoning Commission public hearing would be held on Tuesday, November 14, 2017 and the City Council public hearing would be held on Monday, November 20, 2017.

According to Section 6.2, *Public Hearing Postponements, Recess, and Continuations*, of the Article II of the Unified Development Code (UDC), a public hearing may be postponed by announcing the postponement at the public hearing and indicating the time and place the new hearing is scheduled to begin; however, the date and time of the postponed public hearing cannot be greater than 60 days from the original public hearing date. The announcement of a postponement shall be sufficient notice and no additional notice shall be required.

Gonzales, David

CITY OF ROCKWALL
PLANNING AND ZONING COMMISSION MEMO

AGENDA DATE: 10/10/2017

APPLICANT: Austin Lewis of *Lewis Real Estate Investments, Inc.*

AGENDA ITEM: **Z2017-043**; *Amendment to PD-70 – Pocket Neighborhood*

SUMMARY:

Hold a public hearing to discuss and consider a request by Austin Lewis of Lewis Real Estate Investments, Inc. on behalf of Stone Creek Balance, LTD for the approval of an amendment to Planned Development District 70 (PD-70) to incorporate a single-single family subdivision consisting of 19 single-family residential homes on a 5.28-acre tract of land identified as Tract 2-7 of the W. T. Deweese Survey, Abstract No. 71, City of Rockwall, Rockwall County, Texas, Planned Development District 70 (PD-70) for Single-Family 10 (SF-10) District land uses, located at the southeast corner of the intersection of Greenway Drive and FM-552, and take any action necessary.

PURPOSE AND BACKGROUND:

The *subject property*, which was annexed into the City on May 19, 1986 by *Ordinance No. 86-37*, is located at the southeast corner of the intersection of Greenway Drive and FM-552, is a 5.28-acre tract of land that is currently vacant, and zoned Planned Development District No. 70 (PD-70). On September 6, 2017, the applicant submitted an application requesting to amend Planned Development District No. 70 (PD-70) [*Ordinance No. 09-44*] for the purpose of incorporating a single-family subdivision that will contain 19 single-family residential homes. If approved, the amended *Concept Plan* will incorporate a designation for the proposed 19 single family homes as a *Pocket Neighborhood* (PN) and will net the single-family lot mix total for inclusion within PD-70. Based on the *Concept Plan* established with PD-70 [*Ordinance No. 11-35*], the *subject property* has 11 Type E lots (*i.e. 70' x 120'*) designated for this property. Under *Exhibit 'C'*, *PD Development Standards* for *PD-70*, *Section A.1.e*, *Variation in Lot Composition* reads*:*

> *The allocation of single-family dwellings among lot types may deviate from that in subsection (d), provided that the maximum allowed total dwellings units does not exceed 918 units, the average lot size is not less than 8,000 sq. ft., and the following rules are met: (1) Lot types A, C, & E may increase not more than 5% in aggregate number.*

This would allow the proposed eight (8) additional Type PN (*i.e. Pocket Neighborhood*) lots for the *subject property* to be absorbed by reducing the lot count and allocating the reduction within the A, C, and/or E type lots and therefore, will not exceed the prescribed lot count of 918 single-family lots within the Stone Creek Development.

ADJACENT LAND USES AND ACCESS:

The land uses adjacent to the subject property are as follows:

North: Directly north of the *subject property* is FM-552. Beyond this is an unincorporated area containing single-family homes.

South: Directly south of the *subject property* is a 12.003-acre vacant tract of land owned by the Rockwall Independent School District. Beyond this are single-family home located within the Stone Creek Subdivision and zoned PD-70.

East: Directly east of the *subject property* is J.W. Williams Middle School that sets on a 25.569-acre tract of land and is zoned SF-16.

West: Directly west of the *subject property* is an 8.223-acre tract of land dedicated as open space within the Stone Creek Subdivision, and is zoned PD-70.

CHARACTERISTICS OF THE REQUEST:

According to the *Concept Plan* the applicant is proposing to develop a *Pocket Neighborhood* (PN) which is characterized as a community oriented small neighborhood with front porches fronting onto a common green space. The common area will include a trellis garden with a fire pit, a walking trail, and a screened porch area at the amenity center. Of the 19 single-family home sites, 14 lots will measure 37' x 100' (*i.e. 3,700 SF)* in area. The applicant intends to establish separate design standards within PD-70 for this development that would allow for the construction of cottage craftsman style homes ranging from 1,600 SF to 2,600 SF for each lot. Additionally, the applicant intends to provide a private street for the community, and dedicating a 25-ft firelane. The private street is required to meet City standards for neighborhood street design, measuring a minimum of 29'ft back to back. This type layout will also require the dedication of 20-ft easements for water and sewer services. Furthermore, and based on the *Concept Plan*, the layout of the lot configuration for the single-family residential lots do not meet the City's standards for subdivision. Under *Section 38.1*, of *Article I*, of *Chapter 38, Subdivision*, 'Lot' means and undivided tract or parcel of land have frontage on a public street and which is, or in the future may be, offered for sale, conveyance, transfer or improvement as a building site, which is designated as a distinct and separate tract. The applicant is requesting a w*aiver* to the Subdivision Ordinance, Chapter 38, of the Municipal Code of Ordinances to allow for not meeting the required lot frontage on a public street for the *subject property* as depicted on the proposed *Concept Plan*. Finally, it is also the intent of the applicant to create a separate Home Owners Association for the proposed Pocket Neighborhood (PN) in order to service the private streets and common areas. With this being said, a *waiver* to the *Subdivision Ordinance* is a discretionary decision for the City Council.

A summary of the requested density and dimensional requirements is as follows:

Lot Type (see Concept Plan) ►	***A***	***B***	***C***
Minimum Lot Width	37'	48'	60'
Minimum Lot Depth	100'	100'	100'
Minimum Lot Area	3,700 SF	4,800 SF	6,000 SF
Minimum Front Yard Setback	*TBD*	*TBD*	*TBD*
Minimum Side Yard Setback	*TBD*	*TBD*	*TBD*
Minimum Side Yard Setback (Adjacent to a Street)	*TBD*	*TBD*	*TBD*
Minimum Length of Driveway Pavement	*TBD*	*TBD*	*TBD*
Maximum Height	36'	36'	36'
Minimum Rear Yard Setback	*TBD*	*TBD*	*TBD*
Minimum Area/Dwelling Unit (SF)	1,600 SF	1,600 SF	1,600 SF
Maximum Lot Coverage	80%	80%	80%

SUMMARY OF WAIVERS:

The following is a summary of the requirements being requested with the amendment to Planned Development District No. 70 (PD-70) for the *Pocket Neighborhood* (PN) for the *subject property* that depart from the requirements of the UDC:

1) *Masonry Requirements.* The UDC allows the exterior building façades to be composed of up to 50% cementaceous materials. In this case, the applicant is proposing a variation that could include up to 100% cementaceous material lap siding, which is an increase of 50%.

CONFORMANCE WITH THE COMPREHENSIVE PLAN:
